

Banco Bilbao Vizcaya Argentaria, S.A.

(incorporated with limited liability in Spain)

€40,000,000,000

Global Medium Term Note Programme

Under this €40,000,000,000 Global Medium Term Note Programme (the **Programme**), Banco Bilbao Vizcaya Argentaria, S.A. (the **Issuer** or **BBVA**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The Issuer and its consolidated subsidiaries are referred to herein as the **Group**.

Notes may be issued in bearer or registered form (respectively **Bearer Notes** and **Registered Notes**) as Senior Notes or Subordinated Notes. Senior Notes may be Senior Preferred Notes or Senior Non-Preferred Notes. Subordinated Notes may be Senior Subordinated Notes or Tier 2 Subordinated Notes. The Notes may be governed by English law or Spanish law. The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €40,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described in this Offering Circular.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together, the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed or for which subscribers are being procured for by more than one Dealer, be to all Dealers agreeing to subscribe or to procure subscribers for such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**), or any U.S. state securities laws and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction. See “*Form of the Notes*” for a description of the manner and form in which Notes will be issued. Registered Notes are subject to certain restrictions on transfer, see “*Subscription and Sale and Transfer and Selling Restrictions*”.

Potential investors should note the statements on pages 167 to 171 regarding the tax treatment in Spain of income obtained in respect of the Notes and the disclosure requirements imposed by the First Additional Provision of Law 10/2014 of 26th June, 2014.

The Issuer and the Senior Preferred Notes issued under the Programme have been rated A- by Standard & Poor's Credit Market Services Europe Limited (**S&P**), A3 by Moody's Investors Services España, S.A. (**Moody's**) and A- by Fitch Ratings España S.A.U. (**Fitch**). The Senior Non-Preferred Notes issued under the Programme have been rated BBB+ by S&P, Baa2 by Moody's and BBB+ by Fitch. Each of S&P, Moody's and Fitch is established in the European Union (the **EU**) and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, each of S&P, Moody's and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable on Floating Rate Notes and Fixed Reset Notes may be calculated by reference to one of LIBOR, SONIA or EURIBOR as specified in the relevant Final Terms. As at the date of this Offering Circular, (i) the administrator of LIBOR, ICE Benchmark Administration Limited and administrator of EURIBOR, European Money Markets Institute, are each included in ESMA's register of administrators under Article 36 of Regulation (EU) No. 2016/1011 (as amended, the **Benchmarks Regulation**); and (ii) the administrator of SONIA, is not included in ESMA's register of administrators under the Benchmarks Regulation. As far as the Issuer is aware, under Article 2 of the Benchmarks Regulation, the administrator of SONIA, the Bank of England, is not required to obtain authorisation or registration as of the date of this Offering Circular.

This Offering Circular is issued in replacement of the Offering Circular dated 2nd July, 2019 and accordingly supersedes that Offering Circular. This does not affect any Notes issued under the Programme prior to the date of this Offering Circular.

This Offering Circular has been approved as a base prospectus by the Central Bank of Ireland (the **CBI**) as competent authority under the Prospectus Regulation (as defined below). The CBI only approves this Offering Circular as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the Central Bank of Ireland should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes. Such approval relates only to Notes that are to be admitted to trading on the regulated market (the **Regulated Market**) of the Irish Stock Exchange plc, trading as Euronext Dublin (**Euronext Dublin**) or on another regulated market for the purposes of Directive 2014/65/EU (the **Markets in Financial Instruments Directive**) and/or that are to be offered to the public in any Member State of the European Economic Area (the **EEA**) or in the United Kingdom (the **UK**)) in circumstances that require the publication of a prospectus. Application has been made to Euronext Dublin for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to its official list (the **Official List**) and trading on the Regulated Market. The Regulated Market is a regulated market for the purposes of the Markets in Financial Instruments Directive.

This Offering Circular (as supplemented at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the EEA or in the UK. The obligation to supplement this Offering Circular in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Offering Circular is no longer valid.

References in this Offering Circular to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to the Official List and trading on the Regulated Market.

The requirement to publish a prospectus under the Prospectus Regulation (as defined below) only applies to Notes which are to be admitted to trading on a regulated market in the EEA or in the UK and/or offered to the public in the EEA or in the UK other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under “*Terms and Conditions of the Notes*”) of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the CBI and, where listed, Euronext Dublin on or before the date of issue of the Notes of such Tranche.

Copies of Final Terms in relation to Notes to be listed on Euronext Dublin will also be published on the website of Euronext Dublin. This Offering Circular constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. When used in this Offering Circular, **Prospectus Regulation** means Regulation (EU) 2017/1129, and includes any relevant implementing measure in a relevant Member State of the EEA or in the United Kingdom.

The language of this Offering Circular is English. Certain legal references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under the applicable laws.

The Issuer accepts responsibility for the information contained in this Offering Circular and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer the information contained in this Offering Circular is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Offering Circular is to be read in conjunction with all documents which are incorporated herein by reference (see “*Documents Incorporated by Reference*”). This Offering Circular shall be read and construed on the basis that such documents are incorporated and form part of this Offering Circular.

Other than in relation to the documents which are deemed to be incorporated by reference (see “*Documents Incorporated by Reference*”), the information on the websites to which this Offering Circular refers does not form part of this Offering Circular and has not been scrutinised or approved by the CBI.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Offering Circular or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Offering Circular or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Offering Circular or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in Japan, the United States, the EEA, the UK, Spain and Italy, see “*Subscription and Sale and Transfer and Selling Restrictions*”.

In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the Notes being offered, including the merits and risks involved. The Notes have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Offering

Circular or confirmed the accuracy or determined the adequacy of the information contained in this Offering Circular. Any representation to the contrary is unlawful.

Neither the Issuer nor any of the Dealers makes any representation to any investor in the Notes regarding the legality of its investment under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors may be subject to law or review or regulation by certain authorities. Each potential investor should determine for itself, on the basis of professional advice where appropriate, whether and to what extent (i) Notes are lawful investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

SPANISH TAX RULES

Article 44 of Royal Decree 1065/2007 of 27th July, as amended by Royal Decree 1145/2011 of 29th July (as so amended, **RD 1065/2007**), sets out the reporting obligations applicable to preference shares and debt instruments (including debt instruments issued at a discount for a period equal to or less than twelve months) issued under the First Additional Provision of Law 10/2014, of 26th June, on organisation, supervision and solvency of credit entities (*Ley 10/2014, de 26 de junio, de ordenación, supervisión y solvencia de entidades de crédito*) (**Law 10/2014**).

General

The procedure described in this Offering Circular for the provision of information required by Spanish law and regulation is a summary only. Neither the Issuer nor any of the Dealers assumes any responsibility therefor.

IMPORTANT – EEA AND UK RETAIL INVESTORS

In the case of all Notes (other than Senior Preferred Notes), the Notes are not intended to and shall not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. This prohibition shall also apply in the case of any Senior Preferred Notes for which a legend to this effect entitled “*Prohibition of Sales to EEA and UK Retail Investors*” is included in the applicable Final Terms. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation EU No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling these Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling such Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE/TARGET MARKET

The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**)

should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

This Offering Circular has been prepared on the basis that the minimum denomination of each Note will be €100,000 (or equivalent in another currency).

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT (CHAPTER 289 OF SINGAPORE)

In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (as amended or modified, the **SFA**) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), unless otherwise stated in the applicable Final Terms in respect of any Notes, all Notes shall be ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in the Monetary Authority of Singapore (the **MAS**) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Registered Notes may be offered or sold within the United States only to QIBs or to Institutional Accredited Investors, in either case in transactions exempt from registration under the Securities Act in reliance on Rule 144A under the Securities Act (**Rule 144A**) or any other applicable exemption. “Subscription and Sale and Transfer and Selling Restrictions”. Unless otherwise stated, terms used in this paragraph have the meanings given to them in *“Form of the Notes”*.

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are “restricted securities” within the meaning of the Securities Act, the Issuer has undertaken in a deed poll dated 18th December, 2015 (the **Deed Poll**) to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, any of the Notes remain outstanding as “restricted securities” within the meaning of Rule 144(a)(3) of the Securities Act and the Issuer is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the **Exchange Act**), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

The Issuer is a corporation organised under the laws of Spain. All or most of the officers and directors of the Issuer named herein reside outside the United States and all or a substantial portion of the assets of the Issuer and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside Spain upon the Issuer or such persons, or to enforce judgments against them obtained in courts outside Spain predicated upon civil liabilities of the Issuer or such directors and officers under laws other than the laws of Spain, including any judgment predicated upon United States federal securities laws.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes of the Series (as defined below) of which such Tranche forms part at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

In purchasing Notes, investors expose themselves to the risk that the Issuer may become insolvent, subject to early intervention or resolution, or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer believes that the factors described below represent the principal factors which could materially adversely affect its businesses and ability to make payments due under the Notes. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in, or incorporated by reference into, this Offering Circular and reach their own views prior to making any investment decision.

Unless otherwise stated, terms used in this section have the meanings given to them in “Regulatory Framework”.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS IN RESPECT OF NOTES ISSUED UNDER THE PROGRAMME

Macroeconomic Risks and COVID-19 Consequences

The coronavirus (COVID-19) pandemic is adversely affecting the Group

The coronavirus (COVID-19) pandemic is affecting, and is expected to continue to adversely affect, the world economy and economic activity and conditions in the countries in which the Group operates, leading many of them to economic recession. Among other challenges, these countries are experiencing widespread increases in unemployment levels and falls in production, while public debt has increased significantly due to support and spending measures implemented by government authorities. In addition, there has been an increase in debt defaults by both companies and individuals, volatility in the financial markets, volatility in exchange rates and falls in the value of assets and investments, all of which have adversely affected, and are expected to continue to affect, the Group's results.

Furthermore, the Group may be affected by the measures adopted by regulatory authorities in the banking sector, including but not limited to, the recent reduction in reference interest rates, the relaxation of prudential requirements, the suspension of dividend payments until 1st October, 2020, the adoption of moratorium measures for bank customers (such as those included in Royal Decree Law 11/2020 in Spain, as well as in the CECA-AEB agreement to which BBVA has adhered and which, among other things, allows loan debtors to extend maturities and defer interest payments) and facilities to grant credit with the benefit of public guarantees, especially to companies and self-employed individuals, as well as changes in the financial asset purchase programmes.

Since the outbreak of COVID-19, the Group has experienced a decline in its activity. For example, the granting of new loans to individuals has significantly reduced since the beginning of the state of emergency or periods of confinement decreed in certain countries in which the Group operates. In addition, the Group faces various risks, such as an increased risk of deterioration in the value of its assets (including financial instruments valued at fair value, which may suffer significant fluctuations) and of the securities held for liquidity reasons, a possible significant increase in non-performing loans, a negative impact on the Group's cost of financing and on its access to financing (especially in an environment where credit ratings are affected). In addition, in several of the countries in which the Group operates, including Spain, the Group has temporarily closed a significant number of its offices, has reduced hours of working with the public, and the teams that provide central services are working remotely, and as a result, its normal operations may be

RISK FACTORS

adversely affected. The COVID-19 pandemic could also adversely affect the business and operations of third parties that provide critical services to the Group and, in particular, the greater demand and/or reduced availability of certain resources could in some cases make it more difficult for the Group to maintain the required service levels. Furthermore, the increase in remote working has increased the risks related to cybersecurity, as the use of non-corporate networks has increased.

As a result of the above, despite the impact of the COVID-19 pandemic only beginning to be realised at the end of the first quarter of 2020, it has had a significantly adverse effect on the Group's results for that period, as well as on the Group's capital base as of 31st March, 2020. The main impacts have been the following: (i) an increase in the deterioration of financial assets, mainly due to the deterioration of the macroeconomic scenario, which has had a negative impact of €1,433 million in the first quarter of 2020 on the Group as a whole, (ii) a deterioration in the goodwill of the Group's subsidiary in the United States, mainly due to the deterioration of the macroeconomic scenario in the United States, which has had a negative impact of €2,084 million on the Group's attributed profit in this period (although this impact does not affect the tangible net worth, nor the capital or the liquidity of the Group), (iii) €27 million of provisions for credit deterioration of risks and contingent commitments, and (iv) an increase in risk-weighted assets (**RWAs**) of approximately €3,884 million in this period, mainly due to the greater demand for credit during the first two months of the year which subsequently decreased, except for the provisions for financial lines in relation to the situation derived from the COVID-19 pandemic.

The final magnitude of the impact of the COVID-19 pandemic on the Group's business, financial condition and results of operations, which is expected to be significant, will depend on future and uncertain events, including the intensity and persistence over time of the consequences arising from the COVID-19 pandemic in the different geographies in which the Group operates.

A deterioration in economic conditions or the institutional environment in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations

The Group is sensitive to the deterioration of economic conditions or the alteration of the institutional environment of the countries in which it operates, and especially of Spain, Mexico, the United States and Turkey, which respectively represented 56.5 per cent., 14.3 per cent., 13.6 per cent. and 8.7 per cent. of the Group's assets as of 31st March, 2020 (52.3 per cent., 15.6 per cent., 12.7 per cent. and 9.2 per cent. as of 31st December, 2019, respectively). Additionally, the Group is exposed to sovereign debt in these geographies. Section 5.3 “*Important events in the development of the issuer's activity - Deterioration of the macroeconomic environment*” in the Management Report 2019 summarises some of the challenges that these countries are currently facing and, therefore, could significantly affect the Group.

Currently, the world economy is facing several exceptional challenges. In particular, the crisis derived from the COVID-19 pandemic has abruptly and significantly deteriorated the economic conditions and prospects of the countries in which the Group operates, leading many of them to an economic recession in 2020. Furthermore, this crisis could lead to a deglobalisation of the world economy, produce an increase in protectionism or barriers to immigration, fuel the trade war between the United States and China and result in a general withdrawal of international trade in goods and services, as well as having other effects of long duration that transcend the pandemic itself. Added to this is the uncertainty regarding the UK's exit from the EU (**Brexit**). The long-term effects of Brexit will depend on the relationship between the UK and the EU after its complete exit from the European Single Market, currently scheduled for 31st December, 2020. Furthermore, in a scenario as uncertain as the current one, with prospects of a severe correction in activity worldwide, emerging economies (to which the Group is significantly exposed, particularly in the case of Mexico and Turkey) could be particularly vulnerable to a trade war or if there were changes in the financial risk appetite. Likewise, the possible triggering of a disorderly deleveraging process in China would pose a significant risk to these economies.

Thus, the Group faces, among others, the following general risks to the economic and institutional environment in which it operates: a deterioration in economic activity in the countries in which it operates, which could lead to an economic recession in some or all of those countries; more intense deflationary

RISK FACTORS

pressures or even deflation; variations in exchange rates; a very low interest rate environment, or even a long period of negative interest rates in some regions where the Group operates; an unfavourable evolution of the real estate market, to which the Group remains significantly exposed; very low oil prices; changes in the institutional environment in the countries in which the Group operates that could lead to sudden and sharp falls in GDP and / or regulatory changes; a growing public deficit that could lead to downgrades in sovereign debt credit ratings and even a possible default or restructuring of such debt; and episodes of volatility in markets, such as those currently being experienced, which could lead the Group to register significant losses.

Business Risks

The Group's businesses are subject to inherent risks concerning borrower and counterparty credit quality, which have affected and are expected to continue to affect the recoverability and value of assets on the Group's balance sheet

The total maximum credit risk exposure of the Group as of 31st March, 2020 was €830,432 million (€809,786 million, €763,082 million and €763,165 million as of 31st December, 2019, 2018 and 2017, respectively). The Group has exposures to many different products, counterparties and obligors and the credit quality of its exposures can have a significant effect on the Group's earnings. Adverse changes in the credit quality of the Group's borrowers and counterparties or collateral, or in their behaviour or businesses, may reduce the value of the Group's assets, and materially increase the Group's write-downs and loss allowances. Credit risk can be affected by a range of factors, including an adverse economic environment, reduced consumer, corporate or government spending, global economic slowdown, changes in the rating of individual contractual counterparties, their debt levels and the economic environment in which they operate, increased unemployment, reduced asset values, increased retail or corporate insolvency levels, reduced corporate profits, changes (and the timing, quantum and pace of these changes) in interest rates, counterparty challenges to the interpretation or validity of contractual arrangements and any external factors of a legislative or regulatory nature.

Non-performing or impaired financial customer loans have been negatively affecting, and could continue to affect, the Group's results given the increasing economic uncertainty. As of 31st March, 2020 and 31st December, 2019, the Group had a 3.6 per cent. and 3.8 per cent. non-performing asset ratio (as defined in "Alternative Performance Measures" of the Management Report 2019) compared to 3.9 per cent. and 4.6 per cent. as of 31st December, 2018 and 2017, respectively. Non-performing loan rates have been reducing in recent years in part due to low interest rates, which have improved clients' ability to pay, but the risk of an increase in non-performing loans has increased significantly due to the effects of the COVID-19 pandemic.

In addition, it is possible that the current scenario of economic deterioration translates into a decrease in the prices of real estate assets in Spain and other countries. As of 31st December, 2019, the Group's exposure to the construction and real estate sectors (which excludes the mortgage portfolio) in Spain was equivalent to €9,943 million, of which €2,649 million corresponded to construction loans and construction sector activities related to the development of the real estate sector in Spain (representing 1.4 per cent. of the Group's loans and advances to customers in Spain (excluding the public sector) and 0.4 per cent. of the Group's consolidated assets). The Group continues to be exposed to the real estate market, mainly in Spain, due to the fact that many of its loans are secured by real estate assets, due to the significant volume of real estate assets that it maintains on its balance sheet, and due to its participation in real estate companies such as Metrovacesa, S.A. and Divarian Propiedad, S.A (**Divarian**). The total real estate exposure, including developer credit, foreclosed assets and other assets, reflected a coverage rate of 52 per cent. in Spain as of 31st December, 2019. A fall in the prices of real estate assets in Spain and other countries would reduce the value of such participations as well as the security for the loans granted by the Group secured over such real estate assets and credits and, therefore, in the event of default, the amount of the "expected losses" related to those loans and credits would increase. In addition, it could also have a significant adverse effect on the default rates of the Group's residential mortgage portfolio, the balance of which, as of 31st March, 2020, was €107,393 million at a global level (as of 31st December, 2019, 2018 and 2017, €110,500, €111,528 and €112,274 million respectively). As of 31st March, 2020, the non-performing asset and coverage ratios of the Group's residential mortgage portfolio were 3.5 per cent. and 45 per cent., respectively.

The magnitude, timing and pace of any increase in default rates will be key for the Group. Furthermore, it is possible that the Group has incorrectly assessed the creditworthiness or willingness to pay of its borrowers and counterparties, that it has underestimated the credit risks and potential losses inherent in its credit exposure and that it has made insufficient provisions for such risks in a timely manner. These processes, which have a crucial impact on the Group's results and financial condition, require difficult, subjective and complex calculations, including forecasts of the impact that macroeconomic conditions could have on these borrowers and counterparties. In particular, the current uncertainty about economic conditions may harm the processes followed by the Group to estimate the losses derived from its exposure to credit risk, which could influence the adequacy of the provisions for insolvencies provided by the Group. An increase in non-performing or low-quality loans could significantly and adversely affect the Group's business, financial condition and results of operations.

The Group's business is particularly vulnerable to volatility in interest rates

The Group's results of operations are substantially dependent upon the level of its net interest income, which is the difference between interest income from interest-earning assets and interest expense on interest-bearing liabilities. As of 31st March, 2020 and 31st December, 2019, the interest margin with respect to the gross margin was 70 per cent. and 74 per cent., respectively. Interest rates are highly sensitive to many factors beyond the Group's control, including fiscal and monetary policies of governments and central banks, regulation of the financial sectors in the markets in which it operates, domestic and international economic and political conditions and other factors. In this sense, the COVID-19 pandemic has triggered a process of the cutting of benchmark interest rates, which, moreover, will foreseeably take longer to subsequently be increased and will do so at a slower rate than previously foreseen. It is possible that changes in market interest rates, which could be negative in some cases, and the reform of benchmarks, affect the interest the Group receives on its profitable assets differently from the interests that the Group pays for its liabilities at cost (in addition to assuming, with regard to such benchmark reform, other considerable risks, including legal and operational risks). This, in turn, may lead to a reduction in the Group's net interest margin, which could have a significant adverse effect on its results.

Furthermore, the high proportion of the Group's loans referenced to variable interest rates makes borrowers' capacity to repay such loans more vulnerable to changes in interest rates and the profitability of the loans more vulnerable to interest rate decreases. As of 31st March, 2020, a drop of 100 basis points in the reference interest rates would have a negative impact on the interest margin depending on the geography reaching: Eurozone 6 per cent.; United States 4 per cent.; Mexico 2.2 per cent.; Turkey 0.7 per cent. (as of 31st January, 2020) and South America 2.3 per cent. Loans and advances to customers maturing in more than one year and bearing floating interest rates made up 59 per cent., 62 per cent. and 62 per cent. of such transactions as of 31st December, 2019, 2018 and 2017, respectively. In addition, a rise in interest rates could reduce the demand for credit and the Group's ability to generate credit for its clients, as well as contribute to an increase in the credit default rate. As a result of these and the above factors, significant changes or volatility in interest rates could have a material adverse effect on the Group's business, financial condition or results of operations.

The Group faces increasing competition in its business lines

The markets in which the Group operates are highly competitive and it is estimated that this trend will continue in the coming years with the increasing entry of non-bank competitors (some of which have large client portfolios and strong recognition of their brands) and the emergence of new business models. According to data from the Financial Stability Board (the **FSB**) in its Global Monitoring Report on Non-Bank Financial Intermediation 2019, globally, at the end of 2018, banks had a share of close to 40 per cent. of total financial assets and non-traditional providers had 30 per cent. Although the Group is making efforts to anticipate these changes, betting on its digital transformation, its competitive position is undermined by the regulatory asymmetry that benefits non-bank operators. For example, banking groups are subject to prudential regulations that have implications for most of their businesses, including those in which they compete with non-bank operators that are only subject to specific regulations of the activity they develop or that benefit from loopholes existing in the regulatory framework. Furthermore, when banking groups carry out financial activities through the use of new technologies, they are generally subject to additional internal governance rules that place the Group at a competitive disadvantage to attract and retain digital talent, including founders

and management teams of the acquired companies. Furthermore, banking groups often face obstacles in engaging in new, unregulated activities. For more information on the Group's competitive environment, see Section 5.6 “*Competitive position*” in the Management Report 2019. In the event that the Group cannot successfully compete in such markets, its business, financial condition and results could be significantly and adversely affected.

Furthermore, the widespread adoption of new technologies, including cryptocurrencies and payment systems, could require substantial expenses to modify or adapt existing products and services as the Group continues to increase its mobile and internet banking capabilities. Likewise, the increasing use of these new technologies and mobile banking platforms could have an adverse impact on the Group's investments in facilities, equipment and employees of the branch network. A faster pace of transformation towards mobile and online banking models could require changes in the Group's commercial banking strategy, including the closure or sale of some branches and the restructuring of others and its employees. These changes could mean losses in these assets and force increases in expenses to renovate, reconfigure or close branches and transform the Group's commercial network. Failure to effectively implement such changes could have a material adverse impact on the Group's competitive position.

The Group faces risks related to its acquisitions and divestitures

The Group has carried out both acquisitions and sale transactions of relevant entities and businesses over the past few years and plans to participate in these types of transactions in the future. As of the date of this Offering Circular, the corresponding regulatory authorisations for the sale of BBVA's interest in Banco Bilbao Vizcaya Argentaria Paraguay, S.A. (**BBVA Paraguay**) are pending, as well as those of the agreement announced on 27th April, 2020 between BBVA's subsidiary BBVA Seguros, S.A. de Seguros y Reaseguros and Allianz Compañía de Seguros y Reaseguros, S.A. to create a bancassurance alliance to develop the non-life insurance business in Spain, excluding health insurance.

However, the planned transactions may not be completed on time or at a reasonable cost, or may have a different outcome than expected. In addition, it is possible that transactions desired by the Group may not be carried out. Transactions of this type typically involve the integration of operations, technologies and teams with different cultures, objectives and values, which is a challenge in itself. Furthermore, the Group's results could also be adversely affected by expenses related to the acquisition or divestment itself, the amortisation of expenses related to intangible assets, and impairment charges on long-term assets, including associated goodwill. In 2019, the Group recorded an impairment of €1,318 million in the goodwill relating to BBVA USA and in the quarter ending 31st March, 2020, an additional impairment of such goodwill of €2,084 million was recorded. As of 31st March, 2020, the goodwill recorded by the Group amounted to €2,808 million.

In some cases, acquisition or divestment transactions give rise to joint ventures with third parties, which exposes the Group to other risks, such as the existence of disagreements with its partners, as well as the possible exposure of the Group to problems faced by those partners.

In addition, acquisition and sale transactions expose the Group to the risk of being involved in litigation or claims by the Group's counterparties in such transactions, dismissed employees, customers or third parties. In addition, with respect to divestments, the Group could be required to indemnify the purchaser with respect to such litigation or claims or other matters. Any of these factors could have a significant adverse impact on the Group's business, financial position and results of operations.

The Group faces risks derived from its international geographic diversification and its significant presence in emerging countries

The Group is made up of commercial banks, insurance companies and other financial services companies in various countries and its performance as a global business depends on its ability to manage its different businesses under various economic, social and political conditions, facing different normative and regulatory requirements in many of the jurisdictions in which it operates (including, among others, different supervisory regimes and different fiscal and legal regimes regarding the repatriation of funds or the nationalisation or expropriation of assets). In addition, the Group's international operations may expose it to risks and challenges

RISK FACTORS

to which its local competitors may not be exposed, such as currency risks (as of 31st March, 2020 and 31st December, 2019, approximately 44.7 per cent. and 48.1 per cent. of the Group's assets and 42.2 per cent. and 45.5 per cent. of the liabilities, respectively, were denominated in currencies other than the euro), the difficulty in managing or supervising a local entity from abroad, political risks (which could only affect foreign investors) or limitations on the distribution of dividends, thus worsening its position compared to that of local competitors.

There can be no guarantee that the Group will be successful in developing and implementing policies and strategies in all of the countries in which it operates, some of which have experienced significant economic, political and social volatility in recent decades. In particular, the Group has significant operations in several emerging countries, such as Mexico and Turkey, and is therefore vulnerable to the deterioration of these economies. Emerging markets are generally affected by the situation of other commercially or financially related markets and by the evolution of global financial markets in general (they may be affected, for example, by the evolution of interest rates in the United States and the exchange rate of the US dollar), as well as, in some cases, due to fluctuations in the prices of commodities. The perception that the risks associated with investing in emerging economies have increased, in general, or in emerging markets where the Group operates, in particular, could reduce capital flows to those economies and negatively affect such economies.

The Group's activity in emerging countries could also be exposed to additional political risks. For example, the Group's activities in Venezuela (which is an economy that is considered to be highly inflationary and so the financial statements of the BBVA Group entities located in Venezuela are adjusted to correct for the effects of inflation in accordance with IAS 29 "Financial Information in hyperinflationary economies") are subject to a high risk of changes in government policies, such as expropriation, nationalisation, international property legislation, interest rate limits, exchange controls, government restrictions on dividends and fiscal policies. The value of the net equity of the Venezuelan subsidiaries attributed to the Group was €79 million as of 31st March, 2020.

