IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

Restrictions on Non-exempt offers of Notes in relevant Member States

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**". This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Notes in each Member State in relation to which the Issuer has given its consent as specified in the applicable Final Terms (each specified Member State a "**Non-exempt Offer Jurisdiction**" and together the "**Non-Exempt Offer Jurisdictions**"). Any person making or intending to make a Non-exempt Offer of Notes on the basis of this Base Prospectus must do so only with the Issuer's consent to the use of this Base Prospectus as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive*" and provided such person complies with the conditions attached to that consent.

Save as provided above, none of the Issuer, the Guarantor and any Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-exempt Offer of such Notes, the Issuer and the Guarantor each accept responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Notes in a Non-exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Conditions to Consent*" below.

None of the Issuer, the Guarantor or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of the Issuer or the Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Except in the circumstances set out in the following paragraphs, neither the Issuer nor the Guarantor has authorised the making of any Non-exempt Offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the Issuer is unauthorised and none of the Issuer, the Guarantor and, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person who is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

Consent

In connection with each Tranche of Notes and subject to the conditions set out below under "*Conditions to Consent*" the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of such Notes by:

- (i) the relevant Dealer(s) or Manager(s) stated in the applicable Final Terms;
- (ii) any financial intermediaries specified in the applicable Final Terms; and
- (iii) any other financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the Guarantor's website (www.bbva.com) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

The financial intermediaries referred to in paragraphs (ii) and (iii) above are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".

Conditions to Consent

The conditions to the Issuer's consent to the use of this Base Prospectus in the context of the relevant Non-exempt Offer are that such consent:

- (i) is only valid during the Offer Period specified in the applicable Final Terms; and
- (ii) only extends (as at the date of this Base Prospectus) to the use of this Base Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in Ireland.

The consent referred to above relates to Offer Periods (if any) occurring within 12 months from the date of this Base Prospectus.

As of the date of this Base Prospectus, the only relevant Member State which may, in respect of any Tranche of Notes, be specified in the applicable Final Terms (if any relevant Member States are so specified) as indicated in (ii) above, will be Ireland, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Ireland, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO PURCHASE OR PURCHASING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE OFFER IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING ARRANGEMENTS IN RELATION TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE RELEVANT INFORMATION WILL BE PROVIDED BY THE

AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER. NONE OF THE ISSUER, THE GUARANTOR AND, FOR THE AVOIDANCE OF DOUBT, ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF THE INFORMATION DESCRIBED ABOVE.

Non-Exempt Offers: Issue Price and Offer Price

Notes to be offered pursuant to a Non-Exempt Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer at the time of the relevant Non-Exempt Offer and will depend, amongst other things, on prevailing market conditions at that time. The offer price at which the Authorised Offeror will offer such Notes to the Investor will be the Issue Price or (where agreed with the relevant Dealer) such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Notes to such Investor. Neither the Issuer nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Notes to such Investor.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantor and the Dealer(s) do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantor or the Dealer(s) which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither the Offering Documents nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession the Offering Documents or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of the Offering Documents and the offering and sale of Notes. Therefore, they are not subject to authorisation by the Swiss Financial Market Supervisory Authority FINMA and potential investors do not benefit from the specific investor protection provided under the CISA.**

Notes must not be offered, distributed or sold in Spain or to Spanish Residents (as defined in "*Subscription and Sale and Transfer and Selling Restrictions – Spain*"). In addition, neither the Offering Documents nor other marketing materials in relation to the Notes shall be distributed in Spain, and no publicity of any kind shall be made in Spain.

None of the Issuer, the Guarantor or the Dealer(s) makes any representation to any investor in the Notes regarding the legality of its investments under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisors, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable Supplement to this Base Prospectus and all the information contained in the Final Terms;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

- (d) understands thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (e) in respect of Notes linked to the performance of, without limitation, one or more, or a combination of, underlying shares or depositary receipts, indices, rates of interest, other rates, foreign exchange rates, funds, inflation indices and/or entities (together, "**Reference Items**" and each, an "**Reference Item**") (in respect of such Notes, together, "**Reference Item Linked Notes**" and each an "**Reference Item Linked Note**"), understands thoroughly (if necessary, in consultation with the investor's own legal, tax, accountancy, regulatory, investment or other professional advisers) the nature of each such Reference Item Linked Note; and
- (f) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

None of the Issuers, Guarantors, Dealers or any affiliate of BBVA has given, and will not give, to any potential investor in Notes (either directly or indirectly) any assurance, advice, recommendation or guarantee as to the merits, performance or suitability of such Notes, and the investor should be aware that the Issuer is acting as an arm's-length contractual counterparty and not as an advisor or fiduciary.

In making an investment decision, investors must rely on their own examination of the Issuer and the Guarantor and the terms of the Notes being offered, including the merits and risks involved.

The Programme is rated BBB by Standard & Poor's Credit Market Services Europe Limited ("**S&P**") and Baa1 by Moody's Investors Services España, S.A. ("**Moody's**"). The Guarantor has been rated BBB by S&P, Baa1 by Moody's and A- by Fitch Ratings España, S.A.U. ("**Fitch**"). Each of S&P, Moody's and Fitch is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). As such, each of S&P, Moody's and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such CRA Regulation. Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

No website referred to in this Base Prospectus forms part of this Base Prospectus.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes of the Series (as defined below) of which such Tranche forms part at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or persons acting on behalf of a Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and, together with Euroclear, the "**European Clearing Systems**") have arranged certain procedures to facilitate the Issuer, the Guarantor and the Principal Paying Agent (as defined on page 97) in the collection of the details referred to below under "*Spanish Tax Rules*" from holders of the Notes. If any European Clearing System is, in the future, unable to facilitate the collection of such information, it may decline to allow any or all Series of the Notes to be cleared through such European Clearing System and this may affect the liquidity of such Notes. Provisions have been made for the Notes, in such a case, to be represented by definitive Notes (see "*Form of Notes*"). The procedures agreed and described in the Amended and Restated Agency Agreement dated 8 July, 2015 (the "**Agency Agreement**") may, in the future, be amended to comply with Spanish tax law and regulations and operational procedures of the European Clearing Systems. The Guarantor and the Issuer may from time to time, at their discretion, appoint an agent to intermediate with the European Clearing Systems in the provision of such information. Details of any such appointment will be set out in the Final Terms.

In the case of any Notes which are held in The Depository Trust Company ("**DTC**"), the Issuer and the Guarantor may agree procedures with DTC and, if necessary, an intermediary agent appointed by the Issuer and the Guarantor to facilitate the collection of such details. Any such procedures will be summarised in the Final Terms and otherwise made available to holders of the relevant Notes as described in the Final Terms.

In this case a short description of the Element should be included in the summary explaining why it is not applicable.

Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuer and the Guarantor:	<p>In purchasing Notes, investors assume the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer and the Guarantor becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor's control. The Issuer and the Guarantor have identified a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. These factors include:</p> <p>Risk Factors relating to the Issuer</p> <ul style="list-style-type: none"> • The Issuer is dependent on the Guarantor to make payments on the Notes. • Certain considerations in relation to the forum upon insolvency of the Issuer. <p>Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee</p> <p>Macroeconomic Risks</p> <ul style="list-style-type: none"> • Economic conditions in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations. • Since the Guarantor's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition. • Any decline in the Kingdom of Spain's sovereign credit ratings could adversely affect the Group's business, financial condition and results of operations. • The Group may be materially adversely affected by developments in the emerging markets where it operates.

SUMMARY

Element	Title	
		<ul style="list-style-type: none"> • The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions. • Exposure to the real estate market makes the Group vulnerable to developments in this market. <p>Legal, Regulatory and Compliance Risks</p> <ul style="list-style-type: none"> • The Guarantor is subject to substantial regulation and regulatory and governmental oversight. Adverse regulatory developments or changes in government policy could have a material adverse effect on its business, results of operations and financial condition. • Increasingly onerous capital requirements may have a material adverse effect on the Guarantor's business, financial condition and results of operations. • The Guarantor's business, financial condition and results of operations may be adversely affected if the Guarantor is not allowed to maintain certain deferred tax assets as regulatory capital. • The full consolidation of Garanti in the consolidated financial statements of the Group may result in increased capital requirements. • Increased taxation and other burdens imposed on the financial sector may have a material adverse effect on the Guarantor's business, financial condition and results of operations. • Contributions for assisting in the future recovery and resolution of the Spanish banking sector. • Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on the Guarantor's business, financial condition and results of operations. • The Group's anti-money laundering and anti-terrorism policies may be circumvented or otherwise not be sufficient to prevent all money laundering or terrorism financing. • Local regulation may have a material effect on the Guarantor's business, financial condition, results of operations and cash flows. <p>Liquidity and Financial Risks</p> <ul style="list-style-type: none"> • The Guarantor has a continuous demand for liquidity to fund its business activities. The Guarantor may suffer during periods of market-wide or firm-specific liquidity constraints, and liquidity may not be available to it even if its underlying business remains strong. • Withdrawals of deposits or other sources of liquidity may make it more difficult or costly for the Group to fund its business on favourable terms or cause the Group to take other actions. • The Group's businesses are subject to inherent risks concerning borrower and counterparty credit quality which have affected and are expected to continue to affect the recoverability and value of assets on the Group's balance sheet. • The Group's business is particularly vulnerable to volatility in interest rates. • The Group has a substantial amount of commitments with personnel considered wholly unfunded due to the absence of qualifying plan assets.

SUMMARY

Element	Title	
		<ul style="list-style-type: none"> • The Guarantor is dependent on its credit ratings and any reduction of its credit ratings could materially and adversely affect the Group's business, financial condition and results of operations. • Highly-indebted households and corporations could endanger the Group's asset quality and future revenues. • The Group depends in part upon dividends and other funds from subsidiaries. <p>Business and Industry Risks</p> <ul style="list-style-type: none"> • The Group faces increasing competition in its business lines. • The Group faces risks related to its acquisitions and divestitures. • The Group is party to lawsuits, tax claims and other legal proceedings. • The Group's ability to maintain its competitive position depends significantly on its international operations, which expose the Group to foreign exchange, political and other risks in the countries in which it operates, which could cause an adverse effect on its business, financial condition and results of operations. • The Guarantor is party to a shareholders' agreement with Doğu Holding A. Ş., among other shareholders, in connection with Garanti which may affect the Guarantor's ability to achieve the expected benefits from its interest in Garanti. <p>Financial and Risk Reporting</p> <ul style="list-style-type: none"> • Weaknesses or failures in the Group's internal processes, systems and security could materially adversely affect its results of operations, financial condition or prospects, and could result in reputational damage. • The financial industry is increasingly dependent on information technology systems, which may fail, may not be adequate for the tasks at hand or may no longer be available. • The Guarantor's financial statements are based in part on assumptions and estimates which, if inaccurate, could cause material misstatement of the results of its operations and financial position. <p>Risk related to Early Intervention and Resolution</p> <ul style="list-style-type: none"> • The taking of any action under Law 11/2015 which partially implements the BRRD could materially affect the value of any Notes. The Notes may also be subject to loss absorption through their permanent write-down and/or conversion into equity. • Noteholders may not be able to exercise their rights on an event of default in the event of the adoption of any intervention and resolution measure under Law 11/2015.
D.3	<p>Key risks regarding the Notes:</p>	<p>There are a number of risks associated with an investment in the Notes. These risks include:<i>(Delete such of the following bullet points as are not applicable when preparing an issue specific summary)</i></p> <ul style="list-style-type: none"> • Notes may be redeemed prior to their scheduled maturity. • Claims of Holders under the Notes are effectively junior to those of certain other creditors. • Spanish Tax Rules may impose withholding tax in certain circumstances (subject to certain exceptions) and neither the Issuer nor the Guarantor is obliged to pay additional amounts in such event.

RISK FACTORS

RISK FACTORS

In purchasing Notes, investors expose themselves to the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer and the Guarantor becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor's control. The Issuer and the Guarantor believe that the factors described below represent the principal factors which could materially adversely affect their businesses and ability to make payments due under the Notes. In addition, factors which are material for the purpose of assessing the markets risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

1. Risk Factors relating to the Issuer

The Issuer is dependent on the Guarantor to make payments on the Notes.

The Issuer is a wholly-owned subsidiary of the Guarantor which was established for the purpose of, among others, issuing Notes, making deposits of the issue proceeds with the Guarantor and hedging its exposure with the Guarantor. The Issuer is therefore dependent upon the Guarantor to meet its payment obligations under the Notes. Should the Guarantor fail to pay interest on or repay any deposit made by the Issuer or meet its commitment under a hedging arrangement in a timely fashion, this will have a material adverse effect on the ability of the Issuer to fulfil its obligations under Notes issued under the Programme.

By virtue of its dependence on the Guarantor, each of the risks described below that affect the Guarantor will also indirectly affect the Issuer.

Certain considerations in relation to the forum upon insolvency of the Issuer.

In the event of insolvency of the Issuer, the court having jurisdiction to open insolvency proceedings and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Council Regulation (EC) No 1346/2000, of 29th May 2000, on insolvency proceedings ("**Regulation 1346/2000**"), the Spanish Insolvency Law 22/2003, of 9th July, 2003, as amended (the "**Spanish Insolvency Law**") and the Dutch Insolvency Law (*faillissementswet*) of 30th September, 1893, as most recently amended on 13th March, 2008 (the "**Dutch Insolvency Law**"). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

Under Regulation 1346/2000 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 1346/2000 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of its main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that the centre of main interests of the Issuer should be considered to be located in Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

Noteholders should be aware that, in accordance with the above, in the case of an eventual insolvency of the Issuer, there is uncertainty as to whether the insolvency proceedings would be opened in the Netherlands or in Spain.

RISK FACTORS

2. Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee

Macroeconomic Risks

Economic conditions in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations.

Despite recent improvements in certain segments of the global economy (including, to a lesser extent, the Eurozone), uncertainty remains concerning the future economic environment. The deterioration of economic conditions in the countries where the Group operates could adversely affect the cost and availability of funding for the Group, the quality of the Group's loan and investment securities portfolios, levels of deposits and profitability, require the Group to take impairments on its exposures to the sovereign debt of one or more countries or otherwise adversely affect the Group's business, financial condition and results of operations. In addition, the process the Group uses to estimate losses inherent in its credit exposure requires complex judgments, including forecasts of economic conditions and how these economic conditions might impair the ability of its borrowers to repay their loans. The degree of uncertainty concerning economic conditions may adversely affect the accuracy of the Group's estimates, which may, in turn, affect the reliability of the process and the sufficiency of the Group's loan loss provisions.

The Group faces, among others, the following economic risks:

- weak economic growth or recession in the countries where it operates;
- deflation, mainly in Europe, or significant inflation, such as the significant inflation recently experienced by Venezuela and Argentina;
- changes in foreign exchange rates, such as the recent local currency devaluations in Venezuela and Argentina, as they result in changes in the reported earnings of the Group's subsidiaries outside the Eurozone, and their assets, including their risk-weighted assets, and liabilities;
- a lower interest rate environment, which could lead to decreased lending margins and lower returns on assets; or a higher interest rate environment, including as a result of an increase in interest rates by the Federal Reserve, which could affect consumer debt affordability and corporate profitability;
- any further tightening of monetary policies, including to address upward inflationary pressures in Latin America, which could endanger a still tepid and fragile economic recovery and make it more difficult for customers of the Group's mortgage and consumer loan products to service their debts;
- adverse developments in the real estate market, especially in Spain, Mexico and the United States, given the Group's exposures to such markets;
- poor employment growth and structural challenges restricting employment growth, such as in Spain, where unemployment has remained relatively high, which may negatively affect the household income levels of the Group's retail customers and may adversely affect the recoverability of the Group's retail loans, resulting in increased loan losses;
- lower oil prices, which could particularly affect producing areas, such as Venezuela, Mexico, Texas or Colombia, to which the Group is materially exposed;
- the potential exit by an EU Member State from the European Monetary Union (EMU), which could materially adversely affect the European and global economy, cause a redenomination of financial instruments or other contractual obligations from the euro to a different currency and substantially disrupt capital, interbank, banking and other markets, among other effects; and
- an eventual government default on public debt, which could affect the Group primarily in two ways: directly, through portfolio losses, and indirectly, through instabilities that a default in public debt could cause to the

RISK FACTORS

banking system as a whole, particularly since commercial banks' exposure to government debt is generally high in several countries in which the Group operates;

For additional information relating to certain economic risks that the Group faces in Spain, see "*Since the Guarantor's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition.*" For additional information relating to certain economic risks that the Group faces in emerging market economies such as Latin America and Turkey, see "*The Group may be materially adversely affected by developments in the emerging markets economies where it operates.*"

Any of the above risks could have a material adverse effect on the Group's business, financial condition and results of operations.

Since the Guarantor's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition.

The Group has historically developed its lending business in Spain, which continues to be its main place of business. The Group's loan portfolio in Spain has been adversely affected by the deterioration of the Spanish economy since 2009. After rapid economic growth until 2007, Spanish GDP contracted in the period 2009-10 and 2012-13. The effects of the financial crisis were particularly pronounced in Spain given its heightened need for foreign financing as reflected by its high current account deficit, resulting from the gap between domestic investment and savings, and its public deficit. While the current account imbalance has now been corrected (with GDP growth of 1.4 per cent. in 2014) and the public deficit is diminishing, real or perceived difficulties in servicing public or private debt could increase Spain's financing costs. In addition, unemployment levels continue to be high and a change in the current recovery of the labor market would adversely affect households' gross disposable income.

The Spanish economy is particularly sensitive to economic conditions in the Eurozone, the main market for Spanish goods and services exports. Accordingly, an interruption in the recovery in the Eurozone might have an adverse effect on Spanish economic growth. Given the relevance of the Group's loan portfolio in Spain, any adverse changes affecting the Spanish economy could have a material adverse effect on the Group's business, financial condition and results of operations.

Any decline in the Kingdom of Spain's sovereign credit ratings could adversely affect the Group's business, financial condition and results of operations.

Since the Guarantor is a Spanish company with substantial operations in Spain, its credit ratings may be adversely affected by the assessment by rating agencies of the creditworthiness of the Kingdom of Spain. As a result, any decline in the Kingdom of Spain's sovereign credit ratings could result in a decline in the Guarantor's credit ratings. In addition, the Group holds a substantial amount of securities issued by the Kingdom of Spain, autonomous communities within Spain and other Spanish issuers. Any decline in the Kingdom of Spain's credit ratings could adversely affect the value of the Kingdom of Spain's and other public or private Spanish issuers' respective securities held by the Group in its various portfolios or otherwise materially adversely affect the Group's business, financial condition and results of operations. Furthermore, the counterparties to many of the Group's loan agreements could be similarly affected by any decline in the Kingdom of Spain's credit ratings, which could limit their ability to raise additional capital or otherwise adversely affect their ability to repay their outstanding commitments to the Group and, in turn, materially and adversely affect the Group's business, financial condition and results of operations.

The Group may be materially adversely affected by developments in the emerging markets where it operates.

The economies of some of the emerging markets where the Group operates, mainly Latin America and Turkey, experienced significant volatility in recent decades, characterized, in some cases, by slow or declining growth, declining investment and hyperinflation.

Emerging markets are generally subject to greater risks than more developed markets. For example, there is typically a greater risk of loss from unfavorable political and economic developments, social instability, and changes in governmental policies, including expropriation, nationalization, international ownership legislation, interest-rate caps

RISK FACTORS

and tax policies. In addition, these emerging markets are affected by conditions in global financial markets and some are particularly affected by commodities price fluctuations, which in turn may affect financial market conditions through exchange rate fluctuations, interest rate volatility and deposits volatility. As a global economic recovery remains fragile, there are risks of a deterioration. If the global economic conditions deteriorate, the business, financial condition, operating results and cash flows of the Guarantor's subsidiaries in emerging economies, mainly in Latin America and Turkey, may be materially adversely affected.

Furthermore, financial turmoil in any particular emerging market could negatively affect other emerging markets or the global economy in general. Financial turmoil in emerging markets tends to adversely affect stock prices and debt securities prices of other emerging markets as investors move their money to more stable and developed markets, and may reduce liquidity to companies located in the affected markets. An increase in the perceived risks associated with investing in emerging economies in general, or the emerging market economies where the Group operates in particular, could dampen capital flows to such economies and adversely affect such economies.

If economic conditions in the emerging market economies where the Group operates deteriorate, the Group's business, financial condition and results of operations could be materially adversely affected.

The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions.

Severe market events such as the past sovereign debt crisis, rising risk premiums and falls in share market prices, have resulted in the Group recording large write-downs on its credit market exposures in recent years. In particular, negative growth expectations and lack of confidence that policy changes would solve problems led to steep falls in asset values and a severe reduction in market liquidity in 2012 and 2013, and a moderated recovery in 2014. Additionally, in dislocated markets, hedging and other risk management strategies may not be as effective as they are in more normal market conditions due in part to the decreasing credit quality of hedge counterparties. Any deterioration in economic and financial market conditions could lead to further impairment charges and write-downs.

Exposure to the real estate market makes the Group vulnerable to developments in this market.

The Group has substantial exposure to the real estate market, mainly in Spain, Mexico and the United States. The Group is exposed to the real estate market due to the fact that real estate assets secure many of its outstanding loans and due to the significant amount of real estate assets held on its balance sheet (mainly in Spain). Any deterioration of real estate prices could materially and adversely affect the Group's business, financial condition and results of operations.

Legal, Regulatory and Compliance Risks

The Guarantor is subject to substantial regulation and regulatory and governmental oversight. Adverse regulatory developments or changes in government policy could have a material adverse effect on its business, results of operations and financial condition.

The financial services industry is among the most highly regulated industries in the world. In response to the global financial crisis and the European sovereign debt crisis, governments, regulatory authorities and others have made and continue to make proposals to reform the regulatory framework for the financial services industry to enhance its resilience against future crises. Legislation has already been enacted and regulations issued in response to some of these proposals. The regulatory framework for financial institutions is likely to undergo further significant change. This creates significant uncertainty for the Guarantor and the financial industry in general. The wide range of recent actions or current proposals includes, among other things, provisions for more stringent regulatory capital and liquidity standards, restrictions on compensation practices, special bank levies and financial transaction taxes, recovery and resolution powers to intervene in a crisis including "bail-in" of creditors, separation of certain businesses from deposit taking, stress testing and capital planning regimes, heightened reporting requirements, new TLAC (as defined below) requirements and reforms of derivatives, other financial instruments, investment products and market infrastructures.

In addition, the new institutional structure in Europe for supervision, with the creation of the single supervisor, and for resolution, with the new single resolution mechanism, could lead to changes in the near future. The specific effects of a

RISK FACTORS

number of new laws and regulations remain uncertain because the drafting and implementation of these laws and regulations are still ongoing. In addition, since some of these laws and regulations have been recently adopted, the manner in which they are applied to the operations of financial institutions is still evolving. No assurance can be given that laws or regulations will be enforced or interpreted in a manner that will not have a material adverse effect on the Group's business, financial condition, results of operations and cash flows. In addition, regulatory scrutiny under existing laws and regulations has become more intense.

Furthermore, regulatory authorities have substantial discretion in how to regulate banks, and this discretion, and the means available to the regulators, have been steadily increasing during recent years. Regulation may be imposed on an ad hoc basis by governments and regulators in response to a crisis, and these may especially affect financial institutions such as the Guarantor that are deemed to be systemically important.

In addition, local regulations in certain jurisdictions where the Guarantor operates differ in a number of material respects from equivalent regulations in Spain or the United States. Changes in regulations may have a material adverse effect on the Group's business, results of operations and financial condition, particularly in Mexico, the United States, Venezuela, Argentina and Turkey. Furthermore, regulatory fragmentation, with some countries implementing new and more stringent standards or regulation, could adversely affect the Guarantor's ability to compete with financial institutions based in other jurisdictions which do not need to comply with such new standards or regulation. Moreover, to the extent recently adopted regulations are implemented inconsistently in the various jurisdictions in which the Group operates, the Group may face higher compliance costs.

Any required changes to the Guarantor's business operations resulting from the legislation and regulations applicable to such business could result in significant loss of revenue, limit the Guarantor's ability to pursue business opportunities in which the Guarantor might otherwise consider engaging, affect the value of assets that the Guarantor holds, require the Guarantor to increase its prices and therefore reduce demand for its products, impose additional costs on the Guarantor or otherwise adversely affect the Guarantor's businesses. For example, the Guarantor is subject to substantial regulation relating to liquidity. Future liquidity standards could require it to maintain a greater proportion of its assets in highly-liquid but lower-yielding financial instruments, which would negatively affect its net interest margin. Moreover, the Guarantor's regulators, as part of their supervisory function, periodically review the Guarantor's allowance for loan losses. Such regulators may require the Guarantor to increase its allowance for loan losses or to recognise further losses. Any such additional provisions for loan losses, as required by these regulatory agencies, whose views may differ from those of the Guarantor's management, could have an adverse effect on the Guarantor's earnings and financial condition.

Adverse regulatory developments or changes in government policy relating to any of the foregoing or other matters could have a material adverse effect on the Guarantor's business, results of operations and financial condition.

Increasingly onerous capital requirements may have a material adverse effect on the Guarantor's business, financial condition and results of operations.

CRD IV requirements

As a Spanish financial institution, the Guarantor is subject to the Directive 2013/36/EU, of 26th June, of the European Parliament on access to credit institution and investment firm activities and on prudential supervision of credit institutions and investment firms that replaced Directives 2006/48 and 2006/49 (**CRD IV**), through which the EU began implementing the Basel III capital reforms, with effect from 1st January, 2014, with certain requirements in the process of being phased in until 1st January, 2019. The core regulation regarding the solvency of credit entities is Regulation (UE) No. UE 575/2013 of 26th June, of the European Parliament on prudential requirements on credit institutions and investment firms (the **CRR**), which is complemented by several binding regulatory technical standards, all of which are directly applicable in all EU member states, without the need for national implementation measures. The implementation of CRD IV into Spanish law has largely taken place through Royal Decree-Law 14/2013 of 29th November (**RD-L 14/2013**), Law 10/2014 and Royal Decree 84/2015, of 13th February (**RD 84/2015**), and Bank of Spain Circular 2/2014, of 31st January. However, further regulatory developments in this area remain pending as at the date hereof.

RISK FACTORS

The new regulatory regime has, among other things, established minimum "Pillar 1" capital requirements and increased the level of capital required by means of a "combined buffer requirement" that entities must comply with from 2016 onwards.

Moreover, Article 104 of CRD IV, as implemented by Article 68 of Law 10/2014, and similarly Article 16 of Council Regulation (EU) No 1024/2013 of 15th October, conferring specific tasks on the European Central Bank (the "ECB") concerning policies relating to the prudential supervision of credit institutions (the **SSM Regulation**), also contemplate that in addition to the minimum "Pillar 1" capital requirements, supervisory authorities may impose further "Pillar 2" capital requirements to cover other risks, including those not considered to be fully captured by the minimum "own funds" "Pillar 1" requirements under CRD IV or to address macro-prudential considerations.

In accordance with the SSM Regulation, the ECB has fully assumed its new supervisory responsibilities of the Guarantor and the Group within the Single Supervisory Mechanism (the **SSM**). The ECB is required under the SSM Regulation to carry out assessments under CRD IV at least on an annual basis. Therefore, there can be no assurance that these assessments carried out by the ECB may not result in the imposition of additional own funds requirements on the Guarantor and/or the Group pursuant to this "Pillar 2" framework.

Any additional own funds requirement that may be imposed on the Guarantor and/or the Group by the ECB pursuant to this assessment would require the Guarantor and/or the Group to hold capital levels above the minimum "Pillar 1" capital requirements. There can be no assurance that the total capital requirements ("Pillar 1" plus "Pillar 2" plus "combined buffer requirement") imposed on the Guarantor and/or the Group may not be higher than the levels of capital available at any relevant point in time.

Any failure by the Guarantor and/or the Group to maintain its "Pillar 1" minimum regulatory capital ratios, any "Pillar 2" additional own funds requirements and/or any "combined buffer requirement" could result in administrative actions or sanctions, which, in turn, may have a material adverse effect on the Group's results of operations. In particular, any failure to maintain any additional capital requirements pursuant to the "Pillar 2" framework or any other capital requirements to which the Guarantor and/or the Group is or becomes subject (including the "combined buffer requirement"), may result in the imposition of restrictions on "discretionary payments" by the Guarantor, including dividend payments.

In this regard, according to Law 10/2014, those entities (a) not meeting the "combined buffer requirement" or (b) required to maintain further capital under the "Pillar 2" framework or where a restriction upon the distribution of dividends has been imposed, in each case under Article 68 of Law 10/2014, will be subject to restrictions on (i) distributions relating to common equity tier 1 (**CET 1**) capital, (ii) payments in respect of variable remuneration or discretionary pension revenues and (iii) distributions relating to additional Tier 1 capital, until the Maximum Distributable Amount (i.e., the firm's "distributable profits", calculated in accordance with CRD IV, multiplied by a factor dependent on the extent of the shortfall in CET 1 capital) has been calculated and communicated to the Bank of Spain. Thereafter, any such distributions or payments by that entity will be subject to such Maximum Distributable Amount. The criteria for the calculation of the Maximum Distributable Amount are still to be implemented through further legislation developing Law 10/2014 and RD 84/2015.

Finally, any failure by the Guarantor and/or the Group to comply with its regulatory capital requirements could also result in the imposition of further "Pillar 2" requirements and early intervention measures by resolution authorities pursuant to Law 11/2015 of 18th June on the Recovery and Resolution of Credit Institutions and Investment Firms (*Ley 11/2015 de Recuperación y Resolución de Entidades de Crédito y Empresas de Servicios de Inversión*) (**Law 11/2015**), which partially implements Directive 2014/59/EU of 15th May establishing a framework for the recovery and resolution of credit institutions and investment firms (the **BRRD**) into Spanish law.

In addition to the above, the European Banking Authority (the **EBA**) published on 19th December, 2014 its final guidelines for common procedures and methodologies in respect of the supervisory review and evaluation process (the **SREP**). Included in this were the EBA's proposed guidelines for a common approach to determining the amount and composition of additional own funds requirements to be implemented by 1st January, 2016. Under these guidelines, national supervisors should set a composition requirement for the additional own funds requirements to cover certain specified risks of at least 56 per cent. CET 1 capital and at least 75 per cent. Tier 1 capital. The guidelines also

RISK FACTORS

contemplate that national supervisors should not set additional own funds requirements in respect of risks which are already covered by the "combined buffer requirement" and/or additional macro-prudential requirements; and, accordingly, the above "combined buffer requirement" is in addition to the minimum own funds requirement and to the additional own funds requirement. At its meeting of 12th January, 2014, the oversight body of the Basel Committee endorsed the definition of the leverage ratio set forth in CRD IV, to promote consistent disclosure, which applied from 1st January, 2015. There will be a mandatory minimum capital requirement on 1st January, 2018, with an initial minimum leverage ratio of 3 per cent. that can be raised after calibration, if European authorities so decide.

Total Loss-Absorbing Capacity (TLAC)

On 10th November, 2014 the Financial Stability Board (the **FSB**) published a consultative document (the **Consultative Document**) containing certain policy proposals to enhance the loss absorbing capacity of global systemically important banks (**G-SIBs**), such as the Guarantor. The policy proposals included in the Consultative Document consist of an elaboration of the principles on loss absorbing and recapitalisation capacity of G-SIBs in resolution and a term sheet setting out a proposal for the implementation of these proposals in the form of an internationally agreed standard on total loss absorbing capacity (**TLAC**) for G-SIBs. The consultation period ended on 2nd February, 2015.

Once finalised, these proposals will form a new minimum TLAC standard for G-SIBs. If implemented as contemplated, the TLAC requirement may create additional minimum solvency requirements for the Guarantor and could require the Guarantor to maintain an additional minimum TLAC ratio of (i) the Guarantor's regulatory capital plus certain types of debt capital instruments and other eligible liabilities that can be written down or converted into equity during resolution to (ii) the Guarantor's risk-weighted assets.

However, the final proposed TLAC amount has not been agreed within the FSB and is the subject of a quantitative impact study, expected to be completed in 2015.

