

BBVA Global Markets B.V.

*(a private company with limited liability (besloten vennootschap met beperkte aansprakelijkheid)
incorporated under Dutch law with its seat in Amsterdam, the Netherlands but its tax residency in Spain)*

€1,000,000,000 Structured Medium Term Note Programme

unconditionally and irrevocably guaranteed by

Banco Bilbao Vizcaya Argentaria, S.A.

(incorporated with limited liability in Spain)

Under this €1,000,000,000 Structured Medium Term Note Programme (the "**Programme**"), BBVA Global Markets B.V. (the "**Issuer**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed with the relevant Dealer (as defined below).

This document (this "**Base Prospectus**") constitutes a base prospectus in respect of all Notes issued under the Programme for the purposes of Article 8 of the Prospectus Regulation (as defined below). The terms and conditions of the Notes (the "**Conditions**") will comprise the General Conditions, each Annex specified as applicable in the completed Final Terms (each as defined below). This Base Prospectus, any supplement to this Base Prospectus (a "**Supplement to this Base Prospectus**"), any applicable Annex and the Final Terms for a Series will comprise the "**Offering Documents**".

The satisfaction of the Issuer's economic obligations (in cash and in deliverable assets) in respect of the Notes will be unconditionally and irrevocably guaranteed pursuant to a Guarantee (the "**Guarantee**") entered into by Banco Bilbao Vizcaya Argentaria, S.A. ("**BBVA**" or the "**Guarantor**"). The Guarantor and its consolidated subsidiaries are referred to herein as the "**Group**".

Notes may be issued in bearer, registered or in dematerialised book-entry form (respectively "**Bearer Notes**", "**Registered Notes**" and "**Book-Entry Notes**").

Notes may be issued whose return (whether in respect of any interest payable on such Notes and/or their redemption amount) is linked to one or more indices ("**Index Linked Notes**"), one or more shares or depositary receipts ("**Equity Linked Notes**"), one or more inflation indices ("**Inflation Linked Notes**"), one or more exchange traded fund shares ("**ETF Linked Notes**"), one or more fund shares or units ("**Fund Linked Notes**"), the credit of a specified entity or entities ("**Credit Linked Notes**"), one or more foreign exchange rates ("**Foreign Exchange (FX) Rate Linked Notes**") or any combination thereof ("**Combination Notes**") as more fully described herein. Notes may provide that settlement will be by way of cash settlement ("**Cash Settled Notes**") or physical delivery ("**Physically Settled Notes**") as provided in the Final Terms.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €1,000,000,000 (or its equivalent in other currencies). Notes may be issued on a continuing basis to one or more dealers appointed from time to time by the Issuer (the "**Dealers**" and each a "**Dealer**"). References in this Base Prospectus to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes as designated in each specific issue of Notes.

Potential investors should ensure that they understand the nature of the relevant Notes and the extent of their exposure to risks and that they consider the suitability of the relevant Notes as an investment in the light of their own circumstances and financial condition. An investment in Notes may involve a high degree of risk and potential investors should be prepared to sustain a total loss of the purchase price of their Notes. For a discussion of these risks see the "Risk Factors" section on pages 9 to 49 below.

This Base Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the "EEA") and/or offered to the public in the EEA other than in the circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation (as defined below). The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. This Base Prospectus has been prepared in accordance with Annexes 6, 14, 17, 21, 22 and 28 of Commission Delegated Regulation (EU) 2019/980. This Base Prospectus has been approved as a base prospectus by the Spanish National Securities Market Commission (Comisión Nacional del Mercado de Valores) (the "**CNMV**"), as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). The CNMV only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or Guarantor or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Such approval relates only to Notes that are to be admitted to trading on the Spanish AIAF Fixed Income Securities Market ("**AIAF**") or on another regulated market for the purposes of the Prospectus Regulation and/or that are to be offered to the public in any member state of the EEA in circumstances that require the publication of a prospectus.

Application has been made for Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to trading on AIAF. Application may also be made to any other Spanish stock exchange or Multilateral Trading Facility

("MTF") specified in the Final Terms of the Notes. AIAF is a regulated market for the purposes of Directive 2014/65/EU (as amended, "MiFID II").

The Notes, the Guarantee and any Entitlement(s) (as defined below) have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or any U.S. state securities laws and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("Regulation S")) unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction. See "Form of the Notes" for a description of the manner and form in which Notes will be issued. The Notes are subject to certain restrictions on transfer, see "Subscription and Sale and Transfer and Selling Restrictions". Notes may be offered in the United States to U.S. persons that are "qualified institutional buyers" (each a "QIB") as defined in Rule 144A under the Securities Act ("Rule 144A") who are also "qualified purchasers" (each a "QP") within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the "1940 Act") and the rules and regulations thereunder, by BBVA Securities Inc. (in such capacity, the "Initial Purchaser"). The Notes, the Guarantee and any Entitlement(s) do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended (the "CEA"), and trading in the Notes has not been approved by the U.S. Commodity Futures Trading Commission pursuant to the CEA.

IMPORTANT - PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS. Unless otherwise specified in the Final Terms relating to the Notes, the Notes issued under the Programme are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in (i) the European Economic Area ("EEA") or in (ii) the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a "retail client" as defined in point (11) of Article 4(1) of MiFID II or a "retail client" as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of "retained EU law", as defined in the European Union (Withdrawal) Act 2018 ("EUWA"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the "Insurance Distribution Directive") or within the meaning of the provisions of the Financial Services and Markets Act 2000 ("FSMA") and any rules or regulations made under FSMA to implement Directive (EU) 2016/97, in each case, where that customer would not qualify as a professional client as defined in, respectively, point (10) of Article 4(1) of MiFID II; and point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law in the UK by virtue of the EUWA ("UK MiFIR") or (iii) not a qualified investor as defined in the Prospectus Regulation or Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "UK Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") or the PRIIPs Regulation as it forms part of domestic law in the UK by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA and/or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA and/or in the UK may be unlawful under the PRIIPs Regulation and/or the UK PRIIPs Regulation.

IMPORTANT – SWISS RETAIL INVESTORS - If and to the extent the Notes will be offered, sold or advertised, directly or indirectly to retail clients (*Privatkundinnen und -kunden*) ("Retail Clients") pursuant to Article 4 para. 2 FinSA a key investor document (*Basisinformationsblatt*) in the sense of Article 58 et seq. of FinSA relating to the Notes (a "FinSA-KID") would need to be prepared, unless the Retail Clients shall receive a key information document pursuant to the PRIIPs Regulation instead of a FinSA-KID. Prior to 1 January 2022, the issuer may use a Swiss simplified prospectus in the sense of the CISA in its version dated 1 March 2013 ("Swiss Simplified Prospectus") instead of a FinSA-KID or a key information document pursuant to the PRIIPs Regulation.

MIFID II/UK MiFIR PRODUCT GOVERNANCE TARGET MARKET – The applicable Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" and/or "UK MiFIR Product Governance Target Market" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to (i) MiFID II and/or (ii) the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules") and the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance and/or the UK MiFIR Product Governance Rules.

EU BENCHMARK REGULATION – Amounts payable under the Notes or assets deliverable under the Notes may be calculated or otherwise determined by reference to certain reference rates, indices or other variables, which may constitute a benchmark under the Benchmark Regulation (Regulation (EU) 2016/1011) (the "BMR"). If any such reference rate, index or variable does not constitute such a benchmark, the relevant Final Terms in respect of any Notes which are not Exempt Notes will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("ESMA Register") pursuant to Article 36 of the BMR. Not every reference rate, index or variable will fall within the scope of the BMR. Furthermore, transitional provisions in the BMR may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator under the BMR is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of any administrator.

The Issuer is incorporated under Dutch law and has its seat in Amsterdam, the Netherlands but has its tax residency in Spain. The Guarantor is incorporated and has its tax residency in Spain. Potential investors should note the statements on pages 399 to 405 (inclusive) regarding the tax treatment in Spain of income obtained in respect of the Notes.

The Issuer and the Guarantor may agree with the relevant Dealer that Notes may be issued in a form not contemplated by the "Terms and Conditions of the Notes" set out herein, in which event a Supplement to this Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

In connection with any offering of Notes under this Base Prospectus, the Dealers are not acting for anyone other than the Issuer and will not be responsible to anyone other than the Issuer for providing the protections afforded to their clients nor for providing advice in relation to the offering.

No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer or the Guarantor in connection with the Programme.

No person is or has been authorised by the Issuer or the Guarantor to give any information or to make any representation not contained in or not consistent with (a) this Base Prospectus or (b) any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor or any of the Dealer(s).

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, the Guarantor or any of the Dealer(s) that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and/or the Guarantor. IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantor and the Dealer(s) do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantor or the Dealer(s) which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither the Offering Documents nor any advertisement or other

offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession the Offering Documents or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of the Offering Documents and the offering and sale of Notes. In particular, there are restrictions on the distribution of the Offering Documents and the offer or sale of Notes in, without limitation, the United States, the United Kingdom and the EEA (including, without limitation, Spain, the Republic of Italy, Germany and France) (see "*Subscription and Sale and Transfer and Selling Restrictions*").

This Base Prospectus has been prepared on a basis that would permit an offer of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) and at least €1,000 (or its equivalent in any other currency) only in circumstances where there is an exemption from the obligation under the Prospectus Regulation to publish a prospectus. As a result, any offer of Notes in any member state of the EEA (each, a "**Relevant State**") must be made pursuant to an exemption under Article 1(4) of the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer of Notes in that relevant Member State may only do so in circumstances in which no obligation arises for the Issuer, the Guarantor or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer, unless specified otherwise in the applicable Final Terms.

None of the Issuer, the Guarantor or the Dealer(s) makes any representation to any investor in the Notes regarding the legality of its investments under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

The Notes may not be a suitable investment for all investors. Each potential purchaser of Notes should realise that investing in the Notes entails significant risks and may not be appropriate for purchasers lacking financial expertise. Prospective purchasers should consult their own financial, tax and legal advisors as to the risks entailed by an investment in such Notes and the suitability of such Notes in light of their particular circumstances and ensure that its acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of its incorporation and/or in which it operates, and is a suitable investment for it to make. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisors, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable Supplement to this Base Prospectus and all the information contained in the Final Terms;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the specified currency for principal or interest payments of the Notes is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (e) in respect of Notes linked to the performance of, without limitation, one or more, or a combination of, underlying shares or depositary receipts, indices, rates of interest, other rates, foreign exchange rates, exchange traded fund shares, funds, inflation indices and/or entities (together, "**Reference Items**" and each, a "**Reference Item**") (in respect of such Notes, together, "**Reference Item Linked Notes**" and each a "**Reference Item Linked Note**"), understands thoroughly (if necessary, in consultation with the investor's own legal, tax, accountancy, regulatory, investment or other professional advisers) the nature of each such Reference Item Linked Note; and
- (f) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

None of the Issuer, the Guarantor, the Dealer or any affiliate of BBVA has given, and will not give, to any potential investor in the Notes (either directly or indirectly) any assurance, advice, recommendation or guarantee

as to the merits, performance or suitability of such Notes, and the investor should be aware that the Issuer is acting as an arm's-length contractual counterparty and not as an advisor or fiduciary.

In making an investment decision, investors must rely on their own examination of the Issuer and the Guarantor and the terms of the Notes being offered, including the merits and risks involved.

No website referred to in this Base Prospectus forms part of this Base Prospectus.

GENERAL DESCRIPTION OF THE PROGRAMME

The following overview does not purport to be complete and is qualified in its entirety by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms.

Under the Programme, the Issuer may from time to time issue Notes. The final terms of each Tranche of Notes will be agreed between the Issuer, the Guarantor and the Dealer(s) prior to the issue of such Tranche and will be set out and completed by Part A of the applicable Final Terms or as modified and/or supplemented, as applicable.

Notes may be issued whose return (whether in respect of any interest payable on such Notes and/or their redemption amount) is linked to one or more indices ("**Index Linked Notes**"), one or more shares or depositary receipts ("**Equity Linked Notes**"), one or more inflation indices ("**Inflation Linked Notes**"), one or more exchange traded fund shares ("**ETF Linked Notes**"), one or more fund shares or units ("**Fund Linked Notes**"), the credit of a specified entity or entities ("**Credit Linked Notes**"), one or more foreign exchange rates ("**Foreign Exchange (FX) Rate Linked Notes**") or any combination thereof ("**Combination Notes**") as more fully described herein. Notes may provide that settlement will be by way of cash settlement ("**Cash Settled Notes**") or physical delivery ("**Physically Settled Notes**") as provided in the Final Terms.

RISK FACTORS

In purchasing Notes, investors expose themselves to the risk that the Issuer and the Guarantor may become insolvent, subject to early intervention or resolution measures, or otherwise be unable to make all payments due in respect of the Notes. Each of the Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor to pay interest, principal or other amounts on or otherwise perform its obligations in connection with any Notes may occur for other reasons which may not be considered significant risks by either the Issuer or the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Prospective investors in the Notes should consider carefully, among other things in the light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below (which each of the Issuer and the Guarantor, in its reasonable opinion, believes represent or may represent the risk factors known to it which may affect the Issuer's and/or the Guarantor's ability to fulfil its obligations under the Notes) in making an investment decision. Noteholders may lose the value of their entire investment in certain circumstances.

References herein to "BBVA" or to the "Bank" shall be read and construed as references to the Guarantor.

The Risk Factors set out below appear under the following headings:

1. Risk Factors relating to the Issuer.
 - 1.1 The Issuer is dependent on the Guarantor to make payments on the Notes
 - 1.2 Certain considerations in relation to the forum upon insolvency of the Issuer
2. Risk Factors relating to the Guarantor.
 - 2.1 Macroeconomic Risks and COVID-19 Consequences
 - 2.2 Business Risks
 - 2.3 Financial Risks
 - 2.4 Legal, Regulatory, Tax and Compliance Risks
 - 2.5 Operational Risks
3. Risk Factors relating to the Notes.
 - 3.1 The Notes may not be a suitable investment for all investors.
 - 3.2 Risk Factors associated with Notes that are linked to one or more specific types of Reference Items.
 - 3.3 Risk Factors associated generally with Notes that are linked to Reference Item(s).
 - 3.4 Risk Factors relating to the structure of a particular issue of Notes.
 - 3.5 Risk Factors regarding the Notes generally.
 - 3.6 Risk Factor relating to Sustainable Notes.

RISK FACTORS

1. Risk Factors relating to the Issuer

1.1 The Issuer is dependent on the Guarantor to make payments on the Notes

The Issuer is a wholly-owned subsidiary of the Guarantor which was established for the purpose of, among others, issuing Notes and on-lending the proceeds within the Group. The Issuer is therefore dependent upon other members of the Group paying interest on and repaying their loans in a timely fashion. Should the Guarantor fail to pay interest on or repay any loan in a timely fashion this will have a material adverse effect on the ability of the Issuer to fulfil its obligations under Notes issued under the Programme.

By virtue of its dependence on the Guarantor, each of the risks described below that affect the Guarantor will also indirectly affect the Issuer.

1.2 Certain considerations in relation to the forum upon insolvency of the Issuer

In the event of insolvency of the Issuer, the court having jurisdiction to open insolvency proceedings and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Council Regulation (EC) No 848/2015, of 20 May 2015, on insolvency proceedings ("**Regulation 848/2015**"), the Royal Legislative Decree 1/2020, of 5 May 2020, that approved the reinstated provisions of the Spanish Insolvency Law 22/2003, of 9 July 2003, as amended (the "**Spanish Insolvency Law**") and the Dutch Insolvency Law (*faillissementswet*) of 30 September 1893, as amended (the "**Dutch Insolvency Law**"). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

Under Regulation 848/2015 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 848/2015 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of its main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that the centre of main interests of the Issuer should be considered to be located in Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

Noteholders should be aware that, in accordance with the above, in the case of an eventual insolvency of the Issuer, there is uncertainty as to whether the insolvency proceedings would be opened in the Netherlands or in Spain.

2. Risk Factors relating to the Guarantor

The description of the risks inherent to the activity of the BBVA Group, its businesses and its operations, as well as the quantitative information on the different risks, based on data referring to the 2020, 2019 and 2018 financial years, and, where appropriate, data referring to the three-month period ended 31 March 2021, are described in this section and it complements what is included in the Consolidated Annual Accounts and Consolidated Management Report for the year ended 31 December 2020 2019 and 2018 and the quarterly report for the three months ended 31 March 2021.

In the Chapter of Risk Management of the Management Report attached to the Consolidated Annual Accounts for 2020, both the risk factors and the risk principles and policies of the BBVA Group are indicated, as well as the corporate governance scheme on risk management, the internal control model and the tools, circuits and relevant procedures.

The main risk factors that the BBVA Group takes into consideration at the date of this Base Prospectus are detailed below.

2.1 Macroeconomic Risks and COVID-19 Consequences

The coronavirus (COVID-19) pandemic is adversely affecting the Group

The COVID-19 (coronavirus) pandemic has affected and is expected to continue to adversely affect the world economy, having led many of the countries in which the Group operates to economic recession in 2020. This

RISK FACTORS

recession is expected to be followed by high but uneven activity growth across sectors and geographies in 2021. Among other challenges, the countries in which the Group operates have experienced widespread increases in unemployment levels and declines in production, while public debt has significantly increased due to the support and spending measures implemented by authorities. Furthermore, an increase in loan losses by both companies and individuals is expected, which has so far been slowed down by the impact of government and sector support measures, including bank payment deferrals and direct aid measures. In addition, volatility in the financial markets may continue, affecting exchange rates and the value of assets and investments, all of which has adversely affected the Group's results in 2020 and is expected to continue to affect them in the future.

Furthermore, the Group has been and may continue to be affected by the specific measures or recommendations adopted by regulatory authorities in the banking sector, such as variations in reference interest rates, the relaxation of prudential requirements, the suspension of dividend payments, the deferral of monthly instalments for certain loans and the implementation of credit lines with public guarantees, especially to companies and self-employed individuals, as well as changes in the financial asset purchase programs by the European Central Bank (ECB). As of March 31, 2021, the amounts of payment deferrals and financing granted with a public guarantee reached 3 million customers at the Group level and amounted to €43,954 million, equivalent to 12.9% of the lending portfolio of which 62% are payment deferrals and 38% financing with public guarantee. Although as of March 31, 2021, 80% of the payment deferrals granted due to the COVID-19 pandemic have already expired and, therefore, it has been possible to observe the payment behavior for many customers, there are still existing transactions that will be due for the first time before the end of the first semester of 2021. Hence, as of March 31, 2021, it is not possible to anticipate the payment behavior for these customers since it cannot yet be assured that economic conditions will improve during that period.

Since the outbreak of COVID-19, the Group has experienced a decline in its activity. For example, the granting of new loans to individuals has decreased since mobility restriction measures were approved in certain countries in which the Group operates. In addition, the Group faces various risks, such as a greater risk of impairment of the value of its assets (including financial instruments valued at fair value, which may suffer significant fluctuations) and of the securities held for liquidity reasons, an even further increase in non-performing loans and risk-weighted assets, as well as a negative impact on the Group's financing cost and its access to financing (especially in an environment where credit ratings are affected). As of March 31, 2021 and December 31, 2020, 8% and 9%, respectively, of the Group's exposure is placed in sectors identified as most vulnerable to the current environment, especially leisure, residential real estate, commercial real estate, nonfood retailers and air transportation.

Since the beginning of the crisis in the first quarter of 2020, security, business continuity and public support measures have been adopted in the countries in which the Group operates, most of which have consisted of public guarantees for new loans to companies and SMEs, moratoria and deferral of payments in certain home loans. There has been an operational network of offices with dynamic management and reinforcement of digital channels, in addition to promoting remote work, prioritizing health protection. Once these measures are completed, the Group may have to carry out deterioration or write-offs in its lending portfolios as a result of the deterioration of the credit quality of its clients, especially SMEs. Such impairments or write-offs could have a significant adverse effect on the Group's business, financial situation and operating results.

In addition, in several of the countries in which the Group operates, including Spain, the Group closed the branches and reduced opening hours of working with the public, depending on the confinement measures established in each geography, and the teams that provide central services have had to work remotely. While these measures were progressively reversed in most regions, it is unclear how long it will take before they can be fully reversed due to the persistence of the COVID-19 pandemic. Furthermore, the COVID-19 pandemic could also adversely affect the business and operations of third parties that provide critical services to the Group and, in particular, the greater demand and/or reduced availability of certain resources could in some cases make it more difficult for the Group to maintain the required service levels. Furthermore, the increase in remote working has increased the risks related to cybersecurity, as the use of non-corporate networks has increased.

The COVID-19 pandemic has had an adverse effect on the Group's results and capital base.

In 2020, the COVID-19 pandemic had an extraordinary adverse effect, causing an increase in the cost of risk associated with the lending portfolio, mainly due to the deterioration of the macroeconomic environment, which in the Group as a whole had a negative impact registered in the first semester of 2020 which amounts to €2,009 million (including the initial adverse effect of the payment deferrals) and provisions for impairment of credit

RISK FACTORS

risks and contingent commitments for €95 million, as well as a deterioration on the goodwill of the Group's subsidiary in the United States.

The COVID-19 pandemic has also exacerbated, and is likely to continue to exacerbate, other risks disclosed in this section, including but not limited to, risks associated with the credit quality of the Group's borrowers and counterparties or collateral, any withdrawal of ECB funding (of which the Group has made and continues to make significant use), the Group's exposure to sovereign debt and rating downgrades, the Group's ability to comply with its regulatory requirements, including MREL (as defined in this document) and other capital requirements, and the deterioration of economic conditions or changes in the institutional environment.

The final magnitude of the impact of the COVID-19 pandemic on the Group's business, financial condition and results of operations, which is expected to be significant, will depend on future and uncertain events, including the intensity and persistence over time of the consequences arising from the COVID-19 pandemic in the different geographies in which the Group operates.

A deterioration in economic conditions or the institutional environment in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations

The Group is sensitive to the deterioration of economic conditions or the alteration of the institutional environment of the countries in which it operates, and especially of Spain, Mexico and Turkey, which respectively represented 54.9%, 15.3% and 8.2% of the Group's assets as of March 31, 2021 (55.1%, 15.0% and 8.1% as of December 31, 2020). As of March 31, 2021 and December 31, 2020, the Group's attributable profit amounted to €1,210 and €1,305 million, respectively, (€1,033 and €3,084 million adjusted attributable profit), being the percentage on the adjusted attributable profit of Spain, Mexico, Turkey and South America, 36.9%, 47.7%, 18.5% and 10.0%; and 19.7%, 57.0%, 18.3% and 14.5%, respectively. As of March 31, 2021 and December 31, 2020, the balances of assets corresponding to the companies for sale in the United States that have been reclassified from their corresponding accounting headings to the headings "Non-current assets and disposal groups classified as held for sale", represents 12.3% and 11.7%, respectively. Additionally, the Group is exposed to sovereign debt, particularly sovereign debt related to these geographies.

Currently, the world economy is facing several exceptional challenges. In particular, the crisis derived from the COVID-19 pandemic has abruptly and significantly deteriorated the economic conditions of the countries in which the Group operates, leading many of them to an economic recession in 2020. Furthermore, this crisis could lead to a deglobalisation of the world economy, produce an increase in protectionism or barriers to immigration, fuel the trade war between the United States and China and result in a general withdrawal of international trade in goods and services, as well as having other effects of long duration that transcend the pandemic itself. Added to this is the uncertainty regarding the UK's exit from the EU (**Brexit**). The long-term effects of Brexit will depend on the relationship between the UK and the EU following its exit from the European Single Market, which took place last December 31, 2020, and the implementation of the trade agreement ratified by the European Parliament on April 28, 2021. Furthermore, in a scenario as uncertain as the current one, emerging economies (to which the Group is significantly exposed, particularly in the case of Mexico and Turkey) could be particularly vulnerable to a trade war or if there were changes in the financial risk appetite. Likewise, the possible triggering of a disorderly deleveraging process in China would pose a significant risk to these economies.

Thus, the Group faces, among others, the following general risks to the economic and institutional environment in which it operates: a deterioration in economic activity in the countries in which it operates, which could lead to further economic recession in some or all of those countries; more intense deflationary pressures or even deflation; variations in exchange rates; a very low interest rate environment, or even a long period of negative interest rates in some regions where the Group operates; an unfavourable evolution of the real estate market, to which the Group remains significantly exposed; very low oil prices could particularly affect producing regions such as Venezuela, Mexico or Colombia, while a rise in oil prices could have a negative impact on the levels of income available in areas that are purely oil consuming, such as Spain or Turkey, where the Group is especially exposed; changes in the institutional environment in the countries in which the Group operates that could lead to sudden and sharp falls in GDP and/or regulatory changes; a growing public deficit that could lead to downgrades in sovereign debt credit ratings and even a possible default or restructuring of such debt; and episodes of volatility in markets, such as those currently being experienced, which could lead the Group to register significant losses.

2.2 Business Risks

RISK FACTORS

The Group's businesses are subject to inherent risks concerning borrower and counterparties credit quality and the value of collaterals that strengthen its lending portfolio, particularly in Spain, where adverse changes in the Spanish economy could have an adverse effect on the Group

The total maximum credit risk exposure of the Group as of March 31, 2021 was €754,123 million (€749,524 million, €809,786 million and €763,082 million as of December 31, 2020, 2019 and 2018 respectively). The maximum exposure of loans and advances to customers at amortized cost at March 31, 2021 and December 31, 2020 is €322,866 and €323,252 million, respectively, of which Spain, Mexico and Turkey represent 60%, 17% and 12% and 61%, 16% and 12% respectively. The accumulated loss allowances of loans and advances to customers at amortized cost at March 31, 2021 and December 31, 2020 amount to €12,183 and €12,105 million, respectively, of which Spain, Mexico and Turkey represent 47%, 18% and 20% and 47%, 18% and 19% respectively. The Group has exposures to many different products, counterparties and obligors and the credit quality of its exposures can have a significant effect on the Group's earnings. Adverse changes in the credit quality of the Groups borrowers and counterparties or collateral, or in their behaviour or businesses, may reduce the value of the Group's assets, and materially increase the Group's write-downs and loss allowances. Credit risk can be affected by a range of factors, including an adverse economic environment, reduced consumer, corporate or government spending, changes in the rating of individual contractual counterparties, their debt levels and the environment in which they operate, increased unemployment, reduced asset values, increased retail or corporate insolvency levels, reduced corporate profits, changes (and the timing, quantum and pace of these changes) in interest rates, counterparty challenges to the interpretation or validity of contractual arrangements or provisions and legal and regulatory developments.

Non-performing or impaired customer loans have been adversely affecting, and are expected to continue to adversely affect, the Group's results given the increasing economic uncertainty. As of March 31, 2021 and December 31, 2020, the Group had a non-performing loan (NPL) ratio (as defined in "Alternative Performance Measures" of the Management Report 2020) of 4.3% and 4.2% respectively, compared to 3.8% and 3.9% as of December 31, 2019 and 2018, respectively. Prior to the COVID-19 pandemic, NPL ratio had progressively improved due in part to the low interest rates, which improved clients' ability to pay. However, NPLs are expected to significantly increase once payment deferrals schemes adopted by governments are lifted due to the effects of the COVID-19 pandemic.

Historically, the Group has developed its lending activity mainly in Spain, which continues to be one of its fundamental business areas, so that, as of December 31, 2020, the total risk in financial assets in Spain amounted to €236,016 of a total of €563,964 million at Group level, which was equivalent to 42% of the Group's total risk in financial assets at that date. Total loans and advances at amortized cost March 31, 2021 and December 31, 2020 amounted to €327,646 and €331,931 million, respectively. Although the increase in unemployment has been limited by the application of records of temporary employment regulation (ERTEs), an increase in unemployment is expected when these measures are withdrawn in 2021. On the other hand, although the economic recovery is expected to be driven by the implementation of initiatives by the European Union, in particular the financial support linked to the Next Generation EU plan, there are risks regarding the ability of the Spanish economy to absorb EU funds and translate that support into productive investments. Additionally, the Spanish economy is especially sensitive to the economic conditions of the Eurozone, this being the main export market for Spanish goods and services. As of March 31, 2021 and December 31, 2020, loans and advances to customers of the Group in Spain amounted to €194,661 and €195,983 million, representing 61%, respectively, of the total amount of loans and advances to customers included in the Group's consolidated balance sheet. Furthermore, the Group's business in Spain comprises relevant transactions in Catalonia, which accounted for 16% of the Group's assets in Spain as of December 31, 2020 (18% as of December 31, 2019). Although social and political tensions have generally eased since 2017, should such tensions rebound, there could be scenarios of uncertainty, volatility in the capital markets and a deterioration in the economic situation and financing conditions in Spain.

In addition, it is possible that the current scenario of economic deterioration results in a decrease in the prices of real estate assets in Spain and other countries. In particular, Mexico (whose total risk in financial assets amounts to €92,667 million, 16% of the Group), and Turkey (whose total risk in financial assets amounts to €48,253 million, 9% of the Group), taking into account the Group's exposure to these markets.

Additionally, as of March 31, 2021 and December 31, 2020, the Group's exposure to the construction and real estate sectors (excluding the mortgage portfolio) in Spain was equivalent to €9,909 million and €10,024 million, of which €2,563 million and €2,565 million respectively (with an accumulated impairment of €272 million and €281 million respectively) corresponded to loans for construction and development activities in Spain (representing 1.6% of the Group's loans and advances to customers in Spain (excluding the public sector)

RISK FACTORS

and 0.3% of the Group's consolidated assets). As of March 31, 2021, Spain with €6,713 million represents 55% of the Group's exposure to the real estate sector (€12,717 million), with Mexico and Turkey representing 14%, respectively. Moreover, the Group continues to be exposed to the real estate market, mainly in Spain, due to the fact that many of its loans are secured by real estate assets, due to the significant volume of real estate assets that it maintains on its balance sheet, and due to its shareholding in real estate companies such as Metrovacesa, S.A. and Divarian Propiedad, S.A (**Divarian**). The total real estate exposure, (excluding the mortgage portfolio), including developer credit, foreclosed assets and other assets, reflected a coverage ratio of 53% in Spain as of December 31, 2020. The group's total coverage ratio as of March 31, 2021 and December 31, 2020 amounted to 81% and 82%, respectively. A fall in the prices of real estate assets in Spain (or in other countries where the Group has significant real estate exposure such as Mexico) would reduce the value of the shareholdings referred to above, as well as the value of any real estate securing loans granted by the Group and, therefore, in the event of default, the amount of the "expected losses" related to such loans would increase. In addition, it could also have a significant adverse effect on the NPL ratios of the Group's residential mortgage portfolio (4.7% and 4.5% as of March 31, 2021 and December 31, 2020, respectively), the balance of which, as of March 31, 2021, and December 31, 2020 was €91,438 and €91,428 million, respectively y (€110,534 million as of December 31, 2019). As of March 31, 2021, Spain and Mexico represent approximately 78% and 11%, respectively. The coverage ratio of the mortgage portfolio³ was 39% and 41% as of March 31, 2021 and December 31, 2020, respectively).

The magnitude, timing and pace of any increase in default rates will be key for the Group. Furthermore, it is possible that the Group has incorrectly assessed the creditworthiness or willingness to pay of its borrowers and counterparties, that it has underestimated the credit risks and potential losses inherent in its credit exposure and that it has made insufficient provisions for such risks in a timely manner. These processes, which have a crucial impact on the Group's results and financial condition, require difficult, subjective and complex calculations, including forecasts of the impact that macroeconomic conditions could have on these borrowers and counterparties. In particular, the processes followed by the Group to estimate losses derived from its exposure to credit risk may prove to be inadequate or insufficient in the current environment of high economic uncertainty, which could affect the adequacy of the provisions for insolvencies provided by the Group. An increase in non-performing or low-quality loans could significantly and adversely affect the Group's business, financial condition and results of operations.

As of March 31, 2021 and December 31, 2020, the net amount of refinancing and restructuring of the Group amounted to €12,015 million and €11,840 million (3.8% and 3.7% of total loans to customers respectively) of which €9,266 million and €9,239 million have a real guarantee and €6,445 million and €6,337 million have a real estate guarantee, respectively. As of December 31, 2019, the net amount was €11,450 million, a 4.9% increase compared to March 31, 2021. As of March 31, 2021 and December 31, 2020, the percentage of Spain, Mexico and Turkey on the total amount of refinancing and restructuring of the Group was 65.9%, 7.7% and 16.7% and 66.3%, 6.9% and 16.6%, respectively.

The Group's business is particularly vulnerable to interest rates and is exposed to risks associated with the continuity of certain reference rates and the transition to alternative reference rates

The Group's results of operations are substantially dependent upon the level of its net interest income, which is the difference between interest income from interest-earning assets and interest expense on interest-bearing liabilities. As of March 31, 2021 and December 31, 2020 and 2019, the percentage of interest margin with respect to gross margin was 67%, 72% and 73%, respectively. This margin, in the first quarter of 2021, has decreased by 14.2% compared to the first quarter of 2020 (2.3% at constant exchange rates). The evolution is different between the different geographies in which the Group operates given that in Spain the net interest margin has fallen by 1.3%; in Mexico 11.6% (1.8% at constant exchange rates), in Turkey 35.4% (14.6% at constant exchange rates) and in South America 13.5% (increase of 5.7% at constant exchange rates). As of March 31, 2021 and December 31, 2020, the interest margin sensitivity ratio (projected at 12 months) to interest rate falls (generally 100 basis points, although in the case of Euro and USD negative interest rate scenarios, those are allowed up to plausible levels below the current ones) on the projected 12-month interest margin would have a negative impact on interest margin depending on the geographical area: Euro Balance -7.75% and -8, 23%; Mexico -2.88% and -2.96%; Turkey -1.38% and -0.77% and South America -2.55% and -2.13%, respectively.

With regard to the risk of variation in the market value of assets and liabilities, as of December 31, 2020, the average VaR was €27 million. By type of market risk assumed by the Group's trading portfolio, the main risk factor in the Group continues to be linked to interest rates, representing a 56% of the total at the end of 2020 (including spread risk) and decreasing the relative weight compared to the end of 2019 (58%). On the other

RISK FACTORS

hand, the exchange risk represents a 22%, a slight increase compared to the end of the year 2019 (13%), while variable income risk and volatility and correlation risk, decrease, representing a 22% at the end of the year 2020 (versus 29% at the end of the year 2019). As of December 31, 2020, the VaR balance was €28 million (€32 million corresponding to interest and spread risk, €12 million to exchange rate risk, €2 million to equity risk and €11 million to volatility risk and -€29 million of diversification effect).

Interest rates are highly sensitive to many factors beyond the Group's control, including fiscal and monetary policies of governments and central banks, regulation of the financial sector in the markets in which it operates, domestic and international economic and political conditions and other factors. In this sense, the COVID-19 pandemic has triggered a process of cuts in reference interest rates, which, moreover, will likely take time to be raised and, if raised, interest rates will likely increase at a slower rate than previously foreseen. It is possible that changes in market interest rates, which could be negative in some cases, and the ongoing benchmark reforms, affect the Group's interest-earning assets differently from the Group's interest-bearing liabilities. This, in turn, may lead to a reduction in the Group's net interest margin, which could have a significant adverse effect on its results. Moreover, the ongoing benchmark reforms expose the Group to other significant risks, including legal and operational risks.

Such reform of the benchmarks exposes the Group to other significant risks, including legal and operational risks. In recent years, international regulators have been driving a transition from the use of interbank offer rates ("IBORs"), including EURIBOR, LIBOR and EONIA, to alternative risk free rates ("RFRs"). This has resulted in regulatory reform and changes to existing IBORs, with further changes anticipated. These reforms and changes may cause an IBOR to perform differently than it has done in the past or to be discontinued. For example, in 2017, the U.K. Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of LIBOR after 2021, and EONIA modified its methodology on October 2, 2019 and will likely be discontinued as from January 2022. In November 2019, the determination methodology for EURIBOR was changed to a new hybrid methodology using transaction-based data and other sources of data.

Uncertainty as to the nature and extent of such reforms and changes, and how they might affect financial instruments, may adversely affect the valuation or trading of a broad array of financial instruments that use IBORs, including any EURIBOR, EONIA or LIBOR-based securities, loans, deposits and derivatives that are issued by the Group or otherwise included in the Group's financial assets and liabilities. Such uncertainty may also affect the availability and cost of hedging instruments and borrowings. The Group is particularly exposed to EURIBOR-based financial instruments. The nominal of the hedging instruments directly affected by the IBOR reform as of December 31, 2020 was €9,658 million for cash flow hedges and €12,351 million for fair value hedges.

It is not possible to predict the timing or full effect of the transition to RFRs. As a result of such transition, the Group will be required to adapt or amend documentation for new and the majority of existing financial instruments, and may be subject to disputes (including with customers of the Group) related thereto, either of which could have an adverse effect on the Group's results of operations. The implementation of any alternative RFRs may be impossible or impracticable under the existing terms of certain financial instruments. Such transition could also result in pricing risks arising from how changes to reference rates could impact pricing mechanisms in some instruments, and could have an adverse effect on the value of, return on and trading market for such financial instruments and on the Group's profitability. In addition, the transition to RFRs will require important operational changes to the Group's systems and infrastructure as all systems will need to account for the changes in the reference rates.

As of December 31, 2020, 2019 and 2018, 53%, 59% and 62% of the total transactions with a maturity greater than one year of "Loans and advances to customers" have variable interest rate. This significance amount of loans tied to variable interest rates makes the profitability of the loans more sensitive to falls in interest rates and, in addition, that the repayment capacity of these loans was more sensitive to changes in interest rates too. Furthermore, if interest rates were to increase in some or all of the Group's markets, this could reduce the demand for credit and the Group's ability to generate credit for its clients, as well as contribute to an increase in the NPL ratio.

Any of these factors may have a material adverse effect on the Group's business, financial condition and results of operations.

RISK FACTORS

The Group faces increasing competition and is exposed to a changing business model

In recent years, the financial services sector has undergone a significant transformation driven by the development of the Internet and mobile technologies and the entry of new players into activities previously controlled by financial institutions. The markets in which the Group operates are highly competitive and it is expected that this trend will continue in the coming years with the increasing entry of non-bank competitors (some of which have large client portfolios and strong brand recognition) and the emergence of new business models, as indicated by the Financial Stability Board's report on FinTech and market structure in financial services at a global level, banks have a share of approximately 39% of total financial services market at the end of 2019 and non-bank financial intermediaries a 49,5%. Traditionally, commercial banks have been the only providers of financial products and services, from credit to deposits, including payment and investment services. Although the Group is making efforts to anticipate these changes, betting on its digital transformation, its competitive position is affected by the regulatory asymmetry that benefits non-bank operators. For example, banking groups are subject to prudential regulations that have implications for most of their businesses, including those in which they compete with non-bank operators that are only subject to regulations specific to the activity they develop or that benefit from loopholes in the regulatory framework. Furthermore, when banking groups carry out financial activities through the use of new technologies, they are generally subject to additional internal governance rules that place such groups at a competitive disadvantage.

Moreover, the widespread adoption of new technologies, including cryptocurrencies and payment systems that do not use the banking system, could require substantial investment to modify or adapt existing products and services as the Group continues to increase its mobile and internet banking capabilities and online. Likewise, the increasing use of these new technologies and mobile banking platforms could have an adverse impact on the Group's investments in facilities, equipment and employees of the branch network. A faster pace of transformation towards mobile and online banking models could require changes in the Group's commercial banking strategy, including the closure or sale of some branches and the restructuring of others, and reductions in employees. These changes could result in significant expenses as the Group reconfigures and transforms its commercial network. On the other hand, the trend towards the consolidation in the banking industry has created larger banks (such as the one resulting from the merger of Caixabank and Bankia) with which the Group must compete. Failure to efficiently and on a timely basis implement such changes could have a material adverse impact on the Group's competitive position or otherwise have a material adverse effect on the Group's business, financial condition or results of operations.

As indicated in the Relevant Event published 8 June 2021, BBVA reached an agreement with the union representatives on the collective layoff process for Banco Bilbao Vizcaya Argentaria, S.A. in Spain initiated in 13 April 2021 that will affect 2,935 employees. The agreement also includes the closing of 480 branches. The cost of the process is estimated at €960 million before taxes, of which 720 million correspond to the collective layoff and 240 million to the closing of branches.

Existing loopholes in the regulatory environment create an uneven playing field between banks and non-bank players. Some new services or business models ("FinTechs" or "BigTechs") are not yet covered by current regulations. In these cases, asymmetries may arise between players since regulated providers often face obstacles in engaging in unregulated activities. The future success of the Group depends, in part, on its ability to use technology to provide suitable products and services for customers. Despite the technological capabilities that the Group has been developing and its commitment to digitization, as a result of the aforementioned inequalities, it is likely that the Group may not be able to effectively implement new technology-based products and services or that it may not be successful in its commercialization, which would negatively affect the business, the financial situation and the results of the Group.

In particular, the Group is challenged to compete in an environment in which the relationship with the customer is based on access to digital data and interactions. This access is increasingly dominated by digital platforms that are already eroding the Group's results in highly relevant markets such as payments. These platforms can leverage their advantage in access to data to compete with the Group in other markets and could reduce the Group's operations and margins in its core businesses such as lending or wealth management. The alliances that the Group's competitors are beginning to create with Bigtechs may prevent it from a successful competition and could adversely affect the Group. In the event that the Group is unable to face increasing competition successfully, its business, financial condition and results could be significantly and adversely affected.

The Group faces risks related to its acquisitions and divestitures

The Group has acquired and sold various companies and businesses over the past few years. As of June 1, 2021, the Group announced the closing of the sale of BBVA USA and certain other Group companies in the US.

RISK FACTORS

As of March 31, 2020 and December 31, 2019, goodwill impairment indicators were identified in the United States CGU and as a result of the goodwill valuation, the Group recorded impairments in the United States CGU which amounted to €2,084 million and €1,318 million, respectively. As of March 31, 2021, the goodwill registered in the Group corresponds to €896 million, mainly from Mexico and Turkey.

Other recent transactions include the sale of Banco Bilbao Vizcaya Argentaria Paraguay, S.A. (BBVA Paraguay) (the transaction generated a capital loss net of taxes of approximately €9 million), Banco Bilbao Vizcaya Argentaria Chile, S.A. (**BBVA Chile**) and the transaction with Cerberus in relation to the real estate business in Spain.

The Group may not complete any ongoing or future transactions in a timely manner, on a cost-effective basis or at all and, if completed, they may not obtain the expected results. In addition, if completed, the Group's results of operations could be adversely affected by divestiture or acquisition-related charges and contingencies. The Group may be subject to litigation in connection with, or as a result of, divestitures or acquisitions, including claims from terminated employees, customers or third parties. In the case of an acquisition, the Group may be liable for potential or existing litigation and claims related to an acquired business, including because either the Group is not indemnified for such claims or the indemnification is insufficient. Further, in the case of a divestiture, the Group may be required to indemnify the buyer in respect of similar or other matters, including claims against the divested entity or business.

In the case of an acquisition, even though the Group reviews the companies it plans to acquire, it is often not possible for these reviews to be complete in all respects and there may be risks associated with unforeseen events or liabilities relating to the acquired assets or businesses that may not have been revealed or properly assessed during the due diligence processes, resulting in the Group assuming unforeseen liabilities or an acquisition not performing as expected. In addition, acquisitions are inherently risky because of the difficulties that may arise in integrating people, operations and technologies that may arise. There can be no assurance that any of the businesses the Group acquires can be successfully integrated or that they will perform well once integrated. Acquisitions may also lead to potential write-downs that adversely affect the Group's results of operations.

Any of the foregoing may cause the Group to incur significant unexpected expenses, may divert significant resources and management attention from the Group's other business concerns, or may otherwise have a material adverse impact on the Group's business, financial condition and results of operations.

The Group faces risks derived from its international geographic diversification and its significant presence in emerging countries

The Group is made up of commercial banks, insurance companies and other financial services companies in various countries and its performance as a global business depends on its ability to manage its different businesses under various economic, social and political conditions, facing different normative and regulatory requirements in many of the jurisdictions in which it operates (including, among others, different supervisory regimes and different tax and legal regimes related to the repatriation of funds or the nationalisation or expropriation of assets).