Financial Risks

The Issuer has a continuous demand for liquidity to finance its activities and the withdrawal of deposits or other sources of liquidity could significantly affect it

Traditionally, one of the Group's main sources of financing has been savings accounts and demand deposits. As of 31st March, 2020, the balance of customer deposits represented 72 per cent. of the BBVA Group's total financial liabilities at amortised cost. However, the volume of wholesale and retail deposits can fluctuate significantly, including as a result of factors beyond the Group's control, such as general economic conditions, changes in economic policy or administrative decisions that diminish their attractiveness as savings instruments (for example, as a consequence of changes in taxation, coverage by guarantee funds for deposits or expropriations) or competition from other savings or investment instruments (including deposits from other banks).

Likewise, the Group depends on market confidence for its short and long-term wholesale financing. In this regard, increases in the Group's interest rates and credit spreads could significantly increase its financing cost. Changes in credit spreads are motivated by market factors and may be influenced by the market's perception of the Group's solvency. As of 31st March, 2020, the balance of debt securities issued represented 12.2 per cent. of the total financial liabilities at amortised cost of the Group.

In addition, the Group has made and continues to make significant use of public sources of liquidity, such as the European Central Bank's (ECB) extraordinary measures taken in response to the financial crisis since 2008 or those taken in the face of the crisis caused by the COVID-19 pandemic. The relaxation of the conditions of the Targeted Long Term Refinancing Operations (TLTRO) III have increased the maximum amount that BBVA could receive from €21,000 million to €35,000 million, of which at 31st March, 2020, €14,000 million had been made available to BBVA (€7,000 million as of December 2019 and the same amount as of March 2020, with two amortisations of the TLTRO II programme for an amount of €9,700 million as of December 2019 and €7,000 million as of March 2020, leaving a remaining amount of €7,000

RISK FACTORS

million). However, the conditions of this or other programmes could be revised or these programmes could be cancelled.

In the event of a withdrawal of deposits or other sources of liquidity, especially if it is sudden or unexpected, the Group may not be able to finance its financial obligations or meet the minimum liquidity requirements that apply to it, and may be forced to incur higher financial costs, liquidate assets and take additional measures to reduce their level of leverage. Furthermore, the Issuer could be subject to the adoption of early action measures or, ultimately, to the adoption of a resolution measure by the Relevant Spanish Resolution Authority (see “*Regulatory Framework – Resolution*”).

The Issuer and some of its subsidiaries depend on their credit ratings, as well as that given to the sovereign debt of the Kingdom of Spain

Rating agencies periodically review the Group's debt credit ratings. Any reduction, effective or anticipated, in any such ratings of the Group, whether below investment grade or otherwise, could limit or impair the Group's access to capital markets and other possible sources of liquidity and increase the Group financing cost, and even entail the breach of certain contracts or generate additional obligations under those contracts, such as the need to grant additional guarantees (due to the fact that credit ratings are used in some contracts to trigger default and early maturity provisions or the granting of additional guarantees if the relevant ratings fall below certain levels). The Group estimates that if at 31st December, 2019, all the rating agencies had downgraded the Issuer's long-term senior debt rating by one notch, it would have had to provide additional guarantees/collateral amounting to €61 million in accordance with the derivative contracts and other financial contracts that it has entered into. A hypothetical two-notch downgrade would have involved an additional outlay of €103 million in additional guarantees/collateral. Furthermore, if the Group were required to cancel its derivative contracts with some of its counterparties and were unable to replace them, its market risk could worsen. Likewise, a reduction in the credit rating could affect the Group's ability to sell or market some of its products or to participate in certain operations, and could lead to the loss of customer deposits and make third parties less willing to carry out commercial operations with the Group (especially those that require a minimum credit rating to invest), having a significant adverse impact on the Group's business, financial condition and results of operations.

On the other hand, the Group's credit ratings could be affected by variations in the rating of Spanish sovereign debt. The Group holds a significant portfolio of debt issued by the Kingdom of Spain, by the Spanish autonomous communities and by other Spanish issuers. As of 31st March, 2020 and 31st December, 2019, the Group's exposure to the Kingdom of Spain's public debt portfolio was €44,770 and €50,905 million, respectively, representing 6 per cent. and 7 per cent. of the consolidated total assets of the Group, respectively. Any decrease in the credit rating of the Kingdom of Spain could negatively affect the valuation of the respective debt portfolios held by the Group and lead to a reduction in the Group's credit ratings. Additionally, counterparties to many of the credit agreements signed with the Group could also be affected by a decrease in the credit rating of the Kingdom of Spain, which could limit their ability to attract additional resources or otherwise affect their ability to pay their outstanding obligations to the Group.

As a consequence of the COVID-19 pandemic, some rating agencies have reviewed the Group's credit ratings or trends. Specifically, on 22nd June, 2020 Fitch announced the modification of BBVA's senior preferred debt long term to A- with stable outlook from A with Rating Watch Negative. On 1st April, 2020, DBRS confirmed BBVA's long-term rating of A (High) and maintained the outlook as stable. On 29th April, 2020 S&P confirmed BBVA's long-term rating of A- and maintained its negative outlook. There may be more ratings actions and changes in BBVA's credit ratings in the future as a result of the crisis caused by the COVID-19 pandemic.

The Issuer's ability to pay dividends depends, in part, on the receipt of dividends from its subsidiaries

As of 31st December, 2019, dividend income from the subsidiaries of the Issuer represented 38 per cent. of the Issuer's gross margin. Due, in part, to the Group's decision to follow a 'Multiple Point of Entry' strategy, in accordance with the framework for the resolution of financial entities designed by the FSB, the Group's subsidiaries are self-sufficient and each subsidiary is responsible for managing its own liquidity. This means

RISK FACTORS

that the payment of dividends, distributions and advances by the Issuer's subsidiaries depends not only on the results of those subsidiaries, but also on the context of their operations and liquidity needs, and may further be limited by legal, regulatory and contractual restrictions. For example, the repatriation of dividends from the Group's Argentine subsidiary has been subject to certain restrictions and it cannot be guaranteed that new restrictions will not be imposed again in the future. Furthermore, the Issuer's right, as a shareholder, to participate in the distribution of assets resulting from the eventual liquidation or any reorganisation of its subsidiaries will be effectively subordinated to the rights of the creditors of those subsidiaries, including their commercial creditors.

On the other hand, the Group (including the Issuer) must comply with certain capital requirements, where non-compliance could lead to the imposition of restrictions or prohibitions on making any: (i) distributions relating to CET1 capital; (ii) payments related to variable remuneration or discretionary pension benefits; and (iii) distributions linked to additional tier 1 (**AT1**) instruments (collectively, **discretionary payments**). Likewise, the ability of the Issuer and its subsidiaries to pay dividends is conditioned by the recommendations and requirements of their respective supervisors, such as those made in response to the COVID-19 pandemic. In this regard, on 30th April, 2020, the Issuer announced that it had agreed to modify, for the financial year 2020, the Group's shareholder remuneration policy, opting not to pay any amount as a dividend corresponding to the financial year 2020 until the uncertainties generated by the COVID-19 pandemic no longer remain and, in any case, not before the close of the 2020 fiscal year.

Legal, Regulatory, Tax and Compliance Risks

Legal Risks

The Group is party to a number of legal and regulatory actions and proceedings

The various Group entities are usually party to individual or collective judicial proceedings (including class actions) resulting from the ordinary activity of their businesses, as well as arbitration proceedings. The Group is also party to other government procedures and investigations, such as those carried out by the antitrust authorities in certain countries which, among other things, have in the past and could in the future result in sanctions, as well as lead to claims by customers and others.

In Spain and in other jurisdictions where the Group operates, legal and regulatory actions and proceedings against financial institutions, prompted in part by certain judgments in favour of consumers handed down by national and supranational courts, have increased significantly in recent years and this trend could continue in the future. The legal and regulatory actions and proceedings faced by other financial institutions in relation to these and other matters, especially if such actions or proceedings result in favourable resolutions for the consumer, could also adversely affect the Group.

In addition, the regulatory framework, in the jurisdictions in which the Group operates, is evolving towards a supervisory approach more focused on the opening of proceedings leading to sanctions, while some regulators are focusing their attention on consumer protection and behavioural risk.

All of the above result in a significant increase in operating and compliance costs or even a reduction of revenues, and it is possible that an adverse outcome in any proceedings (depending on the amount thereof, the penalties imposed or the procedural or management costs for the Group) could damage the Group's reputation, generate a knock-on effect or otherwise adversely affect the Group.

It is difficult to predict the outcome of legal and regulatory actions and proceedings, both those to which the Group is currently exposed and those that may arise in the future, including actions and proceedings relating to former Group subsidiaries or in respect of which the Group may have indemnification obligations, but such outcome could be significantly adverse to the Group. In addition, a decision in any matter, whether against the Group or against another credit entity facing similar claims as those faced by the Group, could give rise to other claims against the Group. In addition, these actions and proceedings attract resources from the Group and may require significant attention on part of the Group's management and employees.

RISK FACTORS

As of 31st March, 2020, the Group had €744 million in provisions for the proceedings it is currently facing (which are included in the line item "Provisions for litigation and pending tax cases" in the consolidated balance sheet). However, the uncertain outcome of these proceedings (including those for which no provisions have been made, either because it is not possible to estimate any such provisions or for other reasons) makes it impossible to guarantee that the possible losses arising from such proceedings will not exceed, where applicable, the amounts that the Group currently has provisioned and, therefore, could affect the Group's results in a given period.

As a result of the above, legal and regulatory actions and proceedings currently faced by the Group or to which it may become subject in the future or that the Group is otherwise affected by, whether individually or in the aggregate, if resolved in whole or in part adversely to the Group's interests, could have a material adverse effect on the Group's business, financial condition and results of operations.

Regulatory, Tax and Compliance Risks

The financial services sector is one of the most regulated in the world. The Group is subject to a broad regulatory and supervisory framework, which has increased significantly in the last decade. Regulatory activity in recent years has affected multiple areas, including changes in accounting standards; strict regulation of capital, liquidity and remuneration; bank charges and taxes on financial transactions; mortgage regulations, on banking products, and on consumers and users; recovery and resolution measures; stress tests; prevention of money laundering and terrorist financing; market abuse; conduct in the financial markets; anti-corruption; and requirements as to the periodic publication of information. Governments, regulatory authorities and other institutions continually make proposals to strengthen their resistance to future crises.

Furthermore, the international nature of its operations means that the Group is subject to a wide and complex range of local and international regulations in these matters, sometimes with overlapping scopes and areas regulated. This complexity, which can be exacerbated by differences and changes in the interpretation or application of these standards by local authorities, makes compliance risk management difficult, which requires automated systems, highly sophisticated monitoring, qualified personnel and general training of employees.

Any change in the Group's business that is necessary to comply with any particular regulations at any time, especially in Spain, Mexico, and the United States or Turkey, could lead to a considerable loss of income, limit the Group's ability to identify business opportunities, affect the valuation of its assets, force the Group to increase its prices and, therefore, reduce the demand for its products, impose additional costs on the Group or otherwise negatively affect its business, financial condition and results of operations.

The Group is subject to a broad regulatory and supervisory framework, including resolution regulations, which could have a significant adverse effect on its business, financial condition and results of operations

The Group is subject to a comprehensive regulatory and supervisory framework the complexity and scope of which has increased significantly since the previous financial crisis and the upward trend in such increased complexity and scope could be reinforced by the crisis caused by the COVID-19 pandemic. In particular, the banking sector is subject to continuous scrutiny at the political and supervisory levels, and it is foreseeable that in the future there will continue to be political involvement in regulatory and supervisory processes, as well as in the governance of the main financial entities. For this reason, the laws, regulations and policies to which the Group is subject, as well as their interpretation and application, may change at any time, and supervisors and regulators also have a wide margin of discretion to carry out their duties, which gives rise to uncertainty regarding the interpretation and implementation of the regulatory framework. Likewise, regulatory fragmentation and the implementation by some countries of more flexible or stricter rules or regulations could also adversely affect the Group's ability to compete with financial institutions that may or may not have to comply with any such rules or regulations, as appropriate.

The regulatory amendments adopted or proposed, as well as their interpretation or application, have increased and may continue to substantially increase the Group's operating expenses and negatively affect its business model. For example, the imposition of prudential capital standards has limited and could further limit the

RISK FACTORS

ability of subsidiaries to distribute capital to the Issuer, while liquidity standards may require the Group to hold a higher proportion of its assets in financial instruments with higher liquidity and lower performance, which can negatively affect its net interest margin. In addition, the Issuer's regulatory and supervisory authorities may require the Issuer to increase its loan loss provision fund or register additional losses, which could have an adverse effect on its financial condition. It is also possible that governments and regulators impose additional regulations ad hoc in response to a crisis such as the one unleashed by the COVID-19 pandemic or for other reasons, which could imply the imposition of financing requirements by credit institutions to different entities such as, for example, the contribution that BBVA must make to finance the Fund for Orderly Bank Restructuring (*Fondo de Reestructuración Ordenada Bancaria*) (the **FROB**) or the Single Resolution Board (**SRB**).

Any legislative or regulatory measure and any necessary change in the Group's business operations, as a consequence of such measures, as well as any deficiency in complying with them, could result in a significant loss of income, represent a limitation on the ability of the Issuer to take advantage of business opportunities and offer certain products and services, affect the value of the Group's assets, force the Group to increase prices (which could reduce the demand for its products), impose additional compliance costs or result in other possible negative effects for the Group.

Finally, within the regulatory amendments adopted as a result of the last financial crisis, the resolution regulations (which are described in *"Regulatory Framework – Resolution"*) stand out for their potential adverse consequences. In the event that the Relevant Spanish Resolution Authority considers that the Issuer is in a situation of early action or resolution, it may adopt the measures provided for in the applicable regulations. Likewise, the Relevant Spanish Resolution Authority may apply Non-Viability Loss Absorption in the event that it determines that the entity meets the conditions for its resolution or that it will become non-viable unless such mechanism is applied.

In addition, the Relevant Spanish Resolution Authority can exercise the competences and powers described without prior notice, so their application is unpredictable. The consideration by the Relevant Spanish Resolution Authority that the Issuer is in an early action or resolution situation or its mere suggestion could adversely and significantly affect the Group's business, financial condition and results of operations, as well as the market price and behaviour of certain securities issued by the Issuer (or even their terms, in the event of an application of any Spanish Statutory Loss-Absorption Powers). For more information see *"Regulatory Framework – Resolution"*.

Increasingly onerous capital and liquidity requirements may have a material adverse effect on the Group's business, financial condition and results of operations

As described in *"Regulatory Framework – Solvency and Capital Requirements"*, in its capacity as a Spanish credit institution, the Issuer is subject to compliance with a "Pillar 1" solvency requirement, a "Pillar 2" solvency requirement and a "combined buffer requirement" at both the individual and consolidated level. As a result of the latest Supervisory Review and Evaluation Process (**SREP**) carried out by the ECB, and in accordance with the measures implemented by the ECB on 12th March, 2020, by means of which banks may partially use AT1 and Tier 2 capital instruments in order to fulfil the "Pillar 2" requirement, BBVA must maintain, at a consolidated level, a common equity tier (**CET1**) ratio of 8.59 per cent. and a total capital ratio of 12.75 per cent. Likewise, BBVA must maintain, on an individual level, a CET1 ratio of 7.84 per cent. and a total capital ratio of 12.00 per cent. As of 31st March, 2020, the Issuer's phased-in total capital ratio was 15.39 per cent. on a consolidated basis and 20.14 per cent. on an individual basis, and its CET1 phased-in capital ratio was 11.08 per cent. on a consolidated basis and 15.05 per cent. on an individual basis.

Additionally, as described in *"Regulatory Framework – MREL"*, the Issuer, as a Spanish credit institution, must maintain a minimum level of own funds and eligible liabilities (the **MREL** requirement) in relation to total liabilities and own funds. On 19th November, 2019, the Issuer announced that it had received notification from the Bank of Spain of its MREL, as determined by the SRB. The Issuer's MREL was set at 15.16 per cent. of the total liabilities and own funds of the Issuer's resolution group at a sub-consolidated level from 1st January, 2021. Likewise, of this MREL, 8.01 per cent. of the total liabilities and own funds must be met with subordinated instruments, once the allowance established in the requirement itself has been applied.

RISK FACTORS

This MREL is equivalent to 28.50 per cent. of the RWAs of the Issuer's resolution group, while the subordination requirement included in the MREL is equivalent to 15.05 per cent. of the RWAs of the Issuer's resolution group, once the corresponding allowance has been applied.

In accordance with the Issuer's estimates and subject to the evolution of the Issuer's resolution group (including its total liabilities and own funds, and RWAs), the current structure of eligible liabilities and own funds of the Issuer's resolution group, together with the expected implementation of the funding plan of the Issuer for the issuance of eligible liabilities throughout the year 2020 in a total amount of at least €3,000 million, subject to market conditions and availability, will enable the fulfilment of this requirement upon its entry into force.

However, both the total capital and the MREL requirements are subject to change and, therefore, no assurance can be given that the Issuer and/or the Group will not be subject to more stringent requirements at any future time. Likewise, no assurance can be given that the Issuer and/or the Group will be able to fulfil whichever future requirements may be imposed, even if such requirements were to be equal or lower. There can also be no assurances as to the ability of the Issuer and/or the Group to comply with whichever capital target is announced to the market at any given time, which could be negatively perceived by investors and/or supervisors, who could interpret that a lack of capital-generating capacity exists or that the capital structure has deteriorated, either of which could negatively affect the market value or behaviour of whichever securities are issued by the Issuer and/or the Group (and, in particular, any Senior Non-Preferred Notes, Tier 2 Subordinated Notes and any of its other capital instruments) and, therefore, lead to the implementation of new recommendations or requirements regarding "Pillar 2" or (should the Relevant Spanish Resolution Authority interpret that obstacles may exist for the viability of the resolution of the Issuer and /or the Group), MREL.

If the Issuer or the Group failed to comply with its "combined buffer requirement" they would have to calculate its Maximum Distributable Amount (**MDA**) and, until such calculation has been undertaken and reported to the Bank of Spain, the affected entity will not be able to make any discretionary payments. Once the MDA has been calculated and reported, such discretionary payments will be limited to the calculated MDA. Likewise, should the Issuer or the Group not meet the applicable capital requirements, additional requirements of "Pillar 2" or, if applicable, MREL could be imposed. Likewise, upon the entry into force of the EU Banking Reforms, any failure by the Bank or the Group to comply with its "combined buffer requirement" when considered in addition to its MREL could result in the imposition of restrictions or prohibitions on discretionary payments. Additionally, failure to comply with the capital requirements may result in the implementation of early action measures or, ultimately, resolution measures by the resolution authorities.

Regulation (EU) 2019/876 of the European Parliament and of the Council, of May 20, 2019 (as amended, replaced or supplemented at any time, **CRR II**) establishes a binding requirement for the leverage ratio effective from 28th June, 2021 of 3 per cent. of tier 1 capital (as of 31st March, 2020, the phased-in leverage ratio of the Group was 6.26 per cent. and fully loaded it was 6.13 per cent.). Any failure to comply with this leverage ratio may also result in the need to calculate and report the MDA, and restrictions on discretionary payments. Moreover, CRR II proposes new requirements that capital instruments must meet in order to be considered AT1 or Tier 2 instruments, including certain grandfathering measures until 28th June, 2025. Once the grandfathering period in CRR II has elapsed, AT1 and/or Tier 2 instruments which do not comply with the new requirements at such date will no longer be considered as capital instruments. This could give rise to shortfalls in regulatory capital and, ultimately, could result in failure to comply with the applicable minimum regulatory capital requirements, with the aforementioned consequences.

Additionally, the implementation of the ECB expectations regarding prudential provisions for non-performing loans (**NPLs**) (published on 15th May, 2018) and the ECB's current review of internal models being used by banks subject to its supervision for the calculation of their RWAs could result, respectively, in the need to increase provisions for future NPLs and increases in the Group's capital needs.

Furthermore, the implementation of the Basel III reforms described in "*Regulatory Framework – Solvency and Capital Requirements*" could result in an increase of the Issuer's and the Group's total RWAs and, therefore, could also result in a decrease of the Issuer's and the Group's capital ratios. Likewise, the lack of

RISK FACTORS

uniformity in the implementation of the Basel III reforms across jurisdictions in terms of timing and applicable regulations could give rise to inequalities and competition distortions. Moreover, the lack of regulatory coordination, with some countries bringing forward the application of Basel III requirements or increasing such requirements, could adversely affect an entity with global operations such as the Group and could affect its profitability.

Additionally, should the Total Loss Absorbing Capacity (TLAC) requirements, as described in “*Regulatory Framework – Resolution*”, currently only imposed upon financial institutions of global systemic importance (G-SIBs), be applicable upon non-G-SIBs entities or should the Issuer once again be classified as a G-SIB, additional minimum requirements similar to MREL could in the future be imposed upon the Issuer.

There can be no assurance that the above capital requirements will not adversely affect the Issuer’s or its subsidiaries’ ability to make discretionary payments, or result in the cancellation of such payments (in whole or in part), or require the Issuer or such subsidiaries to issue additional securities that qualify as regulatory capital, to liquidate assets, to curtail business or to take any other actions, any of which may have adverse effects on the Group’s business, financial condition and results of operations. Furthermore, an increase in capital requirements could negatively affect the return on equity and other of the Group’s financial results indicators. Moreover, the Issuer’s or the Group’s failure to comply with their capital and/or MREL requirements could have a significant adverse effect on the Issuer’s business, financial condition and results of operations.

Lastly, the Group must also comply with liquidity and funding ratios. Several elements of the Liquidity Coverage Ratio (LCR) and net stable financing ratio (NSFR) (as such ratios are defined in “*Regulatory Framework – Solvency and Capital Requirements*”), as introduced by national banking regulators and fulfilled by the Issuer, may require implementing changes in some of its commercial practices, which could expose the Issuer to additional expenses (including an increase in compliance expenses), affect the profitability of its activities or otherwise lead to a significant adverse effect over the Issuer’s business, financial condition or results of operations. As of 31st March, 2020 and 31st December, 2019, the Group’s LCR was 134 per cent. and 129 per cent. respectively. The NSFR ratio was 120 per cent. as of 31st March, 2020 and 31st December, 2019. For further information, see “*Regulatory Framework – Solvency and Capital Requirements*”.

The Group is exposed to tax risks that may negatively affect it

The preparation of the Group’s tax returns and the process of establishing tax provisions involve the use of estimates and interpretations of tax laws and regulations, which are complex and subject to review by the tax authorities. The size, regional diversity and complexity of some groups and their commercial and financial relationships with both third parties and related parties, as is the case with the Group, require the application and interpretation of a considerable number of laws and tax regulations and criteria that the different administrations and judicial bodies issue, as well as the use of more estimates, indeterminate legal concepts and valuations in order to comply with the tax obligations of the Issuer and all its subsidiaries. Therefore, any error or discrepancy with the tax authorities in any of the jurisdictions in which the Group operates may be subject to prolonged administrative or judicial procedures that may have a material adverse effect on the Group’s results of operations in the applicable period.

On the other hand, the governments of different jurisdictions are seeking to identify new fiscal sources, and recently, they have focused with special attention on the financial sector. The Group’s presence in different and diverse jurisdictions increases its exposure to the different regulatory and interpretative changes that are implemented from these jurisdictions, which could lead, among other things, to (i) an increase in the types of tax to which the Group is subject, including in response to the demands of various political forces at the national and global level, (ii) changes in the calculation of tax bases, such as the proposal in Spain to limit the exemption on dividends and capital gains contemplated in the proposed General State Budget Law 2019, the approval of which would have entailed that 5 per cent. of the dividends distributed to Spanish Group companies would have been subject and not exempt to corporate tax or the imposition of a minimum tax as part of this tax, which in the case of banks would be 18 per cent. of its positive tax base or, (iii) the creation of new taxes, like the proposed Tax Directive for the Financial Transactions Tax (FTT) of the European Commission (which would tax the acquisitions of certain securities, including those issued by the Issuer), may

RISK FACTORS

have adverse effects on the business, financial condition and results of operations of the Group. Moreover, a draft bill on the FTT is currently under discussion in the Spanish Parliament.

The Group is exposed to compliance risks

The Group, due to its role in the economy and the nature of its activities, is singularly exposed to certain compliance risks. In particular, the Group must comply with regulations regarding customer conduct, market conduct, the prevention of money laundering and the financing of terrorist activities, the restrictions established by international sanctions programs and anti-corruption laws (including the US Foreign Corrupt Practices Act of 1977 and the UK Bribery Act of 2010), whose violations could carry very significant penalties.

Generally, all these regulations require banking entities to use diligence measures to manage compliance risk; and sometimes, these entities must apply reinforced due diligence measures because they understand that, due to the very nature of the activities they carry out (among others, private banking, money transfer and foreign currency exchange operations), they may present a higher risk of money laundering or terrorist financing.

Although the Group has adopted policies, procedures, systems and other measures to manage compliance risk, it is dependent on its employees and external suppliers for the implementation of these policies, procedures, systems and other measures, and it cannot guarantee that these are sufficient or that the employees (126,041 as of 31st March, 2020) or other persons of the Group or its business partners, agents and/or other third parties with a business or professional relationship with BBVA do not elude or infringe such measures or elude or otherwise infringe current regulations or BBVA's ethics and compliance regulations, acts for which such persons or the Group could be held ultimately responsible and/or that could damage the Group's reputation. Furthermore, the Group may not be able to prevent third parties outside the Group from using the banking network in order to launder money or carry out illegal or inappropriate activities. A further consideration is that financial crimes continually evolve and that emerging technologies, such as cryptocurrencies and blockchain, could limit the Group's ability to track the movement of funds. Additionally, in adverse economic conditions, it is possible that financial crime attempts will increase significantly (as was the case in the US in the face of the previous financial crisis).

In case of breach of the applicable regulations or if the competent authorities consider that the Group does not perform the necessary due diligence inherent to its activities, such authorities could impose limitations on the Group's activities, the revocation of its authorisations and licenses, and economic penalties, in addition to having significant consequences for the Group's reputation, which could have a significant adverse impact on the Group's business, financial condition and results of operations. Furthermore, the Group occasionally conducts investigations related to alleged violations of such laws and regulations, and any such investigation or any related procedure could be time consuming and costly, and its results difficult to predict.

Operational Risks

Attacks, failures or deficiencies in the Group's procedures, systems and security or those of third parties to which the Group is exposed could have a significant adverse impact on the Group's business, financial condition and results of operations, and could be detrimental for its reputation

The Group's activities depend to a large extent on its ability to process and report effectively and precisely on a high volume of highly complex operations with numerous and diverse products and services (by their nature, generally ephemeral), in different currencies and subject to different regulatory regimes. Therefore, it relies on highly sophisticated information technology (IT) systems for data transmission, processing and storage. However, IT systems are vulnerable to various problems, such as hardware and software malfunctions, computer viruses, hacking, and physical damage to IT centres. BBVA's exposure to these risks has increased significantly in recent years due to the Group's implementation of its ambitious digital strategy (which has allowed the Group to have a pioneering global mobile development platform in the sector, with around 60 per cent. of customers using the bank's digital channels). According to data as of 31st March, 2020, 59 per cent. of the Group's customers are digital and 54 per cent. of customers regularly use their mobile phones to interact with BBVA, and digital sales represent 63 per cent. of total sales. BBVA already has more than 500,000

RISK FACTORS

customers registered exclusively through digital channels in Spain, of which more than 50 per cent. did so via mobile. These digital services, as well as the rest of the alternatives that BBVA offers users to become BBVA customers, have become even more important after the COVID-19 outbreak and the decrees of a state of emergency (or similar) in the countries in which the Group operates, which restrict or advise against travel. Currently, one in three new clients chooses digital channels to start their relationship with BBVA. In April 2020, these digital customers exceeded 77 million monthly sessions in the BBVA 'app', making this channel the fastest growing in use. Any attack, failure or deficiency in the Group's systems could, among other things, lead to the misappropriation of funds of the Group's clients or the Group itself and to the unauthorised disclosure, destruction or use of confidential information, as well as preventing the normal operation of the Group, and impairing its ability to provide services and carry out its internal management. In addition, any attack, failure or deficiency could result in the loss of customers and business opportunities, damage to computers and systems, violation of regulations regarding data protection and/or other regulations, exposure to litigation, fines, sanctions or interventions, loss of confidence in the Group's security measures, damage to its reputation, reimbursements and compensation, and additional regulatory compliance expenses and could have a significant adverse impact on the Group's business, financial condition and results of operations. Furthermore, it is possible that such attacks, failures or deficiencies will not be detected on time or never. The Group is likely to be forced to spend significant additional resources to improve its security measures in the future. Even so, the Group may not be able to anticipate or prevent all possible vulnerabilities, nor to implement preventive measures that are effective or sufficient. In particular, cyberattacks are becoming increasingly sophisticated and difficult to prevent.