The TLAC requirements may apply on a common minimum "Pillar 1" basis, and home and host resolution authorities may specify additional "Pillar 2" TLAC requirements on an individual institution basis. TLAC requirements may further be imposed in addition to the minimum "Pillar 1" capital requirements under CRD IV and the minimum requirement for own funds and eligible liabilities (**MREL**) pursuant to the BRRD. Any failure by an institution to meet the applicable minimum "Pillar 1" and "Pillar 2" TLAC requirements may be treated in the same manner as a failure to meet minimum regulatory capital requirements, where resolution authorities must ensure that they intervene early and/or place an institution into resolution sufficiently early if it is deemed to be failing or likely to fail and there is no reasonable prospect of recovery.

While it is possible that TLAC requirements will be implemented by means of MREL, that is not yet certain. The conditions required of TLAC eligible instruments (other than own funds) and those required of eligible liabilities for MREL purposes under the BRRD are different and there can be no assurance that it will be possible for the Guarantor to issue instruments which simultaneously satisfy both requirements. Markets have not yet been established for such instruments (other than own funds instruments) and there can be no assurance that such markets will develop or that, if they do, the Guarantor will be able to issue sufficient TLAC and MREL eligible liabilities to meet its requirements. That may limit the quantity of the Guarantor's CET 1 capital which is available to meet its "combined buffer requirement" and may, therefore, limit the Guarantor's ability to make distributions relating to CET 1 capital.

There can be no assurance as to the relationship between the above "combined buffer requirement" and "Pillar 2" additional own funds requirements under CRD IV, the TLAC requirement, MREL and the restrictions on the distributions mentioned above. There can also be no assurance as to how and when effect will be given to the above guidelines of the EBA and the Consultative Document in Spain, including as to the consequences for an institution of its capital levels falling below those necessary to meet these requirements.

The Guarantor's business, financial condition and results of operations may be adversely affected if the Guarantor is not allowed to maintain certain deferred tax assets as regulatory capital.

In addition to introducing new capital requirements, CRD IV provides that deferred tax assets (**DTAs**) that rely on the future profitability of a financial institution must be deducted from its regulatory capital (specifically its core capital or

RISK FACTORS

CET 1 capital) for prudential reasons, as there is generally no guarantee that DTAs will retain their value in the event of the institution facing difficulties.

This new deduction introduced by CRD IV has a significant impact on Spanish banks due to the particularly restrictive nature of certain aspects of Spanish tax law. For example, in some EU countries when a bank reports a loss the tax authorities refund a portion of taxes paid in previous years but in Spain the bank must earn profits in subsequent years in order for this set-off to take place. Additionally, Spanish tax law does not recognize as tax-deductible certain amounts recorded as costs in the accounts of a bank, unlike the tax legislation of other EU countries.

Due to these differences and the impact of the requirements of CRD IV on DTAs, the Spanish regulator implemented certain amendments to the Spanish Law on Corporate Income Tax through RD-L 14/2013, which also provided for a transitional regime for DTAs generated before 1st January, 2014. These amendments enable certain DTAs to be treated as a direct claim against the tax authorities if a Spanish bank is unable to reverse the relevant differences within 18 years or if it is liquidated, becomes insolvent or incurs accounting losses. This will, therefore, allow a Spanish bank not to deduct such DTAs from its regulatory capital. The transitional regime provides for a period in which only a percentage (which increases yearly) of the applicable DTAs will have to be deducted. This transitional regime has also been included in Law 27/2014.

There can be no assurance that the tax amendments implemented by RD-L 14/2013 and Law 27/2014 will not be challenged by the European Commission, that the final interpretation of these amendments will not change and that Spanish banks will ultimately be allowed to maintain certain DTAs as regulatory capital. If this regulation is challenged, this may negatively affect the Guarantor's regulatory capital and therefore its ability to pay dividends or require it to issue additional securities that qualify as regulatory capital, to liquidate assets, to curtail business or to take any other actions, any of which may have a material adverse effect on the Guarantor's business, financial condition and results of operations.

The full consolidation of Garanti in the consolidated financial statements of the Group may result in increased capital requirements.

On 19th November, 2014, the Guarantor entered into agreements for the acquisition from Doğuş Holding A.Ş. and Ferit Faik Şahenk, Dianne Şahenk and Defne Şahenk, respectively, of 62,538,000,000 shares of Türkiye Garanti Bankası A.Ş. (**Garanti**) in the aggregate (see "Item 10. Additional Information – Material Contracts" of the Form 20-F). The acquisition is conditional on obtaining all necessary regulatory consents from the relevant Turkish, Spanish, European Union and, if applicable, other jurisdictions' regulatory authorities and is expected to be completed in 2015. Following completion of this acquisition, the Guarantor will fully consolidate Garanti in the consolidated financial statements of the Group. The consolidation of Garanti will result in a significant increase in the Guarantor's risk-weighted assets, reflecting the greater risk profile of Garanti's asset base, and it may result in an incremental increase in the capital requirements imposed on the Group by the Banking Regulation and Supervision Agency (BRSA) in Turkey and/or the ECB through the SSM.

Increased taxation and other burdens imposed on the financial sector may have a material adverse effect on the Guarantor's business, financial condition and results of operations.

On 14th February, 2013 the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common financial transaction tax (**FTT**) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States). The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

RISK FACTORS

Joint statements issued by participating Member States indicate an intention to implement the FTT by 1st January, 2016. However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate

Royal Decree-Law 8/2014, of 4th July, introduced a 0.03 per cent. tax on bank deposits in Spain. This tax is payable annually by Spanish banks. There can be no assurance that additional national or transnational bank levies or financial transaction taxes will not be adopted by the authorities of the jurisdictions where the Guarantor operates.

Contributions for assisting in the future recovery and resolution of the Spanish banking sector.

Law 11/2015 has established a requirement for banks, including the Guarantor, to make at least an annual contribution to the National Resolution Fund (*Fondo de Resolución Nacional*) in addition to the annual contribution to be made to the Deposit Guarantee Fund (*Fondo de Garantía de Depósitos*) by member institutions. The total amount of contributions to be made to the National Resolution Fund by all Spanish banking entities must equal one per cent. of the aggregate amount of all deposits guaranteed by the Deposit Guarantee Fund.

Furthermore, Law 11/2015 has also established an additional stamp duty which shall be used to further fund the activities of the Fund for Orderly Bank Restructuring (*Fondo de Reestructuración Ordenada Bancaria*) (the **FROB**) as resolution authority, which stamp duty shall equal 2.5 per cent. of the above annual contribution to be made to the National Resolution Fund.

In addition, the Guarantor may need to make contributions to the EU Single Resolution Fund, once the National Resolution Fund has been integrated into it, and will have to pay supervisory fees to the SSM. See "–Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on the Guarantor's business, financial condition and results of operations."

Any levies, taxes or funding requirements imposed on the Guarantor in any of the jurisdictions where it operates could have a material adverse effect on the Guarantor's business, financial condition and results of operations.

Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on the Guarantor's business, financial condition and results of operations.

The project of achieving a European banking union was launched in the summer of 2012. Its main goal is to resume progress towards the European single market for financial services by restoring confidence in the European banking sector and ensuring the proper functioning of monetary policy in the Eurozone.

Banking union is expected to be achieved through new harmonised banking rules (the single rulebook) and a new institutional framework with stronger systems for both banking supervision and resolution that will be managed at the European level. Its two main pillars are the SSM and the Single Resolution Mechanism (**SRM**). The SSM is expected to assist in making the banking sector more transparent, unified and safer. In accordance with the SSM Regulation, the ECB fully assumed its new supervisory responsibilities within the SSM, in particular the direct supervision of the largest European banks (including the Guarantor), on 4th November, 2014. In preparation for this step, between November 2013 and October 2014 the ECB conducted, together with national supervisors, a comprehensive assessment of the largest banks, which together hold more than 80 per cent. of the Eurozone banking assets. The exercise consisted of three elements: (i) a supervisory risk assessment, which assessed the main balance sheet risks including liquidity, funding and leverage; (ii) an asset quality review, which focused on credit and market risks; and (iii) a stress test to examine the need to strengthen capital or take other corrective measures.

The SSM represents a significant change in the approach to bank supervision at a European and global level, even if it is not expected to result in any radical change in bank supervisory practices in the short term. The SSM will result in the direct supervision of the largest financial institutions, including the Guarantor, and indirect supervision of around 3,500 financial institutions. The new supervisor will be one of the largest in the world in terms of assets under supervision. In the coming years, the SSM is expected to work to establish a new supervisory culture importing best practices from the 19 supervisory authorities that will be part of the SSM. Several steps have already been taken in this regard such as the

RISK FACTORS

recent publication of the Supervisory Guidelines and the creation of the SSM Framework Regulation. In addition, this new body will represent an extra cost for the financial institutions that will fund it through payment of supervisory fees.

The other main pillar of the EU banking union is the SRM, the main purpose of which is to ensure a prompt and coherent resolution of failing banks in Europe at minimum cost. Regulation (EU) No. 806/2014 of the European Parliament and the Council of the European Union (the SRM Regulation), which was passed on 15th July, 2014, and took legal effect from 1st January, 2015, establishes uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of the SRM and a Single Resolution Fund. The new Single Resolution Board started operating from 1st January, 2015 but it will not fully assume its resolution powers until 1st January, 2016. From that date onwards the Single Resolution Fund will also be in place, funded by contributions from European banks in accordance with the methodology approved by the Council of the European Union. The Single Resolution Fund is intended to reach a total amount of €55 billion by 2024 and to be used as a separate backstop only after an 8 per cent. bail-in of a bank's liabilities has been applied to cover capital shortfalls (in line with the BRRD).

By allowing for the consistent application of EU banking rules through the SSM, the banking union is expected to help resume momentum towards economic and monetary union. In order to complete such union, a single deposit guarantee scheme is still needed which may require a change to the existing European treaties. This is the subject of continued negotiation by European leaders to ensure further progress is made in European fiscal, economic and political integration.

Regulations adopted towards achieving a banking and/or fiscal union in the EU and decisions adopted by the ECB in its capacity as the Guarantor's main supervisory authority may have a material effect on the Guarantor's business, financial condition and results of operations. In particular, the BRRD and Directive 2014/49/EU on deposit guarantee schemes were published in the Official Journal of the EU on 12th June, 2014. The BRRD was partially implemented into Spanish law through Law 11/2015, although the bail-in tool set forth in Chapter VI of Law 11/2015, will not apply until 1st January, 2016. For the purposes of any resolution procedures that take place prior to 1st January, 2016, Chapter VII of Law 9/2012 of 14th November on the restructuring and resolution of credit entities (**Law 9/2012**) (which relates to the actions to be taken to manage and restructure hybrid capital and subordinated debt instruments) will continue to apply. In the case of any bail-in prior to 1st January 2016, a minimum 8 per cent. bail-in of a bank's liabilities (including senior debt and uncovered deposits) will be required as a precondition for access to any direct recapitalisation by the European Stability Mechanism (**ESM**), as agreed by the Eurozone members in December 2014.

In addition, on 29th January, 2014, the European Commission released its proposal on the structural reforms of the European banking sector that will impose new constraints on the structure of European banks. The proposal aims at ensuring the harmonisation between the divergent national initiatives in Europe. It includes a prohibition on proprietary trading similar to that contained in Section 619 of the Dodd-Frank Act (also known as the Volcker Rule) and a mechanism to potentially require the separation of trading activities (including market making) such as in the Financial Services (Banking Reform) Act 2013, complex securitisations and risky derivatives

There can be no assurance that regulatory developments related to the EU fiscal and banking union, and initiatives undertaken at EU level, will not have a material adverse effect on the Guarantor's business, financial condition and results of operations.

The Group's anti-money laundering and anti-terrorism policies may be circumvented or otherwise not be sufficient to prevent all money laundering or terrorism financing.

Group companies are subject to rules and regulations regarding money laundering and the financing of terrorism. Monitoring compliance with anti-money laundering and anti-terrorism financing rules can put a significant financial burden on banks and other financial institutions and pose significant technical problems. Although the Group believes that its current policies and procedures are sufficient to comply with applicable rules and regulations, it cannot guarantee that its anti-money laundering and anti-terrorism financing policies and procedures will not be circumvented or otherwise not be sufficient to prevent all money laundering or terrorism financing. Any of such events may have severe consequences, including sanctions, fines and notably reputational consequences, which could have a material adverse effect on the Group's financial condition and results of operations.

RISK FACTORS

Local regulation may have a material effect on the Guarantor's business, financial condition, results of operations and cash flows.

The Guarantor's operations are subject to regulatory risks, including the effects of changes in laws, regulations, policies and interpretations, in the various regions where it operates. Regulations in certain jurisdictions where the Guarantor operates differ in a number of material respects from equivalent regulations in Spain. Changes in regulations may have a material effect on the Group's business and operations, particularly in Mexico, the United States, Venezuela, Argentina and Turkey.

The governments in certain regions where the Group operates, have exercised, and continue to exercise, significant influence over the local economy. Governmental actions, including changes in laws or regulations or in the interpretation of existing laws or regulations, concerning the economy and state-owned enterprises, or otherwise affecting the Group's activity, could have a significant effect on the private sector entities in general and on the Guarantor's subsidiaries and affiliates in particular. In addition, the Group's activities in emerging economies, such as Venezuela, are subject to a heightened risk of changes in governmental policies, including expropriation, nationalisation, international ownership legislation, interest-rate caps, exchange controls, government restrictions on dividends and tax policies. These could have a material adverse effect on the Group's business, financial condition and results of operations.

Set forth below is additional information on certain recent regulatory developments in Mexico and the United States, the Group's most significant jurisdictions by assets outside Spain which are relevant to the Group.

Mexico

On 9th January, 2014, certain financial reforms which had been proposed in May 2013 were adopted. Such measures address the following matters (i) the establishment of a new mandate for development banks, (ii) the promotion of competition to reduce interest rates, (iii) the creation of incentives for banks to give more credit and (iv) the strengthening of the banking system. The Group will have to adapt to the new requirements and to the new competition framework and it might not be successful in doing so.

In addition, according to the mandate of the Law for Transparent and Ordered Financial Services in place (last modified in 2010), the Mexican National Commission for the Protection and Defense of Financial Services Users (Comisión Nacional para la Defensa de los Usuarios de los Servicios Financieros) (**Condusef**) has continued to request that banks submit several of their service contracts for revision by the Condusef (for example, contracts relating to credit cards and insurance), in order to check that they comply with the relevant transparency and clarity requirements. Condusef does not have systematic ways to evaluate and grade service contracts, and this results in a substantial variation in grades from one year to the next and no clear instructions for approving such contracts. The Law Committee of the Banking Association (ABM) is coordinating the creation of a working group that is expected to propose improvements to the process. In addition, Condusef has asked banks to formulate new procedures so that beneficiaries of deposit accounts can collect the funds in the case of the death of the account owner. The Guarantor may have to incur compliance costs in connection with any new measures adopted by Condusef.

Furthermore, the Anti-Money Laundering Law (Ley Federal para la Prevención e Identificación de Operaciones con Recursos de Procedencia Ilícita) became effective in July 2013. The Law establishes more severe penalties for non-compliance and sets forth enhanced information requirements for some transactions.

United States

The Guarantor's operations may be affected by regulatory reforms in response to the financial crisis, including measures such as those concerning systemic financial institutions and the enactment in the United States in July 2010 of the Dodd-Frank Act. In July 2013, U.S. federal bank regulators issued final rules implementing many elements of the Basel III framework and other U.S. capital reforms. In December 2013, the Federal Reserve, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Commodity Futures Trading Commission and the U.S. Securities and Exchange Commission issued final rules to implement the Volcker Rule, as required by the Dodd-Frank Act. The Volcker Rule prohibits an insured depository institution, its affiliates and any company that controls an

RISK FACTORS

insured depository institution from engaging in proprietary trading and from investing in or sponsoring certain covered funds, such as hedge funds and private equity funds, in each case subject to certain limited exceptions. The final rules also impose significant compliance and reporting obligations.

In February 2014, the Federal Reserve approved a final rule to enhance its supervision and regulation of the U.S. operations of foreign banking organisations (**FBOs**) such as the Guarantor. Under this rule, FBOs with U.S.\$50 billion or more in U.S. assets held outside of their U.S. branches and agencies (**Large FBOs**), such as the Guarantor, will be required to create a separately capitalised top-tier U.S. intermediate holding company (**IHC**) that will hold all of the Large FBO's U.S. bank and nonbank subsidiaries, such as Compass Bank and Compass Bancshares. The IHC will be subject to U.S. risk-based and leverage capital, liquidity, risk management, stress testing and other enhanced prudential standards on a consolidated basis. Under the final rule, a Large FBO that is subject to the IHC requirement may request permission from the Federal Reserve to establish multiple IHCs or use an alternative organisational structure. The final rule also permits the Federal Reserve to apply the IHC requirement in a manner that takes into account the separate operations of multiple foreign banks that are owned by a single Large FBO. Although U.S. branches and agencies of Large FBOs will not be required to be held beneath an IHC, such branches and agencies will be subject to liquidity, and, in certain circumstances, asset maintenance requirements. Large FBOs generally will be required to form IHCs and comply with enhanced prudential standards beginning 1st July, 2016, although an IHC's compliance with applicable U.S. leverage ratio requirements is generally delayed until 1st January, 2018, and certain enhanced prudential standards have applied to the Guarantor's top-tier U.S. bank holding company, Compass Bancshares, since 1st January, 2015. The rule does not constitute any significant additional burden for FBOs that already organised their main U.S. subsidiaries through bank holding company structures such as the Guarantor. Indeed, those FBOs would have anyway been subject to U.S. prudential standards. FBOs that have \$50 billion or more in non-branch/agency U.S. assets as of 30th June, 2014, such as the Guarantor, were required to submit an implementation plan by 1st January, 2015 on how the FBO will comply with the intermediate holding company requirement. The Guarantor submitted its implementation plan in December 2014, in which it indicated its intention to designate Compass Bancshares as its IHC. The Federal Reserve has stated that it will issue, at a later date, final rules to implement certain other enhanced prudential standards under the Dodd-Frank Act for large bank holding companies and Large FBOs, including single counterparty credit limits and an early remediation framework.

In September 2014, the federal banking regulators adopted a final rule which implemented in the United States the liquidity coverage ratio (LCR), the quantitative liquidity standards developed by the Basel Committee. The LCR was developed to ensure that covered banking organizations have sufficient high-quality liquid assets to cover expected net cash outflows over a 30-day liquidity stress period. The rule introduces a version of the LCR applicable to certain large bank holding companies such as Compass Bancshares. This version differs in certain respects from the Basel Committee's version of the LCR, including a narrower definition of high-quality liquid assets, different prescribed cash inflow and outflow assumptions for certain types of instruments and transactions and a shorter phase-in schedule beginning on 1st January, 2015 and ending on 1st January, 2017. The federal banking regulators have not yet proposed rules to implement in the United States the net stable funding ratio (NSFR), additional quantitative liquidity standards developed by the Basel Committee. The NSFR has a time horizon of one year and has been developed to provide a sustainable maturity structure of assets and liabilities. The Basel Committee contemplates that the NSFR, including any revisions, will be implemented by member countries, including the United States, as a minimum standard by 1st January, 2018. Various elements of the LCR and the NSFR, if and when it is implemented by the U.S. banking regulators, may cause changes that affect the profitability of the Guarantor's business activities and require that it changes certain of its business practices, and could expose the Guarantor to additional costs (including increased compliance costs). These changes may also cause the Guarantor to invest significant management attention and resources to make any necessary changes

Liquidity and Financial Risks

The Guarantor has a continuous demand for liquidity to fund its business activities. The Guarantor may suffer during periods of market-wide or firm-specific liquidity constraints, and liquidity may not be available to it even if its underlying business remains strong.

Liquidity and funding continues to remain a key area of focus for the Group and the industry as a whole. Like all major banks, the Group is dependent on confidence in the short- and long-term wholesale funding markets. Should the Group,

RISK FACTORS

due to exceptional circumstances, be unable to continue to source sustainable funding, its ability to fund its financial obligations could be affected.

The Guarantor's profitability or solvency could be adversely affected if access to liquidity and funding is constrained or made more expensive for a prolonged period of time. Under extreme and unforeseen circumstances, such as the closure of financial markets and uncertainty as to the ability of a significant number of firms to ensure they can meet their liabilities as they fall due, the Group's ability to meet its financial obligations as they fall due or to fulfill its commitments to lend could be affected through limited access to liquidity (including government and central bank facilities). In such extreme circumstances the Group may not be in a position to continue to operate without additional funding support, which it may be unable to access. These factors may have a material adverse effect on the Group's solvency, including its ability to meet its regulatory minimum liquidity requirements. These risks can be exacerbated by operational factors such as an over-reliance on a particular source of funding or changes in credit ratings, as well as market-wide phenomena such as market dislocation, regulatory change or major disasters.

In addition, corporate and institutional counterparties may seek to reduce aggregate credit exposures to the Guarantor (or to all banks), which could increase the Group's cost of funding and limit its access to liquidity. The funding structure employed by the Group may also prove to be inefficient, thus giving rise to a level of funding cost where the cumulative costs are not sustainable over the longer term. The funding needs of the Group may increase and such increases may be material to the Group's operating results, financial condition or prospects.

Withdrawals of deposits or other sources of liquidity may make it more difficult or costly for the Group to fund its business on favourable terms or cause the Group to take other actions.

Historically, one of the Group's principal sources of funds has been savings and demand deposits. Large-denomination time deposits may, under some circumstances, such as during periods of significant interest rate-based competition for these types of deposits, be a less stable source of deposits than savings and demand deposits. The level of wholesale and retail deposits may also fluctuate due to other factors outside the Group's control, such as a loss of confidence (including as a result of political initiatives, including bail-in and/or confiscation and/or taxation of creditors' funds) or competition from investment funds or other products. The recent introduction of a national tax on outstanding deposits could be negative for the Guarantor's activities in Spain. Moreover, there can be no assurance that, in the event of a sudden or unexpected withdrawal of deposits or shortage of funds in the banking systems or money markets in which the Group operates, the Group will be able to maintain its current levels of funding without incurring higher funding costs or having to liquidate certain of its assets. In addition, if public sources of liquidity, such as the ECB extraordinary measures adopted in response to the financial crisis since 2008, are removed from the market, there can be no assurance that the Group will be able to maintain its current levels of funding without incurring higher funding costs or having to liquidate certain of its assets or taking additional deleverage measures.

The Group's businesses are subject to inherent risks concerning borrower and counterparty credit quality which have affected and are expected to continue to affect the recoverability and value of assets on the Group's balance sheet.

The Group has exposures to many different products, counterparties and obligors and the credit quality of its exposures can have a significant effect on the Group's earnings. Adverse changes in the credit quality of the Group's borrowers and counterparties or collateral, or in their behavior or businesses, may reduce the value of the Group's assets, and materially increase the Group's write-downs and provisions for impairment losses. Credit risk can be affected by a range of factors, including an adverse economic environment, reduced consumer and/or government spending, global economic slowdown, changes in the rating of individual counterparties, the debt levels of individual contractual counterparties and the economic environment they operate in, increased unemployment, reduced asset values, increased personal or corporate insolvency levels, reduced corporate profits, changes (and the timing, quantum and pace of these changes) in interest rates, counterparty challenges to the interpretation or validity of contractual arrangements and any external factors of a legislative or regulatory nature. In recent years, the global economic crisis has driven cyclically high bad debt charges.

Non-performing or low credit quality loans have in the past and can continue to negatively affect the Guarantor's results of operations. The Guarantor cannot assure that it will be able to effectively control the level of the impaired loans in its

RISK FACTORS

total loan portfolio. At present, default rates are partly cushioned by low rates of interest which have improved customer affordability, but the risk remains of increased default rates as interest rates start to rise. The timing quantum and pace of any rise is a key risk factor. All new lending is dependent on the Group's assessment of each customer's ability to pay, and there is an inherent risk that the Group has incorrectly assessed the credit quality or willingness of borrowers to pay, possibly as a result of incomplete or inaccurate disclosure by those borrowers or as a result of the inherent uncertainty that is involved in the exercise of constructing models to estimate the true risk of lending to counterparties. The Group estimates and establishes reserves for credit risks and potential credit losses inherent in its credit exposure. This process, which is critical to the Group's results and financial condition, requires difficult, subjective and complex judgments, including forecasts of how macro-economic conditions might impair the ability of borrowers to repay their loans. As is the case with any such assessments, there is always a risk that the Group will fail to adequately identify the relevant factors or that it will fail to estimate accurately the effect of these identified factors, which could have a material adverse effect on the Group's business, financial condition or results of operations.

The Group's business is particularly vulnerable to volatility in interest rates.

The Group's results of operations are substantially dependent upon the level of its net interest income, which is the difference between interest income from interest-earning assets and interest expense on interest-bearing liabilities. Interest rates are highly sensitive to many factors beyond the Group's control, including fiscal and monetary policies of governments and central banks, regulation of the financial sectors in the markets in which it operates, domestic and international economic and political conditions and other factors. Changes in market interest rates, including cases of negative reference rates, can affect the interest rates that the Group receives on its interest-earning assets differently to the rates that it pays for its interest-bearing liabilities. This may, in turn, result in a reduction of the net interest income the Group receives, which could have a material adverse effect on its results of operations.

In addition, the high proportion of loans referenced to variable interest rates makes debt service on such loans more vulnerable to changes in interest rates. In addition, a rise in interest rates could reduce the demand for credit and the Group's ability to generate credit for its clients, as well as contribute to an increase in the credit default rate. As a result of these and the above factors, significant changes or volatility in interest rates could have a material adverse effect on the Group's business, financial condition or results of operations.

The Group has a substantial amount of commitments with personnel considered wholly unfunded due to the absence of qualifying plan assets.

The Group's commitments with personnel which are considered to be wholly unfunded are recognised under the heading "*Provisions—Provisions for Pensions and Similar Obligations*" in its consolidated balance sheets included in the Consolidated Financial Statements. For more information please see Note 24 of the Guarantor's Consolidated Financial Statements.

The Group faces liquidity risk in connection with its ability to make payments on these unfunded amounts which it seeks to mitigate, with respect to "*Post-employment benefits*", by maintaining insurance contracts which were contracted with insurance companies owned by the Group. The insurance companies have recorded in their balance sheets specific assets (fixed interest deposit and bonds) assigned to the funding of these commitments. The insurance companies also manage derivatives (primarily swaps) to mitigate the interest rate risk in connection with the payments of these commitments. The Group seeks to mitigate liquidity risk with respect to "*Early retirements*" and "*Post-employment welfare benefits*" through oversight by the Assets and Liabilities Committee (**ALCO**) of the Group. The Group's ALCO manages a specific asset portfolio to mitigate the liquidity risk resulting from the payments of these commitments. These assets are government and covered bonds which are issued at fixed interest rates with maturities matching the aforementioned commitments. The Group's ALCO also manages derivatives (primarily swaps) to mitigate the interest rate risk in connection with the payments of these commitments. Should the Guarantor fail to adequately manage liquidity risk and interest rate risk either as described above or otherwise, it could have a material adverse effect on the Group's business, financial condition, cash flows and results of operations.

RISK FACTORS

The Guarantor is dependent on its credit ratings and any reduction of its credit ratings could materially and adversely affect the Group's business, financial condition and results of operations.

The Guarantor is rated by various credit rating agencies. The Guarantor's credit ratings are an assessment by rating agencies of its ability to pay its obligations when due. Any actual or anticipated decline in the Guarantor's credit ratings to below investment grade or otherwise may increase the cost of and decrease the Group's ability to finance itself in the capital markets, secured funding markets (by affecting its ability to replace downgraded assets with better rated ones), interbank markets, through wholesale deposits or otherwise, harm its reputation, require it to replace funding lost due to the downgrade, which may include the loss of customer deposits, and make third parties less willing to transact business with the Group or otherwise materially adversely affect its business, financial condition and results of operations. Furthermore, any decline in the Guarantor's credit ratings to below investment grade or otherwise could breach certain agreements or trigger additional obligations under such agreements, such as a requirement to post additional collateral, which could materially adversely affect the Group's business, financial condition and results of operations.

Highly-indebted households and corporations could endanger the Group's asset quality and future revenues.

In recent years, households and businesses have reached a high level of indebtedness, particularly in Spain, which has created increased risk in the Spanish banking system. In addition, the high proportion of loans referenced to variable interest rates makes (i) debt service on such loans more vulnerable to upward movements in interest rates and (ii) the profitability of the loans more vulnerable to interest rates decreases. Highly indebted households and businesses are less likely to be able to service debt obligations as a result of adverse economic events, which could have an adverse effect on the Group's loan portfolio and, as a result, on its financial condition and results of operations. Moreover, the increase in households' and business' indebtedness also limits their ability to incur additional debt, reducing the number of new products the Group may otherwise be able to sell to them and limiting the Group's ability to attract new customers who satisfy its credit standards, which could have an adverse effect on the Group's ability to achieve its growth plans.

The Group depends in part upon dividends and other funds from subsidiaries.

Some of the Group's operations are conducted through its financial services subsidiaries. As a result, the Guarantor's ability to pay dividends, to the extent the Guarantor decides to do so, depends in part on the ability of the Group's subsidiaries to generate earnings and to pay dividends to the Guarantor. Payment of dividends, distributions and advances by the Group's subsidiaries will be contingent upon their earnings and business considerations and is or may be limited by legal, regulatory and contractual restrictions. For instance, the repatriation of dividends from the Group's Venezuelan and Argentinean subsidiaries have been subject to certain restrictions and there is no assurance that further restrictions will not be imposed. Additionally, the Guarantor's right to receive any assets of any of the Group's subsidiaries as an equity holder of such subsidiaries upon their liquidation or reorganisation, will be effectively subordinated to the claims of subsidiaries' creditors, including trade creditors.

Business and Industry Risks

The Group faces increasing competition in its business lines.

The markets in which the Group operates are highly competitive and this trend will likely continue. In addition, the trend towards consolidation in the banking industry has created larger and stronger banks with which the Group must now compete.

The Group also faces competition from non-bank competitors, such as payment platforms, ecommerce businesses, department stores (for some credit products) automotive finance corporations, leasing companies, factoring companies, mutual funds, pensions funds, insurance companies, and public debt.

There can be no assurance that this competition will not adversely affect the Group's business, financial conditions, cash flows and result of operations.

RISK FACTORS

The Group faces risks related to its acquisitions and divestitures.

The Group's mergers and acquisitions activity involves divesting its interests in some businesses and strengthening other business areas through acquisitions. The Group may not complete these transactions in a timely manner, on a cost-effective basis or at all. Even though the Group reviews the companies it plans to acquire, it is generally not feasible for these reviews to be complete in all respects. As a result, the Group may assume unanticipated liabilities, or an acquisition may not perform as well as expected. In addition, transactions such as these are inherently risky because of the difficulties of integrating people, operations and technologies that may arise. There can be no assurance that any of the businesses the Group acquires can be successfully integrated or that they will perform well once integrated. Acquisitions may also lead to potential write-downs due to unforeseen business developments that may adversely affect the Group's results of operations.

The Group's results of operations could also be negatively affected by acquisition or divestiture-related charges, amortisation of expenses related to intangibles and charges for impairment of long-term assets. The Group may be subject to litigation in connection with, or as a result of, acquisitions or divestitures, including claims from terminated employees, customers or third parties, and the Group may be liable for future or existing litigation and claims related to the acquired business or divestiture because either the Group is not indemnified for such claims or the indemnification is insufficient. These effects could cause the Group to incur significant expenses and could materially adversely affect its business, financial condition, cash flows and results of operations.

The Group is party to lawsuits, tax claims and other legal proceedings.

Due to the nature of the Group's business, it and its subsidiaries are involved in litigation, arbitration and regulatory proceedings in jurisdictions around the world, the financial outcome of which is unpredictable. An adverse outcome or settlement in these proceedings could result in significant costs and may have a material adverse effect on the Group's business, financial condition, cash flows, results of operations and reputation. In addition, responding to the demands of litigation may divert management's time and attention and financial resources. While the Group believes that it has provisioned such risks appropriately based on the opinions and advice of its legal advisors and in accordance with applicable accounting rules, it is possible that losses resulting from such risks, if proceedings are decided in whole or in part adversely to the Group, could exceed the amount of provisions made for such risks. See "Item 8. Financial information Consolidated Statements and Other Financial Information – Legal Proceedings" of the Form 20-F and Note 23 to the Guarantor's Consolidated Financial Statements for additional information on the Group's legal, regulatory and arbitration proceedings.