In addition, the Group's international operations may expose it to risks and challenges to which its local competitors may not be exposed, such as currency risk (As of March 31, 2021 and December 31, 2020 and 2019, approximately 48.1%, 46.2% and 48.2% of the assets and 44.7%, 41.0% and 42.0% of the Group's liabilities, respectively, were denominated in currencies other than the euro), the difficulty in managing or supervising a local entity from abroad, political risks (which could affect only foreign investors) or limitations on the distribution or repatriation of dividends (for example, BBVA's Venezuelan and Argentinean subsidiaries (whose book value is €78 million and €876 million, respectively, as of March 31, 2021) is subject to certain restrictions and there is no assurance that further restrictions will not be imposed), thus worsening its position compared to that of local competitors.

In 2020, dividend income from its subsidiaries represented €1,245 million, approximately 20% of the gross margin of Banco Bilbao Vizcaya Argentaria, S.A. There has been a decrease of 38% compared to 2019, mainly due to the policies of Regulators about limiting the dividend distribution. Due, in part, to the Group's decision to follow a 'Multiple Point of Entry' strategy, in accordance with the framework for the resolution of financial entities designed by the Financial Stability Board (FSB), the Group's subsidiaries are self-sufficient and each subsidiary is responsible for managing its own capital and liquidity. This means that the payment of dividends, distributions and advances by the Group's subsidiaries to BBVA depends not only on the results of those subsidiaries, but also on the context of their operations and liquidity needs, and may be further limited by legal,

RISK FACTORS

regulatory and contractual restrictions. For example, in response to the crisis caused by the COVID-19 pandemic, certain restrictions were adopted that affect the distribution and/or repatriation of dividends of some of the Group's subsidiaries. There is no assurance that these restrictions will not remain in effect or, where lifted, reinstated, or that similar or new restrictions will not be imposed in the future. Furthermore, the Group's right, as a shareholder, to participate in the distribution of assets resulting from the eventual liquidation or any reorganization of its subsidiaries will be effectively subordinated to the rights of the creditors of those subsidiaries, including their commercial creditors.

In addition, the Bank, its subsidiaries and the Group must comply with certain capital requirements, where non-compliance could lead to the imposition of restrictions or prohibitions on making any: (i) distributions relating to common equity tier ("CET1") capital; (ii) payments related to variable remuneration or discretionary pension benefits; and (iii) distributions linked to additional tier 1 ("AT1") instruments (collectively, "discretionary payments"). Likewise, the ability of the Bank and its subsidiaries to pay dividends is conditioned by the recommendations and requirements of their respective supervisors, such as those made in response to the COVID-19 pandemic. In this regard, on April 30, 2020, the Bank announced that it had agreed to modify, for the financial year 2020, the Group's shareholder remuneration policy, opting not to pay any amount as a dividend corresponding to the financial year 2020 until the uncertainties generated by the COVID-19 pandemic dissipate and, in any case, not before the close of the 2020 fiscal year. However, in accordance with the distribution capacity established by the ECB in relation to the consolidated results of 2020, the General Shareholders' Meeting, held on April 20, 2021, approved, in the third point of its agenda, a cash distribution charged to the share premium account for an amount of €0.059 gross per share as remuneration to the shareholder in relation to the Group's result in 2020 for each of the shares in circulation, which was paid on April 29, 2021. However, it is not possible to guarantee that new restrictions or recommendations from supervisors will not limit the ability of our subsidiaries or the Bank itself to distribute dividends in the future.

There can be no guarantee that the Group will be successful in developing and implementing policies and strategies in all of the countries in which it operates, some of which have experienced significant economic, political and social volatility in recent decades. In particular, the Group has significant operations in several emerging countries, such as Mexico and Turkey, and is therefore vulnerable to the deterioration of these economies. Emerging markets are generally affected by the conditions of other commercially or financially related markets and by the evolution of global financial markets in general (they may be affected, for example, by the evolution of interest rates in the United States and the exchange rate of the U.S. dollar), as well as, in some cases, by fluctuations in the prices of commodities. The perception that the risks associated with investing in emerging economies have increased, in general, or in emerging markets where the Group operates, in particular, could reduce capital flows to those economies and adversely affect such economies, and therefore the Group. Moreover, emerging countries are more prone to experience significant changes in inflation and foreign exchange rates, which may have a material impact on the Group's results of operations, assets (including risk-weighted assets (RWAs)) and liabilities. As of December 31, 2020, the estimated sensitivities of the result attributable to the owners of the parent company, taking into account the coverage against depreciations and appreciations of 1% of the average rate in the Mexican peso, Turkish lira and US dollar was €4.9, €4.5 and €4.3 million, respectively.

If the Group failed to adopt effective and timely policies and strategies in response to the risks and challenges it faces in each of the regions where it operates, particularly in emerging countries, the Group's business, financial condition and results of operations could be materially and adversely affected.

2.3 Financial Risks

The Group has a continuous demand for liquidity to finance its activities and the withdrawal of deposits or other sources of liquidity could significantly affect it

Traditionally, one of the Group's main sources of financing has been savings accounts and demand deposits. As of March 31, 2021 and December 31, 2020, the balance of customer deposits represented 70% of the Group's total financial liabilities at amortised cost. However, the volume of wholesale and retail deposits can fluctuate significantly, including as a result of factors beyond the Group's control, such as general economic conditions, changes in economic policy or administrative decisions that diminish their attractiveness as savings instruments (for example, as a consequence of changes in taxation, coverage by guarantee funds for deposits or expropriations) or competition from other savings or investment instruments (including deposits from other banks).

Likewise, changes in interest rates and credit spreads may significantly affect the cost of the Group's short and long-term wholesale financing. Changes in credit spreads are driven by market factors and are also influenced by the market's perception of the Group's solvency. As of March 31, 2021 and December 31, 2020 debt

RISK FACTORS

securities issued by the Group represented 12.1% and 12.6% of the total financial liabilities at amortised cost of the Group.

In addition, the Group has made and continues to make significant use of public sources of liquidity, such as the ECB extraordinary measures taken in response to the financial crisis since 2008 or those taken in connection with the crisis caused by the COVID-19 pandemic. The ECB announced in December 2020 the new conditions of its Targeted Long Term Refinancing Operations III, increasing the maximum amount that BBVA may receive from €35,032 million to €38,692 million and extending the enhanced conditions in terms of cost by one additional year until June 2022. As of March 31, 2021 and December 31, 2020, BBVA had drawn down €38,392 and €35,032 million respectively. However, the conditions of this or other programmes could be revised or these programmes could be cancelled.

In the event of a withdrawal of deposits or other sources of liquidity, especially if it is sudden or unexpected, the Group may not be able to finance its financial obligations or meet the minimum liquidity requirements that apply to it, and may be forced to incur higher financial costs, liquidate assets and take additional measures to reduce leverage. Furthermore, the Group could be subject to the adoption of early intervention measures or, ultimately, to the adoption of a resolution measure by the Relevant Spanish Resolution Authority (see “Regulatory Framework – Resolution” of the Universal Registration Document of the Guarantor dated 10 June 2021, available at www.bbva.com (URD)). Any of the above could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group and some of its subsidiaries depend on their credit ratings and sovereign credit ratings, specially the Spanish one

Rating agencies periodically review the Group's debt credit ratings. Any reduction, effective or anticipated, in any such ratings of the Group, whether below investment grade or otherwise, could limit or impair the Group's access to capital markets and other possible sources of liquidity and increase the Group's financing cost, and entail the breach or early termination of certain contracts or give rise to additional obligations under those contracts, such as the need to grant additional guarantees. The Group estimates that, if at March 31, 2021, rating agencies had downgraded BBVA's long-term senior debt rating by one notch, it would have had to provide additional guarantees/collateral amounting to €29.8 million under its derivative and other financial contracts. A hypothetical two-notch downgrade would have involved an outlay of €46.1 million in additional guarantees/collateral. Furthermore, if the Group were required to cancel its derivative contracts with some of its counterparties and were unable to replace them, its market risk would worsen. Likewise, a reduction in the credit rating could affect the Group's ability to sell or market some of its products or to participate in certain transactions, and could lead to the loss of customer deposits and make third parties less willing to carry out commercial transactions with the Group (especially those that require a minimum credit rating), having a significant adverse impact on the Group's business, financial condition and results of operations.

Furthermore, the Group's credit ratings could be affected by variations in sovereign credit ratings, particularly the rating of Spanish sovereign debt. The Group holds a significant portfolio of debt issued by the Kingdom of Spain, by the Spanish autonomous communities and by other Spanish issuers. As of March 31, 2021 and December 31, 2020, the Group's exposure to the Kingdom of Spain's public debt portfolio was €49,575 million and €46,401 million, respectively, representing 7% and 6% of the consolidated total assets of the Group. Any decrease in the credit rating of the Kingdom of Spain could adversely affect the valuation of the respective debt portfolios held by the Group and lead to a reduction in the Group's credit ratings. Additionally, counterparties to many of the credit agreements signed with the Group could also be affected by a decrease in the credit rating of the Kingdom of Spain, which could limit their ability to attract additional resources or otherwise affect their ability to pay their outstanding obligations to the Group. The Group's exposure to the public debt portfolio of the Rest of Europe, Mexico and Turkey as of March 31, 2021 was €8,991, €25,932 and €7,047 million, respectively (as of December 31, 2020 it was €6,982, €23,886 and €7,547 million), represented by 1.2%, 3.6% and 1%, respectively (as of December 31, 2020 it was 0.9%, 3.2% and 1%).

As a consequence of the COVID-19 pandemic, some rating agencies have reviewed the Group's credit ratings or trends. Specifically, on June 22, 2020 Fitch announced the modification of BBVA's senior preferred debt long-term to A- with stable outlook from A with Rating Watch Negative. On April 1, 2020, DBRS confirmed BBVA's long-term rating of A (High) and maintained the outlook as stable. On June 24, 2021 S&P confirmed BBVA's long-term rating of A- and changed its outlook from negative to stable. There may be more ratings actions and changes in BBVA's credit ratings in the future as a result of the crisis caused by the COVID-19 pandemic, any of which could have a material adverse effect on the Group's business, financial condition and results of operations.

RISK FACTORS

2.4 Legal, Regulatory, Tax and Compliance Risks

Legal Risks

The Group is party to a number of legal and regulatory actions and proceedings

The financial sector faces an environment of increasing regulatory and litigation pressure. The Group is party to government procedures and investigations, such as those carried out by the antitrust authorities which, among other things, have in the past and could in the future result in sanctions, as well as lead to claims by customers and others. The various Group entities are also frequently party to individual or collective judicial proceedings (including class actions) resulting from their activity and operations, as well as arbitration proceedings. More generally, in recent years, regulators have increased their supervisory focus on consumer protection and corporate behaviour, which has resulted in a larger number of regulatory actions.

In Spain and in other jurisdictions where the Group operates, legal and regulatory actions and proceedings against financial institutions, prompted in part by certain recent national and supranational rulings in favor of consumers (with regards to matters such as credit cards and mortgage loans), have increased significantly in recent years and this trend could continue in the future. The legal and regulatory actions and proceedings faced by other financial institutions in relation to these and other matters, especially if such actions or proceedings result in favourable resolutions for the consumer, could also adversely affect the Group.

All of the above may result in a significant increase in operating and compliance costs and/or a reduction in revenues, and it is possible that an adverse outcome in any proceedings (depending on the amount thereof, the penalties imposed or the resulting procedural or management costs for the Group) could materially and adversely affect the Group, including by damaging its reputation.

It is difficult to predict the outcome of legal and regulatory actions and proceedings, both those to which the Group is currently exposed and those that may arise in the future, including actions and proceedings relating to former Group subsidiaries or in respect of which the Group may have indemnification obligations. Any of such outcomes could be significantly adverse to the Group. In addition, a decision in any matter, whether against the Group or against another credit entity facing similar claims as those faced by the Group, could give rise to other claims against the Group. In addition, these actions and proceedings draw resources away from the Group and may require significant attention on the part of the Group's management and employees.

As of March 31, 2021 and December 31, 2020, the Group had €625 and €612 million respectively in provisions for the proceedings it is facing (which are included in the line item "Provisions for taxes and other legal contingencies" in the consolidated balance sheet), of which €584 million (€574 million as of December 31, 2020) corresponded to legal contingencies and €41 million (€38 million as of December 31, 2020) corresponded to tax related contingencies. Most of these provisions for legal contingencies correspond to Banco Bilbao Vizcaya Argentaria S.A. and companies registered in Spain, with approximately 82%. However, the uncertainty arising from these proceedings (including those for which no provisions have been made, either because it is not possible to estimate any such provisions or for other reasons) makes it impossible to guarantee that the possible losses arising from such proceedings will not exceed, where applicable, the amounts that the Group currently has provisioned and, therefore, could affect the Group's consolidated results in a given period.

As a result of the above, legal and regulatory actions and proceedings currently faced by the Group or to which it may become subject in the future or which may otherwise affect the Group, whether individually or in the aggregate, if resolved in whole or in part adversely to the Group's interests, could have a material adverse effect on the Group's business, financial condition and results of operations.

The Spanish judicial authorities are carrying out a criminal investigation relating to possible bribery, revelation of secrets and corruption by BBVA.

Spanish judicial authorities are investigating the activities of Centro Exclusivo de Negocios y Transacciones, S.L. (Cenyt). Such investigation includes the provision of services by Cenyt to BBVA. On July 29, 2019, BBVA was named as an investigated party (investigado) in a criminal judicial investigation (Preliminary Proceeding No. 96/2017 – Piece No. 9, Central Investigating Court No. 6 of the National High Court) for alleged facts which could constitute bribery, revelation of secrets and corruption. On February 3, 2020, BBVA was notified by the Central Investigating Court No. 6 of the National High Court of the order lifting the secrecy of the proceedings. Certain current and former officers and employees of the Group, as well as former directors, have also been named as investigated parties in connection with this investigation. BBVA has been and continues to be proactively collaborating with the Spanish judicial authorities, including sharing with the courts information obtained in the internal investigation hired by the entity in 2019 to contribute to the clarification of the facts. As at the date of this Base Prospectus, no formal accusation against BBVA has been made.

RISK FACTORS

This criminal judicial proceeding is in the pre-trial phase. Therefore, it is not possible at this time to predict the scope or duration of such proceeding or any related proceeding or its or their possible outcomes or implications for the Group, including any fines, damages or harm to the Group's reputation caused thereby.

Regulatory, Tax and Compliance Risks

The Group is subject to a comprehensive regulatory and supervisory framework, including resolution regulations, which could have a significant adverse effect on its business, financial condition and results of operations

The Group is subject to a comprehensive regulatory and supervisory framework the complexity and scope of which has increased significantly since the previous financial crisis and which could further increase as a result of the crisis caused by the COVID-19 pandemic. In particular, the banking sector is subject to continuous scrutiny at the political and supervisory levels, and it is foreseeable that in the future there will continue to be political involvement in regulatory and supervisory processes, as well as in the governance of the main financial entities. For this reason, the laws, regulations and policies to which the Group is subject, as well as their interpretation and application, may change at any time. In addition, supervisors and regulators have significant discretion in carrying out their duties, which gives rise to uncertainty regarding the interpretation and implementation of the regulatory framework. Moreover, regulatory fragmentation and the implementation by some countries of more flexible or stricter rules or regulations could also adversely affect the Group's ability to compete with financial institutions that may or may not have to comply with any such rules or regulations, as applicable.

Regulatory changes over the last decade, as well as those currently in the pipeline (including changes interpretation or application of existing regulations), have increased and may continue to substantially increase the Group's operating expenses and adversely affect its business mode. For example, the imposition of prudential capital standards has limited and could further limit the ability of subsidiaries to distribute capital to the Group, while liquidity standards may require the Group to hold a higher proportion of financial instruments with higher liquidity and lower performance, which can adversely affect its net interest margin. In addition, the Group's regulatory and supervisory authorities may require the Group to review or make impairments to the value of their assets, which could have an adverse effect on its financial condition. It is also possible that governments and regulators impose ad hoc regulations in response to the crisis caused by the COVID-19 pandemic. Such measures include the imposition on credit institutions of the obligation to provide financing to various entities both private (particularly SMEs) and public entities (including, for example, the Fund for the Deposit Guarantee (FGD - Fondo de Garantía de Depósitos) or the Single Resolution Board (SRB).

Any legislative or regulatory measure and any necessary change in the Group's business operations as a consequence of such measures, as well as any failure to comply with it, could result in a significant loss of income, represent a limitation on the ability of the Group to take advantage of business opportunities and offer certain products and services, affect the value of the Group's assets, force the Group to increase prices (which could reduce the demand for its products), impose additional compliance costs or result in other possible adverse effects for the Group.

One of the most significant regulatory changes resulting from the prior financial crisis was the introduction of resolution regulations (which are described in “Regulatory Framework – Resolution” of the URD). In the event that the Relevant Spanish Resolution Authority considers that the Group is in a situation where conditions for early intervention or resolution are met, it may adopt the measures provided for in the applicable resolution regulations, including without prior notice. Such determination, or the mere possibility that such determination could be made, could materially and adversely affect the Group's business, financial condition and results of operations, as well as the market price and behaviour of certain securities issued by the Group (or their conditions, in the event of an exercise of the Spanish Bail-in Power).

Increasingly onerous capital and liquidity requirements may have a material adverse effect on the Group's business, financial condition and results of operations

As described in “Regulatory Framework – Solvency and Capital Requirements” of the URD, in its capacity as a Spanish credit institution, the Group is subject to compliance with a “Pillar 1” solvency requirement, a “Pillar 2” solvency requirement and a “combined buffer requirement” at both the individual and consolidated levels. As a result of the latest Supervisory Review and Evaluation Process (SREP) carried out by the ECB, and in accordance with the measures implemented by the ECB on March 12, 2020, by means of which banks may partially use AT1 and Tier 2 capital instruments in order to fulfil the “Pillar 2” requirement, BBVA must maintain, at a consolidated level, a common equity tier (CET1) ratio of 8.59% and a total capital ratio of 12.75%. In addition, BBVA must maintain, on an individual level, a CET1 ratio of 7.84% and a total capital ratio of 12.01%. As of March 31, 2021 and December 31, 2020, the Group's phased-in total capital ratio was

RISK FACTORS

16.16% and 16.46% on a consolidated basis and 20.04% and 20.68% on an individual basis, and its CET1 phased-in capital ratio was 12.2% and 12.15% on a consolidated basis and 15.10% and 15.14% on an individual basis, respectively.

Additionally, as described in “*Regulatory Framework – MREL*” of the URD, BBVA, as a Spanish credit institution, must maintain a minimum level of own funds and eligible liabilities (the **MREL requirement**). On May 31, 2021, the Bank announced that it had received a new communication from the Bank of Spain of its new MREL requirement, as determined by the SRB, replacing the previous one on MREL received and communicated in November, 2019. In accordance with this new communication, BBVA should maintain as of January 1, 2022, a volume of own funds and eligible subordinated liabilities corresponding to 24.78% of the total RWAs of its resolution group at the subconsolidated level¹ (the “MREL in RWAs”). Likewise, of this MREL in RWAs, a 13.50% of the total RWAs will have to be fulfilled with subordinated instruments (the “RWAs subordination requirement”). As of March 31, 2021, the own funds and eligible liabilities of the resolution group corresponds to 29.23% of its RWAs, and the subordinated own funds and eligible liabilities corresponds to the 25.95%. Nevertheless, the MREL in RWAs and the RWAs subordination requirement do not include the combined capital buffer requirement which, for these purposes, would be 2.5% as at the date of this Base Prospectus, notwithstanding any other buffer that may be applicable from time to time.

Moreover, the MREL in RWAs and the RWAs subordination requirement are equivalent, in terms of total exposure considered for the purpose of calculating the leverage ratio², to 10.25% and 5.84%, respectively. As of March 31, 2021, the resolution group has own funds and eligible liabilities of 13.40% and subordinated own funds and eligible liabilities of 11.89%, both in terms of total exposure taken into account for the calculation of the leverage ratio.

However, both the total capital and the MREL requirements are subject to interpretation and change and, therefore, no assurance can be given that the Group’s interpretation is the appropriate one or that BBVA and/or the Group will not be subject to more stringent requirements at any future time. Likewise, no assurance can be given that BBVA and/or the Group will be able to fulfil whatever future requirements may be imposed, even if such requirements were to be equal or lower. There can also be no assurances as to the ability of BBVA and/or the Group to comply with any capital target announced to the market at any given time, which could be adversely perceived by investors and/or supervisors, who could interpret that a lack of capital-generating capacity for BBVA and/or the Group exists or that the capital structure has deteriorated, either of which could adversely affect the market value or behaviour of securities issued by BBVA and/or the Group (and, in particular, any eligible liabilities and any capital instruments) and, therefore, lead to the implementation of new recommendations or requirements regarding “Pillar 2” or (should the Relevant Spanish Resolution Authority interpret that obstacles may exist for the viability of the resolution of BBVA and/or the Group), MREL.

If BBVA or the Group failed to comply with its capital requirements and with its “combined buffer requirement” they would have to calculate the Maximum Distributable Amount (**MDA**) and, until such calculation has been undertaken and reported to the Bank of Spain, the affected entity would not be able to make any discretionary payments. Once the MDA has been calculated and reported, such discretionary payments would be limited to the calculated MDA. Likewise, should BBVA or the Group not meet the applicable capital requirements, additional requirements of “Pillar 2” could be imposed. Regarding MREL, failure by the Bank or the Group to meet its respective “combined capital buffer requirement” for these purposes, taken together with its MREL requirement, could result in the imposition of restrictions or prohibitions on discretionary payments. Additionally, failure to comply with the capital requirements may result in the implementation of early intervention measures or, ultimately, resolution measures by the resolution authorities.

Regulation (EU) 2019/876 of the European Parliament and of the Council, of May 20, 2019 (as amended, replaced or supplemented at any time, **CRR II**) establishes a binding requirement for the leverage ratio effective from June 28, 2021 of 3% of Tier 1 capital (as of March 31, 2021 and December 31, 2020, the phased-in leverage ratio of the Group was 12.2% and 6.68% and fully loaded it was 11.88% and 6.46% respectively). Any failure to comply with this leverage ratio buffer may also result in the need to calculate and report the MDA, and restrictions on discretionary payments. Moreover, CRR II proposes new requirements that capital instruments must meet in order to be considered AT1 or Tier 2 instruments, including certain grandfathering measures until June 28, 2025. Once the grandfathering period in CRR II has elapsed, AT1 and/or Tier 2 instruments which do not comply with the new requirements at such date will no longer be considered as capital instruments. This

¹ The resolution group consists of Banco Bilbao Vizcaya Argentaria, S.A. and the subsidiaries belonging to the same European resolution group. As of 31st December, 2019, the total RWAs of the resolution group amounted to €204,218 million.

² As of 31st December, 2019, the total exposure considered for the purpose of calculating the leverage ratio amounted to €422,376 million.

RISK FACTORS

could give rise to shortfalls in regulatory capital and, ultimately, could result in failure to comply with the applicable minimum regulatory capital requirements, with the aforementioned consequences.

Additionally, the implementation of the ECB expectations regarding prudential provisions for NPLs (published on May 15, 2018) and the ECB's current review of internal models being used by banks subject to its supervision for the calculation of their RWAs (TRIMs) could result, respectively, in the need to increase provisions for future NPLs and increases in the Group's capital needs.

Furthermore, the adoption of the Basel III reforms described in "*Regulatory Framework – Solvency and Capital Requirements*" of the URD could result in an increase of the Group's total RWAs and, therefore, could also result in a decrease of the Group's capital ratios. Likewise, the lack of uniformity in the adoption of the Basel III reforms across jurisdictions in terms of timing and applicable regulations could give rise to inequalities and competition distortions. Moreover, the lack of regulatory coordination, with some countries bringing forward the application of Basel III requirements or increasing such requirements, could adversely affect an entity with global operations such as the Group and could affect its profitability.

Additionally, should the Total Loss Absorbing Capacity (TLAC) requirements, as described in "*Regulatory Framework – Resolution*" of the URD, currently only imposed upon G-SIBs, be applicable upon non-G-SIBs entities or should the Group once again be classified as a G-SIB, additional minimum requirements similar to MREL could in the future be imposed upon the Group.

There can be no assurance that the above capital requirements or MREL will not adversely affect BBVA's or its subsidiaries' ability to make discretionary payments, or result in the cancellation of such payments (in whole or in part), or require BBVA or such subsidiaries to issue additional securities that qualify as eligible liabilities or regulatory capital, to liquidate assets, to curtail business or to take any other actions, any of which may have adverse effects on the Group's business, financial condition and results of operations. Furthermore, an increase in capital requirements could adversely affect the return on equity and other of the Group's financial results indicators. Moreover, BBVA's or the Group's failure to comply with their capital requirements and MREL could have a significant adverse effect on the Group's business, financial condition and results of operations.

Lastly, the Group must also comply with liquidity and funding ratios. Several elements of the Liquidity Coverage Ratio (LCR) and net stable financing ratio (NSFR) (as such ratios are defined in "*Regulatory Framework – Solvency and Capital Requirements*" of the URD) as introduced by national banking regulators and fulfilled by the Group, may require implementing changes in some of its commercial practices, which could expose the Group to additional expenses (including an increase in compliance expenses), affect the profitability of its activities or otherwise lead to a significant adverse effect over the Group's business, financial condition or results of operations. As of March 31, 2021 and December 31, 2020 and December 31, 2019, the Group's LCR was 151%, and 149% and 129% respectively. The NSFR was 127% as of March 31, 2021, 127% as of December 31, 2020 and 120% as of December 31, 2019.

The Group is exposed to tax risks that may adversely affect it

The size, geographic diversity and complexity of the Group and its commercial and financial relationships with both third parties and related parties result in the need to consider, evaluate and interpret a considerable number of tax laws and regulations, as well as any relevant interpretative materials, which in turn involve the use of estimates, the interpretation of indeterminate legal concepts and the determination of appropriate valuations in order to comply with the tax obligations of the Group. In particular, the preparation of the Group's tax returns and the process for establishing tax provisions involve the use of estimates and interpretations of tax laws and regulations, which are complex and subject to review by the tax authorities. Any error or discrepancy with tax authorities in any of the jurisdictions in which the Group operates may give rise to prolonged administrative or judicial proceedings that may have a material adverse effect on the Group's results of operations.

In addition, governments in different jurisdictions are in the search for new funding sources, and, they have recently focused on the financial sector. The Group's presence in various jurisdictions increases its exposure to regulatory and interpretative changes, which could, among other things, lead to (i) an increase in the types of tax to which the Group is subject, including in response to the demands of various political forces, (ii) changes in the calculation of tax bases and exemptions therefrom, such as provided in the Spanish regulations to limit the exemption for dividends and capital gains from domestic and foreign subsidiaries to 95%, which means that 5% of the dividends and capital gains obtained by Group companies in Spain will be subject to and not exempt from, corporate tax, or (iii) the creation of new taxes, like the common financial transaction tax (FTT) in the proposed Tax Directive of the European Commission (which would tax the acquisitions of certain securities, including those issued by the Group) and the Spanish FTT which came into effect in Spain in January 2021, may have adverse effects on the business, financial condition and results of operations of the Group.

RISK FACTORS

The Group is exposed to compliance risks

The Group, due to its role in the economy and the nature of its activities, is singularly exposed to certain compliance risks. In particular, the Group must comply with regulations regarding customer conduct, market conduct, the prevention of money laundering and the financing of terrorist activities, the protection of personal data, the restrictions established by national or international sanctions programs and anti-corruption laws (including the US Foreign Corrupt Practices Act of 1977 and the UK Bribery Act of 2010), the violations of which could lead to very significant penalties. These anti-corruption laws generally prohibit providing anything of value to government officials for the purposes of obtaining or retaining business or securing any improper business advantage. As part of the Group's business, the Group directly or indirectly, through third parties, deals with entities whose employees are considered to be government officials. The Group's activities are also subject to complex customer protection and market integrity regulations.

Generally, these regulations require banking entities to, among other measures, due diligence measures to manage compliance risk. Sometimes, banking entities must apply reinforced due diligence measures because they understand that, due to the very nature of the activities they carry out (among others, private banking, money transfer and foreign currency exchange operations), they may present a higher risk of money laundering or terrorist financing.

Although the Group has adopted policies, procedures, systems and other measures to manage compliance risk, it is dependent on its employees and external suppliers for the implementation of these policies, procedures, systems and other measures, and it cannot guarantee that these are sufficient or that the employees (122,021 as of 31st March 2021) or other persons of the Group or its business partners, agents and/or other third parties with a business or professional relationship with the Group do not circumvent or violate current regulations or BBVA's ethics and compliance regulations, acts for which such persons or the Group could be held ultimately responsible and/or that could damage the Group's reputation. In particular, acts of misconduct by any employee, and particularly by senior management, could erode trust and confidence and damage the Group's reputation among existing and potential clients and other stakeholders. Actual or alleged misconduct by Group entities in any number of activities or circumstances, including operations, employment-related offenses such as sexual harassment and discrimination, regulatory compliance, the use and protection of data and systems, and the satisfaction of client expectations, and actions taken by regulators or others in response to such misconduct, could lead to, among other things, sanctions, fines and reputational damage, any of which could have a material adverse effect on the Group's business, financial condition and results of operations.

Furthermore, the Group may not be able to prevent third parties outside the Group from using the banking network in order to launder money or carry out illegal or inappropriate activities. Further, financial crimes continually evolve and emerging technologies, such as cryptocurrencies and blockchain, could limit the Group's ability to track the movement of funds. Additionally, in adverse economic conditions, it is possible that financial crime attempts will increase significantly.

If there is a breach of the applicable regulations or BBVA's ethics and compliance regulations or if the competent authorities consider that the Group does not perform the necessary due diligence inherent to its activities, such authorities could impose limitations on the Group's activities, the revocation of its authorisations and licenses, and economic penalties, in addition to having significant consequences for the Group's reputation, which could have a significant adverse impact on the Group's business, financial condition and results of operations. Furthermore, the Group from time to time conducts investigations related to alleged violations of such regulations, and BBVA's ethics and compliance regulations, and any such investigation or any related procedure could be time consuming and costly, and its results difficult to predict.

Finally, in 2020 the COVID-19 outbreak has led in many countries to new specific regulations, mainly focused on consumer protection measures. The difficulties associated with the need to adapt the Group's systems to these new regulations quickly along with the fact that the majority of BBVA's employees have been working remotely could pose new compliance risks. Likewise, despite the existing controls in place, the increase in remote account opening driven by the pandemic could increase money laundering risks. Additionally, criminals are continuing to exploit the opportunities created by the pandemic across the globe and increased money laundering risks associated with counterfeiting of medical goods, investment fraud, cyber-crime scams and exploitation of economic stimulus measures put in place by governments. Increased strain on its communications surveillance frameworks could in turn raise its market conduct risk.

Any attack, failure or deficiency in the Group's systems could, among other things, lead to the misappropriation of funds of the Group's clients or the Group itself and the unauthorized disclosure, destruction or use of confidential information, as well as preventing the normal operation of the Group, and impair its ability to provide services and carry out its internal management. Furthermore, could result in the loss of customers and

RISK FACTORS

business opportunities, damage to computers and systems, violation of regulations regarding data protection and/or other regulations, exposure to litigation, fines, sanctions or interventions, loss of confidence in the Group's security measures, damage to its reputation, reimbursements and compensation, and additional regulatory compliance expenses and could have a significant adverse impact on the Group's business, financial condition and results of operations.

2.5 Operational Risks

Attacks, failures or deficiencies in the Group's procedures, systems and security or those of third parties to which the Group is exposed could have a significant adverse impact on the Group's business, financial condition and results of operations, and could be detrimental for its reputation

The Group's activities depend to a large extent on its ability to process and report effectively and accurately on a high volume of highly complex transactions with numerous and diverse products and services (by their nature, generally ephemeral), in different currencies and subject to different regulatory regimes. Therefore, it relies on highly sophisticated information technology (IT) systems for data transmission, processing and storage. However, IT systems are vulnerable to various problems, such as hardware and software malfunctions, computer viruses, hacking, and physical damage to IT centres. BBVA's exposure to these risks has increased significantly in recent years due to the Group's implementation of its ambitious digital strategy. According to data as of March 21, 2021 and December 31, 2020, 65% and 64%, respectively, of the Group's customers are digital and 61% and 59%, respectively, of customers regularly use their mobile phones to interact with BBVA, and digital sales represent 69.5% and 67.8%, respectively, of total sales. BBVA already has more than 500,000 customers registered exclusively through digital channels in Spain, of which more than 50% did so via mobile. These digital services, as well as other alternatives that BBVA offers users to become BBVA customers, have become even more important after the COVID-19 outbreak and the ensuing restrictions on mobility in the countries in which the Group operates. Currently, one in three new clients chooses digital channels to start their relationship with BBVA. Any attack, failure or deficiency in the Group's systems could, among other things, lead to the misappropriation of funds of the Group's clients or the Group itself and the unauthorised disclosure, destruction or use of confidential information, as well as preventing the normal operation of the Group, and impair its ability to provide services and carry out its internal management. In addition, any attack, failure or deficiency could result in the loss of customers and business opportunities, damage to computers and systems, violation of regulations regarding data protection and/or other regulations, exposure to litigation, fines, sanctions or interventions, loss of confidence in the Group's security measures, damage to its reputation, reimbursements and compensation, and additional regulatory compliance expenses and could have a significant adverse impact on the Group's business, financial condition and results of operations. Furthermore, it is possible that such attacks, failures or deficiencies will not be detected on time or ever. The Group is likely to be forced to spend significant additional resources to improve its security measures in the future. As cyber-attacks are becoming increasingly sophisticated and difficult to prevent, the Group may not be able to anticipate or prevent all possible vulnerabilities, nor to implement preventive measures that are effective or sufficient.

Customers and other third parties to which the Group is significantly exposed, including the Group's service providers (such as data processing companies to which the Group has outsourced certain services), face similar risks. Any attack, failure or deficiency that may affect such third parties could, among other things, adversely affect the Group's ability to carry out operations or provide services to its clients or result in the unauthorised disclosure, destruction or use of confidential information. Furthermore, the Group may not be aware of such attack, failure or deficiency in time, which could limit its ability to react. Moreover, as a result of the increasing consolidation, interdependence and complexity of financial institutions and technological systems, an attack, failure or deficiency that significantly degrades, eliminates or compromises the systems or data of one or more financial institutions could have a significant impact on its counterparts or other market participants, including the Group.

3. Risk Factors relating to the Notes

3.1 The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances.

RISK FACTORS

In addition, an investment in Equity Linked Notes, Index Linked Notes, Credit Linked Notes, ETF Linked Notes, Fund Linked Notes, Foreign Exchange (FX) Rate Linked Notes, Inflation Linked Notes, and Combination Notes may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in "*Risk Factors associated with Notes that are linked to one or more specific types of Reference Items*" below. The Notes are complex financial instruments. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

3.2 Risk Factors associated with Notes that are linked to one or more specific types of Reference Items

There are certain factors which are material for the purpose of assessing the risks associated with an investment in Notes issued under the Programme. Such factors will vary depending on the type of Notes issued, in particular in relation to Notes in respect of which the interest and/or redemption amount is linked to the value of one or more index, share, inflation index, unit, interest or share in a fund, the credit of one or more reference entity, foreign exchange rate or the combination of any of the foregoing.

There are specific risks relating to Equity Linked Notes

The Issuer may issue Notes where the amount of principal or the value of the Entitlement and/or interest payable is dependent upon the price of or changes in the price of shares or a basket of shares (or depositary receipts) or, depending on the price of or change in the price of shares or the basket of shares (or depositary receipts), where the Issuer's obligation on redemption is to deliver a specified number of shares ("**Equity Linked Notes**"). Accordingly an investment in Equity Linked Notes may bear similar market risks to a direct equity investment and potential investors should take advice accordingly.

Prospective investors in any such Notes should be aware that, depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified shares and/or depositary receipts may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the share(s) and/or depositary receipt(s) does not move in the anticipated direction. In addition, the movements in the price of the share or depositary receipt or basket of shares and/or depositary receipts may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. All these factors may affect the investments in the Notes.

If the amount of principal or entitlement amount deliverable and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on principal or interest payable, and therefore on the amount of potential losses incurred, will be magnified. See also risk factor "*There are risks associated with leveraged exposures*" below.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share(s) and/or depositary receipt(s), the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share(s) or depositary receipt(s) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares or depositary receipts may be traded.

Equity Linked Notes do not provide the holders with any voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to any share, except as may be otherwise provided in the Conditions and/or the relevant Final Terms. See also risk factor "*A Noteholder does not have rights of ownership in the Reference Item(s)*".

Upon determining that a Potential Adjustment Event, Extraordinary Event or Additional Disruption Event has occurred in relation to an underlying share or the issuer of such underlying share, the Calculation Agent has broad discretion to make certain determinations to account for such event including to (i) make adjustments to the terms of the Notes and/or (ii) (in the case of an Extraordinary Event or an Additional Disruption Event) cause early redemption of the Notes, any of which determinations may have an adverse effect on the value of the Notes.

Potential Adjustment Events (as defined in Equity Linked Condition 3) include (a) a sub-division, consolidation or re-classification of the relevant shares or a free distribution, or dividend of any such shares to existing holders

RISK FACTORS

of the relevant shares by way of bonus, capitalisation or similar issue, (b) a distribution, issue or dividend to existing holders of the relevant shares of certain share capital or securities, (c) an extraordinary dividend, (d) a call by a Basket Company or Share Company, as the case may be, in respect of relevant shares that are not fully paid (e) a repurchase by the Basket Company or its subsidiaries or Share Company or its subsidiaries, as the case may be, of relevant shares, (f) in the case of a Basket Company or a Share Company an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Basket Company or Share Company, (g) any adjustment effected as a result of any shareholder rights plan or arrangement described in (f) and (h) any other event having a dilutive or concentrative effect on the value of the shares.

Extraordinary Events (as defined in Equity Linked Condition 3) include (a) a delisting of the shares on an exchange, (b) illiquidity (c) an insolvency (where all the shares of the issuer of the underlying shares are transferred to a trustee, liquidator or similar official or may not be legally transferred) or bankruptcy of the issuer of the shares, (d) a listing change; (e) a listing suspension, (f) a merger event entailing the consolidation of the shares with those of another entity, (g) a nationalisation of the issuer of the shares or transfer of the shares to a governmental entity and (h) a tender offer or takeover offer that results in transfer of the shares to another entity.

Additional Disruption Event (as defined in Equity Linked Condition 8) means any of Change of Law (unless specified as not applicable in the Final Terms) and, Failure to Deliver, Hedging Disruption, Increased Cost of Hedging, Increased Cost of Stock Borrow, Insolvency Filing, Stop-Loss Event and/or Loss of Stock Borrow, in each case if specified in the Final Terms.

Holders may receive physical delivery of shares in lieu of payment of cash amounts

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering shares to the purchaser of such Notes, the purchasers will receive such shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such shares and the risks associated with such shares. Noteholders should not assume that they will be able to sell such shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the shares may only have a very low value or may, in fact, be worthless. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such shares.

There are specific risks relating to Index Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level of, or changes in the level of, an index or a basket of indices ("**Index Linked Notes**"). Accordingly an investment in Index Linked Notes may bear similar market risks to a direct equity investment and potential investors should take advice accordingly.

Prospective investors in any such Notes should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the index/indices does not move in the anticipated direction. In addition, movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. All these factors may affect the investments in the Notes.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest payable and therefore on the amount of potential losses incurred, will be magnified. See also risk factor *"There are risks associated with leveraged exposures"* below.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date and the volatility of the level of the index or indices as well as the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. The index may reference equities, bonds or other securities, or it may be a property index referencing certain property price data which will be subject to market price

RISK FACTORS

fluctuations. A property index may include valuations only and not actual transactions and the property data sources used to compile the index may be subject to change, which may adversely affect the return on the Notes.

Adjustment to indices for Index Linked Notes

If an Index Adjustment Event (as defined in "*Annex 2 - Additional Terms and Conditions for Index Linked Notes*") occurs the Issuer may require the Calculation Agent to make such adjustments as it determines appropriate to the terms of the Notes or redeem the Notes. Such action may have an adverse effect on the value and liquidity of the affected Index Linked Notes.

A change in the composition or discontinuance of an index could adversely affect the market value of the Notes

The sponsor of any index can add, delete or substitute the components of such index or make other methodological changes that could change the level of one or more components. The changing of components of any index may affect the level of such index as a newly added component may perform significantly worse or better than the component it replaces, which in turn may affect the payments made by the Issuer to the purchasers of the Notes. The sponsor of any such index may also alter, discontinue or suspend calculation or dissemination of such index. The sponsor of an index will have no involvement in the offer and sale of the Notes and will have no obligation to any purchaser of such Notes. The sponsor of an index may take any actions in respect of such index without regard to the interests of the purchasers of the Notes, and any of these actions could adversely affect the market value of the Notes.

The reform of "Benchmarks" may adversely affect the market value of the Notes

The Benchmarks Regulation could have a material impact on any Notes for which a request for admission to trading on a trading venue has been made or which are traded on a trading venue or via a "systematic internaliser" linked to a "benchmark" for Benchmark Regulation purposes. This could include Index Linked Notes if the relevant index comprises a "benchmark" and other conditions are satisfied. See also the risk factor "*The Group is exposed to risks related to reforms of Index and Commodity Index "Benchmarks"*".

See also risk factor "*The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders*" below.

There are specific risks relating to Credit Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more entities (together "**Reference Entities**" and each, a "**Reference Entity**") and, if so, on the value of certain specified debt obligations of such Reference Entity(ies) or, where, if such events have occurred, the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes.

Prospective investors in any such Notes should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the reference entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions, over which neither the Issuer nor Guarantor has control.

This Base Prospectus contains Additional Terms and Conditions for Credit Linked Notes with terms based on (but not identical to) the 2014 Credit Derivatives Definitions published by the International Swaps and Derivatives Association, Inc. (the "**2014 ISDA Definitions**") which are set out in Annex 8. In this respect investors should have regard to the risk factor on page [33] entitled "*ISDA Credit Derivatives Definitions*".

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a reference entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

If Credit Linked Redemption is applicable the occurrence of Credit Events may affect the redemption date of the Notes

Credit Linked Notes in respect of which Credit Linked Redemption is applicable may be redeemed prior to their scheduled maturity, save where: (i) Maturity Credit Redemption applies; or (ii) the Notes are Tranche Linear Basket Credit Linked Notes or Tranche Index Credit Linked Notes or Basket Tranche Credit Linked Notes or

RISK FACTORS

Long/Short Credit Linked Notes; or (iii) the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes where Credit Payment on Maturity applies. However, where the Credit Event Redemption Amount payable in respect of Notes described in (ii) or (iii) of the foregoing section is zero and Credit Linked Redemption is applicable, the Notes will be redeemed early. Where such Notes are redeemed early following a Credit Event, investors may lose some or all of the principal invested and will not receive the full amount of interest (if any) to the extent that interest on the Note is also Credit Linked.

Where Maturity Credit Redemption applies or where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes where Credit Payment on Maturity Applies (as specified in the applicable Final Terms) or where the Notes are Tranched Linear Basket Credit Linked Notes, Tranched Index Credit Linked Notes, Basket Tranched Index Credit Linked Notes or Long/Short Credit Linked Notes, in each case in respect of which Credit Linked Redemption is applicable, maturity of the Credit Linked Notes may be delayed until scheduled maturity of the Credit Linked Notes. Investors may therefore be forced to wait a significant time following the occurrence of the relevant Credit Event before they receive the redemption amount owed (if any).

If Credit Linked Redemption is applicable, the occurrence of a Credit Event may affect the amount payable or deliverable on redemption of the Notes

Where Credit Linked Redemption is applicable and cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero meaning that investors may lose some or all of the principal amount invested.