Customers and other third parties to which the Group is significantly exposed, including the Group's service providers (such as data processing companies to which the Group has outsourced certain services), face similar risks (specially under the current COVID-19 pandemic, as mentioned in "*Risk Factors - The coronavirus (COVID-19) pandemic is adversely affecting the Group*" above). Any attack, failure or deficiency that may affect such third parties could, among other things, adversely affect the Group's ability to carry out operations or provide services to its clients or result in the unauthorised disclosure, destruction or use of confidential information. Furthermore, the Group may not be aware of such attack, failure or deficiency in time, which could limit its ability to react. Moreover, as a result of the increasing consolidation, interdependence and complexity of financial institutions and technological systems, an attack, failure or deficiency that significantly degrades, eliminates or compromises the systems or data of one or more financial institutions could have a significant impact on its counterparts or other market participants, including the Group.

RISKS RELATED TO EARLY INTERVENTION AND RESOLUTION

The Notes may be subject to the exercise of the Spanish Statutory Loss-Absorption Powers by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 and the SRM Regulation could materially affect the rights of the Noteholders under, and the value of, any Notes

See “*Regulatory Framework – Resolution*” for a description of the relevant Spanish Statutory Loss-Absorption Powers, including the Bail-in Tool and any Non-Viability Loss Absorption.

The powers set out in the BRRD (which in the case of BRRD I has been implemented through Law 11/2015 and Royal Decree 1012/2015 of 6th November by virtue of which Law 11/2015 is developed and Royal Decree 2606/1996 of 20th December on credit entities’ deposit guarantee fund is amended (**RD 1012/2015**)) and the SRM Regulation impact how credit institutions and investment firms are managed, as well as, in certain circumstances, the rights of creditors. Pursuant to Law 11/2015, upon any application of the Bail-in Tool and/or, in the case of Tier 2 Subordinated Notes, Non-Viability Loss Absorption, holders of Notes may be subject to, among other things, a write-down (including to zero) and/or conversion into equity or other securities or obligations of such Notes. The exercise of any such powers (or any of the other resolution powers and tools) may result in such Noteholders losing some or all of their investment or otherwise having their rights under such Notes adversely affected. Such exercise could also involve modifications to, or the disapplication of, provisions in the terms and conditions of the Notes, including, among other provisions, the principal amount or any interest payable on the Notes, or the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period. As a result, the exercise of the Bail-in Tool with respect to the Notes and/or Non-Viability Loss Absorption (in the case of Tier 2 Subordinated Notes) or the taking by the Relevant Spanish Resolution Authority of any other action, or any suggestion that the exercise or taking of any such action may happen, could materially adversely affect the rights of Noteholders, the market price or value or trading behaviour of any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

The exercise of the Bail-in Tool and/or (in the case of Tier 2 Subordinated Notes) Non-Viability Loss Absorption by the Relevant Spanish Resolution Authority with respect to the Notes is likely to be inherently unpredictable and may depend on a number of factors which may also be outside of the Issuer’s control. In addition, as the Relevant Spanish Resolution Authority will retain a broad element of discretion, it may exercise any of its powers without any prior notice to the holders of the Notes. Holders of the Notes may not be able to refer to publicly available criteria in order to anticipate any potential exercise of any such Bail-in Tool and/or (in the case of Tier 2 Subordinated Notes) Non-Viability Loss Absorption. Because of this inherent uncertainty, it will be difficult to predict when, if at all, the exercise of any such powers by the Relevant Spanish Resolution Authority may occur.

This uncertainty may adversely affect the value of the Notes. The price and trading behaviour of the Notes may be affected by the threat of a possible exercise of any power under Law 11/2015 and/or the SRM Regulation (including any early intervention measure before any resolution) or any suggestion of such exercise, even if the likelihood of such exercise is remote. Moreover, the Relevant Spanish Resolution Authority may exercise any such powers without providing any advance notice to the holders of the Notes.

In addition, the EBA has published certain regulatory technical standards and implementing technical standards to be adopted by the European Commission and certain other guidelines. These standards and guidelines could be potentially relevant to determining when or how a Relevant Spanish Resolution Authority may exercise the Bail-in Tool and impose Non-Viability Loss Absorption. Such standards and guidelines include guidelines on the treatment of shareholders in bail-in or the write-down and conversion of capital instruments, and on the rate of conversion of debt to equity or other securities or obligations in any bail-in. No assurance can be given that these standards and guidelines will not be detrimental to the rights of a Noteholder under, and the value of a Noteholder's investment in, the Notes.

Finally, any compensation right to which any holder of the Notes may be entitled under the BRRD (as implemented in Spain), the SRM Regulation and Applicable Banking Regulations as described under “*Regulatory Framework – Resolution*” is unlikely to compensate that holder for the losses it has actually

RISK FACTORS

incurred and, in any event, there is likely to be a considerable delay in the recovery of such compensation. In addition, in the case of a Non-Viability Loss Absorption, it is not clear that a holder of the affected Tier 2 Subordinated Notes would have a right to compensation.

Noteholders may not be able to exercise their rights on an Event of Default in the event of the adoption of any early intervention or resolution measure under Law 11/2015 and the SRM Regulation

The Issuer may be subject to a procedure of early intervention or resolution pursuant to the BRRD as implemented through Law 11/2015 and RD 1012/2015 and the SRM Regulation if the Issuer or its group of consolidated credit entities is in breach (or due, among other things, to a rapidly deteriorating financial condition, it is likely in the near future to be in breach) of applicable regulatory requirements relating to solvency, liquidity, internal structure or internal controls or the conditions for resolution referred to in “Regulatory Framework – Resolution” are met.

Pursuant to Law 11/2015 the adoption of any early intervention or resolution procedure shall not itself constitute an Event of Default or entitle any counterparty of the Issuer to exercise any rights it may otherwise have in respect thereof and any provision providing for such rights shall further be deemed not to apply. However, this does not limit the ability of a counterparty to declare any event of default and exercise its rights accordingly where an Event of Default arises either before or after the exercise of any such early intervention or resolution procedure and does not necessarily relate to the exercise of any relevant measure or power which has been applied pursuant to Law 11/2015.

Any enforcement by a Noteholder of its rights under the Notes upon the occurrence of an Event of Default following the adoption of any early intervention or resolution procedure will, therefore, be subject to the relevant provisions of the BRRD, Law 11/2015 and the SRM Regulation in relation to the exercise of the relevant measures and powers pursuant to such procedure, including the resolution tools and powers referred to in “Regulatory Framework – Resolution”. Any claims on the occurrence of an Event of Default will consequently be limited by the application of any measures pursuant to the provisions of Law 11/2015 and the SRM Regulation. There can be no assurance that the taking of any such action (or any threat or suggestion that such action may be taken) would not adversely affect the rights of Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes and the enforcement by a holder of any rights it may otherwise have on the occurrence of any Event of Default may be limited in these circumstances.

RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature (including any redemption of the Notes (i) for tax reasons pursuant to Condition 6(b), (ii) upon the occurrence of an Eligible Liabilities Event pursuant to Condition 6(d) (other than in the case of Senior Preferred Notes where Eligible Liabilities Event has been specified as not applicable in the applicable Final Terms) and (iii) in the case of Tier 2 Subordinated Notes, upon the occurrence of a Capital Event pursuant to Condition 6(e) (Eligible Liabilities Event and Capital Event each having the meanings given in Conditions 6(d) and 6(e), respectively)) may limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, or during which there is an actual or perceived increased likelihood that the Issuer may elect to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

RISK FACTORS

Should the Issuer elect to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes, an investor generally would not be able to reinvest the redemption proceeds at such times at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

It is not possible to predict whether or not any further change in the laws or regulations of Spain, Applicable Banking Regulations or the application or binding official interpretation thereof, or any of the other events referred to above, will occur and so lead to the circumstances in which the Issuer is able to elect to redeem the Notes, and if so whether or not the Issuer will elect to exercise such option to redeem the Notes or, as applicable, any prior consent of the Regulator required for such redemption will be given.

The conversion of the interest basis from a fixed rate to a floating rate, or vice versa, may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as such change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes or Fixed Reset Notes which reference LIBOR, and other regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

The sustainability of the London interbank offered rate (**LIBOR**) has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. The FCA has indicated through a series of announcements that the continuation of LIBOR on the current basis is not guaranteed after 2021.

Separately, the euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

The Benchmarks Regulation was published in the Official Journal of the EU on 29th June, 2016 and applies from 1st January, 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities (such as the Issuer) of “benchmarks” of administrators who are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

RISK FACTORS

More broadly, any of the international or national reforms (including those announced in relation to LIBOR and the application of any similar reforms to other “benchmarks”), or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark”; or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Investors should be aware that in the case of Floating Rate Notes and Fixed Reset Notes, the Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a published Benchmark, including an inter-bank offered rate such as LIBOR, EURIBOR, the Sterling Overnight Index Average rate (SONIA) or other relevant reference rate ceases to exist or be published or another Benchmark Event occurs. These fallback arrangements include the possibility that the Rate of Interest could be determined, without any separate consent or approval of the Noteholders, by reference to a Successor Rate or an Alternative Rate and that an Adjustment Spread may be applied to such Successor Rate or Alternative Rate as a result of the replacement of the relevant benchmark or screen rate (as applicable) originally specified with the Successor Rate or the Alternative Rate (as the case may be), together with the making of certain Benchmark Amendments to the Terms and Conditions of such Notes, all as determined in the sole discretion of the Benchmark Calculation Agent (acting in good faith and in a commercially reasonable manner, and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser). Any Adjustment Spread that is applied may not be effective to reduce or eliminate economic prejudice to investors. The use of a Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) will still result in any Notes linked to or referencing a benchmark performing differently (which may include payment of a lower Rate of Interest) than they would if the relevant benchmark were to continue to apply in its current form.

Further, no Successor Rate, Alternative Rate or Adjustment Spread may be adopted, nor any other amendment to the Terms and Conditions of any Series of Notes may be made to effect any Benchmark Amendments, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Notes as Tier 2 capital or eligible liabilities for the purposes of Article 45 of the BRRD, in each case of the Issuer or the Group, as applicable. If the Issuer or an affiliate of the Issuer is appointed as Benchmark Calculation Agent, then depending on the circumstances in which any such discretion is required to be exercised, such exercise could present the Issuer or such affiliate with a conflict of interest.

In certain circumstances the ultimate fallback for the purposes of calculation of interest for a particular Interest Period or Reset Period (as the case may be) may result in the Rate of Interest for the last preceding Interest Period or Reset Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or, in the case of Fixed Reset Notes, the application of the Reset Rate for a preceding Reset Period or the initial Rate of Interest applicable to such Notes on the Interest Commencement Date. In addition, due to the uncertainty concerning the availability of any Successor Rate or Alternative Rate and the involvement of the Benchmark Calculation Agent and any Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value or liquidity of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Fixed Reset Notes or could have a material adverse effect on the value or liquidity of, and the

RISK FACTORS

amount payable under, the Floating Rate Notes or Fixed Reset Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes or Fixed Reset Notes.

The market continues to develop in relation to SONIA as a reference rate

Where the applicable Final Terms for a series of Floating Rate Notes specifies that the Rate of Interest for such Floating Rate Notes will be determined by reference to SONIA, interest will be determined on the basis of Compounded Daily SONIA. Compounded Daily SONIA differs from Sterling LIBOR in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas Sterling LIBOR is expressed on the basis of a forward-looking term and includes a credit risk-element based on inter-bank lending. As such, investors should be aware that Sterling LIBOR and SONIA may behave materially differently as reference rates for Floating Rate Notes. The use of SONIA as a reference rate for Eurobonds is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of debt securities referencing SONIA.

Accordingly, prospective investors in any Floating Rate Notes referencing Compounded Daily SONIA should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. For example, in the context of backwards-looking SONIA rates, market participants and relevant working groups are, as at the date of this Information Memorandum, currently assessing the differences between compounded rates and weighted average rates, and such groups are also exploring forward-looking 'term' SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term).

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions in the case of Floating Rate Notes issued under the Programme for which Compounded Daily SONIA is specified as being applicable in the applicable Final Terms. Furthermore, the Issuer may in the future issue Floating Rate Notes referencing SONIA that differ materially in terms of the interest determination provisions when compared with the provisions for such determination as set out in Condition 4(c)(ii)(C) as contained in this Offering Circular. The nascent development of Compounded Daily SONIA as a reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Floating Rate Notes issued under the Programme from time to time.

Furthermore, interest on Floating Rate Notes which reference Compounded Daily SONIA is only capable of being determined at the end of the relevant SONIA Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Notes which reference Compounded Daily SONIA to estimate reliably the amount of interest which will be payable on such Floating Rate Notes, and some investors may be unable or unwilling to trade such Floating Rate Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Floating Rate Notes. Further, in contrast to Sterling LIBOR-based Floating Rate Notes, if Floating Rate Notes referencing Compounded Daily SONIA become due and payable as a result of an event of default under Condition 9, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final rate of interest payable in respect of such Floating Rate Notes will only be determined immediately prior to the date on which the Floating Rate Notes become due and payable.

In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Floating Rate Notes referencing Compounded Daily SONIA.

Since SONIA is a relatively new market reference rate, Floating Rate Notes referencing Compounded Daily SONIA may have no established trading market when issued, and an established trading market may never

RISK FACTORS

develop or may not be very liquid. Market terms for debt securities referencing Compounded Daily SONIA, such as the spread over the reference rate reflected in the interest rate provisions, may evolve over time, and trading prices of such debt securities may be lower than those of later issued debt securities as a result. Further, if Compounded Daily SONIA does not prove to be widely used in securities, the trading price of Floating Rate Notes referencing Compounded Daily SONIA may be lower than those of debt securities referencing other reference rates that are more widely used.

Investors in Floating Rate Notes referencing Compounded Daily SONIA may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. There can also be no guarantee that SONIA will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in such Notes. If the manner in which SONIA is calculated is changed, that change may result in a reduction in the amount of interest payable on Floating Rate Notes referencing Compounded Daily SONIA and the trading prices of such Notes.

SONIA may be modified or discontinued

SONIA is a relatively new rate, and the Bank of England (or a successor), as administrator of SONIA, may make methodological or other changes that could change the value of SONIA, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, or timing related to the publication of SONIA. If the manner in which SONIA is calculated is changed, that change may result in a reduction of the amount of interest payable on the relevant Floating Rate Notes, which may adversely affect the trading prices of such Floating Rate Notes. The administrator of SONIA may withdraw, modify, amend, suspend or discontinue the calculation or dissemination of SONIA, respectively, in its sole discretion and without notice and has no obligation to consider the interests of holders of the Floating Rate Notes in calculating, withdrawing, modifying, amending, suspending or discontinuing SONIA.

The interest rate on Fixed Reset Notes will reset on each Reset Date, which can be expected to affect interest payments on an investment in Fixed Reset Notes and could affect the market value of Fixed Reset Notes

Fixed Reset Notes will initially bear interest at the Initial Interest Rate (as specified in the applicable Final Terms) until (but excluding) the Reset Date (as specified in the applicable Final Terms). On the Reset Date and each Subsequent Reset Date (as specified in the applicable Final Terms) (if any) thereafter, the interest rate will be reset to the sum of the applicable Mid-Swap Rate and the Reset Margin (each as specified in the applicable Final Terms) as determined by the Principal Paying Agent on the relevant Reset Determination Date (as defined in Condition 4(b)) (each such interest rate, a **Subsequent Reset Rate**). The Subsequent Reset Rate for any Reset Period could be less than the Initial Interest Rate or the Subsequent Reset Rate for prior Reset Periods and could be less than the return an investor could realise from another equivalent investment on the Reset Date, which in turn could have a material adverse effect on the market value of an investment in the Fixed Reset Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of Notes issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Such volatilities could have a material adverse effect on the value of and return on any such Notes.

The qualification of the Senior Preferred Notes, Senior Non-Preferred Notes or Senior Subordinated Notes as eligible liabilities of the Issuer or the Group is subject to uncertainty

The Senior Preferred Notes, Senior Non-Preferred Notes and Senior Subordinated Notes may be issued with the intention of being eligible for inclusion in the amount of eligible liabilities of the Issuer and/or the Group under Applicable Banking Regulations. However, there is uncertainty regarding the final form of Applicable Banking Regulations insofar as such eligibility is concerned and how those regulations are to be interpreted and applied. The Issuer cannot provide any assurance that any Senior Preferred Notes, Senior Non-Preferred Notes or Senior Subordinated Notes will be (or thereafter will remain) eligible liabilities of the Issuer and/or the Group.

While the terms and conditions of the Senior Preferred Notes, Senior Non-Preferred Notes and Senior Subordinated Notes may be consistent with the EU Banking Reforms (as defined in Condition 6(d)), the EU Banking Reforms have not yet been finally implemented. Pending the final implementation and interpretation of the regulations giving effect to MREL, the Issuer cannot provide any assurance that any Senior Preferred Notes, Senior Non-Preferred Notes or Senior Subordinated Notes will ultimately be (or thereafter remain) eligible liabilities of the Issuer and/or the Group. If an Eligible Liabilities Event occurs, the Issuer may redeem or substitute and vary the terms of those Notes at its option in accordance with Conditions 6(d) and 15(b), which may result in investors not realising the return on the Notes that they were otherwise expecting or have a material adverse effect on the market value of the relevant Notes. See “– *If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return*” above.

Claims of Holders under the Senior Notes are effectively junior to those of certain other creditors and claims of Holders under the Senior Non-Preferred Notes are further junior to those of other senior creditors

The Senior Notes and any relative Coupons constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and, upon the insolvency (*concurso de acreedores*) of the Issuer, in accordance with and to the extent permitted by the Insolvency Law (as defined in Condition 3(d)) and other applicable laws relating to or affecting the enforcement of creditors' rights in Spain (including, without limitation, Additional Provision 14.2 of Law 11/2015), the payment obligations of the Issuer under the Senior Notes with respect to claims for principal (which claims will constitute ordinary claims) will rank: (a) in the case of Senior Preferred Notes: (i) junior to any (A) privileged claims (*créditos privilegiados*) (which shall include, among other claims, any claims in respect of deposits for the purposes of Additional Provision 14.1 of Law 11/2015) and (B) claims against the insolvency estate (*créditos contra la masa*); (ii) *pari passu* without any preference or priority among themselves and with all other Senior Preferred Obligations; and (iii) senior to (A) any Senior Non-Preferred Obligations; and (B) all subordinated claims (*créditos subordinados*) of the Issuer, present and future; and (b) in the case of Senior Non-Preferred Notes: (i) junior to any (A) privileged claims (*créditos privilegiados*); (B) claims against the insolvency estate (*créditos contra la masa*); and (C) Senior Preferred Obligations; (ii) *pari passu* with all other Senior Non-Preferred Obligations; and (iii) senior to all subordinated claims (*créditos subordinados*) of the Issuer, present and future. Terms used in this paragraph have the meanings given in Condition 3(d).

Upon insolvency, the obligations of the Issuer under the Senior Notes will also be effectively subordinated to all of the Issuer's secured indebtedness, to the extent of the value of, or the proceeds realised from, the assets securing such indebtedness. The Senior Notes are further structurally subordinated to all indebtedness of subsidiaries of the Issuer insofar as any right of the Issuer to receive any assets of such companies upon their winding-up will be effectively subordinated to the claims of the creditors of those companies in the winding-up.

Moreover, the BRRD, Law 11/2015 and the SRM Regulation contemplate that Senior Notes may be subject to the exercise of the Bail-in Tool by the Relevant Spanish Resolution Authority. This may involve the variation of the terms of the Senior Notes or a change in their form, if necessary, to give effect to, the exercise of the Bail-in Tool by the Relevant Spanish Resolution Authority. See “*Risks related to Early Intervention and Resolution —The Notes may be subject to the exercise of the Spanish Statutory Loss-Absorption Powers by*

the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 and the SRM Regulation could materially affect the rights of the Noteholders under, and the value of, any Notes” and “Regulatory Framework - Resolution”.

An investor in Subordinated Notes and Senior Non-Preferred Notes assumes an enhanced risk of loss in the event of the Issuer's insolvency or resolution

The Issuer's obligations under the Subordinated Notes will be subordinated and unsecured and, upon the insolvency of the Issuer, will rank junior to all unsubordinated obligations of the Issuer and other obligations that rank senior under Spanish law. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a greater risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become (i) subject to resolution under the BRRD and the Subordinated Notes become subject to the application of the Bail-in Tool (including, in the case of Tier 2 Subordinated Notes, Non-Viability Loss Absorption) or (ii) insolvent.

In the case of any exercise of the Bail-in Tool by the Relevant Spanish Resolution Authority, the sequence of any resulting write-down or conversion of the Notes under Article 48 of the BRRD and Article 48 of Law 11/2015 shall be in the following order: (i) CET1 items; (ii) the principal amount of Additional Tier 1 capital instruments; (iii) the principal amount of Tier 2 capital instruments (including Tier 2 Subordinated Notes); (iv) the principal amount of other subordinated claims that are not Additional Tier 1 capital or Tier 2 capital (such as Senior Subordinated Notes); (v) the principal or outstanding amount of the remaining eligible liabilities in the order of the hierarchy of claims in normal insolvency proceedings (with senior non-preferred claims (*créditos ordinarios no preferentes*) (such as Senior Non-Preferred Notes) subject to the Bail-in Tool after any subordinated claims (*créditos subordinados*) of the Issuer under Article 92 of the Insolvency Law (as defined in Condition 3(d)) but before the other senior claims of the Issuer (including Senior Preferred Notes)). In addition, Tier 2 Subordinated Notes may be subject to Non-Viability Loss Absorption, which may be imposed prior to or in combination with any exercise of the Bail-in Tool.

While any such write-down or conversion of the Notes and any other such obligations of the Issuer shall be implemented in accordance with the hierarchy described above (unless otherwise provided by Applicable Banking Regulations), even if grounds for compensation could be established, compensation may not be available under the BRRD to any holders of capital instruments subject to any write-down or conversion and even if available would only take the form of shares, other securities or other obligations of the Issuer, the Group or another person. See “*Risks related to Early Intervention and Resolution – The Notes may be subject to the exercise of the Spanish Statutory Loss-Absorption Powers by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 and the SRM Regulation could materially affect the rights of the Noteholders under, and the value of, any Notes*” and “*Regulatory Framework - Resolution*”.

Senior Non-Preferred Notes, Subordinated Notes and certain Senior Preferred Notes may not be redeemed prior to maturity at the option of Noteholders, including in the event of non-payment of principal or interest and the redemption of the Notes may be subject to certain conditions

Pursuant to the CRR, the Issuer is prohibited from including in the terms and conditions of any Tier 2 Subordinated Notes terms that would oblige it to redeem such Tier 2 Subordinated Notes prior to their stated maturity at the option or request of holders of the Tier 2 Subordinated Notes. Additionally, in accordance with Article 45 of the BRRD, Article 38 of RD 1012/2015 and the EU Banking Reforms, terms of instruments (including Senior Preferred Notes, Senior Non-Preferred Notes and Senior Subordinated Notes) that provide for any early redemption of that instrument at the option of the holder could limit its eligibility for MREL purposes. As a result, the terms and conditions of the Senior Preferred Notes, the Senior Non-Preferred Notes and the Senior Subordinated Notes may not include provisions allowing for early redemption of such Notes at the option of Noteholders. Furthermore, unless otherwise specified in the applicable Final Terms, in the case of Senior Preferred Notes only, Noteholders will not have any rights under the terms and conditions of such Notes to request the early redemption of the relevant Notes in the event of any failure by the Issuer to comply with its obligations under the Notes (including, without limitation, any obligation to pay principal or interest in respect of such Notes). See Condition 9.

RISK FACTORS

Articles 77 and 78 of the CRR set out the conditions for the redemption of Tier 2 Subordinated Notes, which include the prior consent of the Regulator. Such consent will be given only if either of the following conditions is met:

- (i) on or before such redemption of the Tier 2 Subordinated Notes, the Issuer replaces the Tier 2 Subordinated Notes with instruments qualifying as Tier 2 capital of an equal or higher quality on terms that are sustainable for the income capacity of the Issuer; or
- (ii) the Issuer has demonstrated to the satisfaction of the Regulator that its Tier 1 capital and Tier 2 capital would, following such redemption, exceed the capital ratios required under the CRD Directive and CRR by a margin that the Regulator may consider necessary on the basis set out in the CRD Directive and CRR.

Similar conditions to the redemption of any Notes eligible for MREL purposes are also provided for under the EU Banking Reforms.

It is not possible to predict whether the relevant circumstances in which the Issuer may be able to elect to redeem any such Notes will occur, including whether any prior consent of the Regulator required for such redemption will be given, and if so whether or not the Issuer will elect to exercise any option to redeem the Notes. Accordingly, no assurance can be given as to any possible redemption at any time of any Senior Non-Preferred Notes, Subordinated Notes and any applicable Senior Preferred Notes. See also *“If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return”* above.

The terms of the Notes contain a waiver of set-off rights

No holder of any Notes may at any time exercise or claim any Waived Set-Off Rights (as defined in Condition 3(d)) against any right, claim or liability of the Issuer or that the Issuer may have or acquire against such holder, directly or indirectly and howsoever arising (and including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any kind, whether or not relating to such Notes).

The terms and conditions of the Notes provide that holders of the Notes shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities. As a result, those Noteholders will not at any time be entitled to set-off the Issuer’s obligations under such Notes against obligations owed by them to the Issuer.

Risks relating to Notes denominated in Renminbi

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi (**Renminbi Notes**):

Renminbi is not completely freely convertible, there are still significant restrictions on the remittance of Renminbi into and out of the PRC and the liquidity of investments in Renminbi Notes is subject to such restrictions

Renminbi is not completely freely convertible as of the date of this Offering Circular. The government of the PRC (the **PRC Government**) continues to regulate conversion between Renminbi and foreign currencies despite significant reduction in the control by the PRC Government in recent years over trade transactions involving the import and export of goods and services, as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. Participating banks in Hong Kong and a number of other jurisdictions (the **Applicable Jurisdictions**) have been permitted to engage in the settlement of current account trade transactions in Renminbi; however, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific

RISK FACTORS

registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are (as of the date of this Offering Circular) being developed.

