Conclusions

## BBVA strategic issues

## In 2002 we drew up a new strategic plan based in three pillars

1. Strengthening of Group fundamentals
2. Corporate culture and organisational changes
3. A value creation model based in profitable growth

## The Group is now focussed in delivering growth

## Group performance has already improved in 2003

## ...surpassing its commitment to the market ( $€ 2.15 \mathrm{bn}$ )

## This positive trend has been confirmed in 1Q04 results

## Financial system transformation resulting in higher ROEs

- Regulation benchmarked to international standards
- Stricter risk modeling and taking procedures
- Adequate capitalization
- Improved technology
- Better knowledge of customer credit history
- Improved legal framework
- Increased consolidation

> Mexico s banking sector ROE (inflation adjusted) is the highest in the region
(4) Credit expansion: consumer loans have been the first to take off

## Banks have successfully regained market share

## SME's: very low penetration, very high growth potential

## Mortgage market: a short term priority...

Mortgage penetration

## From MXN 378 Bn to MXN 59 Bn ten years after

## ... and a long term opportunity