Where Credit Linked Redemption is applicable and physical settlement applies, the occurrence of a Credit Event may result in the redemption of the Notes by delivery of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount. Where the Notes provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which, for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans), are impossible or illegal to deliver on the specified settlement date, or (b) assets which the Issuer, the Guarantor and/or any affiliate has not received under the terms of any transaction entered into by the Issuer, the Guarantor and/or such affiliate to hedge the Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption.

Increased credit risk is associated with "First-to-Default" or "Nth-to-Default" Credit Linked Notes, Linear Basket Credit Linked Notes or Index Credit Linked Notes or Long/Short Credit Linked Notes

Where the Notes are Single Reference Entity Credit Linked Notes, First-to-Default or Nth-to-Default Credit Linked Notes, and Credit-Linked Redemption is applicable, the Notes may be subject to redemption in full as described above as a consequence of the occurrence of a Credit Event in relation to a single Credit Event the first or the nth Reference Entity in respect of which a Credit Event occurs either shortly after such credit event or, where Maturity Credit Redemption is applicable, at the scheduled maturity date.

Where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes, and Credit-Linked Redemption is applicable, where Credit Payment As You Go applies, the Notes may be subject to redemption in part upon the occurrence of a Credit Event in relation to each Reference Entity in respect of which a Credit Event occurs unless Maturity Credit Redemption is applicable in which case such Notes shall only be redeemed at the scheduled maturity date.

Where the Notes are Tranched Linear Basket Credit Linked Notes, the redemption amount of the Notes will only be reduced as described above upon the occurrence of a Credit Event in relation to a number greater than the L (being the lower tranche level) number of Reference Entities specified in the Final Terms but will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to a number equal to or greater than the H (being the higher tranche level) number of Reference Entities specified in the Final Terms. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Where the Notes are Tranched Index Credit Linked Notes or Basket Tranched Index Credit Linked Notes, the redemption amount of the Notes will only be reduced as described above upon the occurrence of a Credit Event resulting in the Aggregate Loss Percentage exceeding the Attachment Point specified in the Final Terms or the

RISK FACTORS

Aggregate Loss Percentage in respect of a Basket Trunched Index Component exceeding the Attachment Point for that Basket Trunched Index Component specified in the Final Terms, as the case may be, but will be subject to redemption in full as described above upon the occurrence of a Credit Event resulting in the Aggregate Loss Percentage, being equal to or greater than the Exhaustion Point specified in the Final Terms or the Aggregate Loss Percentage in respect of each Basket Trunched Index Component exceeding the Attachment Point for that Basket Trunched Index Component specified in the Final Terms, as the case may be. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Where the Notes are Long/Short Credit Linked Notes, the Notes will be redeemed at an amount that is equal to the sum of the Long Redemption Amount and the Short Redemption Amount. The occurrence of Credit Events may result in a reduction of the Long Redemption Amount but an increase in the Short Redemption Amount, depending on the Long Exposure or Short Exposure selected and the relevant Reference Entities. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

If Credit Linked Interest is applicable, the occurrence of Credit Events may reduce the interest payable on the Notes

In the case of Single Reference Entity Credit Linked Notes or First-to-Default Credit Linked Notes in respect of which Credit Linked Interest is applicable, following the occurrence of a Credit Event Determination Date no further interest will accrue on the Notes. In the case of Nth-to-Default Credit Linked Notes in respect of which Credit Linked Interest is applicable, following the occurrence of a Trigger no further interest will accrue on the Notes. In any such circumstances, interest may cease to accrue from the Credit Event Determination Date or from the Interest Payment Date immediately preceding the Credit Event Determination Date or Trigger, depending on the elections made in the Final Terms.

In the case of Trunched Linear Basket Credit Linked Notes in respect of which Credit Linked Interest is applicable, following the occurrence of a Credit Event Determination Date with respect to a number of Reference Entities that is greater than the L (being the lower tranche) number of Reference Entities specified in the Final Terms and each subsequent Credit Event Determination Date thereafter, interest that is subject to the Credit Linked provisions will accrue on a decreased nominal amount of the Notes until a Credit Event Determination Date has occurred with respect to a number of Reference Entities that is equal to or greater than the H (being the higher tranche) number of Reference Entities specified in the Final Terms and at which point no further interest shall be due in respect of the Notes.

In the case of Trunched Index Credit Linked Notes or Basket Trunched Index Credit Linked Notes, following the occurrence of a Credit Event Determination Date with respect to which the Aggregate Loss Percentage in respect of which a Credit Event Determination Date has occurred, exceeds the Attachment Point, (being the lower tranche specified in the Final Terms) or, in the case of Basket Trunched Index Credit Linked Notes, the Aggregate Loss Percentage in respect of a Basket Trunched Index Component exceeds the Exhaustion Point in respect of that Basket Trunched Index Component and each subsequent Credit Event Determination Date thereafter, if Credit Linked Interest is applicable interest will accrue on a decreased nominal amount of the Notes until the Scheduled Maturity Date or until a Credit Event Determination Date has occurred with respect to a number of Reference Entities such that Aggregate Loss Percentage is equal to or greater than the Exhaustion Point (being the upper tranche specified in the Final Terms) or, in the case of Basket Trunched Index Credit Linked Notes, the Aggregate Loss Percentage in respect of each Basket Trunched Index Component is equal to or greater than the Exhaustion Point in respect of that Basket Trunched Index Component and at which point no further interest amounts shall be due in respect of the Notes.

In the case of Long/Short Credit Linked Notes in respect of which Credit Linked Interest is applicable, following the occurrence of a Credit Event Determination Date in respect of a Reference Entity referenced in the Long Exposure, interest may accrue on a decreased nominal amount of the Notes and may cease to accrue entirely, depending on the nature of the Long Exposure specified in the Final Terms.

Reference Entity Credit Risk

The holders of Credit Linked Notes will be exposed to the credit of one or more Reference Entities, which exposure shall be, unless otherwise stated in the Final Terms, to the full extent of their investment in such Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for

RISK FACTORS

reasons unrelated to such Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls. See also the risk factor "*There are risks associated with leveraged exposures*" below.

Investors in the Notes are accordingly exposed, as to (if Credit Linked Redemption is applicable) principal and (if Credit Linked Interest is applicable) interest, to the credit risk of one or more Reference Entities. The maximum loss to an investor in the Notes is (if Credit Linked Redemption is applicable) 100 per cent. of their initial principal investment, together with (if Credit Linked Interest is applicable) any accrued interest amounts.

For Index Credit Linked Notes and Long/Short Credit Linked Notes that reference an Index, the Reference Entities and the Reference Obligations as of the Issue Date of the Credit Linked Notes will be those set out in the Index Annex, being the list for the relevant Markit iTraxx® Europe Index (in the case of iTraxx Non-Tranched Index Credit Linked Notes or iTraxx Tranched Index Credit Linked Notes) or Markit CDXTM Index (in the case of CDX Non-Tranched Index Credit Linked Notes or CDX Tranched Index Credit Linked Notes) with the Annex Date specified in the Final Terms, as published by the Index Publisher (being Markit Group Limited as of the date of this Base Prospectus). Any determinations by the Index Sponsor (being Markit Indices Limited in the case of iTraxx Non-Tranched Index Credit Linked Notes and iTraxx Tranched Index Credit Linked Notes and Markit North America, Inc. in the case of CDX Non-Tranched Index Credit Linked Notes and CDX Tranched Index Credit Linked Notes, in each case as of the date of this Base Prospectus) with respect to replacement Reference Obligations and/or Successors (subject, in relation to Successors, to the further determination provisions set out in the Credit Linked Conditions), will apply for the purposes of the Credit Linked Notes and any such determinations and resulting changes in Reference Obligations and/or Reference Entities may have an adverse effect on the value of such Notes.

Additionally, if ISDA publicly announces one or more replacement Reference Obligations and/or Successors prior to the Trade Date but following the "Roll Date" (in the case of iTraxx Non-Tranched Index Credit Linked Notes or iTraxx Tranched Index Credit Linked Notes) or the "Effective Date" (in the case of CDX Non-Tranched Index Credit Linked Notes or CDX Tranched Index Credit Linked Notes) specified in the Index Annex, such replacement Reference Obligations and/or Successors will apply for the purposes of the Credit Linked Notes, notwithstanding that such announcement occurred prior to the Trade Date, and any such announcements and resulting changes in Reference Obligations and/or Reference Entities may have an adverse effect on the value of such Notes.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities, including for Zero/Set Recovery Notes, Tranched Linear Basket Credit Linked Notes, Tranched Index Credit Linked Notes, Basket Tranched Index Credit Linked Notes and Long/Short Credit Linked Notes

Interest and principal repayments on the Notes may be calculated by reference to the outstanding nominal amount of the Notes. As at the Issue Date the outstanding nominal amount is an amount equal to the Aggregate Nominal Amount. If a Credit Event occurs in respect of a Reference Entity, then the outstanding nominal amount may be reduced for the purposes of the determination of interest (if Credit Linked Interest is applicable) and/or the amount payable on redemption (if Credit Linked Redemption is applicable) by an amount equal to a predefined portion of the Aggregate Nominal Amount (which may be one hundred percent of such predefined portion resulting in such portion of the outstanding nominal amount being reduced in full) irrespective of the actual market recovery in respect of such Reference Entity. Therefore investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire principal amount invested.

There is a risk that the Notes could be affected by a Credit Event or succession that took place prior to the Trade Date

In respect of a Series of Credit Linked Notes, the relevant Credit Derivatives Determinations Committee will determine a Credit Event only if a request is submitted to ISDA for that relevant Credit Derivatives Determinations Committee to consider whether the relevant event constitutes a Credit Event within 60 calendar days of the occurrence of such potential Credit Event or if unless a Credit Event Determination Date has already occurred with respect to such event. For the purpose of the succession provisions the look back period is 90 calendar days and it works in a similar way. These provisions mean that there is a time limit on the ability to act on a Credit Event or succession and that it is possible that the relevant Credit Linked Notes could be affected by a Credit Event or succession that took place prior to the Trade Date if Auction Settlement is specified as the applicable Settlement Method in the relevant Applicable Transaction Terms.

Amendment of Credit Linked Conditions in accordance with market convention

RISK FACTORS

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees which the Calculation Agent and the Issuer determine in a commercially reasonable manner are necessary to reflect or govern market practice for credit derivative transactions or hedging arrangements of the Issuer. Any such adjustment may amend the Notes in a way that is adverse to the Noteholders and may have a negative impact on the value of the Notes.

ISDA Credit Derivatives Definitions

Whilst there are many similarities between the terms used in this Base Prospectus and the 2014 ISDA Definitions, there are also many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in this Base Prospectus and the applicable Final Terms only and that the 2014 ISDA Definitions are not incorporated by reference to either. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates either the 2003 ISDA Definitions or the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how either set of the ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Risks relating to Auction Settlement of Credit Linked Notes

Where an Auction Final Price Determination Date occurs in respect of Credit Linked Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Noteholders may have little or no influence in the outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their Affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their Affiliates) shall be under any obligation to consider the interests of any Noteholder and, as a result, may take action that is adverse to the interests of Noteholders.

Cheapest to deliver risk

Where Physical Settlement is applicable, upon the occurrence of a Credit Event Determination Date, the Calculation Agent has the discretion to select Deliverable Obligations of the Reference Entity for delivery to the Noteholders. It is likely that the Deliverable Obligations selected by the Calculation Agent are obligations of the Reference Entity with the lowest market value that are permitted to be delivered in accordance with the terms of the Notes. In addition, the Deliverable Obligations may be illiquid and such illiquidity may be more pronounced following the occurrence of a Credit Event, thereby adversely affecting the value of the relevant Deliverable Obligation. The Calculation Agent has no liability to account to the Noteholders or any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from such selection.

Cheapest to value risk

Where Cash Settlement is applicable, upon the occurrence of an Event Determination Date, the Calculation Agent has the discretion to select Valuation Obligations of the Reference Entity for valuation in order to determine the Final Price. It is likely that the Valuation Obligations selected by the Calculation Agent are obligations of the Reference Entity with the lowest market value that are permitted to be valued in accordance with the terms of the Notes. This could result in a lower recovery value and hence greater losses for

RISK FACTORS

Noteholders. In addition, the Valuation Obligations may be illiquid and such illiquidity may be more pronounced following the occurrence of a Credit Event, thereby adversely affecting the value of the relevant Valuation Obligation which in turn would result in a lower recovery value for Noteholders.

There are specific risks relating to Fund Linked Notes and ETF Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the price or changes in the price of units or shares in a fund or funds (including exchange traded fund shares) or, depending on the price or changes in the price of units or shares in such fund or funds, where the Issuer's obligation on redemption is to deliver a specified amount of fund shares ("**Fund / ETF Linked Notes**"). Accordingly an investment in Fund / ETF Linked Notes may bear similar market risks to a direct fund investment and potential investors should take advice accordingly.

Prospective investors in any such Notes should be aware that, depending on the terms of the Fund / ETF Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified Fund shares or ETF shares may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal or entitlement amount deliverable and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund(s) or exchange traded funds on principal or interest payable, and therefore on the amount of potential losses incurred, will be magnified. See also risk factor "*There are risks associated with leveraged exposures*" below.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of units or shares in the fund(s) or exchange traded fund(s). The price of units or shares in a fund or exchange traded fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units or shares in the fund(s) or exchange traded fund(s) may be traded. In addition, the price of units or shares in a fund or exchange traded fund may be affected by the performance of the fund service providers, and, in particular, the investment advisor. Prospective investors should review carefully the prospectus, information memorandum and/or base prospectus (if any) issued by any relevant fund or exchange traded fund before purchasing any Notes linked to such funds or exchange traded funds. None of the Issuer, the Guarantor, any affiliate of the Issuer or Guarantor or the Calculation Agent make any representation as to the creditworthiness of any relevant fund or exchange traded fund or any such fund's administrative, custodian, investment manager or adviser. If such persons are not creditworthy or otherwise fail to perform, as the case may be, it may adversely affect value of the Notes.

In addition, when the Issuer issues Fund / ETF Linked Notes linked to one or more funds, including hedge funds and exchange traded funds the relevant fund(s) or exchange traded fund(s) may trade and invest in a broad range of investments such as debt and equity securities, commodities or commodity indices and foreign exchange and may enter into derivative transactions, including, without limitation, futures and options. The relevant fund(s) or exchange traded fund(s) may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of funds are often opaque. The relevant fund(s) or exchange traded fund(s), as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities. If the underlying relevant fund(s) or exchange traded fund(s) do not perform sufficiently well, the value of the Notes will fall, and may in certain circumstances be zero.

Fund/ETF Linked Notes do not provide holders with any participation rights in the underlying Fund/ETF and do not entitle holders of Fund/ETF Linked Notes to any ownership interest or rights in such Fund/ETF. Except as may be otherwise provided in the Terms and Conditions and/or the relevant Final Terms, holders will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant fund shares or units to which such Notes relate. See also risk factor "*A Noteholder does not have rights of ownership in the Reference Item(s)*"

In the event of the occurrence of one or more Potential ETF Events (as defined in ETF Linked Condition 2), the Calculation Agent may seek to make adjustments in accordance with the ETF Linked Conditions. Such adjustments may have an adverse effect on the value of the Notes.

In the event of the occurrence of one or more Extraordinary Fund Events (as defined in Fund Linked Condition 1) or Extraordinary ETF Events (as defined in ETF Linked Condition 2), as the case may be, the Issuer may

RISK FACTORS

seek to make adjustments, substitute the relevant Fund Shares or ETF Shares, as the case may be, with fund shares of a fund, or exchange traded fund shares, as the case may be, with similar characteristics or, if no such fund or ETF is selected, with a replacement index, or redeem the Notes at its discretion. Any adjustment or substitution may have an adverse effect on the value of the Notes.

In the event that redemption proceeds in respect of the underlying Fund Shares or ETF Shares, as the case may be, are not received by the hedge provider on or prior to the Scheduled Maturity Date or Termination Date, such date may be postponed for a period of up to two calendar years (or such other period as may be specified in the Final Terms) and no additional amount shall be payable as a result of such delay and so in such circumstance investors may therefore miss the opportunity to invest the redemption proceeds that would have been otherwise received earlier in other assets or investments.

See also risk factors "*A Noteholder does not have rights of ownership in the Reference Item(s)*" and "*The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders*" below.

Holders may receive physical delivery of Fund Shares or ETF Shares in lieu of payment of cash amounts.

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering Fund Shares or ETF Shares to the purchaser of such Notes, the purchasers will receive such Fund Shares or ETF Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Fund Shares or ETF Shares and the risks associated with such Fund Shares or ETF Shares. The purchaser should not assume that the Noteholder will be able to sell such Fund Shares or ETF Shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the Fund Shares or ETF Shares may only have a very low value or may, in fact, be worthless, in which case see risk factor "*Investors may lose the original invested amount*" below. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Fund Shares or ETF Shares.

For all the above reasons, investing directly or indirectly in funds is generally considered to be risky. If the underlying fund does not perform sufficiently well, the value of the Notes will fall, and may in certain circumstances be zero.

There are specific risks relating to Foreign Exchange (FX) Rate Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Notes are denominated ("**Foreign Exchange (FX) Rate Notes**"). Accordingly an investment in Foreign Exchange (FX) Rate Notes may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Prospective investors in any such Notes should be aware that, depending on the terms of the Foreign Exchange (FX) Rate Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion or all of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations.

The foreign exchange rate(s) to which the Notes are linked will affect the nature and value of the investment return on the Notes. The performance of foreign exchange rates are dependent upon the supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks. Such measures include, without limitation, imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency. Where the Notes are linked to the currency of an emerging market jurisdiction, such risks may be magnified – see also risk factor "*Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, such emerging market currencies can be significantly more volatile than currencies of more developed markets*" below.

RISK FACTORS

If the amount of principal and/or interest payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified. See also risk factor "*There are risks associated with leveraged exposures*" below.

Payments of principal and interest or other obligations of the Issuer in respect of any Foreign Exchange (FX) Rate Notes may be restricted or varied upon the occurrence of certain disruption events applicable to the Notes. A relevant disruption event for an exchange rate may relate to inability to obtain a price for the exchange rate from the applicable price source(s), illiquidity, the split of any relevant currency into a dual exchange rate, inconvertibility, non-transferability, a material change in circumstances in the jurisdiction of the Subject Currency that makes it impossible to fulfil certain hedging arrangements, a nationalisation or variations in the prices quoted for the exchange on different sources being greater than a specified percentage threshold (or not quoted for by members of a survey used to determine such source) if specified for that rate in the terms and conditions of the Notes and/or the Final Terms.

Following a relevant disruption event, the applicable valuation date may be postponed so long as the relevant disruption event continues, the Calculation Agent may determine the applicable exchange rate, the Notes may be redeemed early (or on the originally designated date) by payment of the applicable early redemption amount rather than any amount that would have otherwise been calculated in respect of and due on the relevant date, the related date for payment or delivery may be deferred so long as the relevant disruption event continues or a fallback reference price source or sources may be used to calculate the rate instead of the originally designated price source. Potential investors in any Foreign Exchange (FX) Rate Notes may be affected by an adverse effect on (i) the value of, and/or amounts or assets due in respect of, the Notes due to the occurrence of any disruption event and application of the related disruption fallback(s); or (ii) an investor's investment schedule, timetable or plans if any due date for payment and/or delivery under the Notes is postponed as a consequence of a disruption event.

See also risk factor "*The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders*" below.

There are specific risks relating to Inflation Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level of an inflation index or indices ("**Inflation Linked Notes**").

Prospective investors in any such Notes should be aware that, depending on the terms of the Inflation Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the inflation index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the inflation index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations.

In certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine a successor inflation index and make adjustments to the terms of the Notes and such adjustments may have an adverse effect on the value of the Notes. In certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem the Notes early and investors may receive less than their initial investment in the Notes. See also risk factor "*The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders*" below.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation index or the indices on principal or interest payable will be magnified. See also risk factor "*There are risks associated with leveraged exposures*" below.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the inflation index or indices. The level of the inflation index or indices may be affected by the economic, financial and political events in one or more jurisdictions. See also risk factor "*The Group is exposed to risks related to reforms of Index and Commodity Index 'Benchmarks'*" below.

RISK FACTORS

There are specific risks relating to Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the "*Terms and Conditions of the Notes*" provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*). See also risk factors "*There are risks associated with leveraged exposures*" and "*The Group is exposed to risks related to reforms of Index and Commodity Index "Benchmarks"*" and "*There are risks associated with leveraged exposures*" below.

There are specific risks relating to Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes. See also risk factor "*There are risks associated with leveraged exposures*" below.

3.3 Risk Factors associated generally with Notes that are linked to Reference Item(s)

There are specific risks relating to Reference Item Linked Notes

Reference Item Linked Notes are securities which do not provide for predetermined redemption amounts and/or interest payments, but amounts payable (whether in respect of principal and/or interest) or deliverable will be dependent upon the performance of the Reference Item, or a combination of Reference Items, which themselves may contain substantial credit, interest rate, foreign exchange, correlation, time value, political and/or other risks.

An investment in Reference Item Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include the possibility that the holder of a Reference Item Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and that the resulting interest rate (if any) will be less than that payable on a conventional debt security issued by the Issuer at the same time or no interest will be payable at all. The risk of the loss of some or all of the purchase price of a Reference Item Linked Note upon redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of such Note must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item.

It may not be possible to use the Notes as a perfect hedge against the market risk associated with investing in a Reference Item

Potential purchasers intending to purchase Notes to hedge against the market risk associated with investing in a Reference Item should recognise the complexities of utilising Notes in this manner. For example, the value of the Notes may not exactly match the value of the Reference Item. Due to fluctuating supply and demand for the Notes, there is no assurance that their value will match movements in the value of the Reference Item. For these reasons, among others, it may not be possible to purchase or liquidate Notes in a portfolio at the prices used to calculate the value of any Reference Item.

There are specific risks with regard to Notes linked to a combination of Reference Items

An investment in Notes that are linked to a combination of Reference Items will entail significant risks not associated with an investment in a conventional debt security. A combination of the risks associated to the Reference Items may be significantly higher than the risks of each Reference Item considered on its own. On redemption of these type of Notes, the Noteholders will receive an amount (if any) or Entitlement (if any) determined by reference to the value of a combination of a number of different Reference Items. These Notes may pay interest calculated by reference to the value of the combination of a number of Reference Items.

A Noteholder does not have rights of ownership in the Reference Item(s)

Purchasers of Notes should be aware that neither the Issuer nor the Guarantor is under no obligation to hold a position in any Reference Item(s) and should note that the relevant Reference Item(s) that may be held by the Issuer or the Guarantor will not be held by them for the benefit of the purchasers of such Notes and, as such, Noteholders will not obtain any rights of ownership, including, without limitation, any voting rights, any rights to receive dividends or other distributions or any other rights with respect to any Reference Item referenced by

RISK FACTORS

such Notes. As a result, Noteholders will not be able to exercise rights they would have as owner or have any recourse to any issuer of a Reference Item.

With respect to Equity Linked Notes, unless otherwise specified in the Final Terms, the Interest Amount and/or Final Redemption Amount will not reflect the payment of any dividends on the underlying equity securities. Accordingly, the return on the Equity Linked Notes will not reflect the return an investor would realise if it actually owned the underlying equity securities and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Final Redemption Amount will not be the same yield as would be produced if the underlying equity securities were purchased directly and held for a similar period.

With respect to the Index Linked Notes, if the components of the indices are shares, Noteholders will not receive any dividends paid on those shares and will not participate in the return on those dividends unless the relevant index takes such dividends into account for purposes of calculating the relevant level. Accordingly, purchasers in Index Linked Notes may receive a lower payment upon redemption of such Notes than such purchaser would have received if the Noteholder had invested in the components of the index directly.

With respect to Fund / ETF Linked Notes, unless otherwise specified in the Final Terms, the Interest Amount and/or Final Redemption Amount will not reflect the payment of any dividends on the underlying fund shares or exchange traded fund shares, as the case may be. Accordingly, the return on the Fund / ETF Linked Notes will not reflect the return an investor would realise if it actually owned the underlying fund shares or exchange traded fund shares, as the case may be, and received dividends, if any, paid on those underlying fund shares or exchange traded fund shares, as the case may be. Therefore, the yield to maturity based on the methodology for calculating the Final Redemption Amount will not be the same yield as would be produced if the underlying fund shares or exchange traded fund shares, as the case may be, were purchased directly and held for a similar period.

As a result, potential investors in Index Linked Notes, Equity Linked Notes or Fund / ETF Linked Notes may receive less return than expected. See also risk factors "*There are specific risks relating to Equity Linked Notes*", "*There are specific risks relating to Index Linked Notes*" and "*There are specific risks relating to Fund Linked Notes and ETF Linked Notes*" above.

The Issuer, the Guarantor and their respective affiliates may take positions in or deal with Reference Item(s)

The Issuer and/or the Guarantor are subject to various potential conflicts of interest in respect of the Notes, which could have an adverse effect on the Notes.

The Issuer, the Guarantor and their respective affiliates may:

- (i) in the ordinary course of business, effect transactions for their own account or for the account of their customers and hold long or short positions in the Reference Item(s) or related derivatives;
- (ii) in connection with an offering of Notes, enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives; and/or
- (iii) in connection with such hedging or market-making activities or with respect to proprietary or other trading activities, enter into transactions in the Reference Item(s) or related derivatives which may adversely (or positively) affect the price, liquidity or value of the relevant Notes and which could therefore be adverse to the interests of the relevant Noteholders.

The Issuer and/or the Guarantor may have confidential information relating to the Reference Item and the Notes

The Issuer and/or the Guarantor or its affiliates may from time to time, by virtue of their status as underwriter, advisor or otherwise, possess or have access to information relating to the Notes, the Reference Item and any derivatives referencing them. Such affiliates will not be obliged to disclose any such information to a purchaser of the Notes provided that when such information constitutes inside information for the purposes of the Market Abuse Regulation 596/2014 ("**MAR**"), then the provisions of MAR and of any other conduct rules will be of application in relation to the same.

The Guarantor's securities may be or form part of a Reference Item

The Guarantor's shares or other instruments issued by the Guarantor may be/form part of a Reference Item in Index Linked Notes, Equity Linked Notes or other type of Notes. The Guarantor will have material information in relation to such Notes which the Guarantor will not be obliged to disclose to a purchaser of Notes.

3.4 Risk Factors relating to the structure of a particular issue of Notes

RISK FACTORS

There are particular risks associated with an investment in certain types of Notes and an investor may lose some or all of the principal amount invested by it.

Investors may lose the original invested amount

Investors may lose all or some of their investment in the Notes, as the case may be, as a result of the occurrence of any one or more of the following events:

- (i) pursuant to Condition 3 of the Terms and Conditions, the Issuer and the Guarantor of the Notes are subject to insolvency proceedings or some other event impairing the ability of each to perform some or all of its payment obligations under the Notes;
- (ii) pursuant to Condition 6 of the Terms and Conditions, the terms of the relevant Notes do not provide for full repayment of the initial purchase price upon final maturity and/or mandatory early redemption of such Notes and the relevant Reference Item(s) perform in such a manner that the final redemption amount and/or mandatory early redemption amount is less than the initial purchase price;
- (iii) the purchaser seeks to sell the relevant Notes prior to their scheduled maturity, and the sale price of the Notes in the secondary market is less than the purchaser's initial investment; and
- (iv) the Notes are subject to certain adjustments in accordance with the terms and conditions of such Notes that may result in the scheduled amount to be paid or asset(s) to be delivered upon redemption being reduced to or being valued at an amount less than a purchaser's initial investment.

Notwithstanding that the relevant Notes may be linked to the performance of one or more Reference Items, investors in such Notes do not have and shall not receive any rights in respect of any Reference Item and shall have no right to call for any Reference Item to be delivered to them (unless otherwise provided in the Final Terms). In addition, neither the relevant Issuer nor the Guarantor of the Notes shall be required to hold any Reference Item. As a result, Noteholders will not be able to exercise rights they would have as owner or have any recourse to any issuer of a Reference Item.

There are risks associated with leveraged exposures

Leverage involves the use of a number of financial techniques to increase the exposure to a Reference Item, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Reference Item moves in the anticipated direction, it will conversely magnify losses when the Reference Item moves against expectations. If the relevant Notes (including Floating Rate Notes or Fixed Rate Notes) include leverage, potential holders of such Notes should note that these Notes will involve a higher level of risk, and that whenever there are losses such losses will be higher (other things being equal) than those of a similar Note which is not leveraged.

The relevant market value of the Notes at any time is dependent on other matters in addition to the credit risk of the Issuer and Guarantor and the performance of the relevant Reference Item(s)

The market value of the Notes at any time will be affected by a number of factors independent of the creditworthiness of the Issuer and the Guarantor (if any) and the performance of the relevant Reference Item(s), including:

- (i) changes in market parameters such price level of the underlying(s), interest rates, volatility and credit spreads;
- (ii) the time remaining to any redemption date or the Maturity Date;
- (iii) where the Reference Item(s) is/are equity securities, the dividend rate on reference item(s) and the financial results and prospects of the issuer of each Reference Item.

The amount payable and/or deliverable in respect of Notes at any time prior to redemption is typically expected to be less than the trading price of such Notes at that time. The difference between the trading price and such amount will reflect, among other things, a "time value" for the Notes. The "time value" of the Notes will depend partly upon the length of the period remaining to final redemption and expectations concerning the value of the relevant Reference Item(s). Certain market circumstances may adversely affect the liquidity of the Notes and holders may not be able to sell their Notes easily or may have to sell them at a price that significantly affect the amount they earn.

If an investor holds Notes which are not denominated in the investor's home currency, that investor will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the

RISK FACTORS

imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Notes Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Notes Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Notes Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Notes Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or Guarantor to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

There are certain considerations associated with Notes linked to Emerging Markets

The Issuer may issue Notes where the amount payable on redemption or the interest payable is linked to Reference Items which consist of (i) securities, funds, ETFs or indices comprising securities of issuers that are located in, or subject to regulation in, emerging or developing countries, or (ii) securities which are denominated in the currency of, or are traded in, emerging or developing countries or (iii) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Notes, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Notes traded in emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

The probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets.

Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, such emerging market currencies can be significantly more volatile than currencies of more developed markets.

Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, amounts determined to be due or deliverable in respect of such Notes may be significantly more volatile and subject to less certainty as to future rates than if the Notes were linked to currencies of more developed markets, for example emerging markets' currencies are highly exposed to the risk of a currency crisis happening in the future.

In particular, policies or actions of any relevant governments of the jurisdictions of such emerging markets currencies to which the Notes may be linked (the "**Currency Jurisdictions**") could adversely affect the relevant exchange rate(s) (such as through market interventions of their central banks or equivalent bodies; governmental action which changes or interferes with currency valuations or currency fluctuations that would otherwise occur in response to economic forces; and restrictions on foreign investment and currency convertibility or movement across borders). Non-governmental action may also directly or indirectly adversely affect the relevant exchange rates (such as through weak overall growth and performance of each applicable Currency Jurisdiction's economy and stock exchanges; political, economic and social uncertainty, including risks of nationalisation and expropriation of assets and natural disasters; or wars which affect any Currency Jurisdiction directly or indirectly).

Investors should note that the risk of occurrence and the severity of consequence of the matters described above may be greater with respect to any emerging market jurisdiction than they otherwise would be in relation to more developed countries. Economies in emerging markets are generally more heavily dependent upon international trade, and accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated with countries with which they trade.

RISK FACTORS

The occurrence of any of the above circumstances may have an adverse effect on the value of the Notes and amounts due (if any) or assets deliverable (if any), or the date for payment thereunder.

Additionally, investors should note that if a disruption event occurs which prohibits or prevents the Issuer from making a payment in respect of the Notes, such payment will be postponed to a date falling 14 calendar days after the date on which such disruption event is no longer occurring and no interest shall accrue or Event of Default occur as a result of such postponement. In the event that the disruption event is continuing on the date which is one year after the last scheduled payment date in respect of the Notes, the Issuer shall make payment of the relevant amount in U.S. dollars or euros.

Notes may be denominated in one currency and settled in another currency

If the Final Terms specify that the Settlement Exchange Rate Provisions are applicable, then such Notes are denominated in one currency (the "**SER Subject Currency**") but all or certain amounts due thereunder, as the case may be, are (or may be, if certain conditions such as a relevant exchange rate is at above or below a certain level(s)) are settled in another currency (the "**Settlement Currency**"). As such, the applicable amounts are converted by converting such amounts by reference to the applicable Settlement Exchange Rate specified in the applicable Final Terms or, if not so specified, determined by the Calculation Agent in accordance with the terms and conditions of the Notes.

If the Final Terms specify that the SER Intermediate Currency Requirements are applicable, then such Notes are denominated in one currency but all or certain amounts due thereunder, as the case may be, if any, are converted into an intermediate currency (the "**SER Intermediate Currency**") and then settled in the Settlement Currency. As such, the applicable amounts are converted by converting such amounts by reference to the applicable Second Settlement Exchange Rate and then the second Settlement Exchange Rate, each as specified in the applicable Final Terms or, if not so specified, determined by the Calculation Agent in accordance with the terms and conditions of the Notes.

Notes are not principal protected in the SER Intermediate Currency or Settlement Currency even if the Notes are principal protected in the SER Subject Currency. If the denomination currency depreciates against the Settlement Currency or the SER Intermediate Currency, this will reduce the Settlement Currency amounts received (if any) under the Notes and an investor may receive less than their initial investment in the Notes.

Where a fixed Settlement Exchange Rate or Second Settlement Exchange Rate is not specified in the Final Terms, neither the Issuer nor the Guarantor have control over the Settlement Exchange Rate or the Second Settlement Exchange Rate and will not make any adjustment or change in the terms of the Notes in the event that exchange rates should become fixed, or in the event of any devaluation or revaluation or imposition of exchange or other regulatory controls or taxes, or in the event of other developments affecting the settlement currency, the denomination currency or any foreign currency. Investors will bear those risks. In addition, if an Unscheduled Holiday or a Price Source Disruption occurs in respect of the applicable Settlement Exchange Rate, the applicable disruption fallbacks may provide that the scheduled settlement exchange rate valuation date for such rate will be postponed, then this may result in deferral of the corresponding payment date under the Notes. If a date for payment is so postponed, this could adversely affect an investor's investment schedule, timetable or plans as they will receive amounts in respect of the Notes later than the originally scheduled date for payment. No interest will accrue or other amount will be payable by the Issuer in the event of any such delay.

In addition, investments in UVR Inflation-Adjusted Notes may be adversely impacted due to the fact that the payments in respect of the UVR Inflation-Adjusted Notes are adjusted by reference to the UVR rate in effect on the applicable payment date and so investors are exposed to fluctuations in that rate. Where there is a UVR Event (as defined in Annex 1 – Additional Terms and Conditions for Payouts), the Calculation Agent may determine that the UVR Inflation-Adjusted Notes are redeemed early at the Early Redemption Amount and interest will cease to accrue and no further interest will be payable from the Interest Payment Date (or, if none, the Issue Date) immediately preceding such UVR Event.

If a Reference Item Linked Note includes Market Disruption Events or Failure to Open of an Exchange and the Calculation Agent determines such an event has occurred, any consequential postponement of the Scheduled Valuation Date may have an adverse effect on the Notes

If an issue of Reference Item Linked Notes includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on a Scheduled Valuation Date and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such date, any consequential postponement of the Valuation Date or any alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates

RISK FACTORS

(as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange in relation to any Reference Item comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

Where Notes are issued on a partly paid basis, an investor who fails to pay any subsequent instalment of the issue price could lose all of its investment

The relevant Issuer may issue Notes where the issue price is payable in more than one instalment. Any failure by an investor to pay any subsequent instalment of the issue price in respect of its Notes will result in the Notes redeeming early and could result in such investor losing all of its investment.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of Notes issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

There are risks associated with Physically Settled Notes

In the case of Notes which are redeemable by delivery of assets (other than Credit Linked Notes), if a Settlement Disruption Event occurs or exists on the due date for redemption of the Notes, settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount in lieu of delivering the Entitlement (as defined in the Terms and Conditions).

If a Failure to Deliver due to Illiquidity occurs, the Issuer has the right, in lieu of delivery of the assets affected by such event, to pay the Failure to Deliver Redemption Amount to the Noteholders. The Disruption Cash Redemption Amount and/or the Failure to Deliver Redemption Amount may be less than the fair market value of the Entitlement.

Noteholders may be required to pay certain expenses in relation to Physically Settled Notes

Holders of Notes subject to Physical Delivery must pay all Expenses relating to delivery of such Notes. As defined in the Terms and Conditions of the Notes, "Expenses" includes all costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Entitlement.

There are certain requirements to be fulfilled and payments to be made by the Holder in order to receive Entitlement(s) in connection with Physically Settled Notes and the Issuer may decide to settle by way of cash payment instead in certain circumstances

In order to receive the Entitlement in respect of a Note settled by way of Physical Delivery, the holder of such Note must deliver or send to the relevant Clearing System or Principal Paying Agent (as applicable) a duly completed Asset Transfer Notice on or prior to the relevant time on the Cut-off Date and pay the relevant Expenses. If a Noteholder fails to deliver as required the certification of non-U.S. beneficial ownership or certification that it is an eligible investor for U.S. securities law purposes, the Issuer may deliver what the Calculation Agent determines to be the fair market value of the Entitlement instead of the relevant assets.

There are risks associated with Notes to which Variation of Settlement applies

If Variation of Settlement applies, the Issuer has the right to elect to deliver Relevant Assets in lieu of the Final Redemption Amount. Noteholders should be aware that in this regard they are exposed to the credit risk and performance of the Relevant Assets as to the extent that the value of such Relevant Assets falls below the value of the Final Redemption Amount, the Issuer is financially incentivised to exercise its option to deliver the Relevant Assets to the Noteholders. If the Relevant Assets are bonds, Noteholders should also take note of the fact that if such bond redeems prior to the Maturity Date for any reason, and the Issuer elects to vary settlement, the Issuer may deliver the redemption proceeds of such bond, which might be substantially less than the nominal amount of the bond.

There are risks associated with Notes where denominations involve integral multiples

RISK FACTORS

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as set out in the relevant Final Terms) plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time (i) may not be able to transfer such Notes and (ii) may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and in each case would need to purchase a nominal amount of Notes such that its holding amounts to an integral multiple of the minimum Specified Denomination.

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

CREST Depository Interests

Investors who hold interests in the Notes through Euroclear UK & Ireland Limited ("**CREST**") through dematerialised depository interests ("**CREST Depository Interests**") will not be the legal owners of the Notes (the "**Underlying Securities**") to which such CREST Depository Interests relate. CREST Depository Interests are separate legal instruments from the Underlying Securities and represent indirect interests in the interests of the CREST Nominee in such Underlying Securities. The "**CREST Manual**" consists of a number of documents which set out the legal relationship of CREST with its users and participants.

The Underlying Securities (as distinct from the CREST Depository Interests representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through the relevant Clearance System. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the relevant Clearance System in or through which the Underlying Securities are held.

CREST International Nominees Limited or another entity appointed to act as nominee (the "**CREST Nominee**") in accordance with the CREST Global Deed Poll (in the form from time to time contained in Chapter 8 of the CREST International Manual (which forms part of the CREST Manual) (the "**CREST Deed Poll**")) will hold the legal title to the Underlying Securities and the direct enforcement right in respect of the Underlying Securities. Rights in respect of the Underlying Securities cannot be enforced by holders of CREST Depository Interests except indirectly through CREST Depository Limited or any successor thereto (the "**CREST Depository**") and the CREST Nominee who in turn can enforce rights indirectly through the intermediary depositories and custodians described above. The enforcement of rights in respect of the Underlying Securities will therefore be subject to the local law of the relevant intermediary.

These arrangements could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Securities in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

Holders of CREST Depository Interests will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST International Manual and the CREST Rules applicable to the CREST International Settlement Links Service (in each case as contained in the CREST Manual). Investors in CREST Depository Interests should note that the provisions of the CREST Deed Poll and the CREST Manual (including, for the avoidance of doubt, the provisions of the CREST International Manual and the CREST Rules) contain indemnities, warranties, representations and undertakings to be given by holders of CREST Depository Interests and limitations on the liability of the CREST Depository as issuer of the CREST Depository Interests. Holders of CREST Depository Interests may incur liabilities pursuant to or resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them and the rights of and returns received by holders of CREST Depository Interests may differ from those of holders of Notes which are not represented by CREST Depository Interests.

Investors in CREST Depository Interests should note that holders of CREST Depository Interests may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service.

3.5 Risk Factors regarding the Notes generally

Credit ratings assigned to the Issuer, the Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes

RISK FACTORS

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Should the credit ratings of the Issuer, the Guarantor or any Notes be revised, suspended or withdrawn this could result in increased interest and other expenses on the Issuer's and the Guarantor's future borrowings and, therefore, have a material adverse effect on the Guarantor's business, results of operations, and financial condition.

In general, European (including United Kingdom) regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU or the United Kingdom and registered under the CRA Regulation, (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU and non-UK credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered or UK registered credit rating agency or the relevant non-EU or non-UK rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). If the status of the rating agency rating the Notes changes, European (including United Kingdom) investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European (including United Kingdom) regulated investors selling the Notes which may impact the value of the Notes and any secondary market. The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

Claims of Holders under the Notes are effectively junior to those of certain other creditors

Pursuant to BRRD and Law 11/2015 (as defined below, and as amended), the Issuer and/or the Notes should not be subject to the general Spanish Bail-in Power or analogous bail-in tool.

Notwithstanding the foregoing, the guarantee in respect of the Notes (the "**Guarantee**") and agreements entered into between the Guarantor and the Issuer upon which the Issuer depends to pay interest and repay the principal of the Notes to the Noteholders (the "**Hedging Agreements**") are liabilities of BBVA, that are potentially subject to the Spanish Bail-in Power.

Furthermore, the Notes and the Guarantee are unsecured and non-subordinated liabilities that, subject to statutory preferences, will rank equally with any of the Issuer's and the Guarantor's other unsecured and unsubordinated indebtedness. However, the Note and the Guarantee will be effectively subordinated to all of, respectively, the Issuer's and the Guarantor's secured indebtedness, to the extent of the value of the assets securing such indebtedness, and other preferential obligations under Spanish law.

"BRRD" means Directive 2014/59/EU of the European Parliament and of the Council of May 15 establishing a framework for the recovery and resolution of credit institutions and investment firms or such other directive as may come into effect in place thereof, as implemented into Spanish law by Law 11/2015 and Spanish Royal Decree 1012/2015 of November 6, by virtue of which Law 11/2015 is developed and Royal Decree 2606/1996 of December 20 on credit entities' deposit guarantee fund is amended (*Real Decreto 1012/2015, de 6 de noviembre, por el que se desarrolla la Ley 11/2015, de 18 de junio, de recuperación y resolución de entidades de crédito y empresas de servicios de inversión, y por el que se modifica el Real Decreto 2606/1996, de 20 de diciembre, sobre fondos de garantía de depósitos de entidades de crédito*), as amended, replaced or supplemented from time to time ("**RD 1012/2015**"), as amended, replaced or supplemented from time to time (including as amended by Directive 2019/879 of the European Parliament and of the Council of May 20, as transposed into Spanish Law by Royal Decree-Law 7/2021 of 27th of April) and including any other relevant implementing or developing regulatory provisions.