The Group's ability to maintain its competitive position depends significantly on its international operations, which expose the Group to foreign exchange, political and other risks in the countries in which it operates, which could cause an adverse effect on its business, financial condition and results of operations.

The Group operates commercial banks and insurance and other financial services companies in various countries and its overall success as a global business depends upon its ability to succeed in differing economic, social and political conditions. The Group is particularly sensitive to developments in Mexico, the United States, Venezuela and Argentina, which represented 15 per cent., 11 per cent., 3 per cent. and 1 per cent. of the Group's assets in 2014, respectively. In addition, following completion of the acquisition of an additional 14.89 per cent. stake in Garanti (see "Item 10. Additional Information—Material Contracts" of the Form 20-F), the Group will also be significantly exposed to developments in Turkey.

The Group is confronted with different legal and regulatory requirements in many of the jurisdictions in which it operates. See "—Legal, Regulatory and Compliance Risks—Local regulation may have a material effect on the Guarantor's business, financial condition, results of operations and cash flows." These include, but are not limited to, different tax regimes and laws relating to the repatriation of funds or nationalisation or expropriation of assets. The Group's international operations may also expose it to risks and challenges which its local competitors may not be required to face, such as exchange rate risk, difficulty in managing a local entity from abroad, and political risk which may be particular to foreign investors, or the distribution of dividends.

RISK FACTORS

In addition, the Group is more exposed to emerging economies than most of its European competitors. The Group's presence in locations such as the Latin American markets or Turkey requires it to respond to rapid changes in market conditions in these countries and exposes the Group to increased risks relating to emerging markets. See "*Macroeconomic Risks—The Group may be materially adversely affected by developments in the emerging markets economies where it operates.*" There can be no assurance that the Group will succeed in developing and implementing policies and strategies that are effective in each country in which it operates or that any of the foregoing factors will not have a material adverse effect on its business, financial condition and results of operations.

The Guarantor is party to a shareholders' agreement with Doğuş Holding A. Ş., among other shareholders, in connection with Garanti which may affect the Guarantor's ability to achieve the expected benefits from its interest in Garanti.

In 2011, the Guarantor entered into a shareholders' agreement with Doğuş Holding A.Ş., Doğuş Nakliyat ve Ticaret A.Ş. and Doğuş Araştırma Geliştirme ve Müşavirlik Hizmetleri A.Ş. (the **Doğuş Group**), in connection with the acquisition of its initial 24.89 per cent. interest in Garanti (the **current SHA**). On 19th November, 2014, the Guarantor and the Doğuş Group entered into an agreement that amends and restates the current SHA and which will come into force upon completion of the Guarantor's proposed acquisition of the additional 14.89 per cent. interest in Garanti (the **amended and restated SHA**). Under the current SHA, certain decisions affecting the day-to-day management of Garanti require the consent of both the Guarantor and the Doğuş Group. Accordingly, under the current SHA, the Guarantor must cooperate with the Doğuş Group in order to manage Garanti and grow its business. While the amended and restated SHA allows the Guarantor to appoint the Chairman of Garanti's board of directors, the majority of its members and Garanti's CEO, it provides that certain reserved matters must be implemented or approved (either at a meeting of the shareholders or of the board of directors) only with the consent of each party. For example, for so long as the Doğuş Group owns shares representing over 9.95 per cent. of the share capital of Garanti, the disposal or discontinuance of, or material changes to, any line of business or business entity within the Garanti group that has a value in excess of 25 per cent. of the Garanti group's total net assets in one financial year, will require the Doğuş Group's consent. If the Guarantor and the Doğuş Group are unable to agree on such reserved matters Garanti's business, financial condition and results of operations may be adversely affected and the Guarantor may fail to achieve the expected benefits from its interest in Garanti. In addition, due to the Guarantor's and Garanti's association with the Doğuş Group, which is one of the largest Turkish conglomerates with business interests in the financial services, construction, tourism and automotive sectors, any financial reversal, negative publicity or other adverse circumstance relating to the Doğuş Group could adversely affect Garanti or the Guarantor.

Financial and Risk Reporting

Weaknesses or failures in the Group's internal processes, systems and security could materially adversely affect its results of operations, financial condition or prospects, and could result in reputational damage.

Operational risks, through inadequate or failed internal processes, systems (including financial reporting and risk monitoring processes) or security, or from people-related or external events, including the risk of fraud and other criminal acts carried out against Group companies, are present in the Group's businesses. These businesses are dependent on processing and reporting accurately and efficiently a high volume of complex transactions across numerous and diverse products and services, in different currencies and subject to a number of different legal and regulatory regimes. Any weakness in these internal processes, systems or security could have an adverse effect on the Group's results, the reporting of such results, and on the ability to deliver appropriate customer outcomes during the affected period. In addition, any breach in security of the Group's systems could disrupt its business, result in the disclosure of confidential information and create significant financial and legal exposure for the Group. Although the Group devotes significant resources to maintain and regularly update its processes and systems that are designed to protect the security of its systems, software, networks and other technology assets, there is no assurance that all of its security measures will provide absolute security. Any damage to the Group's reputation (including to customer confidence) arising from actual or perceived inadequacies, weaknesses or failures in its systems, processes or security could have a material adverse effect on its business, financial condition and results of operations.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that any of the Issuers or the Guarantor will be unable to comply with its obligations as a company with securities admitted to the Official List.

RISK FACTORS

The financial industry is increasingly dependent on information technology systems, which may fail, may not be adequate for the tasks at hand or may no longer be available.

Banks and their activities are increasingly dependent on highly sophisticated information technology (IT) systems. IT systems are vulnerable to a number of problems, such as software or hardware malfunctions, computer viruses, hacking and physical damage to vital IT centers. IT systems need regular upgrading and banks, including the Guarantor, may not be able to implement necessary upgrades on a timely basis or upgrades may fail to function as planned. Furthermore, failure to protect financial industry operations from cyber-attacks could result in the loss or compromise of customer data or other sensitive information. These threats are increasingly sophisticated and there can be no assurance that banks will be able to prevent all breaches and other attacks on its IT systems. In addition to costs that may be incurred as a result of any failure of IT systems, banks, including the Guarantor, could face fines from bank regulators if they fail to comply with applicable banking or reporting regulations.

The Guarantor's financial statements are based in part on assumptions and estimates which, if inaccurate, could cause material misstatement of the results of its operations and financial position.

The preparation of financial statements in accordance with IFRS requires the use of estimates. It also requires management to exercise judgment in applying relevant accounting policies. The key areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the consolidated and individual financial statements, include credit impairment charges for amortised cost assets, impairment and valuation of available-for-sale investments, calculation of income and deferred tax, fair value of financial instruments, valuation of goodwill and intangible assets, valuation of provisions and accounting for pensions and post-retirement benefits. There is a risk that if the judgment exercised or the estimates or assumptions used subsequently turn out to be incorrect then this could result in significant loss to the Group, beyond that anticipated or provided for, which could have an adverse effect on the Group's business, financial condition and results of operations.

Observable market prices are not available for many of the financial assets and liabilities that the Group holds at fair value and a variety of techniques to estimate the fair value are used. Should the valuation of such financial assets or liabilities become observable, for example as a result of sales or trading in comparable assets or liabilities by third parties, this could result in a materially different valuation to the current carrying value in the Group's financial statements.

The further development of standards and interpretations under IFRS could also significantly affect the financial results, condition and prospects of the Group.

3. Risks related to Early Intervention and Resolution

The taking of any action under Law 11/2015, which partially implements the BRRD, could materially affect the value of any Notes. The Notes may also be subject to loss absorption through their permanent write-down and/or conversion into equity.

The BRRD and its partial implementation in Spain through Law 11/2015 is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

In accordance with article 20 of Law 11/2015, an institution will be considered as failing or likely to fail in any of the following circumstances: (i) it is, or is likely in the near future to be, in significant breach of its solvency or any other requirements necessary for maintaining its authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; (iv) or it requires extraordinary public financial support (except in limited circumstances). The determination that an institution is no longer viable may depend on a number of factors which may be outside of that institution's control.

As provided in the BRRD, Law 11/2015 contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there

RISK FACTORS

is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest. The four resolution tools are: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down and/or to convert into equity certain unsecured debt claims including Notes (the "**general bail-in tool**"), which equity could also be subject to any future application of the general bail-in tool.

In addition to the general bail-in tool, the BRRD and Law 11/2015 provide for resolution authorities to have the further power to permanently writedown or convert into equity debt instruments such as the Notes.

The powers set out in the BRRD as implemented through Law 11/2015 will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Holders of Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool from 1st January, 2016 and the exercise of any such powers may result in such Noteholders losing some or all of their investment. Furthermore, the determination that all or part of the principal amount of any Notes will be subject to loss absorption is likely to be inherently unpredictable and may depend on a number of factors which may also be outside of the institution's control. This determination will be made by the institution's regulators and there may be many factors, including factors not directly related to the institution, which could result in such a determination.

The exercise of any power under Law 11/2015 or Law 9/2012 (including any early intervention measure before any resolution) or any suggestion of such exercise could, therefore, materially adversely affect the rights of Noteholders, the price or value of any Notes and/or the ability of the relevant Issuer and the Guarantor to satisfy their respective obligations under any Notes and the Guarantees.

Noteholders may not be able to exercise their rights on an event of default in the event of the adoption of any early intervention or resolution measure under Law 11/2015.

The Guarantor and, indirectly, the Issuer may be subject to a procedure of early intervention or resolution pursuant to the BRRD as implemented through Law 11/2015 if the Guarantor or its group of consolidated credit entities is in breach (or due, among other things, to a rapidly deteriorating financial condition, it is likely in the near future to be in breach) of applicable regulatory requirements relating to solvency, liquidity, internal structure or internal controls or the conditions for resolution referred to above are met (see "*The taking of any action under Law 11/2015, which partially implements the BRRD, could materially affect the value of any Notes. The Notes may also be subject to loss absorption through their permanent write-down and/or conversion into equity*").

Pursuant to Law 11/2015 the adoption of any early intervention or resolution procedure shall not itself constitute an event of default or entitle any counterparty of the Issuer or Guarantor to exercise any rights it may otherwise have in respect thereof and any provision providing for such rights shall further be deemed not to apply. However, this does not limit the ability of a counterparty to declare any event of default and exercise its rights accordingly where an event of default arises either before or after the exercise of any such early intervention or resolution procedure and does not necessarily relate to the exercise of any relevant measure or power which has been applied pursuant to Law 11/2015.

Any enforcement by a Noteholder of its rights under the Notes upon the occurrence of an Event of Default following the adoption of any resolution procedure will, therefore, be subject to the relevant provisions of the BRRD and Law 11/2015 in relation to the exercise of the relevant measures and powers pursuant to such procedure, including the resolution tools and powers referred to above (see "*The taking of any action under Law 11/2015, which partially implements the BRRD, could materially affect the value of any Notes. The Notes may also be subject to loss absorption through their permanent write-down and/or conversion into equity*"). Any claims on the occurrence of an Event of Default will consequently be limited by the application of any measures pursuant to the provisions of Law 11/2015. There can be no assurance that the taking of any such action would not adversely affect the rights of Noteholders, the

RISK FACTORS

price or value of their investment in the Notes and/or the ability of the Issuer and/or the Guarantor to satisfy its obligations under the Notes or the Guarantee and the enforcement by a holder of any rights it may otherwise have on the occurrence of any Event of Default may be limited in these circumstances.

4. Risks relating to the Notes

Notes may be redeemed prior to their scheduled maturity.

In the event that the Issuer would be required to pay additional amounts in respect of any Notes due to any withholding as provided in General Condition 7 of the "*Terms and Conditions of the Notes*" or the performance of the Issuer's obligations under the Notes or any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part, the Issuer may redeem all of the Notes then outstanding in accordance with the Terms and Conditions of the Notes.

In the event that one or more Events of Default (as defined in General Condition 9 of the "*Terms and Conditions of the Notes*") occurs, the Notes may become immediately due and repayable at their Early Redemption Amount. In addition, in the case of an Index Linked Note, Equity Linked Note or Fund Linked Note, if "Automatic Early Redemption Event" is specified as being applicable in the Final Terms, on the occurrence of an Automatic Early Redemption Event the Notes will be automatically redeemed at their Automatic Early Redemption Amount. In the case of an Index Linked Note, Equity Linked Note or Inflation Linked Note, if an Additional Disruption Event occurs and "Delayed Redemption on the Occurrence of Additional Disruption Event" is not specified in the Final Terms, the Issuer may redeem the Notes early.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for Notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Claims of Holders under the Notes are effectively junior to those of certain other creditors.

The Notes and any guarantee in respect of them (the "**Guarantee**") are unsecured and unsubordinated obligations of the Issuer and the Guarantor, respectively. Subject to statutory preferences, the Notes and the Guarantee will rank equally with any of the Issuer's and the Guarantor's other unsecured and unsubordinated indebtedness. However, the Notes and the Guarantee will be effectively subordinated to all of, respectively, the Issuer's and the Guarantor's secured indebtedness, to the extent of the value of the assets securing such indebtedness, and other preferential obligations under Spanish law. The Guarantee is also structurally subordinated to all indebtedness of subsidiaries of the Guarantor insofar as any right of the Guarantor to receive any assets of such companies upon their winding up will be effectively subordinated to the claims of the creditors of those companies in the winding up.

In addition, the BRRD and Law 11/2015 contemplate that Notes may be subject to the application of the general bail-in tool (see "*Risks related to Early Intervention and Resolution - The taking of any action under Law 11/2015, which partially implements the BRRD, could materially affect the value of any Notes. The Notes may also be subject to loss absorption through their permanent write-down and/or conversion into equity*" above).

Spanish tax rules.

Article 44 of RD 1065/2007, as amended by the RD 1145/2011, sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

RISK FACTORS

According to the literal wording of Article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, and are recognised by Spanish law or by the law of another OECD country (such as the Depository Trust Company ("**DTC**"), Euroclear or Clearstream), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the Issuer submits a statement to the Issuer, the form of which is included in the Agency Agreement, with the following information:

- (i) identification of the securities; and
- (ii) total amount of the income corresponding to each clearing system located outside Spain.

These obligations refer to the total amount paid to investors through each foreign clearing house. For these purposes, "income means interest and the difference, if any, between the aggregate amount payable on the redemption of the Notes and the issue price of the Notes".

In accordance with Article 44 of RD 1065/2007 as amended by RD 1145/2011, the relevant Paying Agent should provide the relevant Issuer with the statement on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on such date, the entity(ies) obliged to provide the declaration fail to do so, the Issuer or the Paying Agent on its behalf will make a withholding at the general rate (currently 20 per cent. and 19 per cent. from 1st January 2016) on the total amount of the return on the relevant Notes otherwise payable to such entity.

Notwithstanding the foregoing, the Issuer has agreed that in the event withholding tax should be required by law, the Issuer shall pay such additional amounts as would have been received had no such withholding or deduction been required, except as provided in Condition 7 and as otherwise described in this Base Prospectus.

As at the date of this Base Prospectus, the Guarantor has entered into an agreement with a Tax Certification Agent in order to establish a procedure for the disclosure of information regarding Noteholders who are resident in Spain for tax purposes. Such information will be provided to the Spanish Tax Authorities by the Guarantor.

General.

The procedure described in this Base Prospectus for the provision of information required by Spanish laws and regulations is a summary only and none of the Issuer, the Guarantor or the Dealers, assumes any responsibility therefore. In the event that the currently applicable procedures are modified, amended or supplemented by, among other things, any Spanish law, regulation, interpretation or ruling of the Spanish tax authorities, the Issuer will notify the holders of such information procedures and their implications, as the Issuer may be required to apply withholding tax on distributions in respect of the relevant securities if the holders do not comply with such information procedures.

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors.

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as

RISK FACTORS

high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Issuer of the Notes may be substituted without the consent of the Noteholders.

The Issuer of the Notes may be replaced as obligor under such Notes with the Guarantor or any company from BBVA's group. Whilst the new issuer will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "*Terms and Conditions of the Notes*".

The Guarantor of the Notes may be substituted without the consent of the Noteholders.

The Guarantor of the Notes may be replaced as guarantor under such Notes with another company incorporated anywhere in the world. Whilst the new guarantor will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "*Terms and Conditions of the Notes*".

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could significantly adversely affect their return on the Notes.

U.S. Foreign Account Tax Compliance Act Withholding.

Whilst the Notes are in global form and held within DTC and the European Clearing Systems (together, the "**ICSDs**"), in all but the most remote circumstances it is not expected that the new reporting regime and potential withholding tax imposed by Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") will affect the amount of any payment received by the ICSDs (see "*Taxation - U.S. Foreign Account Tax Compliance Act Withholding*"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Notes are discharged once it has made payment to, or to the order of, the Common Depositary or Common Safekeeper for the ICSDs (as bearer or registered holder of the Notes, as the case may be) and the Issuer has not therefore any responsibility for any amount thereafter transmitted through the ICSDs and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an "**IGA**") are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

U.S. Hiring Incentives to Restore Employment Act Withholding.

The U.S. Hiring Incentives to Restore Employment Act (the "**HIRE Act**") imposes a 30% withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. While significant aspects of the application of the relevant provisions of the HIRE Act to the Notes are uncertain, if the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "U.S. Hiring Incentives to Restore Employment Act" in the Taxation section.

RISK FACTORS

Withholding under the EU Savings Directive.

Under Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 24th March, 2014, the Council of the European Union adopted a Council Directive (the "**Amending Directive**") amending and broadening the scope of the requirements described above. The Amending Directive requires Member States to apply these new requirements from 1st January 2017 and if they were to take effect the changes would expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. They would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported or subject to withholding. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

However, the European Commission has proposed the repeal of the Savings Directive from 1st January 2017 in the case of Austria and from 1st January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent (as defined in the General Conditions of the Notes) nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Directive.

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The General Conditions (except for General Condition 3(b) of the "*Terms and Conditions of the Notes*") of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Spanish and English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Reliance on DTC, Euroclear and Clearstream, Luxembourg procedures.

The Regulation S Notes will be represented on issue by a Regulation S Global Note that will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the Regulation S Global Note, investors will not be entitled to receive Notes in definitive form. Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in the Regulation S Global Note. While the Notes are represented by the Regulation S Global Note, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg and their respective participants.

The Rule 144A Notes will be represented on issue by a Rule 144A Global Note that will be deposited with a nominee for DTC or Euroclear/Clearstream. Except in the circumstances described in the Rule 144A Global Note, investors will not be entitled to receive Notes in definitive form. DTC and its direct and indirect participants will maintain records of

RISK FACTORS

the beneficial interests in the Rule 144A Global Note. While the Notes are represented by the Rule 144A Global Note, investors will be able to trade their beneficial interests only through DTC and its participants, including Euroclear and Clearstream, Luxembourg.

While the Notes are represented by the Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in either Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Credit ratings assigned to the Issuer, the Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes.

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

5. Risks relating to the structure of particular Notes

There are particular risks associated with an investment in certain types of Notes, such as Index Linked Notes and an investor may lose some or all of the principal amount invested by it.

Investors may lose the original invested amount.

Investors may lose up to the entire value of their investment in the Notes, or part of it, as the case may be, as a result of the occurrence of any one or more of the following events:

- (a) the Issuer and the Guarantor of the Notes are subject to insolvency proceedings or some other event impairing the ability of each to meet its obligations under the Notes;
- (b) the terms of the relevant Notes do not provide for full repayment of the initial purchase price upon final maturity and/or mandatory early redemption of such Notes and the relevant Reference Item(s) perform in such a manner that the final redemption amount and/or mandatory early redemption amount is less than the initial purchase price;
- (c) the purchaser seeks to sell the relevant Notes prior to their scheduled maturity, and the sale price of the Notes in the secondary market is less than the purchaser's initial investment; and

RISK FACTORS

- (d) the Notes are subject to certain adjustments in accordance with the terms and conditions of such Notes that may result in the scheduled amount to be paid or asset(s) to be delivered upon redemption being reduced to or being valued at an amount less than a purchaser's initial investment.

Notwithstanding that the relevant Notes may be linked to the performance of one or more Reference Items, investors in such Notes do not have and shall not receive any rights in respect of any Reference Item and shall have no right to call for any Reference Item to be delivered to them (unless otherwise provided in the Final Terms). Neither the relevant Issuer nor the Guarantor of the Notes shall be required to hold any Reference Item.

The relevant market value of the Notes at any time is dependent on other matters in addition to the credit risk of the Issuer and Guarantor and the performance of the relevant Reference Item(s).

The market value of the Notes at any time will be affected by a number of factors independent of the creditworthiness of the Issuer and the Guarantor (if any) and the performance of the relevant Reference Item(s), including:

- (a) market interest and yield rates;
- (b) the time remaining to any Redemption Date or the Maturity Date;
- (c) where the Reference Item(s) is/are equity securities, the dividend rate on Reference Item(s) and the financial results and prospects of the issuer of each Reference Item; and
- (d) numerous other economic, political and other factors.

The amount payable and/or deliverable in respect of Notes at any time prior to redemption is typically expected to be less than the trading price of such Notes at that time. The difference between the trading price and such amount will reflect, among other things, a "time value" for the Notes. The "time value" of the Notes will depend partly upon the length of the period remaining to final redemption and expectations concerning the value of the relevant Reference Item(s).

Market Disruption Events or Failure to Open of an Exchange.

If an issue of Reference Item Linked Notes includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on the Strike Date, a Valuation Date, Observation Date or an Averaging Date and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such date, any consequential postponement of the Strike Date, Valuation Date, Observation Date or Averaging Date or any alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange in relation to any Reference Item comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

Notes where denominations involve integral multiples.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as set out in the relevant Final Terms) plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time (i) may not be able to transfer such Notes and (ii) may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and in each case would need to purchase a nominal amount of Notes such that its holding amounts to an integral multiple of the minimum Specified Denomination.

RISK FACTORS

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Physical Delivery Notes.

In the case of Notes which are redeemable by delivery of assets (other than Credit Linked Notes), if a Settlement Disruption Event occurs or exists on the due date for redemption of the Notes, settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount in lieu of delivering the Entitlement (as defined in the Terms and Conditions).

If a Failure to Deliver due to Illiquidity occurs, the Issuer has the right, in lieu of delivery of the assets affected by such event, to pay the Failure to Deliver Redemption Amount to the Noteholders. The Disruption Cash Redemption Amount and/or the Failure to Deliver Redemption Amount may be less than the fair market value of the Entitlement.

Noteholders may be required to pay certain expenses in relation to Notes subject to Physical Delivery.

Holder of Notes subject to Physical Delivery must pay all Expenses relating to delivery of such Notes. As defined in the terms and conditions, "Expenses" includes all costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Entitlement.

There are certain requirements to be fulfilled and payments to be made by the Holder in order to receive Notes subject to Physical Delivery and the Issuer may decide to settle by way of cash payment instead in certain circumstances.

In order to receive the Entitlement in respect of a Note settled by way of Physical Delivery, the holder of such Note must deliver or send to the relevant Clearing System or Principal Paying Agent (as applicable) a duly completed Asset Transfer Notice on or prior to the relevant time on the Cut-off Date and pay the relevant Expenses. If a Noteholder fails to deliver as required the certification of non-U.S. beneficial ownership or certification that it is an eligible investor for U.S. securities law purposes, the Issuer may deliver what the Calculation Agent determines to be the fair market value of the Entitlement instead of the relevant assets.

Certain considerations relating to public offers of the Notes.

If the Notes are distributed by means of a public offer, under certain circumstances indicated in the Final Terms, the Issuer and/or the other entities indicated in the Final Terms will have the right to withdraw or revoke the offer and the offer will be deemed to be null and void according to the terms indicated in the Final Terms.

The Issuer and/or the other entities specified in the Final Terms may terminate the offer early by immediate suspension of the acceptance of further subscription requests and by giving notice to the public in accordance with the Final Terms. Any such termination may occur even where the maximum amount for subscription in relation to that offer (as specified in the Final Terms), has not been reached. In such circumstances, the early closing of the offer may have an impact on the aggregate number of Notes issued and, therefore, may have an adverse effect on the liquidity of the Notes.

Some information regarding the Notes (e.g. interest rate, settlement date), the offer and/or the listing may be determined after the publication of the Final Terms and will be made public in accordance with the procedures set out in the Final Terms.

If an investor holds Notes which are not denominated in the investor's home currency, that investor will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Notes Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the

RISK FACTORS

Specified Notes Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Notes Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Notes Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or Guarantor to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Certain Considerations Associated with Notes Linked to Emerging Markets.

The Issuer may issue Notes where the amount payable on redemption or the interest payable is linked to Reference Items which consist of (i) securities, funds or indices comprising securities of issuers that are located in, or subject to regulation in, emerging or developing countries, or (ii) securities which are denominated in the currency of, or are traded in, emerging or developing countries or (iii) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Notes, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Notes traded in emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

Prospective purchasers of such Notes should also be aware that the probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets. Prospective purchasers are expected to conduct their own enquiries and be satisfied that there are additional risks associated with investments linked to the performance of underlying assets located in these markets.

Emerging market currencies.

Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, amounts determined to be due or deliverable in respect of such Notes may be significantly more volatile and subject to less certainty as to future rates than if the Notes were linked to currencies of more developed markets, for example emerging markets' currencies are highly exposed to the risk of a currency crisis happening in the future.

In particular, policies or actions of any relevant governments of the jurisdictions of the Subject Currencies and Base Currencies (the "**Currency Jurisdictions**") could adversely affect the relevant exchange rate(s) (such as through market interventions of their central banks or equivalent bodies; governmental action which changes or interferes with currency valuations or currency fluctuations that would otherwise occur in response to economic forces; and restrictions on foreign investment and currency convertibility or movement across borders). Non-governmental action may also directly or indirectly adversely affect the relevant exchange rates (such as through weak overall growth and performance of each applicable Currency Jurisdiction's economy and stock exchanges; political, economic and social uncertainty, including risks of nationalisation and expropriation of assets and natural disasters; or wars which affect any Currency Jurisdiction directly or indirectly).

Investors should note that the risk of occurrence and the severity of consequence of the matters described above may be greater with respect to any emerging market jurisdiction than they otherwise would be in relation to more developed countries. Economies in emerging markets are generally more heavily dependent upon international trade, and accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated with countries with which they trade.

RISK FACTORS

The occurrence of any of the above circumstances may have an adverse effect on the value of the Notes and amounts due or assets deliverable, or the date for payment thereunder.

Notes may be denominated in one currency and settled in another currency.

If the Final Terms specify that the Settlement Exchange Rate Provisions are applicable, then such Notes are denominated in one currency (being the Settlement Exchange Rate subject currency) but all amounts due thereunder are settled in another currency (being the Settlement Exchange Rate base currency). As such, the applicable amounts in the Settlement Exchange Rate subject currency are converted into the Settlement Exchange Rate base currency by converting such amounts by reference to the applicable Settlement Exchange Rate specified in the applicable Final Terms or, if not so specified, determined by the Calculation Agent in accordance with the terms and conditions of the Notes.

Investors should understand that such Notes are not principal protected in the settlement currency or Settlement Exchange Rate base currency even if the Notes are principal protected in the denomination currency or Settlement Exchange Rate subject currency. If the denomination currency depreciates against the settlement currency, this will reduce the settlement currency amounts received (if any) under the Notes and an investor may receive less than their initial investment in the Notes.

Investors should understand, where a fixed Settlement Exchange Rate is not specified in the Final Terms, that neither the Issuer nor the Guarantor have control over the Settlement Exchange Rate and will not make any adjustment or change in the terms of the Notes in the event that exchange rates should become fixed, or in the event of any devaluation or revaluation or imposition of exchange or other regulatory controls or taxes, or in the event of other developments affecting the settlement currency, the denomination currency or any foreign currency. Investors will bear those risks. In addition, if an Unscheduled Holiday or a Price Source Disruption occurs in respect of the applicable Settlement Exchange Rate, the applicable disruption fallbacks may provide that the scheduled settlement exchange rate valuation date for such rate will be postponed, then this may result in deferral of the corresponding payment date under the Notes. If a date for payment is so postponed, this could adversely affect an investor's investment schedule, timetable or plans as they will receive amounts in respect of the Notes later than the originally scheduled date for payment. No interest will accrue or other amount will be payable by the Issuer in the event of any such delay.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Risk of leveraged exposure.

Leverage involves the use of a number of financial techniques to increase the exposure to a Reference Item, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Reference Item moves in the anticipated direction, it will conversely magnify losses when the Reference Item moves against expectations. If the relevant Notes include leverage, potential holders of such Notes should note that these Notes will involve a higher level of risk, and that whenever there are losses such losses will be higher (other things being equal) than those of a similar Note which is not leveraged. Investors should therefore only invest in leveraged Notes if they fully understand the effect of leverage.

Conducting hedging transactions.

The Issuer may use all or some of the proceeds received from the sale of Notes to enter into hedging transactions. All or part of these hedging transactions may be entered into by the Issuer with the Guarantor. The Issuer believes that such hedging activity will under normal circumstances not have a material impact on the value of the relevant Notes. However, it cannot be assured that the Issuer's hedging activities will not affect such value. The value of Notes might in particular be affected by the liquidation of all or a portion of the relevant hedging positions (a) at or about the time of the maturity or expiration of such Notes or (b), if such Notes provide for a knock-out, knock-in or a similar feature, at

RISK FACTORS

the time when the price or value of the relevant underlying approaches the relevant price or level for the knock-out, knock-in or other feature.

Risk relating to Implicit Yield Notes.

The sale, transfer, or acquisition of Implicit Yield Notes (as defined in General Condition 2(j) of the "*Terms and Conditions of the Notes*"), including, but not limited to, Zero Coupon Notes, to or by individuals (*personas físicas*) who are tax resident in Spain (each a "**Spanish Individual**") is forbidden in all cases. Any transfer of Implicit Yield Notes to or by Spanish Individuals is not permitted and such transfer will be considered null and void by the Issuer and the Guarantor. Accordingly, neither the Issuer nor the Guarantor will recognise any Spanish Individual as an owner of Implicit Yield Notes and Spanish Individuals who are Noteholders may lose all or a substantial part of their investment on such Notes.

6. Generic Risk Factors that are associated with Notes that are linked to Reference Item(s)

Risks relating to Reference Item Linked Notes.

Reference Item Linked Notes are securities which do not provide for predetermined redemption amounts and/or interest payments, but amounts payable (whether in respect of principal and/or interest) or deliverable will be dependent upon the performance of the Reference Item, or a combination of Reference Items, which themselves may contain substantial credit, interest rate, foreign exchange, correlation, time value, political and/or other risks.

An investment in Reference Item Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- (a) the Reference Item may be subject to significant changes, whether due to the composition of any such Reference Item itself, or because of fluctuations in value of the Reference Item;
- (b) the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time or they may receive no interest;
- (c) the holder of a Reference Item Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on such Note;
- (d) any Note that is linked to more than one type of Reference Item, or on a formula that encompass the risks associated with more than one type of Reference Item, may carry levels of risk that are greater than those for Notes that are indexed to one type of Reference Item only;
- (e) it may not be possible for investors to hedge their exposure to these various risks relating to Reference Item Linked Notes; and
- (f) a significant market disruption could mean that any Reference Item ceases to exist.

The risks reflect the nature of such a Note as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires or is redeemed. The risk of the loss of some or all of the purchase price of a Reference Item Linked Note upon redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of such Note must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item.

RISK FACTORS

It may not be possible to use the Notes as a perfect hedge against the market risk associated with investing in a Reference Item.

Potential purchasers intending to purchase Notes to hedge against the market risk associated with investing in a Reference Item should recognise the complexities of utilising Notes in this manner. For example, the value of the Notes may not exactly match the value of the Reference Item. Due to fluctuating supply and demand for the Notes, there is no assurance that their value will match movements in the value of the Reference Item. For these reasons, among others, it may not be possible to purchase or liquidate Notes in a portfolio at the prices used to calculate the value of any Reference Item.