Although Renminbi was added to the Special Drawing Rights basket of currencies, in addition to the U.S. dollar, euro, Yen and Sterling, created by the International Monetary Fund as an international reserve asset in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by The People's Bank of China (the **PBoC**) in 2018, there is no assurance that the PRC Government will liberalise control over cross-border remittance of Renminbi in the future, or that new regulations in the PRC will not be promulgated in the future that have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions imposed by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

The PBoC has established a Renminbi clearing and settlement mechanism for participating banks in the Applicable Jurisdictions through settlement agreements (the **Settlement Agreements**) with certain banks (each a **RMB Clearing Bank**) to act as the RMB clearing bank in the Applicable Jurisdictions, the current size of Renminbi-denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC. The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBoC for the purpose of settling open positions of participating banks for limited types of transactions, although PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The relevant RMB Clearing Bank is not obliged to settle for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to settle such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended so as to have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of investments in the Renminbi Notes. To the extent that the Issuer is required to source Renminbi outside the PRC to service the Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Although the Issuer's primary obligation is to make all payments with respect to Renminbi Notes in Renminbi, where a Renminbi Currency Event is specified as being applicable in the applicable Final Terms, in the event that the Issuer determines, while acting in good faith that one of RMB Inconvertibility, RMB Non-Transferability or RMB Illiquidity (each as defined in Condition 5(h)) has occurred as a result of which, the Issuer is unable to make any payment in respect of the Renminbi Note in Renminbi, the terms of such Renminbi Notes will permit the Issuer to make payment in U.S. dollars (or such other currency as may be specified in the applicable Final Terms) converted using the Spot Rate for the relevant Determination Date, all as provided in Condition 5(h). The value of these Renminbi payments in U.S. dollar terms may vary with the prevailing exchange rates in the market.

An investment in Renminbi Notes is subject to exchange rate risks

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions and by many other factors. On 11th December, 2015, the China Foreign Exchange Trade System (the **CFETS**), a sub-institutional organisation of PBoC, published the CFETS Renminbi exchange rate index for the first time, which weighs the Renminbi based upon 13 currencies, to guide the market in order to measure the Renminbi exchange rate. Such change and others that may be implemented, may increase the volatility in the value of Renminbi against other currencies. All payments of interest and principal with respect to Renminbi Notes will be made in Renminbi unless a RMB Currency Event is specified as being applicable in the applicable Final Terms, and a RMB Currency Event occurs, in which case payment will be made in U.S. dollars converted at the spot rate. As a result, the value of these Renminbi payments in U.S. dollar or other foreign currency terms may vary with the prevailing exchange rates in the marketplace. If the value of the Renminbi depreciates against the U.S. dollar or other applicable foreign currencies, then the value of an investor's investment in Renminbi Notes in terms of the U.S. dollar or other applicable foreign currency will decline.

An investment in fixed rate Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions. If a Renminbi Note carries a fixed interest rate, then the trading price of such Renminbi Notes will subsequently vary with fluctuations in Renminbi interest rates. If an investor in Renminbi Notes tries to sell such Renminbi Notes before their maturity then they may receive an offer that is less than the amount invested.

Payments in respect of Renminbi Notes will be made to investors in the manner specified in the Conditions

Investors might be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong or such other RMB Settlement Centre(s) as may be specified in the applicable Final Terms. Except in the limited circumstances stipulated in Condition 5(h), all payments to investors in respect of Renminbi Notes will be made solely: (i) for so long as Renminbi Notes are represented by Global Notes held with the common depositary or common safekeeper, as the case may be, for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, S.A. (**Clearstream, Luxembourg**), by transfer to a Renminbi bank account maintained in Hong Kong or any such other RMB Settlement Centre(s) in accordance with prevailing Euroclear and/or Clearstream, Luxembourg rules and procedures, or (ii) for so long as Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or such other RMB Settlement Centre(s) in accordance with prevailing rules and regulations. Other than as described in Condition 5(h), the Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

The application of the net proceeds of SDG Notes as described in “Use of Proceeds” may not meet investor expectations or be suitable for an investor's investment criteria

Prospective investors in any Notes where the “Reasons for the Offer” in Part B of the applicable Final Terms are stated to be for “green”, “social” or “sustainability” purposes as described in “Use of Proceeds” below (**Green Notes**, **Social Notes** or **Sustainability Notes**, respectively, and, together, **SDG Notes**), should have regard to the information in “Use of Proceeds” regarding the use of the net proceeds of those SDG Notes and must determine for themselves the relevance of such information for the purpose of any investment in such SDG Notes together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for any Sustainability Projects (as defined in the “Use of Proceeds” section below) will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

RISK FACTORS

Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green”, “social” or “sustainable” or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as “green”, “social” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time or that any prevailing market consensus will not significantly change.

A basis for the determination of such “green” project definition has been established in the EU with the publication in the Official Journal of the EU on 22nd June, 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the **Sustainable Finance Taxonomy Regulation**) on the establishment of a framework to facilitate sustainable investment (the **EU Sustainable Finance Taxonomy**). The EU Sustainable Finance Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation. While the Bank’s Sustainable Development Goals (SDGs) Bond Framework (April 2018) published on its website (<https://shareholdersandinvestors.bbva.com>) (including as amended, supplemented, restated or otherwise updated on such website from time to time, the **SDGs Bond Framework**)) is in alignment with the relevant objectives for the EU Sustainable Finance Taxonomy, until the technical screening criteria for such objectives have been developed it is not known whether the SDGs Bond Framework will satisfy those criteria. Accordingly, alignment with the EU Sustainable Finance Taxonomy, once the technical screening criteria are established, is not certain and no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Sustainability Projects will meet any or all investor expectations regarding such “green”, “social” or “sustainable” or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Sustainability Projects.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any report, assessment, opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any SDG Notes and in particular with any Sustainability Projects to fulfil any environmental, social, sustainability and/or other criteria. Any such report, assessment, opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Offering Circular. Any such report, assessment, opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such SDG Notes. Any such report, assessment, opinion or certification is only current as of the date it was issued. Prospective investors must determine for themselves the relevance of any such report, assessment, opinion or certification and/or the information contained therein and/or the provider of such report, assessment, opinion or certification for the purpose of any investment in such SDG Notes. Currently, the providers of such reports, assessments, opinions and certifications are not subject to any specific oversight or regulatory or other regime.

In the event that any SDG Notes are listed or admitted to trading on any dedicated “green”, “environmental”, “social” or “sustainable” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. Furthermore, the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such SDG Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the SDG Notes.

While it is the intention of the Issuer to apply the net proceeds of any SDG Notes and obtain and publish the relevant reports, assessments, opinions and certifications in, or substantially in, the manner described in “*Use of Proceeds*”, there can be no assurance that the Issuer will be able to do this. Nor can there be any assurance that any Sustainability Projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer.

RISK FACTORS

Any such event or failure to apply the net proceeds of any issue of SDG Notes for any Sustainability Projects or to obtain and publish any such reports, assessments, opinions and certifications, will not constitute an event of default under the relevant SDG Notes or give rise to any other claim of a holder of such SDG Notes against the Issuer. The withdrawal of any report, assessment, opinion or certification as described above, or any such report, assessment, opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such report, assessment, opinion or certification is reporting, assessing, opining or certifying on, and/or any such SDG Notes no longer being listed or admitted to trading on any stock exchange or securities market, as aforesaid, may have a material adverse effect on the value of such SDG Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Set out below is a brief description of certain risks relating to the Notes generally:

Spanish tax rules

Article 44 of RD 1065/2007 sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

According to the literal wording of Article 44.5 of RD 1065/2007 income derived from securities originally registered with the entities that manage clearing systems located outside Spain, and are recognised by Spanish law or by the law of another OECD country (such as the Depository Trust Company (DTC), Euroclear or Clearstream, Luxembourg), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the Issuer submits a statement to the Issuer, the form of which is included in the Agency Agreement, with the following information:

- (i) identification of the securities;
- (ii) payment date;
- (iii) total amount of income paid on the relevant date; and
- (iv) total amount of the income corresponding to each clearing system located outside Spain.

These obligations refer to the total amount paid to investors through each foreign clearing house.

In accordance with Article 44.5 of RD 1065/2007 the relevant Paying Agent should provide the Issuer with the statement on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on such date, the entity obliged to provide the declaration fail to do so, the Issuer or the Paying Agent on its behalf will make a withholding at the general rate of 19 per cent.

If, before the tenth day of the month following the month in which interest is paid, the obliged entity provides the statement, the Issuer will reimburse the amounts withheld.

Prospective investors should note that the Issuer does not accept any responsibility in relation to any failure in the delivery of the relevant statement by the Paying Agent in connection with each payment of interest under the Notes. Accordingly, the Issuer will not be liable for any damage or loss suffered by any beneficial owner who would otherwise be entitled to an exemption from Spanish withholding tax but whose payments are nonetheless paid net of Spanish withholding tax because the relevant statement was not duly delivered to the Issuer. Moreover, the Issuer will not pay any additional amounts with respect to any such withholding tax.

In the event that the currently applicable procedures are modified, amended or supplemented by, among other things, any Spanish law, regulation, interpretation or ruling of the Spanish tax authorities, the Issuer will

RISK FACTORS

notify the Noteholders of such information procedures and their implications, as the Issuer may be required to apply withholding tax on interest payments in respect of the Notes if the Noteholders do not comply with such information procedures.

General

The procedure described in this Offering Circular for the provision of information required by Spanish laws and regulations is a summary only and none of the Issuer or the Dealers assumes any responsibility therefore. In the event that the currently applicable procedures are modified, amended or supplemented by, among other things, any Spanish law, regulation, interpretation or ruling of the Spanish tax authorities, the Issuer will notify the Noteholders of such information procedures and their implications, as the Issuer may be required to apply withholding tax on distributions in respect of the relevant securities if the Noteholders do not comply with such information procedures.

The conditions of the Notes contain provisions which may permit their modification by defined majorities or without any separate consent or approval of the Noteholders

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, including those Noteholders who voted in a manner contrary to the majority.

If an Eligible Liabilities Event or a Capital Event, as applicable, occurs and is continuing, the Issuer may substitute or modify the terms of the Notes, without any separate consent or approval of the Noteholders, so that the Notes once again become or remain Qualifying Notes (as defined in Condition 15(b)), provided that any variation in the terms of the Notes resulting from such substitution or modification is not materially prejudicial to the interests of the Noteholders. In the case of any Notes governed by English law pursuant to Condition 19, any change in the governing law of such Notes from English law to Spanish law so that the Notes become again or remain Qualifying Notes shall be deemed not to be prejudicial to the interests of the Noteholders. See Condition 15(b).

There can be no assurance as to how the terms of any Qualifying Notes resulting from any such substitution or modification will be viewed by the market or whether any such Qualifying Notes will trade at prices that are at least equivalent to the prices at which the Notes would have traded on the basis of their original terms.

In addition, the Issuer will not be under any obligation to have regard to the tax position of any Noteholders in connection with any such substitution or modification of the Notes or to the tax consequences of any such substitution or modification for individual Noteholders. No Noteholder shall be entitled to claim any indemnification or payment from or have any other recourse to the Issuer or any other person, in respect of any tax or other consequences of any such substitution or modification for that Noteholder.

Substitution of the Issuer

If the conditions set out in Condition 17 of the Notes are met, the Issuer may, without any separate consent or approval of the Noteholders, substitute in its place another company incorporated anywhere in the world as the principal debtor in respect of all obligations arising under or in connection with the Notes (the **Substituted Debtor**). In that case, the Noteholders will assume the risk that the Substituted Debtor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. No Noteholder shall be entitled to claim any indemnification or payment from or have any other recourse to the Issuer, in respect of any tax or other consequences of any such substitution for that Noteholder.

RISK FACTORS

The rights of Noteholders could be adversely affected by a change in Spanish law, English law or administrative practice

The Conditions of the Notes are based on English law and Spanish law, as applicable, in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to Spanish and English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the rights of any Noteholders.

Reliance on DTC, Euroclear and Clearstream, Luxembourg procedures

The Regulation S Notes will be represented on issue by a Regulation S Global Note that will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the Regulation S Global Note, investors will not be entitled to receive Notes in definitive form. Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in the Regulation S Global Note. While the Notes are represented by the Regulation S Global Note, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg and their respective participants.

The Rule 144A Notes will be represented on issue by a Rule 144A Global Note that will be deposited with a nominee for DTC. Except in the circumstances described in the Rule 144A Global Note, investors will not be entitled to receive Notes in definitive form. DTC and its direct and indirect participants will maintain records of the beneficial interests in the Rule 144A Global Note. While the Notes are represented by the Rule 144A Global Note, investors will be able to trade their beneficial interests only through DTC and its participants, including Euroclear and Clearstream, Luxembourg.

While the Notes are represented by the Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in either Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

RISKS RELATED TO THE MARKET GENERALLY

Set out below is a brief description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and the market price of the Notes may be subject to factors outside of the Issuer's control, all of which could adversely affect the value at which an investor could sell his Notes

The Notes may have no established trading market when issued, and one may never develop. If an active trading market does not develop or is not maintained, the market price and liquidity of the Notes may be adversely affected. If a market does develop, it may not be very liquid. The market price of the Notes could also be affected by market conditions more generally and other factors outside of the Issuer's control and unrelated to the Group's business, financial condition and results of operations. Therefore, investors may not be able to sell their Notes at a particular time or may not be able to sell their Notes at a favourable price.

Although applications have been made for Notes issued under the Programme to be admitted to the Official List and to trading on the Regulated Market, there is no assurance that such applications will be accepted, that any particular issue of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular issue of Notes. The liquidity of any market for the Notes will depend on a number of factors including:

RISK FACTORS

- the number of holders of the Notes;
- the Issuer's ratings published by major credit rating agencies;
- the Issuer's financial performance;
- the market for similar securities;
- the interest of securities dealers in making a market in the notes; and
- prevailing interest rates.

No assurance can be given that an active market for the Notes will develop or, if developed, that it will continue.

If an investor holds Notes which are not denominated in the investor's home currency, that investor will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency and/or the Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the market value of the Fixed Rate Notes as the return realised on the Fixed Rate Notes may then be less than the return an investor could realise from another equivalent investment at the relevant time.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Notes (including on an unsolicited basis). The ratings may not reflect the potential impact of all risks related to structure and market of the Notes and additional factors discussed above and do not address the price, if any, at which the Notes may be resold prior to maturity (which may be substantially less than the original offering prices of the Notes) and other factors that may affect the value of the Notes. However, real or anticipated changes in the Issuer's credit ratings or the credit ratings of the Notes will generally affect the market value of the Notes. Such change may, among other factors, be due to a change in the methodology applied by a rating agency to rating securities with similar structures to the Notes, as opposed to any revaluation of the Issuer's financial strength or other factors such as conditions affecting the financial services industry generally.

RISK FACTORS

A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European (including UK) regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU or the UK and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). If the status of the rating agency rating the Notes changes, European (including UK) regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European (including UK) regulated investors selling the Notes which may impact the value of the Notes and any secondary market.

|------------------------------------|--|
| Status of the Notes: | The Notes may be either Senior Notes or Subordinated Notes. Senior Notes may be either Senior Preferred Notes or Senior Non-Preferred Notes. Subordinated Notes may be either Senior Subordinated Notes or Tier 2 Subordinated Notes. See Condition 3. |
| Substitution of the Issuer: | The terms and conditions of the Notes will contain provisions allowing for the substitution of the Issuer as principal debtor, without any separate consent or approval of the Noteholders, as more fully described in Condition 17. |

The Senior Non-Preferred Notes issued under the Programme have been rated BBB+ by S&P, Baa2 by Moody's and BBB+ by Fitch. The Programme has Series of Notes issued that may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. |
| Listing: | Application has been made for Notes issued under the Programme to be listed on Euronext Dublin. |
| Governing Law: | The terms and conditions of the Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with either, English law or Spanish law as specified in the applicable Final Terms. In the case of Notes governed by English law, the provisions of Conditions 3 and 20 (and any non-contractual obligations arising out of or in connection with them) will be governed by, and shall be construed in accordance with, Spanish law. The Notes will be issued in accordance with the formalities prescribed by Spanish company law. |
| Selling Restrictions: | There are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in Japan, the EEA, Spain, the UK, Italy, Belgium, France, Hong Kong, the PRC, Singapore, Switzerland, the United States and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes (see " <i>Subscription and Sale and Transfer and Selling Restrictions</i> "). |

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached or registered form, without interest coupons attached. Bearer Notes will be issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**) and Registered Notes will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A or Regulation D under the Securities Act.

Bearer Notes

Each Tranche of Bearer Notes will be initially issued in the form of a temporary global note (a **Temporary Bearer Global Note**) or a permanent global note (a **Permanent Bearer Global Note**) as indicated in the applicable Final Terms, which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, Euroclear and Clearstream, Luxembourg will be notified as to whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held means that the Notes of a particular Tranche are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification of non-U.S. beneficial ownership or certification to the effect that the holder is a U.S. person who purchased in a transaction that did not require registration under the Securities Act and to the effect that such holder is not a United States person, or is a United States person that purchased by or through certain United States financial institutions or is a financial institution purchasing for resale during the restricted period to persons other than United States persons or persons within the United States or its possessions as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Bearer Global Note of the same Series or (b) for definitive Bearer Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

FORM OF THE NOTES

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available, (iii) if so specified in the applicable Final Terms, the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form or (iv) the Notes are required to be removed from both Euroclear and Clearstream, Luxembourg and no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Issuer, as the case may be, may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Notes (other than Temporary Global Notes), interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global note in registered form (a **Regulation S Global Note**). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend describing such restrictions on transfer.

The Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions (a) to “qualified institutional buyers” within the meaning of Rule 144A under the Securities Act (**QIBs**) or (b) to “accredited investors” (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act that are institutions (**Institutional Accredited Investors**)) who agree to purchase the Notes for their own account and not with a view to the distribution thereof. The Registered Notes of each Tranche sold to QIBs will be represented by a global note in registered form (a **Rule 144A Global Note** and, together with a Regulation S Global Note, the **Registered Global Notes**).

FORM OF THE NOTES

Registered Global Notes will either (a) be deposited with a custodian for, and registered in the name of a nominee of, DTC for the accounts of Euroclear and Clearstream, Luxembourg or (b) be deposited with a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg or in the name of a nominee if the common safekeeper, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Registered Global Notes issued in respect of any Tranche and deposited with one of the ICSDs as common safekeeper, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, that is, held under the NSS, are intended to be held in a manner which would allow Eurosystem eligibility. This does not necessarily mean that the Notes of such Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

The Registered Notes of each Tranche sold to Institutional Accredited Investors will be in definitive form, registered in the name of the holder thereof (**Definitive IAI Registered Notes**). Unless otherwise set forth in the applicable Final Terms, Definitive IAI Registered Notes will be issued only in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof (or the approximate equivalents in the applicable Specified Currency). Definitive IAI Registered Notes will be subject to the restrictions on transfer set forth therein and will bear the restrictive legend described under “*Subscription and Sale and Transfer and Selling Restrictions*”. Institutional Accredited Investors that hold Definitive IAI Registered Notes may elect to hold such Notes through DTC, but transferees acquiring the Notes in transactions exempt from Securities Act registration pursuant to Regulation S or Rule 144 under the Securities Act (if available) may do so upon satisfaction of the requirements applicable to such transfer as described under “*Subscription and Sale and Transfer and Selling Restrictions*”. The Rule 144A Global Note and the Definitive IAI Registered Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 5(d)) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 5(d)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (a) an Event of Default has occurred and is continuing, (b) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form, (c) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, no successor clearing system is available, (d) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act or (e) the Notes are required to be removed from (in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg) both Euroclear and Clearstream, Luxembourg or (in the case of Notes registered in the name of a nominee for DTC) DTC and, in either case, no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance

with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) or the Issuer, as the case may be, may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Registrar.

Transfer of interests

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note or in the form of a Definitive IAI Registered Note and Definitive IAI Registered Notes may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Notes in the form of an interest in a Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable, in each case. Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see “*Subscription and Sale and Transfer and Selling Restrictions*”.

General

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code, and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code and ISIN, CUSIP and CINS assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S) applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC or its nominee each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or of DTC as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes and, in the case of DTC or its nominee, voting, giving consents or making requests, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer and its agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

Except in relation to Notes issued in NGN form, any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms. A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note within a period of 15 days from the giving of a notice by a holder with Euroclear or Clearstream, Luxembourg of such Notes so represented and credited to its securities account that it wishes to accelerate such Notes, then holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear, Clearstream, Luxembourg and DTC on and in the case of Notes governed by English law subject to the terms of an amended and restated deed of covenant dated 2 July, 2019 and executed by the

Issuer (the **Deed of Covenant**) and in the case of Notes governed by Spanish law the terms of the Global Notes. In addition, holders of interests in such Global Note credited to their accounts with DTC may require DTC to deliver Definitive Notes in registered form in exchange for their interest in such Global Note in accordance with DTC's standard operating procedures.

APPLICABLE FINAL TERMS

[PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS]

The Notes are not intended to and shall not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**) or the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]¹

[MiFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES AS THE ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, MiFID II)/**MiFID II**]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [The target market assessment indicates that the Notes are incompatible with the knowledge, experience, needs, characteristic and objective of clients which are retail clients (as defined in MiFID II) and accordingly the Notes shall not be offered or sold to any retail clients.] [] [*Consider any other negative target market*] Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]²

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to the applicable “Final Terms” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Banco Bilbao Vizcaya Argentaria, S.A., (the **Issuer**) pursuant to the Agency Agreement (as defined below).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of the lowest Specified Denomination in the Specified Currency;

The Notes and the Coupons (as defined below) have the benefit of an amended and restated agency agreement dated 2nd July, 2019 (as further amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) each made between the Issuer, Deutsche Bank AG, London Branch as issuing and principal paying agent and agent bank (the **Principal Paying Agent**, which expression shall include any successor principal paying agent) and the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents), Deutsche Bank Luxembourg S.A. as euro registrar (the **Euro Registrar**, which expression shall include any successor euro registrar) and as a transfer agent, Deutsche Bank Trust Company Americas as exchange agent (the **Exchange Agent** which expression shall include any successor exchange agent) and as U.S. registrar (the **U.S. Registrar**, which expression shall include any successor U.S. registrar and, together with the Euro Registrar, the **Registrars**) and as transfer agent and the other transfer agents named therein (together with Deutsche Bank Luxembourg S.A., the **Transfer Agents**, which expression shall include any additional or successor transfer agents).

In the case of Notes specified in the applicable Final Terms as being governed by English law, the Noteholders and the Couponholders are entitled to the benefit of the amended and restated deed of covenant dated 2nd July, 2019 and made by the Issuer (the **Deed of Covenant**). The original of the Deed of Covenant is held by the common depositary for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below). In the case of Notes specified in the applicable Final Terms as being governed by Spanish law, the rights of the Noteholders to proceed directly against the Issuer in the relevant circumstances as provided in the case of English law governed Notes in the Deed of Covenant are provided for directly under the terms of the Global Notes.

Copies of a deed poll dated 18th December, 2015 and made by the Issuer (the **Deed Poll**), the Deed of Covenant and the Agency Agreement are available for inspection during normal business hours at the specified office of each of the Principal Paying Agent, each Registrar and the other Paying Agents and Transfer Agents (such Agents, the Calculation Agent (if any is specified in the applicable Final Terms) and the Registrars being together referred to as the **Agents**). The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes and vice-versa.

Subject as set out below, title to the Bearer Notes and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer and any Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held by or on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking, S.A. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be.

Each Noteholder (which for the purpose of this Condition 3 includes each holder of a beneficial interest in the Notes or the Coupons), by its acquisition of the Notes, will be deemed to have irrevocably accepted the status of the Notes described below.

The obligations of the Issuer under the Notes are subject to, and may be limited by, the exercise of any power pursuant to Law 11/2015, RD 1012/2015, the SRM Regulation or other applicable laws relating to recovery and resolution of credit institutions and investment firms in Spain (including, without limitation, the exercise and effect of any Spanish Statutory Loss-Absorption Power by the Relevant Spanish Resolution Authority (each as defined, and the exercise and effect of which is further described, in Condition 20)).

See “Risk Factors – Risks related to Early Intervention and Resolution – The Notes may be subject to the exercise of the Spanish Statutory Loss-Absorption Powers by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 and the SRM Regulation could materially affect the rights of the Noteholders under, and the value of, any Notes” and “Regulatory Framework – Resolution”.

Any such exercise and its effect on the obligations of the Issuer under the Notes, together with the remainder of this Condition 3 (including any non-contractual obligations arising out of or in connection with any such exercise, its effect and this Condition 3) shall in all circumstances be governed by, and construed in accordance with, Spanish law in accordance with Condition 19(b) below.

(a) Status of the Senior Notes

The Senior Notes and any relative Coupons constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and, upon the insolvency (*concurso de acreedores*) of the Issuer, in accordance with and to the extent permitted by the Insolvency Law and other applicable laws relating to or affecting the enforcement of creditors' rights in Spain (including, without limitation, Additional Provision 14.2 of Law 11/2015), the payment obligations of the Issuer under the Senior Notes with respect to claims for principal (which claims will constitute ordinary claims) will rank:

Pursuant to article 59 of the Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of the Issuer. Claims in respect of interest on the Senior Notes (including with respect to any relative Coupon) expressly or implicitly accrued but unpaid as of the commencement of any insolvency procedure in respect of the Issuer shall constitute subordinated

claims against the Issuer ranking in accordance with the provisions of article 92 of the Insolvency Law (including, without limitation, junior to claims on account of principal in respect of contractually subordinated obligations of the Issuer, unless otherwise provided by the Insolvency Law). See “Risk Factors – Claims of Holders under the Senior Notes are effectively junior to those of certain other creditors and claims of Holders under the Senior Non-Preferred Notes are further junior to those of other senior creditors” and “Regulatory Framework – Resolution”.

To the extent the Tier 2 Subordinated Notes cease to constitute a Tier 2 Instrument of the Issuer, the payment obligations of the Issuer under the Tier 2 Subordinated Notes will rank as if the Notes were Senior Subordinated Notes.

Pursuant to article 59 of the Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of the Issuer. Claims in respect of interest on the Subordinated Notes (including with respect to any relative Coupon) expressly or implicitly accrued but unpaid as of the commencement of any insolvency procedure in respect of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of article 92 of the Insolvency Law including, without limitation, junior to claims on account of principal in respect of contractually subordinated obligations of the Issuer, unless otherwise provided by the Insolvency Law).

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest

TERMS AND CONDITIONS OF THE NOTES

Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or

Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

For the purposes of the calculation of an amount of interest, in accordance with this Condition 4(a), **Day Count Fraction** means:

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - I. the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - II. the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the relevant period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date divided by 365 (or, if any portion of that period falls in a leap year, the sum of (A) the actual number

TERMS AND CONDITIONS OF THE NOTES

of days in that portion of the period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the period falling in a non-leap year divided by 365);

- (iii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (iv) if “30/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the relevant period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the interest period is the 31st day of a month but the first day of the interest period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the interest period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and

In these Conditions, the following expressions have the following meanings:

(in each case rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) (each a **Rate of Interest**) payable, in each case, in arrear on the Interest Payment Date(s) in each year up to and including the Maturity Date.

The provisions of this Condition 4(b) shall apply, as applicable, in respect of any determination by the Principal Paying Agent of the Rate of Interest for a Reset Period in accordance with this Condition 4(b) as if the Fixed Reset Notes were Floating Rate Notes. The Rate of Interest for each Reset Period shall otherwise be determined by the Principal Paying Agent on the relevant Reset Determination Date in accordance with the provisions of this Condition 4(b). If only two quotations are provided, it will be the arithmetic mean of the quotations provided. If only one quotation is provided, it will be the quotation provided. Such interest will be payable in respect of each Interest Period. In these Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- I. the offered quotation; or
- II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent or the Calculation Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 4(c)(ii)(B)I, no rate or offered quotation appears or, in the case of Condition 4(c)(ii)(B)II, fewer than three offered quotations appear, in each case as at the Specified Time, the Principal Paying Agent shall request each of the Reference Banks to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer is suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

TERMS AND CONDITIONS OF THE NOTES

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of the Notes will be determined as provided in the applicable Final Terms.