"Spanish Bail-in Power" means any write-down, conversion, transfer, modification, cancellation or suspension power existing from time to time under: (i) any law, regulation, rule or requirement applicable from time to time in Spain, relating to the transposition or development of BRRD, including, but not limited to (a) Law 11/2015, (b) RD 1012/2015 and (c) the SRM Regulation; or (ii) any other law, regulation, rule or requirement applicable from time to time in Spain pursuant to which (a) obligations or liabilities of banks, investment firms or other financial institutions can be reduced, cancelled, modified, transferred or converted into shares, other securities, or other obligations of such persons or any other person (or suspended for a temporary period or permanently) or (b) any right in a contract governing such obligations may be deemed to have been exercised. **An active**

RISK FACTORS

secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop, so investors should be prepared to hold their Notes until maturity. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Notes may be redeemed prior to their scheduled maturity

In the event that the Issuer would be required to pay additional amounts in respect of any Notes due to any withholding as provided in General Condition 7 of the "Terms and Conditions of the Notes" or the performance of the Issuer's obligations under the Notes or any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part or if an Administrator/Benchmark Event (as defined in General Condition 6(l) occurs), the Issuer may or be required to redeem all of the Notes then outstanding in accordance with the Terms and Conditions of the Notes.

In the event that one or more Events of Default (as defined in General Condition 9 of the "Terms and Conditions of the Notes") occurs, the Notes may become immediately due and repayable at their Early Redemption Amount. In addition, if "Automatic Early Redemption Event" is specified as being applicable in the Final Terms, on the occurrence of an Automatic Early Redemption Event the Notes will be automatically redeemed at their Automatic Early Redemption Amount. If an Additional Disruption Event or an Extraordinary Event occurs, the Issuer may redeem the Notes early.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for Notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders

As the Calculation Agent will generally be the Guarantor or an affiliate of the Guarantor, potential conflicts of interest may exist between the Calculation Agent and the Noteholders, including with respect to the exercise of the very broad discretionary powers of the Calculation Agent. For example, the Calculation Agent has the authority (i) to determine whether certain specified events and/or matters so specified in the conditions relating to a Tranche of Notes have occurred and (ii) to determine any resulting adjustments and calculations or substitutions as described in such conditions. Potential purchasers should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Notes or result in the occurrence of an early repayment at an amount less than an investor's initial investment. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest or proven error) shall be binding on the relevant Issuer and all Noteholders.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could significantly adversely affect their return on the Notes

Spanish Tax Rules may impose withholding tax in certain circumstances (subject to certain exceptions) and neither the Issuer nor the Guarantor is obliged to pay additional amounts in such event.

Notes originally registered with the entities that manage clearing systems located in Spain

According to the wording of article 44.4 of RD 1065/2007, income derived from securities originally registered with a clearing system located in Spain, will be paid free of Spanish withholding tax in respect to non-Spanish-resident holders (acting or not through a permanent establishment in the Kingdom of Spain) or to legal entities that are resident in the Kingdom of Spain for tax purposes and are subject to Corporate Income Tax, provided that the entities which hold values registered on its third parties accounts or, if applicable, the entities that

RISK FACTORS

manage clearing systems located outside Spain which have entered into an agreement with such clearing system located in Spain, submit a statement to the Issuer in accordance with the form attached as annex to RD 1065/2007 (see "Supplementary Annex" under "Taxation" section of this Base Prospectus) with the following information:

- (A) identification of the securities;
- (B) total amount of income;
- (C) amount of income received by individual with tax residency in Spain which are subject to personal income tax; and
- (D) amount of income received that will be paid free of Spanish withholding tax.

Notes originally registered with the entities that manage clearing systems located outside of Spain

According to the literal wording of Article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, and are recognised by Spanish law or by the law of another OECD country (such as the Depository Trust Company ("DTC"), Euroclear or Clearstream), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the Issuer submits a statement to the Issuer, the form of which is included in the Agency Agreement, with the following information:

- (i) identification of the securities; and
- (ii) total amount of the income corresponding to each clearing system located outside Spain.

These obligations refer to the total amount paid to investors through each foreign clearing house. For these purposes, "income means interest and the difference, if any, between the aggregate amount payable on the redemption of the Notes and the issue price of the Notes".

In accordance with Article 44 of RD 1065/2007 as amended by RD 1145/2011, the relevant Paying Agent should provide the relevant Issuer with the statement on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on such date, the entity(ies) obliged to provide the declaration fail to do so, the Issuer or the Paying Agent on its behalf will make a withholding at the general rate (currently 19 per cent.) on the total amount of the return on the relevant Notes otherwise payable to such entity. Notwithstanding the foregoing, the Issuer has agreed that in the event withholding tax should be required by law, the Issuer shall pay such additional amounts as would have been received had no such withholding or deduction been required, except as provided in Condition 7 and as otherwise described in this Base Prospectus.

Potential conflicts of interest relating to distributors or other entities involved in the offer or listing of the Notes

Investors should be aware that potential conflicts of interest may arise in connection with the Notes, as any distributors or other entities involved in the offer and/or the listing of the Notes as indicated in the Final Terms, may act pursuant to a mandate granted by the Issuer and/or the Guarantor and for the Dealer and can receive commissions and/or fees on the basis of the services performed in relation to such offer and/or listing.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a

RISK FACTORS

significantly lower rate. Potential investors may be exposed to reinvestment risk in light of other investments available at that time.

The Issuer of the Notes may be substituted without the consent of the Noteholders

The conditions of the Notes provide that the Issuer of the Notes may be replaced as obligor under such Notes with the Guarantor or any company from BBVA's group. Whilst the new issuer will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "*Terms and Conditions of the Notes*". Any such substitution may have an adverse effect on the value of the Notes.

The Guarantor of the Notes may be substituted without the consent of the Noteholders

The conditions of the Notes provide that the Guarantor of the Notes may be replaced as guarantor under such Notes with another company incorporated anywhere in the world. Whilst the new guarantor will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "*Terms and Conditions of the Notes*". Any such substitution may have an adverse effect on the value of the Notes.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The General Conditions (except for General Condition 18 of the "*Terms and Conditions of the Notes*") of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Spanish and English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

The Group is exposed to risks related to reforms of Index and Commodity Index "Benchmarks"

The global reform of the reference interest rates is a key aspect of monitoring for the Guarantor. Interbank offered rates ("IBORs") are key reference interest rates underpinning many contracts within the financial sector worldwide. Following the FSB's 2014 recommendations, authorities in several countries are promoting initiatives for the financial system to reduce its dependence on the interbank offered rates ("IBORs") and transition to risk-free alternative interest rates ("RFR") by late 2021. These RFRs are designed to overcome the difficulties of IBOR rates; especially, to minimize dependence on expert judgment and guarantee greater transparency and understanding in its elaboration process. In certain cases, such transition will result in the substitution of the rate historically used as a reference by the new RFR (for example in Europe, the substitution of Euro overnight index average ("EONIA") by the euro short term rate, or in the United States, the substitution of USD LIBOR by SOFR) or the modification of the existing index methodology (for example, in the case of overnight interest rates, the Sterling Overnight Index Average ("SONIA") for the GBP market, or in the case of forward interest rates, the Euro-zone inter-bank offered rate ("EURIBOR")).

BBVA Group has a significant number of financial assets and liabilities whose contracts are referenced to IBORs, especially the EURIBOR, which is used, among others, for loans, deposits and debt issues, as well as an underlying reference rate in derivatives. Furthermore, although the exposure to EONIA is lower in the banking book, this IBOR is used as the underlying reference in derivatives of the trading book, as well as for the treatment of collaterals, mainly in Spain. In the case of LIBOR, the USD is the most relevant currency for, both, debt instruments of the banking book and the trading book. Other LIBOR currencies (CHF, GBP and JPY) have a lower specific weight.

The Benchmarks Regulation could have a material impact on any Notes for which a request for admission to trading on a trading venue has been made, or which are traded on a trading venue or via a "systematic internaliser" linked to a "benchmark" for Benchmarks Regulation purpose, including in any of the following circumstances:

- (i) an index which is a "benchmark" could not be used as such if its administrator does not obtain authorisation or is based in a non-EU jurisdiction which (subject to any applicable transitional provisions) does not have equivalent regulation. In such event, depending on the particular "benchmark" and the applicable terms of the Notes, the Notes could be de-listed, adjusted, redeemed or otherwise impacted; and

RISK FACTORS

- (ii) the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Notes, including calculation agent determination of the rate or level in its discretion.

An Administrator/Benchmark Event may arise if any of the following circumstances occurs or will occur: (1) a benchmark is materially changed or permanently cancelled, or (2) (i) the relevant authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the benchmark or the administrator or sponsor of the benchmark is not obtained, (ii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected or (iii) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn.

In the United Kingdom, the national government has extended the legislation originally put in place to cover LIBOR to regulate a number of additional major United Kingdom-based financial benchmarks in the fixed income, commodity and currency markets, which could be further expanded in the future.

The FCA has also released "Financial Benchmarks: Thematic review of oversight and controls," which reviewed the activities of firms in relation to a much broader spectrum of "benchmarks" that ultimately could impact inputs, governance and availability of certain "benchmarks." The Chief Executive of the United Kingdom FCA, which regulates LIBOR, released a statement on 5 March 2021 announcing the future cessation or loss of representativeness of the thirty-five LIBOR benchmark settings currently published by ICE Benchmark Administration, an authorised administrator, regulated and supervised by the FCA. Pursuant to the latest FCA statement, publication of (i) all euro LIBOR and Swiss franc LIBOR settings, the spot next, 1-week, 2-month and 12-month Japanese yen LIBOR settings, the overnight, 1-week, 2-month and 12-month sterling LIBOR settings, and the 1-week and 2-month US dollar LIBOR settings will cease immediately after 31 December 2021 and (ii) the overnight and 12-month US dollar LIBOR settings will cease immediately after 30 June 2023. In relation to the remaining LIBOR settings (that is, the 1-month, 3-month and 6-month sterling, US dollar and Japanese yen LIBOR settings), the FCA will consult or continue to consider the case for using its proposed powers to require IBA to continue publishing these settings on a 'synthetic' basis, though the 1-month, 3-month and 6-month Japanese yen LIBOR settings would cease permanently at the end of 2022. Nevertheless, the FCA confirmed that, even if it does require IBA to continue publishing any of these nine remaining LIBOR settings on a 'synthetic' basis, such settings will no longer be representative of the underlying market and the economic reality that such settings are intended to measure and representativeness will not be restored. Therefore, after 31 December 2021 (or 30 June 2023 in relation to the overnight, 1-month, 3-month, 6-month and 12-month US dollar LIBOR settings) all LIBOR settings will either cease to be provided by any administrator or no longer be representative.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks". The disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" could result in adjustment to the terms and conditions, early redemption, discretionary valuation by the calculation agent, delisting or other consequence in relation to Notes linked to such "benchmark". Any such consequence could have a material adverse effect on the value of and return on any such Notes.

Risks relating to USD LIBOR

If the relevant Benchmark (as defined in General Condition 6(l) of the "Terms and Conditions of the Notes") for the determination of the Rate of Interest in respect of any Floating Rate Notes is a USD LIBOR rate (of any tenor) or any Notes otherwise reference a USD LIBOR rate (of any tenor) and the Calculation Agent determines that a Benchmark Transition Event (as defined in "Annex 9 – USD LIBOR Benchmark Transition Event Annex") and its related Benchmark Replacement Date (as defined in "Annex 9 – USD LIBOR Benchmark Transition Event Annex") have occurred prior to the Reference Time (as defined in "Annex 9 – USD LIBOR Benchmark Transition Event Annex") and the Calculation Agent determines that there is a Benchmark Replacement that will account for the effect of the Benchmark Transition Event, then a Benchmark Replacement will replace the then-current USD LIBOR rate for all purposes relating to the Notes during the applicable Interest Period or other applicable period or date(s) in accordance with the provisions of the Annex 9 – USD LIBOR Benchmark

RISK FACTORS

Transition Event Annex. The selection of a Benchmark Replacement by the Calculation Agent in accordance with the provisions of the Annex 9 – USD LIBOR Benchmark Transition Event Annex, could result in adverse consequences to the relevant Rate of Interest or other variable or amount, which could adversely affect the return on, value of and market for the Notes. In addition, the characteristics of any Benchmark Replacement might not be similar to USD LIBOR and there is a risk that the Benchmark Replacement might not produce the economic equivalent of USD LIBOR. If the Calculation Agent determines that there is not a Benchmark Replacement that will account for the effect of the Benchmark Transition Event, the Issuer may redeem all of the Notes then outstanding in accordance with the Terms and Conditions of the Notes and an investor may receive less than their initial investment in the Notes and interest will cease to accrue and no further interest will be payable since from the immediately preceding Interest Payment Date (or, if none, the Issue Date) immediately preceding the relevant Benchmark Transition Event Determination (as defined in General Condition 6(l)).

Further, the Benchmark Replacements may include Term SOFR, which is a forward-looking term rate for the applicable Corresponding Tenor (as defined in the "Annex 9 – USD LIBOR Benchmark Transition Event Annex") based on SOFR that has been selected or recommended by the Relevant Governmental Body (as defined in the "Annex 9 – USD LIBOR Benchmark Transition Event Annex "). Term SOFR is being developed by the Federal Reserve Bank of New York (the "NY Federal Reserve") and there is a risk that the development of Term SOFR might not be completed which might result in substitution of USD LIBOR with the next-available Benchmark Replacement for all purposes of all subsequent determinations. The NY Federal Reserve also noted that the use of SOFR is subject to important limitations and the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. In the event SOFR is discontinued or fundamentally altered this may adversely affect the return on and value of the Notes.

3.6 Risk Factor relating to Sustainable Notes

The application of the net proceeds of Sustainable Notes may not meet investor expectations or be suitable for an investor's investment criteria

Prospective investors in any Notes, where it is specified in "Reasons for the Offer" in paragraph 4 in Part B of the applicable Final Terms that the net proceeds are to be separately identified and applied by the Guarantor for "green", "social" or "sustainability" purposes or the maintenance of a Sustainable Portfolio as defined in "Use of Proceeds" section of this Base Prospectus ("**Green Notes**", "**Social Notes**" or "**Sustainability Notes**", or "**ESG-Linked Notes**" respectively and together, "**Sustainable Notes**"), should have regard to the information provided concerning the use of the net proceeds of those Sustainable Notes and must determine for themselves the relevance of such information for the purpose of any investment in such Sustainable Notes together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer, the Guarantor or the Dealer that the use of such proceeds will satisfy, whether in whole or in part, any present or future expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green", "social" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green", "social" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time or that any prevailing market consensus will not significantly change. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any such project or will meet any or all investor expectations regarding such "green", "social" or "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any such project.

A basis for the determination of such "green" project definition has been established in the EU with the publication in the Official Journal of the EU on 22nd June, 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the "**Sustainable Finance Taxonomy Regulation**") on the establishment of a framework to facilitate sustainable investment (the "**EU Sustainable Finance Taxonomy**").

RISK FACTORS

The EU Sustainable Finance Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation. While the Guarantor's Sustainable Development Goals (SDGs) Bond Framework (April 2018) published on its website (<https://shareholdersandinvestors.bbva.com>) (including as amended, supplemented, restated or otherwise updated on such website from time to time, the SDGs Bond Framework)), and the Guarantor's Sustainable Transaction Banking Framework (December 2019) published on its website <https://shareholdersandinvestors.bbva.com> are in alignment with the relevant objectives for the EU Sustainable Finance Taxonomy, until the technical screening criteria for such objectives have been developed it is not known whether the SDGs Bond Framework and the Sustainable Transaction Banking Framework will satisfy those criteria.

Accordingly, alignment with the EU Sustainable Finance Taxonomy, once the technical screening criteria are established, is not certain and no assurance or representation is given by the Issuer, the Guarantor or the Dealer as to the suitability or reliability for any purpose whatsoever of any report, assessment, opinion or certification of any third party (whether or not solicited by the Guarantor) which may or may not be made available in connection with the issue of such Sustainable Notes and in particular with any projects or any other use to fulfil any environmental, social, sustainability and/or other criteria. Any such report, assessment, opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such report, assessment, opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Guarantor or the Dealer or any other person to buy, sell or hold any such Sustainable Notes.

Any such report, assessment, opinion or certification is only current as of the date it was issued. Prospective investors must determine for themselves the relevance of any such report, assessment, opinion or certification and/or the information contained therein and/or the provider of such report, assessment, opinion or certification for the purpose of any investment in such Sustainable Notes. Currently, the providers of such reports, assessments, opinions and certifications are not subject to any specific oversight or regulatory or other regime.

While it is the intention of the Guarantor, to apply the net proceeds of any Sustainable Notes and, obtain and publish the relevant reports, assessments, opinions and certifications in, or substantially in, the manner described in "Reasons for the Offer" in paragraph 4 in Part B of the applicable Final Terms there can be no assurance that the Guarantor will be able to do this. Nor can there be any assurance that any projects or uses will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment, social or sustainability) as originally expected or anticipated by the Guarantor.

Any such event or failure by the Guarantor to apply the net proceeds of any of Sustainable Notes issued for its identified purposes or to obtain and publish any such reports, assessments, opinions and certifications, will not give rise to any claim of a holder of such Sustainable Notes against the Issuer or the Guarantor. The withdrawal of any report, assessment, opinion or certification as described above, or any such report, assessment, opinion or certification attesting that the Guarantor is not complying in whole or in part with any matters for which such report, assessment, opinion or certification is reporting, assessing, opining or certifying on, may have a material adverse effect on the value of such Sustainable Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The Issuer shall cause to be kept a register at the specified office of the New York Registrar for the time being at 60 Wall Street, New York, New York 10005, United States or at the specified office of the Luxembourg Registrar for the time being at 2 Boulevard Konrad Adenauer, Luxembourg, L-1115 Grand Duchy of Luxembourg, a register (the **"Register"**) on which shall be entered, *inter alia*, the name and address of the holder of the Registered Notes and particulars of all transfers of title to the Registered Notes.

(d) Notes in Global Form

For as long as any of the Notes are represented by a Global Note held by or on behalf of Euroclear Bank S.A./N.V. (**"Euroclear"**) and/or Clearstream Banking, S.A. (**"Clearstream, Luxembourg"**) and/or The Depositary Trust Company (**"DTC"**) or its nominee, each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg, or of DTC as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes and, in the case of DTC or its nominee, voting, giving consents and making requests, for which purpose the

bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be.

Except in relation to Notes indicated in the Final Terms as being in New Global Note form, references to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the Final Terms. If Registered Notes are represented by a Registered Global Note, such Registered Global Note will be registered in the name of a nominee for a common safekeeper (if the Registered Global Note is issued under the new safekeeping structure ("**NSS**")) or a common depositary (if the Registered Global Note is not issued under the NSS) on behalf of, in either case, Euroclear and Clearstream Luxembourg or in the name of a nominee for an alternative clearing system or in the name of such other person as the Final Terms shall provide.

(e) Book-Entry Notes¹

Book-Entry Notes may be transferred and title to the Book-Entry Notes may pass, in accordance with Spanish law and with all rules, restrictions and requirements of Iberclear (or, as the case may be, the relevant Iberclear Member), upon registration in the Central Registry or, as the case may be, the registry maintained by the relevant Iberclear Member. Each holder of Book-Entry Notes will be (except as otherwise required by Spanish law) treated as the absolute owner of the relevant Book-Entry Note for all purposes and no person will be liable for so treating the holder of Book-Entry Notes.

The creation of limited in rem rights or any other encumbrance on the Book-Entry Note must be entered in the corresponding account and effected in accordance with the then current procedures of Iberclear (or relevant Iberclear Member).

One or more certificates evidencing the relevant Noteholder's holding of Book-Entry Notes in the relevant registry will be delivered by the relevant Iberclear Member or, where the Noteholder is itself a Iberclear Member, by Iberclear (in each case, in accordance with the requirements of Spanish law and the procedures of the relevant Iberclear Member or, as the case may be, Iberclear) to such Noteholder upon such Noteholder's request.

2. Transfers of Registered Notes

(a) Transfers of interests in Registered Global Notes

Transfers of beneficial interests in Registered Global Notes will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement. Transfers of a Registered Global Note registered in the name of DTC or a nominee for DTC shall be limited to transfers of such Registered Global Note, in whole but not in part, to a nominee of DTC or to a successor of DTC or such successor's nominee.

(b) Transfers of Registered Notes in definitive form

Subject as provided in paragraphs (e), (f) and (g) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the Specified Denominations set out in the Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of any Transfer

Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the relevant Transfer Agent and (ii) the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being scheduled to the Agency Agreement). Subject as provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Registered Note in definitive form of a like Aggregate Nominal Amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(c) Registration of transfer upon partial redemption

In the event of a partial redemption of Notes under General Condition 6, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) Transfers of interests in Regulation S Global Notes

Prior to expiry of the applicable Distribution Compliance Period (as defined below), transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. person will only be made:

- (A) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a "Transfer Certificate"), copies of which are available from the specified office of any Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB who is also a QP (as defined below) in a transaction meeting the requirements of Rule 144A, and upon receipt by the Registrar of a representation letter substantially in the form set out in the Agency Agreement, amended as appropriate (an "Investment Letter"), from the transferee of the Note or beneficial interest therein to the effect that such transfer is being made to a person who certifies as to its status as a QIB who is also a QP; or
- (B) otherwise pursuant to the Securities Act (as defined below) or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

In the case of (A) above, such transferee may take delivery through a Legended Note (as defined below) in global or definitive form and, in the case of (B) above, such transferee may take delivery only through a Legended Note in definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interests in Regulation S Global Notes registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.

(f) Transfers of interests in Legended Notes

Transfers of Legended Notes or beneficial interests therein may be made:

TERMS AND CONDITIONS OF THE NOTES

- (A) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that, in the case of a Regulation S Global Note registered in the name of a nominee for DTC if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (B) to a transferee who takes delivery of such interest through a Legended Note:
 - A. where the transferee is a person whom the transferor reasonably believes is a QIB and a QP in a transaction meeting the requirements of Rule 144A, or where the transferee is an Institutional Accredited Investor (as defined below) who is also a QP, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to a QIB who is also a QP or to an Institutional Accredited Investor who is also a QP (as applicable), together with a duly executed investment letter from the relevant transferee in the form set out in the Agency Agreement (an "Investment Letter"); or
 - B. where the transferee is an Institutional Accredited Investor (as defined below) who is also a QP, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor who is also a QP, together with a duly executed Investment Letter; or
- (C) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Notes transferred by Institutional Accredited Investors who are also QPs to QIBs who are also QPs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs who are also QPs or non-U.S. investors through DTC, Euroclear or Clearstream, Luxembourg, as appropriate, and the Registrar will arrange for any Notes which are the subject of such a transfer to be represented by the appropriate Registered Global Note, where applicable.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Notes or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

In the case of an Institutional Accredited Investor who is also a QP, or a QIB who is also a QP, if at any time the Issuer determines or is notified by the dealer in respect of the Notes specified in the Final Terms (the "**Dealer**") acting on behalf of the Issuer that such holder or transferee was in breach, at the time given or deemed to be given, of any of the representations or agreements set out in the Investment Letter or otherwise determines that any transfer or other disposition of any Notes would, in the sole determination of the Issuer or the Dealer acting on behalf of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act, such purchase or other transfer will be void *ab initio* and will not be honoured by the Registrar. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a Noteholder and the Issuer shall have the right, in accordance with the conditions of the Notes, to force the transfer of, transfer on behalf of the Noteholder or redeem, any such Notes.

- (g) Exchanges and transfers of Registered Notes generally

Holders of Registered Notes in definitive form, other than Institutional Accredited Investors who are also QPs, may exchange such Notes for interests in a Registered Global Note of the same type at any time.

3. Status of the Notes and the Guarantee

(a) Status of the Notes

The Notes and any related Coupons and Receipts constitute direct, unconditional and unsecured and unsubordinated obligations of the Issuer and rank *pari passu*, without any preference or priority among themselves and with all other outstanding unsecured and unsubordinated obligations of the Issuer present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditor's right.

In the event of insolvency of the Issuer, the court having jurisdiction to open an insolvency proceeding and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Regulation (EU) No 2015/848, of 20 May 2015, on insolvency proceedings (**"Regulation 2015/848"**), Royal Legislative Decree 1/2020, of 5 May, approving the reinstated text of the Spanish Insolvency Law 22/2003 of 9 July 2003, as amended (the **"Spanish Insolvency Law"**) and the Dutch Insolvency Law (*faillissementswet*) of 30 September 1893, as amended (the **"Dutch Insolvency Law"**). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

TERMS AND CONDITIONS OF THE NOTES

Under Regulation 2015/848 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 2015/848 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that the centre of main interests of the Issuer should be considered to be located in Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

In the event of insolvency (*faillissement*) of the Issuer declared by a Dutch court (either principal or territorial proceedings), claims relating to Notes will be *pari passu* claims (*concurrente vorderingen*) as defined in the Dutch Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*boedelschuld*) and credits with a privilege (*voorrecht*). Ordinary credits rank above subordinated credits and the rights of shareholders.

In the event of insolvency (*concurso*) of the Issuer declared by a Spanish court (either principal or territorial insolvency proceedings) claims relating to Notes (which are not subordinated pursuant to article 309 of the Spanish Insolvency Law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) which shall be paid in full before ordinary credits. The claims of all creditors against the Issuer considered as "ordinary credits": will be satisfied pro rata in insolvency. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of any Issuer. Claims in respect of interest on the Notes accrued but unpaid as of the commencement of any insolvency procedure in respect of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of article 309 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Issuer).

(b) Status of the Guarantee

The payment of principal and interest in respect of the Notes and any related Coupons and Receipts and all amounts due under the Deed of Covenant in respect of the Notes and any related Coupons and Receipts has been unconditionally and irrevocably guaranteed by the Guarantor pursuant to the Guarantee.

The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Guarantor and rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

In the event of insolvency (*concurso*) of the Guarantor, under the Spanish Insolvency Law, claims of Noteholders (which are not subordinated pursuant to article 309 of the Insolvency law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) (including, without limitation, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) which shall be paid in full before ordinary credits. The claims of all creditors against the Guarantor considered as "ordinary credits" will be satisfied pro rata in insolvency. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of the Guarantor. Claims of Noteholders in respect of interest accrued but unpaid as of the commencement of any insolvency procedure in respect of the Guarantor shall constitute subordinated claims against the Guarantor ranking in accordance with the provisions of article 309 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Guarantor).

The obligations of the Guarantor under the Guarantee and the obligations of BBVA under the Hedging Agreements entered into between BBVA and the Issuer in respect of any Notes are also

TERMS AND CONDITIONS OF THE NOTES

subject to the application of the general bail-in tool by the Fondo de Reestructuración Ordenada Bancaria (the “FROB”) or any other Relevant Spanish Resolution Authority pursuant to Law 11/2015.

By its acquisition of any Notes, each holder acknowledges and accepts that he may be adversely affected by the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority and the effects thereof, as described in the Risk Factors, which may be imposed with or without any prior notice with respect to the Guarantee and/or the Hedging Agreements, in relation to Notes of any series.

“Relevant Spanish Resolution Authority” means any of the Spanish Fund for the Orderly Restructuring of Banks (Fondo de Reestructuración Ordenada Bancaria), the European Single Resolution Mechanism, the Bank of Spain and the Spanish Securities Market Commission (“CNMV”) or any other entity with the authority to exercise the Spanish Bail-in Power from time to time, according to Law 11/2015, of 18 June, as amended from time to time, including amongst others, as amended by Royal Decree-Law 7/2021 (“**Law 11/2015**”), RD 1012/2015 and the SRM Regulation.

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each an **“Interest Period”** and each such latter date the **“Interest Period End Final Date”**)). Interest will be payable in arrear on the Interest Payment Date(s) up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such latter date. If a Business Day Convention (as defined in General Condition 4(j) below) is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(j)), then, the relevant Business Day Convention shall apply. For the purposes of this General Condition 4(a), **“Interest Period End Date”** shall mean each date so specified in the Final Terms. If no such date(s) is so specified, then the Interest Period End Date for an Interest Period shall be the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

If no Business Day Convention is specified as applicable to an Interest Period End Final Date in the Final Terms, except as provided in the Final Terms:

- (i) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (ii) the amount of interest payable on any other Interest Payment Date will, if so specified in the Final Terms, amount to the Broken Amount so specified.

Subject to the Payout Conditions, Interest shall be calculated by applying the Rate of Interest to:

- (x) in the case of Fixed Rate Notes which are represented by a Global Note or which are Book-Entry Notes, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note or Book-Entry Notes (or, if they are Partly Paid Notes, the aggregate amount paid up (subject to General Condition 4(f))); or
- (y) in the case of each Fixed Rate Note in definitive form, the Calculation Amount (subject to General Condition 4(f)),

and, in each case, multiplying such sum by (i) the applicable Day Count Fraction (as defined in General Condition 4(j) below) specified in the Final Terms and (ii) where an Interest Leverage Multiplier is specified as **“Applicable”** in the Final Terms, the Interest Leverage Multiplier specified in the Final Terms, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Notes Currency, half of any such sub-unit (as defined below) being rounded upwards or otherwise in accordance with applicable market convention.

TERMS AND CONDITIONS OF THE NOTES

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount (subject to General Condition 4(f)) comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Reference Item Linked Interest Notes

(i) Interest Period End Dates and Interest Payment Dates

Each Floating Rate Note and, subject to the provisions of General Condition 4(e) below and unless otherwise specified in the Final Terms, each Reference Item Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, in accordance with General Condition 4(f)) in respect of each Interest Period (as defined in General Condition 4(a)). For the purposes of this General Condition 4(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) specified in the Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the Final Terms, (x) in the case of Floating Rate Notes, each date which falls on the number of months or other period specified as the Specified Period in the Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date and (y) in the case of Reference Item Linked Interest Notes, the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

Interest will be payable in arrear on the Interest Payment Date(s) up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(j) below), then the relevant Business Day Convention (as defined in General Condition 4(j) below) shall apply. Provided that, in any case, where Specified Periods are specified in accordance with General Condition 4(b)(i)(A) and (B) above, the Floating Rate Convention shall apply.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Reference Item Linked Interest Notes will be determined in the manner specified in the Final Terms.

(iii) ISDA Determination

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this subparagraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the Final Terms;

TERMS AND CONDITIONS OF THE NOTES

- (B) the Designated Maturity is a period specified in the Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("LIBOR") or on the Euro-zone inter-bank offered rate ("EURIBOR") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the Final Terms.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate**" "**Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions. If the Floating Rate Option specified is USD-SOFR-COMPOUND or GBP-SONIA-COMPOUND, the "Calculation Period" as referred to in the definitions thereof in the ISDA Definitions shall be equal to the relevant Interest Period.

(iv) Screen Rate Determination

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any successor to such page or service) as at the Specified Time indicated in the Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date (as defined below) in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded, as provided above) of such offered quotations; or
- (C) in the case of a CMS Rate, the rate for swap transactions in the currency to which the CMS Rate relates with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) all as determined by the Calculation Agent or, in the event that the Principal Paying Agent determines it is not reasonably practicable to determine the Rate of Interest in such manner, the Rate of Interest will be determined by the Calculation Agent as such rate that it determines would have prevailed but for such impracticability by reference to such source(s) as it may select; or
- (D) in the case of a rate that is based on the yield of a government bond (a "Government Bond Yield Rate"), the rate for a generic government bond, expressed as a percentage per annum, with a maturity of the Designated Maturity, which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) (all as specified in the Final Terms), as determined by the Calculation Agent; or
- (E) if the Calculation Agent determines that it is not reasonably practicable to obtain the rate in such manner, the rate will be determined as such rate that the Calculation Agent determines would have prevailed but for such impracticability by reference to such source(s) as it may select.

In case the rate specified in the Final Terms is a TEC Rate (Taux de l'Echéance Constante), the offered quotation, expressed as a percentage rate per annum, with a maturity of the Designated Maturity calculated by the *Comité de Normalisation Obligataire* (or successor thereto), which appears on the Relevant Screen Page (or any successor to such page or service) as of the

TERMS AND CONDITIONS OF THE NOTES

Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) (all as specified in the Final Terms), as determined by the Calculation Agent.

If the Calculation Agent determines it is not reasonably practicable to determine the rate in such manner, the rate shall be determined by the Calculation Agent on the basis of the linear interpolation of the mid-market prices for each of the two reference French treasury bonds (*Obligation Assimilable du Trésor*), which would have been used by the Comité de Normalisation Obligataire (or successor thereto) for the calculation of the relevant rate.

In order to determine such mid-market prices, the Calculation Agent shall request five active dealers each to provide a quotation of its price at approximately the Specified Time on the Interest Determination Date in question and shall determine the mid-market prices as the arithmetic mean of such quotations after discarding the highest and lowest of such quotations.

In the case of (A) and (B), the Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time indicated above or in the Final Terms. The Final Terms may, if agreed by the relevant Dealer, set out such provisions in full.

(v) Determination of Rate of Interest and Calculation of Interest Amount

The Principal Paying Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the Final Terms) for the relevant Interest Period.

Subject to the Payout Conditions, the Principal Paying Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes and Reference Item Linked Interest Notes which are represented by a Global Note or which are Book-Entry Notes, the aggregate outstanding nominal amount of the Notes represented by such Global Note or Book-Entry Notes (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of each Floating Rate Note, Reference Item Linked Interest Note and Combination Interest Note in definitive form, the Calculation Amount (subject to General Condition 4(f)),

and, in each case, multiplying such sum by (i) the Day Count Fraction (as defined in General Condition 4(j) below) specified in the Final Terms and (ii) where an Interest Leverage Multiplier is specified as "Applicable" in the Final Terms, the Interest Leverage Multiplier specified in the Final Terms, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note and Reference Item Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount (subject to General Condition 4(f)) comprising the Specified Denomination without any further rounding.

(vi) Minimum and/or Maximum Interest Rate

If the Final Terms specifies a Minimum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraphs (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the Final Terms do not specify a Minimum Interest Rate for any Interest Period, then the Rate of Interest for such Interest Period shall not be less than zero.

TERMS AND CONDITIONS OF THE NOTES

If the Final Terms specifies a Maximum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraphs (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(vii) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(viii) Notification of Rate of Interest and Interest Amount

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable), and, if applicable, to the stock exchange on which the relevant Notes are for the time being listed. In addition, the Principal Paying Agent shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with General Condition 13 as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with General Condition 13.

(ix) Certificates to be Final

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this paragraph (b), by the Principal Paying Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent, the other Paying Agents and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Principal Paying Agent, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Specified Interest Amount Notes

Each Specified Interest Amount Note shall bear interest at an amount per Calculation Amount equal to the Specified Interest Amount as so specified in the Specified Interest Amount provisions of the Final Terms which shall be payable on the relevant Specified Interest Payment Date(s) also specified thereon, adjusted, where applicable for any Business Day Convention. For the avoidance of doubt, different Specified Interest Amounts may be payable in respect of Specified Interest Payment Dates. In respect of Credit Linked Notes only, the Specified Interest shall be multiplied by the Specified Interest Amount Multiplier as so specified in the Specified Interest Amount provisions of the Final Terms. If the Specified Interest Amount Multiplier is specified in the Final Terms as "Not applicable" the Specified Interest Amount Multiplier shall be deemed to be equal to 1.

(d) Zero Coupon Notes

TERMS AND CONDITIONS OF THE NOTES

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with General Condition 6(f)(i) as its Early Redemption Amount. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield specified in the Final Terms. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360 day year consisting of 12 months of 30 days each and in the case of an incomplete month the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the Final Terms.

(e) Interest on Reference Item Linked Interest Notes

In the case of Reference Item Linked Interest Notes, where the Rate of Interest and/or the Interest Amount (whether on any Interest Payment Date, early redemption, maturity or otherwise) is to be determined by reference to one or more Reference Items, the Rate of Interest and/or the Interest Amount shall be determined where applicable as provided in the Payout Annex.

(f) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes) interest will accrue as aforesaid on the paid-up nominal amount of such Notes.

(g) Interest Payments and Accrual of Interest

Interest will be paid subject to and in accordance with the provisions of General Condition 4. Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless otherwise provided in these General Conditions or any Annex and otherwise unless, upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement as set out in the Final Terms (if applicable), is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest at such day count fraction as the Principal Paying Agent determines appropriate or as otherwise provided in the Final Terms until whichever is the earlier of (i) the day on which all sums due and/or assets comprised in the Entitlement in respect of such Note up to that day are received by or on behalf of the holder of such Note and (ii) the day on which the Principal Paying Agent or any agent appointed by the Issuer to deliver such assets to Noteholders has notified the holder thereof (either in accordance with General Condition 13 or individually) of receipt of all sums due and/or assets comprised in the Entitlement in respect thereof up to that date (subject, in the case of Credit Linked Notes to which Credit Linked Interest is applicable, to the provisions of Credit Linked Condition 5).

(h) Calculation Agent

(i) If a Calculation Agent is specified in the Final Terms, any determination specified in General Conditions 4(b) to (g) (inclusive) as being determinations to be made by the Principal Paying Agent will instead be made by the Calculation Agent as if references to the Principal Paying Agent in such General Conditions (and related provisions of the Agency Agreement) were to the Calculation Agent. The Calculation Agent will notify any amount of interest to the Principal Paying Agent as soon as reasonably practicable following its determination.

(ii) A Calculation Agent must be appointed for the determination of the Rate of Interest where such determination is other than a single determination of the Rate of Interest for each Interest Period that is made in accordance with this General Condition 4 and the related provisions of the Agency Agreement and without the imposition of any additional duties on the Principal Paying Agent.

(i) Benchmark

Subject to the next sentence, where an Administrator/Benchmark Event (as defined in General Condition 6(l)) occurs in respect of a Benchmark which is used in whole or in part to calculate interest under General Condition 4, the Calculation Agent shall elect to take one of the actions described in General Condition 6(l). If the relevant Benchmark (as defined in General Condition 6(l)) for the determination of the Rate of Interest in respect of any Floating Rate Notes is a USD Benchmark Rate (of any tenor) and the Calculation Agent determines that a Benchmark Transition Event (as defined in General Condition 6(l)) and its related Benchmark Replacement Date (as defined in General Condition

TERMS AND CONDITIONS OF THE NOTES

6(l)) have occurred prior to the Reference Time (as defined in General Condition 6(l)) in respect thereof on any date of determination of the Rate of Interest, then the provisions of Annex 9 - USD LIBOR Benchmark Transition Event Annex shall apply in respect of the Notes in relation to such USD LIBOR rate.

(j) Definitions

In these General Conditions, unless the context otherwise requires, the following defined terms shall have the meaning set out below:

"Business Day" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre (other than TARGET System) specified in the Final Terms;

- (A) the **"Floating Rate Convention"**, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent such date shall be the last Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred;
- (B) the **"Following Business Day Convention"**, such date shall be postponed to the next day which is a Business Day;

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if **"Actual/Actual (ICMA)"** is specified in the Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "Accrual Period") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the Final Terms) that would occur in one calendar year; or

TERMS AND CONDITIONS OF THE NOTES

- (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
- (C) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (a) the number of days in such Determination Period and (b) the number of Determination Dates (as specified in the Final Terms) that would occur in one calendar year; and
- (D) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (a) the number of days in such Determination Period and (b) the number of Determination Dates that would occur in one calendar year;

"Determination Date(s)" means the date(s) specified in the Final Terms;

"Determination Period" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

- (A) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if "Actual/365 (Fixed)" is specified in the Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if "Actual/365 (Sterling)" is specified in the Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

- (E) if "30/360", "360/360" or "Bond Basis" is specified in the Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

TERMS AND CONDITIONS OF THE NOTES

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

5. Payments, Physical Delivery and Exchange of Talons

For the purposes of this General Condition 5, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed also to refer to delivery of any Entitlement(s).

(a) Method of Payment

(i) Registered Notes

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such

TERMS AND CONDITIONS OF THE NOTES

payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in a global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (the "**Record Date**"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the nominal amount of the Notes held by a holder is less than US\$250,000 (or integral multiples of US\$1,000 in excess thereof) (or its approximate equivalent in any other currency), payment will instead be made by a cheque in the relevant currency of payment drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a currency other than euro) a bank in the principal financial centre of the country of such currency (which, if such currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the currency of payment drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in a global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the nominal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this General Condition 5 arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

None of the Issuer, the Guarantor or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a currency other than US dollars shall be paid by transfer by the Registrar to an account in the relevant currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in US dollars in accordance with the provisions of the Agency Agreement.

- (ii) Bearer Notes

TERMS AND CONDITIONS OF THE NOTES

Payments of principal and interest (if any) in respect of the Definitive Bearer Notes will (subject as provided below) be made against presentation or surrender of such Bearer Notes or Coupons, as the case may be, at any specified office of any Paying Agent. Payments of principal in respect of instalments (if any), other than the last instalment, will (subject as provided below) be made against surrender of the relevant Receipt. Payment of the last instalment will be made against surrender of the relevant Bearer Note. Each Receipt must be presented for payment of such instalment together with the relevant Definitive Bearer Note against which the amount will be payable in respect of that instalment. If any Definitive Bearer Notes are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Note together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the Definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer. All payments of interest and principal with respect to Bearer Notes will be made only against presentation and surrender of the relevant Bearer Notes, Coupons or Receipts outside the United States (which expression, as used herein, means the United States of America and except as otherwise provided in the third succeeding paragraph. No payment with respect to the Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the holder in the United States.

Subject as provided below and subject also as provided in the Final Terms, payments in respect of definitive Notes (other than Foreign Exchange (FX) Rate Notes) denominated in a currency (other than euro) or, in the case of Foreign Exchange (FX) Rate Notes, payable in a currency (other than euro) will (subject as provided below) be made by a cheque in the currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Principal Paying Agent, by transfer to an account in the currency maintained by the payee with, a bank in the principal financial centre of the country of such currency. Payments in euro will be made by credit or transfer to a euro account or any other account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by euro-cheque.

(iii) Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which such Global Note is presented for the purpose of making such payment, and such record shall be *prima facie* evidence that the payment in question has been made.

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer or the Guarantor in respect of any payments due in respect of such Global Note.

(iv) Payments in United States

Notwithstanding the foregoing, payments in respect of Bearer Notes denominated and payable in US dollars will be made at the specified office of any Paying Agent in the United States if (a) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount due on the Bearer Notes in the manner provided above when due; (b) payment of the full amount due at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in US dollars; and (c) such payment is then permitted under United States law without

TERMS AND CONDITIONS OF THE NOTES

involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences for the Issuer and the Guarantor.

(v) Book-Entry Notes

Payments in respect of the Book-Entry Notes (in terms of both principal and interest) will be made by transfer to the registered account of the relevant Noteholder maintained by or on behalf of it with a bank that processes payments in the currency in which the payment is due, details of which appear in the records of Iberclear, the relevant Iberclear Member or the Book-Entry Depositary, as the case may be, at the close of business on the Business Day on which the payment of principal and/or interest, as the case may be, falls due. Noteholders must rely on the procedures of Iberclear, the relevant Iberclear member or the Book-Entry Depositary, as the case may be, to receive payments under the relevant Book-Entry Notes. None of the Issuer, the Guarantor, any Agent or any of the Dealers will have any responsibility or liability for the records relating to payments made in respect of the Book-Entry Notes.

(vi) All payment

The Book-Entry Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, without prejudice to the provisions of General Condition 7 (Taxation). No commissions or expenses shall be charged to the Noteholders in respect of such payments.

(vii) Coupons

Fixed Rate Bearer Notes in definitive form should be presented for payment with all unmatured Coupons appertaining thereto (which expression shall include Coupons to be issued on exchange of Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Coupon which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in General Condition 7) for the payment of such sum due for payment, whether or not such Coupon has become void pursuant to General Condition 10 or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Note, Specified Interest Amount Note, Index Linked Note, Equity Linked Note, Inflation Linked Note, ETF Linked Note, Fund Linked Note, Credit Linked Note, Foreign Exchange (FX) Rate Linked Note or Combination Note in definitive bearer form all unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them. Where any Floating Rate Note, Specified Interest Amount Note, Index Linked Note, Equity Linked Note, Inflation Linked Note, ETF Linked Note, Fund Linked Note, Credit Linked Note, Foreign Exchange (FX) Rate Linked Note or Combination Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity of the Issuer or the Guarantor (if applicable).