There may be regulatory consequences for a Holder of Reference Item Linked Notes.

There may be regulatory and other consequences associated with the ownership by certain investors of certain Reference Item Linked Notes. Each purchaser of Notes must conduct its own investigation into its regulatory position with respect to the potential purchase of Notes, and none of the Issuer, the Guarantor, the Dealer or the Arranger assumes any obligation or liability whatsoever to such purchaser in such regard.

There are specific risks with regard to Notes linked to a combination of Reference Items.

An investment in Notes that are linked to a combination of Reference Items will entail significant risks not associated with an investment in a conventional debt security. A combination of the risks associated to the Reference Items may be significantly higher than the risks of each Reference Item considered on its own. On redemption of these type of Notes, the Noteholders will receive an amount (if any) or Entitlement (if any) determined by reference to the value of a combination of a number of different Reference Items. These Notes may pay interest calculated by reference to the value of the combination of a number of Reference Items.

No rights of ownership in the Reference Item(s).

Purchasers of Notes should be aware that the Issuer is under no obligation to hold a position in any Reference Item(s) and should note that the relevant Reference Item(s) that may be held by the Issuer will not be held by the Issuer for the benefit of the purchasers of such Notes and, as such, Noteholders will not obtain any rights of ownership, including, without limitation, any voting rights, any rights to receive dividends or other distributions or any other rights with respect to any Reference Item referenced by such Notes. For the avoidance of doubt, no BBVA affiliate is under any obligation whatsoever to acquire and/or hold any Reference Item.

The past performance of a Reference Item is not indicative of future performance.

Any information about the past performance of the Reference Item at the time of the issuance of the Notes should not be regarded as indicative of the range of, or trends in, fluctuations in the Reference Item that may occur in the future.

7. Risk Factors associated with Notes that are linked to one or more specific types of Reference Items

There are certain factors which are material for the purpose of assessing the risks associated with an investment in Notes issued under the Programme. Such factors will vary depending on the type of Notes issued, in particular in relation to Notes in respect of which the interest and/or redemption amount is linked to the value of one or more index, share, inflation index, unit, interest or share in a fund, the credit of one or more reference entity, foreign exchange rate or the combination of any of the foregoing.

Risks relating to Index Linked Notes.

The Issuer may issue Notes where the Final Redemption Amount or the amount of principal and/or interest payable is dependent upon the level of an index or indices ("**Index Linked Notes**").

Potential investors in any such Notes should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than

RISK FACTORS

expected and (iii) they may lose all or a substantial portion of their investment if the value of the index/indices does not move in the anticipated direction. In addition, movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the Final Redemption Amount or the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest payable and therefore on the amount of potential losses incurred, will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. The index may reference equities, bonds or other securities, or it may be a property index referencing certain property price data which will be subject to market price fluctuations. A property index may include valuations only and not actual transactions and the property data sources used to compile the index may be subject to change, which may adversely affect the return on the Notes.

Adjustment to indices for Index Linked Notes

If an index adjustment event (as described in "*Additional Terms and Conditions for Index Linked Notes*") occurs the Issuer may require the Calculation Agent to make such adjustments as it determines appropriate to the terms of the Notes or redeem the Notes. Such action may have an adverse effect on the value and liquidity of the affected Reference Item Linked Notes.

Returns on the Notes do not reflect direct investment in underlying shares or other assets comprising the index

The return payable on Notes that reference indices may not reflect the return a purchaser would realise if the Noteholder actually owned the relevant assets comprising the components of the index. For example, if the components of the indices are shares, Noteholders will not receive any dividends paid on those shares and will not participate in the return on those dividends unless the relevant index takes such dividends into account for purposes of calculating the relevant level. Similarly, Noteholders will not have any voting rights in the underlying shares or any other assets which may comprise the components of the relevant index. Accordingly, purchasers in Notes that reference indices as Reference Item may receive a lower payment upon redemption of such Notes than such purchaser would have received if the Noteholder had invested in the components of the index directly.

A change in the composition or discontinuance of an index could adversely affect the market value of the Notes

The sponsor of any index can add, delete or substitute the components of such index or make other methodological changes that could change the level of one or more components. The changing of components of any index may affect the level of such index as a newly added component may perform significantly worse or better than the component it replaces, which in turn may affect the payments made by the Issuer to the purchasers of the Notes. The sponsor of any such index may also alter, discontinue or suspend calculation or dissemination of such index. The sponsor of an index will have no involvement in the offer and sale of the Notes and will have no obligation to any purchaser of such Notes. The sponsor of an index may take any actions in respect of such index without regard to the interests of the purchasers of the Notes, and any of these actions could adversely affect the market value of the Notes.

Risks relating to Equity Linked Notes.

The Issuer may issue Equity Linked Notes where the amount of principal and/or interest payable are dependent upon the price of or changes in the price of shares or a basket of shares (or depositary receipts) or, depending on the price of or change in the price of shares or the basket of shares (or depositary receipts), where the Issuer's obligation on redemption is to deliver a specified number of shares ("**Equity Linked Notes**"). Accordingly an investment in Equity

RISK FACTORS

Linked Notes may bear similar market risks to a direct equity investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified shares and/or depositary receipts may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the share(s) and/or depositary receipt(s) does not move in the anticipated direction. In addition, the movements in the price of the share or depositary receipt or basket of shares and/or depositary receipts may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share(s) and/or depositary receipt(s), the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on principal or interest payable will be magnified. See also risk factor "*Risk of Leveraged Exposure*" above.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share(s) and/or depositary receipt(s), the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share(s) or depositary receipt(s) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares or depositary receipts may be traded.

A holder of the Notes will not be a beneficial owner of the underlying equity securities (or depositary receipts) and therefore will not be entitled to receive any dividends or similar amounts paid on the underlying equity securities, nor will a Noteholder be entitled to purchase the underlying equity securities (or depositary receipts) by virtue of their ownership of the Notes. Moreover, holders of the Notes will not be entitled to any voting rights or other control rights that holders of the underlying equity securities may have with respect to the issuer of such underlying equity securities. Unless otherwise specified in the Final Terms, the Interest Amount and/or Final Redemption Amount will not reflect the payment of any dividends on the underlying equity securities. Accordingly, the return on the Notes will not reflect the return an investor would realise if it actually owned the underlying equity securities and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Final Redemption Amount will not be the same yield as would be produced if the underlying equity securities were purchased directly and held for a similar period.

Determinations made by the Calculation Agent in respect of Potential Adjustment Events, Extraordinary Events and Additional Disruption Events may have an adverse effect on the value of the Notes

Upon determining that a Potential Adjustment Event, Extraordinary Event or Additional Disruption Event has occurred in relation to an underlying share or the issuer of such underlying share, the Calculation Agent has broad discretion to make certain determinations to account for such event including to (i) make adjustments to the terms of the Notes and/or (ii) (in the case of an Extraordinary Event or an Additional Disruption Event) cause early redemption of the Notes, any of which determinations may have an adverse effect on the value of the Notes.

Potential Adjustment Events (as defined in Equity Linked Condition 2) include (a) a sub-division, consolidation or re-classification of the relevant shares or a free distribution, or dividend of any such Shares to existing holders of the relevant shares by way of bonus, capitalisation or similar issue, (b) a distribution, issue or dividend to existing holders of the relevant shares of certain share capital or securities, (c) an extraordinary dividend, (d) a call by a Basket Company or Share Company, as the case may be, in respect of relevant shares that are not fully paid (e) a repurchase by the Basket Company or its subsidiaries or Share Company or its subsidiaries, as the case may be, of relevant shares, (f) in the case of a Basket Company or a Share Company an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Basket Company or Share Company, (g) any adjustment effected as a result of any shareholder rights plan or arrangement described in (f) and (h) any other event having a dilutive or concentrative effect on the value of the shares.

RISK FACTORS

Extraordinary Events include (a) a delisting of the shares on an exchange, (b) illiquidity (c) an insolvency (where all the shares of the issuer of the underlying shares are transferred to a trustee, liquidator or similar official or may not be legally transferred) or bankruptcy of the issuer of the shares, (d) a listing change; (e) a listing suspension; (f) a merger event entailing the consolidation of the shares with those of another entity, (g) a nationalisation of the issuer of the shares or transfer of the shares to a governmental entity and (h) a tender offer or takeover offer that results in transfer of the shares to another entity.

Additional Disruption Event means any of Change of Law, Failure to Deliver, Hedging Disruption, Increased Cost of Hedging, Increased Cost of Stock Borrow, Insolvency Filing, Stop-Loss Event and/or Loss of Stock Borrow, in each case if specified in the Final Terms.

Holders may receive physical delivery of Shares in lieu of payment of cash amounts

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering Shares to the purchaser of such Notes, the purchasers will receive such Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Shares and the risks associated with such Shares. Noteholders should not assume that they will be able to sell such Shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the Shares may only have a very low value or may, in fact, be worthless, in which case see risk factor "*Investors may lose the original invested amount*" above. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Shares.

Risks relating to Inflation Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level of an inflation index or indices ("**Inflation Linked Notes**").

Potential investors in any such Notes should be aware that depending on the terms of the Inflation Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the inflation index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the inflation index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an inflation index or result of a formula, the greater the effect on yield.

In certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem the Notes. Such action may have an effect on the value of the Notes.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation index or the indices on principal or interest payable will be magnified. See also risk factor "*Risk of Leveraged Exposure*" above.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the inflation index or indices. The level of the inflation index or indices may be affected by the economic, financial and political events in one or more jurisdictions.

Risks relating to Fund Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the price or changes in the price of units or shares in a fund or funds (including exchange traded fund(s)) or, depending on the price or changes in the price of units or shares in such fund or funds, where the Issuer's obligation on redemption is to deliver a specified amount of fund shares ("**Fund Linked Notes**"). Accordingly an investment in Fund Linked Notes may bear similar market risks to a direct fund investment and potential investors should take advice accordingly. Prospective investors in any such Notes should be aware that depending on the terms of the Fund Linked Notes (i) they may receive

RISK FACTORS

no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified Fund Shares may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the units, shares or interests in the fund or funds, the greater the effect on yield.

Prospective investors should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events, the Issuer may substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or, if no such fund is selected, with a replacement index, or redeem the Notes depending on whether such Extraordinary Fund Event is a Substitution Event or a Termination Event.

In the event that redemption proceeds in respect of the underlying Fund Shares are not received by the hedge provider on or prior to the Scheduled Maturity Date or Termination Date, such date may be postponed for a period of up to two calendar years (or such other period as may be specified in the Final Terms) and no additional amount shall be payable as a result of such delay.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest payable will be magnified. See also risk factor "*Risk of Leveraged Exposure*" above.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers, and, in particular, the investment advisor. Prospective investors should review carefully the prospectus, information memorandum and/or base prospectus (if any) issued by any relevant fund before purchasing any Notes. None of the Issuer, the Guarantor, any affiliate of the Issuer or Guarantor or the Calculation Agent make any representation as to the creditworthiness of any relevant fund or any such fund's administrative, custodian, investment manager or adviser.

Where the Issuer issues Fund Linked Notes linked to one or more funds, including hedge funds, the relevant Notes reflect the performance of such fund(s).

Funds may trade and invest in a broad range of investments such as debt and equity securities, commodities or commodity indices and foreign exchange and may enter into derivative transactions, including, without limitation, futures and options. Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

Holder may receive physical delivery of Fund Shares in lieu of payment of cash amounts

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering Fund Shares to the purchaser of such Notes, the purchasers will receive such Fund Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Fund Shares and the risks associated with such Fund Shares. The purchaser should not assume that the Noteholder will be able to sell such Fund Shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the Fund Shares may only have a very low value or may, in fact, be worthless, in which case see risk factor "*Investors may lose the original invested amount*" above. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Fund Shares.

For all the above reasons, investing directly or indirectly in funds is generally considered to be risky. If the underlying fund does not perform sufficiently well, the value of the Notes will fall, and may in certain circumstances be zero.

RISK FACTORS

Risks relating to Credit Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more entities (together "**Reference Entities**" and each, a "**Reference Entity**") and, if so, on the value of certain specified assets of such Reference Entity(ies) or, where, if such events have occurred, the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes.

Save where Maturity Credit Redemption applies or the Notes are Tranched Linear Basket Credit Linked Notes, or the Notes are Non-Tranched Linear Basket Credit Linked Notes where Credit Payment on Maturity applies, the Credit Linked Notes may then be redeemed prior to their scheduled maturity. Where Maturity Credit Redemption applies or where the Notes are Non-Tranched Linear Basket Credit Linked Notes where Credit Payment on Maturity Applies (as specified in the applicable Final Terms) maturity of the Credit Linked Notes may be delayed until scheduled maturity of the Credit Linked Notes, notwithstanding that this may occur a significant time following the occurrence of the relevant Credit Event and unless so elected in the applicable Final Terms no further interest will be payable in this period. Where the Notes are Tranched Linear Basket Credit Linked Notes, maturity of the Credit Linked Notes may be delayed until scheduled maturity of the Credit Linked Notes, notwithstanding that this may occur a significant time following the occurrence of the relevant Credit Event(s). Following the occurrence of a Credit Event Determination Date with respect to a number of Reference Entities that is greater than the L (being the lower tranche) number of Reference Entities specified in the Final Terms and each subsequent Credit Event Determination Date thereafter, interest will accrue on a decreased nominal amount of the Notes until a Credit Event Determination Date has occurred with respect to a number of Reference Entities that is equal to or greater than the H (being the higher tranche) number of Reference Entities specified in the Final Terms and at which point no further amounts shall be due in respect of the Notes.

Prospective investors in any such Notes should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the reference entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

This Base Prospectus contains Additional Terms and Conditions for Credit Linked Notes with terms based on the 2014 Credit Derivatives Definitions (the "**2014 ISDA Definitions**"). The provisions based on the 2014 ISDA Definitions are contained in Annex 7. The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a reference entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of Credit Linked Notes will be exposed to the credit of one or more Reference Entities, which exposure shall be, unless otherwise stated in the Final Terms, to the full extent of their investment in such Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for reasons unrelated to such Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls. See also the risk factor "*Risk of Leveraged Exposure*" above.

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero, and interest bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance.

Where physical settlement applies, the occurrence of a Credit Event may result in the redemption of the Notes by delivery of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount. Where the Notes provide for physical delivery, the Issuer

RISK FACTORS

may determine that the specified assets to be delivered are either (a) assets which, for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans), are impossible or illegal to deliver on the specified settlement date, or (b) assets which the Issuer, the Guarantor and/or any affiliate has not received under the terms of any transaction entered into by the Issuer, the Guarantor and/or such affiliate to hedge the Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. Prospective Investors should review the "*Terms and Conditions of the Notes*" and the Final Terms to ascertain whether and how such provisions should apply to the Notes.

Investors in the Notes are accordingly exposed, as to both principal and (if applicable) interest, to the credit risk of the Reference Entity. The maximum loss to an investor in the Notes is 100 per cent. of their initial principal investment, together with (if applicable) any accrued interest amounts.

A Credit Event may occur prior to the Trade Date

Holders of the Notes may suffer a loss of some or all principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their respective Affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Increased credit risk is associated with "First-to-Default" or "Nth-to-Default" Credit Linked Notes or Linear Basket Credit Linked Notes

Where the Notes are First-to-Default or Nth-to-Default Credit Linked Notes or Non-Tranched Linear Basket Credit Linked Notes, where Credit Payment As You Go applies, the Notes may be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the first or the nth or each Reference Entity in respect of which a Credit Event occurs. Where the Notes are Tranched Linear Basket Credit Linked Notes, the redemption amount of the Notes will only be reduced above upon the occurrence of a Credit Event in relation to a number greater than the L (being the lower tranche level) number of Reference Entities specified in the Final Terms but will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to a number equal to or greater than the H (being the higher tranche level) number of Reference Entities specified in the Final Terms. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities, including for Zero/Set Recovery Notes and Tranched Linear Credit Linked Notes.

Interest and principal repayments on the Notes may be calculated by reference to the Outstanding Nominal Amount of the Notes. As at the Issue Date the Outstanding Nominal Amount is an amount equal to the Aggregate Nominal Amount. If a Credit Event occurs in respect of a Reference Entity, then the Outstanding Nominal Amount may be reduced by an amount equal to a predefined portion of the Aggregate Nominal Amount which may be zero irrespective of the actual market recovery in respect of such Reference Entity. Therefore investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire principal amount invested.

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees which the Calculation Agent and the Issuer determine in a commercially

RISK FACTORS

reasonable manner are necessary to reflect or govern market practice for credit derivative transactions or hedging arrangements of the Issuer.

ISDA Credit Derivatives Definitions

Whilst there are many similarities between the terms used in this Base Prospectus, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in this Base Prospectus and the applicable Final Terms and that neither the 2003 ISDA Definitions nor the 2014 ISDA Definitions are incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates either the 2003 ISDA Definitions or the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2003 ISDA Definitions and the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how either set of the ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;

RISK FACTORS

- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in the Additional Terms and Conditions for Credit Linked Notes (2014 ISDA Credit Derivatives Definitions Version) in Annex 7 of this Base Prospectus, but in each case subject to important differences, including to reflect the nature of the Notes as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Notes and may be disadvantageous to Noteholders and prospective investors should review carefully the terms of any issue of Notes and, where in any doubt, take advice from suitably qualified professional advisers.

Risks relating to Auction Settlement of Credit Linked Notes

Where an Auction Final Price Determination Date occurs in respect of Credit Linked Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Noteholders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their Affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their Affiliates) shall be under any obligation to consider the interests of any Noteholder.

Risks relating to Foreign Exchange (FX) Rate Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Notes are denominated ("**Foreign Exchange (FX) Rate Notes**"). Accordingly an investment in Foreign Exchange (FX) Rate Notes may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Foreign Exchange (FX) Rate Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of assets may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion or all of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

The foreign exchange rate(s) to which the Notes are linked will affect the nature and value of the investment return on the Notes. The performance of foreign exchange rates are dependent upon the supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries

RISK FACTORS

concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks. Such measures include, without limitation, imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency. Where the Notes are linked to the currency of an emerging market jurisdiction, such risks may be magnified – see also risk factor "*Emerging Market Currencies*" above.

If the amount of principal and/or interest payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified. See also risk factor "*Risk of Leveraged Exposure*" above.

Payments of principal and interest or other obligations of the Issuer in respect of any Foreign Exchange (FX) Rate Notes may be restricted or varied upon the occurrence of certain disruption events applicable to the Notes. A relevant disruption event for an exchange rate may relate to inability to obtain a price for the exchange rate from the applicable price source(s), illiquidity, the split of any relevant currency into a dual exchange rate, inconvertibility, non-transferability, a material change in circumstances in the jurisdiction of the Subject Currency that makes it impossible to fulfil certain hedging arrangements, a nationalisation or variations in the prices quoted for the exchange on different sources being greater than a specified percentage threshold (or not quoted for by members of a survey used to determine such source) if specified for that rate in the terms and conditions of the Notes and/or the Final Terms.

Following a relevant disruption event, the applicable valuation date may be postponed so long as the relevant disruption event continues, the Calculation Agent may determine the applicable exchange rate, the Notes may be redeemed early (or on the originally designated date) by payment of the applicable early redemption amount rather than any amount that would have otherwise been calculated in respect of and due on the relevant date, the related date for payment or delivery may be deferred so long as the relevant disruption event continues or a fallback reference price source or sources may be used to calculate the rate instead of the originally designated price source. Potential investors in any Foreign Exchange (FX) Rate Notes should ensure that they have read and understood the terms and conditions of such Notes to understand which disruption events apply (and the consequences thereof) and should ensure that they are willing to accept the related risks prior to investing in the Notes, which risks include an adverse effect on (i) the value of, and/or amounts or assets due in respect of, the Notes due to the occurrence of any disruption event and application of the related disruption fallback(s); or (ii) an investor's investment schedule, timetable or plans if any due date for payment and/or delivery under the Notes is postponed as a consequence of a disruption event.

Notes which are issued at a substantial discount of premium may experience price volatility in response to changes in market interest rates.

The market values of Notes issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

There are specific risks with regard to Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the "*Terms and Conditions of the Notes*" provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

RISK FACTORS

8. Market Factors

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

There may be price discrepancies with respect to the Notes as between various dealers or other purchasers in the secondary market.

If at any time a third party dealer quotes a price to purchase Notes or otherwise values Notes, that price may be significantly different (higher or lower) from any price quoted by any affiliate of BBVA. Furthermore, if any Noteholder sells their Notes, the Noteholder will likely be charged a commission for secondary market transactions, or the price may reflect a dealer discount.

9. Potential Conflicts of Interest

The Issuer and/or the Guarantor are subject to various potential conflicts of interest in respect of the Notes, which could have an adverse effect on the Notes.

The Issuer, the Guarantor and its affiliates may take positions in or deal with Reference Item(s).

The Issuer, the Guarantor and its affiliates may:

- (a) in the ordinary course of business, effect transactions for their own account or for the account of their customers and hold long or short positions in the Reference Item(s) or related derivatives;
- (b) in connection with an offering of Notes, enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives; and/or
- (c) in connection with such hedging or market-making activities or with respect to proprietary or other trading activities, enter into transactions in the Reference Item(s) or related derivatives which may adversely (or positively) affect the price, liquidity or value of the relevant Notes and which could therefore be adverse to the interests of the relevant Noteholders.

The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders.

As the Calculation Agent will generally be the Guarantor or an affiliate of the Guarantor, potential conflicts of interest may exist between the Calculation Agent and the Noteholders, including with respect to the exercise of the very broad discretionary powers of the Calculation Agent. For example, the Calculation Agent has the authority (i) to determine whether certain specified events and/or matters so specified in the conditions relating to a Tranche of Notes have occurred and (ii) to determine any resulting adjustments and calculations or substitutions as described in such conditions. Potential purchasers should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Notes. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest or proven error) shall be binding on the relevant Issuer and all Noteholders.

RISK FACTORS

The Issuer and/or the Guarantor may have confidential information relating to the Reference Item and the Notes.

The Issuer and/or the Guarantor or its affiliates may from time to time, by virtue of their status as underwriter, advisor or otherwise, possess or have access to information relating to the Notes, the Reference Item and any derivative Notes referencing them. Such affiliates will not be obliged to disclose any such information to a purchaser of the Notes.

The Guarantor's securities as a Reference Item.

The Guarantor's shares or other instruments issued by the Guarantor may be/form part of a Reference Item in Index Linked Notes, Equity Linked Notes or other type of Notes. The Guarantor will have material information in relation to such Notes which the Guarantor will not be obliged to disclose to a purchaser of Notes.

Potential conflicts of interest relating to distributors or other entities involved in the offer or listing of the Notes.

Potential conflicts of interest may arise in connection with the Notes, as any distributors or other entities involved in the offer and/or the listing of the Notes as indicated in the Final Terms, may act pursuant to a mandate from the Issuer and/or the Guarantor and may receive commissions and/or fees on the basis of the services performed in relation to such offer and/or listing.

10. Calculation Agent Powers

The Calculation Agent will employ the methodology described in the Conditions to determine amounts payable or deliverable in respect of the Notes. When making any such determination in relation to any amounts so payable or deliverable, the Calculation Agent or any delegate may in its sole and absolute discretion consider a wide range of information.

Transfers of beneficial interests in Registered Global Notes will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. (e) Transfers of interests in Regulation S Global Notes

Prior to expiry of the applicable Distribution Compliance Period (as defined below), transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. person will only be made:

- (A) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a "**Transfer Certificate**"), copies of which are available from the specified office of any Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB who is also a QP (as defined below) in a transaction meeting the requirements of Rule 144A, and upon receipt by the Registrar of a representation letter substantially in the form set out in the Agency Agreement, amended as appropriate (an "**Investment Letter**"), from the transferee of the Note or beneficial interest therein to the effect that such transfer is being made to a person who certifies as to its status as a QIB who is also a QP; or
- (B) otherwise pursuant to the Securities Act (as defined below) or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

In the case of (A) above, such transferee may take delivery through a Legended Note (as defined below) in global or definitive form and, in the case of (B) above, such transferee may take delivery only through a Legended Note in definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interests in Regulation S Global Notes registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.

(f) Transfers of interests in Legended Notes

Transfers of Legended Notes or beneficial interests therein may be made:

TERMS AND CONDITIONS OF THE NOTES

- (A) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that, in the case of a Regulation S Global Note registered in the name of a nominee for DTC if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (B) to a transferee who takes delivery of such interest through a Legended Note:
 - (i) where the transferee is a person whom the transferor reasonably believes is a QIB and a QP in a transaction meeting the requirements of Rule 144A, or where the transferee is an Institutional Accredited Investor (as defined below) who is also a QP, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to a QIB who is also a QP or to an Institutional Accredited Investor who is also a QP (as applicable), together with a duly executed investment letter from the relevant transferee in the form set out in the Agency Agreement (an "**Investment Letter**"); or
 - (ii) where the transferee is an Institutional Accredited Investor (as defined below) who is also a QP, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor who is also a QP, together with a duly executed Investment Letter; or
- (C) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Notes transferred by Institutional Accredited Investors who are also QPs to QIBs who are also QPs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs who are also QPs or non-U.S. investors through DTC, Euroclear or Clearstream, Luxembourg, as appropriate, and the Registrar will arrange for any Notes which are the subject of such a transfer to be represented by the appropriate Registered Global Note, where applicable.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Notes or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

In the case of an Institutional Accredited Investor who is also a QP, or a QIB who is also a QP, if at any time the Issuer determines or is notified by the dealer in respect of the Notes specified in the Final Terms (the "**Dealer**") acting on behalf of the Issuer that such holder or transferee was in breach, at the time given or deemed to be given, of any of the representations or agreements set out in the Investment Letter or otherwise determines that any transfer or other disposition of any Notes would, in the sole determination of the Issuer or the Dealer acting on behalf of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act, such purchase or other transfer will be void *ab initio* and will not be honoured by the Registrar. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a Noteholder and the Issuer shall have the right, in accordance with the conditions of the Notes, to force the transfer of, transfer on behalf of the Noteholder or redeem, any such Notes.

- (g) Exchanges and transfers of Registered Notes generally

Holders of Registered Notes in definitive form, other than Institutional Accredited Investors who are also QPs, may exchange such Notes for interests in a Registered Global Note of the same type at any time.

TERMS AND CONDITIONS OF THE NOTES

(j) No transfer of Implicit Yield Notes to Spanish Individuals

The sale, transfer, or acquisition of Implicit Yield Notes (as defined below), including, but not limited to, Zero Coupon Notes, to or by individuals (*personas físicas*) who are tax resident in Spain (each a "**Spanish Individual**") is forbidden in all cases. Any transfer of Implicit Yield Notes to or by Spanish Individuals is not permitted and such transfer will be considered null and void by the Issuer and the Guarantor. Accordingly, neither the Issuer nor the Guarantor will recognise any Spanish Individual as an owner of Implicit Yield Notes.

For the purposes of these General Conditions:

"**Implicit Yield Notes**" means Notes in respect of which the income derives from (i) the difference between the redemption amount and the issue price of the Notes, or (ii), subject to the paragraph below, a combination of (A) an explicit coupon and (B) the difference between the redemption amount and the issue price of the Notes.

For the purposes of these Conditions and in accordance with Spanish tax regulations, Notes with the characteristics set out in (ii) above will only be deemed Implicit Yield Notes if the interest payable in each year (explicit coupon) is lower than the Interest Rate of Reference applicable as of the Issue Date.

The "**Interest Rate of Reference**" shall be the interest rate applicable to each calendar quarter determined by reference to 80 per cent. of the weighted average rate fixed in the preceding calendar quarter for a (i) 3 year Spanish Government Bond issues, if the Notes have a term of 4 years or less, (ii) 5 year Spanish Government Bond issues, if the Notes have a term of more than 4 years but equal or less than 7 years, or (iii) 10, 15 or 30 year Spanish Government Bond issues, if the Notes have a term of more than 7 years, all as determined by the Calculation Agent in a commercially reasonable manner.

The Issuer, the Guarantor, the Dealer, the Principal Paying Agent or any other party to this Programme shall not be liable to any Noteholder for any loss arising by operation of this General Condition 2(j).

3. Status of the Notes and the Guarantee

(a) Status of the Notes

The Notes and any related Coupons and Receipts constitute direct, unconditional and unsecured and unsubordinated obligations of the Issuer and rank *pari passu*, without any preference or priority among themselves and with all other outstanding unsecured and unsubordinated obligations of the Issuer present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditor's right.

In the event of insolvency of the Issuer, the court having jurisdiction to open an insolvency proceeding and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Council Regulation (EC) No 1346/2000, of 29th May 2000, on insolvency proceedings ("**Regulation 1346/2000**"), the Spanish Insolvency Law 22/2003, of 9th July 2003, as amended (the "**Spanish Insolvency Law**") and the Dutch Insolvency Law (*faillissementswet*) of 30th September, 1893, as most recently amended on 13th March, 2008 (the "**Dutch Insolvency Law**"). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

Under Regulation 1346/2000 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 1346/2000 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that the centre of main interests of the Issuer should be considered to be located in

TERMS AND CONDITIONS OF THE NOTES

Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

In the event of insolvency (*faillissement*) of the Issuer declared by a Dutch court (either principal or territorial proceedings), claims relating to Notes will be *pari passu* claims (*concurrente vorderingen*) as defined in the Dutch Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*boedelschuld*) and credits with a privilege (*voorrecht*). Ordinary credits rank above subordinated credits and the rights of shareholders.

In the event of insolvency (*concurso*) of the Issuer declared by a Spanish court (either principal or territorial insolvency proceedings) claims relating to Notes (which are not subordinated pursuant to article 92 of the Spanish Insolvency Law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) which shall be paid in full before ordinary credits. The claims of all creditors against the Issuer considered as "ordinary credits": will be satisfied pro rata in insolvency.. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of any Issuer. Claims in respect of interest on the Notes accrued but unpaid as of the commencement of any insolvency procedure in respect of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of article 92 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Issuer).

(b) Status of the Guarantee

The payment of principal and interest in respect of the Notes and any related Coupons and Receipts and all amounts due under the Deed of Covenant in respect of the Notes and any related Coupons and Receipts has been unconditionally and irrevocably (*solidariamente*) guaranteed by the Guarantor pursuant to the Guarantee.

The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Guarantor and rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

In the event of insolvency (*concurso*) of the Guarantor, under the Spanish Insolvency Law, claims of Noteholders (which are not subordinated pursuant to article 92 of the Insolvency law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) (including, without limitation, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) which shall be paid in full before ordinary credits. The claims of all creditors against the Guarantor considered as "ordinary credits" will be satisfied pro rata in insolvency. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of the Guarantor. Claims of Noteholders in respect of interest accrued but unpaid as of the commencement of any insolvency procedure in respect of the Guarantor shall constitute subordinated claims against the Guarantor ranking in accordance with the provisions of article 92 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Guarantor).

TERMS AND CONDITIONS OF THE NOTES

The obligations of the Guarantor under the Guarantee are also subject to the application of the general bail-in tool by the Fondo de Reestructuración Ordenada Bancaria or any successor resolution authority (the FROB) pursuant to Law 11/2015.

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each an "**Interest Period**" and each such latter date the "**Interest Period End Final Date**"). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such latter date. If a Business Day Convention (as defined in General Condition 4(h) below) is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(h)), then, the relevant Business Day Convention shall apply. For the purposes of this General Condition 4(a), "**Interest Period End Date**" shall mean each date so specified in the Final Terms. If no such date(s) is so specified, then the Interest Period End Date for an Interest Period shall be the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

If no Business Day Convention is specified as applicable to an Interest Period End Final Date in the Final Terms, except as provided in the Final Terms:

- (i) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (ii) the amount of interest payable on any other Interest Payment Date will, if so specified in the Final Terms, amount to the Broken Amount so specified.