(C) *Screen Rate Determination for Floating Rate Notes referencing Compounded Daily SONIA*

Non-Index Determination

- (A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being "Compounded Daily SONIA", the Rate of Interest for each Interest Period will, subject as provided below and save where "Index Determination" is specified as being applicable, be Compounded Daily SONIA with respect to such Interest Period plus or minus the Margin (if any) as specified in the applicable Final Terms, all as determined and calculated by the Principal Paying Agent or the Calculation Agent, as applicable.

Compounded Daily SONIA means, with respect to an Interest Period, the rate of return of a daily compound interest investment during the SONIA Observation Period corresponding to such Interest Period (with the SONIA reference rate as the reference rate for the calculation of interest) as calculated by the Principal Paying Agent or the Calculation Agent, as applicable, on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-LBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d means the number of calendar days in (where in the applicable Final Terms "Lag" is specified as the Observation Method) the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the relevant SONIA Observation Period;

d_o means the number of London Banking Days in (where in the applicable Final Terms "Lag" is specified as the Observation Method) the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the relevant SONIA Observation Period;

i means a series of whole numbers from one to **d_o**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in (where in the applicable Final Terms "Lag" is specified as the Observation Method) the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the SONIA Observation Period;

London Banking Day or **LBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

n_i , for any London Banking Day i , means the number of calendar days from (and including) such London Banking Day i up to (but excluding) the following London Banking Day;

Observation Look-Back Period is the period of London Banking Days specified in the applicable Final Terms;

p means the number of London Banking Days included in the Observation Look-Back Period;

SONIA Observation Period means the period from (and including) the date falling p London Banking Days prior to the first day of the relevant Interest Period to (but excluding) the date falling p London Banking Days prior to the Interest Payment Date for such Interest Period, or such other date on which the relevant payment of interest falls due (but which by its definition and the operation of the relevant provisions is excluded from such Interest Period);

the **SONIA reference rate**, in respect of any London Banking Day, is the daily Sterling Overnight Index Average (**SONIA**) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

SONIA_i-pLBD means:

- (I) where in the applicable Final Terms "Lag" is specified as the Observation Method, in respect of any London Banking Day i falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling p London Banking Days prior to such day; or
 - (II) where in the applicable Final Terms "Shift" is specified as the Observation Method, SONIA_i, where SONIA_i is, in respect of any London Banking Day i falling in the relevant SONIA Observation Period, the SONIA reference rate for such day.
- (1) If, in respect of any London Banking Day in the relevant SONIA Observation Period, the applicable SONIA reference rate is not made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then (unless the Principal Paying Agent or the Calculation Agent, as applicable, has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to Condition 4(d) below, if applicable) the SONIA reference rate in respect of such London Banking Day shall be: (i) the Bank of England's Bank Rate (the "Bank Rate") prevailing at 5.00 p.m. (or, if earlier, close of business) on such London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads).
 - (2) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be:

- (a) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Period); or
 - (b) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Interest Period).
- (3) If the Notes become due and payable in accordance with Condition 9, the final Rate of Interest shall be calculated for the Interest Period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in Condition 4(e).

Index Determination

- (B) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being "Compounded Daily SONIA", and "Index Determination" is specified as being applicable, the Rate of Interest for each Interest Period will be the Compounded Daily SONIA rate for such Interest Period as determined by reference to the screen rate or index for Compounded Daily SONIA administered by the administrator of the SONIA reference rate that is published or displayed by such administrator or other information service from time to time at the relevant time on the relevant Interest Determination Date, as further specified in the applicable Final Terms (the **SONIA Compounded Index**) and in accordance with the following formula, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards, plus or minus (as specified in the applicable Final Terms) the Margin (if any), all as determined and calculated by the Principal Paying Agent or the Calculation Agent, as applicable.

Compounded Daily SONIA rate =

$$\left(\frac{\text{SONIA Compounded Index}_y}{\text{SONIA Compounded Index}_x} - 1 \right) \times \frac{365}{d}$$

where:

x denotes that the relevant SONIA Compounded Index is the SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to the first day of the relevant Interest Period;

y denotes that the relevant SONIA Compounded Index is the SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to the Interest Payment Date for such Interest Period, or such other date as when the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

d is the number of calendar days from (and including) the day in relation to which *x* is determined to (but excluding) the day in relation to which *y* is determined; and

Relevant Number is as specified in the applicable Final Terms.

If the SONIA Compounded Index is not published or displayed by the administrator of the SONIA reference rate or other information service at the relevant time on the relevant Interest Determination Date as specified in the applicable Final Terms, the Compounded Daily SONIA rate for the applicable Floating Interest Period for which SONIA Compounded Index is not available shall be “Compounded Daily SONIA” determined in accordance with Condition 4(c)(ii)(C)(A) above as if Index Determination is not specified as being applicable in the applicable Final Terms. For these purposes, the Relevant Number specified in the applicable Final Terms shall be the “Observation Look-Back Period” and the “Observation Method” shall be deemed to be “Shift” as if Index Determination is not specified as being applicable and these alternative elections had been made.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Principal Paying Agent or the Calculation Agent, as applicable, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent or the Calculation Agent, as applicable, will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented (i) by a Global Note or (ii) Registered Notes in Definitive Form, the aggregate outstanding nominal amount of (A) the Notes represented by such Global Note or (B) such Registered Notes; or

TERMS AND CONDITIONS OF THE NOTES

- (B) in the case of Floating Rate Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

For the purposes of the calculation of an amount of interest in accordance with this Condition 4(c), **Day Count Fraction** means:

- (A) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (E) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

TERMS AND CONDITIONS OF THE NOTES

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (F) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (G) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(v) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this Condition 4(c)(v), **Designated Maturity** means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(vi) *Notification of Rate of Interest and Interest Amounts*

The Principal Paying Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(c) by the Principal Paying Agent or the Calculation Agent, as applicable, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent (if applicable), the other Agents and all Noteholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, as applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) **Benchmark Discontinuation**

TERMS AND CONDITIONS OF THE NOTES

By its acquisition of the Notes, each Noteholder (which for these purposes includes each holder of a beneficial interest in the Notes) will be deemed to have expressly consented to the application of the provisions of this Condition 4(d). Without any requirement for any further consent or approval of the Noteholders (whether pursuant to Condition 14 or otherwise) and notwithstanding the provisions in Conditions 4(b) or 4(c) above, as the case may be, if the Issuer or the Benchmark Calculation Agent (in consultation with the Issuer, where the Benchmark Calculation Agent is a party other than the Issuer, or, if the Benchmark Calculation Agent deems it appropriate, an Independent Adviser) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this Condition 4(d) shall apply.

(i) *Successor Rate or Alternative Rate*

If the Benchmark Calculation Agent, acting in good faith and in a commercially reasonable manner, and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its sole discretion that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 4(d)(ii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 4(d)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 4(d)(ii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 4(d)).

(ii) *Adjustment Spread*

If the Benchmark Calculation Agent, acting in good faith and in a commercially reasonable manner, and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its sole discretion that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Benchmark Calculation Agent shall, if necessary, calculate such Adjustment Spread and apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iii) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(d) and the Benchmark Calculation Agent, acting in good faith and in a commercially reasonable manner, and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its sole discretion (A) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (B) the terms of the Benchmark Amendments, then the Issuer and the Principal Paying Agent shall, subject to giving notice thereof in accordance with Condition 4(d)(v), without any requirement for any further consent or approval of Noteholders or Couponholders (whether pursuant to Condition 14 or otherwise), agree to the necessary modifications to these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such modifications in accordance with this Condition 4(d)(iii), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading. Notwithstanding any other provision of this Condition 4(d), no Successor Rate, Alternative Rate or Adjustment Spread will be adopted, nor will any other amendment to the terms and conditions of any Series of Notes be made to effect the Benchmark Amendments, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Notes as Tier 2 capital or eligible liabilities for the purposes of Article 45 of the BRRD, in each case of the Issuer or the Group, as applicable.

(iv) *Benchmark Calculation Agent and any Independent Adviser*

In the event the Benchmark Calculation Agent determines it appropriate, in its sole discretion, to consult with an Independent Adviser in connection with any determination to be made by the Benchmark Calculation Agent pursuant to this Condition 4(d), the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this Condition 4(d) shall act in good faith but shall have no relationship of agency or trust with the Noteholders and (in the absence of fraud) shall have no liability whatsoever to the Benchmark Calculation Agent or the Noteholders or the Couponholders for any determination made by it or for any advice given to the Benchmark Calculation Agent in connection with any determination made by the Benchmark Calculation Agent pursuant to this Condition 4(d) or otherwise in connection with the Notes.

If the Benchmark Calculation Agent consults with an Independent Adviser as to the occurrence of any Benchmark Event and/or whether there is a Successor Rate or an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud) the Benchmark Calculation Agent shall have no liability whatsoever to any Noteholders or Couponholders in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination or otherwise in connection with the Notes.

(v) *Notice*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4(d) will be notified promptly by the Issuer to the Paying Agents and, in accordance with Condition 13, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(vi) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Benchmark Calculation Agent and the Issuer under this Condition 4(d), the Original Reference Rate and the fallback provisions provided for in Conditions 4(b) and 4(c)(ii)(B) and the applicable Final Terms, as the case may be, will continue to apply unless and until the Benchmark Calculation Agent has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 4(d).

(vii) *Definitions*

TERMS AND CONDITIONS OF THE NOTES

In this Condition 4(d), the following expressions shall have the following meanings:

Adjustment Spread means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (B) in the case of a Successor Rate if no such spread, formula or methodology is formally recommended or provided as an option by any Relevant Nominating Body or in the case of an Alternative Rate, is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate,

or if no such recommendation or option has been made (or made available), or the Benchmark Calculation Agent, acting in good faith and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines there is no such spread, formula or methodology in customary market usage, the spread, formula or methodology which the Benchmark Calculation Agent, following consultation with an Independent Adviser, and acting in good faith and a commercially reasonable manner, determines in its sole discretion:

- (A) is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (B) if the Benchmark Calculation Agent so determines that no such industry standard is recognised or acknowledged, is appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders, as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be),

and in either such case, which the Benchmark Calculation Agent, following consultation with an Independent Adviser and acting in good faith and in a commercially reasonable manner, determines is required to be so applied;

Alternative Rate means an alternative benchmark or screen rate which the Benchmark Calculation Agent determines in accordance with this Condition 4(d) is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period or reset period, as applicable, and in the same Specified Currency as the Notes;

Benchmark Event means:

- (A) the Original Reference Rate ceasing to be published for at least five business days or ceasing to exist;
- (B) the later of (a) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original

Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (b) the date falling six months prior to such specified date;

- (C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued, is prohibited from being used or is no longer representative or will no longer be representative, or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; or
- (D) it has or will prior to the next Interest Determination Date or Reset Determination Date, as applicable, become unlawful for the Calculation Agent, any Paying Agent or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate (including, without limitation, under Regulation (EU) No. 2016/1011 (the **Benchmarks Regulation**), if applicable).

(e) **Accrual of interest**

Each Note will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Notes has been received by the Principal Paying Agent or the relevant Registrar, as the case may be, and notice to that effect has been given to the Noteholders in accordance with Condition 13.

5. **PAYMENTS**

(a) **Method of payment**

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (ii) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in any jurisdiction, but without prejudice to the provisions of Condition 7, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto.

(b) **Presentation of definitive Bearer Notes and Coupons**

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which

TERMS AND CONDITIONS OF THE NOTES

expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or to such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Fixed Reset Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) **Payments in respect of Bearer Global Notes**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes or otherwise in the manner specified in the relevant Global Note, where applicable, against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

(d) **Payments in respect of Registered Notes**

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the relevant Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the relevant Registrar (the **Register**) at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency

other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the relevant Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the relevant Registrar not less than three business days in the city where the specified office of the relevant Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the relevant Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the relevant Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the U.S. Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars unless the participant in DTC with an interest in the Notes has elected to receive any part of such payment in that Specified Currency, in the manner specified in the Agency Agreement and in accordance with the rules and procedures for the time being of DTC.

Neither the Issuer nor any Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) **General provisions applicable to payments**

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer in respect of any payments due in respect of such Global Note.

TERMS AND CONDITIONS OF THE NOTES

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(f) **Payment Day**

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation (if presentation is required); and

- (ii) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open;
- (iii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open; and
- (iv) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

(g) **Interpretation of principal and interest**

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

(h) RMB Currency Event

If “RMB Currency Event” is specified in the applicable Final Terms and a RMB Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer’s obligation to make a payment in RMB under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency converted using the Spot Rate for the relevant Determination Date.

Upon the occurrence of a RMB Currency Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition and unless stated otherwise in the Final Terms:

Determination Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Madrid, Hong Kong, London and New York City;

RMB Inconvertibility means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes into RMB on any payment date at the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series

and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

RMB Non-Transferability means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

6. REDEMPTION AND PURCHASE

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts, as provided or referred to in Condition 7; or
- (ii) the Issuer would not be entitled to claim a deduction in computing taxation liabilities in Spain in respect of any payment of interest to be made on the Notes on the occasion of the next payment due under the Notes or the value of such deduction to the Issuer would be reduced; or
- (iii) the applicable tax treatment of the Notes would be materially affected,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which (A) the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due, (B) the Issuer would not be entitled to claim such deduction or the amount of such deduction would be reduced or (C) such tax treatment on the Notes would be affected.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(g) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, subject to such redemption being in compliance with Applicable Banking Regulations then in force, and subject to the prior consent of the Regulator if required pursuant to such regulations, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date.

(d) Redemption at the option of the Issuer (Eligible Liabilities Event)

If, on or after the Issue Date, and other than in the case of Senior Preferred Notes where Eligible Liabilities Event has been specified as not applicable in the applicable Final Terms, an Eligible Liabilities Event occurs, the Notes may be redeemed at the option of the Issuer in whole, but not in part, subject to such redemption being in compliance with Applicable Banking Regulations then in force, and subject to the prior consent of the Regulator if required pursuant to such regulations, at any time, on giving not less than 30 nor more than 90 days' notice to the Principal Paying Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption).

Notes redeemed pursuant to this Condition 6(d) will be redeemed at their Early Redemption Amount referred to in paragraph (g) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

 - (B) in the case of Senior Preferred Notes where Additional Events of Default has been specified as not applicable in the applicable Final Terms, the relevant Notes not meeting the eligibility criteria for their inclusion in the Eligible Liabilities Amount, except for any requirement in relation to the ranking of such Senior Preferred Notes upon the insolvency (*concurso de acreedores*) of the Issuer and subject to any limitation on the amount of such Notes that may be eligible for inclusion in the Eligible Liabilities Amount, in each case under the Applicable Banking Regulations (or any other regulations applicable in Spain from time to time) effective on the Issue Date; or
- (ii) in the case of Senior Preferred Notes where Additional Events of Default has been specified as applicable in the applicable Final Terms, a change (or any pending change which the Regulator considers sufficiently certain) in Spanish law or Applicable Banking Regulations or in any official application or interpretation thereof after CRR II has come into force, that results (or is likely to result) in the relevant Notes not meeting the eligibility criteria for their inclusion in the Eligible Liabilities Amount, except for any requirement in relation to the ranking of such Senior Preferred Notes upon the insolvency (*concurso de acreedores*) of the Issuer and subject to any limitation on the amount of such notes that may be eligible for inclusion in the Eligible Liabilities Amount, in each case under the Applicable Banking Regulations (or any other regulations applicable in Spain from time to time) effective on the Issue Date;

provided that an Eligible Liabilities Event shall not occur where such ineligibility for inclusion of such Notes in the Eligible Liabilities Amount is due to the remaining maturity of those Notes being less than any period prescribed by any applicable eligibility criteria under the Applicable Banking Regulations (or any other regulations applicable in Spain from time to time) effective on (1) the Issue

Date, in the case of (i) above and (2) the date on which CRR II comes into force in Spain, in the case of (ii) above;

If, on or after the Issue Date and in the case of Tier 2 Subordinated Notes only, a Capital Event occurs, the Tier 2 Subordinated Notes may be redeemed at the option of the Issuer in whole, but not in part, subject to such redemption being in compliance with Applicable Banking Regulations then in force, and subject to the prior consent of the Regulator if required pursuant to such regulations, at any time, on giving not less than 30 nor more than 90 days' notice to the Principal Paying Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption).

Tier 2 Subordinated Notes redeemed pursuant to this Condition 6(e) will be redeemed at their Early Redemption Amount referred to in paragraph (g) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Capital Event means a change (or any pending change which the Regulator considers sufficiently certain) in Spanish law or Applicable Banking Regulations that results (or is likely to result) in any of the outstanding aggregate nominal amount of the relevant Tier 2 Subordinated Notes ceasing to be included in, or counting towards, the Group's or the Issuer's Tier 2 Capital.

(f) Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem, in whole or in part, such Note on the Optional Redemption Date and at the relevant Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. No such redemption option will be applicable to any Tier 2 Subordinated Notes, except as permitted under Applicable Banking Regulations.

To exercise the right to require redemption of any Note the holder of such Note must if such Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg deliver at the specified office of any Paying Agent (in the case of Bearer Notes) or the relevant Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the relevant Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the relevant Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed. If a Note is in definitive bearer form, the Put Notice must be accompanied by such Note or evidence satisfactory to the Paying Agent concerned that such Note will, following delivery of the Put Notice, be held to its order or under its control. TERMS AND CONDITIONS OF THE NOTES

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg and/or DTC given by a holder of any Note pursuant to this Condition 6(f) shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6(f) and instead to declare such Note forthwith due and payable pursuant to Condition 9.

In the event of any redemption of some only of the Notes pursuant to Conditions 6(b) or 6(c) above, such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of any partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or DTC, in the case of Redeemed Notes represented by a Global Note, in accordance with applicable law, not more than 30 days prior to the date fixed for redemption (or such lesser period specified in the applicable Final Terms) (such date of selection being hereinafter called the Selection Date). (i) **Purchases**

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise (subject to such purchase being in compliance with Applicable Banking Regulations then in force, and subject to the prior consent of the Regulator if required pursuant to such regulations). Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent and/or the Registrar for cancellation (subject to such holding, reissue, resale or cancellation being in compliance with Applicable Banking Regulations).

(j) **Cancellation**

All Notes which are redeemed and all Notes purchased by the Issuer pursuant to Condition 6(i) above that are to be cancelled will be forwarded to the Principal Paying Agent for cancellation (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption) and forthwith cancelled by the Principal Paying Agent. Notes which are cancelled in accordance with this Condition 6(j) cannot be reissued or resold.

(k) **Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b) or (c) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (g)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent or the relevant Registrar and notice to that effect has been given to the Noteholders in accordance with Condition 13.

7. **TAXATION**

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature unless such withholding or deduction is required by law. In the event that any withholding or deduction is imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision or authority thereof or therein having the power to tax (**Spain**) in respect of payments of interest only, in the case of Tier 2 Subordinated Notes, and principal and interest, in the case of all other Notes, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of interest only, in the case of Tier 2 Subordinated Notes, and principal and interest, in the case of all other Notes, which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with Spain other than the mere holding of such Note or Coupon; or

- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such 30th day assuming that day to have been a Payment Day (as defined in Condition 5(f)); or
- (c) presented for payment by or on behalf of a holder who would not be liable or subject to the withholding or deduction by making a declaration concerning the nationality, residence or identity of the holder (or providing information, documentation or other evidence of the same) or other similar claim for exemption to the relevant tax authority or to (or on behalf of) the Issuer, where such declaration or claim is required or imposed by the Spanish Tax Authorities; or
- (d) to or to a third party on behalf of a holder if the Issuer does not receive any relevant information as may be required by Spanish tax law, regulation or binding ruling, including a duly executed and completed certificate from the Paying Agent issued in accordance with Royal Decree 1065/2007 of 27th July; or
- (e) in case of Notes where such withholding tax is imposed on payments made to individuals with tax residence in Spain following the criteria held by the Spanish Tax Authorities in relation to Article 44.5 of Royal Decree 1065/2007 of 27th July, as amended by Royal Decree 1145/2011 of 29th July.

Notwithstanding any other provision of these Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Notes, Receipts and Coupons for, or on account of, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

In these Conditions, the **Relevant Date**, in respect of any payment, means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the relevant Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

*See “Taxation” for a fuller description of certain tax considerations relating to the Notes, the formalities which must be followed in order to claim exemption from withholding tax and for a description of certain disclosure requirements imposed on the Issuer. **Holders should note that if certain required information is not supplied in a timely fashion, they will not receive the full amount of interest due but may be entitled to obtain a refund of amounts withheld. See “Taxation”.***

8. PRESCRIPTION

In the case of Notes governed by English law, claims for payment in respect of Notes (whether in bearer or registered form) and Coupons will become void unless made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefore. In the case of Notes governed by Spanish law, claims for payment in respect of Notes (whether in bearer or registered form) will become void unless made within a period of three years after the Relevant Date (as defined in Condition 7) therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. EVENTS OF DEFAULT

(a) Events of Default

If an order is made by any competent court commencing insolvency proceedings (*procedimiento concursal*) against the Issuer or an order is made or a resolution is passed for the dissolution or winding up of the Issuer (except (i) in any such case for the purpose of a reconstruction or a merger or amalgamation which has been approved by an Extraordinary Resolution or (ii) where the entity resulting from any such reconstruction or merger or amalgamation is a Financial Institution (*Entidad de Crédito* according to article 1 of Law 10/2014) and will have a rating for long-term senior or subordinated debt, as applicable, assigned by Standard & Poor's Rating Services or Moody's Investors Services equivalent to or higher than the rating for long-term senior or subordinated debt, respectively, of the Issuer immediately prior to such reconstruction or merger or amalgamation) (each an **Event of Default**), and such Event of Default is continuing, then the holder of any Note may declare such Note by written notice to the Issuer at the specified office of the Principal Paying Agent or the relevant Registrar, as the case may be, effective upon receipt thereof by the Principal Paying Agent or the relevant Registrar, as the case may be, to be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Redemption Amount (as described in Condition 6(g)), together with accrued interest (if any) to the date of repayment.

(b) Additional Events of Default

This Condition 9(b) applies only to Senior Preferred Notes if specified as applicable in the applicable Final Terms and references to "Notes" shall be construed accordingly.

If any of the following events (together with the Events of Default referred to in Condition 9(a) above, each an **Event of Default**) shall have occurred and be continuing:

- (i) a default is made for more than 14 days in the payment of any principal due in respect of any of the Notes or 30 days or more in the payment of any interest due in respect of any of the Notes; or
- (ii) a default is made in the performance by the Issuer of any other obligation under the provisions of the Notes and such default continues for more than 60 days following service by a Noteholder on the Issuer of a notice requiring the same to be remedied; or
- (iii) the Issuer is adjudicated or found bankrupt or insolvent by any competent court, or any order of any competent court or administrative agency is made for, or any resolution is passed by the Issuer to apply for, judicial composition proceedings with its creditors or for the appointment of a receiver or trustee or other similar official in insolvency proceedings in relation to the Issuer or substantially all of its assets (unless in the case of an order for a temporary appointment, such appointment is discharged within 60 days); or
- (iv) the Issuer (except (A) for the purpose of an amalgamation, merger or reconstruction (i) approved by an Extraordinary Resolution or (ii) where the entity resulting from any such reconstruction or merger or amalgamation will have a rating for long term senior debt assigned by Standard & Poor's Rating Services or Moody's Investor Services equivalent to or higher than the rating for long-term senior debt of the Issuer immediately prior to such reconstruction or merger or amalgamation, or (B) where the Issuer otherwise continues to carry on the relevant business whether directly or indirectly) ceases or threatens to cease to carry on the whole or substantially the whole of its business; or
- (v) an application is made for the appointment of an administrative or other receiver, manager, administrator or similar official in relation to the Issuer or in relation to the whole or substantially the whole of the undertaking or assets of the Issuer and is not discharged within 60 days,

then the holder of any Note may declare such Note by written notice to the Issuer at the specified office of the Principal Paying Agent or the relevant Registrar, as the case may be, effective upon the date of receipt thereof by the Principal Paying Agent or the relevant Registrar, as the case may be, (in the case of paragraph (iii), (iv) and (v) above, only if then permitted by applicable Spanish Law) to be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Redemption Amount (as described in Condition 6(g)), together with accrued interest (if any) to the date of repayment.

(c) **SDG Notes**

In the case of any Notes where the Notes are stated to be “Green”, “Social” or “Sustainability” Notes in “*Reasons for the Offer*” in Part B of the applicable Final Terms it is stated that the proceeds from the issue of the Notes are intended to be used for “green”, “social” or “sustainability” purposes as described in the “*Use of Proceeds*” section (the **SDG Notes Use of Proceeds Disclosure**) in the Offering Circular dated 10th July, 2020 (**SDG Notes**), no Event of Default shall occur or other claim against the Issuer or right of a holder of, or obligation or liability of the Issuer in respect of, such SDG Notes arise as a result of the net proceeds of such SDG Notes not being used, any report, assessment, opinion or certification not being obtained or published, or any other step or action not being taken, in each case as set out and described in the SDG Notes Use of Proceeds Disclosure.

For the purposes of this Condition 9:

The Insolvency Law provides, among other things: (i) that any claim not included in the company's accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency may not be recognised within the insolvency proceedings or may become subordinated, (ii) that provisions in certain contracts granting one party the right to terminate on the other's insolvency are void and (iii) for the further accrual of interest to be suspended from the date of declaration of the insolvency.

Noteholders may also not be able to exercise their rights on an event of default in the event of the adoption of any early intervention or resolution measure under Law 11/2015 and the SRM Regulation. See “Risk Factors – Risks related to Early Intervention and Resolution – Noteholders may not be able to exercise their rights on an Event of Default in the event of the adoption of any early intervention or resolution measure under Law 11/2015 and the SRM Regulation”.

10. **REPLACEMENT OF NOTES, COUPONS AND TALONS**

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes or Coupons) or the relevant Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

11. **AGENTS**

The names of the initial Agents and their initial specified offices are set out below. If any additional Agents are appointed in connection with any Series, the names of such Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (a) there will at all times be a Principal Paying Agent and a Registrar;

- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of such other stock exchange or other relevant authority; and
- (c) so long as any of the Registered Global Notes payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent with a specified office in New York City.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(e). Notice of any variation, termination, appointment or change in Agents will be given promptly by the Issuer to the Noteholders in accordance with Condition 13.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

12. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

13. NOTICES

All notices regarding the Bearer Notes will be deemed to be validly given if published in one leading English language daily newspaper of general circulation in London (which is expected to be the *Financial Times*). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or any other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a manner which complies with those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the Notes except that for so long as any Notes are listed on a stock exchange or admitted to listing by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a manner which complies with those rules. Any such notice shall be deemed to have been given to the holders of the Notes on

the third day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the relevant Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the relevant Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Paying Agent, the relevant Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose.

In any other case it shall be adjourned to the same day in the next week (or if that day is a public holiday the next following business day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it shall be adjourned for a period being not less than 14 clear days nor more than 42 clear days and at a place appointed by the Chairman and approved by the Principal Paying Agent). If within 15 minutes (or a longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the Chairman may either dissolve the meeting or adjourn it for a period, being not less than 14 clear days (but without any maximum number of clear days) and to a place as may be appointed by the Chairman (either at or after the adjourned meeting) and approved by the Principal Paying Agent, and the provisions of this sentence shall apply to all further adjourned meetings.