(viii) Payments

If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to General Condition 10) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

TERMS AND CONDITIONS OF THE NOTES

- (A) either (i) in relation to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant currency (if other than the place of presentation, any Financial Centre and which, if such currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively; or (ii) in relation to any sum payable in euro, a day on which the TARGET System is open;
- (B) if TARGET System is specified as an Additional Financial Centre in the applicable Final Terms, a day in which the TARGET System is open;
- (C) each city specified as a Financial Centre (each, a "**Financial Centre**") in the Final Terms; and
- (D) in relation to Notes in definitive form, the relevant place of presentation;

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of General Condition 11. Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

Payments in respect of the Notes will be subject in all cases to (i) any fiscal or other laws, regulations and directives applicable thereto; (ii) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**"), and (iii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreement thereunder, any official interpretations thereof, or in each case any law implementing an intergovernmental approach thereto (without prejudice to the provisions of General Condition 7 (*Taxation*)).

(ix) Payment Disruption Event

If "Payment Disruption Event" is specified as applicable in the Final Terms, where the Calculation Agent determines that a Payment Disruption Event has occurred or is likely to occur:

- (A) the next date for payment of any amount due in respect of the Notes will be postponed to the earliest to occur of (i) the date falling 2 Business Days after the date on which the Calculation Agent determines that the Payment Disruption Event is no longer occurring or (ii) the date falling 30 calendar days following the scheduled due date for payment of the relevant amount (the "**Postponed Payment Date**"), which, for the avoidance of doubt, may be later than the Scheduled Maturity Date. No interest shall accrue and no Event of Default will result on account of such postponement; and
- (B) (i) in the case of (A)(i) above, the Issuer will pay the relevant amount due in respect of the Notes in the Specified Notes Currency on the Postponed Payment Date, or (ii) in the case of (A)(ii) above, the Issuer shall give notice to the Noteholders in accordance with Condition 13, and (i) convert the relevant amount due in respect of the Notes into U.S. Dollars using the rate of exchange between the Specified Notes Currency and the U.S. Dollar that the Calculation Agent determines 5 Business Days prior to the Postponed Payment Date and taking into consideration all information that it deems relevant. The Issuer will pay such amount in U.S. Dollars less the cost to the Issuer and/or any of its Affiliates (if any) of amending or unwinding any underlying related hedging arrangements in connection with such Payment Disruption Event and/or the related payment, and the Issuer shall have no further

TERMS AND CONDITIONS OF THE NOTES

obligations whatsoever for the relevant payment under the Notes or (ii) if the Calculation Agent determines that it is not possible to determine the rate of exchange, the Issuer may early redeem all the Notes at an amount in U.S. Dollars determined pursuant to General Condition 6(f).

For the purposes of the above, "**Payment Disruption Event**" means an event which (a) prevents, restricts or delays the Issuer from converting or delivering relevant currencies, (b) imposes capital or exchange controls, (c) implements changes to laws relating to foreign investments or, (d) otherwise prohibits or prevents the Issuer from making a payment or performing an obligation required of it as a result of war, catastrophe, governmental action or other event beyond its control, including the relevant currencies exclusion as full settlement currency in the clearing systems where the Notes settled on the Issue Date.

(b) Physical Delivery

(i) Physical Delivery

(A) Asset Transfer Notices

In relation to Notes to be redeemed by delivery or, in the case of Credit Linked Notes to which Credit Linked Redemption is applicable, Delivery (as such term is defined in the Credit Linked Conditions) of the Entitlement(s) (as defined below), in order to obtain delivery or Delivery, as the case may be, of the Entitlement in respect of any Note, the relevant Noteholder must:

(1) If such note is a Book-Entry Note:

- I. where the Entitlement is also a security (or securities) included in Iberclear's book-entry register, then the Delivery Agent as specified in the applicable Final Terms (the "**Delivery Agent**") must receive instructions from each Iberclear participant entity holding Book-Entry Notes on the Cut-off Date. Such instructions shall include complete settlement instructions, incorporating relevant information in respect of the Noteholders holding Book-Entry Notes through each Iberclear participant entity and such instructions shall include (or be accompanied by) certification as to non U.S. beneficial ownership. Each Iberclear participant holding Book-Entry Notes must block such Book-Entry Notes from and including the Cut-off Date; and
- II. where the Entitlement comprises an instrument (or instruments) that is not included in Iberclear's book-entry register, each Iberclear participant holding Book-Entry Notes on the Cut-Off Date must send timely and full settlement instructions to the Delivery Agent sufficient to allow the Issuer, or, where applicable, the Delivery Agent acting on the Issuer's behalf, to make delivery or Delivery of the Entitlement in the relevant clearing system (where relevant) or otherwise on the Delivery Date or the Credit Settlement Date (as applicable) in accordance with the provisions of this General Condition 5(b) and such instructions shall include (or be accompanied by) certification as to non U.S. beneficial ownership.
- III. For the avoidance of doubt, where the settlement instructions contemplated by this sub-paragraph (1) apply, this replaces the requirement to deliver an Asset Transfer Notice in accordance with the provisions below. All instructions for settlement to be delivered in accordance with this sub-paragraph (1) will be referred to as the "**Iberclear Settlement Instruction**". If such Note is represented by a Global Note, deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Principal Paying Agent and any entity appointed by the Issuer to deliver or Deliver, as the case may be, the Entitlement on its behalf (the "**Delivery**

For the purposes hereof, "**Cut-off Date**" means the date specified as such in the Final Terms or if not so specified (a) in respect of a Note that is not a Credit Linked Note to which Credit Linked Redemption is applicable, the fifth Business Day immediately preceding the Delivery Date or (b) in respect of a Credit Linked Note to which Credit Linked Redemption is applicable, the third Business Day immediately preceding the Credit Settlement Date.

A form of Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (ii) if such Note is in definitive form, in writing.

If a Note is in definitive form, it must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (1) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the delivery or Delivery of the Entitlement;

- (6) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof; and
- (7) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

Copies of such Asset Transfer Notice may be obtained from the Registrar or any Paying Agent.

(B) Determinations and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A), shall be null and void.

If such Asset Transfer Notice or Iberclear Settlement Instruction is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, or in the case of Book-Entry Notes by the Delivery Agent, in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) submitted at the time such correction was delivered as provided above.

The relevant Clearing System, Delivery Agent, Registrar or Paying Agent, as applicable, shall use its reasonable efforts as soon as reasonably practicable to notify the Noteholder submitting an Asset Transfer Notice or, in respect of Book-Entry Notes, the Iberclear participant entity submitting the Iberclear Settlement Instruction, if, in consultation with the Principal Paying Agent, it has determined that such Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Paying Agents or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Noteholder.

No Asset Transfer Notice or Iberclear Settlement Instruction may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar, the Delivery Agent or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice or an Iberclear Settlement Instruction, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Entitlement will be delivered on the date fixed for redemption (such date, subject to adjustment in accordance with this General Condition 5(b)(i)(B), the "**Delivery Date**") or (in the case of Credit Linked Notes to which Credit Linked Redemption is

TERMS AND CONDITIONS OF THE NOTES

applicable) Delivered on the Credit Settlement Date, in each case at the risk of the relevant Noteholder in the manner provided below and provided that, in each case, the Asset Transfer Notice, or in the case of Book-Entry Notes, Iberclear Settlement Instruction, is duly delivered as provided above not later than the close of business in each place of reception on the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice or, in the case of Book-Entry Notes, Iberclear Settlement Instruction, as provided herein with a copy to each relevant party prior to the close of business in each place of reception on the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the Delivery Date or the Credit Settlement Date, as the case may be, at the risk of such Noteholder in the manner set out below, provided that, if in respect of a Note, an Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) is not delivered to the relevant Clearing System and/or each other relevant party, as the case may be, with a copy to the Issuer, prior to the close of business in each place of reception on the 90th calendar day following the Cut-off Date then (a) if "Assessed Value Payment Amount" is specified as applicable in the Final Terms, the Issuer shall as soon as reasonably practicable following such date determine the Assessed Value Payment Amount (as defined below) and in respect of such Note shall pay the Assessed Value Payment Amount to the relevant Noteholder in lieu of delivery of the Entitlement as soon as reasonably practicable following determination of the Assessed Value Payment Amount, or (b) if "Assessed Value Payment Amount" is specified as 'not applicable' in the Final Terms, the Issuer's obligations in respect of such Note and the Guarantor's obligations pursuant to the Guarantee in respect of such Note shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor, as applicable. Upon payment of the Assessed Value Payment Amount, if applicable, the Issuer's and the Guarantor's obligations in respect of such Note shall be discharged. For the avoidance of doubt, in the circumstances described above, such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of a failure to give an Asset Transfer Notice in relation to a Delivery Date or the Credit Settlement Date, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor as applicable.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver (or procure the delivery) or Deliver (or procure the Delivery) of the Entitlement for each Note, in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) or in such manner as is specified in the applicable Final Terms. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery or Delivery, as the case may be, of the Entitlement, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery or Delivery of the Entitlement shall be made until all Expenses have been paid by the relevant Noteholder to the satisfaction of the Issuer.

(C) General

Notes held by the same Noteholder may be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Noteholder.

Following the Delivery Date or Credit Settlement Date in respect of a share forming part of the Entitlement, all dividends on the relevant shares to be delivered will be payable to the relevant party according to market practice assuming a sale of the shares has been executed on the Delivery Date or Credit Settlement Date. Any such

TERMS AND CONDITIONS OF THE NOTES

dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in General Condition 5(b)(i)(A).

For such period of time after delivery or Delivery of the Entitlement until the Delivery Date or the Credit Settlement Date (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations.

(D) Settlement Disruption

The provisions of this General Condition 5(b)(i)(D) apply to Notes other than Credit Linked Notes to which Credit Linked Redemption is applicable.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event other than a Relevant Asset Redemption Event (each as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. Following the occurrence of a Relevant Asset Redemption Event, the Entitlement Amount shall be deemed to be a cash amount equal to the proceeds of redemption of the Entitlement specified in the Final Terms less (where 'Unwind Costs' are specified as being applicable in the Final Terms), an amount equal to all Unwind Costs (as defined below), as determined by the Calculation Agent and notified to the Noteholders in accordance with General Condition 13. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date.

For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event other than a Relevant Asset Redemption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with General Condition 13. Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that a Settlement Disruption Event has occurred.

No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

TERMS AND CONDITIONS OF THE NOTES

"Affiliate" means in relation to any entity (the **"First Entity"**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes, control means ownership of a majority of the voting power of an entity;

"Disruption Cash Redemption Amount" means, in respect of any relevant Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

"Hedging Arrangements" means any transaction(s), asset(s) or trading position(s) the Issuer and/or any of its Affiliates or agents may enter into or hold from time to time (including, if applicable, on a portfolio basis) to hedge directly or indirectly and whether in whole or in part the credit or other price risk of the Issuer issuing and performing its obligations with respect to the Notes.

"Relevant Asset Redemption Event" means, in respect of a Relevant Asset which is specified in the Final Terms to be a debt obligation in the form of a bond, that the Relevant Asset has been redeemed for any reason, on or prior to the Maturity Date of the Notes;

"Settlement Business Day" has the meaning specified in the Final Terms;

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the Conditions and/or the Final Terms; and

"Unwind Costs" means the amount specified in the Final Terms (if any) or if "Standard Unwind Costs" are specified in the Final Terms, an amount determined by the Calculation Agent equal to the aggregate sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Relevant Assets and the Notes and the related termination, settlement or re-establishment of any Hedging Arrangements.

(E) Failure to Deliver due to Illiquidity

The provisions of this General Condition 5(b)(i)(E) apply to the Notes other than Credit Linked Notes to which Credit Linked Redemption is applicable.

If "Failure to Deliver due to Illiquidity" is specified as applying in the Final Terms and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **"Affected Relevant Assets"**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a **"Failure to Deliver due to Illiquidity"**), then:

- (1) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated date of redemption in accordance with this General Condition (b); and
- (2) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Failure to Deliver Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with

TERMS AND CONDITIONS OF THE NOTES

General Condition 13. Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that the provisions of this General Condition 5(b)(i)(E) apply.

For the purposes hereof, "**Failure to Deliver Redemption Amount**" means, in respect of any relevant Note, the fair market value of such Note (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or any of its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion.

(ii) Variation of Settlement

If the Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with General Condition 13 and the provisions of General Condition 5(b) (*Physical Delivery*) shall apply accordingly. Where so specified in the Final Terms, the Issuer shall give not less than the minimum period of notice and/or not more than the maximum period of notice.

(iii) Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount

Notwithstanding any provision of these General Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of Notes to which this General Condition 5(b) applies, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises assets which are not freely tradable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other assets which the Calculation Agent determines, in its sole and absolute discretion, are freely tradable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Delivery Date of an amount equal to the fair market value of the Entitlement on or about the time of so electing as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with General Condition 13 and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradable**" security shall mean (i) with respect to the United States, a security which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such security and not purchased from an affiliate of the issuer of such security or which otherwise meets the requirements of a freely tradable security for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a security not subject to any legal restrictions on transfer in such jurisdiction.

(iv) Rights of Noteholders and Calculations

None of the Issuer, the Guarantor (if applicable), the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(v) For the purposes of the General Conditions:

TERMS AND CONDITIONS OF THE NOTES

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes, control means ownership of a majority of the voting power of an entity; and

"**Assessed Value Payment Amount**" means, in respect of a Note, an amount determined by the Calculation Agent to be the fair market value of the assets comprised in the Entitlement in respect of such Note less the cost to the Issuer and/or its Affiliates of unwinding any underlying relating hedging arrangements, all as determined by the Issuer.

6. Redemption and Purchase

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, each Note (other than a Credit Linked Note to which Credit Linked Redemption is applicable) will be redeemed by the Issuer at its relevant Final Redemption Amount in the Specified Notes Currency on the Maturity Date specified in the Final Terms or, if (i) Physical Settlement is specified as applicable in the Final Terms (each such Note a "**Physical Delivery Note**") or (ii) Variation Settlement is specified as applicable in the Final Terms and the Issuer exercises such option, by delivery of the Entitlement (as provided in General Condition 5(b)(b) above) on the Delivery Date. Notes may not be redeemed other than in accordance with these General Conditions and any applicable Annex.

The "**Final Redemption Amount**" shall be, unless specified otherwise in the applicable Final Terms, an amount in respect of each Calculation Amount, equal to the Calculation Amount multiplied by: (i) the percentage, or (ii) the Final Payout specified in the Final Terms. For the avoidance of doubt, if the Final Payout is zero or negative, no amount shall be payable on the final redemption of the Note.

The "**Entitlement**", in respect of each Calculation Amount, shall be a quantity of the Relevant Asset(s) (and any cash amount to be delivered as a result of rounding down) specified in the Final Terms equal to the Entitlement Amount specified in the Final Terms or, in the case of Credit Linked Notes to which Credit Linked Redemption is applicable, the Deliverable Obligations to be delivered pursuant to the Credit Linked Conditions. If the Relevant Asset is specified in the Final Terms to be a debt obligation in the form of a bond (a "**Bond Asset**"), the Entitlement in respect of each Calculation Amount, shall be a nominal amount of such Bond Asset (and any cash amount to be delivered as a result of rounding down) specified in the Final Terms having a face value equal to the Entitlement Amount specified in the Final Terms. In respect of any Bond Asset (i) the Calculation Agent shall make such adjustments as it, in its sole and absolute discretion determines to be necessary, to the Entitlement to be so delivered, in order to take account of any redenomination, subdivision, consolidation, reclassification or any event having a dilutive or concentrative effect on the value of the Bond Asset; or (ii) if such Bond Asset is converted into or exchanged for other securities in accordance with the terms of any voluntary or involuntary exchange or restructuring programme, the Entitlement shall be a nominal amount of the such converted securities or securities for which the Bond Asset has been exchanged, having a face value equal to the Entitlement Amount. If the Calculation Agent determines in its sole and absolute discretion that such securities are not freely tradable, the provisions of General Condition 5(b)(iii) (*Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*) shall apply.

"**Relevant Asset(s)**" means the relevant asset(s) so specified in the Final Terms.

(b) Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 30 or more than 60 days' notice to the Principal Paying Agent and, in accordance with General Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) (A) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged under Spanish law to pay additional amounts as provided or referred to in General Condition 7 or the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts (as defined in General Condition 7); or (B) there is any change after the Issue Date of the Notes in the application or binding official interpretation of the Spanish laws or

TERMS AND CONDITIONS OF THE NOTES

regulations as a result of which withholding tax is applicable to the Notes, which change or amendment becomes effective on or after the issue date of the Notes; and

- (ii) in the case of (i)(A) above, such obligation to pay additional amounts cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this General Condition 6, the Issuer or, as the case may be, the Guarantor shall deliver to the Principal Paying Agent a certificate signed by two Directors of the Issuer (or if at the time that such certification is to be given the Issuer has only one Director, such certificate may be signed by such Director) or, as the case may be, by a duly authorised signatory of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts.

Each Note redeemed pursuant to this General Condition 6(b) will be redeemed at its Early Redemption Amount referred to in General Condition 6(f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

(c) Redemption for Illegality

In the event that the Issuer determines in good faith that the performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in paragraph (f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

(d) Redemption at the Option of the Issuer (Issuer Call)

If "**Issuer Call Option**" is specified as being applicable in the Final Terms, the Issuer may, having given:

- (i) not less than 5 days' (or such other notice period specified in the Final Terms) notice to the Noteholders in accordance with General Condition 13; and
- (ii) not less than 4 days before the giving of the notice referred to in (i), notice to the Principal Paying Agent,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and each at the Optional Redemption Amount(s) specified in, or determined on the Optional Redemption Valuation Date in the manner specified in, the Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any partial redemption must be of a nominal amount equal to the Minimum Redemption Amount or, if applicable, a Higher Redemption Amount as specified in the Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or DTC, in the case of Redeemed Notes represented by a Global Note or in the case of Redeemed Notes that are represented by Book-Entry Notes, the rules of Iberclear or the Book-Entry Depository (as the case may be), not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed

TERMS AND CONDITIONS OF THE NOTES

Notes will be published in accordance with General Condition 13 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the Aggregate Nominal Amount of the Notes outstanding, in each case on the Selection Date, provided that the aggregate nominal amount of Redeemed Notes represented by definitive Notes shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with General Condition 13 at least five days prior to the Selection Date.

(e) Redemption at the Option of the Noteholders (Noteholder Put)

If "**Noteholder Put Option**" is specified as being applicable in the Final Terms, upon the holder of any Note giving to the Issuer in accordance with General Condition 13 not less than 15 or more than 30 days' notice (or such other minimum and/or maximum notice period specified in the Final Terms) (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem in whole but not in part, subject to and in accordance with the terms specified in the Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined on the Optional Redemption Valuation Date specified in the Final Terms, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the Notes its holder must, if the Notes are in definitive form and held outside Euroclear and Clearstream, Luxembourg and/or DTC, deliver at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition 6(e)(e) and, in the case of Registered Notes, the nominal amount thereof to be redeemed. If a Note is in definitive bearer form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to its order or under its control. If a Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg and/or DTC, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg and/or DTC (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg and/or DTC or any common depositary for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg and/or DTC from time to time, and, if a Note is a Bearer Note represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Principal Paying Agent for notation accordingly. If the Note is represented by a Book-Entry Note held through Iberclear, to exercise the right to require redemption of such Note the holder of such Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Iberclear (which may include notice being given on his instruction by Iberclear, or any Iberclear member to the Principal Paying Agent by electronic means) in a form acceptable to Iberclear from time to time. In the case of a Book-Entry Note held through a Book-Entry Depositary, to exercise the right to require redemption of the Note, the holder of the Note must within the notice period, give notice to the Principal Paying Agent and the Spanish Paying Agent in accordance with the procedures agreed with such Book-Entry Depositary.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, and/or Clearstream Luxembourg and/or DTC given by a holder of any Note pursuant to this General Condition 6(e) shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this General Condition 6(e) and instead to declare such Note forthwith due and payable pursuant to General Condition 9.

(f) Early Redemption

TERMS AND CONDITIONS OF THE NOTES

For the purposes of General Condition 6 (b), (c), and (k), General Condition 9 and any circumstances where the Notes are to be redeemed prior to their Maturity Date at their Early Redemption Amount (as defined below), each Note will be redeemed at an amount (the "**Early Redemption Amount**") calculated as follows, unless specified otherwise in the Final Terms, and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date:

- (i) in the case of any Note at an amount determined by the Calculation Agent on the second Business Day immediately preceding the due date for the early redemption of the Notes, representing such Note's *pro rata* share of (a) the fair market value of such Notes taking into account all factors which the Calculation Agent determines relevant (including, if applicable, any interest provision of the Note, the event which resulted in such redemption and, if they are Partly Paid Notes, the aggregate amount paid up) less (b) all costs incurred by the Issuer, the Guarantor or any of its Affiliates in connection with such early redemption, including, without limitation, any costs associated with unwinding any related hedging arrangements, and all other expenses related thereto, as determined by the Calculation Agent in good faith and in a commercially reasonable manner.
- (ii) For the purposes of (i)(a) above where the relevant Notes provide for any minimum amount(s) of cash or assets to be payable or deliverable this shall be taken into account in determining the fair market value. However, the Calculation Agent shall reduce (i.e. discount) the value of such amounts in determining the fair market value to take into account the length of time remaining to the first possible date on which such amount(s) would otherwise have been payable or deliverable. Such discounting may be determined by reference to such information as the Calculation Agent may select which may include risk free rate(s).

The Calculation Agent shall also take into account appropriate values for any other amount which would or could otherwise have been payable or deliverable under the relevant Notes. This may include the element of the return on the Notes determined by reference to the relevant assets or reference basis(es) to which the Notes relate (i.e. a derivative element). The relevant value for this element of the Notes may be determined by reference to the cost at the relevant time of entering into a transaction to provide similar amounts.

(g) Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Notes purchased as aforesaid may, at the option of the Issuer, the Guarantor or their respective subsidiaries, as the case may be, be held, reissued, resold or surrendered to any Paying Agent and/or the Registrar for cancellation except that all Notes in definitive form purchased by the Issuer must be surrendered for cancellation.

(h) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to General Condition 6(g) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(i) Instalments

Unless previously redeemed or purchased and cancelled on or prior to an Instalment Date, Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the Final Terms. In the case of Notes in definitive form, all instalments (other than the final instalment) will be paid by surrender of, in the case of a Definitive Bearer Note, the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of a definitive Registered Note, the relevant Note and issue of a new Note in the nominal amount remaining outstanding, all as more fully described in General Condition 5. In the case of early redemption, the Early Redemption Amount will be determined pursuant to General Condition 6(f) above.

Where the Notes are Credit Linked Notes in respect of which Instalment Amounts are payable and the Final Terms specify that the Credit Linked Conditions shall not apply to the Instalment Amounts, such

TERMS AND CONDITIONS OF THE NOTES

Instalment Amounts shall be paid in full on each Instalment Date specified in the Final Terms notwithstanding the occurrence of any Credit Event Determination Date.

(j) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to General Condition 6(b), (d) or (e) above is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in General Condition 6(f)(ii) above as though the references therein to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with General Condition 13.

(k) Partly Paid Notes

In the event that any Noteholder fails to pay a Part Payment Amount with respect to Partly Paid Notes on the due date (a "**Part Payment Default Date**"), such Partly Paid Notes held by such Noteholder shall automatically be redeemed, unless specified otherwise in the Final Terms, on the seventh Business Day following a Part Payment Default Date, each at its Early Redemption Amount referred to in General Condition 6 (f) above and no further interest will be payable from the Interest Payment Date immediately preceeding such Part Payment Default Date or, if none, the Issue Date. Following the occurrence of a Part Payment Default Date with respect to Partly Paid Notes, the Issuer will, as soon as reasonably practicable, give notice of the occurrence of such Part Payment Default Date and resulting automatic redemption, to the relevant Noteholder in accordance with General Condition 13, provided that (i) failure to give such notice or (ii) payment of the Part Payment Amount following the occurrence of a Part Payment Default Date, will not void the automatic redemption of such Notes.

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this General Condition 6.

(l) Redemption for the occurrence of an Administrator/Benchmark Event

- (i) Subject to General Condition 6(l)(iii) and 6(l)(iv) below, following the occurrence of an Administrator/Benchmark Event, the Issuer, having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in General Condition 6(f) above. Interest will cease to accrue and no further interest will be payable from the Interest Payment Date or (if none, the Issue Date) immediately preceeding such Administrator/Benchmark Event.
- (ii) Notwithstanding General Condition 6(l)(i) above and subject to General Condition 6(l)(iii) and 6(l)(iv) below, in the event that the Calculation Agent determines that an Administrator/Benchmark Event has occurred, the Calculation Agent, shall give notice to the Issuer and the Noteholders as soon as reasonably practicable of the occurrence of such Administrator/Benchmark Event. The Calculation Agent shall then use reasonable endeavours to determine what amendments (if any) may be made to the terms and conditions of the Notes as the Calculation Agent determines necessary or appropriate to account for the effect of the relevant event or circumstance. Without limitation, such adjustments may: (a) consist of one or more amendments and/or be made on one or more dates; (b) be determined by reference to any adjustment(s) in respect of the relevant event or circumstance made in relation to any hedging arrangements in respect of the Notes; and (c) include selecting a successor benchmark(s) and making related adjustments to the terms of the Notes, including where applicable to reflect any increased costs of the Issuer providing exposure to the successor benchmark(s), and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks. In the event that the Calculation Agent proposes amendments to the terms and conditions of the Notes in accordance with this General Condition 6(l)(ii), the Issuer shall make such amendments to the terms and conditions of the

TERMS AND CONDITIONS OF THE NOTES

Notes and there shall be no redemption of the Notes. However, if the Calculation Agent determines, within 20 calendar days of the Issuer receiving notice of an Administrator/Benchmark Event, that no amendments may be made to the terms and conditions of the Notes to account for the effect of the relevant event or circumstance, (A) the Calculation Agent shall notify the Issuer of the same and (B) upon, the Issuer having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), the Notes shall be redeemed in accordance with General Condition 6(l)(i).

- (iii) Notwithstanding anything else in the General Conditions, if the relevant Benchmark for the determination of the Rate of Interest in respect of any Floating Rate Notes is a USD Benchmark Rate (of any tenor) or any Notes otherwise reference a USD Benchmark Rate (of any tenor) and the Calculation Agent determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time (such determination, a "**Benchmark Transition Event Determination**") in respect thereof on any date of determination of the Rate of Interest or other variable or amount under the General Conditions that depends on the determination of USD Benchmark Rate, then:
 - (A) the provisions of Annex 9 - USD LIBOR Benchmark Transition Event Annex and General Condition 6(l)(iv) shall apply in respect of the Notes in relation to such USD LIBOR rate; and
 - (B) the provisions of General Conditions 6(l)(i) and 6(l)(ii) shall not apply in respect of the Notes in respect of such USD LIBOR rate.
- (iv) Where the Calculation Agent determines under the provisions of Annex 9 - USD LIBOR Benchmark Transition Event Annex that there is not a Benchmark Replacement that will account for the effect of the Benchmark Transition Event, the Issuer, having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in General Condition 6(f) above. Interest will cease to accrue and no further interest will be payable from the Interest Payment Date or (if none, the Issue Date) immediately preceeding the Benchmark Transition Event Determination.

For the purposes of this General Condition 6(l):

"Administrator/Benchmark Event" means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Pre-Cessation Event a Rejection Event or a Suspension/Withdrawal Event.

"Benchmark" means any figure or rate and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure or rate, all as determined by the Calculation Agent.

"Benchmark Modification or Cessation Event" means, in respect of the Benchmark, any of the following has occurred or will occur:

- (A) any material change in such Benchmark;
- (B) any public statement by the relevant competent authority as a consequence of which the Benchmark will be prohibited from being used either generally, or in respect of the Notes;
- (C) the permanent cancellation or cessation in the provision of such Benchmark; or
- (D) it is not commercially reasonable to continue the use of the relevant Benchmark in connection with the Notes as a result of any applicable licensing restrictions or changes in the cost of obtaining or maintaining any relevant licence (including, without limitation, where the Issuer, the Calculation Agent or any other entity is required to hold a valid licence in order to issue or perform its obligations in respect of the Notes and for any reason such licence is either not obtained, not renewed or is revoked or there is a material change in the cost of obtaining or renewing such licence).

"Benchmark Replacement Date" has the meaning given to that term in Annex 9 - USD LIBOR Benchmark Transition Event Annex.

TERMS AND CONDITIONS OF THE NOTES

"Benchmark Transition Event" has the meaning given to that term in Annex 9 - USD LIBOR Benchmark Transition Event Annex.

"BMR" means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

"Non-Approval Event" means, in respect of the Benchmark:

- (A) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Benchmark or the administrator of the Benchmark is not obtained or will not be obtained;

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator of the Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

"Pre-Cessation Event": a public statement by the supervisor of the administrator of the Benchmark (as applicable) that, in the view of such supervisor, (A) the Benchmark is (or will be deemed by such supervisor to be) no longer representative of an underlying market or (B) the methodology to calculate the Benchmark has materially changed.

"Reference Time" has the meaning given to that term in Annex 9 - USD LIBOR Benchmark Transition Event Annex.

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses, or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Benchmark or the administrator of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (A) the relevant competent authority or other relevant official body suspends or withdraws, or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (B) the Benchmark or the administrator of the Benchmark is or will be removed from any official register where inclusion in such register is required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation.

"USD LIBOR" has the meaning given to that term in Annex 9 - USD LIBOR Benchmark Transition Event Annex.

7. Taxation

TERMS AND CONDITIONS OF THE NOTES

All payments of principal and interest in respect of the Notes, Receipts and Coupons by or on behalf of the Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any jurisdiction having the power to tax unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor, as applicable (or, as the case may be, the relevant Paying Agent) will account to the relevant authorities for the amount required to be withheld or deducted and, in the case of any taxes or duties imposed or levied by or on behalf of the Kingdom of Spain ("**Spain**") or any political subdivision or authority thereof or therein having the power to tax, will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a beneficial owner or a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with Spain other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in General Condition 5(a)); or
- (iii) to, or to a third party on behalf of, a holder if such taxes or duties may be avoided by complying with any relevant requirement of Spanish law or by making a declaration of non-residence or other similar claim for exemption to any authority of or in Spain, unless such holder proved that he is not entitled so to comply or to make such declaration or claim.

In these General Conditions, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with General Condition 13.

8. Redenomination

(a) Redenomination

Where redenomination is specified in the Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Principal Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with General Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Notes Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Principal Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;

TERMS AND CONDITIONS OF THE NOTES

- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations agreed at the time by the Issuer and the Principal Paying Agent;
 - (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Notes Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Notes Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
 - (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Notes Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
 - (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to each Calculation Amount (subject to General Condition 4(f)), multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
 - (vii) if the Notes are Floating Rate Notes, the Final Terms will specify any relevant changes to the provisions relating to interest; and
 - (viii) such other changes shall be made to these General Conditions as the Issuer may decide, after consultation with the Principal Paying Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.
- (b) Definitions

In these General Conditions, the following expressions have the following meanings:

"Established Rate" means the rate for the conversion of the Specified Notes Currency (including compliance with rules relating to rounding in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 1091(4) of the Treaty;

"euro" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

"Redenomination Date" means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Notes Currency first participates in the third stage of European economic and monetary union; and

"Treaty" means the Treaty establishing the European Community, as amended by the Treaty on European Union as amended by the Treaty of Amsterdam.

9. Events of Default

If any of the following events (each an "**Event of Default**") shall have occurred and be continuing::

- (i) a default is made for more than 14 days in the payment of any principal (including any Instalment Amount(s)) due in respect of any of the Notes or 30 days or more in the payment of any interest or other amount due in respect of any of the Notes; or
- (ii) a default is made in the performance by the Issuer or the Guarantor of any other obligation under the provisions of the Notes or under the provisions of the Guarantee relating to the Notes and such default continues for more than 60 days following service by a Noteholder on the Issuer and the Guarantor of a notice requiring the same to be remedied; or
- (iii) an order of any competent court or administrative agency is made or any resolution is passed by the Issuer for the winding-up or dissolution of the Issuer (other than for the purpose of an amalgamation, merger or reconstruction (i) which has been approved by an Extraordinary Resolution or (ii) where all of the assets of the Issuer are transferred to, and all of its debts and liabilities are assumed by, a continuing entity); or
- (iv) an order is made by any competent court commencing insolvency proceedings (*procedimientos concursales*) against the Guarantor or an order is made or a resolution is passed for the dissolution or winding up of the Guarantor (except in any such case for the purpose of a reconstruction or a merger or amalgamation (i) which has been approved by an Extraordinary Resolution or (ii) where the entity resulting from any such reconstruction or merger or amalgamation is a Financial Institution (*Entidad de Crédito* according to article 1 of Law 10/2014 of 26 June, on Organisation, Supervision and Solvency of Credit Entities) and will have a rating for long-term senior debt assigned by Standard & Poor's Rating Services, Moody's Investors Services or Fitch Ratings Ltd equivalent to or higher than the rating for long-term senior debt of the Guarantor immediately prior to such reconstruction or merger or amalgamation); or

then the holder of any Note may declare such Note by written notice to the Issuer at the specified office of the Principal Paying Agent or the Registrar, as the case may be, effective upon the date of receipt thereof by the Principal Paying Agent or the Registrar, as the case may be, (in the case of paragraph (iii) and, in relation to the Issuer only, (iv), (v), (vi) and (vii) above, only if then permitted by applicable Spanish Law) to be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Redemption Amount (as described in General Condition (f)), together with accrued interest (if any) to the date of repayment.

TERMS AND CONDITIONS OF THE NOTES

Noteholders may not be able to exercise their rights on an event of default in the event of the adoption of any resolution measure under Law 11/2015.

The Spanish Insolvency Law provides: (i) that any claim not included in the company's accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency may become subordinated, (ii) that provisions in certain contracts granting one party the right to terminate on the other's insolvency are not enforceable and (iii) for the further accrual of interest to be suspended from the date of declaration of insolvency (subject to certain exceptions).

Sustainable Notes

In the case of any Notes where the "Reasons for the Offer" in paragraph 4 in Part B of the applicable Final Terms are stated to be for "green", "social" or "sustainability" purposes or for the "maintenance of a Sustainable Portfolio" as described in the "Use of Proceeds" section (the "**Sustainable Notes Use of Proceeds Disclosure**"), no Event of Default shall occur or other claim against the Issuer or the Guarantor or right of a holder of, or obligation or liability of the Issuer or the Guarantor in respect of, such Sustainable Notes arise as a result of the net proceeds of such Sustainable Notes not being used, any report, assessment, opinion or certification not being obtained or published, or any other step or action not being taken, in each case as set out and described in the Sustainable Notes Use of Proceeds Disclosure.

10. Prescription

Claims for payment of principal in respect of the Notes shall be prescribed upon the expiry of 10 years from the due date thereof and claims for payment of interest (if any) in respect of the Notes shall be prescribed upon the expiry of five years, from the due date thereof. There shall not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this General Condition 10 or General Condition 5 above.

11. Replacement of Notes, Receipts, Coupons and Talons

If any Note (including any Global Note), Receipt, Coupon or Talon is mutilated, defaced, stolen, destroyed or lost, it may be replaced at the specified office of the Principal Paying Agent or the Registrar, as the case may be, upon payment by the claimant of the costs incurred in connection therewith and on such terms as to evidence and indemnity, as the Issuer and the Principal Paying Agent or the Registrar may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued. Cancellation and replacement of Notes, Receipts, Coupons or Talons shall be subject to compliance with such procedures as may be required under any applicable law and subject to any applicable stock exchange requirements.

12. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

13. Notices

All notices regarding the Bearer Notes will be deemed to be validly given if published in one leading English language daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or any other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

All notices regarding Book-Entry Notes may be given by delivery to the Noteholders by registered mail to the addresses appearing in the relevant registries maintained by Iberclear or, as the case may be, the relevant Iberclear Member or by any other means which comply with Spanish law and the rules applicable to the giving of notices to investors and, if the Book-Entry Notes are listed on the AIAF Fixed Income Securities Market ("**AIAF**") or listed on in a Spanish MTF, the rules of AIAF or of the relevant Spanish MTF.

TERMS AND CONDITIONS OF THE NOTES

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or admitted to trading by another relevant authority, such notice will be published in a manner which complies with the rules of that stock exchange or relevant authority.

Until such time as any definitive Notes are issued, notice may be given (so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC (instead of by way of publication in a newspaper or mailing)) by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the Notes. For so long as any Notes are listed on a stock exchange or admitted to listing by another relevant authority, such notice will be also published in a manner which complies with the rules of that stock exchange or relevant authority by the Issuer. Any such notice shall be deemed to have been given to the holders of the Notes on the day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, may approve for this purpose.

14. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement. Such a meeting may and, if required in writing by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding, shall be convened by the Issuer. At a meeting of the holders of the Notes for the purpose of, amongst others, approving a modification or amendment to, or obtaining a waiver of any covenant or condition set forth in the Notes, the Receipts, the Coupons or the Agency Agreement, persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum. In the absence of a quorum at any such meeting that is not a meeting convened upon the requisition of Noteholders, within 30 minutes of the time appointed for such meeting, the meeting may be adjourned for a period of not less than 14 days, in the absence of a quorum any meeting that is convened on the requisition of Noteholders shall be dissolved; the persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum for the taking of any action set forth in the notice of the original meeting. At a meeting or an adjourned meeting duly convened and at which a quorum is present as aforesaid, any Extraordinary Resolution to, amongst others, modify or amend any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement (other than those items specified in General Conditions 14(i) and (ii)), or to waive compliance with, any of the terms and conditions of the Notes shall be effectively passed if passed by a majority consisting of at least 75 per cent. of the votes cast.

The Principal Paying Agent, the Issuer and the Guarantor may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer or the Guarantor are incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders, in accordance with General Condition 13 as soon as practicable thereafter.

15. Agents and Registrar

TERMS AND CONDITIONS OF THE NOTES

The names of the initial Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (i) there will at all times be a Principal Paying Agent and a Registrar;
- (ii) so long as the Notes are listed on any stock exchange or admitted to listing by any relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of such other stock exchange or other relevant authority; and
- (iii) so long as any of the Registered Global Notes payable in a Specified Notes Currency other than US dollars are held through DTC or its nominee, there will at all times be an Exchange Agent.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in General Condition 5(a). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with General Condition 13, provided that no such variation, termination, appointment or changes shall take effect (except in the case of insolvency) within 7 days before any due date for the payment of any Note or any related Receipt or Coupon. Notice of all changes in the identities or specified offices of any Agent will be given promptly by the Issuer to Noteholders in accordance with General Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer and the Guarantor (if applicable) to the Noteholders, Receiptholders and Couponholders, to repay Notes and pay interest thereon) funds received by the Principal Paying Agent for the payment of the principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders or Couponholders until the expiration of the relevant period of prescription under General Condition 10. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

All calculations, determinations, decisions, selections, elections and opinions made by the Calculation Agent shall be made in its discretion in accordance with the Conditions of the Notes, having regard in each case to any criteria stipulated therein, and shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the other Agents and the Noteholders.

In exercising its discretion as described above, the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include, in particular, any circumstances or events which have or may have a material impact on the hedging arrangements (as described below) entered into by the Issuer and/or any of its Affiliates and/or any other relevant party (each a "**Relevant Party**") in respect of the Notes. The exercise of the Calculation Agent's discretion in respect of the Notes as provided herein is necessary because certain circumstances or events (for example a material modification or disruption to a relevant asset(s) to which the Notes are linked) may occur subsequent to the issuance of the Notes which may materially affect the costs to the Relevant Party of maintaining the Notes or any relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Notes. In addition, as a result of certain circumstances or events (e.g. unavailability or disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of any relevant asset(s) to which the Notes are linked or otherwise in connection with the Notes to be made, thus making it necessary for the Calculation Agent to exercise its discretion in such a case.

16. Substitution

(a) Substitution of the Issuer

TERMS AND CONDITIONS OF THE NOTES

- (i) The Issuer may, without the consent of the Noteholders (and by subscribing any Notes, each Noteholder expressly consents to it), be replaced and substituted by the Guarantor or any other company of which 100 per cent. of the shares or other equity interests (as the case may be) carrying the right to vote are directly or indirectly owned by the Guarantor as principal debtor (in such capacity, the "**Substituted Debtor**") in respect of the Notes provided that:

The Documents shall also contain a covenant by the Substituted Debtor and (if the Substituted Debtor is not the Guarantor) the Guarantor to indemnify and hold harmless each Noteholder against all taxes or duties which arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred or levied against such holder as a result of any substitution pursuant to this General Condition 16(a) and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, any and all taxes or duties which are imposed on any such Noteholder by any political subdivision or taxing authority of any country in which such Noteholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

1 Structured Notes

(a) Use of Payout Conditions

These Payout Conditions set out the methodology for determining various payouts and product features in respect of the Notes. The applicable text shown in Payout Conditions 2, 3, 4 and 5 below will be extracted, included and completed at the paragraph indicated in the Final Terms on the basis that (i) applicable text (including, where appropriate, section headings and terms defined in Payout Condition 5 which are required to be completed) from the relevant Payout Condition will be set out at the paragraph indicated in the Final Terms and (ii) inapplicable text (and any terms defined in Payout Condition 5 which are not required to be completed) need not be included. Where the Final Terms specify that a table may be inserted, such table will set out amounts, entities, dates, items, rates, value levels, triggers, figures and other information which completes the definitions that appear in the relevant subparagraphs of the Final Terms, the Terms and Conditions of the Notes and the applicable Annex(es) to the Terms and Conditions of the Notes. Notwithstanding the above, a table may be inserted in any section of the Final Terms whether or not is so specified that a table may be inserted in such section of the Final Terms.

(b) Use of Terms

Terms in these Payout Conditions or in the Final Terms may be attributed a numerical or letter suffix value when included in the Final Terms. Without limitation, the suffix can be denoted as "j", "k", "m", "q", "n", "t", "i", "A", "B", "C" or "1", "2", "3" etc. and the term may be completed on the basis of the number or numbers represented by j, k, m, q, n, t, i, "A", "B", "C" or 1, 2, 3 etc. as chosen at the time of an issue of Notes. Moreover suffixes may be placed in series as necessary, such as "A(1)", "B(1)", "C(1)" etc. When applicable and in order to improve the reading and intelligibility of the formula(e) in the Final Terms, the applicable suffixes may be included, completed and the relation between the term and the suffix will be explained and may be presented as a table, if necessary, in the Final Terms. A term in Payout Condition 5 may be included in the applicable Final Terms section more than once if there is more than one number represented by the term n, t or i. Conjunctions (e.g. or, and, but) and punctuation may also be included where appropriate. Suffixes may denote that a relevant term relates to an asset, item or date associated with that suffix. Suffixes may also be applied to payouts to denote that more than one payout or Rate of Interest etc, may be concurrently applicable (on the same dates or otherwise) in respect of any Note.

The constituent parts of any formula(e) or term(s) used in these Payout Conditions and that are to be specified in the Final Terms may be replaced in the Final Terms by the prescribed amount, level, or percentage or other value or term (the "**Variable Data**"). If a Variable Data has a value of either 0 (zero) or 1 (one), or is not applicable in respect of the relevant formula(e), then the related formula(e) may be simplified, for the purpose of improving the reading and intelligibility in the formula(e) in Final Terms, by deleting such Variable Data.

1. **Disrupted Day**

The Calculation Agent shall give notice as soon as practicable to the Issuer and the Issuer shall give notice as soon as practicable to the Guarantor, the Principal Paying Agent and the Noteholders in accordance with General Condition 13 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Automatic Early Redemption Valuation Date, an Averaging Date, a Knock-in Determination Day or a Knock-out Determination Day, an Observation Date or a Valuation Date, as the case may be.