Subject to the Payout Conditions, Interest shall be calculated by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of each Fixed Rate Note in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction (as defined in General Condition 4(h) below) specified in the Final Terms, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Notes Currency, half of any such sub-unit (as defined below) being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

TERMS AND CONDITIONS OF THE NOTES

(b) Interest on Floating Rate Notes and Reference Item Linked Interest Notes

(i) Interest Period End Dates and Interest Payment Dates

Each Floating Rate Note and, subject to the provisions of General Condition 4(d) below and unless otherwise specified in the Final Terms, each Reference Item Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, in accordance with General Condition 4(e)) in respect of each Interest Period (as defined in General Condition 4(a)). For the purposes of this General Condition 4(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the Final Terms, (x) in the case of Floating Rate Notes, each date which falls on the number of months or other period specified as the Specified Period in the Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date and (y) in the case of Reference Item Linked Interest Notes, the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(h) below), then the relevant Business Day Convention (as defined in General Condition 4(h) below) shall apply. Provided that, in any case, where Specified Periods are specified in accordance with General Condition 4(b)(i)(B) above, the Floating Rate Convention shall apply.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Reference Item Linked Interest Notes will be determined in the manner specified in the Final Terms.

(iii) ISDA Determination

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this subparagraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the Final Terms;
- (B) the Designated Maturity is a period specified in the Final Terms; and

TERMS AND CONDITIONS OF THE NOTES

- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the Final Terms.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(iv) Screen Rate Determination

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any successor to such page or service) as at the Specified Time indicated in the Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date (as defined below) in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded, as provided above) of such offered quotations; or
- (C) in the case of a CMS Rate, the rate for swap transactions in the currency to which the CMS Rate relates with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date as determined by the Principal Paying Agent or, in the event that the Principal Paying Agent determines it is not reasonably practicable to determine the Rate of Interest in such manner, the Rate of Interest will be determined by the Principal Paying Agent as such rate that it determines would have prevailed but for such impracticality by reference to such source(s) as it may select.

In the case of (A) and (B), the Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time indicated above or in the Final Terms. The Final Terms may, if agreed by the relevant Dealer, set out such provisions in full.

(v) Determination of Rate of Interest and Calculation of Interest Amount

The Principal Paying Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the Final Terms) for the relevant Interest Period.

TERMS AND CONDITIONS OF THE NOTES

Subject to the Payout Conditions, the Principal Paying Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes and Reference Item Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of each Floating Rate Note, Reference Item Linked Interest Note and Combination Interest Note in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (as defined in General Condition 4(h) below) specified in the Final Terms and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note and Reference Item Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(vi) **Minimum and/or Maximum Interest Rate**

If the Final Terms specifies a Minimum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the Final Terms do not specify a Minimum Interest Rate for any Interest Period, then the Rate of Interest for such Interest Period shall not be less than zero.

If the Final Terms specifies a Maximum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(vii) **Linear Interpolation**

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(viii) **Notification of Rate of Interest and Interest Amount**

TERMS AND CONDITIONS OF THE NOTES

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable), the Irish Stock Exchange (in the case of Notes which are listed on the Official List of the Irish Stock Exchange and the rules of such stock exchange so require) and, if applicable, to any other stock exchange on which the relevant Notes are for the time being listed. In addition, the Principal Paying Agent shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with General Condition 13 as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with General Condition 13.

(ix) Certificates to be Final

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this paragraph (b), by the Principal Paying Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent, the other Paying Agents and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Principal Paying Agent, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Zero Coupon Notes

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with General Condition 6(f) as its Amortised Face Amount. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield specified in the Final Terms. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360 day year consisting of 12 months of 30 days each and in the case of an incomplete month the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the Final Terms.

(d) Interest on Reference Item Linked Interest Notes

In the case of Reference Item Linked Interest Notes, where the Rate of Interest and/or the Interest Amount (whether on any Interest Payment Date, early redemption, maturity or otherwise) is to be determined by reference to one or more Reference Items, the Rate of Interest and/or the Interest Amount shall be determined where applicable as provided in the Payout Annex.

(e) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes) interest will accrue as aforesaid on the paid-up nominal amount of such Notes.

(f) Interest Payments and Accrual of Interest

Interest will be paid subject to and in accordance with the provisions of General Condition 5. Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless otherwise provided in these General Conditions or any Annex and otherwise unless, upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement as set out in the Final Terms (if applicable), is improperly withheld or refused, in

TERMS AND CONDITIONS OF THE NOTES

which event interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest at such day count fraction as the Principal Paying Agent determines appropriate or as otherwise provided in the Final Terms until whichever is the earlier of (i) the day on which all sums due and/or assets comprised in the Entitlement in respect of such Note up to that day are received by or on behalf of the holder of such Note and (ii) the day on which the Principal Paying Agent or any agent appointed by the Issuer to deliver such assets to Noteholders has notified the holder thereof (either in accordance with General Condition 13 or individually) of receipt of all sums due and/or assets comprised in the Entitlement in respect thereof up to that date (subject, in the case of Credit Linked Notes, to the provisions of Credit Linked Condition 5).

(g) Calculation Agent

- (i) If a Calculation Agent is specified in the Final Terms, any determination specified in General Conditions 4(b) to (f) (inclusive) as being determinations to be made by the Principal Paying Agent will instead be made by the Calculation Agent as if references to the Principal Paying Agent in such General Conditions (and related provisions of the Agency Agreement) were to the Calculation Agent. The Calculation Agent will notify any amount of interest to the Principal Paying Agent as soon as reasonably practicable following its determination.
- (ii) A Calculation Agent must be appointed for the determination of the Rate of Interest where such determination is other than a single determination of the Rate of Interest for each Interest Period that is made in accordance with this General Condition 4 and the related provisions of the Agency Agreement and without the imposition of any additional duties on the Principal Paying Agent.

(h) Definitions

In these General Conditions, unless the context otherwise requires, the following defined terms shall have the meaning set out below:

"**Business Day**" means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the Final Terms; and

 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

"**Determination Date(s)**" means the date(s) specified in the Final Terms;

"**Determination Period**" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

For the purposes of this General Condition 5, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed also to refer to delivery of any Entitlement(s).

(a) Method of Payment

(i) Registered Notes

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in a global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (the "Record Date"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the nominal amount of the Notes held by a holder is less than US\$250,000 (or integral multiples of US\$1,000 in excess thereof) (or its approximate equivalent in any other currency), payment will instead be made by a cheque in the relevant currency of payment drawn on a Designated Bank (as defined below). For these purposes, "Designated Account" means the account

TERMS AND CONDITIONS OF THE NOTES

(which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a currency other than euro) a bank in the principal financial centre of the country of such currency (which, if such currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the currency of payment drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in a global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the nominal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this General Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

None of the Issuer, the Guarantor or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a currency other than US dollars shall be paid by transfer by the Registrar to an account in the relevant currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in US dollars in accordance with the provisions of the Agency Agreement.

If any Definitive Bearer Notes are redeemed or become repayable prior to the Maturity

TERMS AND CONDITIONS OF THE NOTES

Unmatured Receipts and Receipts presented without the Definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer. All payments of interest and principal with respect to Bearer Notes will be made only against presentation and surrender of the relevant Bearer Notes, Coupons or Receipts outside the United States (which expression, as used herein, means the United States of America and except as otherwise provided in the third succeeding paragraph. No payment with respect to the Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the holder in the United States.

Subject as provided below and subject also as provided in the Final Terms, payments in respect of definitive Notes (other than Foreign Exchange (FX) Rate Notes) denominated in a currency (other than euro) or, in the case of Foreign Exchange (FX) Rate Notes, payable in a currency (other than euro) will (subject as provided below) be made by a cheque in the currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Principal Paying Agent, by transfer to an account in the currency maintained by the payee with, a bank in the principal financial centre of the country of such currency. Payments of principal and interest (if any) in respect of Notes represented by any Global Note will be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which such Global Note is presented for the purpose of making such payment, and such record shall be *prima facie* evidence that the payment in question has been made.

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer or the Guarantor in respect of any payments due in respect of such Global Note.

(iv) Payments in United States

Notwithstanding the foregoing, payments in respect of Bearer Notes denominated and payable in US dollars will be made at the specified office of any Paying Agent in the United States if (a) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount due on the Bearer Notes in the manner provided above when due; (b) payment of the full amount due at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in US dollars; and (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences for the Issuer and the Guarantor.

TERMS AND CONDITIONS OF THE NOTES

(v) Coupons

Fixed Rate Bearer Notes in definitive form should be presented for payment with all unmatured Coupons appertaining thereto (which expression shall include Coupons to be issued on exchange of Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Coupon which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in General Condition 7) for the payment of such sum due for payment, whether or not such Coupon has become void pursuant to General Condition 10 or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Where any Floating Rate Note, Index Linked Note, Equity Linked Note, Inflation Linked Note, Fund Linked Note, Credit Linked Note, Foreign Exchange (FX) Rate Linked Note or Combination Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity of the Issuer or the Guarantor (if applicable).

(vi) Payments

If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to General Condition 10) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of General Condition 11. Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

Payments in respect of the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of General Condition 7.

(vii) HIRE Act and FATCA

(B) Determinations and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A), shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

The relevant Clearing System or the relevant Registrar or Paying Agent, as applicable, shall use its reasonable efforts as soon as reasonably practicable to notify the Noteholder submitting an Asset Transfer Notice, if, in consultation with the Principal Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Paying Agents, the Registrar or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Noteholder.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Entitlement will be delivered on the date fixed for redemption (such date, subject to adjustment in accordance with this General Condition 5(b), the "**Delivery Date**") or (in the case of Credit Linked Notes) Delivered on the Credit Settlement Date, in each case at the risk of the relevant Noteholder in the manner provided below and provided that, in each case, the Asset Transfer Notice is duly delivered as provided above not later than the close of business in each place of reception on the Cut-Off Date.

TERMS AND CONDITIONS OF THE NOTES

soon as reasonably practicable following determination of the Assessed Value Payment Amount, or (b) if "Assessed Value Payment Amount" is not specified as applicable in the Final Terms, the Issuer's obligations in respect of such Note and the Guarantor's obligations pursuant to the Guarantee in respect of such Note shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor, as applicable. Upon payment of the Assessed Value Payment Amount, if applicable, the Issuer's and the Guarantor's obligations in respect of such Note shall be discharged. For the avoidance of doubt, in the circumstances described above, such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of a failure to give an Asset Transfer Notice in relation to a Delivery Date or the Credit Settlement Date, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor as applicable.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver (or procure the delivery) or Deliver (or procure the Delivery) of the Entitlement for each Note, in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery or Delivery, as the case may be, of the Entitlement, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery or Delivery of the Entitlement shall be made until all Expenses have been paid by the relevant Noteholder to the satisfaction of the Issuer.

(C) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Noteholder.

Following the Delivery Date or Credit Settlement Date in respect of a share forming part of the Entitlement, all dividends on the relevant shares to be delivered will be payable to the relevant party according to market practice assuming a sale of the shares has been executed on the Delivery Date or Credit Settlement Date. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in General Condition 5(b)(i)(A)(1).

For such period of time after delivery or Delivery of the Entitlement until the Delivery Date or the Credit Settlement Date (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations.

TERMS AND CONDITIONS OF THE NOTES

(D) Settlement Disruption

The provisions of this General Condition 5(b)(i)(D) apply to Notes other than Credit Linked Notes.

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the Final Terms or such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with General Condition 13. Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that a Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

"Disruption Cash Redemption Amount" means, in respect of any relevant Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

"Settlement Business Day" has the meaning specified in the Final Terms; and

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the Conditions and/or the Final Terms.

(E) Failure to Deliver due to Illiquidity

The provisions of this General Condition 5(b)(i)(E) apply to the Notes other than Credit Linked Notes.

TERMS AND CONDITIONS OF THE NOTES

If "Failure to Deliver due to Illiquidity" is specified as applying in the Final Terms and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the "**Affected Relevant Assets**") comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a "**Failure to Deliver due to Illiquidity**"), then:

- (1) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated date of redemption in accordance with this General Condition 5(b); and
- (2) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Failure to Deliver Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with General Condition 13. Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that the provisions of this General Condition 5(b)(i)(E) apply.

For the purposes hereof, "**Failure to Deliver Redemption Amount**" means, in respect of any relevant Note, the fair market value of such Note (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or any of its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion.

(ii) Variation of Settlement

If the Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with General Condition 13.

(iii) Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount

Notwithstanding any provision of these General Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of Notes to which this General Condition 5(b) applies, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises assets which are not freely tradable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other assets which the Calculation Agent determines, in its sole and absolute discretion, are freely tradable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Delivery Date of an amount equal to the fair market value of the Entitlement on or about the time of so electing as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with General Condition 13 and in the event that the Issuer elects

TERMS AND CONDITIONS OF THE NOTES

to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradable**" security shall mean (i) with respect to the United States, a security which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such security and not purchased from an affiliate of the issuer of such security or which otherwise meets the requirements of a freely tradable security for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a security not subject to any legal restrictions on transfer in such jurisdiction.

(iv) Rights of Noteholders and Calculations

None of the Issuer, the Guarantor (if applicable), the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(v) For the purposes of the General Conditions:

"**Affiliate**" means, in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "control" means ownership of a majority of the voting power of an entity; and

"**Assessed Value Payment Amount**" means, in respect of a Note, an amount determined by the Calculation Agent to be the fair market value of the assets comprised in the Entitlement in respect of such Note less the cost to the Issuer and/or its Affiliates of unwinding any underlying relating hedging arrangements, all as determined by the Issuer.

6. Redemption and Purchase

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, each Note (other than a Credit Linked Note) will be redeemed by the Issuer at its relevant Final Redemption Amount in the Specified Notes Currency on the Maturity Date specified in the Final Terms or, if Physical Settlement is specified as applicable in the Final Terms (each such Note a "**Physical Delivery Note**") by delivery of the Entitlement (as provided in General Condition 5(b) above) on the Delivery Date. Notes may not be redeemed other than in accordance with these General Conditions and any applicable Annex.

The "**Final Redemption Amount**" shall be an amount in respect of each Calculation Amount, equal to the Calculation Amount multiplied by: (i) the percentage or (ii) the Final Payout specified in the Final Terms. For the avoidance of doubt, if the Final Payout is zero, no amount shall be payable on the final redemption of the Note.

The "**Entitlement**", in respect of each Calculation Amount, shall be a quantity of the Relevant Asset(s) (and any cash amount to be delivered as a result of rounding down) specified in the Final Terms equal to the Entitlement Amount specified in the Final Terms or, in the case of Credit Linked Notes, the Deliverable Obligations to be delivered pursuant to the Credit Linked Conditions.

"**Relevant Asset(s)**" means the relevant asset(s) so specified in the Final Terms.

TERMS AND CONDITIONS OF THE NOTES

(b) Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 30 or more than 60 days' notice to the Principal Paying Agent and, in accordance with General Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) (A) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged under Spanish law to pay additional amounts as provided or referred to in General Condition 7 or the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts (as defined in General Condition 7); or (B) there is any change after the Issue Date of the Notes in the application or binding official interpretation of the Spanish laws or regulations as a result of which withholding tax is applicable to the Notes, which change or amendment becomes effective on or after the issue date of the Notes; and
- (ii) in the case of (i)(A) above, such obligation to pay additional amounts cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this General Condition, the Issuer or, as the case may be, the Guarantor shall deliver to the Principal Paying Agent a certificate signed by two Directors of the Issuer (or if at the time that such certification is to be given the Issuer has only one Director, such certificate may be signed by such Director) or, as the case may be, by a duly authorised signatory of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts.

Each Note redeemed pursuant to this General Condition 6(b) will be redeemed at its Early Redemption Amount referred to in paragraph (f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

(c) Redemption for Illegality

In the event that the Issuer determines in good faith that the performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in paragraph (f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

(d) Redemption at the Option of the Issuer (Issuer Call)

If "**Issuer Call Option**" is specified as being applicable in the Final Terms, the Issuer may, having given:

- (i) not less than 5 days' (or such other notice period specified in the Final Terms) notice to the Noteholders in accordance with General Condition 13; and

TERMS AND CONDITIONS OF THE NOTES

- (ii) not less than 4 days before the giving of the notice referred to in (i), notice to the Principal Paying Agent,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and each at the Optional Redemption Amount(s) specified in, or determined on the Optional Redemption Valuation Date in the manner specified in, the Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any partial redemption must be of a nominal amount equal to the Minimum Redemption Amount or, if applicable, a Higher Redemption Amount as specified in the Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or DTC, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with General Condition 13 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that the aggregate nominal amount of Redeemed Notes represented by definitive Notes shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with General Condition 13 at least five days prior to the Selection Date.

- (e) Redemption at the Option of the Noteholders (Noteholder Put)

If "**Noteholder Put Option**" is specified as being applicable in the Final Terms, upon the holder of any Note giving to the Issuer in accordance with General Condition 13 not less than 15 or more than 30 days' notice (or such other minimum and/or maximum notice period specified in the Final Terms) (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem in whole but not in part, subject to and in accordance with the terms specified in the Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined on the Optional Redemption Valuation Date specified in the Final Terms, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the Notes its holder must, if the Notes are in definitive form and held outside Euroclear and Clearstream, Luxembourg and/or DTC, deliver at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed. If a Note is in definitive bearer form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to its order or under its control. If a Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg and/or DTC, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg and/or DTC (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg

TERMS AND CONDITIONS OF THE NOTES

and/or DTC or any common depository for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg and/or DTC from time to time, and, if a Note is a Bearer Note represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Principal Paying Agent for notation accordingly.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, and/or Clearstream Luxembourg and/or DTC given by a holder of any Note pursuant to this General Condition 6(e) shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this General Condition 6(e) and instead to declare such Note forthwith due and payable pursuant to General Condition 9.

(f) Early Redemption

For the purposes of paragraph (c), General Condition 9 and any circumstances where the Notes are to be redeemed prior to their Maturity Date at their Early Redemption Amount (as defined below), each Note will be redeemed at an amount (the "**Early Redemption Amount**") calculated as follows and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date:

- (i) in the case of any Note, other than a Zero Coupon Note to which paragraph (ii) below applies, at an amount determined by the Calculation Agent on the second Business Day immediately preceding the due date for the early redemption of the Notes, representing such Note's *pro rata* share of (a) the fair market value of such Notes taking into account all factors which the Calculation Agent determines relevant (including, if applicable, any interest provision of the Note and the event which resulted in such redemption) less (b) all costs incurred by the Issuer, the Guarantor or any of its Affiliates in connection with such early redemption, including, without limitation, any costs associated with unwinding any underlying related hedging arrangements, and all other expenses related thereto, as determined by the Calculation Agent in good faith and in a commercially reasonable manner; or
- (ii) in the case of a Zero Coupon Note the Early Redemption Amount of which is not linked to an index, a formula or other Reference Item at an amount (the "**Amortised Face Amount**") equal to the sum of:
 - (A) the Reference Price specified in the Final Terms; and
 - (B) the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price in respect of each Interest Period from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed in such incomplete month.

For the purposes of (i)(a) above where the relevant Notes provide for any minimum amount(s) of cash or assets to be payable or deliverable this shall be taken into account in determining the fair market value. However, the Calculation Agent shall reduce (i.e. discount) the value of such amounts in determining the fair market value to take into account the length of time remaining to the first possible date on which such amount(s) would otherwise have been payable or deliverable. Such discounting may be determined by reference to such information as the Calculation Agent may select which may include risk free rate(s).

The Calculation Agent shall also take into account appropriate values for any other amount which would or could otherwise have been payable or deliverable under the relevant Notes. This may include the element of the return on the Notes determined by reference to the relevant assets or reference basis(es) to which the Notes relate (i.e. a derivative element). The relevant value for this

TERMS AND CONDITIONS OF THE NOTES

element of the Notes may be determined by reference to the cost at the relevant time of entering into a transaction to provide similar amounts.

(g) Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Notes purchased as aforesaid may, at the option of the Issuer, the Guarantor or their respective subsidiaries, as the case may be, be held, reissued, resold or surrendered to any Paying Agent and/or the Registrar for cancellation except that all Notes in definitive form purchased by the Issuer must be surrendered for cancellation.

(h) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (g) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(i) Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the Final Terms. In the case of Notes in definitive form, all instalments (other than the final instalment) will be paid by surrender of, in the case of a Definitive Bearer Note, the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of a definitive Registered Note, the relevant Note and issue of a new Note in the nominal amount remaining outstanding, all as more fully described in General Condition 5. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (f) above.

(j) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (b), (d) or (e) above is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (f)(ii) of this General Condition 6 above as though the references therein to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with General Condition 13.

(k) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this General Condition 6.

7. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by or on behalf of the Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Kingdom of Spain ("**Spain**")

TERMS AND CONDITIONS OF THE NOTES

or any political subdivision or authority thereof or therein having the power to tax unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor, as applicable (or, as the case may be, the relevant Paying Agent) will account to the relevant authorities for the amount required to be withheld or deducted and will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with Spain other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in General Condition 5(a)); or
- (iii) presented for payment by or on behalf of a holder of the Notes in respect of which the Issuer has not been provided by the Paying Agent with the correspondent Annex as it is required in order to comply with Additional Provision One of Spanish Law 10/2014, RD 1065/2007 as amended by RD 1145/2011 (and any other regulations or interpretations that may be enacted by the Government or the Tax Authorities), no later than 10.00 a.m. (CET) on the 10th calendar day of the month following the relevant date upon which the payment was due (or if such date is not a day on which commercial banks are open for general business in Spain, the immediately preceding such date); or
- (iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

In these General Conditions, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with General Condition 13.

8. Redenomination

(a) Redenomination

Where redenomination is specified in the Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Principal Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with General Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Notes Currency, converted into euro at the Established Rate, provided that,

TERMS AND CONDITIONS OF THE NOTES

if the Issuer determines, with the agreement of the Principal Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;

- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations agreed at the time by the Issuer and the Principal Paying Agent;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Notes Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Notes Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Notes Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vii) if the Notes are Floating Rate Notes, the Final Terms will specify any relevant changes to the provisions relating to interest; and
- (viii) such other changes shall be made to these General Conditions as the Issuer may decide, after consultation with the Principal Paying Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

(b) Definitions

In these General Conditions, the following expressions have the following meanings:

TERMS AND CONDITIONS OF THE NOTES

"**Treaty**" means the Treaty establishing the European Community, as amended by the Treaty on European Union as amended by the Treaty of Amsterdam.

9. Events of Default

If any of the following events (each an "**Event of Default**") shall have occurred and be continuing::

- (ii) a default is made in the performance by the Issuer or the Guarantor of any other obligation under the provisions of the Notes or under the provisions of the Guarantee relating to the Notes and such default continues for more than 60 days following service by a Noteholder on the Issuer and the Guarantor of a notice requiring the same to be remedied; or

For the purpose of General Condition 9(v), (vi) and (vii) a report by the auditors for the time being of the Issuer or the Guarantor, as the case may be, as to whether any part of the undertaking, business or assets of the Issuer or the Guarantor is "substantial" shall, in the absence of manifest error, be conclusive.

Noteholders may not be able to exercise their rights on an event of default in the event of the adoption of any resolution measure under Law 11/2015.

The Spanish Insolvency Law provides: (i) that any claim not included in the company's accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency may become subordinated, (ii) that provisions in certain contracts granting one party the right to terminate on the other's insolvency are not enforceable and (iii) for the further accrual of interest to be suspended from the date of declaration of insolvency (subject to certain exceptions).

10. Prescription

Claims for payment of principal in respect of the Notes shall be prescribed upon the expiry of 10 years from the due date thereof and claims for payment of interest (if any) in respect of the Notes shall be prescribed upon the expiry of five years, from the due date thereof. There shall not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this General Condition 10 or General Condition 5 above.

11. Replacement of Notes, Receipts, Coupons and Talons

If any Note (including any Global Note), Receipt, Coupon or Talon is mutilated, defaced, stolen, destroyed or lost, it may be replaced at the specified office of the Principal Paying Agent or the Registrar, as the case may be, upon payment by the claimant of the costs incurred in connection therewith and on such terms as to evidence and indemnity, as the Issuer and the Principal Paying Agent or the Registrar may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued. Cancellation and replacement of Notes, Receipts, Coupons or Talons shall be subject to compliance with such procedures as may be required under any applicable law and subject to any applicable stock exchange requirements.

TERMS AND CONDITIONS OF THE NOTES

12. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

13. Notices

All notices regarding the Bearer Notes will be deemed to be validly given if published in one leading English language daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or any other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or admitted to trading by another relevant authority, such notice will be published in a manner which complies with the rules of that stock exchange or relevant authority.

Until such time as any definitive Notes are issued, notice may be given (so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC (instead of by way of publication in a newspaper or mailing)) by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the Notes, except that for so long as any Notes are listed on a stock exchange or admitted to listing by another relevant authority, such notice will be also published in a manner which complies with the rules of that stock exchange or relevant authority by the Issuer. Any such notice shall be deemed to have been given to the holders of the Notes on the day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, may approve for this purpose.

14. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement. Such a meeting may and, if required in writing by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding, shall be convened by the Issuer. At a meeting of the holders of the Notes for the purpose of, amongst others, approving a modification or amendment to, or obtaining a waiver of any covenant or condition set forth in the Notes, the Receipts, the Coupons or the Agency Agreement, persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum. In the absence of a quorum at any such meeting that is not a meeting convened upon the requisition of Noteholders, within 30 minutes of the time appointed for such meeting, the meeting may be adjourned for a

TERMS AND CONDITIONS OF THE NOTES

period of not less than 14 days, in the absence of a quorum any meeting that is convened on the requisition of Noteholders shall be dissolved; the persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum for the taking of any action set forth in the notice of the original meeting. At a meeting or an adjourned meeting duly convened and at which a quorum is present as aforesaid, any Extraordinary Resolution to, amongst others, modify or amend any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement (other than those items specified in General Condition 14(i) and (ii)), or to waive compliance with, any of the terms and conditions of the Notes shall be effectively passed if passed by a majority consisting of at least 75 per cent. of the votes cast.

The Principal Paying Agent, the Issuer and the Guarantor may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer or the Guarantor are incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders, in accordance with General Condition 13 as soon as practicable thereafter.

15. Agents and Registrar

The names of the initial Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (i) there will at all times be a Principal Paying Agent and a Registrar;
- (ii) so long as the Notes are listed on any stock exchange or admitted to listing by any relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of such other stock exchange or other relevant authority;
- (iii) there will at all times be a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and
- (iv) so long as any of the Registered Global Notes payable in a Specified Notes Currency other than US dollars are held through DTC or its nominee, there will at all times be an Exchange Agent with a specified office in New York City.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in General Condition 5(a). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with General Condition 13, provided that no such variation, termination, appointment or changes shall take effect (except in the case of insolvency) within 7 days before any due date for the payment of any Note or any related Receipt or Coupon. Notice of all changes in the identities or

TERMS AND CONDITIONS OF THE NOTES

specified offices of any Agent will be given promptly by the Issuer to Noteholders in accordance with General Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer and the Guarantor (if applicable) to the Noteholders, Receiptholders and Couponholders, to repay Notes and pay interest thereon) funds received by the Principal Paying Agent for the payment of the principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders or Couponholders until the expiration of the relevant period of prescription under General Condition 10. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

All calculations, determinations, decisions, selections, elections and opinions made by the Calculation Agent shall be made in its discretion in accordance with the Conditions of the Notes, having regard in each case to any criteria stipulated therein, and shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the other Agents and the Noteholders.

In exercising its discretion as described above, the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include, in particular, any circumstances or events which have or may have a material impact on the hedging arrangements (as described below) entered into by the Issuer and/or any of its Affiliates and/or any other relevant party (each a "**Relevant Party**") in respect of the Notes. The exercise of the Calculation Agent's discretion in respect of the Notes as provided herein is necessary because certain circumstances or events (for example a material modification or disruption to a relevant asset(s) to which the Notes are linked) may occur subsequent to the issuance of the Notes which may materially affect the costs to the Relevant Party of maintaining the Notes or any relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Notes. In addition, as a result of certain circumstances or events (e.g. unavailability or disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of any relevant asset(s) to which the Notes are linked or otherwise in connection with the Notes to be made, thus making it necessary for the Calculation Agent to exercise its discretion in such a case.

16. Substitution

(a) Substitution of the Issuer

(i) The Issuer may, without the consent of the Noteholders (and by subscribing any Notes, each Noteholder expressly consents to it), be replaced and substituted by the Guarantor or any other company of which 100 per cent. of the shares or other equity interests (as the case may be) carrying the right to vote are directly or indirectly owned by the Guarantor as principal debtor (in such capacity, the "**Substituted Debtor**") in respect of the Notes provided that:

(A) a deed poll and such other documents (if any) shall be executed by the Substituted Debtor, the representative for the relevant Series of Notes in the applicable public deed of issuance (the "**Representative**"), the Issuer and (if the Substituted Debtor is not the Guarantor) the Guarantor as may be necessary to give full effect to the substitution (together the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder to be bound by the "*Terms and Conditions of the Notes*" and the provisions of the Agency Agreement and the Deed of Covenant, as fully as if the Substituted Debtor had been named in the Notes, the Agency Agreement and the Deed of Covenant as the principal debtor in respect of the Notes in place of the Issuer (or any previous substitute) and (if the Substituted Debtor is not the Guarantor)

The Documents shall also contain a covenant by the Substituted Debtor and (if the Substituted Debtor is not the Guarantor) the Guarantor to indemnify and hold harmless each Noteholder against all taxes or duties which arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred or levied against such holder as a result of any substitution pursuant to this General Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, any and all taxes or duties which are imposed on any such Noteholder by any political sub-division or taxing authority of any country in which such Noteholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

- (F) the Guarantor shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer, the Substituted Debtor and the Guarantor from a leading firm of Spanish lawyers acting for the Guarantor to the effect that in the case where the Substituted Debtor is not the Guarantor, the Documents (including the New Guarantee given by the Guarantor in respect of the Substituted Debtor) constitute legal, valid and binding obligations of the Guarantor, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Debtor for the Issuer

The execution of the Documents shall operate to release the Issuer (or such previous substitute as aforesaid) from all of its obligations in respect of the Notes.
 - (iii) The Documents shall be deposited with and held by the Principal Paying Agent and the Registrar for so long as any Note remains outstanding and for so long as any claim made against the Substituted Debtor or (if the Substituted Debtor is not the Guarantor) the Guarantor by any Noteholder in relation to the Notes or the Documents shall not have been finally adjudicated, settled or discharged. (a) **Governing Law**

Nothing herein shall affect the right to serve process in any other manner permitted by law.

ADDITIONAL TERMS AND CONDITIONS FOR PAYOUTS

ANNEX 1

ADDITIONAL TERMS AND CONDITIONS FOR PAYOUTS

*If specified as applicable in the Final Terms, the terms and conditions applicable to payouts shall comprise the General Conditions and the additional terms and conditions for payouts set out below (the "**Payout Conditions**"), together with the terms and conditions as set out in each other Annex which is specified as applicable in the Final Terms and subject to completion in the Final Terms. In the event of any inconsistency between (i) the General Conditions and/or any other Annex and (ii) the Payout Conditions, the Payout Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or any other Annex and/or the Payout Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

1 Structured Notes

(a) Use of Payout Conditions

These Payout Conditions set out the methodology for determining various payouts and product features in respect of the Notes. The applicable text shown in Payout Conditions 2, 3, 4 and 5 below will be extracted, included and completed at the paragraph indicated in the Final Terms on the basis that (i) applicable text (including, where appropriate, section headings and terms defined in Payout Condition 5 which are required to be completed) from the relevant Payout Condition will be set out at the paragraph indicated in the Final Terms and (ii) inapplicable text (and any terms defined in Payout Condition 5 which are not required to be completed) need not be included.

(b) Use of Terms

Terms in these Payout Conditions or in the Final Terms may be attributed a numerical or letter suffix value when included in the Final Terms. Without limitation, the suffix can be denoted as "j", "k", "m", "q", "n", "t", "i", "A", "B", "C" or "1", "2", "3" etc. and the term may be completed on the basis of the number or numbers represented by j, k, m, q, n, t, i, "A", "B", "C" or 1, 2, 3 etc. as chosen at the time of an issue of Notes. Moreover suffixes may be placed in series as necessary, such as "A(1)", "B(1)", "C(1)" etc. When applicable and in order to improve the reading and intelligibility of the formula(e) in the Final Terms, the applicable suffixes may be included, completed and the relation between the term and the suffix will be explained and may be presented as a table, if necessary, in the Final Terms. A term in Payout Condition 5 may be included in the applicable Final Terms section more than once if there is more than one number represented by the term n, t or i. Conjunctions (e.g. or, and, but) and punctuation may also be included where appropriate. Suffixes may denote that a relevant term relates to an asset, item or date associated with that suffix.