- (iii) Subject to Condition 14(b)(v), if at any meeting a poll is demanded it shall be taken in the manner and, subject as provided below, either at once or after an adjournment as the Chairman may direct and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. 18. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

In the case of Notes specified in the applicable Final Terms as being governed by English law, no rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

The governing law of the Notes will be specified in Part A of the applicable Final Terms.

(a) English Law

If English law is specified as the governing law of the Notes in the applicable Final Terms, the provisions of this Condition 19(a) shall apply to the Notes.

(i) Governing law:

The Notes (except for Conditions 3 (including the application of any Spanish Statutory Loss-Absorption Powers by the Relevant Spanish Resolution Authority) and 20), the Coupons and any non-contractual obligations arising out of or in connection with the Notes (except for Conditions 3 and 20), and the Coupons are governed by, and shall be construed in accordance with, English law. Conditions 3 and 20 (and any non-contractual obligations arising out of or in connection with either of them) are governed by, and shall be construed in accordance with, Spanish law in accordance with Condition 19(b) below. The Notes are issued in accordance with the formalities prescribed by Spanish company law.

(ii) Submission to jurisdiction:

- (A) Subject to Condition 19(a)(ii)(C) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (B) For the purposes of this Condition 19(a), each of the Issuer and any Noteholders or Couponholders in relation to any Dispute waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (C) This Condition 19(a)(ii) is for the benefit of the Noteholders and the Couponholders only. To the extent allowed by law, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.
- (D) Notwithstanding the above, the Spanish courts in the city of Madrid have exclusive jurisdiction to settle any dispute arising out of or in connection with the application of any Spanish Statutory Loss-Absorption Powers by the Relevant Spanish Resolution Authority (a **Bail-in Dispute**) and accordingly each of the Issuer and any Noteholders or Couponholders in relation to any Bail-in Dispute submits to the exclusive jurisdiction of the Spanish courts. Each of the Issuer and any Noteholders or Couponholders in relation to any Bail-in Dispute further waives any objection to the Spanish courts on the grounds that they are an inconvenient or inappropriate forum to settle any Bail-in Dispute.

(iii) Service of Process:

The Issuer agrees that process may be served on it in relation to any proceedings before the English courts in relation to any Dispute at Banco Bilbao Vizcaya Argentaria, S.A., London Branch being its registered office for the time being in England and agrees that, in the event of Banco Bilbao Vizcaya Argentaria, S.A., London Branch ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Dispute. Nothing herein shall affect the right to serve process in any other manner permitted by law.

(b) Spanish Law

If Spanish law is specified as the governing law of the Notes in the applicable Final Terms, the provisions of this Condition 19(b) shall apply to the Notes.

(i) Governing law:

The Notes, the Coupons and any non-contractual obligations arising out of or in connection with the Notes and the Coupons shall be governed by, and construed in accordance with, Spanish law.

(ii) Submission to jurisdiction:

The Issuer hereby irrevocably agrees for the benefit of the Holders that the courts of Spain in the city of Madrid are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes) and that accordingly any suit, action or proceedings arising out of or in connection with the Notes (together referred to as **Proceedings**) may be brought in such courts. The Issuer irrevocably waives any objection which it may have now or hereinafter to the laying of the venue of any Proceedings in the courts of Spain in the city of Madrid. To the extent permitted by law, nothing contained in this Condition 19(b) shall limit any right of any Noteholders or Couponholders (other than in relation to any Bail-in Dispute) to take Proceedings against the Issuer in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other competent jurisdictions, whether concurrently or not.

In addition, the Spanish courts in the city of Madrid have exclusive jurisdiction to settle any Bail-in Dispute and accordingly each of the Issuer and any Noteholders or Couponholders in relation to any Bail-in Dispute submits to the exclusive jurisdiction of the Spanish courts. Each of the Issuer and any Noteholders or Couponholders in relation to any Bail-in Dispute further waives any objection to the Spanish courts on the grounds that they are an inconvenient or inappropriate forum to settle any Bail-in Dispute.

20. RECOGNITION OF SPANISH STATUTORY LOSS-ABSORPTION POWERS

Notwithstanding any other term of the Notes or any other agreements, arrangements, or understandings between the Issuer and any Noteholder, by its acquisition of the Notes, each Noteholder (which, for the purposes of this Condition 20, includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents to and agrees to be bound by:

- (a) the exercise and effect of any Spanish Statutory Loss-Absorption Power by the Relevant Spanish Resolution Authority, which may be imposed with or without any prior notice with respect to the Notes, and which may include and result in any of the following, or some combination thereof:

TERMS AND CONDITIONS OF THE NOTES

- (A) the reduction or cancellation of all, or a portion, of the Amounts Due;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer, the Group or another person (and the issue to or conferral on the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes;
 - (C) the cancellation of the Notes; and
 - (D) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and

The exercise of any Spanish Statutory Loss-Absorption Power by the Relevant Spanish Resolution Authority pursuant to any relevant laws, regulations, rules or requirements in effect in Spain is not dependent on the application of this Condition 20.

In this Condition 20,

Amounts Due means the principal amount of or outstanding amount, together with any accrued but unpaid interest, due on the Notes. References to such amount will include amounts that have become due and payable, but which have not been paid, prior to the exercise of any Spanish Statutory Loss-Absorption Power by the Relevant Spanish Resolution Authority;

USE OF PROCEEDS

The net proceeds from each issue of Notes will be used for the Group's general corporate purposes, which include making a profit. In addition, where the Notes are stated to be "Green", "Social" or "Sustainability" Notes in "*Reasons for the Offer*" in Part B of the applicable Final Terms and it is stated that the proceeds from the issue of the Notes are intended to be used for "green", "social" or "sustainability" purposes as described in this "Use of Proceeds" section (**Green Notes**, **Social Notes** or **Sustainability Notes**, respectively, and, together, **SDG Notes**) the net proceeds from each such issue of SDG Notes will be used as so described. If specified otherwise in the applicable Final Terms, the net proceeds from the issue of the relevant Notes will be used as so specified.

For any SDG Notes, an amount equal to the net proceeds from each issue of SDG Notes will be separately identified and applied by the Issuer in financing or refinancing on a portfolio basis Green Projects and/or Social Projects (each as defined below and further described in the Issuer's SDGs Bond Framework) (together, the **Sustainability Projects**), including the financing of new or future Sustainability Projects, and the refinancing of existing and on-going Sustainability Projects where originally financed within three years of the issue of the relevant Notes, all in accordance with the SDGs Bond Framework. In the case of Green Notes, such financing or refinancing shall be of Green Projects, in the case of Social Notes, such financing or refinancing shall be of Social Projects and, in the case of Sustainability Notes, such financing or refinancing shall be of Green Projects and Social Projects.

The **ICMA Green Bond Principles**, at any time, are the Green Bond Principles published by the International Capital Markets Association at such time, which as of the date of this Offering Circular are the Green Bond Principles 2018 (<https://www.icmagroup.org/green-social-and-sustainability-bonds/green-bond-principles-gbp/>).

The **SDGs Bond Framework** means the Sustainable Development Goals (SDGs) Bond Framework (April 2018) of the Bank published on its website (<https://shareholdersandinvestors.bbva.com>), including as amended, supplemented, restated or otherwise updated on such website from time to time.

The proceeds of any SDG Notes will not be used to finance nuclear power generation, large scale (above 20 megawatt) dam, defence, mining, carbon related or oil and gas activities.

Pending the application of any net proceeds of SDG Notes in financing or refinancing the relevant Sustainability Projects, such proceeds will be applied by the Issuer on the same basis as for the management

TERMS AND CONDITIONS OF THE NOTES

of its liquidity portfolio. The Issuer will endeavour to apply a percentage of the net proceeds of any SDG Notes in financing Sustainability Projects originated in the year of issue of such SDG Notes. In the event that any Sustainability Project to which the net proceeds of any SDG Notes are allocated, ceases or will cease to comply with the relevant categories for such Sustainability Project to constitute a Green Project or a Social Project, as the case may be, the Issuer will substitute that Sustainability Project within the relevant portfolio for a compliant Sustainability Project.

Within 12 months of the issue date of each Series of SDG Notes and for each year until the maturity or early redemption of those SDG Notes, the Issuer will publish a report on its website (<https://shareholdersandinvestors.bbva.com>) in respect of that Series of SDG Notes as described in the SDGs Bond Framework.

The Issuer has obtained an independent verification assessment from DNV GL Business Assurance Services Limited in respect of the SDGs Bond Framework. This independent verification assessment is published on the Issuer's website (<https://shareholdersandinvestors.bbva.com>).

The Issuer further intends to obtain an independent verification assessment from an external verifier for each benchmark Series of SDG Notes it issues and will publish that verification assessment on its website (<https://shareholdersandinvestors.bbva.com>).

In addition, the Issuer may request, on an annual basis starting one year after the issue of each Series of SDG Notes and until maturity (or until redemption in full), a limited assurance report of the allocation of the net proceeds of those SDG Notes to Green Projects and/or Social Projects, as the case may be, which may be provided by its external auditor or another suitably qualified provider and published on its website (<https://shareholdersandinvestors.bbva.com>).

Neither the SDGs Bond Framework, nor any of the above reports, verification assessments or contents of any of the above websites are incorporated in or form part of this Offering Circular.

Standards and interpretations that became effective in 2019 – IFRS 16

On 1st January, 2019, IFRS 16 replaced IAS 17 "Leases" for financial statements and introduced changes in the lessee accounting model. The new standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases. The standard provides two exceptions that can be applied in the case of short-term contracts and those in which the underlying assets have low value. BBVA has elected to apply both exceptions.

At the transition date, the Group decided to apply the modified retrospective approach and as of 1st January, 2019, the impact in terms of capital (CET1) of the Group amounted to -11 basis points.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

The annual improvements to the IFRSs 2015-2017 cycle includes minor changes and clarifications to IFRS 3 – “Business Combinations”, IFRS 11 – “Joint Arrangements”, IAS 12 – “Income Taxes” and IAS 23 – “Borrowing Costs”. The implementation of these standards as of 1st January, 2019 has not had a significant impact on the Group’s consolidated financial statements.

Additionally, this project has introduced an amendment to IAS 12 that became effective on 1st January, 2019 and meant that the tax impact of the distribution of generated benefits must be recorded in the “Tax expense or income related to profit or loss from continuing operations” line of the consolidated income statement for the year. The amount derived from this amendment to IAS 12 resulted in a credit of €91 million in the consolidated income statement for the year 2019.

Operating Segments

During 2019, BBVA Group changed the reporting structure of its operating segments as a result of the integration of the Non-Core Real Estate business area into Banking Activity in Spain, which was renamed “Spain”. Additionally, certain balance sheet intra-group adjustments between the Corporate Center and the operating segments were reallocated to the corresponding operating segments. In addition, certain expenses related to global projects and activities have been reallocated between the Corporate Center and the corresponding operating segments. In order to make the information as of and for the years ended 31st December, 2018 and 2017 comparable with the information as of and for the year ended 31st December, 2019, as required by IFRS 8 “Information by business segments”, the figures as of and for the years ended 31st December, 2018 and 2017 were recast in conformity with the new segment reporting structure.

Set forth below are the Group’s current six operating segments:

- Spain;
- United States;
- Mexico;
- Turkey;
- South America; and
- Rest of Eurasia.

In addition to the operating segments referred to above, the Group has a Corporate Center which includes those items that have not been allocated to an operating segment. It includes the Group’s general management functions, including costs from central units that have a strictly corporate function; management of structural exchange rate positions carried out by the Financial Planning unit; specific issues of capital instruments to ensure adequate management of the Group’s overall capital position; certain proprietary portfolios; certain tax assets and liabilities; certain provisions related to commitments with employees; and goodwill and other intangibles. BBVA’s 20 per cent. stake in Divarian is also included in this unit.

The calculation for constant currency amounts and percentages has been performed by applying current period exchange rates to the prior periods as stated and published in the management report included in the Universal Registration Document.

The breakdown of the Group’s total assets by each of BBVA’s operating segments and the Corporate Center as of 31st March 2020, and 31st December, 2019, 2018 and 2017 is as follows:

Spain

The Spain operating segment includes all of BBVA's banking and non-banking businesses in Spain, other than those included in the Corporate Center. The primary business units included in this operating segment are:

- **Spanish Retail Network:** including individual customers, private banking, small companies and businesses in the domestic market;
- **Corporate and Business Banking:** which manages small and medium-sized enterprises (SMEs), companies and corporations, public institutions and developer segments;

- **Corporate and Investment Banking (C&IB):** responsible for business with large corporations and multinational groups and the trading floor and distribution business in Spain; and
- **Other units:** which includes the insurance business unit in Spain (BBVA Seguros), the Asset Management unit (which manages Spanish mutual funds and pension funds), lending to real estate developers and foreclosed real estate assets in Spain (including assets from the previous Non-Core Real Estate operating segment), as well as certain proprietary portfolios and certain funding and structural interest rate positions of the euro balance sheet which are not included in the Corporate Center.

Financial assets designated at fair value of this operating segment (which includes the following portfolios - “Financial assets held for trading”, “Non-trading financial assets mandatorily at fair value through profit or loss”, “Financial assets designated at fair value through profit or loss” and “Financial assets at fair value through other comprehensive income”) as of 31st December, 2019 amounted to €122,844 million, a 14.5 per cent. increase from the €107,320 million recorded as of 31st December, 2018, mainly as a result of the increase in volume of reverse repurchase agreements with credit institutions recorded under “Financial assets held for trading” and, to a lesser extent, an increase in derivatives recorded under “Financial assets held for trading”.

Financial assets at amortised cost of this operating segment as of 31st December, 2019 amounted to €195,269 million, a 0.1 per cent. decrease compared with the €195,467 million recorded as of 31st December, 2018. Within this heading, loans and advances to customers as of 31st December, 2019 amounted to €167,341 million, a 1.8 per cent. decrease from the €170,438 million recorded as of 31st December, 2018, mainly as a result of the decrease in residential mortgage loans, and to a lesser extent, the decrease in loans to the public sector. These decreases were partially offset by an increase in consumer loans.

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31st December, 2019 amounted to €78,684 million, a 10.8 per cent. increase compared with the €71,033 million recorded as of 31st December, 2018, mainly as a result of the increase in repurchase agreements with credit institutions.

Customer deposits at amortised cost of this operating segment as of 31st December, 2019 amounted to €182,370 million, a 0.6 per cent. decrease compared with the €183,414 million recorded as of 31st December, 2018, mainly as a result of the decrease in demand deposits due to decreases in interest rates.

Mutual funds of this operating segment as of 31st December, 2019 amounted to €41,390 million, a 5.5 per cent. increase compared with the €39,250 million recorded as of 31st December, 2018, mainly due to new contributions by customers.

Pension funds of this operating segment as of 31st December, 2019 amounted to €24,678 million, a 6.0 per cent. increase compared with the €23,274 million recorded as of 31st December, 2018, mainly due to new contributions by customers.

This operating segment’s non-performing loan ratio decreased to 4.4 per cent. as of 31st December, 2019, from 5.1 per cent. as of 31st December, 2018, mainly due to a 14.3 per cent. decrease in the balance of non-performing loans in the period (€8,635 million as of 31st December, 2019 and €10,073 million as of 31st December, 2018). This change was mainly explained by the sale of non-performing mortgage loans and write-offs in 2019. This operating segment’s non-performing loan coverage ratio increased to 60 per cent. as of 31st December, 2019, from 57 per cent. as of 31st December, 2018.

The most relevant aspects related to this operating segment’s activity during the first quarter of 2020 were that lending activity (performing loans under management) was 1.0 per cent. higher than at the end of 2019. The reduction in mortgage loans and credit cards was largely offset by higher balances in consumer (up 2.5 per cent.) and corporate banking (up 7.3 per cent.), where there was an increase in the availability of wholesale customer credit facilities toward the end of the quarter, triggered by the confinement decreed by the

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

Government of Spain in mid-March 2020 as a result of the COVID-19 pandemic. The balances in the retail business and SMEs remained stable.

In terms of asset quality, the non-performing loan ratio stood at 4.3 per cent. and the NPL coverage ratio at 66 per cent.

Total customer funds decreased by 1.4 per cent. from the end of 2019, resulting from two opposing trends: while customer deposits under management increased by 2.2 per cent., off-balance sheet funds recorded a negative trend (down 11.4 per cent.) due to negative behaviour of the markets.

The United States

This operating segment encompasses the Group's business in the United States. BBVA USA accounted for 89.7 per cent. of the operating segment's balance sheet as of 31st December, 2019. Given its size in this segment, most of the comments below refer to BBVA USA. This operating segment also includes the assets and liabilities of the BBVA branch in New York, which specialises in transactions with large corporations.

The U.S. dollar appreciated 1.9 per cent. against the euro as of 31st December, 2019 compared with 31st December, 2018, positively affecting the business activity of the United States operating segment as of 31st December, 2019 expressed in euro.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: "Financial assets held for trading", "Non-trading financial assets mandatorily at fair value through profit or loss", "Financial assets designated at fair value through profit or loss" and "Financial assets at fair value through other comprehensive income") as of 31st December, 2019 amounted to €7,659 million, a 26.9 per cent. decrease from the €10,481 million recorded as of 31st December, 2018, mainly due to a decrease in the volume of U.S. Treasury and other U.S. government securities and in mortgage-backed securities due to the lower interest rates offered by such securities.

Financial assets at amortised cost of this operating segment as of 31st December, 2019 amounted to €69,510 million, a 9.4 per cent. increase compared with the €63,539 million recorded as of 31st December, 2018. Within this heading, loans and advances to customers of this operating segment as of 31st December, 2019 amounted to €63,162 million, a 3.9 per cent. increase compared with the €60,808 million recorded as of 31st December, 2018, mainly due to an increase in loans to non-financial entities.

Customer deposits at amortised cost of this operating segment as of 31st December, 2019 amounted to €67,525 million, a 5.7 per cent. increase compared with the €63,891 million recorded as of 31st December, 2019, mainly due to an increase in demand deposits, partially offset by a decrease in time deposits due to the lower interest rates offered to customers.

The non-performing loan ratio of this operating segment as of 31st December, 2019 decreased to 1.1 per cent. from 1.3 per cent. as of 31st December, 2018, mainly due to the decrease in the non-performing loan portfolio. This operating segment's non-performing loan coverage ratio increased to 101 per cent. as of 31st December, 2019, from 85 per cent. as of 31st December, 2018 as a result of higher loss allowances and the decrease in non-performing loans, in particular, in the commercial, financial and agricultural portfolios.

The most relevant aspects related to this operating segment's activity during the first quarter of 2020 were that lending activity for the area (performing loans under management) increased both in the quarter and over the same period in the previous year (up 8.1 per cent. and up 10.8 per cent., respectively), mainly due to the dynamism of the commercial portfolio and corporate banking, where an increase in the drawing down of credit facilities has been observed toward the end of the first quarter. The rest of the retail portfolio remained virtually unchanged over the quarter (down 0.3 per cent.), with increases in the consumer and credit card portfolios.

In terms of the risk indicators, the NPL ratio remained virtually unchanged over the quarter and closed at 1.0 per cent. as of March 31st, 2020. The NPL coverage ratio improved to 142 per cent.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

Customer deposits under management increased by 2.4 per cent in the quarter, explained by an increase in demand deposits (up 5.5 per cent.), which offset the decrease in time deposits (down 9.0 per cent.).

Mexico

The Mexico operating segment comprises the banking and insurance businesses conducted in Mexico by BBVA Mexico. Since 2018, it also includes BBVA Mexico's branch in Houston (which was part of the Group's United States segment in previous years).

The Mexican peso appreciated 6.0 per cent. against the euro as of 31st December, 2019 compared with 31st December, 2018, positively affecting the business activity of the Mexico operating segment as of 31st December, 2019 expressed in euro.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: "Financial assets held for trading", "Non-trading financial assets mandatorily at fair value through profit or loss", "Financial assets designated at fair value through profit or loss" and "Financial assets at fair value through other comprehensive income") as of 31st December, 2019 amounted to €31,402 million, a 20.7 per cent. increase from the €26,022 million recorded as of 31st December, 2018, mainly as a result of the increase in the volume of reverse repurchase agreements with financial institutions within the trading portfolio, the increase in debt securities recorded under "Financial assets held for trading", the transfer of certain loans from the amortized cost portfolio and the appreciation of the Mexican peso against the euro.

Financial assets at amortized cost of this operating segment as of 31st December, 2019 amounted to €66,180 million, a 14.7 per cent. increase compared with the €57,709 million recorded as of 31st December, 2018. Within this heading, loans and advances to customers of this operating segment as of 31st December, 2019 amounted to €58,081 million, a 13.7 per cent. increase compared with the €51,101 million recorded as of 31st December, 2018, mainly due to the increase in the volume of wholesale loans and loans to non-financial entities and households and the appreciation of the Mexican peso against the euro, partially offset by the transfer of certain loans to the trading portfolio.

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31st December, 2019 amounted to €21,784 million, a 20.8 per cent. increase compared with the €18,028 million recorded as of 31st December, 2018, mainly as a result of increase in the volume of repurchase agreements and, to a lesser extent, the appreciation of the Mexican peso against the euro.

Customer deposits at amortised cost of this operating segment as of 31st December, 2019 amounted to €55,934 million, a 10.7 per cent. increase compared with the €50,530 million recorded as of 31st December, 2018, primarily due to the increase in demand deposits for households and, to a lesser extent, the increase in wholesale deposits, the latter being positively affected by the appreciation of the Mexican peso against the euro.

Mutual funds of this operating segment as of 31st December, 2019 amounted to €21,929 million, a 23.7 per cent. increase compared with the €17,733 million recorded as of 31st December, 2018 primarily due to the promotion of a wide range of investment products and the appreciation of the Mexican peso against the euro.

This operating segment's non-performing loan ratio increased to 2.4 per cent. as of 31st December, 2019 from 2.1 per cent. as of 31st December, 2018, mainly due to the operation of the contagion rules for retail exposures ('pulling effect'), as well as to the change in the accounting criteria for the recognition of non-performing loans (from three past-due instalments to 90 days past-due). This operating segment's non-performing loan coverage ratio decreased to 136 per cent. as of 31st December, 2019 from 154 per cent. as of 31st December, 2018.

The most important developments in relation to activity in this operating segment during the first three months of 2020 were that lending activity (performing loans under management) grew 7.7 per cent. in the quarter, supported by the performance of the wholesale portfolio and without any significant impacts from the COVID-19 pandemic having yet materialised.

The wholesale portfolio increased 15.2 per cent., mainly driven by the depreciation of the Mexican peso against the US dollar, which especially benefited the corporate portfolio due to its higher percentage of US dollar-denominated loans and therefore increased by 16.9 per cent. in the quarter. The retail portfolio remained flat during the first three months of 2020 (up 0.2 per cent.), thanks to the stability in consumer loans (payroll and auto loans, mainly) and mortgages that grew 1.0 per cent. and 1.3 per cent., respectively, compared to December 2019.

The asset quality indicators improved compared to December 2019. As a result, the NPL ratio stood at 2.3 per cent. and the coverage ratio at 155 per cent.

Total customer funds (customer deposits under management, mutual funds and other off-balance sheet funds) grew by 7.5 per cent. in the quarter. The increase is explained by a rise in both demand deposits and time deposits (up 9.1 per cent.), partly benefiting from the depreciation of the Mexican peso, as well as the positive trend in mutual funds (up 4.3 per cent.).

Turkey

This operating segment comprises the activities conducted by Garanti as an integrated financial services group operating in every segment of the banking sector, including corporate, commercial, SME, payment systems, retail, private and investment banking, together with its subsidiaries in pension and life insurance, leasing, factoring, brokerage and asset management, as well as its international subsidiaries in the Netherlands and Romania.

The Turkish lira depreciated 9.4 per cent. against the euro as of 31st December, 2019 compared to 31st December, 2018, negatively affecting the business activity of the Turkey operating segment as of 31st December, 2019 expressed in euros.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: “Financial assets held for trading”, “Non-trading financial assets mandatorily at fair value through profit or loss”, “Financial assets designated at fair value through profit or loss” and “Financial assets at fair value through other comprehensive income”) as of 31st December, 2019 amounted to €5,268 million, a 4.3 per cent. decrease from the €5,506 million recorded as of 31st December, 2018, mainly as a result of the depreciation of the Turkish lira. At constant exchange rates, there was an increase in debt securities denominated in euros with central governments.

Financial assets at amortised cost of this operating segment as of 31st December, 2019 amounted to €51,285 million, a 1.9 per cent. increase compared with the €50,315 million recorded as of 31st December, 2018. Within this heading, loans and advances to customers of this operating segment as of 31st December, 2019 amounted to €40,500 million, a 2.4 per cent. decrease compared with the €41,478 million recorded as of 31st December, 2018, mainly due to the depreciation of the Turkish lira, partially offset by the increase in the volume of Turkish-lira denominated loans, in particular commercial loans supported by the Credit Guarantee Fund, consumer loans and credit card cards.

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31st December, 2019 amounted to €2,184 million, a 17.9 per cent. increase compared with the €1,852 million recorded as of 31st December, 2018, mainly as a result of the debt securities within the trading portfolio, which more than offset the effect of the depreciation of the Turkish lira.

Customer deposits at amortised cost of this operating segment as of 31st December, 2019 amounted to €41,335 million, a 3.6 per cent. increase compared with the €39,905 million recorded as of 31st December, 2018, mainly due to the increase in demand deposits in both Turkish lira and foreign currencies, partially offset by the depreciation of the Turkish lira.

Mutual funds in this operating segment as of 31st December, 2019 amounted to €1,460 million, a 118.2 per cent. increase compared with the €669 million recorded as of 31st December, 2018, due to the growth in money market related funds, which more than offset the effect of the depreciation of the Turkish lira.

Pension funds in this operating segment as of 31st December, 2019 amounted to €2,446 million, a 10.0 per cent. increase compared with the €2,225 million recorded as of 31st December, 2018, mainly due to the favourable market dynamics, where the rapid decrease in interest rates has forced returns from funds to be higher than those from deposits, partially offset by the depreciation of the Turkish lira.

The non-performing loan ratio of this operating segment as of 31st December, 2019 increased to 7.0 per cent. compared with 5.3 per cent. as of 31st December, 2018 mainly as a result of an increase in non-performing loans. This operating segment's non-performing loan coverage ratio decreased to 75 per cent. as of 31st December, 2019, from 81 per cent. as of 31st December, 2018, mainly due to the increase in the balance of non-performing loans as of 31st December, 2019, compared with the balance recorded as of 31st December, 2018.

The most relevant aspects related to this operating segment's activity during the first quarter of 2020 were that lending activity (performing loans under management) increased by 7.3 per cent. year-to-date mainly driven by a growth in Turkish lira loans (up 4.7 per cent.) which was supported by a lower interest rate environment and pent up demand from both commercial and retail customers after the contraction in 2019. Foreign-currency loans (in U.S. dollars) also showed a positive trend during the first quarter 2020 and increased by 2.2 per cent.

By segments, Turkish-lira commercial loans continued to grow in the quarter thanks to declining interest rates, although a reduction in activity was noted by the end of the quarter. In addition, consumer loans increased significantly, mainly driven by the increase in general purpose loans.

In terms of asset quality, the NPL ratio improved to 6.7 per cent. from 7.0 per cent. as of 31st December, 2019 due to less NPL entries in the quarter supported by the good performance of the recoveries. The NPL coverage ratio stood at 86 per cent. as of 31st March, 2020.