2. **Adjustments to an Index**

(a) **Successor Index Sponsor Calculates and Reports an Index**

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(b) **Modification and Cessation of Calculation of an Index**

If (i) on or prior to the last Automatic Early Redemption Valuation Date, the last Averaging Date, last Knock-in Determination Day, last Knock-out Determination Day, last Observation Date or last Valuation Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for, or the method of, calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on an Automatic Early Redemption Valuation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, an Observation Date or a Valuation Date, as the case may be, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then:

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant Settlement Level using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Automatic Early Redemption Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, Observation Date or Valuation Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or
- (ii) where the Calculation Agent determines that no adjustment has been proposed by the Related Exchange and that no other action will produce a commercially reasonable result, the Issuer, in its sole and absolute discretion may, on giving notice to Noteholders in accordance with General Condition 13:

- (A) redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note, taking into account the Index Adjustment Event (the "**Calculated Index Adjustment Amount**") less the cost to

the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Modified Calculated Index Adjustment Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion as soon as practicable following the occurrence of the relevant Index Adjustment Event (the "**Calculated Index Adjustment Amount Determination Date**"); or

- (B) require the Calculation Agent to determine the Calculated Index Adjustment Amount on the Calculated Index Adjustment Amount Determination Date, and redeem each Note on the scheduled Maturity Date by payment of the Calculated Index Adjustment Amount. For avoidance of any doubt, the Calculated Index Adjustment Amount shall not accrue any interest from the date of its calculation to the Maturity Date.

In relation to paragraphs (A) and (B) above, notwithstanding General Condition 4(g), each Note shall cease to bear interest from and including the Calculated Index Adjustment Amount Determination Date and no interest amounts scheduled for payment thereafter (including, for the avoidance of doubt, including any Specified Interest Amounts) shall be payable.

- (iii) Notwithstanding (i) and (ii) above, if there are any options or future contracts of the Index traded on the Related Exchange, the Calculation Agent may instead in its sole and absolute discretion, upon the occurrence of an Index Adjustment Event, make the corresponding adjustments made on any Related Exchange (an "**Exchange Based Adjustment**").

- (c) Notice

Upon the occurrence of an Index Adjustment Event, the Calculation Agent shall, as soon as practicable, other than in the case of an Exchange Based Adjustment notify the Issuer of any determination made by it pursuant to paragraph (b) above and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Index Adjustment Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Index Adjustment Event or the proposed action.

3. Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the level of an Index, if the relevant level of the Index published on a given day which is used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor, (i) in respect of a Composite Index, no later than five Exchange Business Days following the date of the original publication or, (ii) in respect of an Index which is not a Composite Index, within the number of days equal to the Index Correction Period of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the level of the Index will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

4. Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (if applicable) (iii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the Weighting and/or any of the other terms of the General Conditions, these Index Linked Conditions and/or the Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) redeem the Notes by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note, taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Additional Adjustment Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or

- (b) Upon the occurrence of an Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

For the purposes of determining whether a Market Disruption Event in respect of such Index exists at any time, if a Market Disruption Event occurs in respect of a security included in such Index at any time, then the relevant percentage contribution of that security to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange ("**Exchange Based Adjustment**") to options on the Shares traded on that options exchange.

- (iv) Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall, other than where Exchange Based Adjustment applies notify the Issuer as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13, stating the occurrence of the Potential Adjustment Event, giving details thereof and the adjustment to be taken in relation thereto, provided that any failure to give or non-receipt of such notice will not affect the validity of such Potential Adjustment Event or Potential Adjustment Event Effective Date or the adjustment in relation thereto.

"**Listing Change**" means, in respect of any relevant Shares, that such Shares cease (or will cease) to be listed, traded or publicly quoted on the listing compartment or the relevant market of the Exchange on which such Shares were listed, traded or publicly quoted on the Issue Date, for any reason (other than a Merger Event or Tender Offer or where this is a De-Listing).

(the **"Percentage Range"**) of the outstanding voting shares of the Basket Company or Share Company, as the case may be, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

(c) Consequences of the occurrence of an Extraordinary Event:

If an Extraordinary Event occurs in relation to a Share or a Basket of Shares, the Issuer in its sole and absolute discretion may take the action described in (i) to (iii) below in respect of a Note relating to a Share or a Basket of Shares, and the actions described in (iv) or (v) below in respect of a Note relating to a Basket of Shares only:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms to account for the relevant Extraordinary Event, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary Event made by any options exchange to options on the Shares traded on that options exchange. In addition, in relation to a Basket of Shares, the Calculation Agent may adjust the Basket of Shares in accordance with the provisions of sub-paragraph (v) below;
- (ii) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the **"Options Exchange"**), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or

(iii) where the Calculation Agent determines that no adjustment has been proposed by the Options Exchange and that no other action will produce a commercially reasonable result, the Issuer, in its sole and absolute discretion may, on giving notice to Noteholders in accordance with General Condition 13,

(A) redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the relevant Extraordinary Event (the "**Calculated Extraordinary Event Amount**"), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Modified Calculated Extraordinary Event Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion as soon as practicable following the occurrence of the relevant Extraordinary Event (the "**Calculated Extraordinary Event Amount Determination Date**"), or

For avoidance of any doubt, the Calculated Extraordinary Event Amount shall not accrue any interest from the date of its calculation to the Maturity Date.

In relation to paragraphs (A) and (B) above, notwithstanding General Condition 4(g), each Note shall cease to bear interest from and including the Calculated Index Adjustment Amount Determination Date and no interest amounts scheduled for payment thereafter (including, for the avoidance of doubt, including any Specified Interest Amounts) shall be payable.

(A) pay to each Noteholder in respect of each Note held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the relevant Extraordinary Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and

where:

If an Extraordinary ETF Event occurs, including any Additional Extraordinary ETF Event specified in the Final Terms the Issuer in its sole and absolute discretion may take any of the actions (each an "**Extraordinary ETF Event Action**") described in subparagraphs (i) to (iii) inclusive below.

 - (i) Adjustment

If the Issuer determines that the action taken in respect of the Extraordinary ETF Event is to be "**Adjustment**" then it may:

 - (A) require the Calculation Agent to determine, in its sole and absolute discretion, the appropriate adjustment(s), if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in the case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these ETF Linked Conditions and/or the applicable Final Terms to account for the relevant the Extraordinary ETF Event and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the ETF Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary ETF Event made by any options exchange to options on the ETF Shares traded on that options exchange; or
 - (B) following such adjustment to the settlement terms of options on the ETF Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these ETF Linked Conditions and/or the Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the ETF Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these ETF Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary ETF Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.
 - (ii) Substitution

ADDITIONAL TERMS AND CONDITIONS FOR ETF LINKED NOTES

If the Issuer determines that the action to be taken in respect of the Extraordinary ETF Event is to be "**Substitution**", the Calculation shall on or after the occurrence of any Extraordinary ETF Event, substitute each ETF Share (each an "**Affected ETF Share**") of each ETF (each, an "**Affected ETF**") which is affected by such Extraordinary ETF Event with an ETF Share selected by it in accordance with the criteria for ETF Share selection set out below (each a "**Substitute ETF Share**") and the Substitute ETF Share will be deemed to be an "**ETF Share**" and the relevant issuer of such Substitute ETF Share, an "**ETF**" for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these ETF Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to an initial price (the "**Initial Price**") of the Affected ETF Share, the relevant Initial Price of each Substitute ETF Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"A" is the official closing price of the relevant Substitute ETF Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected ETF Share; and

"C" is the fair market value of the relevant Affected ETF Share on the Substitution Date (which may, where available, be determined by reference to the official closing price of the Affected Share on the relevant Exchange and/or such other source(s) as the Calculation Agent determines appropriate).

Such substitution and the relevant adjustment to the ETF Basket will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") in its sole and absolute discretion and specified in the notice referred to below which may, but need not, be the relevant Extraordinary ETF Event Effective Date.

The Weighting of each Substitute ETF Share will be equal to the Weighting of the relevant Affected ETF Share.

In order to be selected as a Substitute ETF Share, the relevant share/unit/interest must satisfy the following criteria, as determined by the Calculation Agent in its sole and absolute discretion:

- (A) where the relevant Extraordinary ETF Event is a Merger Event or a Tender Offer (a) in the case of ETF Shares related to a single ETF, and (b) in the case of ETF Shares related to an ETF Basket, the relevant share/unit/interest shall be an ordinary share/unit/interest of the entity or person that in the case of a Merger Event is the continuing entity in respect of the Merger Event or in the case of a Tender Offer is the entity making the Tender Offer provided that (i) the relevant share/unit/interest is not already included in the ETF Basket and (ii) it is or as of the relevant Extraordinary ETF Event Effective Date is promptly scheduled to be (x) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any member state of the European Union) and (y) not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (B) (a) where the relevant Extraordinary ETF Event is a Merger Event or a Tender Offer and a share/unit/interest would otherwise satisfy the criteria set out in paragraph (A) above, but such share/unit/interest is (in the case of an ETF Share related to an ETF Basket), already included in the ETF Basket, or (b) where the Extraordinary ETF Event is not a Merger Event or a Tender Offer, an alternative exchange traded instrument which, in the determination of the Calculation Agent, has similar characteristics to the relevant ETF, including but not limited to, a comparable listing, investment objectives, investment restrictions and investment processes underlying asset pools and whose related parties are acceptable to the Calculation Agent;

 - (D) following any such substitution (a "**Substitution**"), in its sole and absolute discretion amend such of the General Conditions, these ETF Linked Conditions and/or the Final Terms as it determines to be appropriate to take account of such Substitution, including to ensure the weighted average price referred to in (i) above (and any consequent rise or fall in value of the affected ETF Share since the Issue Date) is reflected in the terms of the Substitution.
- (iii) **Termination**

If the Issuer determines that the action to be taken in respect of the Extraordinary ETF Event is to be "**Termination**", upon the occurrence of a Termination Event the Issuer (i) shall redeem all but not some only of the Notes on the Termination Date by payment to each Noteholder of the Termination Amount. For avoidance of any doubt, the Termination Amount shall not accrue any interest from the date of its calculation to the Termination Date.

Notwithstanding General Condition 4(g), each Note shall cease to bear interest from and including the Calculated Extraordinary ETF Event Amount Determination Date and no interest amounts scheduled for payment thereafter (including, for the avoidance of doubt, including any Specified Interest Amounts) shall be payable.

3. **Correction of ETF Price**

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the price of an ETF Share, if the relevant price of the relevant ETF Share published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Exchange within the number of days equal to the ETF Share Correction Period of the original publication, the price to be used shall be the price of the relevant ETF Share as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the price of an ETF Share will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

- (c) if no Successor Index has been determined under paragraphs (a) or (b) above the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. In the event of any inconsistency between the Foreign Exchange (FX) Rate Linked Conditions and the Payout Conditions, the Payout Conditions shall prevail.*

1. Non-EM Valuation and Disruption Provisions

The provisions of this Foreign Exchange (FX) Rate Linked Condition 1 apply unless EM Foreign Exchange (FX) Rate Provisions are specified as applicable in respect of a Subject Currency in the Final Terms.

(a) Disruption Events

If so specified in the Final Terms, the occurrence of any of the following events, in respect of any Base Currency, Subject Currency and/or Subject Currencies, shall be a "**Disruption Event**":

- (i) Price Source Disruption;
- (ii) Illiquidity Disruption;
- (iii) Dual Exchange Rate;
- (iv) General Inconvertibility;
- (v) General Non-Transferability;
- (vi) Material Change in Circumstance;
- (vii) Nationalisation; or

any other event that, in the opinion of the Calculation Agent, is analogous to any of (i) to (vii) above (inclusive).

(b) Consequences of a Disruption Event

Upon a Disruption Event occurring or continuing on any Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant Price Source) as determined by the Calculation Agent, the Calculation Agent shall apply the applicable Disruption Fallback in determining the consequences of the Disruption Event.

"**Disruption Fallback**" means a source or method that may give rise to an alternative basis for determining the Settlement Price when a Disruption Event occurs or exists on a day that is an Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day (or, if different, the day on which prices for that date would, in the ordinary course, be published or announced by the Price Source). The Calculation Agent shall take the relevant actions specified in either (i), (ii) or (iii) below.

- (i) if an Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day, the Calculation Agent will determine that the relevant Averaging Date or Settlement Price Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day (in the case of the Strike Date or Valuation Date) or Valid Date (in the case of an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day) unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the originally scheduled Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be, is a Disrupted Day in which case the Calculation Agent may determine that the last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date, Settlement

Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be (irrespective, in the case of an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day, of whether that last consecutive Scheduled Trading Day is already an Averaging Date, Observation Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be) and may determine the Settlement Price by using commercially reasonable efforts to determine a Settlement Price as of the Valuation Time on the last such consecutive Scheduled Trading Day taking into consideration all available information that in good faith it deems relevant; or

- (ii) if an Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being not applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or
- (iii) if an Averaging Date, any Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the fair market value of each Note less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Foreign Exchange (FX) Disruption Amount**") as soon as practicable following the occurrence of the Disruption Event (the "**Calculated Foreign Exchange (FX) Disruption Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Foreign Exchange (FX) Disruption Amount plus interest accrued on the Calculated Foreign Exchange (FX) Disruption Amount on a daily basis from and including the Calculated Foreign Exchange (FX) Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount.

2. EM Currency Valuation and Disruption Provisions

The provisions of this Foreign Exchange (FX) Rate Linked Condition (2) apply where EM Foreign Exchange (FX) Rate Provisions are specified as applicable in respect of a Subject Currency in the Final Terms.

(a) EM Disruption Events

If so specified in the Final Terms, the occurrence of any of the following events, in respect of any Base Currency, Subject Currency and/or Subject Currencies, shall be an "**EM Disruption Event**":

ADDITIONAL TERMS AND CONDITIONS FOR FOREIGN EXCHANGE (FX) RATE LINKED NOTES

The Calculation Agent shall give notice as soon as practicable to the Issuer and the Issuer shall give notice as soon as practicable to the Guarantor, the Principal Paying Agent and the Noteholders in accordance with General Condition 13 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Automatic Early Redemption Valuation Date, an Averaging Date, Settlement Price Date, a Knock-in Determination Day or a Knock-out Determination Day, an Observation Date or a Valuation Date, as the case may be.

(b) Consequences of an EM Disruption Event

Upon an EM Disruption Event occurring or continuing on any Averaging Date, Settlement Price Date, Knock-In Determination Day or Knock-Out Determination Day, as the case may be (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant EM FX Price Source) as determined by the Calculation Agent, the Calculation Agent shall apply in determining the consequences of the EM Disruption Event: (a) EM Calculation Agent Determination where the applicable EM Disruption Event is other than Price Source Disruption or Price Materiality; and (b) the applicable EM Disruption Fallback where the applicable EM Disruption Event is a Price Source Disruption or Price Materiality.

(c) Unscheduled Holiday

If the Calculation Agent determines that a date that would otherwise have been a Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day is an Unscheduled Holiday in respect of a Subject Currency, then such date shall be the immediately succeeding Scheduled Trading Day after the occurrence of the Unscheduled Holiday, subject as provided above, and provided that if such Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, has not occurred on or before the EM Maximum Days of Postponement then the next Scheduled Trading Day after such period that would have been a Scheduled Trading Day but for the Unscheduled Holiday shall be deemed to be the relevant date for valuation and the Settlement Price shall be determined by the Calculation Agent on such day in its sole discretion acting in good faith having taken into account relevant market practice and by reference to such additional source(s) as it deems appropriate.

(d) Cumulative Events

If "Cumulative Events" is specified as applicable in the Final Terms in respect of a Settlement Currency then, in no event shall the total number of consecutive calendar days during which a Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day is deferred due to either (i) an Unscheduled Holiday or (ii) an EM Valuation Postponement (or a combination of both (i) and (ii)) exceed the EM Maximum Cumulative Days of Postponement in the aggregate. If a Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, is postponed by the number of calendar days equal to the EM Maximum Cumulative Days of Postponement and at the end of such period (i) an Unscheduled Holiday shall have occurred or be continuing on the day immediately following such period (the "**Final Day**"), then such Final Day shall be deemed to be the Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, and (ii) if a Price Source Disruption shall have occurred or be continuing on the Final Day, then Valuation Postponement shall not apply and the Settlement Price shall be determined in accordance with the next applicable EM Disruption Fallback.

(e) Postponement of payment or settlement days

Where any Settlement Price Date, Averaging Date, Knock-In Determination Day or Knock-Out Determination Day is postponed as a consequence of the provisions of this Foreign Exchange (FX) Rate Linked Condition 2, then the corresponding date for payment or delivery of any assets shall fall on the later of (a) the date for such payment or delivery otherwise determined in accordance with the Final Terms and (b) the day falling the EM Number of Postponement Settlement Days specified in the Final Terms (or, if none are so specified, two Business Days) after the last occurring Settlement Price Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be.

- (a) This Foreign Exchange (FX) Rate Linked Condition 3 is applicable only:

ADDITIONAL TERMS AND CONDITIONS FOR FOREIGN EXCHANGE (FX) RATE LINKED NOTES

- (c) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the Final Terms is any time or period of time other than the Valuation Time or, as the case may be, EM Valuation Time during the regular trading hours for the Base Currency, Subject Currency and/or Subject Currencies and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time at which a Knock-in Event or Knock-out Event would otherwise have occurred, a Disruption Event or an EM Disruption Event occurs or exists, then, unless otherwise specified in the Final Terms, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

5. Consequences of an Additional Disruption Event

If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note, taking into account the Additional Disruption Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements all as determined by the Calculation Agent in its sole and absolute discretion. *If specified as applicable in the Final Terms, the terms and conditions applicable to Credit Linked Notes shall comprise the General Conditions and the additional terms and conditions for Credit Linked Notes set out below (the "**Credit Linked Conditions**"), together with the terms and conditions as set out in each other Annex which is specified as applicable in the Final Terms and subject to completion in the Final Terms. In the event of any inconsistency between the General Conditions and the Credit Linked Conditions, the Credit Linked Conditions shall prevail.*

Unless otherwise stated in these Credit Linked Conditions or in the Final Terms, in the event that any day specified in the section "Credit Linked Interest/Redemption" in the Final Terms or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Notes for which more than one Reference Entity or Index is specified in the Final Terms, all references to "the Reference Entity" or to "the Index" herein shall be construed to refer to the Reference Entity or the Index in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.

For the avoidance of doubt no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity or Index does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Credit Linked Notes may take the form of Single Reference Entity Credit Linked Notes, First-to-Default Credit Linked Notes, Nth-to-Default Credit Linked Notes, Linear Basket Credit Linked Notes, Index Credit Linked Notes or Long/Short Credit Linked Notes. In the case of Linear Basket Credit Linked Notes and Index Credit Linked Notes, the Notes may be either Non-Tranched ("**Non-Tranched Linear Basket Credit Linked Notes**" or "**Non-Tranched Index Credit Linked Notes**", as the case may be) to which either Credit Payment on Maturity or Credit Payment As You Go will apply or Tranched ("**Tranched Linear Basket Credit Linked Notes**" or "**Tranched Index Credit Linked Notes**") (as the case may be). In addition, Index Credit Linked Notes may be Basket Tranched Index Credit Linked Notes ("**Basket Tranched Index Credit Linked Notes**"). Notwithstanding the use of the term "Index", Index Credit Linked Notes are not Index Linked Notes. A Credit Linked Note may also be a Zero Coupon Note.

Credit Linked Notes may be issued in respect of which:

- (a) "Credit Linked Interest" is applicable but "Credit Linked Redemption" is not applicable;
- (b) "Credit Linked Interest" is not applicable but "Credit Linked Redemption" is applicable; and
- (c) "Credit Linked Interest" and "Credit Linked Redemption" are both applicable.

If "Credit Linked Interest" is applicable, Credit Linked Condition 5 shall apply in respect of the Notes. If "Credit Linked Interest" is not applicable, Credit Linked Condition 5 shall not apply in respect of the Notes.

If "Credit Linked Redemption" is applicable, Credit Linked Condition 1 and other Credit Linked Conditions relevant in respect of redemption following the occurrence of a Credit Event Determination Date shall apply in respect of the Notes. If "Credit Linked Redemption" is not applicable, Credit Linked Condition 1 and other Credit Linked Conditions relevant in respect of redemption following the occurrence of a Credit Event Determination Date shall not apply in respect of the Notes.

The Final Terms shall specify, inter alia:

- (a) the type of Credit Linked Notes;

- (e) the Reference Obligation(s) (if any) in respect of each Reference Entity or, in the case of Index Credit Linked Notes, the relevant Index Annex;
- (f) the Trade Date, the Scheduled Maturity Date and if different from the Scheduled Maturity Date, the Credit Observation End Date;
- (g) the Reference Entity Notional Amount (if applicable) in respect of each Reference Entity;

- (l) the Transaction Type applicable to each Reference Entity if Physical Settlement Matrix is specified as being applicable in the Final Terms.

Certain elections in respect of Credit Linked Notes and one or more Reference Entities may be made by specifying that the Physical Settlement Matrix is applicable in the Final Terms. In this case the provisions of Credit Linked Condition 20 apply.

In the case of Index Linked Notes, certain information relating to the Credit Index will be as specified in the Index Annex named in the Final Terms.

The application of any of Credit Linked Conditions 6, 7, 8, 9 or 11 below shall, for the avoidance of doubt, not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such provisions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such provisions, the Calculation Agent may elect in its discretion which provision shall apply and under which provision or provisions it shall exercise its discretion.

1. Redemption of Credit Linked Notes

- (a) Unless previously redeemed or purchased and cancelled and provided that a Credit Event Determination Date has not occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note on the Maturity Date by payment of the Final Redemption Amount. If a Credit Event Determination Date has occurred in respect of any Reference Entity and "Credit Linked Redemption" is applicable in the Final Terms, the Issuer shall redeem each Credit Linked Note as described below. References in these Credit Linked Conditions to a Credit Linked Note or a Note are, unless the context otherwise requires, to a nominal amount of Credit Linked Notes equal to the Calculation Amount. Any payment of a "pro rata" amount in respect of a Note will be determined by reference to its nominal amount relative to the then Aggregate Nominal Amount of the Notes.
- (b) Where the Notes are Single Reference Entity Credit Linked Notes and "Credit Linked Redemption" is applicable in the Final Terms, if a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (h) below will apply.
- (c) Where the Notes are First-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to any of the specified Reference Entities and "Credit Linked Redemption" is applicable in the Final Terms, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, in relation only to the First Reference Entity (as defined in the definition of Credit Event Determination Date) or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (h) below will apply.
- (d) Where the Notes are Nth-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to one or more of the specified Reference Entities and "Credit Linked Redemption" is applicable in the Final Terms, notwithstanding any provision to the contrary in these Credit Linked Conditions, no settlement in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, will occur until such time as a Credit Event Determination Date has occurred in respect of the Relevant Number of Reference Entities (a "**Trigger**"). The Reference Entity in respect of which a Credit Event Determination Date has occurred which causes the

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

Trigger to occur is referred to as the "**Triggering Reference Entity**" and the Relevant Number is the number specified as such in the Final Terms. As of the day on which the Calculation Agent determines that a Credit Event Determination Date has occurred in respect of the Relevant Number of References Entities then (i) Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply in relation only to the Triggering Reference Entity or (ii) if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (h) below will apply.

- (e) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes to which Credit Payment on Maturity applies, Tranched Linear Basket Credit Linked Notes, Tranched Index Credit Linked Notes, Basket Tranched Index Credit Linked Notes or Long/Short Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity and "Credit Linked Redemption" is applicable in the Final Terms, then, in respect of each Credit Linked Note, each Note shall be redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date, subject as provided in paragraph (i) below.

For the avoidance of doubt, this paragraph (e) will apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

In respect of Tranched Linear Basket Credit Linked Notes and for the avoidance of doubt, where a Credit Event Determination Date has occurred with respect to a number of Reference Entities that is equal to or less than L (as defined below), then the Credit Event Redemption Amount will be par.

In respect of Tranched Index Credit Linked Notes and for the avoidance of doubt, where the Attachment Point is not exceeded by the Aggregate Loss Percentage following the occurrence of any Credit Event Determination Date, then the Credit Event Redemption Amount will be par.

In respect of Basket Tranched Index Credit Linked Notes and for the avoidance of doubt, where the relevant Attachment Point is not exceeded by the relevant Aggregate Loss Percentage following the occurrence of any Credit Event Determination Date in respect of each of the Basket Tranched Index Components, then the Credit Event Redemption Amount will be par.

Prior to each date on which a payment is due on the Credit Linked Notes, the Issuer shall procure that Noteholders are notified in accordance with Condition 13 of each Credit Event that has occurred since the previous payment date, provided that any delay or failure in the delivery of a such notice shall not affect the validity of any Credit Event Determination Date.

- (f) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes to which Credit Payment As You Go applies and "Credit Linked Redemption" is applicable in the Final Terms, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity: (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with General Condition 13 and (ii) in respect of each Credit Linked Note:

- (i) the Issuer shall pay as an Instalment Amount for the purposes of General Condition 6(i) an amount equal to the relevant Credit Event Amount, if any, on the relevant Credit Event Payment Date which will be the relevant Instalment Date; and
- (ii) each Note shall be redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if on or prior to the Credit Event Redemption Date and save where any Protected Amount is payable, a Credit Event Determination Date has occurred in respect of all the specified Reference Entities each Credit Linked Note will be redeemed (together with accrued interest, if any) at the final Credit Event Amount on the final Credit Event Payment Date, subject as provided in paragraph (i) below.

For the avoidance of doubt part (i) of this provision will apply and part (ii) of this provision will apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

- (g) Where only a part of an issuance of Notes is credit linked (which will be the case where the Credit Multiplier is less than 1), references in these Credit Linked Conditions to the "Scheduled Maturity Date" shall be references to the Scheduled Maturity Date of the credit linked part of the Notes only and notwithstanding any other provision of the Conditions, the Maturity Date of the Notes shall be the later

of the Maturity Date determined in accordance with these Credit Linked Conditions, and the final Instalment Date specified in the Final Terms.

- (h) Where the Notes are Zero/Set Recovery Notes then if a Credit Event Determination Date has occurred in respect of any Reference Entity (in the case of Single Reference Entity Credit Linked Notes, Linear Basket Credit Linked Notes, Index Credit Linked Notes, First-to-Default Credit Linked Notes or Long/Short Credit Linked Notes) or in respect of the Triggering Reference Entity (in the case of Nth-to-Default Credit Linked Notes) then following a Credit Event Determination Date in respect of any such Reference Entity the provisions of Credit Linked Conditions 2, 3 or 4 will not apply but (i) each Single Reference Entity Credit Linked Note, First-to-Default Credit Linked Note and Nth-to-Default Credit Linked Note will be redeemed by payment of the Credit Event Redemption Amount, if any, on the Credit Event Redemption Date together with accrued interest, if any, and (ii) each Linear Basket Credit Linked Note, Index Credit Linked Note or Long/Short Credit Linked Note may be redeemed (or otherwise) as provided in paragraph (e) or (f) above, as applicable and/or paragraph (i) below, if applicable.
- (i) Where any Credit Event Redemption Amount is zero (whether the Notes are Zero/Set Recovery Notes or otherwise) then, other than for the payment of any accrued interest or any other due but unpaid amounts or any interest amount not subject to the Credit Linked Conditions, the Notes will be cancelled as of the Credit Event Redemption Date or, if other, the day on which it is determined that the Credit Event Redemption Amount is or would be, were it to be so calculated in respect of such day, zero with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.
- (j) For the avoidance of doubt, the aggregate outstanding nominal amount in respect of Zero Coupon Notes is equal to 100 per cent. of their face amount.
- (k) For the avoidance of doubt the provisions of Credit Linked Conditions 6, 7, 8, 9 and 11 may each apply to First-to-Default Credit Linked Notes and Nth-to-Default Credit Linked Notes meaning that subject to paragraph 1(g) above, the Maturity Date may be delayed beyond the Scheduled Maturity Date in certain circumstances.
- (l) If any purchase and cancellation of Notes occurs under General Condition 6(g) or any further issue under General Condition 12, the Calculation Agent will make such adjustments to the applicable Final Terms and/or these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amounts) to ensure the Notes continue to reflect economic intentions.

2. Auction Settlement

- (a) Where Auction Settlement is specified as the applicable Settlement Method in the Final Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions where "Credit Linked Redemption" is specified as applicable in the Final Terms only, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
 - (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs; or
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph a(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred in respect of the relevant Credit Event on or prior to the date falling three Business Days after such Credit Event Determination Date,then:

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

- (x) if Fallback Settlement Method – Cash Settlement is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 below; or
- (y) if Fallback Settlement Method – Physical Delivery is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 4 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor. For the avoidance of doubt, following redemption of a portion of the Notes in accordance with the foregoing, the Issuer may still have payment obligations in respect of any outstanding portion of the Notes.

3. Cash Settlement

If a Credit Event Determination Date has occurred, then where Cash Settlement is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(iv)(x) above applies, the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, where "Credit Linked Redemption" is specified as applicable, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.

If Cash Settlement applies and "Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then, unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be included in the Valuation Obligations Portfolio only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If Cash Settlement applies and "Mod Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be included in the Valuation Obligations Portfolio only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor. For the avoidance of doubt, following redemption of a portion of the Notes in accordance with the foregoing, the Issuer may still have payment obligations in respect of any outstanding portion of the Notes.

4. Physical Settlement

If a Credit Event Determination Date has occurred, then where Physical Delivery is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(iv)(y) above applies, then, subject to any prior redemption, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with General Condition 13, and where "Credit Linked Redemption" is specified as applicable subject to these Credit Linked Conditions, in particular Credit Linked Condition

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on the Credit Settlement Date, subject to and in accordance with the General Conditions and these Credit Linked Conditions. The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Entitlement in respect of each Credit Linked Note equal to the Calculation Amount will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement to take account of the relevant Asset Package.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value. The Notice of Physical Settlement shall include (i) details of the relevant Reference Entity, (ii) the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation. The aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver shall be the relevant "**Aggregate Outstanding Amount**".

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with General Condition 13, (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with General Condition 13, prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with General Condition 13) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If Physical Settlement applies and "Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then, unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If Physical Settlement applies and "Mod Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable

Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor. For the avoidance of doubt, following redemption of a portion of the Notes in accordance with the foregoing, the Issuer may still have payment obligations in respect of any outstanding portion of the Notes.

5. Accrual of Interest

- (a) Where "Credit Linked Interest" is specified in the Final Terms to not apply or the Credit Linked Conditions are specified in the Final Terms not to apply to any interest provisions of the Notes then, notwithstanding the occurrence of a Credit Event Determination Date, for such purposes, each Note will continue to bear interest in accordance with General Condition 4(g) up to but excluding the Scheduled Maturity Date (with such date being deemed to be the final Interest Payment Date).
- (b) If "Credit Linked Interest" is applicable but "Credit Linked Redemption" is not applicable, then notwithstanding "Credit Linked Redemption" is not applicable, any notice that the Issuer would be obliged under the Credit Linked Conditions to provide to Noteholders if "Credit Linked Redemption" were applicable, shall nevertheless be provided to Noteholders unless the Calculation Agent determines that such notice is not relevant given "Credit Linked Redemption" is not applicable.
- (c) Where the Notes are Single Reference Entity Notes, First-to-Default Credit Linked Notes, or Nth-to-Default Credit Linked Notes, and "Credit Linked Interest" is applicable in the Final Terms, then, subject as provided in paragraph (d) in respect of Nth-to-Default Credit Linked Notes, if and to the extent that:
 - (i) "Accrual of Interest up to Credit Event" is specified in the Final Terms as not applicable to any interest provisions of the Notes then, notwithstanding General Condition 4(g), each Note to which the Credit Linked Conditions apply shall, to the extent to which "Credit Linked Interest" is expressed to apply to such Notes, cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is an Interest Payment Date such Interest Payment Date, or, if the Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the Notes; or
 - (ii) "Accrual of Interest up to Credit Event" is specified in the Final Terms as applicable to any interest provisions of the Notes then, notwithstanding General Condition 4(g), each Note to which the Credit Linked Conditions apply shall, to the extent to which "Credit Linked Interest" is expressed to apply to such Notes, cease to bear interest from the Credit Event Determination Date; and

provided that, in the case of (i) or (ii) if:

- (x) Credit Linked Condition 6, Credit Linked Condition 7 or Credit Linked Condition 8 applies in respect of the Notes and, in the case of Credit Linked Condition 6, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 7, a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or, in the case of Credit Linked Condition 8, a Credit Event has not occurred on or prior to the DC Cut-off Date, as the case may be; and/or

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

- (y) Credit Linked Condition 9 applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or are not satisfied on or prior to the Postponed Maturity Date,

- (d) Where the Notes are Nth-to-Default Credit Linked Notes and "Credit Linked Interest" is applicable, no interest adjustment in accordance with this Credit Linked Condition 5 will occur until such time as a Trigger has occurred. As of the day on which the Calculation Agent determines that a Trigger has occurred, then the Credit Event Determination Date will be deemed to have occurred only on such day.
- (e) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes to which Credit Payment on Maturity applies, Tranched Linear Basket Credit Linked Notes, Tranched Index Credit Linked Notes, Basket Tranched Index Credit Linked Notes or Long/Short Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity and "Credit Linked Interest" is specified as applicable then, in respect of each Credit Linked Note unless the Credit Linked Note is a Zero Coupon Note, the interest calculation basis described in paragraph (g) below will apply.

For the avoidance of doubt paragraph (e) above will apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

- (f) Where the Notes are Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes to which Credit Payment As You Go applies and "Credit Linked Interest" is specified as applicable then, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity: (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with General Condition 13 and (ii) in respect of each Credit Linked Note unless the Credit Linked Note is a Zero Coupon Note, the interest calculation basis described in paragraph (g) below will apply.

For the avoidance of doubt paragraph (f) above will apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

- (g) In the case of Linear Basket Credit Linked Notes or Index Credit Linked Notes or Long/Short Credit Linked Notes, each Note will bear interest pursuant to, and in accordance with, General Condition 4, and for such purposes the aggregate outstanding nominal amount of the Notes shall be deemed to be the Adjusted Credit Outstanding Nominal Amount or, in the case of each of General Condition 4(a)(y) or 4(b)(v)(B), the Calculation Amount shall be deemed to be each Note's pro rata share of the Adjusted Credit Outstanding Nominal Amount, in each case on the relevant Interest Payment Date or the relevant date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9 or 11. For the avoidance of doubt, this paragraph (g) is intended to apply to Linear Basket Credit Linked Notes or Index Credit Linked Notes or Long/Short Credit Linked Notes which are Zero Coupon Notes, subject to the provisions of sub-paragraph (h) below.
- (h) For these purposes "**Adjusted Credit Outstanding Nominal Amount**" means, on any Interest Payment Date or date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9, or 11:
 - (i) in the case of Non-Tranched Linear Basket Credit Linked Notes or Non-Tranched Index Credit Linked Notes (i) the aggregate outstanding nominal amount multiplied by the Credit Multiplier minus (ii) the product of (a) the aggregate outstanding nominal amount multiplied by the Credit Multiplier and (b) a fraction with (x) the original aggregate Reference Entity Notional Amounts of Reference Entities in respect of which a Credit Event Determination Date has occurred on or prior to the relevant Interest Payment Date or date for payment pursuant to Credit Linked Conditions 6, 7, 8, 9 or 11, as the case may be, as numerator and (y) the original aggregate Reference Entity Notional Amounts of the original number of Reference Entities to which the Notes related, in each case as of the Issue Date of the first Tranche of the Notes, as denominator;

6. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the Final Terms, the provisions of this Credit Linked Condition 6 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Credit Observation End Date or any Interest Payment Date (determined by reference to the Relevant Time) but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Credit Observation End Date or any Interest Payment Date or, if Credit Linked Condition 9(y) applies, the Postponed Maturity Date or Postponed Interest Payment Date (as defined in Credit Linked Condition 9) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium may, in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date or relevant Interest Payment Date, then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes and/or relevant interest payment will be delayed and:

- (a) in relation to such event as of the Scheduled Maturity Date, where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the Final Terms, for the purposes of this Credit Linked Condition 10 only the following terms shall be defined as follows and such definitions will apply notwithstanding other definitions of such terms in Credit Linked Condition 13:

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the tenth Business Day following the Valuation Date the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

"Partial Cash Settlement Amount" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, determined as provided in this Credit Linked Condition less if applicable (C) a *pro rata* share of Unwind Costs, if any (but excluding any Unwind Costs already taken into account in

calculating the relevant Entitlement), and (ii) zero provided that where (i) the relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and the Calculation Agent determines in its sole discretion that a Final Price cannot reasonably be determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Partial Cash Settlement Amount will be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs.

"Partial Cash Settlement Date" is deemed to be the date falling three Business Days after the calculation of the Final Price.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the Final Terms, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the Final Terms, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the Final Terms, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.
- (c) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this determination.

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to at least the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

If "Standard Reference Obligation" is specified as applicable in the Final Terms (or no election is specified in the Final Terms), the Reference Obligation is the Standard Reference Obligation and the Standard Reference Obligation is removed from the SRO List, such obligation shall cease to be the Reference Obligation and the Calculation Agent will select as a substitute Reference Obligation any Deliverable Obligation with the same level of seniority as the relevant Seniority Level, provided that, if there is no Deliverable Obligation with the same level of seniority as the relevant Seniority Level, the Calculation Agent may select any Deliverable Obligation as a substitute Reference Obligation.

In addition:

- (i) the Calculation Agent may at any time (x) replace the Reference Obligation with any Deliverable Obligation with the same level of seniority as the relevant Seniority Level from time to time, provided that, if there is no Deliverable Obligation with the same level of seniority as the relevant Seniority Level, the Calculation Agent may select any Deliverable Obligation as the replacement Reference Obligation or (y) where there is no Reference Obligation, including for the avoidance of doubt where "Initially none" is specified in the Final Terms in respect of the Reference Obligation, select any Deliverable Obligation as the Reference Obligation; and
- (ii) if "Standard Reference Obligation" is specified as applicable in the Final Terms (or no election is specified in the Final Terms) and a new obligation is placed on the SRO List in respect of the relevant Reference Entity, then the Calculation Agent may, but is not obliged to, select the new Standard Reference Obligation in respect of the Reference Entity as the Reference Obligation. The provisions of this definition may be applied by the Calculation Agent on more than one occasion and are without prejudice to the right of the Calculation Agent to determine a Substitute Reference Obligation.

Without prejudice to the paragraphs above:

- (a) in the case of iTraxx Index Credit Linked Notes (or Long/Short Credit Linked Notes referencing such Index), the Reference Obligation will be the Reference Obligation (if any) specified as such opposite the relevant Reference Entity in the Index Annex, subject to the definition of "Substitute Reference Obligation" below and the following paragraph:

- (b) in the case of CDX Index Credit Linked Notes (or Long/Short Credit Linked Notes referencing such Index), the Reference Obligation will be the Reference Obligation (if any) specified as such in the Index and specified opposite the Reference Entity in the Index Annex, subject as provided in paragraph (b) of the definition of "Index Annex" below and to the "Substitute Reference Obligation" provisions herein.

not, in and of itself, constitute a Substitution Event. If an event described in paragraphs (a) or (b)(i) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraphs (a) or (b)(i) above as the case may be, on the Trade Date.

"Substitution Event Date" means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

"Succession Date" means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to paragraph (a) of the definition of Successor below would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

"Successor" means:

- (a) subject to paragraph (b) below, the entity or entities, if any, determined as follows:
 - (i) subject to paragraph (vii), if one entity succeeds, either directly or indirectly, as a provider of a Relevant Guarantee, to seventy-five per cent. or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor;
 - (ii) if only one entity succeeds directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each succeeds directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below;
 - (iv) if one or more entity each succeed directly as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below;
 - (v) if one or more entities succeed directly as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or indirectly, as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the Final Terms will be adjusted as provided below); and
 - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever

described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the Universal Successor) will be the sole Successor; and

- (b) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, Provided That the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraphs a(iii), a(iv) or a(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the Final Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor (which amendments may, for the avoidance of doubt, include in the case of Tranching Linear Basket Credit Linked Notes, such adjustments as the Calculation Agent determines appropriate to the numbers of Reference Entities specified as "H" and "L", having regard to any adjustments made to the notional portfolio to which the Notes relate) and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 13 stating the adjustment to these Terms and Conditions and/or the Final Terms and giving brief details of the relevant Successor event.

In respect of Credit Linked Notes which are Index Credit Linked Notes, if at any time there is a discrepancy between the Successor determined pursuant to the above and a Successor announced by the Index Sponsor, the Calculation Agent may make such amendments to the Credit Linked Notes as it determines in a commercially reasonable manner is necessary or desirable to remedy or account for such discrepancy. Any amendment made pursuant to this paragraph shall be notified to Holders in accordance with General Condition 13.

If two or more entities (each, a "Joint Potential Successor") jointly succeed to a Relevant Obligation (the "Joint Relevant Obligation") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

If the Calculation Agent is unable to select an Alternative Reference Entity or an Alternative Reference Obligation, then: (i) no Successor shall be appointed; (ii) the Affected Reference Entity to which the relevant succession relates shall be deemed to have ceased to be a Reference Entity; (iii) that portion of any interest payable which is referable to the purchase of credit protection purchased by the Issuer under the Notes in respect of the Affected Reference Entity shall be reduced accordingly as determined by the Calculation Agent in its sole and absolute discretion; and (iv) the Calculation Agent may make such adjustments to the Conditions and/or the Final Terms to account for the Successor Associated Costs, which may include, without limitation, reducing the Final Redemption Amount, Credit Event Redemption Amount or the Entitlement (as the case may be) by an amount equal to the Successor Associated Costs, in each case with effect from the date determined by the Calculation Agent to be the relevant Succession Date.

Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.

For the purposes of determining the day on which an event occurs for purposes of these Credit Linked Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

ANNEX 9

USD LIBOR BENCHMARK TRANSITION EVENT ANNEX

The provisions of this USD LIBOR Benchmark Transition Event Annex apply in the circumstances set out in General Condition 6(l)(iii).

1. Benchmark Replacement

If the Calculation Agent determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time (such determination, a "**Benchmark Transition Event Determination**") in respect of any determination of the relevant USD Benchmark Rate on any date for the purposes of the determination of the Rate of Interest or other variable or amount under the General Conditions that depends on the determination of USD Benchmark Rate and the Calculation Agent determines, by the earlier to occur of (a) 20 calendar days from the date of the occurrence of the Benchmark Transition Event Determination and (b) the Reference Time:

- (i) there is a Benchmark Replacement that will account for the effect of the Benchmark Transition Event, the Benchmark Replacement will replace the then-current USD Benchmark Rate for all purposes relating to the Notes during the applicable Interest Period or other applicable period or date(s), as the case may be, in respect of such determination on such date and all determinations on all subsequent dates under the Notes, or
- (ii) there is not a Benchmark Replacement that will account for the effect of the Benchmark Transition Event, (A) the Calculation Agent shall notify the Issuer of the same and (B) upon, the Issuer having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), the Notes shall be redeemed in accordance with General Condition 6(l)(iv).

2. Benchmark Replacement Conforming Changes

In connection with the implementation of a Benchmark Replacement, the Issuer or the Calculation Agent may make Benchmark Replacement Conforming Changes from time to time.

3. Decisions and Determinations

Any determination, decision or election that may be made by the Issuer or the Calculation Agent pursuant to the provisions of this USD LIBOR Benchmark Transition Event Annex, including without limitation any determination with respect to tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date, any determination that there is not a Benchmark Replacement that will account for the effect of the Benchmark Transition Event and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, will be made in the Issuer's or Calculation Agent's sole discretion, and, notwithstanding anything to the contrary in the General Conditions, shall become effective without consent from the Noteholders or any other party.

4. For the purposes of this USD LIBOR Benchmark Transition Event Annex only, unless the context otherwise requires, the following terms shall have the respective meanings set out below:

"Benchmark Replacement" means the Interpolated Benchmark with respect to the then-current USD Benchmark Rate, plus the Benchmark Replacement Adjustment for such USD Benchmark Rate; provided that if the Calculation Agent cannot determine the Interpolated Benchmark as of the Benchmark Replacement Date, then "Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (a) the sum of: (i) Term SOFR; and (ii) the Benchmark Replacement Adjustment;
- (b) the sum of: (i) Compounded SOFR; and (ii) the Benchmark Replacement Adjustment;

- (e) the sum of: (i) the alternate rate of interest that has been selected by the Issuer or the

USD LIBOR BENCHMARK TRANSITION EVENT ANNEX

Calculation Agent as the replacement for the then-current USD Benchmark Rate for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current USD Benchmark Rate for U.S. dollar-denominated floating rate notes at such time; and (ii) the Benchmark Replacement Adjustment.