The constituent parts of any formula(e) or term(s) used in these Payout Conditions and that are to be specified in the Final Terms may be replaced in the Final Terms by the prescribed amount, level, or percentage or other value or term (the "**Variable Data**"). If a Variable Data has a value of either 0 (zero) or 1 (one), or is not applicable in respect of the relevant formula(e), then the related formula(e) may be simplified, for the purpose of improving the reading and intelligibility in the formula(e) in Final Terms, by deleting such Variable Data.

(c) Note Types

The Final Terms will specify the Interest Basis applicable in respect of a Note. Such Notes are, where the Interest Basis is: Index Linked Interest, an "**Index Linked Interest Note**"; Equity Linked Interest, an "**Equity Linked Interest Note**"; Inflation Linked Interest, an "**Inflation Linked Interest Note**"; Reference Item Rate Linked Interest, a "**Reference Item Rate Linked Interest Note**"; Fund Linked Interest, a "**Fund Linked Interest Note**" or "**Credit Linked Note**"; Foreign Exchange (FX) Rate Linked Interest, a "**Foreign Exchange (FX) Rate Linked Interest Note**" or where a combination of any two or more Interest Bases, a "**Combination Interest Note**" (each, a "**Reference Item Linked Interest Note**").

Such Notes are, where the Redemption Basis is: Index Linked Redemption; an "**Index Linked Redemption Note**"; Equity Linked Redemption, an "**Equity Linked Redemption Note**"; Inflation Linked Redemption, an "**Inflation Linked Redemption Note**"; Reference Item Rate Linked Redemption, a "**Reference Item Rate Linked Redemption Note**"; Fund Linked Redemption, a "**Fund Linked Redemption Note**"; Credit Linked Redemption, a "**Credit Linked Redemption Note**"; or "**Credit Linked Note**", Foreign Exchange (FX) Rate Linked Redemption, a "**Foreign Exchange (FX) Rate Linked Redemption Note**" or where a combination of any two or more Redemption Bases, a "**Combination Redemption Note**" (each, a "**Reference Item Linked Redemption Note**").

6 Settlement Exchange Rate Provisions

If Settlement Exchange Rate Provisions are specified as applicable in the Final Terms, then notwithstanding the Notes are denominated in, and calculations made in respect of, the Specified Notes Currency (the "**SER Subject Currency**"), all payments shall be made in the Settlement Currency (the "**Settlement Currency**" or the "**SER Base Currency**").

The Calculation Agent will determine the amount to be paid in the SER Base Currency by applying the Settlement Exchange Rate to the amount that would have been payable in the SER Subject Currency were it not for the provisions of this Payout Condition 6.

ADDITIONAL TERMS AND CONDITIONS FOR PAYOUTS

Any such payment shall be made on the date such payment would have otherwise been due provided that, if limb (b) of the definition of "Settlement Exchange Rate" below applies, such payment may be deferred in accordance with Payout Condition 6.1(e) below if the SER Valuation Date is postponed as set out herein. No additional interest or other amount shall be payable in respect of any such delay.

6.1 SER Valuation and Disruption Provisions

The provisions of this Payout Condition 6.1 apply where Settlement Exchange Rate Provisions are specified as applicable in the Final Terms and limb (b) of the definition of "Settlement Exchange Rate" below applies.

(a) SER Disruption Events

If so specified in the Final Terms, the occurrence of any of the following events, in respect of any SER Base Currency and/or SER Subject Currency, shall be a "**SER Disruption Event**":

- (i) Price Source Disruption;
- (ii) Illiquidity Disruption;
- (iii) Dual Exchange Rate;
- (iv) General Inconvertibility;
- (v) General Non-Transferability;
- (vi) Material Change in Circumstance;
- (vii) Nationalisation;
- (viii) Price Materiality; and/or

any other event that, in the opinion of the Calculation Agent, is analogous to any of (i) to (viii) above (inclusive).

The Calculation Agent shall give notice as soon as practicable to Noteholders in accordance with General Condition 13 of the occurrence of a SER Disrupted Day on any day that but for the occurrence of the SER Disrupted Day would have been a SER Valuation Date.

(b) Consequences of a SER Disruption Event

Upon a SER Disruption Event occurring or continuing on any SER Valuation Date (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant SER Price Source) as determined by the Calculation Agent, the Calculation Agent shall apply in determining the consequences of the SER Disruption Event: (a) Calculation Agent Determination where the applicable SER Disruption Event is other than Price Source Disruption or Price Materiality; and (b) the applicable SER Disruption Fallback where the applicable SER Disruption Event is a Price Source Disruption or Price Materiality.

(c) SER Unscheduled Holiday

If the Calculation Agent determines that a date that would otherwise have been a SER Valuation Date is a SER Unscheduled Holiday in respect of the SER Subject Currency, then such date shall be the immediately succeeding SER Scheduled Trading Day after the occurrence of the SER Unscheduled Holiday, subject as provided above, and Provided That if such SER Valuation Date has not occurred on or before the SER Maximum Days of Postponement then the next SER Scheduled Trading Day after such period that would have been a SER Scheduled Trading Day but for the SER Unscheduled Holiday shall be deemed to be the relevant date for valuation and the Settlement Exchange Rate shall be determined by the Calculation Agent on such day

(d) **SER Cumulative Events**

If "SER Cumulative Events" is specified as applicable in the Final Terms in respect of a SER Settlement Currency then, in no event shall the total number of consecutive calendar days during which a SER Valuation Date is deferred due to either (i) a SER Unscheduled Holiday or (ii) a SER Valuation Postponement (or a combination of both (i) and (ii)) exceed the SER Maximum Cumulative Days of Postponement in the aggregate. If a SER Valuation Date is postponed by the number of calendar days equal to the SER Maximum Cumulative Days of Postponement and at the end of such period (i) a SER Unscheduled Holiday shall have occurred or be continuing on the day immediately following such period (the "**Final Day**"), then such Final Day shall be deemed to be the relevant SER Valuation Date and (ii) if a Price Source Disruption shall have occurred or be continuing on the Final Day, then Valuation Postponement shall not apply and the Settlement Exchange Rate shall be determined in accordance with the next applicable SER Disruption Fallback.

(e) **Postponement of payment or settlement days**

Where any SER Valuation Date is postponed as a consequence of the provisions of this Payout Condition 6.1, then the corresponding date for payment or delivery of any assets shall fall on the later of (a) the date for such payment or delivery otherwise determined in accordance with the Final Terms and (b) the day falling the SER Number of Postponement Settlement Days specified in the Final Terms (or, if none are so specified, two Business Days) after the SER Valuation Date.

6.2 **Consequences of a SER Additional Disruption Event**

Other than where limb (a) of the definition of "Settlement Exchange Rate" below applies, if the Calculation Agent determines that a SER Additional Disruption Event has occurred, the Issuer may redeem the Notes by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note, taking into account the SER Additional Disruption Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13.

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED NOTES

ANNEX 2

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED NOTES

*If specified as applicable in the Final Terms, the terms and conditions applicable to Index Linked Notes shall comprise the General Conditions and the additional terms and conditions for Index Linked Notes set out below (the "**Index Linked Conditions**"), together with the terms and conditions as set out in each other Annex which is specified as applicable in the Final Terms and subject to completion in the Final Terms. In the event of any inconsistency between the General Conditions and the Index Linked Conditions, the Index Linked Conditions shall prevail. In the event of any inconsistency between the Index Linked Conditions and the Payout Conditions, the Payout Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Index Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

1. **Disrupted Day**

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an Automatic Early Redemption Valuation Date, an Averaging Date, any Knock-in Determination Day or Knock-out Determination Day, an Observation Date, or a Valuation Date, as the case may be.

2. **Adjustments to an Index**

(a) **Successor Index Sponsor Calculates and Reports an Index**

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(b) **Modification and Cessation of Calculation of an Index**

If (i) on or prior to the last Automatic Early Redemption Valuation Date, the last Averaging Date, last Knock-in Determination Day, last Knock-out Determination Day, last Observation Date or last Valuation Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for, or the method of, calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on an Automatic Early Redemption Valuation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, an Observation Date or a Valuation Date, as the case may be, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then:

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant Settlement Level using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Automatic Early Redemption Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, Observation Date or Valuation Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED NOTES

- (ii) unless Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note, taking into account the Index Adjustment Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Index Adjustment Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or
- (iii) if Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the Calculated Index Adjustment Amount as soon as practicable following the occurrence of the Index Adjustment Event (the "**Calculated Index Adjustment Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to the Calculated Index Adjustment Amount plus interest accrued on the Calculated Index Adjustment Amount on a daily basis from and including the Calculated Index Adjustment Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day.

Notwithstanding (i), (ii) and (iii) above, if there are any options or future contracts of the Index traded on the Related Exchange, the Calculation Agent may instead in its sole and absolute discretion, upon the occurrence of an Index Adjustment Event, make the corresponding adjustments made on any Related Exchange (an "**Exchange Based Adjustment**").

(c) Notice

Upon the occurrence of an Index Adjustment Event, the Calculation Agent shall, as soon as practicable, other than in the case of an Exchange Based Adjustment notify the Issuer of any determination made by it pursuant to paragraph (b) above and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Index Adjustment Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Index Adjustment Event or the proposed action.

3. Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the level of an Index, if the relevant level of the Index published on a given day which is used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor, (i) in respect of a Composite Index, no later than five Exchange Business Days following the date of the original publication or, (ii) in respect of an Index which is not a Composite Index, within the number of days equal to the Index Correction Period of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the level of the Index will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

4. Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (if applicable) (iii) below:

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED NOTES

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the Weighting and/or any of the other terms of the General Conditions, these Index Linked Conditions and/or the Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) unless Delayed Redemption on Occurrence of Additional Disruption Event is specified as being applicable in the Final Terms, redeem the Notes by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note, taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Additional Adjustment Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or
 - (iii) if Delayed Redemption on Occurrence of Additional Disruption Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the Calculated Additional Disruption Amount as soon as practicable following the occurrence of the Additional Disruption Event (the "**Calculated Additional Disruption Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Additional Disruption Amount plus interest accrued on the Calculated Additional Disruption Amount on a daily basis from and including the Calculated Additional Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, at its nominal amount.
- (b) Upon the occurrence of an Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

5. Knock-in Event and Knock-out Event

- (a) This Index Linked Condition 5 is applicable only if:
- (i) Knock-in Event is specified as applicable in the Final Terms, in which case any payment under the Notes which is expressed to be subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event; or
 - (ii) Knock-out Event is specified as applicable in the Final Terms, in which case any payment under the relevant Notes which is expressed to be subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.
- (b) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the Final Terms is the Valuation Time and if on any Knock-in Determination Day or Knock-out Determination Day at any time during the one hour period that begins or ends at the Valuation Time the level of the Index triggers the Knock-in Level or the Knock-out Level, a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred; provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the level of the Index as at the

- (c) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the Final Terms is any time or period of time other than the Valuation Time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time on which the level of the Index triggers the Knock-in Level or the Knock-out Level, a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the level of the Index as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of Valuation Date.

6. Automatic Early Redemption Event

If "**Automatic Early Redemption Event**" is specified as applicable in the Final Terms, then unless previously redeemed or purchased and cancelled, if (i) on any Automatic Early Redemption Valuation Date or (ii) in respect of an Automatic Early Redemption Valuation Period if on any or all Automatic Early Redemption Valuation Date(s), as specified in the Final Terms, an Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or Automatic Early Redemption Valuation Period, as applicable, and the Issuer shall redeem each Note of a nominal amount equal to the Calculation Amount at an amount in the relevant currency specified in the Final Terms equal to the relevant Automatic Early Redemption Amount.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange ("**Exchange Based Adjustment**") to options on the Shares traded on that options exchange.

(iv) Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall, other than where Exchange Based Adjustment applies notify the Issuer as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13, stating the occurrence of the Potential Adjustment Event, giving details thereof and the adjustment to be taken in relation thereto, provided that any failure to give or non-receipt of such notice will not affect the validity of such Potential Adjustment Event or Potential Adjustment Event Effective Date or the adjustment in relation thereto.

(the "**Percentage Range**") of the outstanding voting shares of the Basket Company or Share Company, as the case may be, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

(c) Consequences of the occurrence of an Extraordinary Event:

If an Extraordinary Event occurs in relation to a Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii), (iii), (iv) (if applicable), (v) or, in the case of Notes relating to a Basket of Shares only, (vi) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms to account for the relevant Extraordinary Event, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary Event made by any options exchange to options on the Shares traded on that options exchange. In addition, in relation to a Basket of Shares, the Calculation Agent may adjust the Basket of Shares in accordance with the provisions of sub-paragraph (vi) below;

(ii) in the case of Equity Linked Notes relating to a Basket of Shares, redeem the Notes in part by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed in part the portion (the "**Redeemed Amount**") of each Note representing the affected Share(s) shall be redeemed and the Issuer will:

pay to each Noteholder in respect of each Note held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the relevant Extraordinary Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and

require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each Note after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13;

(iii) unless Delayed Redemption on the Occurrence of an Extraordinary Event is specified as being applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the relevant Extraordinary Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Extraordinary Event Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion.

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13;

- (iv) if Delayed Redemption on the Occurrence of an Extraordinary Event is specified as being applicable in the Final Terms, require the Calculation Agent to calculate the Calculated Extraordinary Event Amount as soon as practicable following the occurrence of the relevant Extraordinary Event (the "**Calculated Extraordinary Event Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Extraordinary Event Amount plus interest accrued on the Calculated Extraordinary Event Amount on a daily basis from and including the Calculated Extraordinary Event Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount;
- (v) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or
- (vi) on or after the relevant Extraordinary Event Effective Date, require the Calculation Agent to adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each, a "**Substitute Share**") for each Share (each, an "**Affected Share**") of each Basket Company (each, an "**Affected Basket Company**") which is affected by such Extraordinary Event and the Substitute Share will be deemed to be a "**Share**", and the issuer of such shares a "**Basket Company**", for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to an initial price (the "**Initial Price**") of the Affected Share, the relevant Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"A" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected Share; and

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

"C" is the fair market value of the relevant Affected Share on the Substitution Date (which may, where available, be determined by reference to the official closing price of the Affected Share on the relevant Exchange and/or such other source(s) as the Calculation Agent determines appropriate).

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") in its sole and absolute discretion and specified in the notice referred to below which may, but need not, be the relevant Extraordinary Event Effective Date.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must satisfy the following criteria, in the sole and absolute discretion of the Calculation Agent:

- (A) where the relevant Extraordinary Event is a Merger Event or a Tender Offer and the relevant share is not already included in the Basket of Shares, the relevant share shall be an ordinary share of the entity or person (other than the Affected Basket Company) involved in the Merger Event or the making of the Tender Offer, that is, or that as of the relevant Extraordinary Event Effective Date (i) is promptly scheduled to be, publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any member state of the European Union) and (ii) is not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (B) where (A) above does not apply, including in the case of an Extraordinary Event other than a Merger Event or a Tender Offer:
 - (1) the issuer of the share shall, to the extent possible, belong to the same economic sector as the Affected Basket Company and shall not already be included in the Basket of Shares; and
 - (2) the issuer of the share shall, to the extent possible, have a comparable market capitalisation, international standing and exposure as the Affected Basket Company in respect of the Affected Share.

Upon the occurrence of an Extraordinary Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable, and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Extraordinary Event, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of a Share Substitution, the identity of the Substitute Shares and the Substitution Date, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Extraordinary Event or the proposed action.

4. Correction of Share Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the price of a Share, if the relevant price of the relevant Share published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Exchange within the number of days equal to the Share Correction Period of the original publication, the price to be used shall be the price of the relevant Share as so corrected. Corrections published after the day which is

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the price of a Share will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

5. Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or if applicable (iii) or, in the case of Notes linked to a Basket of Shares only, (iv) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) unless Delayed Redemption on Occurrence of Additional Disruption Event is specified as being applicable in the Final Terms, redeem the Notes by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Additional Disruption Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or
 - (iii) if Delayed Redemption on Occurrence of Additional Disruption Event is specified as being applicable in the Final Terms, require the Calculation Agent to calculate the the Calculated Additional Disruption Amount as soon as practicable following the occurrence of the Additional Disruption Event (the "**Calculated Additional Disruption Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Additional Disruption Amount plus interest accrued on the Calculated Additional Disruption Amount on a daily basis from and including the Calculated Additional Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater its nominal amount; or
 - (iv) in the case of Notes linked to a Basket of Shares, require Calculation Agent to adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each a "**Substitute Share**") for each Share (each an "**Affected Share**") which is affected by the Additional Disruption Event and the Substitute Share will be deemed to be a "**Share**" and the issuer of such shares a "**Basket Company**" for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to an initial price (the "**Initial Price**") of the Affected Share, the Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

"A" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected Share; and

"C" is the fair market value of the relevant Affected Share on the Substitution Date (which may, where available, be determined by reference to the official closing price of the Affected Share on the relevant Exchange and/or such other source(s) as the Calculation Agent determines appropriate).

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") in its sole and absolute discretion and specified in the notice referred to below which may, but need not, be the relevant date of the Additional Disruption Event.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must be a share which, in the sole and absolute discretion of the Calculation Agent:

- (i) is not already included in the Basket of Shares;
 - (ii) the Issuer of such share belongs to the same economic sector as the Basket Company in respect of the Affected Share; and
 - (iii) the Issuer of such share has a comparable market capitalisation, international standing and exposure as the Basket Company in respect of the Affected Share.
- (b) Upon the occurrence of an Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

6. Knock-in Event and Knock-out Event

- (a) This Equity Linked Condition 6 is applicable only if:
- (i) Knock-in Event is specified as applicable in the Final Terms, in which case any payment under the Notes which is expressed to be subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event; or
 - (ii) Knock-out Event is specified as applicable in the Final Terms, in which case any payment under the relevant Notes which is expressed to be subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

The Issuer shall give notice to the Noteholders of any such adjustment in accordance with General Condition 13.

(c) Index Level Adjustment Correction

(i) The first publication or announcement of the Relevant Level (excluding any "flash" or other estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Inflation Linked Condition 3(c)(ii) and (iii) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP National- Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Relevant Level which are published or announced up to and including the day that is two Business Days prior to any relevant Determination Date will be valid and the revised Relevant Level for the relevant Reference Month will be deemed to be the final and conclusive Relevant Level for such Reference Month. The Issuer shall give notice to the Noteholders of any valid revision in accordance with General Condition 13.

(ii) If, within 30 days of publication or at any time prior to a Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Noteholders of any such adjustment and/or amount in accordance with General Condition 13.

(iii) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Inflation Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Inflation Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Calculation Agent may redeem each Note on a date notified by the Issuer to Noteholders in accordance with General Condition 13 at its fair market value, as determined by the Calculation Agent as at the date of redemption taking into account the rebasing less the cost to the Issuer and/or its Affiliates of unwinding or amending any related underlying hedging arrangements. Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with General Condition 13.

(f) Index Modification

The Calculation Agent shall take the relevant actions specified in either (i), (ii) or (iii) below.

ADDITIONAL TERMS AND CONDITIONS FOR FOREIGN EXCHANGE (FX) RATE LINKED NOTES

- (i) if an Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day, the Calculation Agent will determine that the relevant Averaging Date or Settlement Price Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day (in the case of the Strike Date or Valuation Date) or Valid Date (in the case of an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day) unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the originally scheduled Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be, is a Disrupted Day in which case the Calculation Agent may determine that the last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be (irrespective, in the case of an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day, of whether that last consecutive Scheduled Trading Day is already an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be) and may determine the Settlement Price by using commercially reasonable efforts to determine a Settlement Price as of the Valuation Time on the last such consecutive Scheduled Trading Day taking into consideration all available information that in good faith it deems relevant; or
- (ii) if an Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being not applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or
- (iii) if an Averaging Date, any Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the fair market value of each Note less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Foreign Exchange (FX) Disruption Amount**") as soon as practicable following the occurrence of the Disruption Event (the "**Calculated Foreign Exchange (FX) Disruption Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Foreign Exchange (FX) Disruption Amount plus interest accrued on the Calculated Foreign Exchange (FX) Disruption Amount on a daily basis from and including the Calculated Foreign Exchange (FX) Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount.

2. EM Currency Valuation and Disruption Provisions

(b) Consequences of an EM Disruption Event

Upon an EM Disruption Event occurring or continuing on any Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant EM FX Price Source) as determined by the Calculation Agent, the Calculation Agent shall apply in determining the consequences of the EM Disruption Event: (a) EM Calculation Agent Determination where the applicable EM Disruption Event is other than Price Source Disruption or Price Materiality; and (b) the applicable EM Disruption Fallback where the applicable EM Disruption Event is a Price Source Disruption or Price Materiality.

(d) Cumulative Events

If "Cumulative Events" is specified as applicable in the Final Terms in respect of a Settlement Currency then, in no event shall the total number of consecutive calendar days during which a Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day is deferred due to either (i) an Unscheduled Holiday or (ii) an EM Valuation Postponement (or a combination of both (i) and (ii)) exceed the EM Maximum Cumulative Days of Postponement in the aggregate. If a Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, is postponed by the number of calendar days equal to the EM Maximum Cumulative Days of Postponement and at the end of such period (i) an Unscheduled Holiday shall have occurred or be continuing on the day immediately following

ANNEX 7

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

*If specified as applicable in the Final Terms, the terms and conditions applicable to Credit Linked Notes shall comprise the General Conditions and the additional terms and conditions for Credit Linked Notes (2014 ISDA Credit Derivatives Definitions Version) set out below (the "**Credit Linked Conditions**"), together with the terms and conditions as set out in each other Annex which is specified as applicable in the Final Terms and subject to completion in the Final Terms. In the event of any inconsistency between the General Conditions and the Credit Linked Conditions, the Credit Linked Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Credit Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

Unless otherwise stated in these Credit Linked Conditions or in the Final Terms, in the event that any day specified in the section "Credit Linked Redemption" in the Final Terms or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Notes for which more than one Reference Entity is specified in the Final Terms, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.

For the avoidance of doubt no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Credit Linked Notes may take the form of Single Reference Entity Credit Linked Notes, First-to-Default Credit Linked Notes, Nth-to-Default Credit Linked Notes or Linear Basket Credit Linked Notes. In the case of Linear Basket Credit Linked Notes, the Notes may be either Non-Tranched ("**Non-Tranched Linear Basket Credit Linked Notes**") to which either Credit Payment on Maturity or Credit Payment As You Go will apply or Tranched ("**Tranched Linear Basket Credit Linked Notes**"). The Final Terms shall specify:

- (a) the type of Credit Linked Notes;
- (b) the Settlement Method (if applicable) and, where Auction Settlement applies, the applicable Fallback Settlement Method;
- (c) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (d) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (e) the Trade Date and the Scheduled Maturity Date;
- (f) the Reference Entity Notional Amount (if applicable) in respect of each Reference Entity; and
- (g) the Transaction Type applicable to each Reference Entity if Physical Settlement Matrix is specified as being applicable in the Final Terms.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

Certain elections in respect of Credit Linked Notes and one or more Reference Entities may be made by specifying that the Physical Settlement Matrix is applicable in the Final Terms. In this case the provisions of Credit Linked Condition 20 apply.

The application of any of Credit Linked Conditions 6, 7, 8, 9 or 11 below shall, for the avoidance of doubt, not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such provisions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such provisions, the Calculation Agent may elect in its discretion which provision shall apply and under which provision or provisions it shall exercise its discretion.

1. Redemption of Credit Linked Notes

- (a) Unless previously redeemed or purchased and cancelled and provided that a Credit Event Determination Date has not occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note on the Maturity Date by payment of the Final Redemption Amount. If a Credit Event Determination Date has occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note as described below. References in these Credit Linked Conditions to a Credit Linked Note or Note are to a nominal amount of Credit Linked Notes equal to the Calculation Amount. Any payment of a "pro rata" amount in respect of a Note will be determined by reference to its nominal amount relative to the then aggregate nominal amount of Notes.
- (b) Where the Notes are Single Reference Entity Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (g) below will apply.
- (c) Where the Notes are First-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to any of the specified Reference Entities, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, in relation only to the First Reference Entity (as defined in the definition of Credit Event Determination Date) or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (g) below will apply.
- (d) Where the Notes are Nth-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to one or more of the specified Reference Entities notwithstanding any provision to the contrary in these Credit Linked Conditions, no settlement in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, or interest adjustment in accordance with Credit Linked Condition 5 will occur until such time as a Credit Event Determination Date has occurred in respect of the Relevant Number of Reference Entities (a "**Trigger**"). The Reference Entity in respect of which a Credit Event Determination Date has occurred which causes the Trigger to occur is referred to as the "**Triggering Reference Entity**" and the Relevant Number is the number specified as such in the Final Terms. As of the day on which the Calculation Agent determines that a Credit Event Determination Date has occurred in respect of the Relevant Number of Reference Entities then (i) Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply in relation only to the Triggering Reference Entity and the Credit Event Determination Date will be deemed to have occurred only as of such day for the purposes of the provisions set out in General Condition 4(f) or (ii) if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (g) below will apply.
- (e) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes to which Credit Payment on Maturity applies or Tranched Linear Basket Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity: (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with General Condition 13 and (ii) in respect of each Credit Linked Note:

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

- (A) the interest calculation basis described in paragraph (i) below will apply; and
- (B) each Note shall be redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date, subject as provided in paragraph (h) below.

For the avoidance of doubt part (A) of this provision will apply and part (B) shall continue to apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

In respect of Tranched Linear Basket Credit Linked Notes and for the avoidance of doubt, where a Credit Event Determination Date has occurred with respect to a number of Reference Entities that is equal to or less than L (as defined below), then the Credit Event Redemption Amount will be par.

- (f) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes to which Credit Payment As You Go applies, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity: (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with General Condition 13 and (ii) in respect of each Credit Linked Note:
 - (A) the Issuer shall pay as an Instalment Amount for the purposes of General Condition 6(i) an amount equal to the relevant Credit Event Amount, if any, on the relevant Credit Event Payment Date which will be the relevant Instalment Date;
 - (B) the interest calculation basis described in paragraph (i) below will apply; and
 - (C) each Note shall be redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if on or prior to the Credit Event Redemption Date a Credit Event Determination Date has occurred in respect of all the specified Reference Entities each Credit Linked Note will be redeemed (together with accrued interest, if any) at the final Credit Event Amount on the final Credit Event Payment Date, subject as provided in paragraph (h) below.

For the avoidance of doubt parts (A) and (B) of this provision will apply and part (C) of this provision will continue to apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

- (g) Where the Notes are Zero/Set Recovery Notes then if a Credit Event Determination Date has occurred in respect of any Reference Entity (in the case of Single Reference Entity Credit Linked Notes, Linear Basket Credit Linked Notes or First-to-Default Credit Linked Notes) or in respect of the Triggering Reference Entity (in the case of Nth-to-Default Credit Linked Notes) then (i) following a Credit Event Determination Date in respect of any such Reference Entity the provisions of Credit Linked Conditions 2, 3 or 4 will not apply but each Single Reference Entity Credit Linked Note, First-to-Default Credit Linked Note and Nth-to-Default Credit Linked Note will be redeemed by payment of the Credit Event Redemption Amount, if any, on the Credit Event Redemption Date together with accrued interest, if any, and (ii) each Linear Basket Credit Linked Note may be redeemed (or otherwise) as provided in paragraph (e) or (f) above, as applicable and/or paragraph (h) below, if applicable.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

- (h) Where any Credit Event Redemption Amount is or would be zero (whether the Notes are Zero/Set Recovery Notes or otherwise) then, other than for the payment of accrued interest or any other due but unpaid amounts, the Notes will be cancelled as of the Credit Event Redemption Date or, if other, the day on which it is determined that the Credit Event Redemption Amount is or would be, were it to be so calculated in respect of such day, be zero with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.
- (i) In the case of Linear Basket Credit Linked Notes, each Note will bear interest pursuant to, and in accordance with, General Condition 4, provided that for the purposes of determining the interest amounts payable, the provisions set out in Credit Linked Condition 5 will not apply and instead the aggregate outstanding nominal amount of the Notes shall be deemed to be the Adjusted Credit Outstanding Nominal Amount or, in the case of each of General Condition 4(a)(B) or 4(b)(v)(B), the Calculation Amount shall be deemed to be each Note's pro rata share of the Adjusted Credit Outstanding Nominal Amount, in each case on the relevant Interest Payment Date or the relevant date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9 or 11.
- (j) For these purposes "**Adjusted Credit Outstanding Nominal Amount**" means, on any Interest Payment Date or date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9, or 11:
- (A) in the case of Non-Tranched Linear Basket Credit Linked Notes (i) the aggregate outstanding nominal amount minus (ii) the product of (a) the aggregate outstanding nominal amount and (b) a fraction with (x) the original aggregate Reference Entity Notional Amounts of Reference Entities in respect of which a Credit Event Determination Date has occurred on or prior to the relevant Interest Payment Date or date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9 or 11, as the case may be, as numerator and (y) the original aggregate Reference Entity Notional Amounts of the original number of Reference Entities to which the Notes related, in each case as of the Issue Date of the first Tranche of the Notes, as denominator; or
- (B) in the case of Tranched Linear Basket Credit Linked Notes, an amount determined by the Calculation Agent by reference to the following formula:
- $$\text{aggregate outstanding nominal amount} * \left(1 - \left(\frac{1}{H-L}\right) * \text{Min}[H - L; \text{Max}[N - L; 0]]\right)$$
- Where,
- "**H**" means the higher tranche level, expressed as a number of Reference Entities as specified in the Final Terms;
- "**L**" means the lower tranche level, expressed as a number of Reference Entities as specified in the Final Terms; and
- "**N**" means the number of Reference Entities for which a Credit Event Determination Date has occurred.
- (k) For the avoidance of doubt the provisions of Credit Linked Conditions 6, 7, 8, 9 and 11 may each apply to First-to-Default Credit Linked Notes and Nth-to-Default Credit Linked Notes meaning that the Maturity Date may be delayed beyond the Scheduled Maturity Date in certain circumstances.
- (l) If any purchase and cancellation of Notes occurs under General Condition 6(g) or any further issue under General Condition 12, the Calculation Agent will make such adjustments to the applicable Final Terms and/or these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amounts) to ensure the Notes continue to reflect economic intentions.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

2. Auction Settlement

- (a) Where Auction Settlement is specified as the applicable Settlement Method in the Final Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
- (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs; or
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred in respect of the relevant Credit Event on or prior to the date falling three Business Days after such Credit Event Determination Date,
- then:
- (x) if Fallback Settlement Method – Cash Settlement is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 below; or
 - (y) if Fallback Settlement Method – Physical Delivery is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 4 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

3. Cash Settlement

If a Credit Event Determination Date has occurred, then where Cash Settlement is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(x) above applies, the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

4. Physical Settlement

If a Credit Event Determination Date has occurred, then where Physical Delivery is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(y) above applies, then, subject to any prior redemption, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on the Credit Settlement Date, subject to and in accordance with the General Conditions and these Credit Linked Conditions. The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Entitlement in respect of each Credit Linked Note equal to the Calculation Agent will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement to take account of the relevant Asset Package.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value. The Notice of Physical Settlement shall include (i) details of the relevant Reference Entity, (ii) the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation. The aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver shall be the relevant "**Aggregate Outstanding Amount**".