Customer deposits (65 per cent. of total liabilities in the area as of 31st March, 2020) remained the main source of funding for the balance sheet and increased by 7.1 per cent. in the quarter. It is worth mentioning the good performance of demand deposits, whose share in total customer deposits is 42.1 per cent., which increased by 18.3 per cent. as of 31st March, 2020.

The South America operating segment includes the Group's banking and insurance businesses in the region.

The main business units included in the South America operating segment are:

- Retail and Corporate Banking: includes banks in Argentina, Colombia, Paraguay, Peru, Uruguay and Venezuela.
- Insurance: includes insurance businesses in Argentina, Colombia and Venezuela.

As of 31st December, 2019, the Argentine peso depreciated 35.7 per cent. against the euro compared to 31st December, 2018, while the Colombian peso and the Peruvian sol appreciated against the euro, compared to 31st December, 2018, by 1.7 per cent. and 3.8 per cent., respectively. Overall, changes in exchange rates have negatively affected the business activity of the South America operating segment as of 31st December, 2019 expressed in euros. As of and for the years ended 31st December, 2019 and 2018, the Argentine and Venezuelan economies were considered to be hyperinflationary as defined by IAS 29.

Financial assets designated at fair value for this operating segment (which includes the following portfolios: "Financial assets held for trading", "Non-trading financial assets mandatorily at fair value through profit or loss", "Financial assets designated at fair value through profit or loss" and "Financial assets at fair value through other comprehensive income") as of 31st December, 2019 amounted to €6,120 million, a 8.6 per cent. increase compared with the €5,634 million recorded as of 31st December, 2018, mainly due to the increase in

debt securities issued by central banks and the central governments in Argentina and Peru, partially offset by the depreciation of the Argentine peso against the euro.

Financial assets at amortised cost of this operating segment as of 31st December, 2019 amounted to €37,869 million, a 3.3 per cent. increase compared with the €36,649 million recorded as of 31st December, 2018. Within this heading, loans and advances to customers of this operating segment as of 31st December, 2019 amounted to €35,701 million, a 3.6 per cent. increase compared with the €34,469 million recorded as of 31st December, 2018, mainly as a result of increase in consumer, mortgage and credit cards loans in Colombia and Peru, partially offset by the depreciation of the Argentine peso.

Customer deposits at amortised cost of this operating segment as of 31st December, 2019 amounted to €36,104 million, a 0.7 per cent. increase, compared with the €35,842 million recorded as of 31st December, 2018 mainly as a result of the depreciation of the Argentine peso.

Mutual funds in this operating segment as of 31st December, 2019 amounted to €3,860 million, a 3.2 per cent. increase compared with the €3,741 million recorded as of 31st December, 2018, mainly due to favourable market dynamics, which positively affected the performance of institutional banking and C&IB, especially in Colombia and Peru, partially offset by the depreciation of the Argentinian peso against the euro.

Pension funds in this operating segment as of 31st December, 2019 amounted to €9,005 million, a 13.7 per cent. increase compared with the €7,921 million recorded as of 31st December, 2018, mainly as a result of an increase in pension funds in Bolivia, where contributions to pension funds are mandatory.

The non-performing loan ratio of this operating segment as of 31st December, 2019 increased to 4.4 per cent. compared with 4.3 per cent. as of 31st December, 2018. This operating segment's non-performing loan coverage ratio increased to 100 per cent. as of 31st December, 2019, from 97 per cent. as of 31st December, 2018, mainly due to a 9.3 per cent. increase in the balance of provisions in Peru and Argentina as of 31st December, 2019, compared with the balance recorded as of 31st December, 2018.

The most relevant aspects related to this operating segment's activity in the first quarter of 2020 were that lending activity (performing loans under management) was higher than at the end of 2019, up 4.3 per cent. The performance of the wholesale portfolio is noteworthy, due to greater drawdowns of credit facilities by companies in response to the situation generated by the COVID-19 pandemic. With regard to asset quality, the NPL ratio remained at 4.4 per cent., the same level seen at the end of 2019, and the NPL coverage ratio has increased to 104 per cent.

On the funding side, customer deposits under management increased by 8.1 per cent. in the year, mainly due to the growth of demand deposits and, to a lesser extent, time deposits. Off-balance sheet funds grew by 1.0 per cent. in the same period.

All members of the Board of Directors are elected to serve three-year terms. BBVA's Board of Directors Regulations state that the Board of Directors must try to ensure that there is an ample majority of non-executive directors over the number of executive directors on the Board of Directors.

BBVA's corporate governance system is based on the distribution of functions between the Board of Directors, the Executive Committee (*Comisión Delegada Permanente*) and other specialised Board Committees, namely: the Audit Committee; the Appointments and Corporate Governance Committee; the Remunerations Committee; the Risk and Compliance Committee; and the Technology and Cybersecurity Committee. BBVA's Board of Directors is assisted in fulfilling its responsibilities by the Executive Committee. The Executive Committee will deal with those matters that the Board of Directors agrees to delegate to it, in accordance with the law, the Bylaws, the Board of Directors' Regulations or its own Regulations approved by the Board of Directors.

Legal Proceedings

Spanish judicial authorities are investigating the activities of Centro Exclusivo de Negocios y Transacciones, S.L. (**Cenyt**). Such investigation includes the provision of services by Cenyt to BBVA. On 29th July, 2019, BBVA was named as an investigated party (*investigado*) in a criminal judicial investigation (Preliminary Proceeding No. 96/2017 – Piece No. 9, Central Investigating Court No. 6 of the National High Court) for alleged facts which could represent the crimes of bribery, revelation of secrets and corruption. As of the date of this Offering Circular, no formal accusation against BBVA has been made. Certain current and former officers and employees of the BBVA Group, as well as former directors of BBVA, have also been named as investigated parties in connection with this investigation. BBVA has been and continues to be proactively collaborating with the Spanish judicial authorities, including sharing with the courts information from its on-going forensic investigation regarding its relationship with Cenyt. BBVA has also testified before the judge and prosecutors at the request of the Central Investigating Court No. 6 of the National High Court.

On 3rd February, 2020, BBVA was notified by the Central Investigating Court No. 6 of the National High Court of the order lifting the secrecy of the proceedings.

This criminal judicial proceeding is at a preliminary stage. Therefore, it is not possible at this time to predict the scope or duration of such proceeding or any related proceeding or its or their possible outcomes or implications for the Group, including any fines, damages or harm to the Group's reputation caused thereby.

In relation to consumer mortgage loan contracts linked to the interest rate index known as IRPH (average rate for mortgage loans over three years for the acquisition of free housing, granted by credit institutions in Spain), considered the "official interest rate" by mortgage transparency regulations and calculated by the Bank of Spain and published in the Spanish Official Gazette, on 14 December 2017, the Spanish Supreme Court issued its judgment 669/2017 confirming that it was not possible to determine the lack of transparency of the interest rate of the loan merely by reference to one or other of the official indexes nor, therefore, was it abuse according to Directive 93/13. The case was referred to the Court of Justice of the European Union (the **EU Court of Justice**) for a preliminary ruling questioning the decision taken by the Supreme Court in relation to the application of the above referred IRPH index. On 3 March 2020, the EU Court of Justice decided on the referred preliminary ruling.

In that decision, the EU Court of Justice concluded that the fact that the main elements relating to the calculation of the IRPH index used by the bank that was party to the proceeding (Bankia, SA) were provided in the Bank of Spain Regulation (Circular 8/1990) and published in the Spanish Official Gazette, which allowed consumers to understand the calculation of such index. In addition, the EU Court of Justice indicated that the national court shall determine whether Bankia, SA complied with the applicable transparency obligations under national legislation. In the event that Bankia, SA was found not to have complied with such transparency regulations, the EU Court of Justice determined that the relevant contract would not be null and void but that the national court could replace the IRPH index applied, unless otherwise agreed by the parties, with the IRPH index for credit entities as a substitute index (as established in the fifteenth additional provision of Law 14/2013, of 27 September 2013). BBVA considers that this ruling of the EU Court of Justice should not have a significant effect on the Group's business, financial situation or results of operations.

On 4 March 2020, the Supreme Court issued a ruling (number 149/2020) confirming the nullity of a revolving credit card agreement entered into by another entity (Wizink Bank) on the grounds that the interest applied to the card was usurious. In that ruling, the Supreme Court recognised that the reference to the "normal interest on money" to be used for this product must be the average interest applicable to credit transactions by means of credit and revolving cards published in the Bank of Spain's statistics, which is slightly higher than 20 per cent. per annum. The Supreme Court also considered usurious a rate of 26.82 per cent. per annum when compared to such average rate. The Supreme Court concluded that for an interest rate to be usurious, it must be "manifestly disproportionate to the circumstances of the case", and therefore the ruling limits its effects to the case under analysis, and the marketing by credit entities of this product must be analysed on a case-by-case basis. BBVA considers that this ruling of the Supreme Court should not have a significant effect on the Group's business, financial situation or results of operations.

The Group operates in legal and regulatory environments that expose it to potentially significant legal and regulatory actions and proceedings, including legal claims and proceedings, civil and criminal regulatory proceedings, governmental and judicial investigations and proceedings, tax proceedings and other proceedings in jurisdictions around the world. Legal and regulatory actions and proceedings are subject to many uncertainties, and their outcomes, including the timing thereof, the amount of fines or settlements or the form of any settlements arising therefrom, or changes in business practices the Group may need to introduce as a result thereof, any of which may be material and are often difficult to predict, particularly in the early stages of a particular legal or regulatory matter.

As of the date hereof, and in addition to as described above, the Issuer and its subsidiaries are involved in a number of legal and regulatory actions and proceedings in various jurisdictions around the world (including, among others, Spain, Mexico and the United States), the adverse resolution of which may also adversely impact the Group. See “*Risk Factors—Legal, Regulatory, Tax and Compliance Risks —The Group is party to a number of legal and regulatory actions and proceedings*”.

The Group can provide no assurance that the legal and regulatory actions and proceedings to which it is subject, or to which it may become subject in the future or otherwise affected by, will not, if resolved adversely, result in a material adverse effect on the Group’s business financial position or results of operations.

REGULATORY FRAMEWORK

General

The Issuer is a Spanish credit institution with registered address at Plaza de San Nicolás 4, Bilbao. It operates under the form of a public limited liability company (*sociedad anónima*) and is thus subject to Spanish company and tax legislation applicable from time to time (including the special aspects of the provincial scheme applicable in view of its registered address), as well as to banking legislation applicable in Spain and in the EU. The Issuer's shares are currently listed on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges through the Spanish Stock Exchange Interconnection System (Continuous Market), on the London and Mexico Stock Exchanges and, by means of ADSs (American Depositary Shares), on the New York Stock Exchange, and are thus subject to stock market regulations applicable in Spain, in the EU, in the UK, in Mexico and in the United States.

Finally, it should be noted that the Issuer develops its business in different jurisdictions through a number of subsidiaries, which are subject to company, banking, stock market and insurance regulations, among others, as applicable in each specific case. In particular, the Group is exposed to the regulations of Mexico, the United States and Turkey.

The following summarises some of the regulations that most significantly affect the Issuer in Spain, the Group's main market, and as a result of its activities in the EU.

Solvency and capital requirements

In its capacity as a Spanish credit institution, the Issuer is subject to Directive 2013/36/EU of the European Parliament and of the Council of 26th June, 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the **CRD IV Directive**) through which the EU began to implement the capital reforms agreed in the framework of Basel III, with effect from 1st January, 2014, with certain requirements being phased in until 1st January, 2019. The core regulation on the solvency of credit institutions is Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26th June, 2013 on prudential requirements for credit institutions and investment firms (**CRR I** and, together with the CRD IV Directive and any measures implementing the CRD IV Directive or CRR I which may from time to time be applicable in Spain, **CRD IV**), which is complemented by several binding regulatory technical standards that are directly applicable in all EU Member States, without the need for national implementation measures. The transposition of the CRD IV Directive into Spanish legislation took place through Royal Decree-Law 14/2013, of 29th November, Law 10/2014, RD 84/2015, Bank of Spain Circular 2/2014, of 31st January and Bank of Spain Circular 2/2016.

On 7th June, 2019, the following amendments to CRD IV and Directive 2014/59/EU of 15th May, 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (**BRRD I**) were published:

- Directive 2019/878/EU of the European Parliament and of the European Council of 20th May, 2019 (as amended, replaced or supplemented from time to time, the **CRD V Directive**) amending the CRD IV Directive (the CRD IV Directive as so amended by the CRD V Directive and as amended, replaced or supplemented from time to time, the **CRD Directive**);
- Directive 2019/879/EU of the European Parliament and of the European Council of 20th May, 2019 (as amended, replaced or supplemented from time to time, **BRRD II**) amending, among other things, BRRD I as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms (BRRD I as so amended by BRRD II and as amended, replaced or supplemented from time to time, the **BRRD**);
- CRR II and, together with the CRD V Directive, **CRD V**) amending, among other things, CRR I as regards the leverage ratio, the net stable funding ratio, requirements on own funds and eligible

liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, and reporting and disclosure requirements (CRR I as so amended by CRR II and as amended, replaced or supplemented from time to time, the **CRR**); and

- Regulation (EU) No. 877/2019 of the European Parliament and of the Council of 20th May, 2019 (as amended, replaced or supplemented from time to time, the **SRM Regulation II**) amending Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15th July, 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (the **SRM Regulation I**) as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms (SRM Regulation I as so amended by SRM Regulation II and as amended, replaced or supplemented from time to time, the **SRM Regulation**),

(CRD V, together with BRRD II and the SRM Regulation II, the **EU Banking Reforms**).

The EU Banking Reforms (other than CRR II) are stated to apply from 18 months and one day after their entry into force on 27th June, 2019, save for certain provisions of the CRD V Directive where a two-year period is provided for. CRR II is stated to apply from 24 months and one day after the date of its entry into force on 27th June, 2019, although certain provisions are stated to enter into force before or after that date, as described therein.

CRD IV, among other things, established a “Pillar 1” minimum capital requirement and increased the level of capital required through the “combined buffer requirement” that institutions must comply with from 2016 onwards. The “combined buffer requirement” introduced five new capital buffers: (i) the capital conservation buffer, (ii) the G-SIB buffer, (iii) the institution-specific counter cyclical buffer, (iv) the D-SIB buffer and (v) the systemic risk buffer (a buffer to prevent systemic or macroprudential risks). The “combined buffer requirement” (broadly, the combination of the capital conservation buffer, the institution-specific counter-cyclical buffer and the higher of the systemic risk buffer, the G-SIBs buffer and the D-SIBs buffer, in each case as applicable to the institution) applies in addition to the minimum “Pillar 1” capital requirements and must be satisfied with CET1 capital.

The G-SIB buffer is applicable to the institutions included in the list of G-SIBs, which is updated annually by the FSB. The Issuer was excluded from this list with effect as from 1st January, 2017 and so, unless otherwise indicated by the FSB (or the Bank of Spain) in the future, the Issuer will no longer be required to maintain the G-SIB buffer.

On 25th November, 2019, the Bank of Spain announced that the Issuer continues to be considered a D-SIB and is required to maintain a fully-loaded D-SIB buffer of a CET1 capital ratio of 0.75 per cent. on a consolidated basis.

In December 2015, the Bank of Spain agreed to set the counter cyclical capital buffer applicable to credit exposures in Spain at 0 per cent. from 1st January, 2016. This percentage is reviewed quarterly. The Bank of Spain agreed in March, 2020 to maintain the counter cyclical capital buffer applicable to credit exposures in Spain at 0 per cent. for the third quarter of 2020. At the date of this Offering Circular, the counter cyclical capital buffer applicable to the Group stands at 0 per cent.

The Bank of Spain has greater discretion when determining the institution-specific counter cyclical buffer, the D-SIB buffer and the systemic risk buffer. Since the Single Supervisory Mechanism (**SSM**) came into force on 4th November, 2014, the European Central Bank (the **ECB**) also has the ability to provide certain recommendations in this respect and potentially increase such buffers.

Furthermore, Article 104 of the CRD Directive (as implemented by Article 68 of Law 10/2014) and similarly Article 16 of Council Regulation (EU) No. 1024/2013 of 15th October, 2013 conferring specific tasks on the ECB concerning policies relating to the prudential supervision of credit institutions (the **SSM Regulation**), also contemplates the possibility that the supervisory authorities may require credit institutions to observe capital requirements exceeding the “Pillar 1” minimum capital requirements and the

“combined buffer requirement” by establishing “Pillar 2” capital requirements (which, with respect to other requirements, are above the “Pillar 1” requirements and below the “combined buffer requirement”), in order to cover additional risks to those already covered by the “Pillar 1” minimum capital requirements or to address macroprudential matters (although the EU Banking Reforms provide that the new “Pillar 2” capital requirements should be used only to address microprudential considerations).

Moreover, the ECB is required, under Regulation (EU) No. 468/2014 of the ECB of 16th April, 2014 establishing the framework for cooperation within the Single Supervisory Mechanism between the ECB and national competent authorities and with national designated authorities (the **SSM Framework Regulation**), to carry out the SREP of the Issuer and the Group at least on an annual basis.

On 19th July, 2018, the EBA published its final guidelines intended to further enhance risk management by institutions and the convergence of supervision with respect to the SREP. These guidelines focus on stress testing, particularly to determine Pillar 2 capital guidance and the level of interest rate risk.

Likewise, the ECB announced on 12th March, 2020 that it will allow banks to partially use AT1 and Tier 2 instruments to meet the “Pillar 2” requirement, being a measure introduced by CRD V and initially expected to be implemented in 2021. In particular, the composition of capital instruments to meet the “Pillar 2” requirement, shall be made up in the form of 56 per cent. of CET1 capital and 75 per cent. of Tier 1 capital, as a minimum.

Consequently, all additional “Pillar 2” own funds requirements that the ECB may impose on the Issuer and/or the Group under the SREP will require the Issuer and/or the Group to maintain capital levels higher than the “Pillar 1” minimum capital requirement.

As a result of the latest SREP carried out by the ECB, and in accordance with the measures implemented by the ECB on 12th March, 2020, by means of which banks may partially use AT1 and Tier 2 capital instruments in order to fulfil the “Pillar 2” requirement, BBVA must maintain, at a consolidated level, a CET I ratio of 8.59 per cent. and a total capital ratio of 12.75 per cent. The consolidated overall capital requirement includes: i) the minimum capital requirement of “Pillar 1” of 8 per cent., that must be composed of a minimum of 4.5 per cent. of CET 1; ii) the AT1 requirement of “Pillar 1” of 1.5 per cent., that must be composed of a minimum of 0.84 per cent. of CET1; iii) the capital conservation buffer (2.5 per cent. of CET1); and iv) the capital buffer for “Other Systemically Important Institutions” (O-SIIs) (0.75 per cent. of CET1). Likewise, BBVA must maintain, at an individual level, a CET1 ratio of 7.84 per cent. and a total capital ratio of 12.00 per cent.

As of 31st March, 2020, the Issuer’s phased-in total capital ratio was 15.39 per cent. on a consolidated basis and 20.14 per cent. on an individual basis and its CET1 phased-in capital ratio was 11.08 per cent. on a consolidated basis and 15.05 per cent. on an individual basis.

Such ratios exceed the applicable regulatory requirements described above, but there can be no assurance that the total capital requirements imposed on the Issuer and/or the Group from time to time may not be higher than the levels of capital available at such point in time. There can also be no assurance as to the result of any future SREP carried out by the ECB and whether this will impose any further “Pillar 2” additional own funds requirements on the Issuer and/or the Group.

CRD V introduces certain amendments in order to clarify the hierarchy or order of priority of own funds and eligible liabilities among the “Pillar 1” minimum solvency requirements, the “Pillar 2” additional own funds solvency requirements, the MREL requirements and the “combined buffer requirement” (referred to as the “stacking order”).

In accordance with Article 48 of Law 10/2014, Article 73 of Royal Decree 84/2015 and Rule 24 of Bank of Spain Circular 2/2016, any institution not meeting its “combined buffer requirement” is required to calculate its MDA as stipulated in such legislation. Accordingly, restrictions on discretionary payments will be scaled according to the extent of the breach of the “combined buffer requirement” and calculated as a percentage of the profits of the institution generated since the last annual decision on the distribution of profits. Such

REGULATORY FRAMEWORK

calculation will result in a MDA in each relevant period. As an example, the scaling is such that in the bottom quartile of the “combined buffer requirement”, no discretionary payments will be permitted to be made.

As a consequence, in the event of breach of the “combined buffer requirement” and until the MDA has been calculated and communicated to the Bank of Spain, the relevant institution shall not make any discretionary payments, and once the MDA has been calculated and communicated to the Bank of Spain, the discretionary payments will be subject to the limit of the MDA calculated.

Additionally, pursuant to Article 48 of Law 10/2014, the Bank of Spain's adoption of the measures provided by Articles 68.2.h) and 68.2.i) of Law 10/2014, aimed at strengthening own funds or limiting or prohibiting the distribution of dividends, respectively, will also entail the requirement to determine the MDA and to restrict discretionary payments to such MDA. In accordance with the EU Banking Reforms, the calculation of the MDA, as well as the restrictions described in the preceding paragraph while such calculation is pending, may also be triggered by a breach of the combined buffer requirement when considered in addition to its MREL see “*Risk Factors - Increasingly onerous capital and liquidity requirements may have a material adverse effect on the Group’s business, financial condition and results of operations*”) or a breach of the leverage ratio requirement.

On 1st July, 2016, the EBA published additional information explaining how supervisors should use the results of the 2016 EU-wide stress test for SREP assessments. Among other things, the EBA referred to the possibility of including the quantitative results of the EU-wide stress test into SREP assessments by establishing additional supervisory monitoring metrics in the form of capital guidance. This guidance would not be included as a factor that would trigger the MDA calculations, but the competent authorities would expect the banks to meet that guidance, unless otherwise specifically agreed. The competent authorities have remedial tools if an institution refuses to follow such guidance. CRD V also distinguishes between “Pillar 2” capital requirements and “Pillar 2” capital guidance, with only the former being mandatory requirements. Notwithstanding the foregoing, CRD V provides that besides other measures, supervisory authorities are entitled to impose further “Pillar 2” capital requirements when an institution repeatedly fails to follow the “Pillar 2” capital guidance previously imposed.

In its meeting of 12th January, 2014, the BCBS oversight body established the definition of the leverage ratio provided in CRD IV to promote consistent disclosure, which has been applicable since 1st January, 2015. At the date of this Offering Circular, there is no applicable legislation in Spain containing a specific leverage ratio requirement for credit institutions. However, CRR II sets a binding leverage ratio requirement of 3 per cent. of Tier 1 capital, in addition to the institution’s own funds requirements and RWA-based requirements.

The table below sets out the reconciliation of the Group’s accounting assets to its leverage ratio exposure as of 31st March, 2020 and 31st December, 2019:

Furthermore, on 7th December, 2017, the BCBS announced the end of the Basel III reforms (informally referred to as Basel IV). These reforms include changes to the risk weightings applied to the different assets and measures to enhance the sensitivity to risk in those weightings, and impose limits on the use of internal ratings-based approaches so as to ensure a minimum level of conservatism in the use of such approaches and to enhance comparability among banks in which such internal ratings-based approaches are used. The review of minimum capital requirements will also limit the regulatory capital benefit for banks when calculating total RWAs using internal risk models as compared with the standardised approach, with a minimum capital requirement of 50 per cent. of RWAs calculated using only the standardised approaches applicable from 1st January, 2022, which is expected to increase to 72.5 per cent. from 1st January, 2027.

Moreover, on 15th March, 2018, the ECB published its supervisory expectations on prudential provisions for NPLs by publishing the Addendum to the ECB's guide on NPLs for credit institutions, issued on 20th March, 2017, which clarifies the ECB expectations regarding supervision over the identification, management, measurement and reorganisation of NPLs, in order to avoid future and excessive accumulation of non-performing loans without coverage in the balance sheets of the credit entities.

The Addendum's supervisory expectations are applicable to new non-performing loans classified as such as of 1st April, 2018. The ECB will evaluate the banks' practices at least once a year and, from the beginning of 2021, the banks must inform the ECB of any difference between their practices and the prudential provision expectations.

In addition, the ECB has announced that a TRIM is being conducted on the internal models used by banks subject to its supervision to calculate their risk-weighted assets, in order to reduce inconsistencies and unjustified variability in these internal models throughout the EU. Although the full results of the TRIM are not yet known, it could imply a change in the internal models used by banks and, at the same time, increases or decreases in the capital needs of banks, including the Issuer.

Set out below are the Group's solvency data (phased-in Basel III) on a consolidated basis and in accordance with the regulations applicable on each of the dates stated. Capital ratios have been calculated in accordance with CRD IV as from 2014, applying a phased-in amount of 100 per cent. for 2019 and 2018 and 80 per cent. for 2017.

The Group must also comply with liquidity and financing ratios. The LCR has been progressively implemented since 2015 in accordance with the CRR and banks must comply such ratio (100 per cent.) from 1st January, 2018. As of 31st March, 2020 and 31st December, 2019, the Group's LCR was 134 per cent. and 129 per cent. respectively. At the same time, the NSFR, calculated based on Basel requirements, remained above 100 per cent. throughout 2019 and stood at 120 per cent. as of 31st March, 2020 and 31st December, 2019. Certain elements of the LCR and the NSFR, as implemented by national banking regulators and complied with by the Issuer, may require the introduction of changes in some commercial practices.

Resolution

The BRRD (which has been partially transposed in Spain Law 11/2015 and RD 1012/2015, pending the transposition of BRRD II) and the SRM Regulation are designed to provide the authorities with mechanisms and instruments to intervene sufficiently early and rapidly in failing or likely to fail credit institutions or investment firms (each an **Entity**) in order to ensure the continuity of the Entity's critical financial and economic functions, while minimising the impact of its non-feasibility on the economic and financial system. The BRRD further provides that a Member State may only use additional financial stabilisation instruments to provide extraordinary public financial support as a last resort, once the following resolution instruments have been evaluated and used to the fullest extent possible while maintaining financial stability.

In accordance with the provisions of Article 20 of Law 11/2015, an Entity will be considered as failing or likely to fail in any of the following situations: (i) when the Entity significantly fails, or may reasonably be expected to significantly fail in the near future, to comply with the solvency requirements or other requirements necessary to maintain its authorisation; (ii) when the Entity's enforceable liabilities exceeds its assets, or it is reasonably foreseeable that they will exceed them in the near future; (iii) when the Entity is unable, or it is reasonably foreseeable that it will not be able, to meet its enforceable obligations in a timely manner; or (iv) when the Entity needs extraordinary public financial support (except in limited circumstances). The decision as to whether the Entity is failing or likely to fail may depend on a number of factors which may be outside of that Entity's control.

In line with the provisions of the BRRD, Law 11/2015 contains four resolution tools which may be used individually or in any combination, when the Relevant Spanish Resolution Authority considers that (a) an Entity is non-viable or is failing or likely to fail, (b) there is no reasonable prospect of any other measures that would prevent the failure of such Entity within a reasonable period of time and (c) resolution is necessary or advisable, rather than the winding up of the Entity through ordinary insolvency proceedings, for reasons of public interest.

The four resolution instruments are (i) the sale of the Entity's business, which enables the resolution authorities to transfer, under market conditions, all or part of the business of the Entity being resolved; (ii) bridge institution, which enables resolution authorities to transfer all or part of the business of the Entity to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation, which enables resolution authorities to transfer certain categories of assets (normally impaired or otherwise problematic) to one or more asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) the Bail-in Tool. Any exercise of the Bail-in Tool by the Relevant Spanish Resolution Authority may include the write down and/or conversion into equity or other securities or obligations (which equity, securities and obligations could also be subject to any future application of the Bail-in Tool) of certain unsecured debt claims of an institution (including the Notes).