"Benchmark Replacement Adjustment" means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (a) the spread adjustment (which may be a positive or negative value or zero), or method for calculating or determining such spread adjustment, that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (b) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (c) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or the Calculation Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current USD Benchmark Rate with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including without limitation changes to the definition of "Interest Period", "Floating Rate Coupon Period" or "Interest Determination Date" or other applicable periods and dates, as the case may be, timing and frequency of determining rates and making payments of interest or coupon, rounding of amounts or tenors, and other administrative matters) that the Calculation Agent determines is appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent determines is reasonably necessary).

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current USD Benchmark Rate:

- (a) in the case of paragraph (a) or (b) of the definition of "Benchmark Transition Event", the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the USD Benchmark Rate permanently or indefinitely ceases to provide the USD Benchmark Rate; or
- (b) in the case of paragraph (c) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein.

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current USD Benchmark Rate:

- (a) a public statement or publication of information by or on behalf of the administrator of the USD Benchmark Rate announcing that such administrator has ceased or will cease to provide the USD Benchmark Rate, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the USD Benchmark Rate;
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the USD Benchmark Rate, the central bank for the currency of the USD Benchmark Rate, an insolvency official with jurisdiction over the administrator for the USD Benchmark Rate, a resolution authority with jurisdiction over the administrator for the USD Benchmark Rate or a court or an entity with similar insolvency or resolution authority over the administrator for the USD Benchmark Rate, which states that the administrator of the USD

- (b) if, and to the extent that, the Issuer or the Calculation Agent determines that Compounded SOFR cannot be determined in accordance with clause (a) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by it giving due consideration to any industry-accepted market practice for U.S. dollar-denominated floating rate notes at such time.

For the avoidance of doubt, the calculation of Compounded SOFR will exclude the Benchmark Replacement Adjustment and the applicable margin of basis points.

"Federal Reserve Bank of New York's Website" means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source. Information contained in the Federal Reserve Bank of New York's Website is not incorporated by reference in, and should not be considered part of, this Base Prospectus.

"Interpolated Benchmark" with respect to the USD Benchmark Rate means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the USD Benchmark Rate for the longest period (for which the USD Benchmark Rate is available) that is shorter than the Corresponding Tenor and (2) the USD Benchmark Rate for the shortest period (for which the USD Benchmark Rate is available) that is longer than the Corresponding Tenor.

FORM OF NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached, or in book-entry form. Bearer Notes will be issued outside the United States in reliance on Regulation S. Registered Notes will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A, and Registered Notes in definitive form may be sold to Institutional Accredited Investors who are also QPs and to non-US persons. In this Base Prospectus, Bearer Notes and Registered Notes are collectively referred to as "**Certificated Notes**".

Bearer Notes

Each Tranche of Bearer Notes will be initially issued in the form of a temporary bearer global note (a "**Temporary Bearer Global Note**") or a permanent global note (a "**Permanent Bearer Global Note**") as indicated in the Final Terms, which, in either case, will (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or (ii) if the Global Notes are not intended to be issued in NGN form, as stated in the Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depositary for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held means that the Notes of a particular Tranche are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification of non-U.S. beneficial ownership, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, coupons and talons attached (as indicated in the Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, coupons and talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (1) an Event of Default (as defined in General Condition 9) has occurred and is continuing, (2) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or

(3) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Issuer, as the case may be, may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the relevant Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent. If the Global Note is a NGN, the relevant Issuer shall procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system.

In the event that the Permanent Bearer Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in the minimum Specified Denomination only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of the Specified Denomination may need to purchase or sell, on or before the Exchange Date, a nominal amount of Notes such that their holding is an integral multiple of the Specified Denomination.

The following legend will appear on Bearer Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or Coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Bearer Notes will be issued either in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**"), which definition shall include any successor rules for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986) or in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**"), which definition shall include any successor rules for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a Temporary Bearer Global Note. Bearer Notes issued in accordance with TEFRA C will be represented upon issue by a Permanent Bearer Global Note. Each Temporary Global Note and Permanent Global Note will be delivered on or prior to the issue date for the relevant tranche to a common depositary (in the case of Notes not in NGN form) or common safekeeper (in the case of Notes in NGN form) acting as agent for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Permanent Bearer Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Definitive Bearer Notes, in accordance with the terms of such Permanent Bearer Global Note and as specified in the relevant Final Terms. Interests in a Temporary Bearer Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Bearer Global Note, on or after the date which is forty (40) days after the date on which such Temporary Bearer Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Bearer Global Note and as specified in the relevant Final Terms.

For the purposes of complying with TEFRA D, Bearer Notes may not be offered or sold to a United States person. "**United States person**" means any person who is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organised under the laws of the United States or any political subdivision thereof or therein, or (iii) an estate or trust the income of which is subject to United States taxation regardless of its source.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. persons outside the United States, will initially be represented by a global note in registered form, without Receipts or Coupons, (a "**Regulation S Global Note**") which will be registered in the name of a nominee for a common safekeeper (if the Regulation S Global Note is issued under the new safekeeping structure ("**NSS**")) or a common depositary for, and registered in the name of a common nominee

FORM OF NOTES

of, Euroclear and Clearstream, Luxembourg. Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of the Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in General Condition 2 and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions (a) to "qualified institutional buyers" within the meaning of Rule 144A ("QIBs") who are also "qualified purchasers" within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the "**1940 Act**") and the rules and regulations thereunder ("QPs"), or (b) to "accredited investors" (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act that are institutions ("**Institutional Accredited Investors**") who are also "qualified purchasers" within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the "**1940 Act**") and the rules and regulations thereunder ("QPs"), who agree to purchase the Notes for their own account and not with a view to the distribution thereof. The Registered Notes of each Tranche sold to QIBs who are also QPs will be represented by a global note in registered form (a "**Rule 144A Global Note**" and, together with a Regulation S Global Note, the "**Registered Global Notes**").

Registered Global Notes will either (a) be deposited with a custodian for, and registered in the name of a nominee of, DTC for the accounts of Euroclear and Clearstream, Luxembourg or (b) be deposited with a common depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, as specified in the Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Registered Global Notes issued in respect of any Tranche and deposited with one of the ICSDs as common safekeeper, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, that is, held under the New Safekeeping Structure for registered global securities, are intended to be held in a manner which would allow Eurosystem eligibility. This does not necessarily mean that the Notes of such Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

Registered Notes of each Tranche issued on a partly paid basis ("**Partly Paid Notes**") will be in definitive form, registered in the name of the holder thereof. The Registered Notes of each Tranche sold to Institutional Accredited Investors who are also QPs will be in definitive form, registered in the name of the holder thereof ("**Definitive IAI Registered Notes**"). Unless otherwise set forth in the Final Terms, Definitive IAI Registered Notes will be issued only in minimum denominations of US\$250,000 and integral multiples of US\$1,000 in excess thereof (or the approximate equivalents in the applicable Specified Notes Currency). Definitive IAI Registered Notes will be subject to the restrictions on transfer set forth therein and will bear the restrictive legend described under "*Subscription and Sale and Transfer and Selling Restrictions*". Institutional Accredited Investors who are also QPs that hold Definitive IAI Registered Notes may elect to hold such Notes through DTC, but transferees acquiring the Notes in transactions exempt from Securities Act registration pursuant to Regulation S or Rule 144 under the Securities Act (if available) may do so upon satisfaction of the requirements applicable to such transfer as described under "*Subscription and Sale and Transfer and Selling Restrictions*". The Rule 144A Global Note and the Definitive IAI Registered Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions. Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register (as defined in General Condition 1) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor (if applicable), any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in General Condition 5) immediately preceding the due date for payment in the manner provided in that General Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without Receipts, Coupons or Talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (a) an Event of Default has occurred and is continuing, (b) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form, (c) in the case of Notes registered

The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) or the Issuer, as the case may be, may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note or in the form of a Definitive IAI Registered Note and Definitive IAI Registered Notes may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Notes in the form of an interest in a Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable, in each case. Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see "*Subscription and Sale and Transfer and Selling Restrictions*".

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code, and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code and ISIN, CUSIP and CINS assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S) applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC or its nominee each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or of DTC as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor and their agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes and, in the case of DTC or its nominee, voting, giving consents or making requests, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and their agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Except in relation to Notes issued in NGN form, any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the Final Terms or as may otherwise be approved by the Issuer and the Principal Paying Agent. A Note may be accelerated by the holder thereof in certain circumstances described in General Condition 9. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note within a period of 15 days from the giving of a notice by a holder with Euroclear or Clearstream, Luxembourg of such Notes so represented and credited to its securities account that it wishes to accelerate such Notes, then holders of interests in such Global Note credited to their accounts with Euroclear

In addition, holders of interests in such Global Note credited to their accounts with DTC may require DTC to deliver Definitive Notes in registered form in exchange for their interest in such Global Note in accordance with DTC's standard operating procedures.

Book-Entry Notes

Book-Entry Notes admitted to trading on AIAF and other Spanish regulated markets

Notes may be issued in uncertificated, dematerialised book-entry form ("**Book-Entry Notes**"). Such Book-Entry Notes will be constituted as such by virtue of their entry in the corresponding accounting book of Iberclear.

Book-Entry Notes may also be admitted to trading on Spanish regulated markets other than AIAF, or in a Spanish MTF, in which case references above to AIAF will be deemed to be to such other Spanish regulated market.

Other provisions relating to Book-Entry Notes

Title to the Book-Entry Notes will be evidenced by book entries and each person shown in the registries maintained by Iberclear Members (or the members of the relevant Book-Entry Depositary) and having an interest in the Book-Entry Notes shall be considered, by the Issuer, the Guarantor and their agents, as the holder of the principal amount of Book-Entry Notes recorded therein, and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly in respect of Book-Entry Notes.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be deposited with the Guarantor.

The net proceeds from each issue will be used for loans and/or investments extended to, or made in, other companies and entities belonging to the Group (for this purpose, as defined in section 3:2 of the Dutch Financial Markets Supervision Act (*Wet op het financieel toezicht*) ("FMSA")).

In addition, where the "Reasons for the Offer" in paragraph 4 of Part B of the applicable Final Terms are stated to be for "green", "social" or "sustainability" purposes, or for the "maintenance of a Sustainable Portfolio" as described in this "Use of Proceeds" section the net proceeds from each such issue of Sustainable Notes will be used as so described. If specified otherwise in the applicable Final Terms, the net proceeds from the issue of the relevant Notes will be used as so specified.

Sustainable Notes issued under the Programme may be subject to the Guarantor's Sustainable Development Goals (SDGs) Bond Framework (April 2018) published on its website (<https://shareholdersandinvestors.bbva.com>) (including as amended, supplemented, restated or otherwise updated on such website from time to time, the "SDGs Bond Framework")) (the "SDG Notes") or to the Guarantor's Sustainable Transaction Banking Framework (December 2019) published on its website (available as at the date of this Base Prospectus at <https://shareholdersandinvestors.bbva.com>), the "Sustainable Transaction Banking Framework" (the "ESG-Linked Notes").

For any Sustainable Notes, an amount equal to the net proceeds from each issue of Sustainable Notes will be separately identified and applied by the Guarantor in:

- (i) for the SDG Notes, financing or refinancing on a portfolio basis Green Projects and/or Social Projects (each as defined below and further described in the SDGs Bond Framework) (together, the "Sustainability Projects"), including the financing of new or future Sustainability Projects, and the refinancing of existing and on-going Sustainability Projects where originally financed within three years of the issue of the relevant Notes, all in accordance with the SDGs Bond Framework. In the case of Green Notes, such financing or refinancing shall be of Green Projects, in the case of Social Notes, such financing or refinancing shall be of Social Projects and, in the case of Sustainability Notes, such financing or refinancing shall be of Green Projects and Social Projects.

"Green Projects" are projects where at least 80 per cent. of (i) the principal amount financed is for the financing of activities falling or (ii) the business of the borrower in respect of the relevant project falls, under the "green eligible categories" described in the SDGs Bond Framework of energy efficiency, sustainable transport, water, waste management and/or renewable energy, each as further described in the SDGs Bond Framework, and, at any time, include any other "green" projects in accordance with any update of the ICMA Green Bond Principles at such time.

The "ICMA Green Bond Principles", at any time, are the Green Bond Principles published by the International Capital Markets Association at such time, which as of the date of this Base Prospectus are the Green Bond Principles 2018 (<https://www.icmagroup.org/green-social-and-sustainability-bonds/green-bond-principlesgbp/>).

"Social Projects" are projects where at least 80 per cent. of (i) the principal amount financed is for the financing of activities falling or (ii) the business of the borrower in respect of the relevant project falls, under the "social eligible categories" described in the SDGs Bond Framework of healthcare, education, SME financing and microfinancing, and/or affordable housing, each as further described in the SDGs Bond Framework, and, at any time, include any other "social" projects in accordance with any update of the ICMA Social Bond Principles at such time.

The "ICMA Social Bond Principles", at any time, are the Social Bond Principles published by the International Capital Markets Association at such time, which as of the date of this Base Prospectus are the Social Bond Principles 2020 (<https://www.icmagroup.org/assets/documents/Regulatory/Green-Bonds/June-2020/Social-Bond-PrinciplesJune-2020-090620.pdf>). The proceeds of any SDG Notes will not be used to finance nuclear power generation, large scale (above 20 megawatt) dam, defence, mining, carbon related or oil and gas activities.

Pending the application of any net proceeds of SDG Notes in financing or refinancing the relevant Sustainability Projects, such proceeds will be applied by the Guarantor on the same basis as for the management of its liquidity portfolio. The Guarantor will endeavour to apply a percentage of the net proceeds of any SDG Notes in financing Sustainability Projects originated in the year of issue of such SDG Notes. In the event that any Sustainability Project to which the net proceeds of any SDG Notes

USE OF PROCEEDS

are allocated, ceases or will cease to comply with the relevant categories for such Sustainability Project to constitute a Green Project or a Social Project, as the case may be, the Guarantor will substitute that Sustainability Project within the relevant portfolio for a compliant Sustainability Project.

Annually, the Guarantor will publish a report on its website (<https://shareholdersandinvestors.bbva.com>) in respect of that Series of SDG Notes as described in the SDGs Bond Framework.

The Guarantor has obtained an independent verification assessment from DNV GL Business Assurance Services Limited in respect of the SDGs Bond Framework. This independent verification assessment is published on the Guarantor's website (<https://shareholdersandinvestors.bbva.com>). The Guarantor further intends to obtain an independent verification assessment from an external verifier for each benchmark Series of SDG Notes it issues and will publish that verification assessment on its website (<https://shareholdersandinvestors.bbva.com>). In addition, the Guarantor may request, on an annual basis starting one year after the issue of each Series of SDG Notes and until maturity (or until redemption in full), a limited assurance report of the allocation of the net proceeds of those SDG Notes to Green Projects and/or Social Projects, as the case may be, which may be provided by its external auditor or another suitably qualified provider and published on its website (<https://shareholdersandinvestors.bbva.com>).

Neither the SDGs Bond Framework, nor any of the above reports, verification assessments or contents of any of the above websites are incorporated in or form part of this Base Prospectus.

- (ii) for the ESG-Linked Notes, in maintaining the Guarantor's Sustainable Portfolio (as defined below) in accordance with certain eligible criteria set out in the Sustainable Transaction Banking Framework.

"Sustainable Portfolio" means the portfolio made up of bonds and shares issued by companies deemed sustainable based on the eligibility criteria set out in the Sustainable Transaction Banking Framework - Sustainability linked products.

At every single moment, the sum of the volume of the proceeds of every outstanding product issued or marketed under the Sustainable Transaction Banking Framework shall not exceed the balance of the Sustainable Portfolio. A buffer will be established in order to ensure that the aforementioned balance of the Sustainable Portfolio is always greater than the sum of the volume of the proceeds of all the outstanding products issued or marketed under the Sustainable Transaction Banking Framework.

Annually, the Guarantor will publish a report on its website (<https://shareholdersandinvestors.bbva.com>) in respect of the number, the industries and the geographies of the companies included in the Sustainable Portfolio as described in the Sustainable Transaction Banking Framework.

The Guarantor has obtained an independent verification assessment from Vigeo SAS, in respect of the Sustainable Transaction Banking Framework. This independent verification assessment is published on the Guarantor's website (<https://shareholdersandinvestors.bbva.com>). In addition to the independent verification assessment referred above, the Guarantor will request, on an annual basis, a limited assurance report of the allocation of the proceeds to its external auditor or another suitably qualified provider.

Neither the SDGs Bond Framework, nor the Sustainable Transaction Banking Framework, nor any of the above reports, verification assessments or contents of any of the above websites are incorporated in or form part of this Base Prospectus.

BOOK-ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "**Clearing Systems**") currently in effect. The Issuer and the Guarantor take responsibility for the correct extraction and reproduction of the information in this section concerning the Clearing Systems, but none of the Issuer, the Guarantor nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

DTC

DTC has advised the Issuer and the Guarantor that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the NYSE MKT LLC, Inc. and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system ("**DTC Notes**") as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes ("**Owners**") have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed

BOOK-ENTRY CLEARANCE SYSTEMS

by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system. For further information on Euroclear and Clearstream, Luxembourg relating to the Notes, please see "*Taxation*".

Book-entry Ownership of and Payments in respect of DTC Notes

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of a Regulation S Global Note, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in US dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a

BOOK-ENTRY CLEARANCE SYSTEMS

currency other than US dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into US dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Subscription and Sale and Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). Under Rule 15(c)6-1 of the Exchange Act, trades in the U.S. secondary market generally are required to settle in two business days ("**T+2**") (as such term is used for purposes of Rule 15(c) 6-1 of the U.S. Exchange Act), unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes prior to delivery of such Notes will be required, by virtue of the fact that the notes initially will not settle in T+2, to specify an alternative settlement cycle at the time of such trade to prevent a failed settlement and should consult their own adviser. Purchasers of the Notes who wish to make such trades should consult their own advisors. The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream,

BOOK-ENTRY CLEARANCE SYSTEMS

Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Euroclear UK & Ireland Limited

Following their delivery into a clearing system, interests in Notes may be delivered, held and settled in Euroclear UK & Ireland Limited ("**CREST**") by means of the creation of dematerialised depository interests ("**CREST Depository Interests**") representing the interests in the relevant Notes ("**Underlying Securities**"). The CREST Depository Interests will be issued by CREST Depository Limited or any successor thereto (the "**CREST Depository**") to holders of the CREST Depository Interests and will be constituted and governed by English law. CREST International Nominees Limited or another entity appointed to act as nominee in accordance with the CREST Deed Poll (as defined below) (the "**CREST Nominee**") will hold the legal title to the Underlying Securities and the direct enforcement right in respect of the Underlying Securities.

The CREST Depository Interests will represent indirect interests in the interest of the CREST Nominee in the Underlying Securities. Pursuant to the documents setting out the legal relationship of CREST with its users and participants (the "**CREST Manual**"), Notes held in global form by the common depository may be settled through CREST, and the CREST Depository will issue CREST Depository Interests. The CREST Depository Interests will be independent securities which may be held and transferred through CREST.

Interests in the Underlying Securities will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CREST Depository Interests to the relevant CREST participants.

Each CREST Depository Interest will be treated by the CREST Depository as if it were one Underlying Security, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CREST Depository Interests any interest or other amounts received by it as holder of the Underlying Securities on trust for such holder. Holders of CREST Depository Interests will also be able to receive from CREST notices of meetings of holders of Underlying Securities and other relevant notices issued by the Issuer.

Transfers of interests in Underlying Securities by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be affected by cancellation of the CREST Depository Interests and transfer of an interest in such Notes underlying the CREST Depository Interests to the account of the relevant participant with Euroclear or Clearstream, Luxembourg. The CREST Depository Interests will have the same International Securities Identification Number ("**ISIN**") as the ISIN of the Underlying Securities and will not require a separate listing on the Official List of Euronext Dublin or the Official List of the United Kingdom Listing Authority.

Holders of CREST Depository Interests are referred to Chapter 8 of the CREST International Manual (as contained in the CREST Manual) which contains the form of the CREST Deed Poll to be entered into by the CREST Depository (the "**CREST Deed Poll**"). The rights of the holder of CREST Depository Interests will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer including the CREST Deed Poll executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CREST Depository Interests.

If issued, CREST Depository Interests will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service (the "**CREST International Settlement Links Service**"). The settlement of the CREST Depository Interests by means of the CREST International Settlement Links Service has the following consequences for holders of CREST Depository Interests:

- (i) holders of CREST Depository Interests will not be the legal owners of the Underlying Securities. The CREST Depository Interests are separate legal instruments from the Underlying Securities to which they relate and represent an indirect interest in such Underlying Securities;
- (ii) the Underlying Securities themselves (as distinct from the CREST Depository Interests representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through a clearing system. Rights in the Underlying Securities will be held through custodial and depository links through the appropriate clearing systems. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the clearing system in or through which the Underlying Securities are held;

BOOK-ENTRY CLEARANCE SYSTEMS

- (iii) rights under the Underlying Securities cannot be enforced by holders of CREST Depository Interests except indirectly through the intermediary depositaries and custodians described above. The enforcement of rights under the Underlying Securities will therefore be subject to the local law of the relevant intermediary. The rights of holders of CREST Depository Interests to the Underlying Securities are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Securities. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Securities in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries;
- (iv) the CREST Depository Interests issued to holders of CREST Depository Interests will be constituted and issued pursuant to the CREST Deed Poll. Holders of CREST Depository Interests will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to, the CREST International Manual and the CREST Rules applicable to the CREST International Settlement Links Service (in each case as contained in the CREST Manual) and such holders must comply in full with all obligations imposed on them by such provisions;
- (v) the provisions of the CREST Deed Poll and the CREST Manual (including for the avoidance of doubt the provisions of the CREST International Manual and the CREST Rules) contain indemnities, warranties, representations and undertakings to be given by holders of CREST Depository Interests and limitations on the liability of the issuer of the CREST Depository Interests, being the CREST Depository;
- (vi) holders of CREST Depository Interests may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of holders is drawn to the terms of the CREST Deed Poll and the CREST Manual (including for the avoidance of doubt the provisions of the CREST International Manual and the CREST Rules), copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44 (0) 207 849 0000 or from the CREST website at: <https://www.euroclear.com/en.html>;
- (vii) holders of CREST Depository Interests may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Notes through the CREST International Settlement Links Service;
- (viii) neither the Issuer, the Guarantor, the Dealer nor any Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations; and
- (ix) Notes issued in temporary global form exchangeable for a Permanent Bearer Global Note will not be eligible for CREST settlement as CREST Depository Interests. As such, investors investing in any such Underlying Securities through CREST Depository Interests will only receive the CREST Depository Interests after such Temporary Bearer Global Note is exchanged for a Permanent Bearer Global Note, which could take up to 40 days after the issue of the Notes.

Internationally diversified and with strengths in the traditional banking businesses of retail banking, asset management and wholesale banking, the Group is committed to offering a compelling digital proposition focused on customer experience.

For this purpose, the Group is focused on increasingly offering products online and through mobile channels, improving the functionality of its digital offerings and refining the customer experience. In 2020, the number of digital and mobile customers and the volume of digital sales continued to increase.

BBVA Group's business areas reporting structure differs from the one presented at the end of 2019, mainly as a consequence of the disappearance of the United States as a business area, derived from the sale agreement reached with PNC. Most of the businesses in the United States excluded from this agreement, together with those of the former business area "Rest of Eurasia" constitute a new area called "Rest of Business".

In 2019, the Group adopted a common global brand through the unification of BBVA brand as part of its efforts to offer a unique value proposition and a homogeneous customer experience in the countries in which the Group operates.

Spain

This operating segment includes all of BBVA’s banking and non-banking businesses in Spain, other than those included in the Corporate Center. The primary business units included in this operating segment are:

- **Spanish Retail Network:** including individual customers, private banking, small companies and businesses in the domestic market;
- **Corporate and Business Banking:** which manages small and medium sized enterprises (“SMEs”), companies and corporations and public institutions;
- **Corporate and Investment Banking:** responsible for business with large corporations and multinational groups and the trading floor and distribution business in Spain; and
- **Other units:** which includes the insurance business unit in Spain (BBVA Seguros) as well as the Group’s shareholding in the bancassurance joint venture with Allianz, Compañía de Seguros y Reaseguros, S.A., lending to real estate developers and foreclosed real estate assets in Spain, as well as certain proprietary portfolios and certain funding and structural interest-rate positions of the euro balance sheet which are not included in the Corporate Center.

Cash, cash balances at central banks and other demand deposits amounted to €38,356 million as of 31 December 2020 compared with the €15,898 million recorded as of 31 December 2019, mainly due to an increase in cash held at the Bank of Spain, with a view to reinforcing the Group’s cash position in light of the COVID-19 pandemic.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: “Financial assets held for trading”, “Non-trading financial assets mandatorily at fair value through profit or loss”, “Financial assets designated at fair value through profit or loss” and “Financial assets at fair value through other comprehensive income”) amounted to €137,969 million as of 31 December 2020, a 13.2% increase from the €121,890 million recorded as of 31 December 2019, mainly as a result of the increase in trading derivatives recorded under “Financial assets held for trading” due to the positive impact of changes in exchange rates on foreign currency positions and the increase in sovereign debt securities recorded under the “Financial assets at fair value through other comprehensive income”.

Financial assets at amortized cost of this operating segment as of 31 December 2020 amounted to €198,173 million, a 1.5% increase compared with the €195,258 million recorded as of 31 December 2019. Within this heading, loans and advances to customers amounted to €167,998 million as of 31 December 2020, an increase of 0.4% from the €167,332 million recorded as of 31 December 2019, mainly as a result of the increase in SMEs and corporate banking credit on the back of the measures implemented by the Spanish government in light of the COVID-19 pandemic, and increased drawdowns under credit facilities especially in the first quarter, partially offset by the decrease in mortgage loans.

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31 December 2020 amounted to €73,921 million, a 4.9% decrease compared with the €77,731 million recorded as of 31 December 2019, mainly due to a decrease in deposits from credit institutions, partially offset by the positive impact of changes in exchange rate derivatives on foreign currency positions.

Customer deposits at amortized cost of this operating segment as of 31 December 2020 amounted to €206,428 million, a 13.2% increase compared with the €182,370 million recorded as of 31 December 2019 mainly due to the increase in demand deposits within the retail portfolio, as a result of the shift from consumption to savings due to the COVID-19 pandemic.

Off-balance sheet funds of this operating segment (which includes “Mutual funds” and “Pension funds”) as of 31 December 2020 amounted to €62,707 million, a 5.1% decrease compared with the €66,068 million as of 31 December 2019, mainly due to the increased volatility and decline in market prices during the period and the resulting shift towards deposits.

This operating segment’s non-performing loan ratio decreased to 4.3% as of 31 December 2020 from 4.4% as of 31 December 2019, mainly as a result of the increase in retail, SMEs and corporate banking credit facilities on the back of the measures implemented by the Spanish government in light of the COVID-19 pandemic, as well as the temporary moratoria and other relief measures adopted to address the effects thereof. This operating

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

segment's non-performing loan coverage ratio increased to 67% as of 31 December 2020 from 60% as of 31 December 2019, as a result mainly of higher loss allowances made in response to the COVID-19 pandemic.

Mexico

The Mexico operating segment includes the banking and insurance businesses conducted in Mexico by BBVA Mexico. It also includes BBVA Mexico's branch in Houston.

The Mexican peso depreciated 13.1% against the euro as of 31 December 2020 compared with 31 December 2019, adversely affecting the business activity of the Mexico operating segment as of 31 December 2020 expressed in euros.

Cash, cash balances at central banks and other demand deposits amounted to €9,161 million as of 31 December 2020 compared with the €6,492 million recorded as of 31 December 2019, mainly due to an increase in cash and cash equivalents held at BANXICO (as defined herein), with a view to reinforcing the Group's cash position in light of the COVID-19 pandemic, offset in part by the depreciation of the Mexican peso against the euro.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: "Financial assets held for trading", "Non-trading financial assets mandatorily at fair value through profit or loss", "Financial assets designated at fair value through profit or loss" and "Financial assets at fair value through other comprehensive income") as of 31 December 2020 amounted to €36,360 million, a 15.8% increase from the €31,402 million recorded as of 31 December 2019, mainly due to an increase in sovereign debt securities, offset in part by the depreciation of the Mexican peso against the euro.

Financial assets at amortized cost of this operating segment as of 31 December 2020 amounted to €59,819 million, a 9.6% decrease compared with the €66,180 million recorded as of 31 December 2019. Within this heading, loans and advances to customers of this operating segment as of 31 December 2020 amounted to €50,002 million, a 13.9% decrease compared with the €58,081 million recorded as of 31 December 2019, mainly as a result of the depreciation of the Mexican peso against the euro and the decrease in corporate loans and retail portfolios (mainly residential mortgages and consumer finance), due to the adverse effect of the COVID-19 pandemic. These effects were partially offset by the partial recovery of mortgage loans in the second half of 2020.

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31 December 2020 amounted to €23,801 million, a 9.3% increase compared with the €21,784 million recorded as of 31 December 2019, mainly as a result of increases in government agency debt securities, offset in part by the depreciation of the Mexican peso against the euro. Customer deposits at amortized cost of this operating segment as of 31 December 2020 amounted to €54,052 million, a 3.4% decrease compared with the €55,934 million recorded as of 31 December 2019, primarily due to the depreciation of the Mexican peso against the euro.

Off-balance sheet funds of this operating segment (which includes "Mutual funds" and "Other placements") as of 31 December 2020 amounted to €22,524 million, a 7.9% decrease compared with the €24,464 million as of 31 December 2019, mainly as a result of the depreciation of the Mexican peso against the euro, partially offset by the shift towards higher profitability investments such as private banking.

This operating segment's non-performing loan ratio increased to 3.3% as of 31 December 2020 from 2.4% as of 31 December 2019, mainly due to the increase in non-performing loans from the retail portfolio during the fourth quarter of 2020, following the lifting of the moratoria measures adopted in response to the COVID-19 pandemic. This operating segment's non-performing loan coverage ratio decreased to 122% as of 31 December 2020 from 136% as of 31 December 2019.

Turkey

This operating segment comprises the activities carried out by Garanti BBVA as an integrated financial services group operating in every segment of the banking sector in Turkey, including corporate, commercial, SME, payment systems, retail, private and investment banking, together with its subsidiaries in pension and life insurance, leasing, factoring, brokerage and asset management, as well as its international subsidiaries in the Netherlands and Romania.

The Turkish lira depreciated 26.7% against the euro as of 31 December 2020 compared to 31 December 2019, adversely affecting the business activity of the Turkey operating segment as of 31 December 2020 expressed in euros.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

Cash, cash balances at central banks and other demand deposits amounted to €5,477 million as of 31 December 2020, a 0.2% decrease compared with the €5,486 million recorded as of 31 December 2019, mainly due to the depreciation of the Turkish lira against the euro. At constant exchange rates, there was an increase in cash, cash balances at central banks and other demand deposits as a result of the increase in cash and cash equivalents held at the Central Bank of the Republic of Turkey, with a view to reinforcing the Group's cash position in light of the COVID-19 pandemic.

Financial assets designated at fair value of this operating segment (which includes the following portfolios: "Financial assets held for trading", "Non-trading financial assets mandatorily at fair value through profit or loss", "Financial assets designated at fair value through profit or loss" and "Financial assets at fair value through other comprehensive income") as of 31 December 2020 amounted to €5,332 million, a 1.2% increase from the €5,268 million recorded as of 31 December 2019, mainly as a result of the increase in Turkish lira-denominated corporate banking loans as a result of the recently launched CGF-Credit Guarantee Fund, which is intended to support SMEs and entrepreneurs and pursuant to which loans are provided with Turkish Treasury-backed credit guarantees, partially offset by the depreciation of the Turkish lira against the euro.

Financial assets at amortized cost of this operating segment as of 31 December 2020 amounted to €46,705 million an 8.9% decrease compared with the €51,285 million recorded as of 31 December 2019. Within this heading, loans and advances to customers of this operating segment as of 31 December 2020 amounted to €37,295 million, a 7.9% decrease compared with the €40,500 million recorded as of 31 December 2019, mainly due to the depreciation of the Turkish lira against the euro, offset, in part, by the increase (in local currency) in loans denominated in Turkish lira and increases in the commercial portfolio and in consumer loans (supported by the General Purpose Loans program adopted by the Turkish government, which intends to mitigate the effects of the COVID-19 pandemic).

Financial liabilities held for trading and designated at fair value through profit or loss of this operating segment as of 31 December 2020 amounted to €2,336 million, a 7.0% increase compared with the €2,184 million recorded as of 31 December 2019, mainly due to the increase in derivatives within the trading portfolio, partially offset by the depreciation of the Turkish lira.

Customer deposits at amortized cost of this operating segment as of 31 December 2020 amounted to €39,353 million, a 4.8% decrease compared with the €41,335 million recorded as of 31 December 2019, mainly due to the depreciation of the Turkish lira against the euro, partially offset by the increase in demand deposits and increasing demand for gold deposits.

Off-balance sheet funds of this operating segment (which includes "Mutual funds" and "Pension funds") as of 31 December 2020 amounted to €3,425 million, a 12.3% decrease compared with the €3,906 million as of 31 December 2019, mainly due to the depreciation of the Turkish lira against the euro, partially offset by increases in pension funds (in local currency).

The non-performing loan ratio of this operating segment decreased to 6.6% as of 31 December 2020 from 7.0% as of 31 December 2019, as a result of the increase in loans denominated in Turkish lira, increases in the commercial portfolio and in consumer loans (in local currency) and, to a lesser extent, increases in write offs in the fourth quarter of 2020. This operating segment's non-performing loan coverage ratio increased to 80% as of 31 December 2020 from 75% as of 31 December 2019, mainly due to higher loss allowances made in response to the COVID-19 pandemic and, to a lesser extent, certain specific clients in the commercial portfolio.

As of and for the years ended 31 December 2020 and 2019, the Argentine and Venezuelan economies were considered to be hyperinflationary as defined by IAS 29.

Financial assets designated at fair value for this operating segment (which includes the following portfolios: “Financial assets held for trading”, “Non-trading financial assets mandatorily at fair value through profit or loss”, “Financial assets designated at fair value through profit or loss” and “Financial assets at fair value through other comprehensive income”) as of 31 December 2020 amounted to €7,329 million, a 19.7% increase compared with the €6,120 million recorded as of 31 December 2019, attributable in part to the increase in the fair value of debt securities issued by the Peruvian government held by the segment and increases in purchases of debt securities issued by the Central Bank of the Argentine Republic (BCRA) in Argentina in connection to the COVID-19 pandemic and held by the segment. The increase was offset in part by the depreciation of the currencies of the main countries where the BBVA Group operates within this operating segment against the euro.

Financial assets at amortized cost of this operating segment as of 31 December 2020 amounted to €38,549 million, a 1.8% increase compared with the €37,869 million recorded as of 31 December 2019. Within this heading, loans and advances to customers of this operating segment as of 31 December 2020 amounted to €33,615 million, a 5.8% decrease compared with the €35,701 million recorded as of 31 December 2019, mainly as a result of the depreciation of the currencies of the main countries where the BBVA Group operates within this operating segment against the euro, partially offset by the increase in wholesale loans, particularly in Peru (supported by the “Reactiva Plan” adopted in response to the COVID-19 pandemic), the increase in credit cards loans, in particular in Argentina, and increases in the retail portfolio (in each case, in local currency).

Customer deposits at amortized cost of this operating segment as of 31 December 2020 amounted to €36,874 million, a 2.1% increase compared with the €36,104 million recorded as of 31 December 2019, mainly as a result of increases in demand deposits due to the measures established by the respective central banks in the region in order to inject liquidity into their economies (as part of the funds provided thereunder have been invested as deposits), and the shift from consumption to savings due to the COVID-19 pandemic, partially offset by the depreciation of the currencies of the main countries where the BBVA Group operates within this operating segment against the euro.

Off-balance sheet funds of this operating segment (which includes “Mutual funds” and “Pension funds”) as of 31 December 2020 amounted to €13,722 million, a 6.7% increase compared with the €12,864 million as of 31 December 2019, mainly due to the recovery in mutual funds, after the temporary outflow of resources due to market instability, during the second half of 2020, partially offset by the depreciation of the currencies of the main countries where the BBVA Group operates within this operating segment against the euro.

The non-performing loan ratio of this operating segment as of 31 December 2020 and 2019 stood at 4.4%. The non-performing loan ratio as of 31 December 2020 was positively affected by the temporary moratoria and other relief measures adopted to address the effects of the COVID-19 pandemic. This operating segment’s non-performing loan coverage ratio increased to 110% as of 31 December 2020, from 100% as of 31 December 2019, mainly due to an increase in the balance of provisions in Colombia and Peru in response to the COVID-19 pandemic.

Rest of Business

This operating segment includes the wholesale activity carried out by the Group in Europe, excluding Spain, and the United States through the New York branch, as well as the institutional business that the Group develops in the United States through its broker-dealer BBVA Securities Inc. It also includes the banking business developed through the five BBVA branches located in Asia (in Taipei, Tokyo, Hong Kong, Singapore and Shanghai).

Financial assets designated at fair value for this operating segment (which includes the following portfolios: “Financial assets held for trading”, “Non-trading financial assets mandatorily at fair value through profit or loss”, “Financial assets designated at fair value through profit or loss” and “Financial assets at fair value through other comprehensive income”) as of December 31, 2020 amounted to €1,470 million, an 84.7% increase compared with the €796 million recorded as of December 31, 2019, mainly due to increased activity of the New York branch, which led to an increase in “Financial assets held for trading”.

Financial assets at amortized cost of this operating segment as of December 31, 2020 amounted to €27,213 million, a 5.8% decrease compared with the €28,881 million recorded as of December 31, 2019. Within this heading, loans and advances to customers of this operating segment as of December 31, 2020 amounted to €24,015 million, an 8.1% decrease compared with the €26,143 million recorded as of December 31, 2019, mainly as a result of a reduction in loans to corporate clients.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

Customer deposits at amortized cost of this operating segment as of December 31, 2020 amounted to €9,333 million, an 8.5% increase compared with the €8,603 million recorded as of December 31, 2019 mainly due to the increase in time deposits in the New York branch.

Pension funds in this operating segment as of December 31, 2020 amounted to €569 million, a 13.8% increase compared with the €500 million recorded as of December 31, 2019, mainly due to increased sales of a multi-strategic product launched in 2019.

The non-performing loan ratio of this operating segment as of December 31, 2020 decreased to 1.0% from 1.2% as of December 31, 2019. This operating segment's non-performing loan coverage ratio increased to 109% as of December 31, 2020, from 88% as of December 31, 2019, mainly due to the higher loss allowances made in response to the COVID-19 pandemic.

Legal Proceedings

The Guarantor and its subsidiaries are involved in a number of legal and regulatory actions and proceedings, including legal claims and proceedings, civil and criminal regulatory proceedings, governmental investigations and proceedings, tax proceedings and other proceedings in jurisdictions around the world. Legal and regulatory actions and proceedings are subject to many uncertainties, and their outcomes, including the timing thereof, the amount of fines or the form of any settlements, or changes in business practices the Group may need to introduce as a result thereof, any of which may be material, are often difficult to predict, particularly in the early stages of a particular legal or regulatory matter.

As of the date hereof, the Guarantor and its subsidiaries are involved in a number of legal and regulatory actions and proceedings in various jurisdictions around the world (including, among others, Spain, Mexico and the United States), the adverse resolution of which may adversely affect the Group. See *"Risk Factors—The Group is party to a number of legal and regulatory actions and proceedings"*, *"Risk Factors -The Spanish judicial authorities are carrying out a criminal investigation relating to the possible bribery, revelation of secrets and corruption by BBVA."*

The Group can provide no assurance that the legal and regulatory actions and proceedings to which it is subject, or to which it may become subject in the future or otherwise affected by, will not, if resolved adversely, result in a material adverse effect on the Group's business, financial position or results of operations.

TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of tax residence, may have an impact on the income that an investor receives from the Notes.

Preliminary consideration: Tax residence of the Issuer

The Issuer is incorporated as a private company with limited liability under the laws of the Netherlands. On the basis of section 2 subsection 4 Dutch Corporate Income Tax Act 1969, a company which is incorporated under Dutch law, is considered to be resident of the Netherlands for Dutch domestic tax purposes. This notwithstanding, the effective management of the company is currently carried out from Spain, since the key management and commercial decisions that are necessary to conduct the entity's business are taken from Spain. On the basis of such circumstance, the Issuer is also regarded as resident in Spain for tax purposes, as provided by Law 27/2014, of 27 November, on Corporate Income Tax (*Impuesto sobre Sociedades*).

Under this scenario in which the Issuer is resident for tax purposes both in Spain and in the Netherlands, the provisions contained in the Convention between the Netherlands and Spain for the Avoidance of Double Taxation with respect to Taxes on Income and on Net Wealth (the "**Convention**") apply. The Convention was ratified by Instrument made in Madrid on 16 June 1971 and was published on the Spanish National Gazette on 16 October 1972.

Pursuant to section 4 of the Convention (which deals with the general criteria followed by the Convention to consider a person as a resident of a Contracting State), an entity which is a resident of both Spain and the Netherlands is considered to be a resident of the State in which the place of its effective management is located (i.e., Spain).

Responsibility for Withholding

Payments in respect of Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer or, as the case may be, the Guarantor will (subject to certain exceptions described in General Condition 7) pay such additional amounts as will result in the holders of Notes receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required.

Spanish Taxation

The following summary refers solely to certain Spanish tax consequences of the acquisition, ownership and disposition of the Notes. The tax consequences described in this section are based on the general assumption that the Notes are initially registered for clearance and settlement in DTC, Euroclear and Clearstream, Luxembourg. It does not purport to be a complete analysis of all tax consequences relating to the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which might be subject to special rules. Prospective investors should consult their own tax advisors as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Spain of acquiring, holding and disposing of Notes and receiving any payments under the Notes. This summary is based upon the Spanish State law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. Regional tax laws may alter the consequences outlined in this summary in certain circumstances. References in this section to Noteholders include the beneficial owners of the Notes.

Acquisition of the Notes

The issue of, subscription for, transfer and acquisition of the Notes is exempt from Transfer and Stamp Tax (*Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados*) and Value Added Tax (*Impuesto sobre el Valor Añadido*).

Taxation on the income and transfer of the notes

The tax treatment of the acquisition, holding and subsequent transfer of the Notes is summarised below and is based on the tax regime applicable to the Notes pursuant to Royal Legislative Decree 5/2004 of March 5 approving the consolidated text of the Non-Resident Income Tax Law (*Impuesto sobre la Renta de los no*

TAXATION

Residentes), as amended by Law 26/2014 of 27 November 2014, Law 27/2014 of 27 November 2014 approving the consolidated text of the Corporate Income Tax Law (*Impuesto sobre Sociedades*) and Law 35/2006 of 28 November 2006 on Personal Tax Law (*Impuesto sobre la Renta de las Personas Físicas*), as amended by Law 26/2014 of 27 November 2014 Law 19/1991 of 6 June 1991 approving the Wealth Tax Law (*Impuesto sobre el Patrimonio*), and Law 29/1987 of 18 December 1987 approving the Inheritance and Gift Tax Law. Consideration has also been given to the rules for the implementation of such regulations (Royal Decree 1776/2004 of 30 July approving the Non-Resident Income Tax Regulations, Royal Decree 439/2007 of 30 March, approving the Individuals Income Tax Regulations as amended by Royal Decree 1003/2014 of 5 December 2014 and Royal Decree 634/2015 of 10 July 2015 approving the Corporate Income Tax Regulations).

Consideration has also been given to Spanish legislation on the issuance of preferred securities and debt securities issued by Spanish financial and non-financial listed entities, either directly or through a subsidiary (Law 10/2014, and RD 1065/2007 (as amended by RD 1145/2011), approving the General Regulations relating to tax inspection and management procedures and developing the common rules of the procedures to apply taxes).