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with General Condition 13, (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with General Condition 13, prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with General Condition 13) of the detailed description of the Asset Package, if

any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then, unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If "Mod Mod R " is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

5. Accrual of Interest

Notwithstanding General Condition 4(f), other than in the case of Linear Basket Credit Linked Notes, where Credit Linked Condition 1(i) will apply, if:

- (i) "Accrual of Interest upon Credit Event" is specified as not applicable in the Final Terms, each Note shall cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is an Interest Payment Date such Interest Payment Date, or, if the Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the Notes; or
- (ii) "Accrual of Interest upon Credit Event" is specified as applicable in the Final Terms, each Note shall cease to bear interest from the Credit Event Determination Date; and
- (iii) "Continuing Accrual until scheduled maturity" is specified as applicable in the Final Terms, then notwithstanding the occurrence of a Credit Event Determination Date each Note will continue to bear interest in accordance with General Condition 4(f) up to but excluding the Scheduled Maturity Date (with such date being deemed to be the final Interest Payment Date),

provided that, in the case of (i) or (ii) if:

- (A) Credit Linked Condition 6, Credit Linked Condition 7 or Credit Linked Condition 8 applies in respect of the Notes and, in the case of Credit Linked Condition 6, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked

- (B) Credit Linked Condition 9 applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or are not satisfied on or prior to the Postponed Maturity Date,

then interest will accrue as provided in Credit Linked Condition 6, Credit Linked Condition 7, Credit Linked Condition 8 or Credit Linked Condition 9, as the case may be.

6. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the Final Terms, the provisions of this Credit Linked Condition 6 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date or any Interest Payment Date (determined by reference to the Relevant Time) but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or any Interest Payment Date or, if Credit Linked Condition 9(y) applies, the Postponed Maturity Date or Postponed Interest Payment Date (as defined in Credit Linked Condition 9) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium may, in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date or relevant Interest Payment Date, then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes and/or relevant interest payment will be delayed and:

- (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Maturity Date; and
- (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1, Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date then the relevant amount of interest shall be payable on the second Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Interest Payment Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Repudiation/Moratorium has

7. Grace Period Extension

If "Grace Period Extension" is specified as applicable in the Final Terms, the provisions of this Credit Linked Condition 7 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date or any Interest Payment Date (determined by reference to the Relevant Time) but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date or relevant Interest Payment Date (determined by reference to the Relevant Time) (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date or relevant Interest Payment Date), then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 that a Potential Failure to Pay has occurred and the maturity of the Notes and/or relevant interest payment will be delayed and:

- (a) in relation to such event as of the Scheduled Maturity Date, where a Failure to Pay has not occurred on or prior to the Grace Period Extension Date:

 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Grace Period Extension Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1, Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date then the relevant amount of interest shall be payable on the second Business Day following the Grace Period Extension Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred thereafter, the relevant amount of interest will be adjusted accordingly and may be zero and will be payable on the second Business Day following the applicable Grace Period Extension Date.

"Repudiation/Moratorium Evaluation Date" means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Maturity Date (i) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (A) the date that is sixty (60) days after the date of such Potential Repudiation/Moratorium and (B) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date) and (ii) if the Obligations to which such Potential Repudiation/Moratorium relates do not

include Bonds, the date that is sixty (60) days after the date of such Potential Repudiation/Moratorium provided that, in either case, the Repudiation/Moratorium Evaluation Date shall occur no later than the Scheduled Maturity Date unless the Repudiation/Moratorium Extension Condition is satisfied.

"Repudiation/Moratorium Extension Condition" will be satisfied:

- (a) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is fourteen (14) calendar days after the Scheduled Maturity Date that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity and that such event occurred on or prior to (i) the Scheduled Maturity Date or relevant Interest Payment Date (determined by reference to the Relevant Time) or, (ii) if Credit Linked Condition 9(y) applies, the Postponed Maturity Date (determined by reference to the Relevant Time); or

In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the Reference Entity, or (B) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity but that such event occurred after the Scheduled Maturity Date (determined by reference to the Relevant Time).

"Repudiation/Moratorium Extension Notice" means a notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Maturity Date. A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

"Resolve" has the meaning set out in the DC Rules, and **"Resolved"** and **"Resolves"** shall be construed accordingly.

"Restructured Bond or Loan" means an Obligation which is a Bond or Loan and in respect of which the relevant Restructuring has occurred.

- (a) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

- (b) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (c) a postponement or other deferral of a date or dates for either (i) the payment or accrual of interest, or (ii) the payment of principal or premium;
- (d) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (e) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Notwithstanding the above provisions, none of the following shall constitute a Restructuring:

- (i) the payment in euro of interest, principal or premium in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;
- (ii) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;
- (iii) the occurrence of, agreement to or announcement of any of the events described in (a) to (e) above due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
- (iv) the occurrence of, agreement to or announcement of any of the events described in (a) to (e) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that in respect of paragraph (e) above only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

For purposes of this definition of Restructuring and Credit Linked Condition 15, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in the definition of Restructuring and the definition of Subordination shall be deemed to refer to the Underlying Obligor and the references to the Reference Entity in paragraphs (i) to (iv) of this definition of Restructuring shall continue to be deemed to refer to the Reference Entity.

If an exchange has occurred, the determination as to whether one of the events described under paragraphs (a) to (e) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

"Restructuring Date" means the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

 - II. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation above;

- (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to paragraph (a) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (b) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.
- (f) For the avoidance of doubt, no Substitute Reference Obligation shall be determined in respect of any Credit Linked Notes that are Reference Obligation Only Notes.

 - (ii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event. If an event described in paragraphs (a) or (b)(i) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraphs (a) or (b)(i) above as the case may be, on the Trade Date.

the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to paragraph (a) of the definition of Successor below would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

"Successor" means:

- (a) subject to paragraph (b) below, the entity or entities, if any, determined as follows:
 - (i) subject to paragraph (vii), if one entity succeeds, either directly or indirectly, as a provider of a Relevant Guarantee, to seventy-five per cent. or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor;
 - (ii) if only one entity succeeds directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each succeeds directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below;
 - (iv) if one or more entity each succeed directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below;
 - (v) if one or more entities succeed directly as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or indirectly, as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below); and
 - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the Universal Successor) will be the sole Successor; and

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES (2014 ISDA CREDIT DERIVATIVES DEFINITIONS VERSION)

- (b) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after January 1, 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, Provided That the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv) or (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the Final Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor (which amendments may, for the avoidance of doubt, include in the case of Tranching Linear Basket Credit Linked Notes, such adjustments as the Calculation Agent determines appropriate to the numbers of Reference Entities specified as "**H**" and "**L**", having regard to any adjustments made to the notional portfolio to which the Notes relate) and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 13 stating the adjustment to these Terms and Conditions and/or the Final Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a

Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the **Exchange Bonds** or **Loans**) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Notwithstanding the provisions above and sub-paragraph (b) of the definition of Reference Entity, where one or more Reference Entities (each an "**Affected Reference Entity**") and/or the Issuer would, but for this provision, be identified as a Successor to another Reference Entity pursuant to the above provisions and at least one other entity which is not a Reference Entity or the Issuer is also identified as a Successor for the purposes of any succession, each Affected Reference Entity and/or the Issuer, as applicable, shall not be regarded as a "Successor" for the purposes of the Notes. Where pursuant to the provisions above or sub-paragraph (b) of the definition of Reference Entity one or more Reference Entities (each an "**Affected Reference Entity**") and/or the Issuer would, but for this provision, be identified as a Successor to another Reference Entity pursuant to the above provisions but no other entities (that are not Reference Entities or the Issuer) are identified as a Successor in respect of the relevant succession, each Affected Reference Entity and/or the Issuer, as applicable, shall not be regarded as a "Successor" for the purposes of the Notes and, in respect of each Affected Reference Entity or the Issuer, as applicable, the Calculation Agent shall use reasonable endeavours to (a) select an Alternative Reference Entity to be the Successor in respect of the relevant succession and (b) select an Alternative Reference Obligation to be the Reference Obligation in respect of such Alternative Reference Entity after the relevant succession and the Calculation Agent may make such adjustments to the Conditions and/or the Final Terms as it determines to be necessary or desirable to reflect such Alternative Reference Entity and Alternative Reference Obligation. If the Calculation Agent is unable to select an Alternative Reference Entity or an Alternative Reference Obligation, then: (i) no Successor shall be appointed; (ii) the Affected Reference Entity to which the relevant succession relates shall be deemed to have ceased to be a Reference Entity; (iii) that portion of any interest payable which is referable to the purchase of credit protection purchased by the Issuer under the Notes in respect of the Affected Reference Entity shall be reduced accordingly as determined by the Calculation Agent in its sole and absolute discretion; and (iv) the Calculation Agent may make such adjustments to the Conditions and/or the Final Terms to account for the Successor Associated Costs, which may include, without limitation, reducing the Final Redemption Amount, Credit Event Redemption Amount or the Entitlement (as the case may be) by an amount equal to the Successor Associated Costs, in each case with effect from the date determined by the Calculation Agent to be the relevant Succession Date.

Where:

"**Alternative Reference Obligation**" means any obligation of the Alternative Reference Entity selected by the Calculation Agent in its sole and absolute discretion which, as far as practicable, in the determination of the Calculation Agent is substantially similar in economic terms to the relevant Reference Obligation of the Reference Entity for which a Successor falls to be determined pursuant to this definition of "Successor". An Alternative Reference Obligation may or may not be the applicable Standard Reference Obligation for the Alternative Reference Entity;

"**Industry Requirement**" means an entity that is in the same industry group as the Reference Entity for which a Successor falls to be determined pursuant to this definition of "Successor", as determined by the Calculation Agent in its sole and absolute discretion by reference to such source(s) as it determines appropriate, including any international market data sources such as, but not limited to, credit rating agencies;

"**Spread Requirement**" means an entity that, as at the date of selection, has a Spread not greater than the Spread of the Reference Entity for which a Successor falls to be determined pursuant to this definition of "Successor", immediately prior to the relevant Succession Date as determined by the Calculation Agent in its sole and absolute discretion; and

"**Successor Backstop Date**" means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

Each Tranche of Bearer Notes will be initially issued in the form of a temporary bearer global note (a "**Temporary Bearer Global Note**") or a permanent global note (a "**Permanent Bearer Global Note**") as indicated in the Final Terms, which, in either case, will (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or (ii) if the Global Notes are not intended to be issued in NGN form, as stated in the Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held means that the Notes of a particular Tranche are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification of non-U.S. beneficial ownership, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, coupons and talons attached (as indicated in the Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, coupons and talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an

FORM OF NOTES

interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (1) an Event of Default (as defined in General Condition 9) has occurred and is continuing, (2) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (3) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Issuer, as the case may be, may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent. If the Global Note is a NGN, the relevant Issuer shall procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system.

In the event that the Permanent Bearer Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in the minimum Specified Denomination only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of the Specified Denomination may need to purchase or sell, on or before the Exchange Date, a nominal amount of Notes such that their holding is an integral multiple of the Specified Denomination.

The following legend will appear on all Permanent Bearer Global Notes and definitive Bearer Notes (other than Temporary Global Notes), interest coupons relating to such Notes where TEFRA D is specified in the Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or Coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. persons outside the United States, will initially be represented by a global note in registered form, without Receipts or Coupons, (a "**Regulation S Global Note**") which will be registered in the name of a nominee for a common safekeeper (if the Regulation S Global Note is issued under the new safekeeping structure ("**NSS**")) or a common depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg. Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of the Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in General Condition 2 and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions (a) to "qualified institutional buyers" within the meaning of Rule 144A ("**QIBs**") who are also "qualified purchasers" within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the "**1940 Act**") and the rules and regulations thereunder ("**QPs**"), or (b) to "accredited investors" (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act that are institutions ("**Institutional Accredited Investors**") who are also "qualified purchasers" within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the "**1940 Act**") and the rules and regulations thereunder ("**QPs**"), who agree to

FORM OF NOTES

purchase the Notes for their own account and not with a view to the distribution thereof. The Registered Notes of each Tranche sold to QIBs who are also QPs will be represented by a global note in registered form (a "**Rule 144A Global Note**" and, together with a Regulation S Global Note, the "**Registered Global Notes**").

Registered Global Notes will either (a) be deposited with a custodian for, and registered in the name of a nominee of, DTC for the accounts of Euroclear and Clearstream, Luxembourg or (b) be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, as specified in the Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Registered Global Notes issued in respect of any Tranche and deposited with one of the ICSDs as common safekeeper, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, that is, held under the New Safekeeping Structure for registered global securities, are intended to be held in a manner which would allow Eurosystem eligibility. This does not necessarily mean that the Notes of such Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

The Registered Notes of each Tranche sold to Institutional Accredited Investors who are also QPs will be in definitive form, registered in the name of the holder thereof ("**Definitive IAI Registered Notes**"). Unless otherwise set forth in the Final Terms, Definitive IAI Registered Notes will be issued only in minimum denominations of US\$250,000 and integral multiples of US\$1,000 in excess thereof (or the approximate equivalents in the applicable Specified Notes Currency). Definitive IAI Registered Notes will be subject to the restrictions on transfer set forth therein and will bear the restrictive legend described under "*Subscription and Sale and Transfer and Selling Restrictions*". Institutional Accredited Investors who are also QPs that hold Definitive IAI Registered Notes may elect to hold such Notes through DTC, but transferees acquiring the Notes in transactions exempt from Securities Act registration pursuant to Regulation S or Rule 144 under the Securities Act (if available) may do so upon satisfaction of the requirements applicable to such transfer as described under "*Subscription and Sale and Transfer and Selling Restrictions*". The Rule 144A Global Note and the Definitive IAI Registered Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions. Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register (as defined in General Condition 1) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor (if applicable), any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in General Condition 5) immediately preceding the due date for payment in the manner provided in that General Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without Receipts, Coupons or Talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (a) an Event of Default has occurred and is continuing, (b) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form, (c) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, no successor clearing system is available, (d) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act or (e) the Notes are required to be removed from (in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg) both Euroclear and Clearstream, Luxembourg or (in the case of Notes registered in the name of a nominee for DTC) DTC and, in either case, no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an

FORM OF NOTES

Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) or the Issuer, as the case may be, may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note or in the form of a Definitive IAI Registered Note and Definitive IAI Registered Notes may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Notes in the form of an interest in a Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable, in each case. Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see "*Subscription and Sale and Transfer and Selling Restrictions*".

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code, and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code and ISIN, CUSIP and CINS assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S) applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC or its nominee each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or of DTC as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor and their agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes and, in the case of DTC or its nominee, voting, giving consents or making requests, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and their agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Except in relation to Notes issued in NGN form, any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the Final Terms or as may otherwise be approved by the Issuer and the Principal Paying Agent. A Note may be accelerated by the holder thereof in certain circumstances described in General Condition 9. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note within a period of 15 days from the giving of a notice by a holder with Euroclear or Clearstream, Luxembourg of such Notes so represented and credited to its securities account that it wishes to accelerate such Notes, then holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear, Clearstream, Luxembourg and DTC on and subject to the terms of a deed of covenant dated 9th July, 2013 and executed by the Issuer, (the a "**Deed of Covenant**"). In addition, holders of interests in such Global Note credited to their accounts with DTC may require DTC to deliver Definitive Notes in registered form in exchange for their interest in such Global Note in accordance with DTC's standard operating procedures.

FORM OF NOTES

Set out below is the form of Final Terms.

The Final Terms will contain the information items permitted under Article 22.4 of Commission Regulation (EC) No 809/2004 (the "**Prospectus Regulation**").

ANY TRANSFER OF IMPLICIT YIELD NOTES TO OR BY SPANISH INDIVIDUALS IS NOT PERMITTED AND SUCH TRANSFER WILL BE CONSIDERED NULL AND VOID BY THE ISSUER AND THE GUARANTOR. ACCORDINGLY, NEITHER THE ISSUER NOR THE GUARANTOR WILL RECOGNISE ANY SPANISH INDIVIDUAL AS AN OWNER OF IMPLICIT YIELD NOTES."

FORM OF GUARANTEE

FORM OF GUARANTEE

THIS GUARANTEE is made on 1 December 2011 by **BANCO BILBAO VIZCAYA ARGENTARIA, S.A.** (the "**Guarantor**") in favour of the Relevant Account Holders (as defined in the Deed of Covenant referred to below) in relation to Underlying Notes (as defined in such Deed of Covenant) the holders for the time being of the Notes and, if applicable, the interest coupons (if any) appertaining to the Notes (Coupons), the Coupons being attached on issue to Definitive Bearer Note(s) (as defined below). Each Relevant Account Holder referred to above, each holder of a Note and each holder of a Coupon is a "**Holder**".

WHEREAS:

BBVA Global Markets B.V. (the "**Issuer**") and the Guarantor have entered into an Amended and Restated Programme Agreement (the "**Programme Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated 1 December 2011 with, *inter alios*, the Dealers named therein under which the Issuer proposes from time to time to issue Notes;

the Issuer has executed a Deed of Covenant on 1 December 2011 (the "**Deed of Covenant**", which expression includes the same as it may be amended, supplemented or restated from time to time) relating to Global Notes issued by the Issuer pursuant to the Programme Agreement; and

the Issuer and the Guarantor have entered into an Amended and Restated Agency Agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented or restated from time to time) dated 1 December 2011 with, *inter alios*, Deutsche Bank AG, London Branch (the "**Principal Paying Agent**").

NOW THIS INSTRUMENT sets out the following provisions:

1 **Guarantee**

The Guarantor irrevocably and jointly and severally (*solidariamente*) guarantees to each Holder that, if for any reason, the Issuer does not comply with any of its economic obligations (in cash or in deliverable assets) payable or due by it to such Holder in respect of any Note or Coupon or (in respect of any Underlying Note) under the Deed of Covenant, as the case may be, (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Holder on demand the economic obligations (as to which the certificate of such Holder shall in the absence of manifest error be conclusive) payable or deliverable by the Issuer to such Holder.

2 **Guarantor as Principal Debtor**

Without affecting the Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal debtor (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to any Note, any Coupon or the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Note, any Coupon, the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Note, any Coupon or the Deed of Covenant or any of the Issuer's obligations under any of them).

3 **Guarantor's Obligations Continuing**

The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable under any Note, any Coupon or (in respect of any Underlying Note) the Deed of Covenant. Furthermore, these obligations of the Guarantor are complementary to, and not instead of, any security or

FORM OF GUARANTEE

other guarantee or indemnity at any time existing in favour of a Holder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.

4 Repayment to the Issuer

If any payment or delivery (in case of Notes with physical delivery) received by a Holder is, on the subsequent liquidation or insolvency of the Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the Issuer.

5 Indemnity

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any economic obligation (in cash or in deliverable assets) expressed to be payable or delivered (in case of Notes with physical delivery) by the Issuer under any Note, any Coupon or (in respect of any Underlying Note) the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the Issuer, the Guarantor or any Holder) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Holder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent cause of action and will apply irrespective of any indulgence granted by any Holder.

6 Status of Guarantee

The payment and delivery (in case of Notes with physical delivery) obligations of the Guarantor under this Guarantee constitute direct, unconditional and unsecured obligations of the Guarantor and (subject as aforesaid) rank and will rank, *pari passu* with all other unsecured and unsubordinated obligations of the Guarantor.

7 Withholding or deduction

All payments and deliveries (in case of Notes with physical delivery) by the Guarantor under this Guarantee shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (the "Taxes") imposed or levied by or on behalf of the Kingdom of Spain ("Spain"), or any political sub-division thereof or any authority therein or thereof having power to tax, unless the withholding or deduction of the Taxes is required by law. In that event, the Guarantor will pay such additional amounts as may be necessary in order that the net amounts received by each Holder after such withholding or deduction shall equal the respective amounts which would have been received by them in the absence of the withholding or deduction; except that no additional amounts shall be payable:

- 7.1 to, or to a third party on behalf of, a Holder who is liable for such Taxes by reason of his having some connection with Spain other than the mere holding of the Note or Coupon or the mere crediting of Underlying Notes to its securities account with the Relevant Clearing System (as defined in the Deed of Covenant); or
- 7.2 in the case of a Note or Coupon presented for payment more than 30 days after the Relevant Date (as defined in General Condition 7 of the Terms and Conditions of the Notes) except to the extent that a Holder would have been entitled to additional amounts on presenting the same for payment on such thirtieth day; or
- 7.3 to, or to a third party on behalf of, a Holder in respect of which the Issuer and the Guarantor has not received the correspondent Annex from the Principal Paying Agent as it requires in order to comply with Additional Provision Two of Spanish Law 13/1985, Spanish Royal Decree 1065/2007 of 27 July as amended by RD1145/2011 (and any other regulations or interpretations that may be enacted by the Government or the Tax Authorities), no later than 10.00 a.m. (CET) on the 10th calendar day of the month following the relevant date upon which the payment was due (or if such date is not a day on which commercial banks are open for general business in Spain, the immediately preceding such date); or

FORM OF GUARANTEE

7.4 where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26th-27th November, 2000 on the taxation of savings or any law implementing or complying with, or introduced in order to conform to, such Directive or law; or

7.5 in respect of any Note or Coupon presented for payment by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.

8 Power to execute

The Guarantor hereby warrants, represents and covenants with each Holder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor enforceable in accordance with its terms.

9 Deposit of Guarantee

This Guarantee shall take effect for the benefit of the Holders from time to time and for the time being. This Guarantee shall be deposited with and held by the Principal Paying Agent at its specified office (being at the date hereof at Winchester House, 1 Great Winchester Street, London EC2N 2DB) until all the obligations of the Guarantor have been discharged in full.

10 Production of Guarantee

The Guarantor hereby acknowledges the right of every Holder to the production of, and the right of every Holder to obtain (upon payment of a reasonable charge) a copy of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Holder, and that each Holder shall be entitled severally to enforce the said obligations against the Guarantor.

11 Subrogation

Until all amounts which may be payable under the Notes, the Coupons and/or (in respect of any Underlying Note) the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Holder or claim in competition with the Holders against the Issuer.

12 Governing Law and Submission to Jurisdiction

This Guarantee and any non-contractual obligations arising out of or in connection with it are governed by, and shall be construed in accordance with, Spanish law.

The Guarantor irrevocably agrees for the benefit of each Holder that the courts of Madrid, Spain are to have jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee (including any dispute relating to any non-contractual obligations arising out of or in connection with this Guarantee) and that accordingly any suit, action or proceedings arising out of or in connection with this Guarantee (together referred to as "**Proceedings**") may be brought in the courts of Madrid, Spain.

The Guarantor irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any Proceedings in the courts of Madrid, Spain and irrevocably agrees that a final judgment in any Proceedings brought in the courts of Madrid, Spain shall be conclusive and binding upon the Guarantor and may be enforced in the courts of any other jurisdiction.

Include whichever of the following apply or specify as "Not applicable". Note that the numbering should remain as set out below, even if "Not applicable" is indicated for individual paragraphs or subparagraphs (in which case the subparagraphs of the paragraphs which are not applicable can be deleted). Italics denote directions for completing the Final Terms. Where the context so permits, Terms in these Final Terms may be attributed a numerical or letter suffix

⁴ The following alternative language applies if the first tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date. *N.B. when using a post – 1 July 2012 approved Base Prospectus to tap a previous issue under a pre – 1 July 2012 approved Base Prospectus, the final terms in the post – 1 July 2012 Base Prospectus will take a different form due to the more restrictive approach to final terms. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

⁵ Include in respect of issues of Notes for which the offer period spans a supplement to the Base Prospectus or an update to the Base Prospectus.

⁶ Include for Restricted Notes or Notes that have been determined to be permanently prohibited from being offered, sold, resold, transferred, pledged or delivered in the United States or to a U.S. person.

⁷ Delete where offer intended to non-qualified investors in or from Switzerland.

⁸ Delete where no offer into Switzerland is intended.

BOOK-ENTRY CLEARANCE SYSTEMS

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "Clearing Systems") currently in effect. The Issuer and the Guarantor take responsibility for the correct extraction and reproduction of the information in this section concerning the Clearing Systems, but none of the Issuer, the Guarantor nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry Systems

DTC

DTC has advised the Issuer and the Guarantor that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the NYSE MKT LLC, Inc. and the Financial Industry Regulatory Authority, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system ("**DTC Notes**") as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes ("**Owners**") have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

BOOK-ENTRY CLEARANCE SYSTEMS

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Book-entry Ownership of and Payments in respect of DTC Notes

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of a Regulation S Global Note, the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in US dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than US dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into US dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Subscription and Sale and Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the

BOOK-ENTRY CLEARANCE SYSTEMS

Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

History and Development of the Guarantor

BBVA's predecessor bank, BBV, was incorporated as a limited liability company (a *sociedad anónima* or S.A.) under the Spanish Corporations Law on 1st October, 1988. BBVA was formed following the merger of Argentaria into BBV, which was approved by the shareholders of each entity on 18th December, 1999 and registered on 28th January, 2000. It conducts its business under the commercial name "BBVA". BBVA is registered with the Commercial Registry of Vizcaya (Spain). It has its registered office at Plaza de San Nicolás 4, Bilbao, Spain, 48005, and operates out of Calle de la Saucedá, 28, 28050, Madrid, Spain telephone number +34-91-374-6201. BBVA's agent in the U.S. for U.S. federal securities law purposes is Banco Bilbao Vizcaya Argentaria, S.A., New York Branch (1345 Avenue of the Americas, New York, New York 10105 (Telephone: +1-212-728-1660)). BBVA is incorporated for an unlimited term

Capital Expenditures

BBVA's principal investments are financial investments in its subsidiaries and affiliates. The main capital expenditures in 2014, 2013 and 2012 were the following:

2014

New agreement for the acquisition of an additional 14.9 per cent. of Garanti

On 19th November, 2014 BBVA entered into agreements with Doğuş Holding A.Ş. and Ferit Faik Şahenk, Dianne Şahenk and Defne Şahenk, respectively, for the acquisition of 62,538,000,000 shares of Garanti in the aggregate for a maximum total consideration of 8.90 Turkish liras per batch of 100 shares (amounting to a total maximum amount of approximately 5,566 million Turkish liras). Said agreement stated that should Doğuş receive a dividend payment out of 2014 earnings before the closing of the transaction, such payment amount would be deducted from the total maximum amount. The dividend was paid in April 2015 and therefore the total maximum amount now equals 5,481 million Turkish liras.

Completion of the acquisition is subject to obtaining all necessary regulatory consents from the relevant Turkish, Spanish, European Union and, if applicable, other jurisdictions' regulatory authorities. After the acquisition of the new shares, BBVA's stake in Garanti will be 39.9 per cent.

In accordance with IFRS, upon the completion of the acquisition referred to above, BBVA will have to value its stake in Garanti (which is currently classified as a joint venture accounted for using the equity method) at fair value and fully consolidate Garanti in the Guarantor's consolidated financial statements as from the date of the actual acquisition of control, subject to obtaining the abovementioned regulatory consents.

On the date of the announcement of the agreement the estimated negative impact in the attributable profit of the consolidated financial statements of the BBVA Group was approximately €1,500 million. The majority of such amount corresponds to the exchange rate differences as a result of the depreciation of the Turkish lira against euro since the initial acquisition. These exchange rate differences are already recognised as Other Comprehensive Income deducting the stock shareholder's equity of the BBVA Group. Such accounting impact does not translate into any additional cash outflow from BBVA.

The estimated negative impact in the attributable profit of the consolidated financial statements of the BBVA Group could change.

DIRECTORS AND SENIOR MANAGEMENT

DIRECTORS AND SENIOR MANAGEMENT

BBVA is managed by a Board of Directors which, in accordance with its current by-laws (*Estatutos*), must consist of no less than five and no more than fifteen members. All members of the Board of Directors are elected to serve three-year terms. BBVA's corporate governance system is based on the distribution of functions between the Board of Directors, the Executive Committee and other specialised Board Committees, namely: the Audit and Compliance Committee; the Appointments Committee; the Remuneration Committee; and the Risk Committee. BBVA's Board of Directors is assisted in fulfilling its responsibilities by the Executive Committee (*Comisión Delegada Permanente*) of the Board of Directors. The Executive Committee is responsible for such business of BBVA as the Board of Directors resolves to confer on it in accordance with prevailing legislation, Company Bylaws or Board Regulations.

Board of Directors

The Board of Directors of BBVA is currently comprised of 15 members. The business address of the Directors of BBVA is Calle Saucedo 28, 28050 Madrid.

The following table sets forth the names of the members of the Board of Directors as of the date of this Base Prospectus, their date of appointment and re-election, if applicable, their current positions and their present principal outside occupation and employment history.

BBVA may, from time to time, enter into transactions in the ordinary course of its business, and on an arm's-length basis, with the Directors.

BBVA's Regulations for the Board of Directors include rules which are designed to prevent situations where a potential conflict of interest may arise. These Regulations provide, among other matters, that Directors with a potential conflict of interest may not participate in meetings at which those situations are being considered. Accordingly, there are no potential conflicts of interest between the private interests or other duties of the Directors and their duties to BBVA.

Major Shareholders and Share Capital

As of 13th May, 2015, no person, corporation or government beneficially owned, directly or indirectly, 5 per cent. or more of BBVA's shares. BBVA's major shareholders do not have voting rights which are different from those held by the rest of its shareholders. To the extent known to BBVA, BBVA is not controlled, directly or indirectly, by any other corporation, government or any other natural or legal person. As of 30th May, 2015, there were 940,619 registered holders of BBVA's shares, with an aggregate of 6,305,238,012 shares, of which 725 shareholders with registered addresses in the United States held a total of 1,450,496,951 shares (including shares represented by American Depositary Receipts ("ADRs")). Since certain of such shares and ADRs are held by nominees, the foregoing figures are not representative of the number of beneficial holders.

Legal Proceedings

Several entities of the Group are party to legal actions in a number of jurisdictions (including, among others, Spain, Mexico and the United States) arising in the ordinary course of business. According to the procedural status of these proceedings and the criteria of legal counsel, BBVA considers that none of such actions is material, individually or in the aggregate, and none is expected to result in a material adverse effect on the Group's financial position, results of operations or liquidity, either individually or in the aggregate. The Group's Management believes that adequate provisions have been made in respect of such legal proceedings and considers that the possible contingencies that may arise from such on-going lawsuits are not material and therefore do not require disclosure to the markets.

TAXATION

TAXATION

Preliminary consideration: Tax residence of the Issuer

The Issuer is incorporated as a private company with limited liability under the laws of the Netherlands. On the basis of section 2 subsection 4 Dutch Corporate Income Tax Act 1969, a company which is incorporated under Dutch law, is considered to be resident of the Netherlands for Dutch domestic tax purposes. This notwithstanding, the effective management of the company is currently carried out from Spain, since the key management and commercial decisions that are necessary to conduct the entity's business are taken from Spain. On the basis of such circumstance, the Issuer is also regarded as resident in Spain for tax purposes, as provided by Law 27/2014, of 27th November, on Corporate Income Tax (*Impuesto sobre Sociedades*).

Under this scenario in which the Issuer is resident for tax purposes both in Spain and in the Netherlands, the provisions contained in the Convention between the Netherlands and Spain for the Avoidance of Double Taxation with respect to Taxes on Income and on Net Wealth (the "**Convention**") apply. The Convention was ratified by Instrument made in Madrid on 16th June, 1971 and was published on the Spanish National Gazette on 16th October, 1972.

Pursuant to section 4 of the Convention (which deals with the general criteria followed by the Convention to consider a person as a resident of a Contracting State), an entity which is a resident of both Spain and the Netherlands is considered to be a resident of the State in which the place of its effective management is located (i.e., Spain).

Responsibility for Withholding

Payments in respect of Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer or, as the case may be, the Guarantor will (subject to certain exceptions described in General Condition 7) pay such additional amounts as will result in the holders of Notes receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required.

TAXATION

Spanish Taxation

The following summary refers solely to certain Spanish tax consequences of the acquisition, ownership and disposition of the Notes. It does not purport to be a complete analysis of all tax consequences relating to the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which might be subject to special rules. Prospective investors should consult their own tax advisors as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Spain of acquiring, holding and disposing of Notes and receiving any payments under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. References in this section to Noteholders include the beneficial owners of the Notes.

Acquisition of the Notes

The issue of, subscription for, transfer and acquisition of the Notes is exempt from Transfer and Stamp Tax (*Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados*) and Value Added Tax (*Impuesto sobre el Valor Añadido*).