In the event that an Entity is in a resolution situation, the **Bail-in Tool** is understood to mean any write-down, conversion, transfer, modification, or suspension power existing from time to time under: (i) any law, regulation, rule or requirement applicable from time to time in Spain, relating to the transposition or development of the BRRD (as amended, replaced or supplemented from time to time), including, but not limited to (a) Law 11/2015, (b) RD 1012/2015; and (c) the SRM Regulation, each as amended, replaced or supplemented from time to time; or (ii) any other law, regulation, rule or requirement applicable from time to

time in Spain pursuant to which (a) obligations or liabilities of banks, investment firms or other financial institutions or their affiliates can be reduced, cancelled, modified, transferred or converted into shares, other securities, or other obligations of such persons or any other person (or suspended for a temporary period or permanently) or (b) any right in a contract governing such obligations may be deemed to have been exercised.

In accordance with the provisions of Article 48 of Law 11/2015 (without prejudice to any exclusions that may be applied by the Relevant Spanish Resolution Authority in accordance with Article 43 of Law 11/2015), in the event of any application of the Bail-in Tool, any resulting write-down or conversion by the Relevant Spanish Resolution Authority will be carried out in the following sequence: (i) CET1 items; (ii) the principal amount of Additional Tier 1 capital instruments; (iii) the principal amount of Tier 2 capital instruments (including Tier 2 Subordinated Notes); (iv) the principal amount of other subordinated claims other than Additional Tier 1 capital or Tier 2 capital (such as Senior Subordinated Notes); and (v) the principal or outstanding amount of the remaining eligible liabilities in the order of the hierarchy of claims in normal insolvency proceedings (with senior non-preferred claims (*créditos ordinarios no preferentes*) subject to the Bail-in Tool after any subordinated claims (*créditos subordinados*) of the Issuer under Article 92 of the Insolvency Law (as defined in the “Terms and Conditions of the Notes”) but before the other senior claims of the Issuer (including Senior Preferred Notes).

In addition to the Bail-in Tool, the BRRD, Law 11/2015 and the SRM Regulation provide for resolution authorities to have the further power to permanently write-down or convert into equity capital instruments such as the Tier 2 Subordinated Notes at the point of non-viability (and, pursuant to BRRD II and the SRM Regulation II, certain internal eligible liabilities and instruments) (**Non-Viability Loss Absorption** and, together with the Bail-in Tool, the **Spanish Statutory Loss-Absorption Powers**) of an Entity. Any write-down or conversion must follow the same insolvency hierarchy as described above. The point of non-viability of an Entity is the point at which the Relevant Spanish Resolution Authority determines that the Entity meets the conditions for resolution or will no longer be viable unless the relevant capital instruments (such as the Tier 2 Subordinated Notes) are written down or converted into equity or extraordinary public support is to be provided and without such support the Relevant Spanish Resolution Authority determines that the institution would no longer be viable. The point of non-viability of a group is the point at which the group infringes or there are objective elements to support a determination that the group, in the near future, will infringe its consolidated solvency requirements in a way that would justify action by the Relevant Spanish Resolution Authority in accordance with article 38.3 of Law 11/2015. Non-Viability Loss Absorption may be imposed prior to or in combination with any exercise of the Bail-in Tool or any other resolution tool or power (where the conditions for resolution referred to above are met) or in combination with such exercise in respect of all eligible liabilities.

In addition, the EBA has published certain technical regulation standards and technical implementation standards to be adopted by the European Commission, in addition to other guidelines. These standards and guidelines could potentially be relevant in determining when or how a Relevant Spanish Resolution Authority may exercise the Bail-in Tool and/or impose a Non-Viability Loss Absorption. These include guidelines on the treatment of shareholders when applying the Bail-in Tool or Non-Viability Loss Absorption, as well as on the rate for converting debt into shares or other securities or debentures in the application of the Bail-in Tool and/or Non-Viability Loss Absorption.

To the extent that any resulting treatment of a holder of the Issuer’s securities pursuant to the exercise of the Bail-in Tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder of such affected securities would have a right to compensation under the BRRD and the SRM Regulation based on an independent valuation of the institution, in accordance with Article 10 of RD 1012/2015 and the SRM Regulation, together with any other compensation provided for in any Applicable Banking Regulations (as defined below) including, inter alia, compensation in accordance with Article 36.5 of Law 11/2015. However, if the treatment of a creditor following a Non-Viability Loss Absorption is less favourable than it would have been under ordinary insolvency proceedings, it is uncertain whether said creditor would be entitled to the compensation provided for in the BRRD and the SRM Regulation.

Applicable Banking Regulations means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy, resolution and/or solvency then applicable to the Issuer and/or the Group including, inter alia, the CRD Directive, CRR, BRRD and those laws, regulations, requirements, guidelines

and policies relating to capital adequacy, resolution and/or solvency then in effect in Spain (whether or not such regulations, requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Issuer and/or the Group).

Relevant Spanish Resolution Authority means the FROB, the SRM, the Bank of Spain, the Spanish Securities Market Commission or any other entity with the authority to exercise any of the resolution tools and powers contained in Law 11/2015 and the SRM Regulation from time to time.

Law 11/2015 means Law 11/2015 of 18th June on the recovery and resolution of credit institutions and investment firms (*Ley 11/2015, de 18 de junio, de recuperación y resolución de entidades de crédito y empresas de servicios de inversión*), as amended, replaced or supplemented from time to time.

MREL

The BRRD prescribes that banks shall hold a minimum level of own funds and eligible liabilities in relation to total liabilities known as MREL. According to Commission Delegated Regulation (EU) 2016/1450 of 23rd May, 2016 (the **MREL Delegated Regulation**), the level of own funds and eligible liabilities required under MREL will be set by the resolution authority, in agreement with the competent authority, for each bank (and/or group) based on, among other things, the criteria set forth in Article 45c.1 of the BRRD, including the systemic importance of the institution. Eligible liabilities may be senior or subordinated, provided that, among other requirements, they have a remaining maturity of at least one year and, if governed by a non-EU law, they must be able to be written down or converted by the resolution authority of a Member State under that law or through contractual provisions.

On November 19, 2019, the Issuer announced that it had received notification from the Bank of Spain regarding its MREL, as determined by the SRB. The Issuer's MREL has been set at 15.16 per cent. of the total liabilities and own funds of the Bank's resolution group, at a sub-consolidated level from January 1, 2021 (as detailed below). Likewise, of this MREL, 8.01 per cent. of the total liabilities and own funds must be met with subordinated instruments, once the allowance established in the requirement itself has been applied. This MREL is equivalent to 28.50 per cent. of the APRs, while the subordination requirement included in the MREL is equivalent to 15.05 per cent. in terms of the APRs, once the corresponding allowance has been applied.

As of 31st December, 2017 (reference date taken by the SRB), the total liabilities and own funds of the Issuer's resolution group amounted to €371,910 million, of which the total liabilities and equity of the Issuer represented approximately 95 per cent., and the RWAs of the Issuer's resolution group amounted to €197,819 million.

If the FROB, the SRM or a Relevant Spanish Resolution Authority considers that there may be any obstacles to resolvability by the Issuer and/or the Group, a higher MREL could be imposed.

The EU Banking Reforms provide that a bank's MREL breach is dealt with by the competent authorities through their powers to address or remove obstacles to resolution, the exercise of their supervisory powers and their power to impose early action measures, administrative sanctions and other administrative measures. If there were a deficit in the level of an entity's eligible own funds and liabilities, and that entity's own funds were contributing to meeting the "combined buffer requirement," these own funds would automatically go toward meeting the MREL of such entity and would cease to be applied in order to comply with its "combined buffer requirement", which could lead to the entity failing to comply with its "combined buffer requirement". This could involve triggering the MDA calculation and the resolution authority may have the power (but not the obligation) to impose restrictions on the making of discretionary payments. Therefore, with the entry into force of the EU Banking Reforms, the Issuer will have to fully comply with its "combined buffer requirement", in addition to its MREL, to ensure that it can make discretionary payments.

In addition, in accordance with the EBA guidelines on the assumptions of triggering the use of early action measures of 8th May, 2015, a significant deterioration in the amount of eligible liabilities and own funds held by an entity in order to comply with its MREL could place an entity in a situation where the conditions for early action are met, which could entail the application of early action measures by the competent resolution

authority, which in the Spanish case are detailed in Articles 9 and 10 of Law 11/2015, including the intervention or provisional replacement of administrators.

On 9th November, 2015, the FSB published its final Total Loss-Absorbing Capacity (TLAC) Principles and Term Sheet (the **TLAC Principles and Term Sheet**), proposing that G-SIBs maintain significant minimum amounts of liabilities that are subordinated (by law, contract or structurally) to certain prior-ranking liabilities, such as guaranteed insured deposits, and forming a new standard for G-SIBs. The TLAC Principles and Term Sheet contain a set of principles on loss-absorbing and recapitalisation capacity of G-SIBs in resolution and a term sheet for the implementation of these principles in the form of an internationally agreed standard. The TLAC Principles and Term Sheet require a minimum TLAC requirement to be determined individually for each G-SIB at the greater of (i) 16 per cent. of RWAs as of 1st January, 2019 and 18 per cent. as of 1st January, 2022, and (ii) 6 per cent. of the Basel III Tier 1 leverage ratio exposure measured as of 1st January, 2019, and 6.75 per cent. as of 1st January, 2022.

Among other amendments, BRRD II introduces the concepts of resolution institution and resolution group. The EU Banking Reforms provide for the amendment of a number of aspects of the MREL framework to align it with the TLAC standards included in the TLAC Principles and Term Sheet. To maintain coherence between the MREL rules applicable to G-SIBs and those applicable to non-G-SIBs, the BRRD II also provide for a number of changes to the MREL rules applicable to non-G-SIBs. While the EU Banking Reforms provide for minimum harmonised or “Pillar 1” MRELs for G-SIBs, in the case of non-G-SIBs, they provide that MRELs will be imposed on a bank-specific basis. For G-SIBs, the EU Banking Reforms provide that a supplementary or “Pillar 2” MRELs may be further imposed on a bank-specific basis. The EU Banking Reforms further provide for the resolution authorities to give guidance to an institution to have own funds and eligible liabilities in excess of the requisite levels for certain purposes.

Following the application of CRR II, CRR will establish that an institution’s eligible liabilities will consist of its eligible liability items (as defined therein) after a number of mandatory deductions and, in order to be considered as eligible liabilities, it is stipulated, for example, that the instruments must meet the requirements set out in Article 72b of the CRR, which includes the need for those instruments to rank below the liabilities excluded under Article 72.a.2 of the CRR.

To facilitate compliance with this requirement, Directive (EU) 2017/2399 of the European Parliament and of the Council of 12th December, 2017 amending Directive 2014/59/EU as regards the ranking of unsecured debt instruments in insolvency hierarchy was approved with the aim to harmonise national laws on insolvency and recovery and resolution of credit institutions and investment firms, by creating a new credit class of “non-preferred” senior debt that should only be bailed-in after junior ranking instruments but before other senior liabilities. In this regard, on 23rd June, 2017 Royal Decree-Law 11/2017 of 23rd June on urgent measures in financial matters (*Real Decreto-ley 11/2017, de 23 de junio, de medidas urgentes en materia financiera*) introduced into Spanish law the new class of “non-preferred” senior debt.

Notwithstanding the foregoing, CRR II provides for some exemptions which could allow outstanding senior debt instruments to be used to comply with MREL. However, there is uncertainty insofar as such eligibility is concerned and how the regulations and exemptions provided for in the EU Banking Reforms are to be interpreted and applied. In any event, BRRD II aims to provide greater certainty with respect to eligible liabilities, in order to provide markets with the necessary clarity concerning the eligibility criteria for instruments to be recognized as eligible liabilities for TLAC or MREL purposes.

The EU Banking Reforms further include, as part of MREL, a new subordination requirement of eligible instruments for G-SIBs and “top tier” banks (including the Issuer) that is determined according to their systemic importance, involving a minimum “Pillar 1” subordination requirement. This “Pillar 1” subordination requirement shall be satisfied with own funds and other eligible MREL instruments (which MREL instruments may not for these purposes be senior debt instruments and only MREL instruments constituting “non-preferred” senior debt under the new insolvency hierarchy introduced into Spain and other subordinated liabilities will be eligible for compliance with the subordination requirement). For “top tier” banks such as the Issuer, this “Pillar 1” subordination requirement has been determined as the higher of 13.5 per cent. of the Issuer’s RWAs and 5 per cent. of its leverage exposure. Resolution authorities may also impose further “Pillar

REGULATORY FRAMEWORK

2” subordination requirements, which would be determined on a case-by-case basis but at a minimum level equal to the lower of 8 per cent. of a bank’s total liabilities and own funds and 27 per cent. of its RWAs.

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the Clearing Systems) currently in effect. The Issuer takes responsibility for the correct extraction and reproduction of the information in this section concerning the Clearing Systems, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. Neither the Issuer nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry Systems

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a member of the Federal Reserve System, a “banking organisation” within the meaning of the New York Banking Law, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the NYSE MKT LLC, Inc. and the Financial Industry Regulatory Authority, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC’s book-entry settlement system (**DTC Notes**) as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (**Owners**) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC’s records. The ownership interest of each actual purchaser of each DTC Note (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant’s records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

BOOK-ENTRY CLEARANCE SYSTEMS

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a

custodial relationship with an account holder of either system. For further information on Euroclear and Clearstream, Luxembourg relating to the Notes, please see “*Taxation*”.

Book-entry Ownership of and Payments in respect of DTC Notes

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of a Regulation S Global Note, the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants’ account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the U.S. Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under “*Subscription and Sale and Transfer and Selling Restrictions*”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the relevant Registrar, the Principal Paying Agent and any custodian (**Custodian**) with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the relevant Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Notes.

SPAIN

The following summary refers solely to certain Spanish tax consequences of the acquisition, ownership and disposition of the Notes. It does not purport to be a complete analysis of all tax consequences relating to the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which might be subject to special rules. Prospective investors should consult their own tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Spain of acquiring, holding and disposing of Notes and receiving any payments under the Notes. This summary is based upon the law as in effect on the date of this Offering Circular and is subject to any change in law that may take effect after such date. References in this section to Noteholders include the beneficial owners of the Notes.

Acquisition of the Notes

The issue of, subscription for, transfer and acquisition of the Notes is exempt from Transfer and Stamp Tax (*Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados*) and Value Added Tax (*Impuesto sobre el Valor Añadido*).

Taxation on the income and transfer of the Notes

The tax treatment of the acquisition, holding and subsequent transfer of the Notes is summarised below and is based on the tax regime applicable to the Notes pursuant to Royal Legislative Decree 5/2004 of 5th March approving the consolidated text of the Non-Resident Income Tax Law (*Impuesto sobre la Renta de los no Residentes*), as amended (the **Non-Resident Income Tax Law**), Law 27/2014 of 27th November on Corporate Income Tax (*Impuesto sobre Sociedades*) (the **Corporate Income Tax Law**), Law 35/2006 of 28th November on Personal Income Tax (*Impuesto sobre la Renta de las Personas Físicas*), as amended, Law 19/1991 of 6th June approving the Wealth Tax Law (*Impuesto sobre el Patrimonio*) and Law 29/1987 of 18th December approving the Inheritance and Gift Tax Law (*Impuesto sobre Sucesiones y Donaciones*). The summary below also considers the rules for the implementation of such regulations (Royal Decree 1776/2004 of 30th July approving the Non-Resident Income Tax Regulations as amended, Royal Decree 439/2007 of 30th March, approving the Individuals Income Tax Regulations as amended and Royal Decree 634/2015 of 10th July approving the Corporate Income Tax Regulations).

Consideration has also been given to Spanish legislation on the issuance of preferred securities and debt securities issued by Spanish financial and non-financial listed entities, either directly or through a subsidiary, Law 10/2014 and RD 1065/2007 approving the General Regulations relating to tax inspection and management procedures and developing the common rules of the procedures to apply taxes.

Income not obtained through a permanent establishment in Spain in respect of the Notes

Income obtained by Noteholders who are not tax resident in Spain acting for these purposes without a permanent establishment within Spain is exempt from Non-Resident Income Tax subject to the reporting obligations as set out in RD 1065/2007 (see “Taxation – Tax Reporting Obligations of the Issuer”).

Income obtained through a permanent establishment in Spain in respect of the Notes/Corporate Income Tax taxpayers.

The holding of Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

Income obtained by non-Spanish resident holders acting through a permanent establishment in Spain in respect of the Notes will be taxed under the rules provided by Chapter III of the Non-Resident Income Tax Law. These Noteholders will be subject to taxation substantially in the same manner as Spanish Corporate Income Tax taxpayers and, therefore, it shall be computed as taxable income in accordance with the general rules set out in the Corporate Income Tax Law and will therefore be taxed generally at the current rate of 25 per cent.

According to section 44 of RD 1065/2007, the Issuer is not obliged to withhold any tax amount on income derived from payment of interest, redemption or repayment of the Notes obtained by a permanent establishment in Spain in respect of the Notes or Corporate Income Tax payers provided that the information procedures are complied with as it is described in section “*Taxation – Tax Reporting Obligations of the Issuer*”.

Income derived from the transfer of the Notes shall not be subject to withholding tax as provided by Section 61(s) of the Corporate Income Tax Regulations, to the extent that the Notes satisfy the requirements laid down by the reply to the Directorate General for Taxation’s (*Dirección General de Tributos*) consultation, on 27th July, 2004, indicating that in the case of issuances made by entities with tax residency in Spain (as in the case of the Issuer), application of the exemption requires that the Notes be placed outside Spain in another OECD country and traded on organised markets in OECD countries. Notes traded outside Spain and issued under the Programme are expected to satisfy these requirements.

Individuals with tax residency in Spain

Income obtained by Noteholders who are Personal Income Tax payers, both as interest and in connection with the transfer, redemption or repayment of the Notes, shall be considered income on investments obtained from the assignment of an individual’s capital to third parties, as defined in Section 25.2 of Individuals Income Tax Law, and therefore will be taxed as savings income at the applicable rate (currently varying from 19 per cent. to 23 per cent.).

The above mentioned income will be subject to the corresponding personal income tax withholding at the applicable tax rate of 19 per cent. Article 44 of the RD 1065/2007 establishes information procedures for debt instruments issued under the Law 10/2014 and has provided that the interest will be paid by the Issuer to the Paying Agent for the whole amount, provided that such information procedures are complied with.

Nevertheless, withholding tax at the applicable rate of 19 per cent. may have to be deducted by other entities (such as depositaries or financial entities), provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.

According to RD 1065/2007, the Issuer is not obliged to withhold any tax amount provided that the information procedures (which do not require identification of the Noteholders) are complied with by the Paying Agent as it is described in section “*Taxation – Tax Reporting Obligations of the Issuer*”.

However, regarding the interpretation of the “*Taxation – Tax Reporting Obligations of the Issuer*” please refer to “*Risk Factors – Spanish tax rules*”.

Wealth Tax

Individuals with tax residency in Spain are subject to Wealth Tax to the extent that their net worth exceeds €700,000. Therefore, they should take into account the value of the Notes which they hold as at 31st December, each year.

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights are located in Spain, or that can be exercised within the Spanish territory, exceed €700,000 would be subject to Wealth Tax at the applicable rates, ranging between 0.2 per cent. and 2.5 per cent., without prejudice to any exemption which may apply.

As a consequence of the European Court of Justice judgment (Case C-127/12), the Net Wealth Tax Law has been amended by Law 26/2014, of 27th November. As a result, Non-Spanish tax resident individuals who are residents in the EU or in the European Economic Area can apply the legislation of the region in which the highest value of the assets and rights of the individuals (i) are located; (ii) can be exercised; or (iii) must be fulfilled.

Legal entities are not subject to Wealth Tax.

Inheritance and Gift Tax

The transfer of the Notes to individuals by inheritance, legacy or donation shall be subject to the general rules of Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*) in accordance with the applicable Spanish and State rules even if title passes outside Spain and neither the heir nor the beneficiary, as the case may be, is resident in Spain for tax purposes, without prejudice to the provisions of any DTT signed by Spain.

The effective tax rate, after applying all relevant factors, ranges between 0 per cent. and 81.6 per cent.

According to the Second Additional Provision of Law 29/1987 of 18th December approving the Inheritance and Gift Tax Law, it will be possible to apply tax benefits approved in some Spanish regions to residents either in the EU or in the EEA by following certain specific rules.

In addition, as a consequence of the judgments of the Spanish Supreme Court dated 19th February, 2018, 21st March, 2018 and 22nd March, 2018, the application of state regulations when the deceased, heir or donee is resident outside of a member state of the EU or the EEA violates Community law relating to the free movement of capital, such that even in such cases it would be appropriate to defend the application of regional regulations in the same way as if the deceased, heir or donee was resident in a member state of the EU. The General Directorate for Taxation has ruled in accordance with those judgements (V3151-18 and V3193-18).

In the event that the beneficiary is an entity other than a natural person, the income obtained shall be subject to Corporate Income Tax or Non-Resident Income Tax, as the case may be, and without prejudice, in the latter event, to the provisions of any DTT that may apply.

Tax Reporting Obligations of the Issuer

Article 44 of RD 1065/2007 sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

According to the literal wording of Article 44.5 of RD 1065/2007 income derived from securities originally registered with the entities that manage clearing systems located outside Spain, that are recognised by Spanish law or by the law of another OECD country (such as DTC, Euroclear or Clearstream, Luxembourg), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the Issuer submits a statement to the Issuer, the form of which is included in the Agency Agreement, with the following information:

- (i) identification of the securities;
- (ii) payment date;
- (iii) total amount of income paid on the relevant date; and
- (iv) total amount of the income corresponding to each clearing house located outside Spain.

In accordance with paragraphs 5 and 6 of Article 44 of RD 1065/2007, the Paying Agent should provide the Issuer with the statement on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on the date, the entity

obliged to provide the statement fail to do so, the Issuer or the Paying Agent on its behalf will make a withholding at the general rate of 19 per cent. on the total amount of the return on the relevant Notes.

If, before the tenth day of the month following the month in which interest is paid, the obliged entity provides the statement, the Issuer will reimburse the amounts withheld.

The Issuer will not pay additional amounts due to any failure of the Paying Agent to provide the relevant statement.

In the event that the currently applicable procedures are modified, amended or supplemented by, among other things, any Spanish law, regulation, interpretation or ruling of the Spanish tax authorities, the Issuer will notify the Noteholders of such information procedures and their implications, as the Issuer may be required to apply withholding tax on interest payments in respect of the Notes if the Noteholders do not comply with such information procedures.

Regarding the interpretation of Article 44 RD 1065/2007 and the simplified information procedures please refer to “*Risk Factors – Spanish tax rules*”.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14th February, 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and participating Member States may decide not to participate.

Moreover, a draft bill on the FTT is currently under discussion in the Spanish Parliament.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

U.S. FOREIGN ACCOUNT TAX COMPLIANCE ACT WITHHOLDING

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Spain have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to

payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under “Terms and Conditions—Further Issues”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Dealers have, in an amended and restated programme agreement dated 10th July, 2020 (such amended and restated programme agreement as further amended and/or supplemented and/or restated from time to time, the **Programme Agreement**) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase or procure subscribers for Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of its expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

In order to facilitate the offering of any Tranche of the Notes, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. Specifically, such persons may over-allot or create a short position in the Notes for their own account by selling more Notes than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Notes in the open market. In addition, such persons may stabilise or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Notes are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail for a limited period after the Issue Date. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilising or other transactions. Such transactions, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Under UK laws and regulations stabilisation activities may only be carried on by the Stabilisation Manager named in the applicable Final Terms (or persons acting on its behalf) and may only continue for a limited period following the Issue Date (or, if the ending day would be earlier, 60 days after the date of allotment) of the relevant Tranche of Notes.

Institutional Accredited Investors who purchase Registered Notes in definitive form offered and sold in the United States in reliance upon the exemption from registration provided by Regulation D of the Securities Act are required to execute and deliver to the U.S. Registrar an IAI Investment Letter. Upon execution and delivery of an IAI Investment Letter by an Institutional Accredited Investor, Notes will be issued in definitive registered form, see “*Form of the Notes*”.

The IAI Investment Letter will state, among other things, the following:

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

- (a) that the Institutional Accredited Investor has received a copy of the Offering Circular and such other information as it deems necessary in order to make its investment decision;
- (b) that the Institutional Accredited Investor understands that any subsequent transfer of the Notes is subject to certain restrictions and conditions set forth in the Offering Circular and the Notes (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Notes except in compliance with, such restrictions and conditions and the Securities Act;
- (c) that, in the normal course of its business, the Institutional Accredited Investor invests in or purchases securities similar to the Notes;
- (d) that the Institutional Accredited Investor is an Institutional Accredited Investor within the meaning of Rule 501(a)(1), (2), (3) or (7) of Regulation D under the Securities Act and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Notes, and it and any accounts for which it is acting are each able to bear the economic risk of its or any such accounts' investment for an indefinite period of time;
- (e) that the Institutional Accredited Investor is acquiring the Notes purchased by it for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which it exercises sole investment discretion and not with a view to any distribution of the Notes, subject, nevertheless, to the understanding that the disposition of its property shall at all times be and remain within its control; and
- (f) that, in the event that the Institutional Accredited Investor purchases Notes, it will acquire Notes having a minimum purchase price of at least U.S.\$500,000 (or the approximate equivalent in another Specified Currency).

No sale of Legended Notes in the United States to any one purchaser will be for less than U.S.\$200,000 (or its foreign currency equivalent) principal amount or, in the case of sales to Institutional Accredited Investors, U.S.\$500,000 (or its foreign currency equivalent) principal amount and no Legended Note will be issued in connection with such a sale in a smaller principal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$200,000 (or its foreign currency equivalent) or, in the case of sales to Institutional Accredited Investors, U.S.\$500,000 (or its foreign currency equivalent) principal amount of Registered Notes.

Selling Restrictions

United States

The Notes have not been or will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and the Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations.

Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, in connection with any Notes which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S (**Regulation S Notes**), it will not offer, sell or deliver such Regulation S Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

of the Tranche of which such Regulation S Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers may arrange for the resale of Notes to QIBs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Notes which may be purchased by a QIB pursuant to Rule 144A is U.S.\$200,000 (or the approximate equivalent thereof in any other currency). To the extent that the Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the Issuer has agreed to furnish to holders of Notes and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Prohibition of sales to EEA and UK Retail Investors

Unless the Final Terms in respect of any Senior Preferred Notes specifies “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable” and in the case of all other Notes, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area (the **EEA**) or in the United Kingdom (the **UK**). For the purposes of this provision:

 - (ii) a customer within the meaning of Directive (EU) 2016/97 (the Insurance Distribution Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation, and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Senior Preferred Notes specifies “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable,” in relation to each Member State of the EEA and the UK (each, a **Relevant State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Final Terms in relation thereto to the public in that Relevant State except that it may make an offer of such Notes to the public in that Relevant State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation; or

- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision,

- the expression **an offer of Notes to the public** in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes; and
- the expression **Prospectus Regulation** means Regulation (EU) 2017/1129.

Spain

Each Dealer has acknowledged and each other Dealer appointed under the Programme will be required to acknowledge that the Notes must not be offered, distributed or sold in Spain in the primary market. However, the Notes may be sold to Spanish resident investors in circumstances that satisfy the requirements set forth in the ruling of the Directorate General for Taxation (*Dirección General de Tributos*) of 27th July, 2004.

Notwithstanding this, the Notes may not be offered, sold or otherwise made available at any time to any retail investor in Spain. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of the Insurance