Income obtained by Noteholders who are Non-Resident Income Tax payers in Spain in respect of the Notes

Income obtained by Noteholders who are Non-Resident Income Tax payers, both in respect of interest and in connection with the transfer, repayment or redemption of the Notes, whether or not through a permanent establishment, shall be considered Spanish source income and therefore subject to taxation in Spain under Legislative Royal Decree 5/2004 of 5 March approving the Consolidated Non-Resident Income Tax Law, amended by Law 26/2014 of 28 November 2014, without prejudice to the provisions contained in any applicable tax treaty for the avoidance of double taxation ("**DTT**").

Income not obtained through a permanent establishment in Spain in respect of the Notes

Income obtained by Noteholders who are not tax resident in Spain acting for these purposes without a permanent establishment within Spain is exempt from Non-Resident Income Tax in the terms described under "Tax reporting obligations of the Issuer and the Guarantor" below.

Income obtained through a permanent establishment in Spain in respect of the Notes / Corporate Income Tax taxpayers

The holding of Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

Income obtained by non-Spanish resident holders acting through a permanent establishment in Spain in respect of the Notes will be taxed under the rules provided by Chapter III of the Non-Resident Income Tax Law. These Noteholders will be subject to taxation substantially in the same manner as Spanish Corporate Income Tax taxpayers and, therefore, it shall be computed as taxable income in accordance with the general rules set out in the Corporate Income Tax Law and will therefore be taxed at the general current rate of 25 per cent.

Income derived from the transfer and holding of the Notes shall not be subject to withholding tax as provided by Section 61(s) of the Corporate Income Tax Regulations, to the extent that the Notes are traded on organised markets in OECD countries.

For withholding on income derived from payment of interest, redemption or repayment of the Notes see "Taxation - Tax Reporting Obligations of the Issuer and the Guarantor".

In accordance with Section 61 (q) of the Corporate Income Tax Regulations, there is no obligation to withhold on the income derived from the transfer and holding of the Notes obtained by Spanish Corporate Income Tax

TAXATION

taxpayers from financial assets represented in book entries form and traded in a Spanish official secondary market.

Individuals with tax residency in Spain

Income obtained by Noteholders who are Personal Income Tax payers, both as interest and in connection with the transfer, redemption or repayment of the Notes, shall be considered income on investments obtained from the assignment of an individual's capital to third parties, as defined in Section 25.2 of Individuals Income Tax Law and therefore will be taxed as savings income at the applicable rate currently varying from 19 per cent. to 26 per cent.

The above mentioned income will be subject to the corresponding personal income tax withholding at the applicable tax rate (currently 19 per cent.). Article 44 of the RD 1065/2007 has established new information procedures for debt instruments issued under the Law 10/2014 (which do not require identification of the Noteholders) and has provided that the interest will be paid by the relevant Issuer to the Paying Agent for the whole amount, provided that such information procedures are complied with.

Nevertheless, withholding tax at the applicable rate (currently 19 per cent.) may have to be deducted by other entities (such as depositaries or financial entities), provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.

The Issuer and the Guarantor consider that, according to RD 1145/2011, they are not obliged to withhold any tax amount provided that the new simplified information procedures (which do not require identification of the Noteholders) are complied with by the Paying Agent as it is described in section "Tax Reporting Obligations of the Issuer and the Guarantor".

However, regarding the interpretation of the "Tax Reporting Obligations of the Issuer and the Guarantor" please refer to "Risk Factors – Spanish Tax Rules".

Notes registered in Spain in book entry form and traded in a Spanish secondary market

There is no obligation to withhold tax on the income derived from the transfer or reimbursement of the Notes as provided by Section 75 3. (e) of the Personal Income Tax Regulations, to the extent that the Notes are represented by book entries and are traded on a Spanish regulated market, except for the part of the price which is equivalent to the accrued interest on any transfers which are made within the thirty days immediately prior to the maturity of the coupon, when the acquirer is an individual or entity not resident in Spain or is a taxable person for Corporate Income Tax purposes and this express income is exempt from the obligation to withhold in relation to the acquirer.

Wealth Tax

Under Law 19/1991, 6 June 1991, as amended, individuals with tax residency in Spain are subject to Wealth Tax on tax year 2021 to the extent that their net worth exceeds €700,000. Therefore, they should take into account the value of the Notes which they hold as at 31 December 2021.

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights located in Spain, or that can be exercised within the Spanish territory, exceed €700,000 would be subject to Wealth Tax at the applicable rates, ranging between 0.2 per cent. and 3.5 per cent., without prejudice of any exemption that should be applicable and the laws and regulations in force in each Autonomous Region.

As a consequence of the European Court of Justice Judgment (Case C-127/12), the Wealth Tax Law has been amended by Law 26/2014. As a result, non-Spanish tax resident individuals who are residents in the EU or in

TAXATION

the European Economic Area can apply the legislation of the region in which the highest value of the assets and rights of the individuals are located.

Legal entities are not subject to Wealth Tax.

Inheritance and Gift Tax

The transfer of the Notes to individuals by inheritance, legacy or donation shall be subject to the general rules of Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones) in accordance with the applicable Spanish and State rules even if title passes outside Spain and neither the heir nor the beneficiary, as the case may be, is resident in Spain for tax purposes, without prejudice to the provisions of any DTT signed by Spain.

The effective tax rates, after applying all relevant factors, range between 0 per cent. and 81.6 per cent.

However, the Judgment from the European Court of Justice dated 3 September 2014 has declared that Spanish Inheritance and Gift Tax Law is against the principle of free movement of capital within the EU as the Spanish residents are granted tax benefits that, in practice, allow them to pay much lower taxes than non residents. According to Law 26/2014, it will be possible to apply tax benefits approved in some Spanish regions to EU residents following specific rules.

In the event that the beneficiary is an entity other than a natural person, the income obtained shall be subject to Corporate Income Tax or Non-Resident Income Tax, as the case may be, and without prejudice, in the latter event, to the provisions of any DTT that may apply.

Tax rules for payments made by the Guarantor

Payments which may be made by the Guarantor to Noteholders, if the Guarantee is enforced, will be subject to the same tax rules previously set out for payments made by the Issuer.

Tax Reporting Obligations of the Issuer and the Guarantor

RD 1145/2011 modified, among other provisions, article 44 of RD 1065/2007, which sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The new procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

Notes originally registered with the entities that manage clearing systems located in Spain

According to the wording of article 44.4 of RD 1065/2007, income derived from securities originally registered with a clearing system located in Spain, will be paid free of Spanish withholding tax in respect to non-Spanish-resident holders (acting or not through a permanent establishment in the Kingdom of Spain) or to legal entities that are resident in the Kingdom of Spain for tax purposes and are subject to Corporate Income Tax, provided that the entities which hold values registered on its third party accounts or, if applicable, the entities that manage clearing systems located outside Spain which have entered into an agreement with such clearing system located in Spain, submit a statement to the Issuer in accordance with the form attached as annex to RD 1065/2007 (see "Supplementary Annex" below) with the following information:

- (i) identification of the securities;
- (ii) total amount of income;
- (iii) amount of income received by individual with tax residency in Spain which are subject to Personal Income Tax; and
- (iv) amount of income received that will be paid free of Spanish withholding tax.

Notes originally registered with the entities that manage clearing systems located outside Spain

TAXATION

According to the literal wording of article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, that are recognised by Spanish law or by the law of another OECD country (such as Euroclear or Clearstream), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the Issuer submits a statement to the issuer, in accordance with the form attached as annex to RD 1065/2007 (see "Supplementary Annex" below), with the following information:

- (i) identification of the securities; and
- (ii) total amount of the income corresponding to each clearing house located outside Spain.

Common References

For these purposes, "income" means interest and the difference, if any, between the aggregate redemption price paid upon the redemption of the Notes and the issue price of the Notes.

In accordance with Section 44 of RD 1065/2007, the statements mentioned above must be provided to the relevant Issuer on the business day immediately prior to each interest payment date. In the event that on the date, the entities obliged to provide the declaration fail to do so, the relevant Issuer or the Paying Agent on its behalf will make a withholding at the general rate (currently 19 per cent.) on the total amount of the return on the relevant Notes otherwise payable to such entity. Regarding the interpretation of Article 44 RD 1065/2007 and the new simplified information procedures please see "*Risk Factors - Spanish tax rules*".

Please note that this is for general information purposes only and is not intended to be nor shall it be deemed to be, or constitute legal advice.

Refund by the Spanish tax authorities

Noteholders who might otherwise have been entitled to a gross payment but in respect of whom the Principal Paying Agent does not provide with the relevant Supplementary Annex on or before the 10th calendar day of the month that follows the month in which the interest is payable may seek a refund of Spanish tax withheld directly from the Spanish tax authorities.

Set out below is the Supplementary Annex in English which has been translated from the original Spanish. Such translation constitutes a direct, accurate and complete translation of the Spanish language text. In the event of any discrepancy between the Spanish language version of the Supplementary Annex and the corresponding English translation, the Spanish tax authorities will give effect to the Spanish language version of the relevant Supplementary Annex only.

TAXATION

Irish Taxation

The following is a summary of the Irish withholding tax treatment of the Notes. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Base Prospectus and may be subject to change. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of payments thereon under any laws applicable to them.

Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- (a) Irish source yearly interest (yearly interest is interest payable on a loan that may exist for a period in excess of one year);
- (b) Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- (c) Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of income tax (currently 20 per cent.) in the case of (a) and (b) above and at the rate of 25 per cent. in the case of (c) above.

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Notes is connected, nor are the Notes held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Notes, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation. Similarly, the mere offering of the Notes to Irish investors or the listing of the Notes, for example, on Euronext Dublin (if applicable) would not cause the interest to have an Irish source.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Notes.

Separately, for as long as the Notes are quoted on a stock exchange, a purchaser of the Notes should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Notes.

Encashment Tax

Payments on any Notes paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Notes will be subject to Irish encashment tax at a 25 per cent. rate, unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Notes entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

TAXATION

Dutch Taxation

The following describes the principal Dutch tax consequences of the acquisition holding and disposal of the Notes. This summary does not purport to be a comprehensive description of all Dutch tax considerations that may be relevant to a decision to purchase, to hold, and to dispose of the Notes. For purposes of Dutch tax law, a Noteholder may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of the acquisition, holding, redemption and disposal of the Notes. The discussion of certain Dutch taxes set forth below is included for general information purposes only.

This summary is based on the Dutch tax legislation, published case law, treaties, rules, regulations and similar documentation, in force as of the date of this Base Prospectus, without prejudice to any amendments introduced at a later date and implemented with retroactive effect.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

This summary does not describe the consequences of the exchange or the conversion of the Notes.

Tax position of the Issuer

Under the Convention, the Issuer is considered to be resident of Spain for tax purposes and therefore the Netherlands should refrain from levying corporate income tax on profits generated by the Issuer, except if and to the extent such profits are allocable to a Dutch permanent establishment or permanent representative of the Issuer.

Withholding tax

All payments of interest and principal made by the Issuer under a Note may – except in certain very specific cases as described below - be made free of withholding or deduction of, any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Dutch withholding tax may apply on certain (deemed) interest due and payable to an affiliated (*gelieerde*) entity of the Issuer if such entity (i) is considered to be resident of a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), or (ii) has a permanent establishment located in such jurisdiction to which the interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation of another person, or (iv) is not considered to be the recipient of the interest in its jurisdiction of residence because such jurisdiction treats another (lower-tier) entity as the recipient of the interest (hybrid mismatch), or (v) is not treated as resident anywhere (also as a hybrid mismatch), all within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*).

Taxes on Income and Capital Gains

A holder of the Notes (the "**Noteholder**") who derives income from a Note or who realises a gain from the disposal or redemption of a Note will not be subject to Dutch taxation on such income or gain, provided that:

- (a) the Noteholder is neither a resident nor deemed to be a resident of the Netherlands for Dutch tax purposes;
- (b) the Noteholder does not have an enterprise or deemed enterprise (as defined in Dutch tax law) or an interest in an enterprise or deemed enterprise (as defined in Dutch tax law) that is, in whole or in part, carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands and to which enterprise or part of that enterprise, as the case may be, the Notes are attributable;
- (c) the Noteholder is not entitled to a share in the profits of an enterprise that is effectively managed in the Netherlands, other than by way of securities and to which enterprise the Notes are attributable;

TAXATION

- (d) the Noteholder does not have a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest in the Issuer as defined in the Dutch Income Tax Act 2001 (Wet op de inkomstenbelasting 2001); and
- (e) if the Noteholder is an individual, the Noteholder does not derive benefits from the Notes that are taxable as benefits from miscellaneous activities in the Netherlands (*resultaat uit overige werkzaamheden in Nederland*) as defined in the Dutch Income Tax Act 2001, which include, but are not limited to, activities in respect of the Notes which are beyond the scope of "regular active asset management" (normaal actief vermogensbeheer) or benefits which are derived from the holding, whether directly or indirectly, of (a combination of) shares, debt claims or other rights which form a "lucrative interest" (*lucratief belang*). A lucrative interest is an interest which the holder thereof has acquired under such circumstances that benefits arising from this lucrative interest are intended to be a remuneration for work or services performed by such holder (or a person related to such holder) in the Netherlands, whether within or outside an employment relationship, where such lucrative interest provides the holder thereof, economically, with certain benefits that have a relationship to the relevant work or services.

Under Dutch tax law a Noteholder will not be deemed a resident, domiciled or carrying on a business in the Netherlands by reason only of its holding of the Notes or the performance by the Issuer of its obligations under the Notes.

Gift and Inheritance Taxes

No gift or inheritance taxes will arise in the Netherlands with respect to the acquisition of the Notes by way of gift by, or on the death of, a Noteholder, unless:

- (a) the Noteholder is a resident or deemed to be resident of the Netherlands for the purpose of the relevant Dutch tax law provisions; or
- (b) in the case of a gift of the Notes by an individual who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands, such individual dies within 180 days after the date of the gift, while being a resident or deemed to be a resident of the Netherlands.

For the purpose of Dutch gift and inheritance tax, an individual who has the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift or the date of his death, if he has been a resident of the Netherlands at any time during the ten years preceding the date of the gift or the date of his death.

For the purposes of Dutch gift tax, an individual who does not have Dutch nationality will be deemed to be a resident of the Netherlands, at the date of the gift, if he has been a resident of the Netherlands at any time during the twelve months preceding the date of the gift.

Value Added Tax

No Value Added Tax (*Omzetbelasting*) will arise in the Netherlands in respect of any payment in consideration for the issue of the Notes or with respect to any payment of principal or interest by the Issuer on the Notes.

Other Taxes and Duties

No registration tax, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable in the Netherlands in respect of or in connection with the issue of the Notes.

TAXATION

Swiss Taxation

The following discussion is a summary of certain material Swiss tax considerations relating to (i) Notes where the holder is tax resident in Switzerland or has a tax presence in Switzerland or (ii) Notes where the paying agent is located in Switzerland. The discussion is based on legislation as of the date of this Base Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Notes. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisors as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Notes (or options embedded therein) in light of their particular circumstances.

Swiss Withholding Tax

Payments by the Issuer on Notes are not subject to Swiss federal withholding tax provided that the Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

Income Taxation

Notes held as Private Assets by a Swiss Resident Holder

(a) Structured Products

If a Note classifies as a structured product, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are reported separately from each other and whether the Note classifies as a structured product with or without a predominant one-time interest payment.

Non-transparent derivative financial instruments: If the embedded bond is not reported separately from the embedded derivative financial instrument(s), the Note classifies as non-transparent structured product and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment. Swiss resident private investors in Notes classified as non-transparent derivative financial instruments will be taxed on any interest payments and on any gains, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is reported separately from the embedded derivative financial instrument(s) and the yield-to-maturity at issue solely or predominantly derives from periodic interest payments and not from a one-time interest-payment (see below "Transparent derivative financial instruments with a predominant one-time interest payment"), then any periodic interest payments and any one-time interest payment are taxed when paid to the holder of the Note. Any gain, including in respect of the derivative financial instrument(s) embedded in the Note, interest accrued or changes in foreign exchange rates or the level of market interest rates realised on the sale of the Note is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "*Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder*"). The same applies if a Note is redeemed except that interest accrued is taxed when paid by the Issuer.

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity at issue exclusively or predominantly derives from a one-time interest-payment such as an original issue discount or a redemption premium, and not from periodic interest payments, then any periodic interest payments at sale or redemption of the Note as well as the positive difference between the value of the embedded bond at sale or redemption and its value at issuance or purchase, as applicable, (which difference may include interest accrued on such Note or gain in respect of foreign exchange rate appreciation or market interest rate depreciation) (modified differential taxation method), converted, in each case, into Swiss francs at the rate of exchange prevailing at the time of sale, redemption, issuance or purchase constitutes taxable income. A loss, as determined accordingly, realised on the sale or redemption of the Note may be offset against any gains (including periodic interest payments) realised within the same taxation period from all financial instruments with a one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss (see below "*Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder*").

TAXATION

(b) Notes/Bonds

Notes without a predominant one-time interest payment: If a Note classifies as a pure bond (and the yield-to-maturity at issue of the Note exclusively or predominantly derives from periodic interest payments and not from a one-time interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss francs at the rate of exchange prevailing at the time of payment. Any gain, (which may include interest accrued on such Note or gain in respect of foreign exchange rate appreciation or depreciation of the level of market interest rates), realised on the sale of a Note is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "*Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder*").

Notes with a predominant one-time interest payment: If a Note classifies as a pure bond (and the yield-to-maturity at issue of the Note exclusively or predominantly derives from a one-time interest-payment such as an original issue discount or a redemption premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and the positive difference between the value of such Note at sale or redemption and its value at issuance or secondary market purchase, as applicable (which difference may include interest accrued on such Note or gain in respect of foreign exchange rate appreciation or market interest rate depreciation) (modified differential taxation method), converted into Swiss francs at the exchange rate prevailing at the time of such payment or such sale or redemption. Any losses, as determined accordingly, realised on the sale or redemption of the Note may be offset against any gains (including periodic interest payments) realised within the same taxation period from all financial instruments with a predominant one-time interest payment.

(c) Pure Derivative Financial Instruments

If a Note which classifies as a pure derivative financial instrument (such as plain vanilla call and put options, on shares, commodities, precious metals, currencies or interest rate, including low exercise price call options fully prefunding the underlying asset if its maturity does not exceed 12 months (except that prefunding must not exceed 25 per cent. if the underlying is an interest rate), low exercise price call options prefunding the underlying asset by up to 50 per cent. if its maturity exceeds 12 months, futures fully prefunding the underlying asset if its maturity does not exceed 12 months and futures prefunding the underlying asset by up to 25 per cent. if its maturity exceeds 12 months) and such Note is held as part of private assets, only the periodic and one-time dividend equalisation payments constitute taxable investment income, and any other return, including option premium payments and gain realised on the sale or redemption of such a Note, is a tax-exempt private capital gain, whereas a loss is a non-tax deductible private capital loss (see below "*Capital Gains Taxation – Notes held as Private Assets by a Swiss Resident Holder*").

(d) Fund-like Products

A Note which classifies as an interest in a collective capital investment scheme or as collective-capital-investment-like product will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income from, and capital gains and losses realized on, the underlying assets, are reported and distributed separately. Under such conditions and under the condition that the Issuer reports the income items and the capital gain and loss items to the Swiss Federal Tax Administration, an individual holding such a Note as part of his or her private assets must declare in taxable income (which must be reported annually) the dividend and interest distribution (in case the Note is distributing the income realized on the underlying investments) or the dividend and interest credited (in case the Note is reinvesting the income realized on the underlying investments) as investment income (less attributable costs) on the underlying instruments. Any distributions or credits relating to capital gain on the underlying assets constitute tax-free private capital gains, and, conversely, any loss attributable a non-tax-deductible private capital loss. Gain realized on the sale of such a Note (including gains relating to dividends and interest accrued or paid inter-periodically on the underlying assets) is exempt from income taxation as a private capital gain, and, conversely, any loss is not tax-deductible (see below "*Capital Gains Taxation – Notes held as Private Assets by a Swiss resident Holder*"). If the dividend and interest income from, and capital gains and losses realized on, the underlying assets, are not reported and distributed separately, or the income items and capital gain and loss items are not reported to the Swiss Federal Tax Administration, the Swiss Federal Tax Administration can determine a taxable market based yield on the net fixed assets (taking into account the assets in which the product is invested).

TAXATION

Notes held as Assets of a Swiss Business

Corporate entities and individuals who hold Notes as part of a trade or business in Switzerland (in the case of residents abroad carried on through a permanent establishment in Switzerland) are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Notes (irrespective of their classification) in their income statement and will be taxed on any net taxable earnings for the respective taxation period.

The same taxation treatment also applies to Swiss-resident individuals who are classified by the tax authorities as "professional securities dealers" for reasons of, *inter alia*, frequent dealing or leveraged investments in securities (including Notes).

Capital Gains Taxation

Notes held as Private Assets by a Swiss Resident Holder

A gain or a loss realised by an individual resident in Switzerland upon the sale or other disposal of a Note held as part of his or her private assets, is a tax-free private capital gain or a non-tax deductible private capital loss, respectively (see above under "Notes held as Assets of a Swiss Business" for a summary of the tax treatment of individuals classified as "professional securities dealers"). Notwithstanding the foregoing, concerning the taxation treatment of Notes which classify as non-transparent notes or Notes which classify as notes with a predominant one-time interest payment, see the taxation principles set forth above with regard to the different instruments under "*Income Taxation – Notes held as Private Assets by a Swiss Resident Holder*").

Notes held as Assets of a Swiss Business

Capital gains realised on Notes held as assets of a Swiss business are taxed in accordance with the taxation principles set forth above under "*Income Taxation – Notes held as Swiss Business Assets*".

Swiss Federal Securities Turnover Tax

The issue and the sale of a Note by the Issuer on the issuance day (primary market transaction) and the redemption of a Note by the Issuer are not subject to Swiss federal securities turnover tax, except that the issuance by the Issuer of a Note classified as fund-like product where a Swiss domestic bank or a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party to, or acts as an intermediary, for the transaction, may be subject to Swiss federal securities turnover tax of up to 0.30 per cent. on the consideration paid.

Secondary market transactions in a Note with a maturity in excess of 12 months where a Swiss domestic bank or a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party to, or acts as an intermediary for, the transaction, may, if no statutory exemptions apply, be subject to Swiss securities turnover tax at a rate of up to 0.30 per cent. of the purchase price (except that the rate is 0.15 per cent. if the Note is classified as low exercise price call option or a future and classified as "sub-participation" in a single stock, a single bond or an interest in a single collective capital investment scheme or a single collective-capital-investment-like product of a Swiss issuer). In contrast, a secondary market transaction in a Note is generally exempt from Swiss federal securities turnover tax if the Note classifies as pure derivative financial instrument (see above "*Income Taxation – Notes held as Private Assets by a Swiss Resident Holder – Pure Derivative Financial Instruments*").

The delivery of an Underlying, which classifies as taxable security for purposes of the Swiss federal stamp tax act, such as a stock, a bond or an interest in a fund-like product, to the holder of a Note, is subject to Swiss federal securities turnover tax at a rate of 0.15 per cent. if the Underlying is a taxable security issued by a Swiss resident issuer and at a rate of 0.30 per cent. if the Underlying is a taxable security issued by a non-Swiss resident issuer, however, only if a Swiss securities dealer, as defined in the Swiss federal stamp tax act, is a party to, or acts as an intermediary for, the transaction and if no exemption applies.

Gift, Inheritance and Estate Taxes

Subject to an applicable international tax treaty in an international scenario, transfers of Notes may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person had his or her last domicile in Switzerland, the donor is resident in Switzerland, or in the case of a foreign deceased or donor the transfer involves an unincorporated business (partnership or sole proprietorship) in Switzerland and Notes are held as part of such business. No such taxes exist at the federal level. The rate depends on the relationship (i.e. the relationship between the deceased and the heirs, or between the donor and the donee) and the amount of the inheritance or gift. Interspousal gifts and gifts to descendants, as well as inheritances of the surviving spouse and descendants are normally exempt or taxed at privileged rates. Gifts and inheritances from unrelated persons are

TAXATION

taxed at rates ranging from 20 per cent. to 60 per cent. The taxable base is usually the market value of the property transferred.

Net Worth and Capital Taxes

A holder of a Note who is (i) an individual and resident in Switzerland and who holds the Note as a private asset or (ii) corporate resident in Switzerland or (iii) an individual or corporate resident outside Switzerland who holds the Note as part of a trade or business carrier out through a permanent establishment in Switzerland, is required to report such Note as part of private assets or as part of the Swiss business assets, as applicable, and is subject to annual cantonal and/or communal private wealth tax or capital tax, as applicable, on any net taxable wealth (including the Notes or net taxable capital, as applicable, which tax will, if such holder is an individual or corporate taxpayer resident outside of Switzerland holding the Note as part of Swiss business assets as described in clause (iii) above, be limited to the extent such net taxable wealth or capital, as applicable, is attributable to Switzerland.

Non-Swiss Resident Holders

A holder of a Note who is not resident in Switzerland for tax purposes and who during the taxation period has not engaged in trade or business carried on through permanent establishment in Switzerland, to which the Note is attributable, will in respect of such Note not be subject to income tax, capital gains tax, net wealth tax or capital tax in Switzerland.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Issuer has registered with the U.S. Internal Revenue Service as a reporting foreign financial institution for these purposes.

A number of jurisdictions (including Spain and the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining "foreign passthru payments" are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be

TAXATION

"grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under the section of the applicable Product Annex entitled "Terms and Conditions – Further Issues") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all such Notes, including those Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

U.S. Section 871(m) Withholding

Section 871(m) of the U.S. Internal Revenue Code of 1986 Code treats U.S. "dividend equivalent" payments as dividends from sources within the United States for United States tax purposes. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the "IRS"). A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States; (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States; or (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). U.S. Treasury regulations issued under Section 871(m) (the "**Section 871(m) Regulations**") require withholding on payments to certain non-U.S. holders of Notes with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only Notes that have an expected economic return sufficiently similar to that of the underlying U.S. securities as determined on the Notes' issue date based on tests set forth in the Section 871(m) Regulations ("**871(m) Notes**") will be subject to the Section 871(m) withholding regime. The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on an 871(m) Note or upon the date of maturity, lapse or other disposition by a non-U.S. holder of an 871(m) Note. If the underlying U.S. security or securities are expected to pay dividends during the term of the 871(m) Note, withholding will generally still be required even if the 871(m) Note does not provide for payments explicitly linked to dividends. If the Issuer or any withholding agent determines that 871(m) withholding is required in respect of any payment on any Note, neither the Issuer nor any of its agents will be required to pay any additional amounts with respect to amounts so withheld.

If the Issuer states in the Final Terms of any Series of Notes, that such Series are 871(m) Notes, then any non-U.S. holder of the Securities should expect payments under such notes to be subject to 871(m) withholding in respect of any dividend-paying U.S. securities underlying those Notes. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific Series of Notes may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Dealer(s) have, in a programme agreement (as further modified and/or supplemented and/or restated from time to time, the "**Programme Agreement**") dated 15 July 2021 agreed with the Issuer and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer (and, failing which, the Guarantor) have agreed to reimburse the Dealer(s) for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealer(s) against certain liabilities incurred by them in connection therewith.

The Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

In order to facilitate the offering of any Tranche of the Notes, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. Specifically such persons may over-allot or create a short position in the Notes for their own account by selling more Notes than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Notes in the open market. In addition, such persons may stabilise or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Notes are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail for a limited period after the Issue Date. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilisation or other transactions. Such transactions, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Under UK laws and regulations stabilisation activities may only be carried on by the Stabilisation Manager named in the Final Terms (or persons acting on its behalf) and may only continue for a limited period following the Issue Date (or, if the ending day would be earlier, 60 days after the date of allotment) of the relevant Tranche of Notes.

Transfer Restrictions

As a result of the following restrictions, purchasers of Notes in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Notes.¹

Each person purchasing an interest in a Registered Global Note will be deemed to have acknowledged, represented and agreed, as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (a) that (i) it is a QIB who is also a QP, purchasing (or holding) the Notes for its own account or for the account of one or more QIBs who are also QPs and it is aware that any sale to it is being made in reliance on Rule 144A, or (ii) it is outside the United States and is not a U.S. person;
- (b) that the Notes are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;
- (c) that, unless it holds an interest in a Regulation S Global Note and either is a person located outside the United States or is not a U.S. person, if in the future it decides to resell, pledge or otherwise transfer the Notes or any beneficial interests in the Notes, it will do so, prior to the date which is one year after the later of the last Issue Date for the Series and the last date on which the Issuer or an affiliate of the Issuer was the owner of such Notes, only (i) to the Issuer or any affiliate thereof, (ii) inside the United States to a person whom the seller reasonably believes is a QIB who is also a QP purchasing for its own account or for the account of a QIB who is also a QP in a transaction meeting the requirements of Rule 144A, (iii) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (iv) pursuant to the exemption from registration provided by Rule 144 under the

ANY RESALE OR OTHER TRANSFER OF THIS NOTE MADE OTHER THAN IN COMPLIANCE WITH THE FOREGOING RESTRICTIONS SHALL NOT BE RECOGNISED BY THE ISSUER, THE REGISTRAR OR ANY OTHER AGENT OF THE ISSUER.

OF ITS ASSETS IN SECURITIES OF THE ISSUER SUBSEQUENT TO ANY PURCHASE OF THE NOTES.

THE PURCHASER ACKNOWLEDGES THAT THE ISSUER OR ANY DEALER RESERVE THE RIGHT PRIOR TO ANY SALE OR OTHER TRANSFER TO REQUIRE THE DELIVERY OF SUCH CERTIFICATIONS, LEGAL OPINIONS AND OTHER INFORMATION AS THE ISSUER OR ANY DEALER MAY REASONABLY REQUIRE TO CONFIRM THAT THE PROPOSED SALE OR OTHER TRANSFER COMPLIES WITH THE FOREGOING RESTRICTIONS. EACH HOLDER OF A BENEFICIAL INTEREST IN THIS GLOBAL NOTE ACKNOWLEDGES THAT IN THE EVENT THAT AT ANY TIME THE ISSUER DETERMINES OR IS NOTIFIED BY THE DEALER(S) THAT SUCH PURCHASER WAS IN BREACH, AT THE TIME GIVEN OR DEEMED TO BE GIVEN, OF ANY OF THE REPRESENTATIONS OR AGREEMENTS SET FORTH IN THIS LEGEND OR OTHERWISE DETERMINES THAT ANY TRANSFER OR OTHER DISPOSITION OF ANY NOTES WOULD, IN THE SOLE DETERMINATION OF THE ISSUER, REQUIRE THE ISSUER TO REGISTER AS AN "INVESTMENT COMPANY" UNDER THE PROVISIONS OF THE 1940 ACT, SUCH PURCHASE OR OTHER TRANSFER WILL BE VOID AB INITIO AND WILL NOT BE HONORED BY THE REGISTRAR. ACCORDINGLY, ANY SUCH PURPORTED TRANSFEREE OR OTHER HOLDER WILL NOT BE ENTITLED TO ANY RIGHTS AS A NOTEHOLDER AND THE ISSUER SHALL HAVE THE RIGHT, IN ACCORDANCE WITH THE CONDITIONS OF THE NOTES, TO FORCE THE TRANSFER OF OR REDEMPTION OF ANY SUCH NOTES.

Each QIB who is also a QP who purchases Rule 144A Global Notes offered and sold in the United States in reliance upon the exemption from registration provided by Rule 144A of the Securities Act is required to execute and deliver to the Registrar an Investment Letter.

The Investment Letter referred to above shall include the following representations and agreements (undefined terms used in this section that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (a) **Purchaser Requirements.** Notes may be offered in the United States to a purchaser who: (i) is an Eligible Investor (as defined below), (ii) will hold at least the minimum denomination of US\$250,000, (iii) will provide notice of applicable transfer restrictions to any subsequent transferee (and each subsequent transferee will be deemed to have made the same representations and agreements contained in clauses (i) through (v) of this paragraph), (iv) understands that the issuer may receive a list of all participants holding positions in its Notes from one or more book-entry depositaries and that the participants may further disclose to the issuer the names and positions of holders of its Notes, and (v) is purchasing for its own account or for the accounts of one or more other persons each of whom meets all of the requirements of clauses (i) through (v) and over which it exercises sole investment discretion.
- (b) **Notice of Transfer Restrictions.** Each purchaser acknowledges and agrees that (a) the Notes have not been and will not be registered under the Securities Act and the Issuer has not been registered as an "investment company" under the 1940 Act, (b) neither the Notes nor any beneficial interest therein may be re-offered, resold, pledged or otherwise transferred except in accordance with the provisions set out in paragraph (a) above and (c) the purchaser will notify any transferee of such transfer restrictions and that each subsequent holder will be required to notify any subsequent transferee of such Notes of such transfer restrictions.
- (c) **Mandatory Transfer/Redemption.** Each purchaser acknowledges and agrees that in the event that at any time the Issuer determines or is notified by a Dealer acting on behalf of the Issuer that such purchaser was in breach, at the time given or deemed to be given, of any of the representations or agreements set out in paragraph (a) above or otherwise determines that any transfer or other disposition of any Notes would, in the sole determination of the Issuer or a Dealer acting on behalf of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act, such purchase or other transfer will be void *ab initio* and will not be honoured by the Registrar. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a Noteholder and the Issuer shall have the right, in accordance with the conditions of the Notes, to force the transfer of, transfer on behalf of the Noteholder or redeem, any such Notes.
- (d) **Rule 144A Information.** Each purchaser of Notes offered and sold in the United States under Rule 144A is hereby notified that the offer and sale of such Notes to it is being made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. The Issuer has agreed to furnish to investors upon request such information as may be required by Rule 144A.
- (e) **ERISA.** If the purchaser is a U.S. person purchasing an interest in a Rule 144A Global Note, it is not a benefit plan investor, is not using the assets of a benefit plan investor to acquire such Notes and shall not at any time hold such Notes for a benefit plan investor (including assets that may be held in an insurance company's separate or general accounts where assets in such accounts may be deemed "plan

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

assets" for purposes of the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"). For the purposes hereof, the term "benefit plan investor" means (a) any employee benefit plan (as defined in section 3(3) of ERISA), (b) any plan described in section 4975(e)(1) of the U.S. Internal Revenue Code, or (b) any entity whose underlying assets include plan assets by reason of a plan's investment in the entity (within the meaning of the U.S. Department of Labor Regulations Section 2510.3-101 as modified by Section 3(42) of ERISA).

- (f) **Relevant Information.** The purchaser has received a copy of this Base Prospectus and such other information as it deems necessary in order to make its investment decision.
- (g) **Legends on Global Notes.** Each purchaser acknowledges that each of the Rule 144A Global Note and the Regulation S Global Note will bear legends substantially to the effect set out in this Base Prospectus and that the Issuer has covenanted not to remove either such legend so long as it shall be necessary for the Issuer to rely on the exception to the 1940 Act.
- (h) **Regulation S Transfers During the Distribution Compliance Period.** If the purchaser has acquired a portion of a Regulation S Global Note in a sale or other transfer being made in reliance upon Regulation S, the purchaser agrees that during the Distribution Compliance Period it will not offer, resell, pledge or otherwise transfer such portion of such Regulation S Global Note to or for the account or benefit of any U.S. person other than to a person meeting the requirements set out in paragraph (a) above and in the legend set out on the Regulation S Global Note.

If the purchaser is an Institutional Accredited Investor who is also a QP, the Investment Letter will also contain the following representations and agreements:

- (i) that the Institutional Accredited Investor who is also a QP is an Institutional Accredited Investor within the meaning of Rule 501(a)(1), (2), (3) or (7) of Regulation D under the Securities Act and is a "qualified purchaser" within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended and the rules and regulations thereunder ("QP"), and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Notes, and it and any accounts for which it is acting are each able to bear the economic risk of its or any such accounts' investment for an indefinite period of time.
- (j) that, in the event that the Institutional Accredited Investor who is also a QP purchases Notes, it will acquire Notes having a minimum purchase price of at least US\$500,000 (or the approximate equivalent in another Specified Notes Currency).

No sale of Legended Notes in the United States to any one purchaser will be for less than US\$250,000 (or its foreign currency equivalent) nominal amount or, in the case of sales to Institutional Accredited Investors who are also QPs, US\$500,000 (or its foreign currency equivalent) nominal amount and no Legended Note will be issued in connection with such a sale in a smaller nominal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least US\$250,000 (or its foreign currency equivalent) or, in the case of sales to Institutional Accredited Investors who are also QPs, US\$500,000 (or its foreign currency equivalent) nominal amount of Registered Notes.

Any transfer or other disposition of any Notes that would, in the sole determination of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act will be void *ab initio*, and such transfer or other disposition will not be recognised by the Issuer. If, at any time a Note is held by or on behalf of a U.S. person who is not an Eligible Investor at the time it purchases such Note the Issuer may, in its discretion and at the expense and risk of such holder, (a) redeem such Notes, in whole or in part, to permit the Issuer to avoid registration under the 1940 Act or (b) require any such holder to transfer such Notes to an Eligible Investor or to a non-U.S. person outside the United States or cause such Notes to be transferred on behalf of the Noteholder. The determination of which Notes will be redeemed or sold in any particular case is in the discretion of the Issuer.

Selling Restrictions

General Selling Restrictions

This Base Prospectus has been prepared on the basis that Notes may be directed to any category of potential investors unless specified otherwise in the applicable Final Terms.

The Arranger has agreed, and each further Dealer appointed under the Programme will be required to agree, that:

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

- (i) unless specified otherwise in the applicable Final Terms, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in such country or jurisdiction where action for that purpose is required; and
- (ii) it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer, the Guarantor nor the Dealers shall have any responsibility therefor.

None of the Issuer, the Guarantor nor the Dealer(s) represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Persons into whose hands the Base Prospectus, any Final Terms or any Note comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

United States

Neither the Notes nor the Guarantee, nor any Entitlement(s) to be delivered in respect of Notes where physical delivery is specified as applicable, have been or will be registered under the Securities Act and the Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Notes may be offered in the United States to a purchaser: (i) who is an Eligible Investor (as defined below), (ii) will hold at least the minimum denomination of US\$250,000 (or equivalent in the relevant currency), (iii) will provide notice of applicable transfer restrictions to any subsequent transferee (and each subsequent transferee will be deemed to have made the same representations and agreements contained in clauses (i) through (v) of this paragraph), (iv) understands that the issuer may receive a list of all participants holding positions in its Notes from one or more book-entry depositaries and that the participants may further disclose to the issuer the names and positions of holders of its Notes, and (v) is purchasing for its own account or for the accounts of one or more other persons each of whom meets all of the requirements of clauses (i) through (v) and over which it exercises sole investment discretion.

Each purchaser who satisfies clauses (i) through (v) above acknowledges and agrees that in the event that at any time the Issuer determines or is notified by a Dealer acting on behalf of the Issuer that such purchaser was in breach, at the time given or deemed to be given, of any of the representations or agreements set out in clauses (i) through (v) above or otherwise determines that any transfer or other disposition of any Notes would, in the sole determination of the Issuer or a Dealer acting on behalf of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act, such purchase or other transfer will be void *ab initio* and will not be honoured by the Registrar. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a Noteholder and the Issuer shall have the right, in accordance with the conditions of the Notes, to force the transfer of, transfer on behalf of the Noteholder or redeem, any such Notes.

Such Notes will be offered by BBVA (acting through its agent BBVA Securities Inc.) (in such capacity, the "**Initial Purchaser**").

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and Treasury regulations promulgated thereunder. The Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

The Arranger has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, in connection with any Notes which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S ("**Regulation S Notes**"), that it will not offer, sell or deliver such Regulation S Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

relevant lead manager, of all Notes of the Tranche of which such Regulation S Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. The Arranger has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Notes within the United States or to, or for the account or benefit of, U.S. persons.

As used herein, "**United States**" means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and "**U.S. person**" means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. Person" as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the Commodity Exchange Act, as amended.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealer(s) may arrange for the resale of Notes to QIBs who are also QPs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealer(s) may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A and one or more exemptions and/or exclusions from regulation under the CEA. The minimum aggregate nominal amount of Notes which may be purchased by a QIB pursuant to Rule 144A is US\$250,000 (or the approximate equivalent thereof in any other currency). To the extent that the Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the Issuer has agreed to furnish to holders of Notes and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4) so long as the Notes are considered restricted securities within the meaning of Rule 144A(a)(3) under the Securities Act.

The Notes, the Guarantee and any Entitlement(s) do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the CEA, and trading in the Notes has not been approved by the U.S. Commodity Futures Trading Commission pursuant to the CEA.

Each issuance of Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the Final Terms.

1940 Act compliance

As described above, the Issuer has not been and will not be registered as an "investment company" under the 1940 Act and, accordingly, the Notes may only be sold in the United States or to, or for the account or benefit of, U.S. persons in compliance with Section 3(c)(7) of the 1940 Act. In general, the Section 3(c)(7) exception excludes from the definition of an investment company any issuer whose outstanding securities are owned exclusively by persons who are "Qualified Purchasers" (or "**QPs**", as defined in Section 2(a)(51)(A) of the 1940 Act and the rules and regulations of the U.S. Securities and Exchange Commission thereunder) and that has not made a public offering of its securities. Consequently, the relevant Notes may only be offered, sold, resold, delivered or transferred (a) within the United States or to, or for the account or benefit of, U.S. persons, in a transaction made in compliance with both Rule 144A and Section 3(c)(7) under the 1940 Act to persons that are Eligible Investors (as defined below) or (b) outside the United States to persons that are not U.S. persons in offshore transactions in reliance on Rule 903 or 904 of Regulation S.

"**Eligible Investors**" are defined as persons who are QIBs and also QPs acting for their own account or for the account of other QIBs who are also QPs, or persons who are Institutional Accredited Investors and also QPs, but

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

excluding therefrom: (i) QIBs that are broker dealers that own and invest on a discretionary basis less than US\$25 million in "securities" of unaffiliated issuers (ii) a partnership, common trust fund, special trust, pension fund, retirement plan or other entity in which the partners, beneficiaries or participants, as the case may be, may designate the particular investments to be made or the allocation thereof, (iii) an entity that was formed, reformed or recapitalised for the specific purpose of investing in the Notes, (unless each beneficial owner of such entity is a QP), (iv) any investment company excepted from the 1940 Act solely pursuant to Section 3(c)(1) or Section 3(c)(7) thereof and formed prior to 30 April 1996, that has not received the consent of its beneficial owners with respect to the treatment of such entity as a qualified purchaser in the manner required by Section 2(a)(51)(C) of the 1940 Act and rules thereunder, and (v) any entity that will have invested more than 40 per cent. of its assets in securities of the Issuer subsequent to any purchase of the Notes.

Restrictions on Non-exempt offers of Notes in relevant Member States

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to as a “**Non-exempt Offer**”. Save as provided above, none of the Issuer, the Guarantor or any Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Any Non-exempt Offer made without the consent of the Issuer is unauthorised and none of the Issuer, the Guarantor or, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person who is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-exempt Offer and, if so, who that person is. Non-Exempt Offers: Issue Price and Offer Price

Notes to be offered pursuant to a Non-Exempt Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer at the time of the relevant Non-Exempt Offer and will depend, amongst other things, on prevailing market conditions at that time. The offer price at which the Authorised Offeror will offer such Notes to the Investor will be the Issue Price or (where agreed with the relevant Dealer) such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Notes to such Investor. Neither the Issuer nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Notes to such Investor.

An S&P Global negative outlook means that a rating may be lowered. (Source: https://www.standardandpoors.com/en_US/web/guest/article/-/view/sourceId/504352)

Moody's

Obligations rated "A" are considered upper-medium-grade and are subject to low credit risk. (Source: https://www.moody's.com/Pages/amr002002.aspx?stop_mobi=yes)

Fitch

"A" ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong.