Taxation on the income and transfer of the Notes

The tax treatment of the acquisition, holding and subsequent transfer of the Notes is summarised below and is based on the tax regime applicable to the Notes pursuant to Royal Legislative Decree 5/2004 of 5th March, 2004 approving the consolidated text of the Non-Resident Income Tax Law, as amended, (*Impuesto sobre la Renta de no Residentes*), Law 27/2014, of 27th November, on Corporate Income Tax Law (*Impuesto sobre Sociedades*) and Law 35/2006 of 28 November on Personal Income Tax, as amended, (*Impuesto sobre la Renta de las Personas Físicas*), Law 19/1991 of 6 June approving the Wealth Tax Law, as amended, (*Impuesto sobre el Patrimonio*) and Law 29/1987 of 18 December approving the Inheritance and Gift Tax Law, as amended, (*Impuesto sobre Sucesiones y Donaciones*). Consideration has also been given to the rules for the implementation of such regulations, as amended, (Royal Decree 1776/2004 of 30th July approving the Non-Resident Income Tax Regulations, Royal Decree 439/2007 of 30th March, approving the Individuals Income Tax Regulations and Royal Decree 1777/2004 of 30th July approving the Corporate Income Tax Regulations).

Consideration has also been given to Spanish legislation on the issuance of preferred securities and debt securities issued by Spanish financial and non-financial listed entities, either directly or through a subsidiary (Additional Provision One of Law 10/2014 of 26th June, 2014, on the organisation, supervision and solvency of credit entities, as amended; and Royal Decree 1065/2007 of 27th July, 2007 (as amended by RD 1145/2011) approving the General Regulations of the tax inspection and management procedures and developing the common rules of the procedures to apply taxes (the "**RD 1065/2007**").

Income obtained by Noteholders who are Non-Resident Income Tax payers in Spain in respect of the Notes

Income obtained by Noteholders who are Non-Resident Income Tax payers, both on interest and in connection with the transfer, repayment or redemption of the Notes, whether or not through a permanent establishment, shall be considered Spanish source income and therefore subject to taxation in Spain under Royal Legislative Decree 5/2004 of 5th March, 2004 approving the Consolidated Non-Resident Income Tax Law, without prejudice to the provisions contained in any applicable tax treaty for the avoidance of double taxation ("**DTT**").

Income not obtained through a permanent establishment in Spain in respect of the Notes

Income obtained by Noteholders who are not tax resident in Spain acting for these purposes without a permanent establishment within Spain is exempt from such Non-Resident Income Tax subject to the reporting obligations as set out in RD 1065/2007 (see *Tax Reporting Obligations of the Issuer and the Guarantor*).

TAXATION

Income obtained through a permanent establishment in Spain in respect of the Notes

The holding of Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

Income obtained by Non Spanish resident holders acting through a permanent establishment in Spain in respect of the Notes will be taxed under the rules provided by Chapter III of the Non-Resident Income Tax Law. These Noteholders will be subject to taxation substantially in the same manner as Spanish Corporate Income Tax taxpayers and, therefore, it shall be computed as taxable income in accordance with the general rules set out in the Corporate Income Tax Law and will therefore be taxed at the current rate of 28 per cent. (to be reduced to 25 per cent. from year 2016 onwards).

Income derived from the transfer and holding of the Notes shall not be subject to withholding tax as provided by RD 1065/2007.

For withholding on income derived from payment of interest, redemption or repayment of the Notes see "*Taxation - Tax Reporting Obligations of the Issuers and the Guarantor*".

Wealth Tax

Individuals resident in a country with which Spain has entered into a DTT in relation to Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights are located in Spain, or that can be exercised within the Spanish territory, exceed €700,000 would be subject to Wealth Tax in tax year 2015 at the applicable rates, ranging between 0.2 per cent. and 2.5 per cent., without prejudice to any exemption which may apply.

However, non-Spanish resident individuals will be exempt from Wealth Tax in respect of the Notes which income is exempt from Non-Resident Income Tax as described above.

If the exemptions outlined do not apply, individuals who are not resident in Spain for tax purposes and who are residents in an European Union or European Economic Member State may apply the rules approved by the Spanish region where the assets and rights with more value: (i) are located; (ii) can be exercised; or (iii) must be fulfilled.

Inheritance and Gift Tax

The transfer of the Notes to individuals by inheritance, legacy or donation shall be subject to the general rules of Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*) in accordance with the applicable Spanish regional and State rules (as the case may be) even if title passes outside Spain and neither the heir nor the beneficiary, as the case may be, is resident in Spain for tax purposes, without prejudice to the provisions of any DTT signed by Spain.

The effective tax rate, after applying all relevant factors, ranges between 0 per cent. and 81.6 per cent.

In the event that the beneficiary is an entity other than a natural person, the income obtained shall be subject to Non-Resident Income Tax, as the case may be, and without prejudice, in the latter event, to the provisions of any DTT that may apply.

Tax rules for payments made by the Guarantor

Payments which may be made by the Guarantor to Noteholders, if the Guarantee is enforced, will be subject to the same tax rules previously set out for payments made by the Issuer.

TAXATION

Tax Reporting Obligations of the Issuer and the Guarantor

Article 44 of RD 1065/2007 sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months. According to the literal wording of Article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, that are recognised by Spanish law or by the law of another OECD country (such as DTC, Euroclear or Clearstream), will be paid free of Spanish withholding tax provided that the paying agent appointed by the issuer submits a statement to the issuer, in accordance with the form attached as annex to RD 1065/2007 (see "Supplementary Annex" under "Spanish Taxation" section of this Base Prospectus), with the following information:

- (i) identification of the securities;
- (ii) date of payment of the income (or refund if the securities are issued at a discount or segregated);
- (iii) total income (or total amount to repay if securities are issued at a discount as segregated); and
- (iv) total amount of the income corresponding to each clearing house located outside Spain.

These obligations refer to the total amount paid to investors through each foreign clearing house.

The statement mentioned above must be dated the business day immediately before the date on which the interest is payable or, in the case of securities issued at a discount, the business day immediately before the redemption date of such securities. The statements must reflect the situation at the close of business on the business day immediately before the date on which the interest is payable.

In the case of payments made in respect of the Notes, the failure to submit the relevant statement will result in the Issuer or its authorized paying agent being liable to make the corresponding payment net of the applicable Spanish withholding tax (this is currently at the rate of 20 per cent., to be reduced to 19 per cent. as from 1st January 2016). In such circumstances, neither the Issuer nor the Guarantor will be required to pay additional amounts in respect of such withholding tax. The Agency Agreement in respect of the Notes contains provisions for the Principal Paying Agent to provide the relevant information to the Issuer in due course.

Notwithstanding the above, if on or before the 10th day of the month following the month in which the payment is made, the relevant entity submits the statement, the issuer or its authorised paying agent will refund the amount withheld in excess, as soon as it receives the statement.

Please note that this is for general information purposes only and is not intended to be, nor shall it be deemed to be, or constitute legal advice. Also, please be advised that Spanish Financial entities are currently under discussions with the Spanish Tax Authorities in order to get further clarification on the scope of RD 1065/2007.

Refund by the Spanish tax authorities

Noteholders who might otherwise have been entitled to a gross payment but in respect of whom the Principal Paying Agent does not provide with the relevant Supplementary Annex on or before the 10th calendar day of the month that follows the month in which the interest is payable may seek a refund of Spanish tax withheld directly from the Spanish tax authorities.

Set out below is the Supplementary Annex in English which has been translated from the original Spanish. Such translation constitutes a direct, accurate and complete translation of the Spanish language text. In the event of any discrepancy between the Spanish language version of the Supplementary Annex and the

TAXATION

corresponding English translation, the Spanish tax authorities will give effect to the Spanish language version of the relevant Supplementary Annex only.

TAXATION

Irish Taxation

The following is a summary of the Irish withholding tax treatment of the Notes. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Base Prospectus and may be subject to change. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of payments thereon under any laws applicable to them.

Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of income tax (currently 20 per cent).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Notes is connected, nor are the Notes held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Notes, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Notes.

Separately, for as long as the Notes are quoted on a stock exchange, a purchaser of the Notes should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Notes.

Encashment Tax

Payments on any Notes paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Notes will be subject to Irish encashment tax at the standard rate of Irish tax (currently 20 per cent), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Notes entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

TAXATION

Dutch Taxation

The following describes the principal Dutch tax consequences of the holding, exchange and disposal of the Notes. This summary does not purport to be a comprehensive description of all Dutch tax considerations that may be relevant to a decision to purchase, to hold, and to dispose of the Notes. For purposes of Dutch tax law, a Noteholder may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes. The discussion of certain Dutch taxes set forth below is included for general information purposes only.

This summary is based on the Dutch tax legislation, published case law, treaties, rules, regulations and similar documentation, in force as of the date of this Base Prospectus, without prejudice to any amendments introduced at a later date and implemented with retroactive effect.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Tax position of the Issuer

Under the Convention, the Issuer is considered to be resident of Spain for tax purposes and therefore the Netherlands should refrain from levying corporate income tax on profits generated by the Issuer, except if and to the extent such profits are allocable to a Dutch permanent establishment or permanent representative of the Issuer.

Withholding tax

All payments of interest and principal made by the Issuer under a Note may be made free of withholding or deduction of, any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Taxes on Income and Capital Gains

A holder of the Notes (the "**Noteholder**") who derives income from a Note or who realises a gain from the disposal or redemption of a Note will not be subject to Dutch taxation on such income or gain, provided that:

- the Noteholder is neither a resident nor deemed to be a resident of the Netherlands for Dutch tax purposes;
- the Noteholder does not have an enterprise or deemed enterprise (as defined in Dutch tax law) or an interest in an enterprise or deemed enterprise (as defined in Dutch tax law) that is, in whole or in part, carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands and to which enterprise or part of that enterprise, as the case may be, the Notes are attributable;
- the Noteholder is not entitled to a share in the profits of an enterprise that is effectively managed in the Netherlands, other than by way of securities and to which enterprise the Notes are attributable;
- the Noteholder does not have a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest in the Issuer as defined in the Dutch Income Tax Act 2001 (*Wet op de inkomstenbelasting 2001*); and
- if the Noteholder is an individual, the Noteholder does not derive benefits from the Notes that are taxable as benefits from miscellaneous activities in the Netherlands (*resultaat uit overige*

TAXATION

werkzaamheden in Nederland) as defined in the Dutch Income Tax Act 2001, which include, but are not limited to, activities in respect of the Notes which are beyond the scope of "regular active asset management" (*normaal actief vermogensbeheer*) or benefits which are derived from the holding, whether directly or indirectly, of (a combination of) shares, debt claims or other rights which form a "lucrative interest" (*lucratief belang*). A lucrative interest is an interest which the holder thereof has acquired under such circumstances that benefits arising from this lucrative interest are intended to be a remuneration for work or services performed by such holder (or a person related to such holder) in the Netherlands, whether within or outside an employment relationship, where such lucrative interest provides the holder thereof, economically, with certain benefits that have a relationship to the relevant work or services.

Under Dutch tax law a Noteholder will not be deemed a resident, domiciled or carrying on a business in the Netherlands by reason only of its holding of the Notes or the performance by the Issuer of its obligations under the Notes.

Gift and Inheritance Taxes

No gift or inheritance taxes will arise in the Netherlands with respect to the acquisition of the Notes by way of gift by, or on the death of, a Noteholder, unless:

- the Noteholder is a resident or deemed to be resident of the Netherlands for the purpose of the relevant Dutch tax law provisions; or
- in the case of a gift of the Notes by an individual who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands, such individual dies within 180 days after the date of the gift, while being a resident or deemed to be a resident of the Netherlands.

For the purpose of Dutch gift and inheritance tax, an individual who has the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift or the date of his death, if he has been a resident of the Netherlands at any time during the ten years preceding the date of the gift or the date of his death.

For the purposes of Dutch gift tax, an individual who does not have Dutch nationality will be deemed to be a resident of the Netherlands, at the date of the gift, if he has been a resident of the Netherlands at any time during the twelve months preceding the date of the gift.

Value Added Tax

No Value Added Tax (*Omzetbelasting*) will arise in the Netherlands in respect of any payment in consideration for the issue of the Notes or with respect to any payment of principal or interest by the Issuer on the Notes.

Other Taxes and Duties

No registration tax, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable in the Netherlands in respect of or in connection with the issue of the Notes.

TAXATION

Swiss Taxation

The following discussion is a summary of certain material Swiss tax considerations relating to (i) Notes where the holder is tax resident in Switzerland or has a tax presence in Switzerland or (ii) Notes where the paying agent is located in Switzerland. The discussion is based on legislation as of the date of this Base Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Notes. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisors as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Notes (or options embedded therein) in light of their particular circumstances.

Swiss Withholding Tax

Payments by the Issuer on Notes are not subject to Swiss federal withholding tax provided that the Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On 17 December 2014 the Swiss Federal Council issued draft legislation, which, if enacted, may require a paying agent in Switzerland to deduct Swiss withholding tax at a rate of 35 per cent. on any payment of interest in respect of a security to an individual resident in Switzerland. If this legislation or similar legislation were enacted and a payment in respect of a security were to be made or collected through Switzerland and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer, nor any paying agent nor any other person would pursuant to the general terms and conditions of the Notes be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax.

Income Taxation

Notes held as Private Assets by a Swiss Resident Holder

(a) Structured Products

If a Note classifies as a structured product, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Note classifies as a structured product with or without a predominant one-time interest payment.

Non-transparent derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Note classifies as non-transparent structured product and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment. If so, Swiss resident private investors will be taxed on any interest payments and on any gains, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest-payment (see below "—Transparent derivative financial instruments with a predominant one-time interest payment"), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the Note. A gain, including interest accrued, realised on the sale of a Note is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder"). The same applies if the Note is redeemed except that interest accrued is taxed when paid.

TAXATION

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time interest-payment such as an original issue discount or a repayment premium, and not from periodic interest payments, then any periodic interest payments at sale or redemption of the Note as well as the difference between the value of the embedded bond at sale or redemption and its value at issuance or purchase, as applicable, converted, in each case, into Swiss francs at the rate of exchange prevailing at the time of sale, redemption, issuance or purchase constitutes taxable income (modified differential taxation method). A value decrease on the embedded bond realised on the sale or redemption of the Note may be offset against any gains (including periodic interest payments) realised within the same taxation period from all financial instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder").

(b) Notes

Notes without a predominant one-time interest payment: If a Note classifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss francs at the rate of exchange prevailing at the time of payment. A gain, including interest accrued, realised on the sale of a Note is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder").

Notes with a predominant one-time interest payment: If a Note classifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

(c) Pure Derivative Financial Instruments

Periodic and one-time dividend equalisation payments realised on a Note which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder").

(d) Low Exercise Price Options (LEPO)

According to the current practice of the Swiss Federal Tax Administration, low exercise price options are given if the *Underlying* has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year, the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder").

(e) Fund-like Products

TAXATION

An individual holding a fund-like product as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derived from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any loss on the underlying investments is a non-tax-deductible private capital loss. Such taxation will only apply if dividend and interest income (less attributable costs) and capital gains and losses are reported and distributed separately. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised is a non-tax-deductible capital loss (see below "Capital Gains Taxation – Notes held as Private Assets by a Swiss resident Holder").

Notes held as Assets of a Swiss Business

Corporate entities and individuals who hold Notes as part of a trade or business in Switzerland (in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland) are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Notes (irrespective of their classification) in their income statement and will be taxed on any net taxable earnings for the respective taxation period.

The same taxation treatment also applies to Swiss-resident individuals who are classified by the tax authorities as "professional securities dealers" for reasons of, *inter alia*, frequent dealing and leveraged investments in Notes.

Capital Gains Taxation

Notes held as Private Assets by a Swiss Resident Holder

A gain or a loss realised by an individual resident in Switzerland upon the sale or other disposal of a Note held as part of his or her private assets, is a tax-free private capital gain or a non-tax deductible capital loss, respectively, unless such individual is classified by the tax authorities as a "professional securities dealer" for reasons of, *inter alia*, frequent dealing and leveraged investments in Notes. If an individual is classified as "professional securities dealer" he or she will be taxed in accordance with the principles set forth above under "Notes held as Assets of a Swiss Business". Concerning the separation into a tax-exempt capital gains or non-tax deductible capital loss component, as applicable, and a taxable income component of a Note, see the breakdown principles set forth above with regard to the different instruments under "Income Taxation – Notes held as Private Assets by a Swiss Resident Holder").

Notes held as Assets of a Swiss Business

Capital gains realised on Notes held as assets of a Swiss business are taxed in accordance with the taxation principles set forth above under "Income Taxation – Notes held as Swiss Business Assets".

Stamp Taxes

Swiss Federal Issue Stamp Tax

The Notes are not subject to Swiss federal stamp tax on the issuance of Notes.

Swiss Federal Securities Turnover Tax

Dealings in Notes which classify as pure derivative financial instruments (such as pure call and put options, including low exercise price options (LEPOs) with a maturity not exceeding twelve months, pure futures with a

TAXATION

maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings in Notes which have been issued by an issuer outside of Switzerland and which classify as structured products, share-like instruments (including Low Exercise Price Options on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealings in bonds and structured products with a maturity not exceeding one year are exempt from Swiss federal securities turnover tax.

The delivery of an underlying taxable Note at exercise or redemption to the holder of the Note is subject to Swiss federal securities turnover tax of 0.3 per cent. in case a Note issued by an issuer outside Switzerland is delivered, and of 0.15 per cent. in case a Note issued by a domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Gift, Inheritance and Estate Taxes

Subject to an applicable international tax treaty in an international scenario, transfers of Notes may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person had his or her last domicile in Switzerland, the donor is resident in Switzerland, or in the case of a foreign deceased or donor the transfer involves an unincorporated business (partnership or sole proprietorship) in Switzerland and Securities are held as part of such business. No such taxes exist at the federal level. Rates depend upon the existing relationship (i.e. the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants, as well as inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates (up to 6 per cent.). Gifts and inheritances received from unrelated persons attract rates ranging from 20 per cent. to 40 per cent. The taxable base is usually the market value of the property transferred.

Net Worth and Capital Taxes

A holder of Securities who is a resident individual in Switzerland or is a non-Swiss resident holding Securities as part of a Swiss business operation or a Swiss permanent establishment, is required to report Securities as part of private assets or as part of Swiss business assets, as applicable, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth (including the Securities); in the case of a non-Swiss resident individual holding Securities as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Securities are subject to cantonal and communal capital tax on net taxable equity, in the case of non-Swiss resident incorporated holders to the extent the aggregate net taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

Non-Swiss Resident Holders

A holder of a Note who is not resident in Switzerland for tax purposes and who during the taxation period has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will be subject to neither to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

TAXATION

EU Savings Tax

The Agreement between the European Community and the Confederation of Switzerland dated 26 October 2004 provides for measures equivalent to those laid down in the EU Savings Tax Directive and requires a Swiss paying agent to deduct EU savings tax on an interest payment to an individual resident in an EU member state. The tax is withheld at a rate of 35 per cent., with the option for the individual to have the paying agent and Switzerland provide to the tax authorities of the EU member state the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

Final Foreign Withholding Taxes

On 1 January 2013, treaties on final withholding taxes of Switzerland with the United Kingdom and Austria entered into force (each a "**Contracting State**"). The treaties require a Swiss paying agent, as defined in the treaties, to levy a flat-rate final withholding tax (*internationale Quellensteuer*) at rates specified in the treaties on certain capital gains and income items (interest, dividends, other income items), all as defined in the treaties, deriving from assets, including the Securities, as applicable, held in accounts or deposits with a Swiss paying agent by (i) an individual resident in a Contracting State or, (ii) if certain requirements are met, by a domiciliary company (*Sitzgesellschaft*), an insurance company in connection with a so-called insurance wrapper (*Lebensversicherungsmantel*) or other individuals if the beneficial owner is an individual resident in a Contracting State. The flat-rate tax withheld substitutes the ordinary income tax on the respective capital gains and income items in the Contracting State where the individual is tax resident. In order to avoid the withholding of the flat-rate tax by the Swiss paying agent, such individuals may opt for a disclosure of the respective capital gains and income items to the tax authorities of the Contracting State where they are tax residents.

TAXATION

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 24th March, 2014, the Council of the European Union adopted a Council Directive (the "**Amending Directive**") amending and broadening the scope of the requirements described above. The Amending Directive requires Member States to apply these new requirements from 1st January, 2017 and if they were to take effect the changes would expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. They would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported or subject to withholding. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

However, the European Commission has proposed the repeal of the Savings Directive from 1st January 2017 in the case of Austria and from 1st January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

TAXATION

The proposed financial transactions tax ("FTT")

On 14th February, 2013, the European Commission published a proposal (the Commission's Proposal) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The Commission's Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States indicate an intention to implement the FTT by 1st January, 2016.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

TAXATION

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "**foreign financial institution**", or "**FFI**" (as defined by FATCA)) that does not become a "Participating FFI" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of the Issuer (a "**Recalcitrant Holder**"). The Issuer may be classified as an FFI and the Guarantor is classified as an FFI.

The new withholding regime is in effect for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than 1st January, 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after the grandfathering date, which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "Reporting FI" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States has entered into agreements with the Netherlands (the "**U.S.-Netherlands IGA**") and Spain (the "**U.S.-Spain IGA**"), in each case based largely on the Model 1 IGA..

If the Issuer and Guarantor are treated as Reporting FIs pursuant to the U.S.-Netherlands IGA and U.S.-Spain IGA, as applicable, they do not anticipate that they will be obliged to deduct any FATCA Withholding on payments they make. There can be no assurance, however, that the Issuer and Guarantor will be treated as Reporting FIs, or that they would in the future not be required to deduct FATCA Withholding from payments they make. The Issuer, Guarantor and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are in global form and held within DTC and the European Clearing Systems (together, the "**ICSDs**"), it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, Guarantor, any paying agent and the common depository and common safekeeper, given that each of the entities in the payment chain between the Issuer and ending with the participants in the ICSDs is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

TAXATION

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TAXATION

Hiring Incentives to Restore Employment Act

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986, which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). Proposed U.S. Treasury regulations expand the scope of withholding under Section 871(m) beginning 1st January, 2016.

While significant aspects of the application of Section 871(m) to the Notes are uncertain, if the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Dealer(s) have, in an amended and restated programme agreement (as further modified and/or supplemented and/or restated from time to time, the "**Programme Agreement**") dated 8 July, 2015 agreed with the Issuer and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer (and, failing which, the Guarantor) have agreed to reimburse the Dealer(s) for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealer(s) against certain liabilities incurred by them in connection therewith.

In order to facilitate the offering of any Tranche of the Notes, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. Specifically such persons may over-allot or create a short position in the Notes for their own account by selling more Notes than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Notes in the open market. In addition, such persons may stabilise or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Notes are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail for a limited period after the Issue Date. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilisation or other transactions. Such transactions, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Under UK laws and regulations stabilisation activities may only be carried on by the Stabilisation Manager named in the Final Terms (or persons acting on its behalf) and may only continue for a limited period following the Issue Date (or, if the ending day would be earlier, 60 days after the date of allotment) of the relevant Tranche of Notes.

Transfer Restrictions

As a result of the following restrictions, purchasers of Notes in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Notes.

Each person purchasing an interest in a Registered Global Note will be deemed to have acknowledged, represented and agreed, as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (a) that (i) it is a QIB who is also a QP, purchasing (or holding) the Notes for its own account or for the account of one or more QIBs who are also QPs and it is aware that any sale to it is being made in reliance on Rule 144A, or (ii) it is outside the United States and is not a U.S. person;
- (b) that the Notes are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;
- (c) that, unless it holds an interest in a Regulation S Global Note and either is a person located outside the United States or is not a U.S. person, if in the future it decides to resell, pledge or otherwise transfer the Notes or any beneficial interests in the Notes, it will do so, prior to the date which is one year after the later of the last Issue Date for the Series and the last date on which the Issuer or an affiliate of the Issuer was the owner of such Notes, only (i) to the Issuer or any affiliate thereof, (ii) inside the United

States to a person whom the seller reasonably believes is a QIB who is also a QP purchasing for its own account or for the account of a QIB who is also a QP in a transaction meeting the requirements of Rule 144A, (iii) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (iv) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available) or (v) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. state securities laws;

- (d) that it will, and will require each subsequent holder to, notify any purchaser of the Notes from it of the resale restrictions referred to in paragraph (c) above, if then applicable;
- (e) that Notes initially offered in the United States to QIBs who are also QPs will be represented by one or more Rule 144A Global Notes, that Notes offered to Institutional Accredited Investors who are also QPs will be in the form of Definitive IAI Registered Notes and that Notes offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Notes;
- (f) that the Notes, other than the Regulation S Global Notes, will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THIS NOTE HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY STATE SECURITIES LAWS AND THE ISSUER HAS NOT BEEN AND WILL NOT BE REGISTERED AS AN "INVESTMENT COMPANY" UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "**1940 ACT**"). NEITHER THIS NOTE NOR ANY INTEREST OR PARTICIPATION HEREIN MAY BE REOFFERED, SOLD, ASSIGNED, TRANSFERRED, PLEDGED, ENCUMBERED OR OTHERWISE DISPOSED OF UNLESS SUCH TRANSACTION IS REGISTERED PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT, OR IS EXEMPT FROM, OR NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND UNDER CIRCUMSTANCES WHICH DO NOT REQUIRE THE ISSUER TO REGISTER UNDER THE 1940 ACT.

BY PURCHASING THE NOTES REPRESENTED HEREBY, EACH HOLDER OF ANY BENEFICIAL INTEREST HEREIN WILL BE DEEMED TO HAVE REPRESENTED FOR THE BENEFIT OF THE ISSUER AND FOR ANY AGENT OR SELLER WITH RESPECT TO THE NOTES THAT IT (I)(A) IS AN "ELIGIBLE INVESTOR" (AS DEFINED BELOW), (B) WILL HOLD AT LEAST THE MINIMUM DENOMINATION OF U.S.\$250,000, (C) WILL PROVIDE NOTICE OF APPLICABLE TRANSFER RESTRICTIONS TO ANY SUBSEQUENT TRANSFEREE, INCLUDING DELIVERING TO EACH TRANSFEREE A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND, (D) IS PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNTS OF ONE OR MORE OTHER PERSONS EACH OF WHOM MEETS ALL OF THE PRECEDING REQUIREMENTS AND (E) AGREES THAT IT WILL NOT REOFFER, RESELL, PLEDGE OR OTHERWISE TRANSFER THE NOTES OR ANY BENEFICIAL INTEREST HEREIN TO ANY PERSON EXCEPT TO A PERSON THAT MEETS ALL OF THE PRECEDING REQUIREMENTS AND AGREES NOT TO SUBSEQUENTLY TRANSFER THE NOTES OR ANY BENEFICIAL INTEREST HEREIN EXCEPT IN ACCORDANCE WITH THIS CLAUSE (E) OR (II) IS NOT A U.S. PERSON AND IS ACQUIRING THE NOTES PURSUANT TO RULE 903 OR 904 OF REGULATION S. IN THE EVENT OF ANY TRANSFER PURSUANT TO THE PRECEDING CLAUSE (II), (1) THE TRANSFEREE WILL BE REQUIRED TO HAVE THE NOTES SO TRANSFERRED TO BE REPRESENTED BY AN INTEREST IN THE REGULATION S GLOBAL NOTE (AS DEFINED IN THE BASE PROSPECTUS); (2) THE TRANSFEROR WILL BE REQUIRED TO DELIVER A TRANSFER CERTIFICATE (THE FORM OF WHICH IS ATTACHED TO THE AGENCY AGREEMENT AND IS AVAILABLE FROM THE TRANSFER AGENT), AND (3) THE TRANSFEREE WILL BE REQUIRED TO CERTIFY AS TO ITS STATUS AS A NON-U.S. PERSON. ANY RESALE OR OTHER TRANSFER OF THIS NOTE MADE OTHER THAN IN COMPLIANCE WITH THE FOREGOING RESTRICTIONS SHALL NOT BE RECOGNIZED BY THE ISSUER, THE REGISTRAR OR ANY OTHER AGENT OF THE ISSUER.

If, at any time a Note is held by or on behalf of a U.S. person who is not an Eligible Investor at the time it purchases such Note the Issuer may, in its discretion and at the expense and risk of such holder, (a) redeem such Notes, in whole or in part, to permit the Issuer to avoid registration under the 1940 Act or (b) require any such holder to transfer such Notes to an Eligible Investor or to a non-U.S. person outside the United States or cause such Notes to be transferred on behalf of the Noteholder. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a Noteholder and the Issuer shall have the right, in accordance with the conditions of the Notes, to force the transfer of, transfer on behalf of the Noteholder or redeem, any such Notes.

Such Notes will be offered by BBVA (acting through its agent BBVA Securities Inc.) (in such capacity, the "**Initial Purchaser**").

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Regulation S Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. The Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Notes within the United States or to, or for the account or benefit of, U.S. persons.

As used herein, "**United States**" means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and "**U.S. person**" means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organized in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organized principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. Person" as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the Commodity Exchange Act, as amended.

Until 40 days after the commencement of the offering of any Tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealer(s) may arrange for the resale of Notes to QIBs who are also QPs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealer(s) may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A and one or more exemptions and/or exclusions from regulation under the U.S. Commodity Exchange Act, as amended (the "**CEA**"). The Notes, the Guarantee and any Entitlement(s) do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the CEA, and trading in the Notes has not been approved by the U.S. Commodity Futures Trading Commission pursuant to the CEA.

Each issuance of Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the Final Terms.

1940 Act compliance

As described above, the Issuer has not been and will not be registered as an "investment company" under the 1940 Act and, accordingly, the Notes may only be sold in the United States or to, or for the account or benefit of, U.S. persons in compliance with Section 3(c)(7) of the 1940 Act. In general, the Section 3(c)(7) exception excludes from the definition of an investment company any issuer whose outstanding securities are owned

Consequently, the relevant Notes may only be offered, sold, resold, delivered or transferred (a) within the United States or to, or for the account or benefit of, U.S. persons, in a transaction made in compliance with both Rule 144A and Section 3(c)(7) under the 1940 Act to persons that are Eligible Investors (as defined below) or (b) outside the United States to persons that are not U.S. persons in offshore transactions in reliance on Rule 903 or 904 of Regulation S.

"**Eligible Investors**" are defined as persons who are QIBs and also QPs acting for their own account or for the account of other QIBs who are also QPs, or persons who are Institutional Accredited Investors and also QPs, but excluding therefrom: (i) QIBs that are broker dealers that own and invest on a discretionary basis less than US\$25 million in "securities" of unaffiliated issuers (ii) a partnership, common trust fund, special trust, pension fund, retirement plan or other entity in which the partners, beneficiaries or participants, as the case may be, may designate the particular investments to be made or the allocation thereof, (iii) an entity that was formed, reformed or recapitalised for the specific purpose of investing in the Notes, (unless each beneficial owner of such entity is a QP), (iv) any investment company excepted from the 1940 Act solely pursuant to Section 3(c)(1) or Section 3(c)(7) thereof and formed prior to April 30, 1996, that has not received the consent of its beneficial owners with respect to the treatment of such entity as a qualified purchaser in the manner required by Section 2(a)(51)(C) of the 1940 Act and rules thereunder, and (v) any entity that will have invested more than 40 per cent. of its assets in securities of the Issuer subsequent to any purchase of the Notes.

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EC), and includes any relevant implementing measure in the Relevant Member State.

The Netherlands

The Notes will only be offered in the Netherlands to Qualified Investors (as defined in the Prospectus Directive), unless such offer is made in accordance with the Dutch Financial Supervision Act (*Wet op het financieel toezicht*).

In addition and without prejudice to the relevant restrictions set out above, Notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever ("**Zero Coupon Notes**") in definitive form may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or an admitted institution (*toegelaten instelling*) of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Savings Certificates Act (*Wet inzake spaarbewijzen*) as amended from time to time. No such mediation is required in respect of:

- (c) the transfer and acceptance of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession; or

In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with and, in addition thereto, if such Zero Coupon Notes in definitive form do not qualify as commercial paper traded between professional borrowers and lenders within the meaning of the agreement of 2nd March, 1987 attached to the Royal Decree of 11th March, 1987 as published in the Official Gazette 1987, 129, as amended from time to time, each transfer and acceptance should be recorded in a transaction note, including the name and address of each party to the transaction, the nature of the transaction and the details and serial numbers of such Notes.
